Chapter 5551

A blush crept across Lin Yoona's face, and she quickly said, "Fellow Daoist Hu, we...we were just discussing some things."

Her voice was weak and shy, trying to hide her embarrassment.

Hu Mazi laughed heartily, "I understand, I understand. You guys continue your discussion, I'll go out first."

With that, he turned and left.

Lin Yoona watched Hu Mazi's retreating figure, then looked helplessly at David and said, "I told you to be gentle last night, but you wouldn't listen. I'm still burning with pain, and Master Hu even laughed at me!"

David smiled slightly, "Don't mind him, that's just how he is. He was quite noisy last night too!"

Lin Yoona nodded, then said, "David, my father wants to see you."

"Oh? What does Patriarch Lin want with me?" David asked curiously.

"I don't know, but he said he has something important to discuss with you," Lin Yun'er said.

"Alright, let's go see." David nodded.

The two walked towards the Lin family head's room.

When David and Lin Yun'er arrived at the Lin family head's room, the Lin family head was sitting in a chair. Seeing David and Lin Yun'er arrive, he quickly got up.

"David, did you sleep well last night?"

the Lin family head asked.

“Not bad!” David nodded, then said, “I wonder what the Lin family head wants to see me about?”

The Lin family head glanced at Lin Yun’er: “Yun’er, go out for a moment and close the door.”

“Okay!” Lin Yun’er left the room and closed the door behind her.

The Lin family head waved his hand lightly, and an array sealed the entire room, so that his conversation with David would not be overheard by others.

“Fellow Daoist Chen, since you have already slept with my daughter, we are family now, and I won’t hide anything from you.”

“I want to control the entire Dongxiang County, and I hope you can help me,”

the Lin family head said.

“With the Lin family’s strength, surely they can control Dongxiang County?” David asked, somewhat puzzled.

“Of course not. The power dynamics in Dongxiang County are incredibly complex. If it weren’t for the Sixth Palace Master of the Divine Temple supporting the Princess, he wouldn’t have been able to become the ruler.” “

Now that the Princess is dead, many people are vying for control of Dongxiang County.”

“Since you had the ability to kill the Sixth Palace Master and Xue Wuying, you must possess absolute power,”

the Lin family head said.

David didn’t speak, but instead looked at the Lin family head and smiled. This smile looked somewhat eerie, making the Lin family head feel uneasy.

“Fellow Daoist Chen, what are you laughing at?”

the Lin family head asked.

“Lin family head, did you send your daughter to sleep with me just to get me to help you?”

David asked.

The Lin family head didn’t argue, but nodded and said, “That’s right. Only you can allow our Lin family to control Dongxiang County. Although you only appear to be at the sixth

level of the Earth Immortal Realm, your true strength is probably invincible in the Seventh Heaven.”

“It’s my daughter’s good fortune to have slept with you and become related to you, and it’s also my Lin family’s good fortune.”

“Just to control Dongxiang County, you’re willing to give up your daughter’s body? Is it worth it?” David was puzzled. Why did everyone value power so much, more than their daughter’s body?

“Of course it’s worth it. Besides, Yun’er likes you and wants to be your woman. I didn’t force her.”

“I heard her happy cries last night. You’re a good man.”

The Lin family head smiled slightly.

“Alright, since I’ve already had physical intimacy with your daughter, the Lin family’s affairs are my affairs. If you encounter any difficulties, you can come to me anytime!”

David finished speaking and turned to walk out of the room.

The Lin family head wanted to call David back so he could undo the formation himself.

But David simply opened the door and walked out, ignoring the array he had set up.

Chapter 5552

At this moment, the Lin family head was deeply shocked, and at the same time, grateful that the Lin family had befriended David.

“Father, David is gone. What did you say to him?”

Lin Yun’er, seeing David leave, went into the room and asked.

“Don’t ask. These next few days, just serve David. Give him whatever he wants, understand?”

the Lin family head instructed Lin Yun’er.

“I know, but he was too vigorous. I’m in a bit of pain and want to rest...” Lin Yun’er said.

“Nonsense! Even if it hurts, you have to persevere. Our Lin family will depend on him from now on,”

the Lin family head scolded.

Lin Yun'er could only nod. She knew that whether the Lin family could control Dongxiang County depended entirely on David.

After Lin Yun'er left, the Lin family head immediately dispatched people to summon the major powers of Dongxiang County to discuss the county's future development.

Now that the princess was dead, the county couldn't remain leaderless.

News of the Lin family head's summons spread like wildfire throughout the county, and various factions, each with their own agendas, attended the meeting.

