Chapter 5446

Hu Mazi also displayed his immense strength at this moment. He continuously flung runes from his hands, each one releasing purple lightning, each capable of instantly killing a demon cultivator.

The battle intensified, both sides raging with bloodthirsty fury.

In the sky, the battle between the Divine Guards and the Demon Generals reached a fever pitch. Golden spiritual energy intertwined with black demonic energy, forming a brilliant streak of light. On the ground

, the corpses of the demon cultivators piled like a mountain, their blood staining the earth crimson, flowing into dark streams that flowed toward the low-lying areas.

Soul Devourer observed the scene before him, his heart filled with rage.

He hadn't expected the men Lingxi had brought to be so formidable. Not only were the Divine Guards capable of standing a chance against his Demon Generals, but even the golden-armored guards were a formidable presence.

Lingxi's green shirt rustled in the wind as she finally moved.

It was an indescribable attack, as if everything in the world had stopped the moment she moved.

A gentle wave of her pale cyan sleeves brought no earth-shattering sound, no dazzling radiance, but instead carried a chilling sense of oppression.

Soul Devourer's expression changed drastically, a fear he had never felt before.

This power surpassed his comprehension, even his understanding of strength.

He tried to escape, but found himself unable to move, as if bound by invisible shackles.

"Impossible! How could you be so strong!" Soul Devourer roared in terror, his voice thick with disbelief.

Lingxi's eyes remained cold, as if she were looking at an ant.

She slowly raised her right hand, and a tiny azure light gathered at her fingertips. That light seemed faint, yet it held the power to annihilate the world.

“Soul Devourer, your time has come.” Lingxi’s voice was calm, yet filled with undeniable authority. At this moment, the Soul Devourer suddenly erupted in a frenzied laugh: “Hahaha...”

Lingxi, do you think you can kill me like this? You’re so naive!” He whipped around and roared at the demon cultivators behind him: “All demon souls, listen up! All demon cultivators, listen up! Stop them!

Stop them with your lives! I want to penetrate the depths of the imperial palace and fully solidify my body!” Before he had finished speaking, a dense swarm of black demon souls suddenly emerged from the sky, their number reaching a staggering 200,000!

These demon souls let out shrill howls and pounced on Lingxi and the others like a dark cloud bearing down on a city. Simultaneously, tens of thousands of demon cultivators on the ground also roared and charged, their eyes gleaming with madness, clearly prepared for certain death.

Lingxi’s brow furrowed slightly; she hadn’t expected the Soul Devourer to be so mad. Two hundred thousand demon souls plus tens of thousands of demon cultivators wasn’t enough to threaten her, but breaking through these numerous obstacles would still take considerable time.

This time was enough for Soul Devourer to escape deeper into the palace and continue absorbing the souls of the dead to solidify his body. “No! We can’t let him escape!”

David shouted anxiously, his Dragon Slaying Sword humming. A flicker of determination flashed in Lingxi’s eyes. She addressed the Golden Armored Guards and the Four Directions Divine Guards behind her,

“You hold back these demon souls and demon cultivators. I’ll lead David and the others to pursue Soul Devourer!” “Yes! Fourth Palace Master!” the Golden Armored Guards and the Four Directions Divine Guards responded in unison, releasing powerful auras, preparing for a ferocious battle.

Lingxi turned and called to David, Wu Hao, Ling Yue, and Zi Yuan, “Follow me! We must stop Soul Devourer before he fully solidifies his body!” With that, Lingxi took the lead and flew towards the depths of the palace, followed closely by David and the others. However, they had barely gotten far when they were blocked by a dense swarm of demon souls.

Chapter 5447

These demonic spirits pounced like mad dogs, fearless of death or pain, only intent on attacking frantically.

“Kill!”

David roared, his Dragon Slaying Sword slashing a golden arc, instantly severing dozens of demonic spirits.

The golden sword energy swept through like fallen leaves in an autumn wind, and the demonic spirits screamed and turned to ash.

However, more demonic spirits surged forward; their numbers were simply too great.

Wu Hao also unleashed powerful spiritual power, the golden sword dancing in his hand, each swing slaying scores of demonic spirits.

However, the demonic spirits were simply too numerous. Two hundred thousand demonic spirits surged forward like a tide, endlessly slain and annihilated.

Ling Xi's brows furrowed deeper and deeper. She had never expected the Soul Devourer to resort to such despicable tactics.

While these demonic spirits were not particularly powerful, they were formidable in numbers, and their delaying tactics were clearly successful.

