Chapter 5571

Yunxiu jumped up excitedly, shouting, "The Fourth Palace Master is amazing! Defeat this villain!"

Just as the Prince of Wu was gradually losing strength and about to collapse, the First Elder finally couldn't hold back any longer.

He flashed into the sky, ready to help. But at that moment, a majestic voice came from afar: "People of the Evil Path Palace dare to be so insolent in my Divine Palace!"

At this critical moment, a powerful aura suddenly emanated from the depths of the Divine King Palace.

That aura was like a surging tide, carrying an irresistible force, shocking everyone present.

Everyone was startled and looked towards the depths of the Divine King Palace, their eyes filled with doubt and fear.

"This...this can't be the four guardians of the Divine King Palace, can it?"

The Third Palace Master's expression changed, and an ominous premonition welled up in his heart.

He hadn't expected such a powerful being to exist within the God King's Palace, causing his original plans to waver.

After all, he had only heard of the Four Guardians; none of them had ever seen them!

The Grand Elder also frowned: "I didn't expect such a powerful being to exist within the God King's Palace."

A hint of apprehension flashed in his eyes, clearly indicating he also realized the complexity of the situation.

Ling Xi's heart skipped a beat; she knew that the Four Guardians of the God King's Palace must have awakened.

Only the Four Guardians could unleash such a terrifying aura.

The Four Guardians were the guardian deities of the God King's Palace; their strength was unfathomable, and they had always protected the palace's safety.

The disturbance caused by the Third Palace Master and others had finally alerted them.

Sure enough, a moment later, a figure slowly emerged from the depths of the God King's Palace.

It was a middle-aged man clad in golden armor, his face dignified, his eyes revealing an inviolable holiness.

He held a long sword, its blade gleaming with a cold light, seemingly containing boundless power. The man exuded a powerful aura, so tangible it was almost tangible, making it impossible to look directly at him.

Seeing this, Lingxi forced back the Witch Prince and walked to the man. "Greetings, Guardian !" Lingxi and her guards immediately greeted him respectfully, their eyes filled with awe and gratitude.

They knew that the Guardian's appearance would change the current situation. The golden-armored man nodded, acknowledging his identity.

Then, his gaze swept over the Third Palace Master, the Witch Prince, and the Grand Elder, coldly saying, "You audacious madmen, daring to act so wildly before the Divine King's Palace! Are you tired of living?" His voice boomed like a bell, making the ears of those around him ring.

The Third Palace Master's expression changed, but he quickly regained his composure, saying, "Who are you? How dare you interfere in the affairs of our temple?"

He tried to mask his fear with this, but his voice trembled, clearly showing his unease. The golden-armored man sneered, "I am one of the four guardians of the Divine King Palace, ordered to protect it.

You have trespassed into the Divine King Palace and even dared to attack the Four Palace Masters—you are simply courting death!" His voice was filled with anger and authority, as if proclaiming the crimes of the Third Palace Master and the others.

The Grand Elder stepped forward, a hint of fear flashing in his eyes, "I didn't expect the legendary four guardians of the Divine King Palace to actually exist.

However, even if all four of you come together, you can't stop us!" He tried to bolster his courage with this, but his tone was noticeably less forceful than before.

The golden-armored man smiled disdainfully, "Is that so? Then let me see your abilities!" With that, the golden-armored man's aura intensified again, and a powerful pressure instantly enveloped the entire area in front of the Divine King Palace.

That pressure was almost tangible, making the Third Palace Master, the Witch Prince, and the Grand Elder feel suffocated.

The Third Palace Master's expression changed; he hadn't expected the Divine King Palace to actually have guardians, and that these guardians were so powerful.

They initially thought they could easily enter the God King's Palace with their numerical advantage and the support of the Evil Path Hall, but now it seems things are far more complicated than they imagined.

Chapter 5572

The golden-armored man's gaze was piercing, coldly sweeping over the Third Palace Master and the others. His eyes seemed to penetrate their very souls, sending chills down their spines.

The longsword in his hand trembled slightly, its blade flashing with a cold light, as if warning these madmen who dared to offend the Divine King's Palace.

Fine beads of sweat appeared on the Third Palace Master's forehead, his eyes revealing panic and resentment. He

had thought everything was under his control, but he hadn't expected the four guardians of the Divine King's Palace to actually exist, and with such terrifying power.

He secretly glanced at the Witch Prince and the Grand Elder beside him, noticing that they too wore grave expressions, clearly finding the current situation difficult.

The Witch Prince gritted his teeth, his black demonic energy surging, his heart filled with anger and humiliation.

As the heir of the Evil Path Palace, when had he ever suffered such humiliation?

