Chapter 5556

In less than half an hour, the Zhao residence was completely massacred by David. The entire Zhao residence fell into a deathly silence, with only the lingering stench of blood telling the story of the horrific scene that had just unfolded.

David emerged from the Zhao residence, not a single drop of blood on him. He looked up at the night sky and muttered to himself, "Next, it's the Qian family

's turn." With that, he flashed and sped towards the Qian residence.

When David arrived at the Qian residence, it was already on high alert.

Traps and hidden weapons were laid everywhere around the residence, and the Qian family's experts were on high alert, weapons in hand, their eyes filled with tension and vigilance.

David stood before the Qian residence's gate, looking at the tightly closed doors, a mocking smile playing on his lips.

With a wave of his hands, a powerful force blasted towards the gate of the Qian family mansion.

A deafening roar followed, and the gate shattered instantly, splintering wood everywhere.

"Who dares to be so insolent in my Qian family mansion!" Qian Wanguan burst out, followed by a group of Qian family experts.

David looked at Qian Wanguan and said, "It is I. Today is the day your Qian family is destroyed."

"David? You alone dare to come to my Qian family mansion to die!"

Qian Wanguan sneered, and with a wave of his hand, the Qian family experts surged towards David.

David stood still, his eyes revealing disdain.

He rapidly formed hand seals, and instantly, powerful bursts of intense fire erupted from his hands.

These flames, like dazzling meteors, shot towards the Qian family experts.

The Qian family experts scrambled to dodge, but the flames seemed to have eyes, relentlessly pursuing them.

Many Qian family experts were struck by the flames and instantly turned to ashes.

Upon seeing this, Qian Wanguan's expression changed drastically. He pulled out a magical artifact from his robes, which shimmered with multicolored light and emitted a powerful aura.

Qian Wanguan chanted incantations and threw the artifact towards David.

David, seeing the incoming artifact, showed no fear. He waved his hands, and a powerful force deflected the artifact.

The magical

artifact flew back and slammed heavily into Qian Wanguan's body. Qian Wanguan felt a tremendous force surge into his body. He screamed and collapsed to the ground, barely clinging to life.

"Patriarch!"

The Qian family members cried out in alarm upon seeing Qian Wanguan fall.

David ignored them and continued to unleash his fire attacks throughout the Qian mansion, killing the Qian family members one by one.

Chaos erupted in the Qian mansion as the Qian family members fled in all directions, but they could not escape David's pursuit.

David moved through the Qian mansion like a grim reaper, and wherever he went, the Qian family members fell dead.

Half an hour later, the Qian mansion was completely bloodied by David.

The entire Qian mansion was reduced to ruins, with only the pervasive smell of blood and the burning flames telling the story of the horrific scene that had just unfolded.

Qian Wanguan was terrified by what he saw and unconsciously urinated.

David glanced at the fallen Qian Wanguan and slowly walked towards him.

“You...you just have to spare me, I’m willing to offer you all the treasures of my Qian family,”

Qian Wanguan begged, intending to exchange his entire family’s wealth for his life.

David looked at Qian Wanguan and couldn’t help but laugh.

“Foolish, if I kill you, won’t your family’s treasures be mine too?”

David said!

Qian Wanguan was stunned, somewhat bewildered. He felt that villains always begged for mercy like this before dying, then offered gold and silver to buy their lives.

Why wasn’t David playing by the rules?

Before Qian Wanguan could react, a burst of intense fire struck him, instantly turning him to ashes.

David, meanwhile, took the storage bag and pocketed all the Qian family’s treasures and resources.

“The Qian family is truly wealthy...”

David smiled, looking at the bulging storage bag.

David walked out of the Qian residence, his eyes still cold and resolute. He looked up at the night sky and muttered to himself, “There’s one last family, the Sun family.”

With that, he flashed and sped towards the Sun residence.

When David arrived at the Sun residence, it was already heavily guarded.

The surrounding area was filled with runes and formations of evil cultivators, and the Sun family’s elites wielded evil weapons, their eyes revealing a madness and ferocity.

David stood before the gates of the Sun residence, looking at the evil aura emanating from it, a disdainful smile appearing on his lips.

He waved his hands, and a powerful surge of righteous energy blasted towards the gates of the Sun residence.

The righteous energy clashed with the evil energy on the Sun family mansion's gate, producing a hissing sound. Instantly, the gate was shattered.

"Who dares trespass

on my Sun family mansion!" Sun Ba burst out, followed by a group of evil cultivators.

David looked at Sun Ba and said, "It's your grandpa."

