### Chapter 5221

After the two left, they did not go far, but lurked outside the Chilian Sect, waiting for the leader of the Chilian Sect to come out.

They knew that perhaps only from the mouth of the Chilian Sect leader could they find out more about the genocide incident.

As time went by, the Chilian Sect's vigilance became more and more strict, and it was obviously preparing for revenge. Chen

Ping and Hu Mazi lurked patiently, observing the movements of the Chilian Sect.

On this day, a strong breath suddenly came from the Chilian Sect, and the entire Shepan Mountain was shaken.

"The leader of the Chi Lian Sect has come out of retreat!" Hu Mazi's eyes flashed with excitement, "Our chance has come!"

David nodded, his eyes flashed with a solemnity: "The leader of the Chi Lian Sect has broken through to the fourth level of the Earthly Immortal Realm, and his strength is stronger than before. We must be more careful."

The two quietly sneaked into the Chi Lian Sect and moved in the direction where the breath came from.

The retreat of the leader of the Chi Lian Sect is on the top of the Shepan Mountain. There is a huge palace there. The roof of the palace is red, shaped like a huge red snake, exuding a strange breath.

The palace is heavily guarded and full of various prohibitions and poisonous snakes. It is not easy to get close.

"How do we get in?"

Hu Mazi looked at the guards and prohibitions around the palace, frowning.

"It's definitely not possible to break in by force. We have to think of a way." David said, "I'll distract the guards, and you take the opportunity to sneak into the palace and get information."

“No!”

Hu Mazi said hurriedly, “The leader of the Chi Lian Sect is too strong. It’s too dangerous for you to distract the guards by yourself!”

“This is the only way at the moment.”

David said, “Don’t worry, I have a way to get out. Remember, once you get the news, leave immediately and don’t fight.”

Hu Mazi wanted to say something else, but seeing David’s firm eyes, he finally nodded: “You must be careful!”

David patted Hu Mazi’s shoulder, then took a deep breath, circulated his spiritual power, and rushed towards the guards around the palace.

“There is an intruder!”

The guards immediately found David, sounded an alarm, and surrounded David.

David held the Dragon Slaying Sword, as if he was in an empty space. The golden sword energy swept out and instantly knocked several guards away.

His goal was very clear, which was to attract the attention of all the guards and create opportunities for Hu Mazi.

Inside the palace, a woman in a red robe was sitting on the throne, feeling the movement outside, and a sneer appeared at the corner of her mouth: “Someone dared to break into my Chi Lian Gate, he really doesn’t know how to live or die.”

The woman had a beautiful face, fair skin, but a cold look in her eyes. She was the leader of the Chi Lian Gate, the Chi Lian Fairy.

She slowly stood up and walked out of the palace, wanting to see who was so bold.

At the moment when the Red Snake Fairy walked out of the palace, Hu Mazi took the opportunity to sneak into the palace.

He knew that time was running out, so he immediately searched the palace, hoping to find some records about the genocide incident that year.

The palace was luxuriously decorated, with all kinds of precious treasures placed everywhere, but Hu Mazi didn’t pay attention to these. His eyes swept over the ancient books and files on the bookshelf.

Soon, he found a secret room in a hidden corner.

The door of the secret room was made of a special jade stone, engraved with complex runes, emitting a faint light.

Hu Mazi knew that there must be an important secret hidden in it. He tried to crack the runes on the door of the secret room according to the method passed down by his ancestors.

However, just when he was about to crack it successfully, a cold voice suddenly sounded behind him: "What are you looking for?"

Hu Mazi was startled and turned around suddenly, only to see that the Red Snake Fairy had appeared behind him at some point, looking at him with a pair of cold eyes.

## Chapter 5222

"You... why did you come back?"

Hu Mazi was so scared that he stepped back and clenched the clan leader token in his hand.

"You think you can lead me away?" The Red-Lian Fairy sneered, "A small cultivator from the Sanxian realm dares to show off his skills in front of me."

Her eyes fell on the clan leader token in Hu Mazi's hand, and a hint of surprise flashed in her eyes: "This token... Are you from the Hu family?"

Hu Mazi's heart sank. He didn't expect that the Red-Lian Fairy actually knew the clan leader token. It seems that she is also related to the genocide of the year.

"So what?"

Hu Mazi pretended to be calm and said, "I am here today to avenge my Hu family!"

"Revenge? Just you?"

The Red Snake Fairy sneered, "I was also involved in the destruction of your Hu family. How do you want to take revenge?"

Hearing this, Hu Mazi was furious and rushed towards the Red Snake Fairy: "I will kill you!"

However, his strength was far inferior to that of the Red Snake Fairy. As soon as he rushed in front of the Red Snake Fairy, he was blown away by a powerful force, spitting blood and falling to the ground.