On the day of the meeting, the Lin family's main hall was packed with people, representatives of various factions sitting or standing, creating a tense atmosphere.

The Lin family head sat in the main seat, his face slightly pale despite his recently returned spirit, but his eyes exuded an undeniable authority.

“I have summoned you all here today because Dongxiang County cannot be without a leader for even a day. With the princess gone, we must elect a virtuous and capable person to lead Dongxiang County to prosperity,” the Lin family head's voice boomed, echoing throughout the hall. However

, as soon as he finished speaking, a discordant chorus of sneers rang out.

Representatives from the Zhao, Qian, and Sun families stepped forward, their faces full of disdain.

Zhao Hu, the head of the Zhao family, was a burly man with a face full of scars. He roared, “Head of the Lin family, what qualifications does your Lin family have to lead the election of this princess? Are you trying to take advantage of this opportunity to control Dongxiang County and seize power for yourself?”

Qian Wanguan, the head of the Qian family, was thin, but his eyes were sinister. He shrilly echoed, “That's right, your Lin family only relies on that little bit of power to think you can be king and tyrant. Don't

you even know your own worth?” Sun Ba, the head of the Sun family, was arrogant. He crossed his arms and sneered, “Head of the Lin family, you've just recovered your soul. How much strength do you have left? Don't try to show off. Your Lin family has no right to covet this princess position!” Upon hearing this,

the head of the Lin family's expression changed slightly, but he still forced himself to remain calm. With a furious expression, he said, "My Lin family has served Dongxiang County wholeheartedly for many years. Now that the county princess is absent, it is only right for my Lin family to step forward and take charge.

If any of you have better candidates, please feel free to suggest them. As long as it is for the good of Dongxiang County, my Lin family will definitely support you."

Zhao Hu, however, did not buy it at all. He slammed his hand on the table and shouted, "Support? What do you have to support us with? Today, none of our three families will accept your Lin family's decision on the position of county princess! If you ask me, we should choose one from our Zhao, Qian, and Sun families!"

Qian Wanguan and Sun Ba also nodded in agreement. In an instant, arguments broke out in the hall, and the representatives of various forces split into several factions, accusing and insulting each other. The scene was briefly out of control.

Seeing this, the Lin family head was both anxious and furious. He was about to speak to stop him when Zhao Hu suddenly moved and charged towards him, shouting, "Lin family head, if you're not convinced, let me test your skills!"

The Lin family head hadn't expected Zhao Hu to attack so suddenly. He had only recently recovered his soul, and his strength hadn't fully returned; he had no time to dodge.

Just as Zhao Hu's fist was about to strike the Lin family head, a figure flashed like a ghost, instantly appearing in front of him and grabbing Zhao Hu's fist.

Everyone looked closely and saw it was David.

David's expression was calm, but his eyes held a chilling glint. With a light flick, Zhao Hu staggered back several steps.

Chapter 5553

"You...who are you?"

Zhao Hu steadied himself, staring wide-eyed at David, his face filled with astonishment.

David smiled slightly and said, "My name is David, son-in-law of the Lin family."

At this moment, Qian Wanguan and Sun Ba also gathered around. They sized David up and down, and seeing that he was only at the sixth rank of the Earth Immortal Realm, they burst into laughter.

“Hahaha, you, a mere sixth-rank Earth Immortal, dare to act so arrogantly here? You’re truly courting death!”

Qian Wanguan laughed so hard he almost fell over.

Sun Ba chimed in with a mocking laugh, “Kid, if you know what’s good for you, get out of here. Don’t embarrass yourself, or you won’t even know how you died!”

“Patriarch Lin, you wouldn’t offer your daughter up just to get this sixth-grade Earth Immortal to help your Lin family, would you?”

Zhao Hu laughed loudly.

David, however, remained unperturbed. He glanced at the three men indifferently and said, “The Zhao, Qian, and Sun families won’t survive tonight.”

Upon hearing this, the hall fell silent for a moment, then erupted in a burst of laughter.

“Hahaha, is this kid crazy? With his sixth-grade Earth Immortal strength, he thinks he can make our three families die before tonight? What a joke!”

Zhao Hu laughed until tears streamed down his face.

“That’s right, he doesn’t even know who he is, daring to spout such nonsense. We’ll see how we deal with him later!” Qian Wanguan said viciously.

Sun Ba, however, wore a disdainful expression. He waved his hand and said, “Alright, stop wasting time talking to this brat. Patriarch Lin, if you don’t give our three families a satisfactory explanation today, don’t even think about letting this meeting continue!”