“This won't work! We must break through quickly!” Lingxi declared in a deep voice, a flicker of determination in her eyes.

She suddenly stopped, turned, and addressed the group, “Follow me, I'll clear the way!”

Before she had finished her words, a powerful aura erupted from Lingxi's body. Light cyan spiritual energy surged out like a tide, forming a vast cyan curtain of light.

Wherever the curtain passed, demonic spirits screamed and turned to ash. Even the stronger demon generals were unable to withstand this overwhelming force.

Lingxi led the charge, heading deeper into the palace, followed closely by David and the others. Protected by the cyan curtain of light, they pierced through the demonic spirits' obstruction like a sharp sword.

However, the demonic spirits refused to give up, charging frantically, attempting to halt Lingxi and the others' advance.

The battle intensified, the corpses of the demonic spirits piled up like a mountain, and their black blood dyed the ground red, forming streams of dark red that flowed toward the low-lying areas.

The air was thick with the stench of blood and demonic energy, making one nauseated. Ling Xi and the others finally rushed into the depths of the palace, but they saw no sign of the Soul Devourer. Deep within the palace, black energy swirled, like a vast black vortex.

The air was thick with the stench of blood and decay, making every breath nauseous. The once exquisite murals on the palace walls had long been corroded by the demonic energy, becoming blurred. Only black cracks remained, like hideous faces gazing at every intruder in the darkness. “Roar!”

A shrill roar echoed from the depths of the palace, followed by countless black soul threads attacking from all directions. Each soul thread carried a piercing chill and a powerful suction force, as if purging the very soul. “

Be careful!” Ling Xi shouted, and a dazzling azure spiritual light immediately erupted from her body, forming a solid barrier to keep the soul threads out. David, Wu Hao, and the others also unleashed their spiritual energy to resist the soul threads’ attacks.

Golden dragon might, white immortal energy, and purple lightning intertwined within the palace, forming a stark contrast to the black soul threads. “Hahaha... Lingxi, you think you can stop me like this?” Soul Devourer’s arrogant voice echoed from the depths of the palace, tinged with a hint of teasing.

“When I fully solidify my body and regain my peak strength, all of you will die!” Lingxi’s heart tightened. She could sense that Soul Devourer’s voice was clearer and more powerful than before. This meant that his body was solidifying at an extremely rapid rate. “Speed up!” Lingxi said solemnly, then increased her spiritual energy output. The cyan spiritual light grew even more dazzling, dispelling the surrounding soul threads one by one.

Chapter 5448

Everyone followed Ling Xi, cautiously advancing deeper into the palace.

With every step, they endured attacks from soul threads and the erosion of demonic energy, making the path forward extremely difficult.

Countless corpses of cultivators lay scattered on the palace grounds. Their faces were as pale as paper, their eyes wide open, and expressions of fear still lingered on their faces.

Clearly, they had all died after the Soul Devourer had extracted their souls.

Ling Yue gazed at the corpses, her eyes filled with pity and anger.

She had once been the royal physician of the Divine Kingdom, having dedicated her life to healing the wounded and the dying. Now, she could only watch helplessly as so many cultivators perished tragically at the hands of the demonic cultivators.

“These are all cultivators from our Divine Kingdom...”

Wu Hao’s voice trembled slightly. He recognized the attire of some of them. “They are all heroes who sacrificed their lives to protect the Divine Capital...”

David clenched the Dragon Slaying Sword in his hand, golden spiritual energy swirling around him, his eyes filled with murderous intent.

He remembered Commander Ao Lie’s sacrifice, and the cultivators slaughtered by the demonic cultivators in the small town, and his anger grew stronger.

“Soul Devourer, I will kill you!”

David muttered to himself, his steps becoming more resolute.

At this moment, a roar suddenly erupted from the depths of the palace, followed by a powerful aura emanating from within. The entire palace trembled violently, as if it would collapse at any moment.

“Not good!”

Ling Xi’s face changed. “His body solidification speed has accelerated!”

Everyone’s heart tightened, and they hurriedly quickened their pace, running towards the direction of the aura.

Turning a corner, they saw a scene that made everyone gasp.

In the deepest part of the palace, Soul Devourer hovered in mid-air, surrounded by countless black soul threads, connecting to thousands of surrounding black soul urns. Within the soul urn

, countless white soul lights were rapidly disappearing, evidently absorbed by the Soul Devourer.

The Soul Devourer's body had solidified by nearly 80%, its once ethereal and transparent form now clearly visible.

He wore a black robe, his face as pale as paper, his eyes sunken, his lips blood-red. He exuded a suffocating, sinister aura.

