

The Mans Decree Chapter 2401 -

Meanwhile, Yashur was filled with anxiety. I must act immediately if Mr. Chance gets in trouble! “Kai, I didn’t expect you to be so strong. Nevertheless, you’re still going to die today!” Wrey thundered.

The countless flying swords started to combine to form a giant golden sword. As the giant sword swung toward Kai, the light it emitted instantly filled the entire valley. “Mr. Chance!” Yashur knew Kai was in danger and wanted to help out.

“Don’t move!” Kai demanded. I need to face Wrey on my own and kill him in front of all the people from the hidden realm. That’s the only way to make them frightened of me!

Yashur didn’t dare to disobey Kai, but he couldn’t stop his heart from thumping violently when he saw the golden sword getting closer and closer to Kai.

However, Kai remained rooted to the spot. and used his Ultimate Force to shield his body. Let’s see how strong my Ultimate Force is! “Why isn’t Mr. Chance dodging the attack?” Skyler asked in puzzlement. At that moment, no one knew why Kai wasn’t dodging Wrey’s attack.

Boom! The giant sword struck the ground, stirring up gusts of sand and gravel. Kai seemed to have vanished into thin air under the sword. When the dust settled, Kai was still nowhere to be seen.

“Where is Mr. Chance?” Archer was baffled. The others were also stupefied when they saw that Kai was missing. There should be a corpse even if he had died, no?

“Haha! My attack is strong enough to reduce everything to dust! Kai’s corpse had turned to dust!” Wrey laughed like a maniac because he thought his move had turned Kai into dust. / can’t believe Kai actually stood there and waited for me to strike him! He was eager to die!

While everyone was puzzled, a figure appeared somewhere over a hundred meters away. “Mr. Chance!” Skyler shouted when she saw Kai. There and then, everyone at the scene immediately turned to look at Kai, who was completely unharmed, standing a distance away.

Yashur felt relieved when he saw that Kai was fine. Wrey, on the other hand, was dumbfounded and in utter disbelief. What? Is Kai unharmed? This is impossible! It's impossible!

Wrey couldn't believe his eyes. Kai glanced at Wrey with a smirk on his face. All of a sudden, a bow appeared in Kai's grip. Afterward, Kai gradually drew the bow with his right hand. As the bowstring was slowly stretched taut, everyone at the scene could sense the surrounding aura converging toward the bow.

Soon, a golden arrow gradually appeared, The arrow was pointed at Wrey. Although Wrey was standing more than a hundred meters away, he could feel the terrifying aura coming from Kai's Divine Bow.

"What bow is Mr. Chance carrying in his hand? Why does it have such a horrifying aura?" Matthew was in shock. Yashur could merely shake his head in response because even he, an Eight Level Martial Arts Sovereign, had never seen such a weapon. As a matter of fact, he even felt intimidated when he felt the oppressive energy the Divine Bow carried.

Whoosh! Kai unleashed the golden arrow, and it flew toward Wrey like a bullet. Seeing that, Wrey quickly formed a shield to protect himself by unleashing an incredible amount of martial energy.

Unfortunately for Wrey, the golden arrow pierced through the shield with ease and penetrated his body. After that, the golden arrow disappeared.

Wrey jumped in alarm, but when he lowered his gaze, he noticed that there wasn't even a wound on his body. Feeling no pain whatsoever, he laughed boisterously and exclaimed, "It seems like that was merely a bluff! It didn't even hurt me!"

The rest were also bewildered. Kai's arrow looked terrifying! How did it not cause Wrey any harm?

The Mans Decree Chapter 2402 -

Kai let out a cold chuckle and slowly walked toward Wrey. Right after Kai had taken a few steps forward, Wrey suddenly stopped laughing. Following a loud bang, Wrey was blown up into pieces. Everyone was stunned when they saw blood splattered everywhere.

It was important to note that Wrey was one of the strongest individuals in the hidden realm. As a Sixth Level Martial Arts Sovereign, everyone knew how strong he was. Otherwise, no one would be willing to obey him.

Yet, they had just witnessed Wrey getting killed by a single arrow from Kai. Kai glanced at the Divine Bow in his hand as excitement filled his heart. It seems like Divine Bow is much stronger than I thought it was.. Apart from Divine Bow, I also have Dragon Bell. I won't have to be afraid of anyone if I can utilize Dragon Bell, too!

"Your bow is amazing, Mr. Chance!" Envy was written all over Archer's face. "This is Divine Bow. With this bow, I can kill everyone in the hidden realm, let alone Wrey," Kai replied flatly.

The faces of those from the hidden realm were drained of all color. Having witnessed how Kai single-handedly killed Wrey, no one dared to utter a single word. We can't afford to offend Kai! Besides, he has Yashur on his side. If they join forces, they can slaughter all of us within seconds!

"Mr. Chance, you're only a Sixth Level Martial Arts God, but you managed to kill Wrey. That's incredible..." Even Yashur was caught by surprise because he didn't expect Kai to be so strong.