The Red Snake Fairy has now broken through the third level of the Earthly Immortal Realm and reached the fourth level of the Earthly Immortal Realm. Hu Mazi is no match for her.

The Red Snake Fairy walked towards Hu Mazi step by step, with a trace of cruelty in her eyes: "Since you came to me on your own, don't blame me for being cruel."

At this critical moment, there was a sudden loud explosion outside the palace, followed by a familiar voice: "Master Hu, go!"

Hu Mazi knew that David came to save him, he stood up and fled out of the palace.

The Red Snake Fairy looked at Hu Mazi's fleeing back, with a trace of anger in her eyes, and wanted to chase him, but was entangled by the explosions and shouts outside and couldn't get away. Hu Mazi

escaped from the palace and saw that David was being besieged by a group of masters of the Red Snake Sect. He had several wounds on his body, and it was obvious that the battle was extremely difficult.

"David!"

Hu Mazi shouted and wanted to help.

"Don't come over! Go!"

David shouted at Hu Mazi, and at the same time burst out a powerful force, forcing back the enemies around him, "I'll be there soon!"

Hu Mazi knew that he couldn't help if he stayed, but would drag David down. He gritted his teeth and turned to flee outside Shepan Mountain.

The Red Snake Fairy got rid of the entanglement outside. Seeing Hu Mazi running away, a trace of anger flashed in her eyes. She shouted to the masters of the Red Snake Sect: "Stop him! Don't let him run away!"

The masters of the Red Snake Sect immediately chased after Hu Mazi.

David looked at Hu Mazi's running back and breathed a sigh of relief. He knew that his goal had been achieved.

He no longer wanted to fight, turned around and fled in another direction, leading away some of the masters of the Red Snake Sect.

A new chase was staged again in Shepan Mountain.

Hu Mazi tried his best to run in the dense forest, and the masters of the Red Snake Sect behind him chased closely.

These snake demons were extremely fast, moving freely through the forest, getting closer and closer.

There was little spiritual power left in his body, and the internal organs that the Red Snake Fairy injured just now were in great pain, and every breath was filled with the smell of blood. But he didn't dare to stop, he knew that if he was caught up, the consequences would be disastrous.

"Bang!"

Hu Mazi stumbled and fell to the ground, and the clan leader token in his hand flew out and landed in the grass not far away.

Seeing this, the masters of the Red Snake Sect behind him showed excited smiles on their faces and quickly surrounded him.

"Run! You run!"

The leading snake demon sneered, pointing the long sword in his hand at Hu Mazi's throat, "I didn't expect that the remnants of the Hu family are still alive, it's really God's will."

Hu Mazi struggled to stand up, but was stepped on the chest by the snake demon, unable to move.

## Chapter 5223

He looked at the ferocious snake demons around him, and a trace of despair flashed in his eyes. Was he going to die here today?

At this moment, there was a sudden movement in the bushes, and the clan leader's token emitted a dazzling white light, covering the surrounding snake demons.

When the snake demons came into contact with the white light, they screamed and bursts of black smoke came out of their bodies, obviously in great pain. The snake demon who stepped on Hu Mazi's chest was no exception, and he stepped back a few steps with a scream. Hu

Mazi took the opportunity to struggle to stand up, picked up the clan leader's token, and looked at it in surprise.

He didn't expect that the clan leader's token had such power that it could restrain the snake demon.

"What the hell is this?"

The leading snake demon looked at the clan leader's token, and a trace of fear flashed in his eyes. "Come on together, I don't believe we can't deal with him!"

The snake demons endured the pain brought by the white light and surrounded Hu Mazi again.

Hu Mazi held the clan leader's token tightly and injected the remaining spiritual power in his body into it. The white light became more dazzling, forming a solid barrier to block the snake demons outside.

But his spiritual power was too little, the brightness of the white light was gradually weakening, and cracks began to appear in the barrier.

"Hahaha... He can't hold on any longer!"

Seeing this, the snake demons became more excited and attacked more and more fiercely.

At the moment when the barrier was about to break, a golden sword energy came like a fairy from the sky, instantly knocking several snake demons away.

"David!" Hu Mazi shouted in surprise.

David's figure appeared in front of him, holding the Dragon Slaying Sword, blocking him.

"I'm late."

"Why are you back?" Hu Mazi asked in surprise. He thought David had escaped.

"I said, we came out together, and we will go back together." David smiled slightly, "Leave these minions to me, you recover first."

As soon as he finished speaking, he rushed towards the snake demons with the Dragon Slaying Sword in his hand.

The golden sword energy fell like a violent storm, and the snake demons were no match at all, and they fell down screaming.