"Hahaha... I'm finally going to succeed!" The Soul Devourer laughed wildly, his voice filled with excitement and satisfaction. "It won't be long before I can fully solidify my physical body and restore my peak strength!"

Ling Xi looked at the Soul Devourer, her eyes filled with solemnity. She could sense that the Soul Devourer's strength had increased several times over.

"Everyone, be careful! His strength has increased several times!" Ling Xi said in a deep voice, the cyan spiritual light surrounding him becoming even more dazzling, as he was ready for battle.

David, Wu Hao, and the others also released their spiritual energy, looking at the Soul Devourer with solemn expressions.

They knew the upcoming battle would be tough.

"Lingxi, you've arrived just in time!" Soul Devourer slowly turned, his gaze fixed on Lingxi and the others, his eyes filled with disdain and murderous intent. "Since you're so determined to die, I'll grant your wish!"

Before he'd finished speaking, Soul Devourer flashed and instantly appeared before Lingxi. A black demonic light condensed in his hand and blasted towards her.

"Be careful!"

Lingxi shouted, quickly releasing cyan spiritual energy to block it.

"Bang!"

With a resounding roar, the cyan spiritual energy and the black demonic light collided, generating a massive shockwave.

Lingxi felt a surge of powerful force emanating from the demonic light, and she involuntarily took a few steps back, a trickle of blood escaping from the corner of her mouth.

"What?" Lingxi stared at Soul Devourer in shock, her eyes filled with disbelief. "You've become this powerful?"

Lingxi frowned, her expression grave. In just a short while, she'd already been wounded by Soul Devourer.

Soul Devourer wasn't fully solid yet. If he had, she'd likely be defeated in a single blow.

Chapter 5449

"Hahaha... Are you scared now?"

Soul Devourer let out a wild laugh. "It's too late!"

With that, he charged at Lingxi again, the demonic light in his hand growing even more intense.

Seeing this, Wu Hao, David, and the others hurried forward to help.

Golden spiritual energy, white immortal energy, and purple lightning intertwined within the palace, blasting towards Soul Devourer.

"With your limited strength, you think you can take on me?" Soul Devourer sneered, unleashing powerful demonic energy from his body, blocking all attacks.

"Boom!"

With a resounding roar, everyone's attacks were shattered by the demonic energy. They involuntarily took a few steps back, their faces turning pale.

"Puff!"

Lingxi spat out a mouthful of blood, her body teetering on the brink of collapse.

She hadn't expected the Soul Devourer to become so powerful. Even if they joined forces, they were no match.

"Hahaha... now you understand how powerful I am, right?" The Soul Devourer laughed wildly, his eyes filled with triumph and cruelty. "Lingxi, weren't you already so powerful? How come you can't even fight back now?"

Lingxi gritted her teeth, suppressing the pain within her body as she unleashed another burst of cyan spiritual energy, charging towards the Soul Devourer.

“You’re asking for death!” The Soul Devourer snorted coldly, condensing an even more powerful demonic light in his hand and blasting it towards Lingxi.

“Bang!”

With another loud bang, Lingxi’s body was struck by the demonic light and sent flying backwards like a kite with a broken string. She landed heavily on the ground, gushing out a mouthful of blood.

“Fourth Palace Master!” David shouted, trying to step forward to help, but was blocked by the demonic energy released by the Soul Devourer.

“Hahaha... now it’s your turn!” The Soul Devourer laughed wildly, his gaze fixed on David, Wu Hao, and the others, his eyes filled with murderous intent.

Everyone looked at Soul Devourer, their hearts filled with fear and helplessness.

They hadn’t expected that, seemingly on the verge of victory, they would be plunged into a desperate situation by the sudden surge in Soul Devourer’s power.

“What should we do? We’re no match for him!” Wu Hao’s voice trembled slightly. He could sense that Soul Devourer’s strength was greater than all of them combined.

Ling Yue watched Ling Xi collapse, gravely injured, her eyes filled with worry and helplessness.

She was the leader of the Medicine King Sect, a master of medicine, yet she was powerless to address the situation before her.

Zi Yuan gripped her sword tightly, her eyes filled with fear, yet she held her composure, refusing to retreat.

She knew now was not the time to be afraid; she must fight with everyone to the bitter end.

David looked at Soul Devourer, his heart filled with resentment and anger.

He remembered the tragic scene of the Sixth Heaven, the fallen cultivators and civilians, and the sacrifice of Commander Ao Lie.

“I can’t give up!”

