

The Mans Decree Chapter 1263

Chapter 1263 Refuses To Die

As the patriarch of the Norton family, no one had ever dared to speak to him in that manner or berate him before.

The next moment, David sent waves of energy with his palms toward Kai.

“You b*stard! I’m going to shatter your bones and destroy your elixir field. I want you to suffer for the rest of your life!” David roared with murderous intent!

Kai did not take the attack lightly. The draconic essence within him sparkled, and a golden dragon was spinning above his head.

Kai had unleashed the full potential of the Power of Dragons. He would not be able to hold his ground if he did not go all out.

Looking at the spinning golden dragon above Kai, David was slightly taken aback, but he did not stop his attack. The waves of energy coming from David looked as if they were going to tear Kai into pieces.

At the same time, Kai also sent out waves of energy to counter him.

Since he could not evade David’s attack, all Kai could do was fight him head-on.

Boom!

The powerful force spread out and caused the ground to shake. Even Cecilia and the others who were a few hundred meters away could feel the immense pressure and quickly shield themselves.

Once the dust had settled, another crater appeared in the ground. The golden sparkle around Kai had disappeared and was replaced by bloody wounds all over his body.

Kai’s ability was nowhere as good as David’s. Even though he had maximized the Power of Dragons, he was still unable to withstand David’s attack.

Kai lay in the crater with a dumbfounded look on his face as he stared into the sky. At that moment, the sky was grey in color.

Gritting his teeth, Kai stood up gradually.

Despite the multiple wounds on his body, Kai still managed to stand upright.

David was trembling with anger when he saw that Kai was still able to get up.

If others found out about that, David would be utterly embarrassed.

An experienced Martial Arts Marquis was not able to annihilate a young Semi Martial Arts Marquis in three moves. That would not bode well for David's reputation.

"I don't believe I can't defeat you..."

David gritted his teeth and a blinding flash of red light raised from his palms. The red light was even brighter than the sun.

The next instant, the flash of red light flew right at Kai like a sword.

Thereafter, the red light exploded into a shower of swords that engulfed Kai.

When Kai saw that, he knew he could not get away, so he shut his eyes and formed a mist with his spiritual energy. He hoped that it would be sufficient to block off the swords that were raining down on him.

Thud! Thud! Thud!

As the swords fell on Kai, the mist formed by his spiritual energy failed to block off the sharp blades.

In an instant, stab wounds appeared on Kai's body.

The swords had stabbed him almost everywhere, and his body was drenched in blood.

His spiritual energy had also dissipated, and his bones were broken as well.

Kai collapsed to the ground and stared at David with bloodshot eyes.

Even when things had gone to that extent, there was not a hint of fear in Kai's eyes.

His eyes were still filled with fighting spirit in spite of his physical condition.

That made David feel as if he had been challenged and looked down upon by his opponent.

"I will let you die a slow death..."

With a stretch of his hand and a huge wave of suction, David sucked Kai out of the crater and into his hands.

Kai gritted his teeth and worked on his Focus Technique within his elixir field. He hoped to manipulate his spiritual energy and used the opportunity to strike at David.

Unfortunately, he was unable to gather his spiritual energy.

An evil smirk appeared on David's face as he grabbed onto Kai with one hand.

As for Kai, he was looking paler as time passed.

"Don't worry. I have no intention of killing you. I want you to suffer for the rest of your life. You are the cause of my son's suffering. I won't let you off so easily..."

With that, David threw Kai to the ground.

Chapter 1264 He Is Already Dead

Then, David stomped on Kai's head and looked at him coldly.

"Old b*stard! If you dare, go ahead and kill me! As long as I'm still alive, I vow to wipe out the entire Norton family," said Kai as he stared at David.

"B*stard! You're really stubborn, aren't you?"

David became furious and gave Kai a kick.

Kai's body went flying like a rubber ball.

His internal organs took a hit, and blood began gushing out from his mouth!
David walked up to Kai and gave another kick.

One kick after another!

David was treating Kai like a ball.

At that moment, Kai had become a bloody mess of flesh, and he had injuries all over his body.

"Kai..."

Seeing Kai's pathetic state, Millie could not help but rush forward. However, Cecilia stopped her.

"No..."

Cecilia held tightly onto Millie.

Kai yelled at Millie and Cecilia with all his might, "Nobody moves! Don't move!"