"Sixth Level Martial Arts God?" Kai flashed a smile before unleashing all of his Ultimate Force. Instantly, the entire valley was enveloped by an invisible force of oppressive energy. At the same time, everyone noticed that Kai's cultivation level and aura were increasing rapidly.

"Seventh Level Martial Arts God?"

"Eighth Level Martial Arts God?"

"Top Level Martial Arts God?"

The cultivation level continued to rise. While Kai's cultivation level increased, so did the intensity of the energy enveloping the entire valley.

In the end, everyone at the scene was pinned to the ground by the energy. Even Yashur, an Eighth Level Martial Arts Sovereign, was forced to lie flat on the ground. He looked at Kai in horror.

After an indefinite amount of time, that petrifying wave of energy slowly dissipated. Only then could the crowd breathe a sigh of relief and rise to their feet.

The oppressive energy Kai unleashed killed the weaker disciples of the hidden realm on the spot, crushing their organs in the process. Even Hugh, Isaac, and the other sect leaders were injured and gasping for air. At that moment, Kai seemed to have undergone a complete transformation, and his skin had become smooth and crystal clear.

With his new cultivation level, Kai was so strong that not even a strong fighter like Yashur could hurt him. He didn't even need to activate his Golem Body to protect himself.

"Mr. Chance, a-are you a Manifestor?" Yashur was in disbelief. Kai kept mum and clenched his fist before: throwing out a powerful punch. His punch sent out an enormous amount of energy that transformed into a ray of light toward the sky.

Within seconds, a few more rays of blinding light shot out, and a series of rumbling noises echoed throughout the area. Evidently, Kai's punch had pierced through the valley and formed a passage that led directly from the bottom of the abyss to the secret realm.

The sight shocked everyone present, and they were all looking at Kai as if they were looking at a monster.

"I'm on the verge of getting there. Nonetheless, I won't be scared to fight a Manifestor now." Kai shook his head slightly. Instead of a Manifestor, I'm still only a Top Level Martial Arts Sovereign. Be that as it may, I can defeat a Manifestor rather easily because I have Divine Bow and Dragon Bell.

"Ultimate Force is indeed useful. It seems like Hadad didn't lie to me." Kai felt grateful toward Hadad.

The Mans Decree Chapter 2403 -

"Please spare me, Mr. Chance! Please have mercy!" Hugh dropped to his knees and begged Kai for mercy. Since Kai was currently stronger than Yashur, those people knew they were at Kai's mercy. It was safe to assume that Kai wouldn't be letting them off the hook that easily when they had been relentlessly hunting Kai down.

“Please have mercy, Mr. Chance! It was all Wrey’s idea!” Everyone dropped to their knees at once. Even Yona and Isaac had their heads lowered as they implored Kai for forgiveness.

Upon hearing their pleas, Kai cast a glance at the people from the hidden realm. Well, I never planned to kill them, but I can’t let Isaac and Yona go free. These two men are evil. Yona and his men almost wiped out Luminous Sect. Mr. Campbell is eager to skin him alive, so I can’t let Yona live. Meanwhile, Isaac had been in cahoots with Yona. He even tried to sexually assault Skyler. If Yashur didn’t get there in time, Isaac would’ve taken advantage of Skyler!

“Stand up, everyone. I won’t kill you. I’m letting all of you live,” Kai uttered casually. Everyone was thrilled when they heard those words, and they thanked Kai profusely. With an ingratiating look on his face, Hugh uttered, “Thank you, Mr. Chance! We’re willing to obey you and be at your beck and call!”

“I won’t kill you, but I need you to do something for me,” Kai said. “Go ahead, Mr. Chance! As long as it’s within our capability, we’re willing to do whatever you want us to do,” Hugh quickly replied.

“I want you guys to wipe out Alchemical Sect and Scorching Heaven Sect. Kill Isaac and Yona. Once you’ve done that, you’ll have my forgiveness,” Kai revealed his condition. Hearing that, Hugh nodded fervently and promised, “Don’t worry, Mr. Chance! Those two men are despicable. We’ll get rid of them now.”

Isaac and Yona trembled in fear when they heard that. Both of them began to grovel at Kai’s feet and beg, “Please let us live, Mr. Chance! Please have mercy!”

In response, Kai remained expressionless. Hugh noticed the look on Kai’s face and said to the other members of the hidden realm, “Let’s team up to kill these two fellows! Let’s do it to earn Mr. Chance’s forgiveness!”

With that, Hugh took the lead and dashed toward Isaac and Yona, The others followed suit upon seeing that. They were all determined to give their all to kill Isaac and Yona.

Isaac and Yona had no choice but to defend themselves along with their disciples. In the meantime, Kai, Matthew, and Yashur watched the fight in silence.

It didn't take them long to wipe out Alchemical Sect and Scorching Heaven Sect. Needless to say, Isaac and Yona were also smashed into two bloody pulps..