Seeing things develop to this point, the Lin family head was secretly anxious. He knew David’s strength, but he also worried that David might act impulsively because of the three families’ ridicule. He

was about to speak to persuade David when he saw David nod to him, indicating that he shouldn’t worry.

“Since you don’t believe me, then just wait and see. However, I advise you to leave here now and go back to make proper arrangements for your affairs, otherwise you won’t have another chance later,”

David said coldly.

Upon hearing this, the heads of the Zhao, Qian, and Sun families became even more furious, and they all shouted that they wanted to teach David a lesson.

Just then, the Lin family head stepped forward and said loudly, "Gentlemen, let's end this here. We'll discuss the nomination of the princess another day. Please leave now."

Zhao Hu, however, refused to back down. He pointed at the Lin family head's nose and cursed, "Lin family head, you must give our three families an explanation today, or we will never let this go!"

David frowned, and was about to make another move when the Lin family head stopped him.

The Lin family head gave him a wink, then said to Zhao Hu, "Brother Zhao, our Lin family was negligent in today's matter. We will definitely come to apologize another day. We can discuss the nomination of the princess again, how about that?"

Seeing the Lin family head back down and David watching him menacingly, Zhao Hu, though unwilling, knew that continuing the commotion would not do him any good.

He snorted coldly and said, "Fine, then I'll give the Lin family a few days. If you still can't come up with a satisfactory plan, the Lin family will have no say in Dongxiang County!"

With that, Zhao Hu, along with Qian Wanguan, Sun Ba, and the people from the Zhao, Qian, and Sun families, stormed out of the Lin family hall. After

everyone left, the Lin family head breathed a sigh of relief. He looked at David and said gratefully, "Fellow Daoist Chen, I'm so grateful for your help today; otherwise, I really wouldn't know how to handle this."

David smiled slightly and said, "Patriarch Lin, you don't need to be so polite. Now that I've had an intimate relationship with your daughter, the Lin family's affairs are my affairs.

However, I'm afraid the Zhao, Qian, and Sun families won't allow the Lin family to control Dongxiang County."

Chapter 5554

The Lin family head nodded and said, "Fellow Daoist Chen is absolutely right. Those three families have always been arrogant and conceited. They lost face at the conference today and will surely hold a grudge.

However, the three families have considerable influence in Dongxiang County. The Zhao family is skilled in hidden weapons and poisons and acts in secret; the Qian family is wealthy and powerful and has recruited many rogue cultivators to serve them; and the Sun family has colluded with some evil cultivators and uses ruthless methods." Upon hearing this

, David's lips curled into a confident smile: "They're nothing but clowns. I'll cripple them tonight, and see what trouble they can cause." The

Lin family head was overjoyed and bowed deeply to David: "Fellow Daoist Chen, your righteousness is deeply appreciated by the Lin family. I'll arrange for men to accompany you."

"No need," David replied, "I can manage myself. You just need to clear Miss Lin's name and wait for me!"

With that, David vanished from the hall in a flash.

The Lin family head watched David disappear, his heart filled with both anticipation and worry.

He didn't know what method David would use to deal with the three families, but he knew that since David dared to say such a thing, he must have his reasons.

Meanwhile, the heads of the Zhao, Qian, and Sun families, after leaving the Lin residence, returned to their own mansions.

Although the three families had their share of minor conflicts, they had reached a consensus on dealing with the Lin family.

Upon returning to the Zhao residence, Zhao Hu summoned the core members of the Zhao family to discuss how to deal with the Lin family.

"Today at the Lin family's assembly, that Lin family actually joined forces with a mere sixth-grade Earth Immortal to humiliate our three families! I, Zhao Hu, swear I will not rest until this grudge is avenged!" Zhao Hu said through gritted teeth. "

Patriarch, although that boy boasts, he is only at the sixth-grade Earth Immortal level. Any expert from our Zhao family can easily deal with him," said an elder of the Zhao family.

"That's right, but the Lin family cannot be underestimated. They have been operating in Dongxiang County for many years and their influence is considerable. If we act rashly, we may suffer heavy losses," another elder said worriedly.

Zhao Hu nodded and said, "Second Elder is absolutely right. We cannot act rashly.

However, since that brat dared to say that the three of us won't survive tonight, we'll wait and see how he gets out of this mess."

"If he doesn't make a move tonight, tomorrow we'll join forces with the Qian and Sun families to take down the Lin family in one fell swoop, letting that Lin family head know who really calls the shots in Dongxiang County!" Everyone

nodded, agreeing with Zhao Hu's plan.

So, Zhao Hu sent someone to inform the Qian and Sun families to strengthen their defenses tonight and await any movement from the Lin family.

After returning to the Qian residence, Qian Wanguan summoned the Qian family's experts to discuss countermeasures.