Blood came gushing out of his mouth with every word he said.

David started to punch Kai, but he avoided the vital parts. Right now, he did not want to kill Kai. Instead, he wanted Kai to suffer immensely.

In that instant, Kai began to lose consciousness.

Very soon, images of Josephine and his mother appeared in his mind. Although the face of his mother was unclear, the closeness Kai felt made him feel better.

The past images appeared in his mind like a movie.

"Am I really dying?"

Kai was screaming in his heart. He wanted to fight back, but his body could no longer move.

After a lengthy session of torture, none of Kai's bones was still intact.

David was also getting exhausted as he looked at Kai who was on the brink of death.

"B*stard, you are going to be bedridden for the rest of your life."

After David said that, his palm came down hard on Kai's stomach.

That powerful strength smashed Kai's elixir field and broke the golden elixir into countless pieces in an instant!

Whatever life was left in Kai's body had all but disappeared.

He closed his eyes and lay unconscious.

When David saw that, he quickly gave Kai a kick and frowned before saying, "D*mn it! He's dead? How is that possible?"

David did not expect someone as strong as Kai to die just because his elixir field had been destroyed.

He felt that it was a pity as he had yet to retrieve the draconic essence from Kai's body while he was alive. Now, there was no way to obtain it.

David glanced at the people from Crimson Palace, but he spared them. However, it was not out of compassion. As an experienced Martial Arts Marquis, he would be ridiculed by everyone if he attacked those from the minor sects.

To David, they were not worth his time or effort.

"Let's go..."

Seeing that Kai was dead, David gestured to his men to leave.

Just as David turned away, both Millie and Cecilia rushed forward.

"Kai..."

"Mr. Chance..."

Millie and Cecilia could no longer control themselves, and they broke down in torrential tears.

"Cecilia, save Kai..." begged Millie.

Cecilia took one look at the smashed-up body of Kai and knew that even his elixir field had been shattered. There was no way to save him.

Even if she revived him, it would be a fate worse than death.

"Cecilia, please save Kai?"

Millie started to shake Cecilia's arm when she saw that Cecilia was not doing anything.

"Millie, Mr. Chance is already dead. He's dead," uttered Cecilia as tears flowed down her face.

The Mans Decree Chapter 1265

Chapter 1265 Regaining Consciousness

“No, impossible! There’s no way Kai is dead!” Millie burst into tears and shook Kai’s body violently. “Kai, wake up! Wake up now!” she cried pitifully.

Alas, no matter how hard Millie shook Kai’s body, he didn’t open his eyes and remained unconscious.

Cecilia bit her lip forcefully. Despair overwhelmed her, and she fought back the urge to cry. However, as the leader of Crimson Palace, she couldn’t cry in front of the members.

She ordered someone to bring Kai’s body into Crimson Palace. “Bring Mr. Chance into Crimson Palace!”

After Kai’s body was brought to Cecilia’s yard, she dismissed everyone else.

Cecilia fed Millie a pill to calm her down and told her to get some rest.

She got a pail of water and started wiping Kai’s body clean alone.

Tears trickled down Cecilia’s cheeks. She only got to know Kai a while ago but knew she was hopelessly in love with him.

“Don’t worry. I shall make sure you are clean before you leave,” Cecilia mumbled as she wiped his body clean.

Meanwhile, Kai’s mind was in a fog.

He wanted to open his eyes and regain control of his own body, but he couldn’t do so.

It felt as though his consciousness was separated from his body.

Am I dead?

All Kai could see was fog, nothing else. He wasn’t sure if he was still alive.

After what seemed like forever, Cecilia finally wiped Kai’s body clean.

Despite being a virgin, she put her pride and embarrassment aside to clean Kai’s body.

After completing the deed, Cecilia remained seated beside Kai silently.

She sat there like a statue until midnight.

The elders tried to persuade her to get some rest, but she refused to leave her spot.

Suddenly, the gentle moonlight shone on Kai accompanied by a breeze.

Kai's elixir field was recovering, but that crushed golden elixir couldn't gather together. Instead, it changed its shape until it formed a golden figure that stood above Kai's elixir field.

Boom!

Suddenly, a flash of light appeared in front of Kai.

He opened his eyes and realized the moon was shining on him.