Seeing this, the leading snake demon was so scared that his soul flew away, and he turned around and was about to escape.

How could David give him a chance? He flashed and caught up with him in an instant, and swung the Dragon Slaying Sword to kill him.

After dealing with all the snake demons, David walked to Hu Mazi and handed him a healing pill: "How is it? Can you still walk?"

Hu Mazi swallowed the pill and nodded: "Not bad."

"We have to leave Shepan Mountain as soon as possible, and the Red Snake Fairy will catch up soon," David said.

The two supported each other and fled to the outside of Shepan Mountain.

As David expected, the Red Snake Fairy soon learned that her men had been killed, and she was furious. She personally led a large number of masters to chase them out.

"Search! Even if we have to dig three feet deep, we must find them!"

The voice of the Red Snake Fairy echoed in Shepan Mountain, full of anger.

David and Hu Mazi were running hard in the dense forest. The pursuers behind them were getting closer and closer. The breath of the Red Snake Fairy was chasing them like a maggot on the tarsal bone.

"This is not a solution. Sooner or later, we will be caught up."

Hu Mazi panted and said, "The strength of the Red Snake Fairy is too strong. We are not her opponent at all."

David frowned. He knew that Hu Mazi was right, but he couldn't think of a better way for a while.

At this moment, a swamp suddenly appeared in front of them. Black bubbles were coming out of the swamp, emitting a pungent stench, and it looked hazardous.

"This is... Rotten Bone Swamp!" Hu Mazi recognized the swamp. "According to ancient records, the Rotten Bone Swamp is full of poisons and traps. Once you fall into it, you

will be corroded into a pile of bones. Even the earthly immortals dare not approach it easily.”

David looked at the pursuers getting closer and closer behind him, and a trace of determination flashed in his eyes: “Let’s go this way!”

## Chapter 5224

“Can we walk?” Hu Mazi was shocked.

“If we don’t walk, we will die. Let’s give it a try...” David said, and walked towards the swamp with Hu Mazi!

The black mud of the Rotten Bone Swamp gurgled under his feet. The sticky mud was like countless cold hands, trying to drag the creatures that stepped into it into the abyss.Chen

Ping grabbed Hu Mazi’s arm with one hand, and wielded the Dragon Slashing Sword with the other hand to chop the poisonous swamp vines that rushed towards him. The golden sword energy left a series of residual images in the dark swamp.

“Watch your feet!”

David suddenly shouted, dragging Hu Mazi to the left.

The place where the two had just stood collapsed instantly, and several rows of sharp white bones surged out of the black mud. If they were half a minute slower, they would have been pierced through the chest at this moment.

Hu Mazi was panting in shock. The wound on his chest split open again due to the intense exercise. Blood dripped into the mud, instantly attracting a group of black insects the size of a fingernail.

The insects gnawed the blood at a speed visible to the naked eye, and even the surrounding mud was gnawed into small pits.

“This damn place is too weird!”

Hu Mazi wiped the mud off his face and cried, “The Red Snake Fairy and the others won’t chase us in, right?”

Before he finished speaking, the Red Snake Fairy's cold scolding came from behind: "A bunch of trash! Can't even stop two seriously injured people? Chase them! They can't run far!"

David looked back and saw dozens of shadowy figures standing at the edge of the swamp. The red robe of the Red Snake Fairy was particularly eye-catching in the dim light.

His heart sank. He didn't expect that the other party would dare to set foot in the Rotten Bone Swamp.

"Looks like we have to go deeper."

David gritted his teeth, took out the only two remaining anti-poison pills from his storage bag, and stuffed one into Hu Mazi's mouth, "Put it in your mouth, it can resist some of the poison gas."

David is immune to all poisons, so he doesn't need any anti-poison pills.

The two of them trudged through the swamp, one foot deep and one foot shallow. The deeper they went, the stronger the smelly poison gas became, and even the anti-poison pills could not completely resist it.

David felt a sharp pain in his sea of consciousness, and the operation of the Condensation Heart Technique in his body began to stagnate. The cultivation of the sixth level of the Sanxian Realm could only exert 80% of its power in such a harsh environment.

Suddenly, a large piece of lavender bubbles emerged from the mud in front, and a more refined toxin spread.

Hu Mazi took a breath, and his face suddenly turned purple. He coughed and knelt in the mud.

"Master Hu!"

David turned around and helped him up, but found that Hu Mazi's lips had begun to fester.

He was anxious and was about to send spiritual power to rescue him. He glimpsed something flashing in the mud from the corner of his eye.

It was a snow-white lotus, growing on a black rock exposed in the mud.

A faint white light lingered around the lotus, isolating the surrounding poisonous gas, and even the black insects that gnawed flesh and blood did not dare to approach.