"Mr. Campbell, you'll be in charge of the entire hidden realm and this secret realm. I'll leave Yashur here to help you. I hope you can restore Luminous Sect to its former glory," Kai said to Matthew. With Isaac and Yona dead, it's fair to say Luminous Sect has gotten its revenge. Yashur will stay here, so I doubt the members of the hidden realm will have the balls to mess around.

"Where are you going, Mr. Chance? We have an abundance of resources here. Why don't you stay for a while longer and cultivate here?" asked Matthew upon realizing Kai was about to leave.

"I have other matters to deal with, so I need to leave. We'll meet again!" Kai flashed a faint smile. "All right, then. Mr. Chance, if you need our help with anything, feel free to let us know!"

Matthew said. Kai nodded in response and gave Yashur some instructions. After that, he leaped into the air, transformed into a streak of light, and dashed out of the valley. Upon leaving the secret realm, Kai went to Jadeborough to check on Josephine and the rest, who were trapped in Divine Quest Sect.

The Mans Decree Chapter 2404 -

Upon returning to Jadeborough, Kai could not help becoming emotional. He realized he had been away for quite a long time. Initially, Kai had planned to go directly to the Divine Quest Sect's secret realm to check on Josephine and the others, but the moment he arrived at Jadeborough, Astrid brought him straight to the Gunderson residence.

Kai was utterly shocked when he arrived at the Gunderson residence and laid eyes upon Chester, Evangeline, and the rest of the Gundersons residing in Fernando's mansion. It was unusual for them to venture out of the secret realm unless faced with an urgent situation.

"Great Elder, why did you guys leave the secret realm? What happened?" Kai asked in disbelief. The fact that Chester led the Gundersons out of the secret realm meant they would face the repercussions of defying the Heavenly Law, greatly affecting their powers and abilities..

Upon noticing Kai, Chester was overcome with emotions, his tears flowing uncontrollably. “Mr. Chance, we, the Gundersons, have lost our land...”

“What exactly happened?” Kai knitted his brows. “Lamar Macall from Zahrin Sect suddenly launched an attack on us. Not only did they target our Gunderson family estate, but The Adamantine also suffered heavy casualties. Lamar turned out to be a purple-robed emissary from Evil Heart Sect. In fact, he and his men had long allied with Evil Heart Sect years ago, Chester explained.

Kai’s mind buzzed with disbelief. He had never expected Evil Heart Sect’s influence to infiltrate the Eight Major Secret Realms! Lamar is also a purple-robed emissary?

“Did that only happen to the Gate of Fire? How about the other secret realms?” Kai asked. His foremost concern was his mother, who resided in Violet Cloud Palace within the Gate of Thunder. It would be troublesome if the Gate of Thunder also falls into chaos, or if Santiago, too, is a purple-robed emissary from Evil Heart Sect.

“I’m not entirely certain about the other realms, but it’s highly likely that Lamar isn’t the only one from the Eight Major Secret Realms that are in cahoots with Evil Heart Sect. They might have other allies in the other realms too. Evil Heart Sect is formidable. I can’t believe they had begun their scheming several decades ago.” Chester sighed.

Kai fell into deep silence, realizing the gravity of the situation. If his suspicions were true, it would be an arduous task to eradicate Evil Heart Sect.

He contemplated the situation deeply, acknowledging his own considerable increase in power. However, he could not ignore the stark reality of the limited number of skilled allies by his side. If Evil Heart Sect had indeed infiltrated the Eight Major Secret Realms and taken control, it would present an even more formidable obstacle for them to confront. “Great Elder, how many disciples does your family still have?”

Kai inquired, seeking to assess the remaining manpower at his disposal. Chester appeared dejected as he responded, “Only a few of us were able to escape. The situation is similar for The Adamantine. However, even if we join forces, it would be an incredibly challenging task to reclaim the Gate of Fire.”

Kai's mind raced as he contemplated the dire situation. A throbbing headache intensified as he grappled with the reality that his loyal followers from the mortal realm would be ill-equipped to contend with adversaries from the secret realm.

"Kai, if you need assistance, we're willing to lend you a hand." Suddenly, Cecilia arrived with a group of women. After receiving guidance from Arthur, they underwent a remarkable transformation. Their strength had grown to a point where they could provide significant assistance to Kai.

"You?" Kai gazed at Cecilia and the others with a hint of confusion, "Well, girls, I suppose we'll have to show him what we've got so that he'll quit underestimating us," Cecilia exclaimed, leading the other girls to demonstrate just a fraction of their power to Kai.

Kai was left speechless as he witnessed the strength of Cecilia and her companions. However, upon discovering that they had been guided by Arthur, Kai immediately understood where their confidence came from.. After all, Arthur was the one person who remained an enigma to Kai.

To this day, Kai remained clueless about Arthur's level of cultivation. Whenever Kai felt his own power expanding and his confidence growing, Arthur would ruthlessly suppress him, serving as a constant reminder of his limitations.