David silently chanted in his heart. He gripped the Dragon Slaying Sword tightly in his hand. Golden spiritual energy enveloped him, and the power of his dragon bloodline began to awaken.

“Even if it means death, I will fight him!” David shouted, charging towards the Soul Devourer. The Dragon Slaying Sword in his hand slashed at him with devastating force.

“You fool!” The Soul Devourer snorted coldly, and with a flick of his hand, a black demonic light blasted towards David.

“Bang!”

With a loud bang, David’s body was struck by the demonic light and flew backward like a kite with a broken string. He fell heavily to the ground, spitting out a mouthful of blood.

The gap in strength between David and the Soul Devourer was too great, making him no match for him.

Even if David unleashed his dragon bloodline, he still couldn’t hurt the Soul Devourer.

With a gap of nearly two realms, no matter how talented David was, no matter how monstrous he was, it would be useless!

“David!” Zi Yuan shouted and wanted to go forward to check David’s injuries, but was instantly knocked away by the demonic energy released by the Soul Devourer.

Chapter 5450

“Hahaha...” Soul Devourer roared with laughter, his eyes filled with triumph and cruelty. “All of you will die! No one can stop me!”

Outside the palace, the cries of the demonic cultivators grew closer. Two hundred thousand demon souls, combined with tens of thousands of demonic cultivators, surged in like a tide, encircling the entire palace.

Black demonic energy soared into the sky, merging with the dark clouds above. The entire Divine Capital was enveloped in a gloomy and terrifying atmosphere.

“This is your fate!” Soul Devourer sneered. “Today, not only will you die, but everyone in the entire Sixth Heaven will die! No one can stop me!”

Everyone looked at Soul Devourer, their hearts filled with despair.

They knew that today they might truly die here, and that the Sixth Heaven might truly be doomed.

At that moment, Lingxi suddenly struggled to her feet. She wiped the blood from the corner of her mouth and looked at Soul Devourer with a stern gaze. "Soul Devourer, even if we die here today, you can't do as you please! One day, someone will come and deal with you!"

Soul Devourer's face was filled with disdain. "It's a pity you won't see that day!"

With that, Soul Devourer unleashed a powerful demonic energy, blasting towards Lingxi and the others.

The crowd watched the incoming demonic energy with despair.

The palace walls began to crack under the impact of the demonic energy, tiles fell from the roof, and the entire palace shook violently, as if it would collapse at any moment.

The demonic cultivators outside cheered, knowing that victory was within reach.

Inside the palace, Lingxi, David, Wu Hao, Lingyue, Ziyuan, and the others stood back to back, their faces etched with despair, but their eyes still shone with an unyielding light. The

course of events had unfolded beyond anyone's imagination.

"Boy, you're no match for that Soul Devourer. Let me take over. I might be able to hold out for a while. Tell the others to flee..." At this moment, the

Scarlet Cloud Demon Lord, who had long since vanished, suddenly spoke. David was overwhelmed with surprise upon hearing the Scarlet Cloud Demon Lord's voice.

"Senior, why haven't you said anything for a while? I can't find any trace of you in my sea of consciousness. What happened?" "Don't say anything. If I'm still alive, I'll explain.

First, give me control of your body," the Scarlet Cloud Demon Lord said anxiously. David nodded and quickly dispersed his spiritual consciousness, allowing the Scarlet Cloud Demon Lord in his sea of consciousness to control him.

As a black mist enveloped David, his entire demeanor changed. His eyes turned bloodshot, and a terrifying demonic aura erupted from him. Everyone was shocked by David's sudden transformation.

Only Hu Mazi knew that David was once again under the control of the Scarlet Cloud Demon Lord. Watching the demonic energy attacking from Soul Devourer, David swung the Dragon Slaying Sword, severing the demonic energy and vanishing without a trace.

Soul Devourer was stunned, then his eyes filled with surprise as he asked, "Chi Yun? You're still alive, old man?" "If you're not dead, why should I be?" David chuckled coldly. "Hahahaha..."

Even if you're not dead, you're just a wisp of soul, capable of inhabiting another's body. You dare to go against me?" "Even with your intact body, you wouldn't be my match back then.

Now that you're just a wisp of soul, you're even less of a match," Soul Devourer laughed heartily. They were all Ninth Heaven demon cultivators, and they knew each other. That's why Soul Devourer recognized Demon Lord Chi Yun the moment he took control of David's body.

"I don't need to be your opponent, I just need to entangle you..." With that, David charged forward, Dragon Slaying Sword in hand, shouting to Ling Xi and the others, "Hurry up and leave..."
