### Chapter 5431

David released his demonic energy, disguising himself as a demon cultivator, and led Wu Hao and Ling Yue toward the city gate.

The demon cultivators at the gate carefully examined them. Seeing they were surrounded by demonic energy, they allowed them in without further questioning.

Upon entering the city, the scene before them was even more bleak than outside. The streets were deserted, with the occasional demon cultivator sauntering by with a show of force. Roadside shops were shuttered, some with their windows smashed and their contents looted.

They moved cautiously along the streets and soon arrived at a massive palace. This palace had once been the city lord's residence, now occupied by members of the Evil Dao Hall.

Outside, security was tight, with dozens of demon cultivators, wielding demon blades, watching vigilantly.

"Those captured monks should be imprisoned in there."

David whispered, a gleam in his eyes.

At this moment, a demon cultivator walked out of the palace, holding a list in his hand, and said to the guard at the door: "By order of the Lord, bring the monks captured today to the altar in the backyard for sacrifice!"

The guards took the order and immediately walked towards the direction where the monks were imprisoned.

David and the other two looked at each other and quietly followed.

They followed the guards to a dungeon, from which came the cries and curses of the monks.

The guards opened the door of the dungeon, drove all the monks out, and walked towards the backyard.

David and the other two mixed in with the guards, carefully observing the surrounding environment.

In the center of the backyard was a huge altar, engraved with strange runes, the runes flashing with black light, and the air was filled with an evil aura.

Several monks from the Evil Path Hall stood around the altar, magical instruments in hand, muttering to themselves as if preparing for some ritual.

“Oh no! They’re about to begin the sacrifice!”

Wu Hao whispered, his eyes filled with anxiety.

David took a deep breath, winked at Ling Yue and Wu Hao, and the three of them attacked simultaneously.

Golden sword energy, purple spiritual power, and white light instantly assaulted the surrounding Evil Path Hall monks.

The demonic cultivators were caught off guard and were instantly struck down.

Upon seeing this, the monks surrounding the altar swarmed towards the three men, a black demonic energy surging like a tide.

“Quick, take the monks away!”

David shouted to the monks in the dungeon while fending off the demonic cultivators’ attacks.

Seeing this, the monks fled towards the city.

A demonic cultivator general, catching sight of this, flew into a rage. He wielded a black spear and attacked David, “You dare to ruin my plan? You’re courting death!”

A massive demonic energy emanated from the black spear and blasted towards David.

David, fearing no complacency, unleashed the full force of his dragon bloodline, creating a protective shield of golden spiritual energy. With

a resounding boom, the demonic energy and spiritual energy collided, creating a massive shockwave that caused the surrounding ground to collapse.

Ling Yue and Wu Hao rushed forward to assist David.

“Take your men away and deal with this little trash. No need for help!”

David asked Ling Yue and Wu Hao to take the cultivators away.

Ling Yue and Wu Hao looked at each other, then took the cultivators away.

David is now a second-grade Earth Immortal Realm cultivator, so it should be no problem for him to deal with a ninth-grade Earth Immortal Realm demon general.

“You, a mere second-grade Earth Immortal Realm

cultivator, dare to be so arrogant?” The demon general attacked with a spear in hand.

“Little trash...” David’s eyes were full of disdain!

He swung the Dragon Slaying Sword in his hand, and the demon general only felt a gust of wind roaring. His body instantly retreated a hundred feet, and blood was flowing from his mouth and nose.

“You...”

The demon general was very shocked. He didn’t expect David to be so powerful.

## Chapter 5432

“Boy, you’ve got guts! Wait till the Lord kills you!”

The demon general said, glaring at David and turning to flee.

“You want to leave? Not so easy!”

David’s eyes flashed with ruthlessness. He channeled all his spiritual energy into the Dragon Slaying Sword, and the golden sword energy, like a mighty dragon, pursued the demon general.

Hearing the movement behind him, the demon general tried to dodge, but it was too late. The sword energy pierced through him.

With a scream of unwillingness, he fell heavily to the ground, his breath gradually fading.

After defeating the demon general, David immediately headed out of the city. By

then, the demon cultivators within the city had been decimated by Ling Yue, Wu Hao, and the disciples of the Medicine King Sect. The surviving cultivators gathered around him, offering their thanks.

David looked at the surviving monks, his heart filled with emotion. "Don't thank us! Protecting the Sixth Heaven is the responsibility of every one of us. The Sixth Heaven is now perilous. If you wish, join us in finding other companions and fighting the Soul Devourer together."

The monks nodded, knowing that only by uniting could they have a chance of survival and a chance of reclaiming the Sixth Heaven.

They continued on their journey, with more and more surviving monks joining them, and their group grew larger and larger.

But their mood didn't improve at all. With every step, they saw more devastation and felt more despair.