Kai could barely hide his surprise. He didn't know how much time had passed since he lost consciousness. Turning around, he realized Cecilia was sitting beside him.

Her eyes were red, so it was apparent she had wept for a long while.

Cecilia seemed in a daze as she muttered, "After you leave, I might not fall for another man in my lifetime. You're the only man who I fell in love with. You're also the only man who helped me sincerely without lusting after my body. Tomorrow, I'll give you a grand funeral and bury you in Crimson Palace. Don't worry. I'll visit you every day with flowers..."

She didn't even realize Kai's eyes were wide open.

Glancing at her, Kai flashed a smile and asked, "If you love me this much, why are you planning on burying me alive?"

After hearing Cecilia's mumble, he realized everyone thought he was dead.

In fact, Kai also thought he was beyond dead. He didn't expect to come back to life again.

Cecilia jumped up from her chair in shock when she heard Kai's voice.

As Kai was smiling at her, she gaped incredulously.

It took her a while to regain her composure and leaped into his arms.

Chapter 1266 Lightning Tribulation

"Oh, you're alive! You're alive!" Cecilia burst into joyful tears.

Kai wanted to give her a pat on the back, but he soon realized that he couldn't move his hand.

Dumbfounded, he tried to sit up but his legs refused to move.

He could only control his mind, and his body was beyond his control.

Kai panicked instantly.

Carefully, he began checking his body. To his surprise, he discovered that the golden elixir in his body had turned into a golden figure.

The little golden figure looked exactly like him!

Could this be Nascent Soul?

Kai got so excited that he nearly yelled out loud.

Never in his wildest dreams did he know he would achieve Nascent Soul. This is a blessing in disguise!

Kai couldn't help but recall the final battle he had with David.

It was David who crushed his elixir field and golden elixir!

Does one have to break one's golden elixir in order to achieve Nascent Soul? Without destroying the old, one cannot build the new, huh?

Finally, Kai found out why he couldn't achieve the next phase. He never thought of breaking his golden elixir, for it didn't occur to him that he would have to do that to achieve the next phase!

Real knowledge came from constant practice. Thus, Kai had to figure out many things himself.

Cecilia was delighted to see Kai alive and well.

"Stop crying. Help me up!" Kai told her.

Cecilia was surprised to hear that. "Kai, you can't get up. You have no choice but to lie here. Your bones have been crushed."

Kai frowned. No wonder I can't control my own body. Turns out my bones are crushed. Then what is the use of me achieving Nascent Soul?

Seeing his reaction, Cecilia immediately assured him, "Don't worry. I'll find you a doctor who can treat your condition. Even if you can't recover, I'll take care of you for the rest of your life."

To say that Kai's emotions right then were complicated was an understatement.

He could sense that Cecilia loved him dearly, but he dared not reciprocate her feelings.

Josephine was still suffering, so he had to save her first.

By then, if Josephine could accept Cecilia, he would allow himself to fall in love with the latter.

Suddenly, a dark cloud came over and covered the moon in the sky.

The gentle moonlight that was shining on Kai's body disappeared instantly.

Crack!

Suddenly, a bolt of lightning struck Kai.

His skin and flesh were torn apart at once, and an unpleasant burnt smell wafted in the air.

"Kai!" Cecilia screamed in shock.

Kai had just come back to life, but the lightning struck him dead.

Cecilia stepped forward, intending to bring him into the room.

"Don't move, and step back. This is the lightning tribulation!" Kai yelled at her to remind her to step back.

He knew that was lightning tribulation. It would come as he had achieved Nascent Soul.

Right then, Kai wanted nothing more than the lightning tribulation to descend upon him.

After enduring the lightning tribulation, he could rebuild his body and recover completely. He wouldn't have to lie in bed and suffer after his bones were crushed.

Besides, his body would definitely grow stronger after enduring the lightning tribulation!

"Lightning tribulation?" Cecilia was confused, for she didn't understand what that was.

Martial artists needn't endure lightning tribulation when they progress to another stage, so it was perfectly normal that Cecilia had never heard of it.

Kai's spiritual sense entered his body, and he realized his Nascent Soul had also been struck by lightning.

Shortly after, the Nascent Soul in his body emitted a golden glow.

Kai's body also started gleaming. Shortly after, a dangerous aura descended from heaven.

Crack!