"I'm your grandpa, you little sixth-grade Earth Immortal, how dare you be so insolent?"

Sun Ba sneered, waving his hand. The evil cultivators unleashed their evil spells, attacking David.

David stood still, his eyes gleaming with a holy light.

He rapidly formed hand seals, chanting incantations. Instantly, beams of golden light shot from his hands.

These golden beams, like sharp swords, shot towards the evil cultivators.

The evil cultivators' spells collided with David's golden light, producing deafening booms.

Many evil cultivators were struck by the golden light and instantly turned to ashes. Seeing this

, Sun Ba's expression changed drastically. He pulled out a heretical book from his robes, chanting incantations. Instantly, a powerful evil aura was released from the book.

The evil aura transformed into a giant black hand, reaching for David.

David, seeing the black hand flying towards him, showed no fear. He waved his hands, and a powerful surge of righteous energy deflected the black hand.

The black hand flew back and slammed heavily into Sun Ba's body. Sun Ba felt a massive surge of evil energy enter his body; he screamed and collapsed to the ground.

"Patriarch!"

The members of the Sun family cried out in alarm upon seeing Sun Ba fall.

David ignored them and continued to unleash his righteous energy within the Sun mansion, killing the Sun family members and the evil cultivators one by one.

The Sun mansion was thrown into chaos as the Sun family members and the evil cultivators scattered in all directions. However, they were unable to escape David's pursuit.

Like an emissary of justice, David moved through the Sun family mansion. Wherever he went, members of the Sun family and the evil cultivators fell dead.

Half an hour later, the Sun family mansion was completely wiped out by David.

The entire mansion fell into a deathly silence; not a single person survived. David took all the resources the Sun family could carry.

David walked out of the Sun family mansion. By then, dawn was breaking.

He stood before the gates of the Sun family mansion, gazing at the rising sun

in the east, took a deep breath, and murmured to himself, "From now on, Dongxiang County will be free from the threat of these three families." The next morning, as the first rays of sunlight touched the land of Dongxiang County, the entire county was in an uproar.

All cultivators received a shocking message: the Zhao, Qian, and Sun families had been wiped out overnight!

People discussed the news, their faces filled with fear and awe. They couldn't imagine what kind of person could so easily wipe out three powerful families in a single night.

Meanwhile, in the Lin family mansion, the Lin family head was anxiously awaiting news.

When he heard the news of the Zhao, Qian, and Sun families being wiped out, he was first stunned, then his face lit up with wild joy.

"Fellow Daoist Chen is indeed incredibly powerful! He actually wiped out those three families overnight!" the Lin family head exclaimed excitedly.

Lin Yun'er, standing to the side, heard this news, her eyes shining with admiration.

She knew that all of this was because of David; it was David who saved the Lin family and solidified their position in Dongxiang County.

Just then, David returned to the Lin family residence.

He entered the hall, looked at the Lin family head and Lin Yun'er, smiled slightly, and said, "Family head, those three families have been wiped out by me. From now on, Dongxiang County will be free of future troubles." The

Lin family head hurriedly stepped forward, bowed deeply to David, and said, "Fellow Daoist Chen, your righteousness is truly admirable. My Lin family will forever remember your great kindness and virtue!"

David waved his hand slightly and said, "Family head, there's no need to be so polite. I'd like to know if Miss Lin has been exonerated?"

The Lin family head repeatedly said, "Don't worry, Fellow Daoist Chen, she has been exonerated."

Lin Yun'er blushed and stepped forward, nestling into David's arms.

"You've been working hard all night, let me help you relax..."

Lin Yun'er pulled David into the room!

Meanwhile, David's name spread throughout Dongxiang County. He became a legendary figure in Dongxiang County, and his prestige commanded the respect of all cultivators.

Everyone began to recommend the Lin family head as the county lord of Dongxiang County, and soon the Lin family controlled the entire Dongxiang County!

David and Hu Mazi enjoyed a few more days of carefree living in Dongxiang County. Then David planned to go to the Eighth Heaven to find the Fourth Palace Master at the Divine King's Palace, to tell her about the Third Palace Master's collusion with the Evil Path Palace, and to warn her to be wary of the Third Palace Master.

"David, my strength is indeed a bit insufficient for the Eighth Heaven. Following you would only be a burden."

"Why don't you go to the Eighth Heaven first and investigate the Evil Path Palace's affairs? I'll improve my strength and then come find you there,"

Hu Mazi said to David.

David knew that although Hu Mazi had reached the third rank of the Human Immortal Realm, with that strength, she probably couldn't even defeat a dog in the Eighth Heaven.