One day, they arrived at a valley that had once been the habitat of the Beast Tribe.

Now, the valley was in ruins, littered with the corpses of Beast Tribe monks, some disemboweled, others devoured to the bone.

After burying the bodies, they continued on their journey, searching for Taoist Wuji, Ziyuan, and the others.

Following their previously agreed-upon route, they traversed every corner of the Sixth Heaven, engaged in countless battles, slew countless demonic cultivators, and witnessed countless tragic scenes.

One day, they arrived at the foot of a snowy mountain, perpetually covered in snow and chilly.

The deeper they went, the colder the weather became, and the demonic energy in the air became much thinner.

After walking for about half an hour, they came upon a secluded cave. David signaled everyone to stop and cautiously approached the cave. As

he reached the entrance, he heard a familiar voice from within: "Master Hu, do you think David is in trouble? It's been so long, and there's still no news."

It was Ziyuan's voice. Knowing Hu Mazi was familiar with David, Ziyuan asked him.

During this time, Ziyuan had missed and worried about David day and night. After all, having been licked by David, she was his woman.

She had made up her mind: if David returned safely, she would give her body to him, letting him do whatever he wanted with her.

“I don’t think so. David is formidable, and he has dragon blood. He’ll be fine.”

David’s heart skipped a beat when he heard the two voices. They were Ziyuan and Hu Mazi’s voices!

He walked back into the cave: “Hu Mazi, Ziyuan, I’m back!”

The people inside heard the voices and turned their heads. When they saw David, their eyes filled with surprise.

Hu Mazi rushed forward first, hugging David. “David, you’re finally back! We thought something had happened to you!”

Zi Yuan also stepped forward, her eyes filled with excitement. “Great! I’m glad you’re okay?”

“I haven’t licked enough yet, how could I be?”

David whispered in Zi Yuan’s ear.

Zi Yuan blushed and said shyly, “As long as you’re alive, you can do whatever you want.”

At this time, Wu Hao, Ling Yue, and others also entered the cave.

“Lord, are you okay?”

Zi Yuan was very surprised to see Wu Hao.

She had thought Wu Hao had been killed by the Soul Devourer long ago.

## Chapter 5433

Wu Hao looked at Zi Yuan, a smile on his face. “I’m fine. Thanks to Sect Master Lingyue and Fellow Daoist Chen, I’m still alive.”

Taoist Wuji, seeing Wu Hao, quickly stepped forward and bowed to him, “Lord, I’m sorry for your hardship.”

Taoist Wuji knew that if Wu Hao hadn't led the Soul Devourer away, none of them would have escaped.

Afterward, everyone sat down in the cave, and Taoist Wuji recounted their experiences.

It turned out that since their last separation, they had taken some of the surviving cultivators into hiding deep within the snowy mountains. Here, the climate was cold, the demonic energy was thin, and demonic cultivators rarely patrolled.

Even so, they had been attacked several times by demonic cultivators, and many cultivators had perished, leaving only a handful left.

"Where's Ao Lie? Isn't he with you?" Wu Hao asked, his eyes filled with worry.

Zi Yuan sighed, a look of grief on her face. "Last time we were attacked by demonic cultivators, Commander Ao Lie led the Imperial Guards to cover our retreat, single-handedly fending off the demonic cultivators. In the end... he died."

Upon hearing this news, everyone fell silent, their eyes filled with grief.

Ao Lie, the commander of the Divine Kingdom's Imperial Guards, had dedicated his entire life to the Divine Kingdom, yet now he had met such a fate. It was truly a pity.

"Ao Lie is a hero of the Divine Kingdom. I will avenge him!"

Wu Hao said in a deep voice, his eyes filled with determination.

Everyone nodded, their anger intensifying.

Afterward, they gathered in the cave to discuss their next plan.

Now, they had gathered all the surviving cultivators they could find, but their number was only a few hundred, a stark contrast to the hundreds of thousands of demonic souls and cultivators under the Soul Devourer.

"The Soul Devourer has obtained the sacrificial manual and the assistance of 100,000 demon souls. His strength is unfathomable. We are no match for him."

A cultivator

said worriedly.

"Are we just going to watch helplessly as the Sixth Heaven is destroyed by the demonic cultivators?"

another cultivator's eyes were filled with despair.

Wu Hao looked at the crowd and said in a deep voice, "We can't give up. The Sixth Heaven is our home, and we must protect it.

Now, our only hope is to seek reinforcements from other worlds.

The Divine Temple is also composed of Divine Clan cultivators, belonging to the same Divine Clan as the cultivators of the Divine Kingdom. They can't stand by and watch the Divine Kingdom cultivators be slaughtered.

I have decided to take Fellow Daoist Chen to the Divine King Palace to find the Fourth Palace Master of the Divine Temple and ask her for help."

