

The Mans Decree Chapter 1509 -

Chapter 1509 A Misunderstanding

“Ryker is the only one who can open the dungeon where my mother is locked up in. If Ryker doesn’t return now, my mother is going to starve,” Kai said.

“I can only say, be careful. You know the Warriors Alliance and the Deragon family are out for your blood. I’m sure they won’t miss the opportunity to harm you when you are there for the exchange...” Rayleigh reminded.

“I know.” Kai nodded.

After saying his goodbyes, Kai departed for Jadeborough alone.

Meanwhile, at the Dunn residence in Jadeborough, Astrid was facing Howard with a magic sword in her hand. Fury was evident on her face.

Fernando had tried to stop them, but he couldn’t stop Astrid from taking revenge on the Dunn family.

“Ms. Gunderson, what did I do to you for you to attack me again and again?” Howard was troubled. He did not know when he had offended Astrid.

“You animal! Stop pretending! I swear I’ll kill you today and end myself after that. I’ll never live like this!”

Enraged, Astrid stabbed straight forward at Howard with her sword.

Howard was not Astrid’s match. As the sword strike burst out, the intense rays engulfed the entire Dunn residence.

If this strike ever hit Howard, he could never survive.

Clang!

Suddenly, a loud sound rang through the air, and Lachlan stood in front of Howard, blocking Astrid’s sword.

“Ms. Gunderson, what did Howard do that made you so adamant about killing him? Please tell me. I will never let him off easily if he has done something bad. Let me apologize to you on his behalf, Ms. Gunderson...” Lachlan said politely to Astrid.

Lachlan did not want to have a falling-out with the Gunderson family. After all, all martial arts families in Jadeborough had joined the Warriors Alliance, except for the Dunn family. They were actually ostracized.

If they had a falling-out now, the Dunn family would lose all influence in Jadeborough.

“You should ask your darling son what exactly he has done. Since he had the guts to do that to me, he should have the courage to tell everyone!”

As a girl, Astrid was not comfortable telling him what had happened.

Turning to look at Howard, Lachlan asked, "Howard, what exactly did you do to Ms. Gunderson?"

"Dad, how many times do I have to tell you? I didn't do anything! I didn't do anything to her! I don't know why she keeps hounding me..." Howard cried in frustration.

Lachlan looked at his visibly distressed son. Howard did not seem to be lying.

"Ms. Gunderson, there must be a misunderstanding somewhere. I don't think my son is lying..." Lachlan said softly to her.

"So, you mean I'm being unreasonable? That I'm lying?" Astrid frowned.

"No, no, not at all. I didn't mean that. I just think that there could be a misunderstanding..." Lachlan hastily waved his hands in disagreement.

"There is no misunderstanding. Your animal of a son drugged and violated me! I'm going to kill him today!"

After she said that, her aura intensified, and her sword started to emit a strong light.

Then she did a slash, and a sharp and domineering sword energy headed straight for Howard and Lachlan.

Instantly, the slash arrived before them, creating a deep groove in the ground.

The next moment, the ground under Lachlan's feet shook, and several earthen walls rose up, blocking the sword energy completely.

Despite blocking Astrid's attack, Lachlan did not move against Astrid because he did not want to antagonize the Gunderson family.

Grimacing, she attacked yet again, slashing several more times, and a dozen of those sword energies burst forth from her sword.

A frown appeared on Lachlan's brows. His aura intensified, and a visible shield wrapped around him and his son.

Right before the sword energy could hit them, a golden light broke her attack.

Chapter 1510 Virginit

Suddenly, over ten slashes of sword energy vanished in a split second.

"Who is it?" Astrid's expression changed drastically as she looked around frantically.

Lachlan was confused as well because he could feel that the person who shot out the golden beam just now was extraordinarily skillful.

"Ms. Gunderson, you're a lady. Shouldn't you be less violent?"

Just then, a figure could be seen walking toward them slowly.

After seeing who the figure was, they were immediately dumbfounded.

"Kai, y-you're still alive?" Howard regained his senses and dashed toward Kai, giving the latter a tight hug.

"M-Mr. Chance, you..." Lachlan was too excited to utter any words after seeing Kai.

Only Astrid was staring at Kai with a complicated expression.

After Kai chatted for a short while with Howard, he looked at Astrid and asked, "What's wrong, Ms. Gunderson? Why do you want Howard dead?"

Astrid retorted furiously, "That animal drugged me and took advantage of me! Do you still think I shouldn't kill him?"

"I didn't do that, Kai! I really didn't! There's no way I would do something like that!" Howard explained desperately.

Kai raised his hand slightly to stop Howard's explanation. "Ms. Gunderson, you're still a virgin now. How can you accuse Howard of taking advantage of you?"

