Chapter 1427 A Sitting Duck

“Zion, if you dare to kill me, my dad will—”

Before Howard could even finish his words, Zion countered directly. “How almighty do you think the Dunn family is? Do you think your dad dares to take revenge on the Warriors Alliance after I kill you? Please don’t overestimate your family.”

When Howard was about to say something again, Kai waved his hand and interrupted him, “Howard, step back. Don’t make any move no matter what happens to me. Or else, you’ll sacrifice your life for nothing.”

Looking at Kai ’s determined expression, Howard had no choice but to sigh and retreat.

When Zion saw that everyone else had retreated too, he curled his lips into a smile. “Kai , let me tell you something. All four elites from the Warriors Alliance are fed with the blood of your girlfriend. Can’t you feel your girlfriend’s aura on them? If you’re killed by the four of them, it is as if you’re killed by your own girlfriend. In the future, Warriors Alliance will use your girlfriend’s blood to cultivate more elites, while your girlfriend will be locked in the dungeon for the rest of her life!”

Zion was wearing a mocking expression, and his voice was so soft that only the two of them could hear what he said.

Kai ’s expression turned frosty, and a murderous aura burst out instantly.

“I’ll kill you!” Kai yelled, his eyes bloodshot.

He could no longer endure it.

Kai charged toward Zion and threw a punch at him with all his strength. Zion hurriedly raised his hand to block the attack, but the momentum of Kai ’s punch was so strong that Zion was forced to stagger a few steps back.

“Today, all of you are going to die...” Kai ’s face contorted with rage, and a blast of aura burst out from his body.

However, Zion was not afraid at all. He sneered and said, “Are you anxious now? I love seeing you like this!”

Kai took another step forward, and the terrifying aura exuding from his body loomed over Zion.

The four Warriors Alliance elites, who were initially behind Zion, leaped up all of a sudden to block Kai's terrifying aura.

"Kai, how dare you disrespect President Zeigler! You have to die!" said Salvador, looking at Kai frigidly.

"You've consumed Josephine's blood. I'm going to drain all of your blood today!"

With that, the Dragonslayer Sword instantly appeared in his hand, buzzing loudly.

The sword energy rose into the sky with bloodthirsty murderous intent, and the energy engulfed the four of them in a split second.

The four immediately formed a battle array, ready to fight with Kai.

Suddenly, Edgar walked over casually.

"President Zeigler, can you please hand Kai over to me? I have a mortal feud with him, and I want to kill him with my own hands!" said Edgar.

Edgar looked extremely confident at that moment because back on the ship earlier, Kai was beaten to the point that he was unable to fight back. Hence, Edgar decided to kill him on his own.

Zion took a glance at Edgar. "Mr. Edgar, are you confident that you can take his life?"

"Of course! Although Kai is really powerful, I've found a way to restrain him." Edgar burst out laughing.

Zion nodded. "Since you're so confident, I'll let you do it. Kai is like a sitting duck now, and he can't escape at all. If you can't defeat him in the end, it's not too late for me to take action by then."

Then, Zion waved his hand, gesturing for Salvador and the rest to step back.

Kai narrowed his eyes and held the Dragonslayer Sword tightly in his hand. Looks like my tactic of pretending to be defeated by Edgar is working.

"Kai, we can go all out in this battle. But, I hope that you can resist it for a little longer, as I will be very disappointed if you're killed too soon."

After Edgar finished speaking, he waved his palm vigorously, and it was followed by a black aura enveloping his body.

Chapter 1428 Not Able To Utilize It

The aura instantly turned into a sharp edge, aiming at Kai . Kai did not dare to waste another second. He lifted the Dragonslayer Sword and slashed it downward mercilessly.

The sword energy marred the air, and a wind-howling sound was instantly heard. Kai 's slash was powerful as he gave it all out. He was determined to kill Edgar with just one move.

After defeating Edgar, Zion would have one less helper when Kai had a battle with him later. The fierce sword energy instantly collided with Edgar's black aura.

However, no sound was heard, not even the slightest. The black aura exuded by Edgar softened immediately and enveloped Kai 's ferocious sword energy. In the blink of an eye, the sword energy's power was absorbed by the black aura.

Kai frowned. His Dragonslayer Sword could sever everything within seconds even under the attack of an enormous aura. Surprisingly, his slash had no effect at all under Edgar's aura.

Boom! When Kai was still in a daze, the black aura solidified and rammed into his chest. The next moment, Kai was sent flying backward.

" Kai , this is what I call dealing with force using soft methods. No matter how strong your power is, you won't be able to utilize it on me." Edgar laughed gleefully.

Following his laughter, a black mist gradually rose behind Edgar and transformed into a humanoid figure. Edgar took a few steps back, and his body was instantly swallowed up by the black shadow.