Upon hearing this, a glimmer of hope flashed in everyone's eyes.

The Divine Temple is powerful. If they can get their help, perhaps they can truly reverse the situation and defeat the Soul Devourer.

As soon as Wu Hao finished speaking, David stepped forward and said in a deep voice, "Lord, there is no need to trouble you to accompany us on this matter. The Sixth Heaven is now full of crises. You need to stay here to lead the surviving monks and hold on to the last hope. I can go to the Palace of the God King alone."

As soon as these words came out, the cave suddenly became quiet.

Zi Yuan was the first to panic. She stepped forward and grabbed David's sleeve, her eyes full of worry. "No! It's too dangerous for you to go alone. The Divine King Palace is in the Eighth Heaven, and you have to pass through the Void Passage. What if something unexpected happens to you with your strength?"

Ling Yue also frowned and echoed, "Fellow Daoist Chen, Zi Yuan is right. The Eighth Heaven, where the Divine King Palace is located, is separated from the Sixth Heaven by two realms. The Void Passage is already dangerous, and if you force your way through the realm barrier, the risk is too great. We can't let you take the risk alone."

David gently patted Zi Yuan's hand and said firmly, "I know this journey is dangerous, but precisely because of the danger, I can't let more people follow me.

If you stay here, you can protect the surviving cultivators and keep an eye on the movements of the Soul Devourer. If I can successfully call for reinforcements, we can cooperate internally and externally."

## Chapter 5434

He paused and looked at Wu Hao. "Lord, opening the passage to the Eighth Heaven will incur a backlash from the Heavenly Dao. What are the specific consequences?"

Wu Hao sighed and explained solemnly, "The barriers between realms are protected by the laws of the Heavenly Dao. Especially when moving from a lower realm to a higher realm, the suppression of the laws is even stronger.

With your current cultivation level of the Second Stage of the Earthly Immortal Realm, to forcibly open the passage from the Sixth Heaven to the Eighth Heaven, you must first fight against the power of the laws of the two realms. Once the

backlash from the Heavenly Dao is triggered, at best, your meridians will be severed and your cultivation will be completely wasted. At worst, your soul will be completely annihilated, leaving you without even the chance of reincarnation."

"Even so, I must go."

David didn't hesitate at all. The Dragon Slaying Sword in his hand trembled slightly, as if echoing his determination. "There is no time left in the Sixth Heaven. If we delay for one more day, more cultivators will die at the hands of the evil cultivators. The revenge of Commander Ao Lie and those dead cultivators are waiting for us to avenge. I can afford this risk."

Wu Hao looked at the determination in David's eyes and knew that he had made up his mind and it was useless to persuade him.

He was silent for a moment, then slowly spoke: "Since you have made up your mind, I will not stop you. But breaking through the boundary by force is definitely not something you can do alone. Sect Master Lingyue, Taoist Wuji and I will join forces to help you stabilize the passage and share some of the pressure of the laws, which may reduce the power of the backlash of the Heavenly Dao."

Lingyue and Taoist Wuji nodded immediately: "We will help together. Even if we have to do our best, we must ensure that you enter the Eighth Heaven safely."

Zi Yuan bit her lip, took out a small jade bottle from her arms, and handed it to David: "This contains the 'Concentration Pill' I refined. It can protect your soul when you encounter the backlash of the Heavenly Dao. Take it with you, and you may need it in case you encounter danger."

David took the jade bottle, held it tightly in his hand, and bowed deeply to everyone: "Thank you everyone, I, David, will remember this favor in my heart. When I come back with reinforcements, we will take back the Sixth Heaven together!"

Everyone said no more and began to prepare immediately.

Taoist Wuji took out a yellowed map of the boundary, spread it on the cave floor, pointed to a dark red line on it and said, "Starting from here, go to 'Meteorite Cliff' in the north of the Sixth Heaven. That's where the boundary barrier is weakest. Opening a passage here can reduce some of the resistance of the laws."

Wu Hao nodded: "Okay, let's set off for Meteorite Cliff now and try to be ready before dark."

The group packed up and set off for Meteorite Cliff.

Along the way, the traces of demon cultivators became fewer and fewer. After all, Meteorite Cliff is located in a remote area, with howling strong winds all year round, and few people would go there.

But even so, everyone was still cautious, fearing that they would encounter a patrol of demon cultivators.

In the evening, they finally arrived at Meteorite Cliff.

The scene here was extremely desolate, with the ground covered with bottomless cracks. Black strong winds roared out from the cracks, sweeping up gravel and making a piercing sound.

The sky was covered with dark clouds, and occasionally purple lightning flashed across the sky, looking particularly eerie.

"This is it."

