A Man Like None Other Chapter 2071

A Man Like None Other Novel

Sherman fled to Morgan's room, for the latter was the only one who could save him. As he watched the members of Crafting Clan charge at him, Kai had no intention of showing any mercy.

Given that Sherman had allied with Skylar to go against him, everyone at Crafting Clan was naturally his enemy, and mercy was something his enemies didn't deserve. A single wave of Kai's hand ignited a golden flash that blasted a Greater Martial Arts Marquis back.

The rest of the attackers kept their distance while activating their magical items which emitted a blistering glow and struck Kai with waves of magical attacks.

As Crafting Clan was famous for crafting magical items, the weapons held by their members were naturally a cut above the rest. Nonetheless, despite the sheer volume of the attacks, Kai was unfazed by them.

The effects of the magical items were futile in the face of overwhelming power. In his counterattack, Kai pushed both of his palms forward, unleashing an aura that engulfed the building. Every palm strike could kill a member of Crafting Clan, and Kai fired them out indiscriminately.

Soon, the magical items were shattered into pieces by the vibration of Kai's aura. Their wielders were vomiting blood from the grievous injuries suffered. Some had their chests crushed, while others had all their bones fractured. It was clear that not a single one of them was going to survive.

Within a few short minutes, more than ten attackers had turned into corpses that lay on the ground. The sight filled Skylar, who was watching nearby, with complicated emotions.

Without sparing the dead members of Crafting Clan a glance, Kai continued his pursuit of Sherman. Shortly after, he caught up with the latter by tracking the aura he emitted.

Sherman was dumbfounded the moment he realized Kai was coming from behind. How can he catch up so quickly with more than ten members of Crafting Clan standing in his way?

"Help me, Mr. Yandle! Help me!" Sherman screamed. Morgan quickly emerged from his room and asked the panicking Sherman, "What's wrong, Mr. Sherman?" "Mr. Yandle, Kai is trying to kill me. You have to save me, please..."

The terrified Sherman hid behind Morgan, who turned to face Kai with a frown. "Why have you trespassed on Crafting Clan and beat up our men?" When Kai threw Morgan a glance, he noticed that the latter was a beginner-phase Greater

Martial Arts Marquis, weaker than some of the Crafting Clan members earlier. He couldn't figure out why Sherman had sought his help. Evidently, Morgan was no match for him at all.

"I just came here to borrow the Divine Scroll and didn't expect Sherman to work with others to set me up. Unfortunately for him, I'm a vengeful person," Kai asserted in a frosty tone.

"Borrow the Divine Scroll?" Morgan burst into laughter upon hearing Kai's reply. "Do you think anyone can just walk in here and borrow it? Why don't you look at yourself in the mirror first?"

Morgan's face darkened, and his body trembled abruptly. Out of his sleeves flew multiple reels of long metal chains with serrated tips, making them look like pythons baring their fangs.

Kai quickly understood that though Morgan wasn't powerful, he was an expert in magical items. "Since you refuse to lend it to me, I have no choice but to take it by force."

With that, Kai disappeared in a flash as he lunged at Sherman. As long as he could capture Sherman, Kai was confident that Crafting Clan would hand over the Divine Scroll.

In response, Morgan shot out his chains, forming a huge net to capture Kai. "Hmph, what a fool," Kai sneered when faced with the python-like chains.

There was no way magical items could make up for the huge gap in power between the two of them. With both his glowing hands, Kai grabbed the chains and began to pull them apart.

What looked to be reels of unbreakable chains instantly snapped and dropped to the floor as Kai tore them as if it was child's play. The ease with which Kai broke free caused Morgan's eyes to widen in disbelief. "Mr. Sherman, where's the Golden Calabash?"

Morgan instantly knew that the situation demanded its use. Without a moment's delay, Sherman handed it over. Upon taking it in his hands, Morgan injected his aura into the Golden Calabash.

The object emitted a purplish glow before a terrifying aura burst out from within. Sensing its power, Kai furrowed his brows. "A high-grade magical item?"

He immediately activated Golem Body to its highest level as a precaution. As the Power of Dragons swirled around him, a golden dragon took form in the air behind him.