"The Lin family was so arrogant at the conference today; our Qian family absolutely cannot sit idly by.

However, that brat said we three families wouldn't survive tonight; we don't know what methods he has.

We must strengthen our vigilance tonight to prevent that brat from launching a sneak attack," Qian Wanguan said.

"Don't worry, Patriarch, our Qian family's experts are all prepared. If that brat dares to come, we'll make sure he doesn't leave alive!" "

A master from the Qian family patted his chest and said.

Qian Wanguan nodded and said, "Good, pass on my order: tonight, the entire Qian family is on high alert. No one is allowed to leave their post without permission. Report to me immediately if there is any disturbance!"

At the same time, Sun Ba did the same after returning to the Sun residence.

He summoned the elite of the Sun family and strengthened the defenses of the Sun residence.

"That Lin family made our three families lose face today, and we must avenge them.

However, that brat said that our three families will not survive tonight, so we cannot be careless.

Everyone, be on your guard tonight. If that brat dares to come, let him know the power of the Sun family!" Sun Ba shouted.

The members of the Sun family responded in unison, and then went to make their preparations.

Chapter 5555

Night fell as dark as ink, deeply enveloping Dongxiang County.

The entire county was shrouded in stillness under the night sky. However, beneath this seemingly calm surface, undercurrents surged, and a bloody storm was quietly brewing.

David moved with lightning speed through the darkness, his eyes cold and resolute, radiating a chilling aura.

Tonight, he would alone crush the Zhao, Qian, and Sun families, letting the entire Dongxiang County know that his authority was inviolable.

First, David arrived at the Zhao residence.

The Zhao residence's gates were tightly shut, and faint lights flickered on the surrounding walls, subtly revealing a tense atmosphere.

David's lips curled into a disdainful smile. With a light leap, he cleared the high wall and landed in the courtyard of the Zhao residence.

As soon as he landed, dozens of Zhao family guards surrounded him, blades in hand, their eyes filled with vigilance.

"Who are you? How dare you trespass on the Zhao residence!" the lead guard shouted.

David remained calm, as if these guards were nothing more than ants. He slowly spoke, "I am David. Today at the Lin family gathering, your Zhao family was disrespectful to me. Today is your day of retribution."

"David? The arrogant brat who said our three families wouldn't survive the night? You alone dare to cause trouble in my Zhao residence!"

The guard leader sneered, waving his hand, and the guards surged towards David like a tidal wave.

David stood still, motionless. As the guards approached, he suddenly moved, a powerful aura emanating from him.

The guards were blasted away by the aura, collapsing dead before they could even scream.

In an instant, all the guards in the courtyard were down, their blood staining the ground.

David didn't even glance at the corpses, walking straight towards the main hall of the Zhao residence.

At that moment, Zhao Hu was in the hall discussing countermeasures with the core members of the Zhao family. Hearing the commotion outside, they rushed out.

When Zhao Hu

saw the corpses strewn across the ground and David standing in the middle, his face turned deathly pale.

"You...you actually dared to commit murder in my Zhao family mansion!" Zhao Hu said through gritted teeth.

David coldly looked at him and said, "I said your three families wouldn't survive tonight. Now is the time for your Zhao family's annihilation."

"Arrogant! You alone think you can destroy my Zhao family?"

Zhao Hu roared, pulling a hidden weapon from his robes and shooting it at David.

The weapon gleamed with a cold, eerie light, clearly coated with deadly poison.

David, however, neither dodged nor evaded. With a wave of his hands, a powerful gust of air deflected all the hidden weapons.

The weapons flew towards Zhao Hu and his companions, and several were caught off guard, struck, and fell to the ground screaming.

"You...what kind of sorcery is this?!" Zhao Hu's eyes widened in horror.

David sneered and said, "This isn't sorcery, it's my power. Today is the end of your Zhao family."

With that, he flashed forward, appearing instantly in front of Zhao Hu and throwing a punch at Zhao Hu's chest.

Zhao Hu tried to dodge, but found himself completely immobilized, as if bound by an invisible force.

David's fist slammed heavily into Zhao Hu's chest. Zhao Hu felt a tremendous force surge into his body, his internal organs instantly shattered. His eyes widened, he spat out a mouthful of blood, and collapsed.

Dealing with such an unknown junior, David didn't even bother using the Dragon-Slaying Sword.

"Patriarch!"

The Zhao family members cried out in alarm upon seeing Zhao Hu fall.

David ignored them and continued his slaughter in the Zhao mansion.

His figure moved like lightning, traversing the mansion, leaving dead bodies in his wake.