"How is that possible?" Astrid was stunned. I was clearly naked when I woke up. How can I still be a virgin?

"Do you think I'm lying to you? If so, you can just look at your left arm!" With that, Kai channeled a cloud of spiritual energy into Astrid's body. Soon, a red mark appeared on her left arm.

Seeing that mark, Astrid became emotional. "I-Is this the red mark of virginity?"

"That's right. Since your red mark of virginity is still intact, how can you not be a virgin?" Kai asked.

Astrid was at a loss for words. Yet, she still stated in anger, "Howard tricked me into going to a hotel with him, then he drugged me and removed my clothes. These are all undeniable facts."

"Ms. Gunderson, this must be a misunderstanding. When did I go to a hotel with you? It really wasn't me..." Howard defended himself with an aggrieved look.

"A misunderstanding? I did go to the hotel with you. How can I be wrong about that?" Astrid also spoke with conviction, showing she was telling the truth.

Kai frowned slightly. He studied Howard's expression and thought the latter wasn't lying. Yet, the look on Astrid's face didn't make her seem like she was lying either.

There must be a misunderstanding.

Suddenly, a thought occurred to Kai. Hence, he asked Astrid, "Ms. Gunderson, do you know there is a skill called the disguise technique in this world?"

"What do you mean?" Astrid was confused.

"I think there must be a misunderstanding. Perhaps someone disguised themselves as Howard and tricked you into going to the hotel. Maybe they did this to instigate a fight between Howard's family and yours," Kai analyzed the situation.

Astrid fell into a deep silence. After a while, she said, "I will look into this matter. If it really was Howard's doing, I will not spare his life."

"Ms. Gunderson, I will end my own life to pay for my sins if I am the culprit," Howard declared with determination.

Astrid didn't know what to do next, so she had no choice but to leave. Everything could wait until she had investigated the matter thoroughly.

"Thank you so much, Kai. Please come in and tell me what you've been up to recently." As soon as Astrid had left, Howard dragged Kai to his room impatiently.

Kai told Howard everything he had been through, hiding nothing.

After hearing that Kai was the one who eliminated over ten sects and prestigious families in Jadeborough, Howard was too stunned to speak.

Chapter 1511 On The Same Boat

"Mr. Chance, are you visiting us at the Dunn residence because you need something from us?" Lachlan knew Kai must have some instructions for the Dunn family when the latter visited them.

Kai nodded. "Old Mr. Dunn, I will be meeting Edgar at the martial arts arena tomorrow to get Renee back in exchange for returning Ryker to him. I'm worried that Edgar will break his promise. Hence, I need the Dunn family to spread this information. If many peers from the martial arts world are at the arena on the day of the exchange, I'm sure Ryker won't have the courage to trick us in front of the crowd."

"What? Renee was abducted by Edgar?" Howard was furious after hearing that.

"Leave this to me, Mr. Chance. I'll be sure to handle it well." Lachlan nodded.

"There's one more thing that I need your help with. Tell the sects and prestigious families who once offended me to visit the Dunn residence and apologize to me. I'll be awaiting their visit here at the Dunn residence today. Let them know that they only have one day to comply! If not, they shall bear the consequences of having their sects and families eliminated," Kai declared with murderous intent.

A chill went down Lachlan's spine when he sensed Kai's murderous intent. However, he knew the latter was doing this as a show of support for the Dunn family.

Based on the current situation in Jadeborough's martial arts world, the isolated Dunn family would eventually be wiped out by other sects and prestigious families.

Kai's high-profile approach in handling the matter also served as a warning to those sects and prestigious families to stay away from the Dunn family.

Not long after, the news regarding Kai being alive and returning to Jadeborough spread like wildfire across the martial arts forum.

Moreover, Kai was also the black-robed man who eliminated thirteen sects and prestigious families previously.

Thus, this intimidated many sects and prestigious families who used to target Kai.

"Kai is too impressive. I can't believe he massacred thirteen sects and prestigious families in one go."

"There were people who thought the black-robed man was Gilbert. Who would've thought he was actually Kai?"

"Just wait and see. I'm sure there will be more sects and prestigious families in Jadeborough's martial arts world that will be destroyed soon!"

Many sects and prestigious families prepared big gifts before visiting the Dunn residence to apologize to Kai.

After all, after seeing the tragedy that befell thirteen of their own previously, nobody dared to offend Kai anymore.

Meanwhile, at the Warriors Alliance, Edgar looked for Zion hurriedly. "President Zeigler, Kai has moved the time for the exchange forward. Not only that, but he has also announced the venue to the public. Many people will definitely go to the martial arts arena tomorrow. What should we do?" Edgar asked frantically.

They initially planned to attack Kai at the martial arts arena. That way, even if someone found out about the situation and visited the arena, there wouldn't be too large of a crowd.