When the black mist dissipated, Edgar's body was seen covered by a black robe, and his aura became extremely terrifying. "Hahaha! Kai , I'm going to sever your tendons, drink your blood, and take all your strength for myself!"

Edgar's laughter became so eerie and terrifying that it sent a chill down everyone's spine. Everyone looked at Edgar in shock. It was unknown what was going on in their minds, but none of them dared to help Kai .

"Are you really so naïve to think that such a technique can restrain the power of my Dragonslayer Sword?" Kai narrowed his eyes. The Power of Dragons flowed through his meridians and infused his Dragonslayer Sword.

The light on the Dragonslayer Sword flickered continuously, and the sounds of a dragon's roar rang out so loud that it resounded throughout the entire Dragon Island.

The entire Dragon Island seemed to have heard the dragon's roar and began to tremble.

After all, Kai's Power of Dragons came from Dragon Island. Therefore, when the Power of Dragons broke out, Dragon Island reacted accordingly.

Edgar frowned and then raised his hands. Once again, the black aura solidified and swept toward Kai.

As soon as Kai raised his Dragonslayer Sword, countless light spots came from all directions of Dragon Island and converged toward the sword in Kai's hands.

At that moment, the sky had completely darkened, and countless light spots gathered on the tip of the Dragonslayer Sword. It was then followed by the eruption of a dazzling white light that illuminated the dark sky.

"Slash!" With an angry roar, Kai swung the sword downward fiercely. A white light instantly shot out from the sword and flew toward Edgar like a laser.

As soon as the black aura exuded by Edgar touched the white light, it wrapped the light, trying to absorb it.

At that moment, everyone could see a big black sphere with white light flashing inside. The big black sphere was constantly changing its shape, trying to make the white light disappear.

Boom!

Suddenly, there was a violent fluctuation in the air. Then, white light was seen emitting from the black sphere.

Every streak of light sped straight into the night sky just like fireworks, lighting up the sky.

Everyone looked up the sky involuntarily.

Eventually, the black aura disappeared. At the same time, the white light condensed and slashed Edgar's chest.

Fresh blood gushed out of Edgar's chest like a red fountain as his body was sent flying backward.

Edgar's expression darkened as he stared at the wound on his body. At that moment, he realized that Kai's abilities were far above his.

Nevertheless, Kai's blow was not powerful enough to take Edgar's life, either. A gust of black fog surrounded the wound on his chest. Within seconds, his wound healed.

Kai's face turned solemn as he stared at Edgar intently.

The fact that the blow did not kill Edgar proved that the latter's abilities had improved greatly as well. Seeing the quick healing of Edgar's wound, Kai was beginning to doubt his initial plan to kill Edgar quickly.

Not so far away, a small sneer appeared on Zion's face when he saw that Edgar had been flown backward with just one blow.

He was certain that Edgar would no longer turn down his help anymore after the blow.

Just then, a feeble voice sounded in Edgar's mind.

The Power of Dragons this fellow owns has suppressed me. You can't kill him right now. Your only choice is to team up.

Edgar tossed a cold glance at Kai. Even though he wanted nothing more but to rip Kai to pieces, he had to admit that he could not fight Kai's powers as of then.

"Mr. Deragon, if you need help, just ask for it! My men are always prepared to strike!" Zion offered Edgar.

Edgar remained silent. He had said that he did not need Zion's help a moment ago. It would be a blow to his pride if he were to beg Zion for help now in front of everyone.

At the sight of Edgar's hesitation, Kai decided that it was the best time for him to kill the former. Following Kai's furious holler, the aura surrounding him exploded while a bright golden flash appeared on the tip of the sword. Kai then swung his sword onto the ground, and immediately, markings appeared on the ground.

Within seconds, the markings surrounded Kai and Edgar. Following suit, light shot out from beneath the ground, encasing the men in a dome made out of light.

Inside the dome, Kai and Edgar were completely isolated from the people outside.

Edgar's face fell when he noticed what was happening.

Throwing his pride to the wind, Edgar shouted for help from Zion, "Make a move, President Zeigler!"

As for Zion, he quickly guessed that Kai planned to attack relentlessly as the scene played in front of him. Hearing Edgar asking for help, he immediately commanded, "Salvador, you and your team should help!"

With a nod, Salvador and three other men jumped into the air and aimed at the shield of light, hoping to smash it to pieces with the aid of gravity.

The shield of light was known as a Spatial Arcane Array. Salvador planned to break the arcane array by brute force.

At the sight of Salvador and his men, Kai knew that his time had been limited. Once again, the Dragonslayer Sword glowed brightly as Kai charged toward Edgar with the sword in his hand.