Kai's transformation elicited a grim expression from Morgan. Since backing down was not an option, he had no choice but to take the risk. He continued to activate the Golden Calabash, enveloping every corner of Crafting Clan with a terrifying aura.

Thereafter, blistering light-similar to fire arrows-began shooting out from the calabash. Every single one of them carried within the power of a Martial Arts Saint. Kai clenched his fists in response, and the swirling dragon let out a fearsome roar..

"Shatter!" Kai fired out a barrage of punches. The energy unleashed would transform into a golden dragon.

Boom! Boom! Boom! Thundering explosions resulted from the clash between the two attacks. The ensuing shockwave caused the building to shake violently, the surrounding buildings to collapse, and the ground to crack open.

Even the mountains from afar experienced landslides with giant boulders tumbling down their sides. Morgan's face turned pale as he threw out a mouthful of blood. The Golden Calabash subsequently disappeared altogether. Seeing that the battle was over, Kai withdrew the Power of Dragons with a scowl.

"Mr. Yandle... Mr. Yandle..."

Sherman hurried to Morgan's side to support him. Step by step, Kai approached the two of them. "Hand over the Divine Scroll and you might still get to live."

Kai's frosty expression and the murderous look in his eyes caused Sherman to regret working with Skylar. Why did I go against Kai with Skylar? If I had known Kai was this strong, I wouldn't have agreed to do it regardless of the magical items he promised me.

Unfortunately, it was too late for regrets. On the brink of tears, Sherman explained, "I-| really don't know where the Divine Scroll is. My father has it."

Ignoring Sherman's pleas, Kai lifted him off the ground by grabbing his collar. "I'll ask you one more time. Where's the Divine Scroll?" By then, Sherman was already encapsulated by Kai's murderous aura.

It sent a chill down his spine and made him feel as if he had fallen into a bottomless abyss. Scared senseless by the sensation, he could barely eke out another word.

“It’s true that Mr. Schneider has kept the Divine Scroll. We have no idea where it is. We can’t help you even if you kill us,” Morgan interrupted. Convinced that both of them knew nothing, Kai ordered, “In that case, bring me to him.”

“He’s refining weapons in seclusion. There’s no way to see him until he’s done. You’ll have to wait a few more days. He’ll be out in less than ten,” Morgan explained frantically, worried that Kai would kill Sherman in a fit of rage..

Finally, Kai let out a sigh before throwing Sherman to the ground. “Once he’s out, tell Mr. Schneider that I came by to see him.” With that, Kai grabbed the Golden Calabash from Morgan’s hands and left..

He couldn’t leave empty-handed, so he took the Golden Calabash from Crafting Clan, considering it compensation. Neither Morgan nor Sherman dared to utter a single word when they saw Kai walking away with the Golden Calabash. Upon seeing Kai had returned, Flaxseed asked anxiously, “How did it go? Did you find the Divine Scroll?”

Kai shook his head. “It seems that we still need that fellow to bring us to the secret realm. Fortunately, you stopped me from killing Skylar just now.” “Then what should we do now?” Flaxseed asked.

“Let’s go back first. If we want to get our hands on the Divine Scroll, we need to wait for Mr. Schneider to come out of seclusion. We’ll just get Skylar to help us open the entrance to the secret realm first. If that doesn’t work, we’ll pay another visit to Crafting Clan.”

With that, Kai grabbed Skylar. At that moment, Skylar was so heavily injured that Kai could just lift him up and leave. Kai and Flaxseed returned to Jadeborough. Although they didn’t get the Divine Scroll, they managed to capture Skylar. It was still a worthwhile trip. Besides, they even got their hands on the Golden Calabash. However, Kai didn’t have much use for the Golden Calabash because of his advanced capability.

“Mr. Flaxseed, since it was tiring for you to go to Crafting Clan with me, I’m giving you a gift,” Kai said, Flaxseed froze momentarily before looking at Kai warily. “What are you doing? Why are you giving me a present all of a sudden? You know I’m only interested in women..”

Kai was stunned for a second. He then laughed and chided, “What are you on about? I took a magical item from Crafting Clan. I don’t need it, so I’m giving it to you.”