However, since Kai had publicized the news, there might be a surge of people visiting the arena.

If they went ahead with their plan, the Warriors Alliance would be reprimanded by everyone in the martial arts world.

"Stick to our plan tomorrow. Now that things have developed to this point, killing Kai is the most crucial key to our success. As for the rumors and discussions, we can just suppress them with force in the future," Zion responded.

Zion had already arranged for four Black Copper Robe experts, so there was no way he could change the plan at the last minute.

"What are the odds of assassinating Kai successfully?" asked Edgar.

Zion narrowed his eyes and said confidently, "I am a hundred percent sure we will succeed. There is no way he can escape with four Black Copper Robe experts attacking him. This time, I will watch him die with my own eyes."

Edgar heaved a sigh of relief. Ever since he fought Kai and was beaten up by the latter, he was traumatized.

At that moment, Skylar walked in slowly and said, "Before we kill Kai, we must meet Mr. Sanders and have him instruct the authorities to punish Kai. This is to make sure the authorities will keep their mouths shut. After all, Kai did wipe out over ten of the sects and prestigious families. He shouldn't have done it, regardless of the grudges he had with them."

"Do you think Mr. Sanders will punish Kai when they're good friends?" Zion questioned.

Chapter 1512 Pressure Arthur

"That's right. If Mr. Sanders hasn't been backing Kai, he would have died a long time ago," uttered Edgar angrily as well.

"It'll be even better if Mr. Sanders doesn't get involved. If that's the case, the Warriors Alliance can eradicate a public threat. When we finally execute Kai in front of everyone, the authorities won't give us any problems," said Skylar with a smile.

He guessed that Arthur would not do anything about Kai, and he most certainly would not punish the latter. As such, it was a good excuse for them.

"So, who's going to tell Mr. Sanders?" asked Zion.

There was no way Zion would dare to. Every time he saw Arthur, he would tremble all over. He doubted he would be able to get a word out!

"As the President, of course, it's you. But, you can gather the rest of the prestigious families and go together so as to pressure Arthur," Skylar suggested.

"Me?" Zion was stunned.

"Why? Are you afraid?" There was a hint of mockery in Skylar's eyes.

After a moment of hesitation, Zion denied through gritted teeth, "Of course not! Why would I be afraid?"

Zion had brought with him the persons in charge from more than ten prestigious families to the Department of Justice. They wanted to get an explanation from Arthur.

Xavier reported to Arthur, "Mr. Sanders, Kai isn't dead. He's the one who annihilated people from more than ten sects or prestigious families. Now, Zion has brought the people in charge before you to demand punishment for Kai!"

"Let them in," said Arthur calmly.
Xavier nodded. Very soon, Zion and the others were brought in.

When they saw Arthur, all of them shivered in fear.

"Take a seat," said Arthur.

However, none of them dared to do so. The overwhelming pressure they felt when they met Arthur was too much for them to handle. They could barely breathe!

Seeing that none of them were sitting down, Arthur asked, "All of you are here to see me. What's the matter?"

Several of them dared not look Arthur in his eyes. When he spoke, many of them even looked down.

Zion, on the other hand, was looking at his congregation. Since no one dared to utter a word, he had no choice but to speak up.

"Mr. Sanders, Kai has destroyed over ten of the prestigious families in Warriors Alliance. Now, he's provoked us in public. We hope that the authorities will punish Kai and give us justice."

Zion mustered all the confidence he had. In truth, his heart was lodged in his throat.

"I'm aware of that issue!" Arthur nodded. "What else?"

Zion was taken aback before shaking his head. "N-Nothing else. We just want Kai to be executed. That's all."

"So, you brought so many people here just to tell me this?" inquired Arthur collectedly.
"Yes. They all hope that you can uphold justice."

At that moment, Zion's face was flushed, and his heart was pumping like crazy.

"All of you want the same thing?" asked Arthur as he swept his glance across the crowd before him.

Instead of answering him, they lowered their heads and held their breaths.

"Zion, I don't think they agree with you..." said Arthur when the rest of the group remained silent.

Zion panicked and immediately called out to them, "Say something! Mr. Sanders is asking all of you. Didn't we all agree on this before we came here?"

He was roaring at them furiously. Still, no one said anything. They just continued to keep their heads down.

Regardless of what Zion said, none of them supported him. Instantaneously, a cold sweat broke out on his forehead.

"Zion!" shouted Arthur.

"M-Mr. Sanders..."

Zion began to tremble because he knew that Arthur was infuriated.

"You brought so many people to the Department of Justice to pressure me. This is very audacious of you!"

Arthur's voice turned cold before he waved his hand lightly.

A massive wave of energy rushed at Zion. Before he could react, he was sent flying before crashing to the ground with a heavy thud.
