

The Mans Decree Chapter 2421

Kai fell silent after hearing what Beatrice said. Should I hate this father whom I have never even met? I don't get it... Why would he abandon his wife and son? What kind of person was he?

He wanted to tell Beatrice about Dragon Sect, but he didn't want to worry her unnecessarily. "It's getting late, Mom. You should get some sleep," Kai said as he stood up and got ready to leave.

"Don't forget that I'm waiting to have grandkids, Kai. Now that you have so many girlfriends, I'm sure you'll be able to have some kids with them!" Beatrice reminded him.

"I know, Mom," Kai replied with a nod. Since Kai had successfully rescued Beatrice, there was no need for him to hold back anymore. Although he had done the deed with Feenix, Kai felt bad when he thought about Josephine.

After all, Josephine was his first girlfriend, and yet, he was unable to save his first time for her. Kai then decided to make a trip to Divine Quest Sect's secret realm to visit Josephine, Melanie, and the others.

He was about to head out the next morning when Cecilia stopped him. She knew that Kai would surely go visit Josephine after returning to Jadeborough.

"You can't go, Kai! Things have changed now! You remember how powerful Tanner is, don't you? What if you get detained in that secret realm when you visit Josephine? Do you think that you are currently powerful enough to escape Tanner? Right now, you should focus on getting stronger and deal with Evil Heart Sect's forces!" Cecilia said.

Thanks to her leadership experience, Cecilia sounded really convincing and persuasive. That, combined with her beautiful appearance, melted Kai's heart instantly.

"All right; I'll do as you say and focus on dealing with the Eight Major Secret Realms to eliminate all the purple-robed emissaries," Kai replied with a nod. "I think you should go see Mr. Sanders. He might be able to lend you a hand," Cecilia suggested. Kai nodded once again. "Sure thing!" Since Kai still lacked the power to rescue Josephine and the others, he decided to take Cecilia's advice.

In order to rescue Josephine and the others, Kai would have to destroy the Spiritual Energy Restoration Formation. Given his current power level, Kai was no match for Tanner of the Evil Heart Sect at all. Xavier was waiting at the front gate when Kai showed up at the Department of Justice.

“Looks like Mr. Sanders was right. He figured you would come to see him after returning to Jadeborough, Xavier said with a smile..

“Mr. Sanders knows I’m back?” Kai was a little surprised. “Of course! He knows pretty much everything that goes on in Jadeborough! Here, come with me,” Xavier replied as he led Kai straight to Arthur’s office.

After entering the office, Kai realized that something was off about Arthur. Upon closer inspection, he sensed that Arthur’s aura was lacking something.

“Are you ill, Mr. Sanders?” Kai asked. Arthur shook his head and motioned at Xavier to leave them. “Take a seat...” Arthur then waited for Kai to sit down in front of him before continuing, “Looks like it has been a fruitful trip, huh?”

Kai nodded, “Indeed. I became a lot more powerful and got some divine weapons too.”

“Those divine weapons can only unleash ten percent of their full power in your hands. You will have to work a lot harder!” Arthur said with a smile. “You know what I have, Mr. Sanders?” Kai exclaimed in shock and confusion.