“What? You stole a magical item from Crafting Clan after you trashed the place?” Flaxseed was surprised. “Steal? Oh, please. I didn’t steal. I robbed.” Kai chuckled.

Flaxseed laughed out loud as well. The moment Kai whipped out the Golden Calabash, Flaxseed stopped laughing and stared at the Golden Calabash in shock.

“That’s... That’s the Golden Calabash! That’s a high-grade magical item!” Flaxseed exclaimed. “Duh! Why would I bother taking a magical item if it was otherwise? So? Do you want it or not?” Kai asked haughtily.

“Yes! Why wouldn’t I want it?” Flaxseed snatched the Golden Calabash away, hugged Kai, and kissed him. Kai shoved Flaxseed aside. “Hey! I only like women.”

“Thank you so much, Kai. This item is even more important than women.” Flaxseed chuckled. “What’s more important than women?” Jessica appeared out of nowhere.

Upon seeing Jessica, Flaxseed immediately answered, “Whatever that item is, it’s definitely not as important as you. I’ve been missing you dearly over the last two days!”

With that, Flaxseed carried Jessica away. Kai was rendered speechless. He then went to the room Skylar was kept in. He couldn’t help but smile coldly when he saw Skylar looking sluggish and curling up weakly.

“Just kill me, Kai. There’s no point in keeping me here. I can’t open the entrance to the secret realm. I’m nothing but a pawn for Evil Heart Sect. They won’t tell me the spell to open the entrance to the secret realm!” Skylar would rather die than live in fear, for that was the worst way to live.

Kai lighted a cigarette and uttered calmly, “Why do you want to die so badly? Even if you can’t open the entrance to the secret realm, I’m still keeping you around because I want to see if Evil Heart Sect values you. Since your special physique has been developed, I believe that Evil Heart Sect will definitely not treat you as an ordinary pawn. Otherwise, you wouldn’t have grown so rapidly!”

Regardless of whether Skylar could open the entrance to the secret realm, Kai had no choice but to try it. If I don’t give it a try, I’ll have to wait ten days to borrow Divine Scroll from Mr. Schneider.

Skylar smiled bitterly when he heard that. He rose to his feet by putting one hand on the wall for support before reaching out his hand toward Kai. Kai knew what Skylar wanted, so he gave Skylar a cigarette and lit it up for him.

Skylar took a deep puff of the cigarette and blew out a thick cloud of smoke. "You're underestimating Evil Heart Sect. Evil Heart Sect is stronger than anything you've seen before. I'm merely a pawn of theirs."

Having said that, Skylar continued smoking. "Is Evil Heart Sect stronger than Baal?" Kai asked. "Uh..." Skylar was at a loss for words. I've seen how strong Baal is, and Evil Heart Sect is definitely not as strong. After going quiet for a while, Skylar said, "Still, you aren't capable of destroying Evil Heart Sect."

"Is that so?" Kai flashed a faint smile and blew out a cloud of smoke. "I'm going to let you live so that you can watch me defeat Evil Heart Sect. I know you're utterly dissatisfied, but I'll make you accept the reality! It doesn't matter how special your physique is because you'll never defeat me. Never."

Kai tossed his cigarette away and turned around to leave. Skylar stared at the cigarette between his fingers and fell into deep thought. Early the next morning, Kai ordered Godrick to bring Skylar to the entrance of the Evil Heart Sect's secret realm.

Kai, Flaxseed, and Jessica rushed to the scene after that. Jessica slightly waved her hands, and the entrance to the secret realm appeared. However, they couldn't enter without the spell.

"Open the entrance to the secret realm," Kai said to Skylar. "I told you I can't open it. I'm merely a pawn. I don't know the spell." Skylar shook his head. "Open it." Kai ignored Skylar's words. "I can't. I-"

Skylar wanted to further explain himself, but Kai suddenly patted Skylar's shoulder and shot a burst of spiritual energy into Skylar's body. Soon, Skylar felt as though thousands of ants were biting his heart away, and his face contorted with pain.