“Is that... the Pure World Green Lotus?”

David’s mind flashed through the records in ancient books. This strange flower is said to be able to purify all poisons in the world and has a miraculous effect on practitioners breaking through the realm.

He didn’t have time to think about it. He carried Hu Mazi on his back and waded through the mud, carefully picking the green lotus.

The green lotus was warm to the touch, and the moment it touched it, the surrounding poisonous gas quickly dissipated as if it had encountered a nemesis.

David tore off half of the green lotus petals and stuffed them into Hu Mazi’s mouth, and chewed the other half and swallowed it himself.

A stream of cool air slid down his throat into his dantian, and the originally stagnant spiritual power instantly became active.

David felt that the tingling sensation in his sea of consciousness disappeared, and every pore in his body was greedily absorbing the pure energy emitted by the green lotus.

What surprised him even more was that the bottleneck of the sixth level of the Sanxian Realm that had troubled him for a long time actually began to loosen at this moment!

“Boom boom boom...”

## Chapter 5225

David’s body roared like thunder, and the barrier of the sixth level of the scattered fairyland was like a dam hit by a flood, with cracks appearing one after another.

He hurriedly sat down cross-legged, guiding this sudden energy to impact the realm.Hu

Mazi also recovered under the effect of Qinglian, looking at the golden halo surrounding David, his eyes were full of shock: “This... Is this going to break through?”

At this time, the Red Snake Fairy arrived with the pursuers. Seeing that David was breaking through the realm, she showed a ferocious smile on her face: “God really helps me! Let you two be buried in this rotten bone swamp today!”

Several red whip shadows whipped towards David like poisonous snakes, and Hu Mazi pounced without thinking and blocked David with his body.

At the moment when the whip shadow was about to hit him, David suddenly opened his eyes, and the momentum of the seventh level of the scattered fairyland burst out like a tsunami!

“Get out!”

David shouted angrily, and the golden sword energy formed a circular barrier, shattering all the whip shadows of the Red Snake Fairy.

He flashed and appeared in front of the Red Snake Fairy, and the Dragon Slashing Sword pierced her heart with the power of breaking through the void.

The Red Snake Fairy was shocked. She didn't expect David to break through the realm in such an environment, and his strength improved so quickly.

In a hurry, she could only use her life magic weapon, the Red Snake Shield to resist, but she was shocked by the sword energy and retreated repeatedly, with blood flowing from the corner of her mouth.

“You... How could your realm be improved so quickly?” The Red Snake Fairy was shocked and angry.

Who breaks through the realm at this speed?

Even if it is a breakthrough in a small realm, it takes time and enough safe space.

David actually broke through in the blink of an eye in such an environment. It's too outrageous.

David didn't answer, just looked at her coldly.

The strength of the seventh rank of the Sanxian Realm gave him more confidence. The spiritual power in his body circulated freely, and the energy of the Pure World Green Lotus continued to nourish his meridians.

He could feel that his current strength was enough to compete with the fourth rank cultivator of the Dixian Realm.

“This is a difficult idea, retreat!”

The Red-Lian Fairy knew that it was impossible to do anything, so she immediately ordered a retreat.

She looked at David unwillingly, turned around and disappeared into the depths of the swamp with her men.

Seeing the pursuers leave, David breathed a sigh of relief and sat down on the black rock.

Hu Mazi hurried forward to support him: "Are you okay?"

"It's okay."

David smiled and shook his head, feeling the surging power in his body, "Thanks to this Pure World Green Lotus, it not only detoxifies, but also helps me break through the realm."

He stood up and looked deeper into the swamp: "It's not advisable to stay here for a long time. Let's pass through the Rotten Bone Swamp as soon as possible."

After resting for a while, the two continued on their way. With the energy blessing of the Pure World Green Lotus, they moved much faster in the swamp.

On the way, they encountered several dangerous traps and poisons, but they were all saved by David's strength.

After several hours, David and Hu Mazi finally saw the exit of the Rotten Bone Swamp.

It was a dense forest. Unlike the eerie and scary swamp, it was sunny and full of life.

"We're out!" Hu Mazi shouted excitedly and ran towards the forest.

David also breathed a sigh of relief and was about to catch up, but he noticed that something seemed to be glittering in the mud at the edge of the Rotten Bone Swamp.

He walked over curiously and found that it was a palm-sized black token with a strange skull pattern engraved on it.

"Is this... the token of the Evil Dao Hall?"

David frowned. He had seen similar tokens when he was in the Third Heaven. Could it be that someone from the Evil Dao Hall had also been here?

He put the token away, and a trace of uneasiness rose in his heart.

It was unknown whether the demise of the Hu family was related to the Evil Dao Hall, and this matter seemed to be more complicated than he had imagined.