Taoist Wuji stood at the edge of the cliff, pointing to the void ahead. "The boundary barrier is within that void. It's invisible to the naked eye, but the fluctuations of the laws can be felt."

Wu Hao took a deep breath and said to David, "Later, Sect Master Lingyue and I will release our spiritual energy to build a temporary spiritual barrier within the void to weaken the power of the laws.

Taoist Wuji will use magic to stabilize the barrier. You will take this opportunity to mobilize your spiritual energy and concentrate your efforts to tear open the passage.

Remember, once the passage is opened, you must enter immediately. You cannot stay, otherwise the backlash from the Heavenly Dao will become increasingly stronger."

David nodded, tightened his grip on the Dragon Slaying Sword, and began to mobilize his spiritual energy. Golden spiritual energy surrounded him, and the power of his dragon bloodline gradually awakened. A golden light flashed in his pupils.

## Chapter 5435

“Are you ready?”

Wu Hao looked at everyone, and seeing everyone nod, he shouted, “Begin!”

As soon as he finished speaking, Wu Hao and Ling Yue simultaneously unleashed their spiritual energy.

White and purple spiritual energy intertwined, forming a massive barrier that enveloped the void ahead.

The moment the barrier made contact with the void, a sizzling sound emanated, as if resisting an invisible force.

Taoist Wuji quickly drew his wooden sword and muttered something. A string of runes erupted from his mouth, merging into the spiritual barrier.

The barrier’s glow grew even brighter, and the surrounding fluctuations of the laws noticeably weakened.

“David, now!”

Wu Hao shouted.

Without hesitation, David channeled all his spiritual energy into the Dragon Slaying Sword.

Golden sword energy surged into the sky. He gripped the hilt with both hands and slashed fiercely at the void.

“Boom!”

With a resounding roar, the void seemed to rip open, revealing a pitch-black passageway before everyone.

The passageway was shrouded in purple lightning, emanating a terrifying aura of laws.

“Hurry in!”

Ling Yue shouted. She, Wu Hao, and Taoist Wuji’s faces had turned pale; maintaining the spiritual barrier had consumed a significant amount of their spiritual energy.

Without hesitation, David leaped into the pitch-black passageway.

The moment he entered, the spiritual barrier behind him suddenly shattered, and a terrifying force of laws swept through the passageway.

“Oh no! Heaven’s backlash is coming!”

Wu Hao was horrified and tried to rush forward to help, but was stopped by Taoist Wuji.

“It’s useless! This is Heaven’s punishment for those who break boundaries. Outsiders cannot intervene. He has to rely on himself,”

Taoist Wuji sighed, his eyes filled with worry.

Inside the passageway, David endured unprecedented pain.

The purple power of the Laws was like countless sharp blades, constantly slicing at his body and soul.

His skin was instantly lacerated with wounds, blood streaming down his body and dripping into the tunnel, instantly swallowed by the darkness.

“Ahhh!” Chen

Ping roared in agony, his meridians trembling violently, as if on the verge of breaking at any moment.

He could feel his cultivation rapidly draining, his soul steadily being eroded by the power of the Laws.

“I can’t... I can’t give up just like that...”

David gritted his teeth, remembering the plight of the Sixth Heaven, the sacrifice of Commander Ao Lie, and the hopes of Zi Yuan, Wu Hao, and the others.

He pulled the “Spirit Concentration Pill” Zi Yuan had given him from his bosom and stuffed it into his mouth.

The pill melted in his mouth, and a cooling energy instantly flowed through his body, protecting his soul and clearing his consciousness.

He endured the pain, channeling the remaining spiritual energy within him and simultaneously energizing the power of his dragon bloodline.

The golden power of his bloodline formed a weak shield around him. While it couldn't completely block the attack of the Law, it did alleviate some of the pain.

The Law's power within the tunnel grew stronger, and David's body was reduced to a bloody mess. He barely even had the strength to hold his sword.

His vision began to darken, and his consciousness gradually blurred, as if he would faint at any moment.

"The Palace of the Divine King... I must reach the Palace of the Divine King..."

David muttered silently, gathering his last ounce of strength and flying towards the end of the tunnel.

A faint glimmer of light appeared at the end of the tunnel, pointing towards the Eighth Heaven.

Just as he was about to reach the end of the tunnel, an even stronger Law's power suddenly struck, striking him hard in the chest.

"Puff!"

David spat out a mouthful of blood, and his body flew towards the end of the tunnel like a kite with its string cut.

His consciousness completely blurred, and he fell heavily onto the grass. The Dragon Slaying Sword slipped from his grasp, lodging in the dirt nearby.

An unknown amount of time passed before David slowly opened his eyes.

He found himself lying on an unfamiliar grassland. The sky was light blue and the air was filled with rich spiritual energy, which formed a sharp contrast with the demonic energy of the sixth heaven.