But facing the protection of the Divine King Palace, he dared not act rashly, and could only suppress his anger, staring intently at the golden-armored man.

The Grand Elder narrowed his eyes, calculating his next move.

He knew that if today's matter wasn't resolved properly, the conflict between the Evil Path Palace and the Divine Palace would escalate completely, potentially triggering a massive disaster.

He tried to find a flaw in the golden-armored man's expression, but to no avail.

Ling Xi stood behind the golden-armored man, feeling a deep sense of security.

She knew that with this guardian present, the Third Palace Master and the others would dare not act rashly again.

She coldly looked at the Third Palace Master, her eyes filled with mockery and disdain, as if telling him, "Your scheme will not succeed."

Yun Xiu and the Divine Guards also gripped their weapons tightly, their eyes revealing determination and vigilance.

They knew that this standoff could escalate into a fierce battle at any moment, and they had to be prepared at all times. Time ticked by, and the atmosphere grew increasingly oppressive.

Everyone felt their breathing become labored, as if an invisible mountain was pressing down on their hearts. The Third Palace Master's subordinates began to whisper among themselves, their faces showing worry.

They didn't know how this standoff would end. Finally, the Third Palace Master couldn't help but speak, his voice trembling slightly: "Guardian, we were reckless today.

But we were acting in the best interests of the Temple. The Fourth Palace Master's unauthorized dispatch of the Divine Guards to the Sixth Heaven, resulting in their injury, violates the Temple's rules.

We only wanted to enter the Divine King's Palace to check on the situation; we had no other intentions." The golden-armored man sneered: "Hmph, for the Temple's best interests?

You colluded with the Evil Path Palace, attempting to seize control of the Divine King's Palace while the Divine King was away. You call that acting in the Temple's best interests?

Your actions have seriously violated the Temple's rules. If you don't give us an explanation today, no one will leave here."

The Third Palace Master's expression changed; he hadn't expected the golden-armored man to be so forceful. He opened his mouth, but didn't know how to refute him.

The Prince of Wu roared angrily: "Don't go too far! The Evil Path Palace isn't to be trifled with either." The golden-armored man's gaze turned cold, and he slightly raised his longsword, unleashing a powerful sword aura that swept towards the Prince of Wu.

The Prince of Wu was startled and quickly dodged, but the sword energy clung to him like a leech. He had to circulate all his magic power to barely withstand the attack.

"Dare to be presumptuous again, and don't blame me for being impolite," the golden-armored man said coldly. Seeing this, the Grand Elder knew that the matter could not be resolved peacefully.

He stepped forward and said, "Guardian, we do not wish to be enemies of the Temple. However, we were indeed in the wrong today, and we are willing to pay the price. How does the Guardian intend to resolve this matter?"

Chapter 5573

The golden-armored man pondered for a moment, then said, "The Third Palace Master colluded with the Evil Path Palace in an attempt to rebel, a crime deserving of death.

However, considering he is also a member of the Divine Palace, I can give him a chance today. He only needs to cripple his own cultivation as a warning to others.

As for you two from the Evil Path Palace, leave the Divine King Palace immediately and never set foot in it again. Otherwise, don't blame us for being impolite."

Upon hearing this, the Third Palace Master's face turned deathly pale.

Cripple his own cultivation?

This was worse than death.

He clenched his fists so tightly that his nails dug into his palms, yet he didn't notice.

The Prince of Wu and the Grand Elder exchanged a glance, their eyes filled with hesitation.

They knew that if they didn't agree to the golden-armored man's conditions, they would likely not escape unscathed.

Silence fell once more as everyone awaited the decision of the Third Palace Master and the others.

The oppressive atmosphere in the void grew increasingly heavy, as if a storm was about to break.

...

In the void passage!

David, wielding the Dragon-Slaying Sword, had long forgotten time and space!

In his eyes, there were only countless fire meteors; each strike of his sword transformed thousands upon thousands of fire meteors into dazzling fireworks.

The man, watching the fire meteors shooting out from the Land of No End, turning into fireworks under David's sword, couldn't help but feel somewhat shocked.

After an unknown amount of time, the fire meteors ended.

David returned to the man's side. At this moment, David's aura underwent a tremendous change, his entire body now radiating a golden halo.

"Senior, can I leave now?"

David asked the man.

"Of course..." The man looked at David and smiled slightly.

"Thank you, Senior..."

David happily clasped his hands in thanks.

But as soon as he clasped his hands, the man suddenly frowned, then his eyes fixed intently on David's hands!

Seeing this, David was puzzled, not understanding what the other person was looking at! "What's that on your hand?" the man asked, grabbing David's hand excitedly.