Reflectively, Edgar kept stepping behind him. However, due to Spatial Arcane Array, he was soon backed up onto the wall of light, and there was no way he could escape.

A raspy voice then sounded in Edgar's mind. Useless piece of trash...

Soon after, a gust of black fog escaped Edgar's body and took the form of a heavy fist before slamming at full force onto Kai's Dragonslayer Sword.

A gigantic force flew past the Dragonslayer Sword and straight to Kai's chest, causing fresh blood to flow out the corner of his mouth instantly.

Yet, at the same time, it was obvious that the black fog had significantly weakened after the blow. After all, that was a spirit. It would instantly lose a lot of its power after each energy outburst.

The black shadow returned to Edgar's body after it blocked Kai's blow. In that instant, his confidence was restored.

Clank!

Just then, Kai's Spatial Arcane Array had been broken, as Salvador and his team appeared next to Edgar.

With the presence of the other men, Edgar became even more confident. With a sneer, he looked at Kai. "Any last words, Kai? Better say them now. You wouldn't have the chance to do so soon enough."

"You think you're worthy to kill me? Just the measly few of you?"

As Kai's words fell, a majestic golden dragon emerged from behind him.

Chapter 1430 A Blow To The Soul

The golden dragon hovered above Kai's head. Its dignified and domineering aura was enough to intimidate almost everyone.

"Get them!" Edgar's brows drew together as he quickly waved his hands elegantly in the air. A black gust rose slowly and took the form of a black dragon. The dragon let out a ferocious roar before charging at Kai with its jaws wide open.

At the same time, the golden dragon above Kai's head roared, charging forward without hesitation. Just as Kai and Edgar were engaged in a duel, Salvador and the three men acted as well. The four men worked together to conjure martial energy, and it immediately surrounded Kai.

Kai held the Dragonslayer Sword in his hand. Just as he was about to swing the sword, a familiar aura hit him. The aura was all too familiar, and it was the aura that he had longed for.

Caught off guard, Kai lost his focus, and the glow on the Dragonslayer Sword in his hand dimmed. "Josephine..." he whispered to the aura. Thump! Thump! Thump!

When Kai was still in a daze, the familiar aura vanished into thin air. Immediately after, martial energy as hard as steel hit him. Kai's body was instantly thrown backward. The Dragonslayer Sword slipped out of his hand and entered his body immediately.

Thud! Kai fell so heavily onto the ground that a deep crater was formed. The walls of the crater were about a few meters tall. Kai lay inside the crater, disheveled.

Following a roar, the golden dragon disappeared into bits of golden light after it lost Kai's control.

"Kai!" Howard rushed forward and pulled Kai out of the crater. "What are you doing? This is a life-and-death battle! How could you lose your focus?"

Howard had witnessed everything. He noticed how Kai had gotten lost in thought at the most crucial moment in the fight.

"Josephine... Josephine!" Kai muttered to himself.

The familiar aura he had felt just now had completely messed with his consciousness. At that moment, Kai looked as though he had lost his mind.

Standing not far away were Edgar, Salvador, and the other men. Looks of confusion flashed across their faces as they saw Kai acting so differently all of a sudden.

The few of them approached Kai cautiously, wary that the latter might be pulling a trick on them.

“ Kai , wake up. Wake up! Your girlfriend isn't here. She's not here. These people are here to kill you!”

Howard shook Kai 's body vigorously in hopes that he would be able to snap Kai out of his daze.

To Howard's dismay, Kai 's eyes were completely empty. It was as though he had gone senile, and Howard was extremely perplexed by Kai 's reaction.

“This happens when his soul and mind got triggered during extreme levels of concentration. A mind-purifying pill might help,” Astrid explained after she tossed Kai a glance.

Unfortunately, it was impossible for them to acquire mind-purifying pills at that place and time.

Without any other choice, Howard could only continue shaking and shouting at Kai with all his might, praying that the latter would snap out of it.

Meanwhile, Edgar and the rest did not strike immediately when they saw Kai . Instead, they turned to look at Zion.

With huge strides, Zion marched over. After a brief moment of observation, he was certain that Kai was not faking it. The latter did, in fact, receive a blow mentally.

“Hahaha! Kai had received a blow to his soul and is now no different than a retard. Any one of you can kill him off now!” Zion guffawed in excitement.

“President Zeigler, what's going on? Why would Kai suddenly be in this state?”

Edgar was puzzled. He had been fighting Kai for a long while, but Kai had been fine. Yet, the moment Salvador and his team attacked, Kai fell into a daze.

“I'm not sure either.” Zion shook his head. He only knew that Kai was affected mentally, but he had yet to figure out the cause of it.

Hearing that, Edgar frowned in response and scrutinized Kai .