It was so painful that Skylar started screaming in agony. I want to die! Dying is not as torturing as this! Unfortunately for him, he had to endure the pain.

"Open the entrance, and I'll let you go," Kai said while looking down at Skylar. "I... I really don't know how. I'm telling the truth... Kill me! Please!" Skylar begged.

"I'm not killing you. I want you to watch me destroy Evil Heart Sect," Kai replied coldly. Everyone watched Skylar crying out in agony, and none of them felt bad for him. Right then, there was a sudden commotion at the entrance, and a figure showed up before the people at the scene.

"Mr. Malphas! Please save me, Mr. Malphas!" Skylar screamed at the figure. In fact, Skylar seemed to have seen a glimmer of hope when he saw the figure in front of him.

However, Malphas ignored Skylar and shot Kai a cold glance. While exuding at domineering aura, Malphas said, "Let him go, Kai. Otherwise, your girlfriend will be in danger."

"If you want me to let him go, release my girlfriend, Kai said to Malphas. "Do you think you have the right to bargain with me? Skylar is a small fry, and Evil Heart Sect doesn't care about him. Your girlfriend, on the other hand, is at our mercy."

Malphas waved his hand, and a scene of Josephine being imprisoned appeared in mid-air.

Kai's eyes were filled with rage when he saw Josephine. He was clenching his fists and gritting his teeth. While holding Skylar's head, Kai glared at Malphas. "Let my girlfriend go, or I'll kill him right now."

Malphas sneered, "Go on. He's nothing but a piece of trash. He doesn't serve Evil Heart Sect any purpose. However, your girlfriend is very important to you."

Then, a man dressed in a black robe appeared next to Josephine with a whip in his hand and started whipping Josephine. Although Kai couldn't hear anything, he could clearly see that Josephine was in an immense amount of pain.

Seeing that Josephine was being tortured right in front of his eyes, Kai started trembling, and his heart was bleeding. All of a sudden, Kai's terrifying murderous intent filled the air and enveloped half of Jadeborough.

Several martial arts families quickly ran out of their houses in fear because none of them had ever felt such an intense wave of murderous intent. At the Department of Justice, Arthur frowned and looked in the direction where the Warriors Alliance was. "When will Kai ever learn to control his temper? If this goes on, others can easily take advantage of it."

"Mr. Sanders, if you're so worried about Kai, why don't you help him?" Xavier asked in bafflement. Mr. Sanders is always worried about Kai. He's more than capable of solving Kai's problems for him. Why doesn't he just do that?

"I can't help him for the rest of his life, can I? He needs to solve his problems on his own. After all, it's his life, and this is his destiny." Arthur let out a sigh and went back to his room.

At that moment, Kai was staring at Malphas ferociously like a madman. "F*ck you! I swear I'm going to kill all of you," he declared and dashed toward Malphas.

Boom! Kai thought he had knocked Malphas down, but he ended up running through and breaking an illusion of Malphas' body into pieces.

"Haha! Listen to me, Kai. If you kill Skylar, your girlfriend will suffer from a worse form of punishment than whipping," Malphas said icily before the illusion of his body vanished.

Kai saw red immediately, but his hands were tied. Although he was dying to go on a killing spree, he couldn't do so because he still couldn't enter the secret realm.

"Kai, you must stay calm. It's so obvious that the old man was provoking you!" Flaxseed urged when he saw that Kai was on the verge of losing his temper.

"Stay calm, Kai..." Godrick quickly advised as well. Kai gradually calmed himself down, and the fury in his faded away. I still can't get in... Kai stared at the entrance of the secret realm and sighed. "Let's head back."

Kai walked up to Skylar and kicked him fiercely before going back to Deragon Sect. Needless to say, Kai knew how important Skylar was to Evil Heart Sect. If that wasn't the case, Malphas wouldn't have appeared and threatened to hurt Josephine.

Although he kept saying how insignificant Skylar was, he was warning me against killing Skylar. Even if Evil Heart Sect didn't warn me against doing so, I would still let Skylar live. After all, I want him to watch how I take Evil Heart Sect apart. I'll gradually push Skylar toward having a mental breakdown.