"Nothing," David replied, opening his hand; he had nothing in it. "I mean, is that the Heavenly Dragon Ring you're wearing?" the man asked, staring intently at the ring on David's hand. "Yes, this was left to me by my father..."

David nodded, then suddenly remembered something and asked excitedly, "Senior recognizes this ring?" Since arriving in the Heavenly Realm, David hadn't encountered a single branch of the Heavenly Dragon Palace.

Therefore, for so long, David assumed there were no more Heavenly Dragon Palace branches in the Heavenly Realm; perhaps the remaining branches were in other worlds, or somewhere else he hadn't discovered.

But now, the person before him suddenly recognized the Heavenly Dragon Ring on his hand, meaning he might be a member of the Heavenly Dragon Palace.

"Your subordinate, Wan Jianxing, greets the Palace Master..." the man suddenly knelt before David, his face full of excitement. "Are you a member of the Heavenly Dragon Palace?"

David asked, suppressing his excitement. "Indeed, I am a member of the Heavenly Dragon Palace." Wan Jianxing nodded. "Excellent, please rise..."

David helped Wan Jianxing up: "So, the entire temple is my subordinate?" "Of course, I founded the temple, so it is naturally under the Temple Master's command."

Wan Jianxing nodded! Upon hearing this, David almost fainted and couldn't help but sigh: "Alas..." "Temple Master, why do you sigh?" Wan Jianxing asked!

He didn't know that David had clashed with the temple, and that several temple masters had been killed by David. Now it seemed that David had killed his own subordinates.

"Don't call me Temple Master, just call me David. I'm just lamenting the unpredictability of life; I never imagined the temple would become my own power." David said helplessly..

Chapter 5574

"Your Highness... Mr. Chen, it's wonderful to meet you. I thought I'd never be able to repay your kindness from back then,"

Wan Jianxing said excitedly.

David knew that Wan Jianxing must have received favors from his father to become a member of the Heavenly Dragon Palace.

"Please send me away from here first. I need to get to the Eighth Heaven as soon as possible. The Divine Palace might be in danger now,"

David urged Wan Jianxing to send him away!

“Mr. Chen, with your current strength, going to the Eighth Heaven is very dangerous. I can give you an inheritance to help you quickly improve your strength,”

Wan Jianxing said!

Upon hearing this good news, David quickly nodded and said, “Then don’t wait any longer, give me the inheritance quickly!”

...

Eighth Heaven, in front of the Divine King’s Palace!

The atmosphere was still extremely tense. No one dared to move, and even less dared anyone to make the first move.

The Third Palace Master’s eyes flickered as he quickly calculated in his mind. Suddenly, he lowered his voice and urgently said to the Prince of Wu and the First Elder, “Gentlemen, if we retreat today, I will surely die, but you may not fare well either.

I promise you, if you can help me through this calamity, our temple will provide whatever resources the Evil Path Palace needs in the future, and you can choose from the many treasures in the God King’s Palace!”

The Prince of Wu and the First Elder exchanged glances, both their eyes showing interest.

The First Elder narrowed his eyes, weighing the pros and cons. He felt the benefits were too tempting. If they retreated now, they would not only gain nothing but also risk punishment from the Palace Master.

Moreover, the Evil Path Palace had already become enemies with the temple, so there was no need to be afraid.

“Guardian, please quickly eliminate that Third Palace Master to prevent him from ruining our temple’s reputation!”

Ling Xi was furious that the Third Palace Master had publicly betrayed the temple.

How could the Evil Path Palace simply choose the temple’s treasures? “Shut up!” The golden- armored

man glared at Ling Xi, then looked at the Prince of Wu and the Grand Elder, saying, “If you leave now, I’ll pretend nothing happened. As for how to punish the Third Palace Master, that’s an internal matter for our temple, and your Evil Path Hall doesn’t need to interfere.”

“What if we insist on protecting the Third Palace Master?” the Grand Elder asked.

“Then die...”

The golden-armored man’s aura erupted again, a terrifying pressure sweeping over everyone.

“Hmph, don’t push your luck!” The Grand Elder suddenly shouted, his figure like lightning, charging towards the golden-armored man. With a wave of his magic wand, a black demonic light shot towards the golden-armored man like lightning. The golden

-armored man’s expression hardened, and he held his longsword horizontally to block the demonic light, but the powerful impact made his body sway slightly.

He didn’t expect the Grand Elder to suddenly make a move, and he secretly thought something was wrong.

The Grand Elder, pressing his advantage relentlessly, launched a barrage of attacks with lightning speed, his wand unleashing a rain of black demonic light. The

golden-armored man fought valiantly, his longsword flashing with sword shadows that clashed with the demonic light, producing deafening roars.