Following him would indeed be a hindrance.

Moreover, Hu Mazi had tasted success at the Lin family and hadn't had enough fun yet; she wanted to enjoy herself for a while longer.

The Lin family had prepared dozens of maids for Hu Mazi to serve him in shifts, and no one would be willing to leave. "Alright, Master

Hu, you stay at the Lin family for now. Take me to the Eighth Heaven to find out some information, and then I'll come back to find you!"

David nodded and said.

"Fellow Daoist Chen, do you really have to go to the Eighth Heaven?"

At this moment, the Lin family head asked.

"I still have many things to deal with in the Eighth Heaven." David nodded and said.

"Then you must be careful. The cultivators in the Eighth Heaven are much more powerful than those in the Seventh Heaven. Moreover, the Divine King Palace of the Divine Temple is located in the Eighth Heaven. Now that you have killed the Sixth Palace Master of the Divine Temple, you must be wary of the Divine Temple targeting you."

The Lin family head warned.

"I know. It's just a Divine Temple. I don't even care about it." David smiled faintly.

Seeing David say this, the Lin family head could conclude that David must have a very powerful force behind him, otherwise David would not be so arrogant, not even caring about the Divine Temple.

"David, don't forget me when you go to the Eighth Heaven. I'll be waiting for you at home. You promised to take responsibility for me,"

Lin Yun'er said, taking David's hand.

"Of course I won't forget you. Just rest well at home. I'll come back as soon as the swelling goes down!"

David said with a playful smile.

Lin Yun'er blushed instantly, knowing what David meant.

"Fellow Daoist Chen, I've already contacted a hundred cultivators to help you open a void passage to send you to the Eighth Heaven."

"Opening the void passage yourself would be too taxing, and there's a risk the passage might collapse halfway, putting you in danger,"

the Lin family head said.

"Alright!" David nodded. He knew he could open the passage, but the cost would be enormous.

Chapter 5559

With the help of a hundred cultivators, David opened a void passage leading to the Eighth Heaven.

After glancing at everyone, David resolutely stepped into the void passage.

Boom!

With a loud bang, the void passage closed. David felt his vision blurring, everything around him moving rapidly, his body seemingly traversing countless spatial worlds.

Suddenly, David felt something strange in his body; the sword intent within him began to condense, a scorching sensation surged from within, and then he saw his body begin to burn.

David was terrified. He hadn't used any ultimate fire; how could his body suddenly be burning?

Moreover, the excruciating pain caused sweat to instantly pour down David's forehead.

Soon, David's head became dizzy, and his movement speed increased. All he could see was a sea of fire; he couldn't see anything else.

David gritted his teeth, trying to stay conscious and activate his Indestructible Golden Body to protect his physical body.

He had traversed the void passage many times before, but he had never experienced anything like this. Even when encountering void turbulence, he had never faced such danger.

Under the flames, his Indestructible Golden Body instantly collapsed, and David fell into a complete coma!

At this moment, David was like a fireball, moving rapidly through the endless darkness.

...

Eighth Heaven, within the Third Palace.

The Third Palace Master's lips curled slightly, his eyes filled with cruelty and coldness.

"Now, David will never appear again,"

the Third Palace Master said coldly!

"Third Palace Master, you have used a forbidden technique of the Divine Race without permission. If the God King finds out, he will be displeased,"

the Fifth Palace Master said with some worry. "No

, the God King is currently in seclusion, and the First and Second Palace Masters are in the Ninth Heaven. No one will know. As for the Fourth Palace Master, I'll get rid of her sooner or later." The

Third Palace Master gritted his teeth, his eyes gleaming with lust.

"But what if the Fourth Palace Master finds out about this and tries to rescue David?"

the Fifth Palace Master asked.

"Even if the Fourth Palace Master intervenes, she can't possibly rescue David from that void passage. As long as David doesn't die, he'll be trapped in that passage forever."

The Third Palace Master laughed smugly.

Meanwhile, inside the God King's Palace, the Fourth Palace Master, Ling Xi, was recuperating with her eyes closed.

Since returning from the Sixth Heaven, Ling Xi had been slowly recovering her strength. The battle with the Soul Devourer had also caused her considerable damage.

“Fourth Palace Master, the Third Palace Master used a forbidden divine technique, trapping David in the void passage. He’s in danger now,”

the maid Yunxiu said to Lingxi in a panic.

Lingxi frowned and abruptly stood up. “How dare the Third Palace Master be so bold as to use a forbidden divine technique? Isn’t he afraid of the God King’s punishment, or the divine reward and punishment envoys?”

