Full Read Online **Chapter 5371** of the novel **A Man Like None Other**

## Chapter 5371

In the inner hall of the imperial palace, Wu Hao listened to Zi Yuan's detailed report. The jade cup in his hand shook slightly, his eyes filled with shock. "Golden Dragon Bloodline? David actually has such a background? I originally thought he was just a casual cultivator with outstanding strength, but I didn't expect he had such a profound foundation!"

Zi Yuan bowed and replied, "Your Majesty, Fellow Daoist David not only has a noble bloodline, but also unfathomable strength."

Even after Commander Ao Lie transformed into a dragon and attacked with all his strength, he was still defeated by his chaotic power. His true combat power is probably at the peak of the ninth level of the Earthly Immortal Realm, and may even be at the threshold of the Human Immortal Realm."

Wu Hao suddenly stood up and paced the hall, his face unable to conceal his excitement. "May God help my Divine Kingdom! With David's help, we won't have to worry about finding the Thunder Sound Bell or resolving the crisis of the Demonic Soul!" He

paused, his expression growing serious. "Ziyuan, immediately invite Fellow Daoist David to the palace. I have something important to discuss with him."

Also, pass on the order to suppress the news that David possesses the Golden Dragon bloodline and only communicate it to core members.

The Divine Kingdom is currently facing internal and external troubles. If the news spreads too widely, it could cause unnecessary trouble, especially for those at the Divine Temple and the Prime Minister."

"I obey your command." Ziyuan accepted the order and withdrew.

Soon, David followed Ziyuan to the inner hall of the palace.

Wu Hao personally stood up to greet him, his attitude was even more respectful than before: "Fellow Daoist Chen, I didn't know you had the blood of the Golden Dragon before, I'm sorry for the neglect."

“Your Majesty is too polite.” David bowed in return, “Bloodline is just an innate gift. True strength needs to be honed after birth.”

Wu Hao was even more impressed when he heard this, and hurriedly asked David to take a seat. He ordered someone to serve fairy tea, and then slowly said: “Fellow Daoist Chen, I asked you to come here today because I want to formally entrust the investigation of the Leiyin Bell to you. Now, inside and outside the Divine Capital, you are the only one capable of taking on this important task.”

“If the demon soul of the Leiyin Temple breaks through the suppression, I am afraid that my Divine Kingdom will suffer as well. By then, the demon soul suppressed by my Divine Kingdom will probably break the taboo.”

He paused, then pulled out a jade token inscribed with divine patterns from his bosom and handed it to David. “This is the Divine Kingdom’s ‘Exploration Jade Token.’ Holding this token, you can mobilize the Divine Kingdom’s secret agents and access confidential files within and outside the Divine Capital. Zi

Yuan will assist you in the investigation. As for the Imperial Guards, Ao Lie is convinced by you and can be deployed at any time.”

David took the token, feeling its warmth in his hand. The divine patterns on the token shimmered faintly, clearly revealing it to be an extraordinary magical instrument.

He hadn’t imagined that the Divine Kingdom’s ruler would trust him so much, allowing him to mobilize the entire Divine Kingdom’s forces.

David nodded and said, “Don’t worry, your Majesty, I will do my best to retrieve the Thunder Sound Bell. I just don’t know how many clues the Kingdom of God has about the collusion between the Evil Way Palace and the Sixth Palace Master of the Temple of God?”

“Not many clues.”

Wu Hao sighed, his expression solemn. “The Evil Way Palace acts in secret. The secret agents of the Kingdom of God have investigated many times, but they have only touched the surface. Even the location of their headquarters cannot be determined.

As for the Sixth Palace Master of the Temple of God, although there are rumors that he has close contacts with the Evil Way Palace, there is a lack of substantial evidence. The Temple of God has a huge influence in the God Clan. If there is no solid evidence, rashly touching him may trigger a conflict between the Kingdom of God and the Temple of God.”

“I understand.”

David pondered, "Then our first step is to start from the inside of the Capital of God. The theft of the Thunder Sound Bell is a secret. Not many people know about it. Maybe we can find a breakthrough from the top of the Kingdom of God. In addition, I wonder what the character of the Prime Minister mentioned by the King is like?"

Wu Hao heard the "Prime Minister" He frowned slightly as he read the last two characters. "The Prime Minister's name is Liu Kun. He has served the late Emperor for many years and single-handedly controls the Divine Kingdom's 'National Guard Legion,' which boasts over ten thousand soldiers and is formidable.

He appears to be utterly loyal to the Divine Kingdom, but I cannot guarantee your complete trust in him. Liu Kun is extremely power-hungry and has amassed a deep and complex network of influence over the years, having amassed a deep and complex network of influence. If you encounter any of his men during your investigation, be wary."