However, as the battle continued, the golden-armored man gradually

began to tire. His movements slowed, and his sword shadows became less dense.

Seizing the opportunity, the Grand Elder unleashed a sudden burst of power, a massive black demonic palm slamming down upon the golden-armored man.

Unable to dodge in time, the golden-armored man was struck by the palm, his body flying backward like a kite with a broken string, crashing heavily to the ground.

He struggled to his feet, only to discover he was seriously injured.

Everyone then realized that the guardian of the Divine King’s Palace was all bark and no bite.

Seeing this, the Grand Elder felt reassured, a smug smile spreading across his face.

“Hahaha, so that’s why you’ve been all talk and no action! Turns out you’re a useless piece of trash, only good for intimidating people!”

The Grand Elder laughed heartily.

Chapter 5575

Seeing this, the Third Palace Master breathed a sigh of relief. He had initially thought this guardian was incredibly powerful, but now it seemed he was just bluffing. The Fourth

Palace Master, Ling Xi, was alarmed and quickly called out to the golden-armored man, "Guardian, quickly summon the other three guardians! With four of them working together, the Great Elder of the Evil Path Palace will definitely be no match!"

However, the golden-armored man remained motionless. His expression was grave as he slowly stood up and said in a low voice, "Of the four guardians, only I have awakened."

This statement shocked everyone.

A glint of wild joy flashed in the Third Palace Master's eyes, while the Witch Prince and the Great Elder became even more unrestrained.

The First Elder sneered, "So you're nothing but a paper tiger! Today, your Divine King Palace will pay the price!"

With that, he charged at the golden-armored man again, ready to defeat him in one fell swoop.

"Stop..."

Accompanied by a sword's cry, a figure flashed from the void.

As the figure drew near, everyone realized it was David.

"David?"

Seeing David, Ling Xi was immediately astonished. She knew that David had been deliberately trapped in the void passage by the Three Palaces using a forbidden technique of the Divine Race.

Trapped inside, there was little chance

of him surviving. Yet now, David had actually appeared alive.

The Three Palace Master, upon seeing David, was also filled with disbelief.

"You... how did you leave the void passage?"

the Three Palace Master asked in astonishment.

“Three Palace Master, who is this person?” the Witch Prince asked.

“He is David, the one who ruined our plans and killed your Elder Blood Shadow,”

the Three Palace Master said.

“Oh, this is the brat?” The Witch Prince’s eyes narrowed, filled with murderous intent!

However, David ignored them and instead looked at Ling Xi, asking, “Fourth Palace Master, are you alright?” “

I’m alright?” Ling Xi shook her head, her face full of surprise. “How did you get out of the void passage?”

David didn’t answer, but smiled slightly. “I’ll explain after we deal with the current situation!”

After speaking, David looked at the Third Palace Master, his eyes turning cold. “As the Third Palace Master of the Divine Temple, you colluded with the Evil Path Palace, tarnishing the Divine Temple’s reputation. Do you know your crime?”

The Third Palace Master was stunned, then sneered, “David, who do you think you are? Do you have the right to question our Divine Temple’s affairs? Do you want to die?”

“Since you show no remorse, I can only sentence you to death according to the Divine Temple’s rules,”

David said calmly.

“Hahaha, were you scared out of your wits in the void passage? You dare speak to me like that?”

The Third Palace Master laughed loudly.

Even the Fourth Palace Master, Ling Xi, was no match for him. This guy, David, who hadn’t even reached the Human Immortal Realm, dared to claim he could kill her.

The Prince of Wu narrowed his eyes and said, “Damn it, I’ve actually run into someone who can brag even more than me...”

In his view, David had only just reached the peak of the Earth Immortal Realm, not even the Human Immortal Realm yet.

To dare to say such arrogant things was indeed a bit too much.

However, at this moment, only the Fourth Palace Master, Ling Xi, knew that David's growth rate was unprecedented.

In a short time, David had raised his strength to the peak of the Earth Immortal Realm—a speed faster than a rocket.

Ling Xi knew that she might not even be a match for David now.

“Stop talking nonsense, why don't you two team up?”

David merely glanced at the Prince of Wu and said.

The Prince of Wu couldn't even beat Ling Xi; he wasn't even worth David's attention.

“Damn it, what are you so arrogant about...”

The Prince of Wu was enraged by David's contemptuous attitude and was about to attack, but was stopped by the Third Palace Master.

“Young Master Wu, leave this pretentious guy to me!”

The Third Palace Master finished speaking and looked at David with disdain, saying, “Come on...”