Lingxi’s breathing became rapid, her expression extremely anxious.

It was well known that forbidden divine techniques could not be used casually; even the God King dared not use them. If the patriarch of the divine race found out and sent reward and punishment envoys, their entire divine palace would suffer.

The divine palace was merely one force within the divine race; how could it dare to disobey the divine prohibitions? The divine race was vast, and Lingxi vaguely remembered that many powerful figures within it had already become Great Luo Golden Immortals.

“No, I have to go find the Third Palace Master and demand an explanation. His actions will implicate our entire temple.”

Lingxi couldn’t sit still any longer and quickly got up to go find the Third Palace Master to demand an explanation.

Forbidden techniques of the Divine Race are strictly prohibited; no Divine Race cultivator can use them casually.

This Third Palace Master actually used a forbidden technique of the Divine Race to trap David in the void passage.

Chapter 5560

Lingxi stormed into the Third Palace, barging straight into the council chamber where the Third Palace Master resided.

The Third Palace Master was leisurely seated in the main seat. Upon seeing Lingxi’s intrusion, a fleeting, almost imperceptible panic crossed his face, but he quickly regained his arrogant and domineering demeanor.

“Third Palace Master, do you know your crime!”

Lingxi's eyebrows furrowed, her beautiful eyes wide, and she shouted sharply.

The Third Palace Master, however, remained nonchalant, crossing his legs and leisurely saying, "Oh, Fourth Palace Master, what's gotten into you? What crime have I committed?"

"You used forbidden divine techniques without permission to trap David in the void passage. Isn't that a crime?"

Lingxi said through gritted teeth.

The Third Palace Master burst into laughter: "Fourth Palace Master, don't spout nonsense here. When did I use any forbidden techniques of the Divine Race? Do you have any evidence?"

"Evidence? Yunxiu saw it with her own eyes, and you still want to deny it?"

Lingxi trembled with anger.

The Third Palace Master, however, wore a shameless expression: "Yunxiu? Can you believe the words of a maid? Maybe she saw it wrong, or maybe you taught her to say it that way."

"You..."

Lingxi was so angry that she couldn't speak. She didn't expect the Third Palace Master to be so unreasonable.

Seeing Lingxi rendered speechless with anger, the Third Palace Master became even more smug and began hurling vulgarities: "Fourth Palace Master, I think you've

taken a fancy to that David brat, which is why you're so eager to stand up for him. But don't waste your time; that brat is probably already ashes.

Instead of worrying about him, you should think about yourself. Why not come with me? Maybe I can make your life in the temple more comfortable."

Hearing the Third Palace Master's insults, Lingxi's face turned ashen with rage. Her hands clenched into fists, her nails digging into her flesh.

But she knew she was no match for the Third Palace Master; forcing a fight would only bring further humiliation. "Third Palace Master, you will pay the

price for your actions!" Lingxi said coldly, barely suppressing her anger. The Third Palace Master, however, remained unperturbed and continued to mock, "Pay the price?

With your abilities? Fourth Palace Master, you should save your breath. If you're so capable, go and rescue David from the void passage, but I doubt you have the skill."

Ling Xi took a deep breath, trying to calm herself. She knew this wasn't the time for impulsiveness; the most urgent task was to find a way to save David.

"Third Palace Master, you'll regret this!" Ling Xi said, turning and leaving the Third Palace. Back in her residence, Ling Xi racked her brains for a way to save David. She knew the void passage was extremely dangerous, especially one affected by the forbidden techniques of the Divine Race, which was filled with unknown dangers.

But she couldn't just stand by and watch David fall into a desperate situation without helping him. Ling Xi first thought of some ancient texts of the Divine Race; perhaps they contained methods to break the effects of the forbidden techniques on the void passage.

She immediately went to the library of the Divine King's Palace and began searching for clues among the vast sea of ancient texts. In the library, Lingxi meticulously flipped through the ancient books, her eyes barely blinking, afraid of missing any useful information.

Time ticked by, and beads of sweat covered her forehead, but she didn't give up. No matter what, she couldn't let David be trapped in that void passage.

Although she and David were not related, since returning from the Sixth Heaven, Lingxi often thought of him. Sometimes she even dreamed of him, his image haunting her. Lingxi had always focused on cultivation and had never experienced romantic love.

But now her heart was in turmoil, especially when she heard that David was in danger. Her mind was in chaos, making it impossible to cultivate properly. She didn't know if this could be considered affection. However, even if it cost her her life, she absolutely could not let David perish trapped in that void passage.
