

## THE MAN'S DECREE

**A Man Like None Other Chapter 3761**-"Sister Binglu, look who that is!"

At this time, a saint discovered Chen Ping sitting on the roof meditating, so she hurriedly said!

When Binglu saw Chen Ping, she suddenly turned her eyes and whispered to the other saints!

After hearing this, the other saints all waved their hands!

"Sister Binglu, please stop making trouble. If the palace master finds out about this, we will definitely be punished."

A saint said in fear!

"What are you afraid of? We will set off tomorrow. We don't know whether we will live or die yet. The palace master will not punish us."

"We are just testing this guy, as long as we don't hurt him. If the palace master doesn't say that we are no match for this guy if we join forces, I want to give it a try!"

Binglu said with disdain in her eyes!

"Well, everyone should be careful, but don't make a fatal move!"

The saints nodded!

A dozen saints quietly approached Chen Ping!

These people all restrained their breath and concentrated their attention, not wanting to let Chen Ping get away from him!

As soon as they came back, they were actually discovered by Chen Ping!

But Chen Ping didn't expect that these saints would actually attack him!

Soon, a dozen figures headed towards Chen Ping like lightning!

Chen Ping frowned slightly, and just when Binglu and the others arrived behind Chen Ping, Chen Ping's figure suddenly disappeared!

These saints were all stunned, a little unbelievable!

Chen Ping was clearly right in front of them, but when they took action, Chen Ping was nowhere to be seen!

“Are you not convinced?”

At this time, Chen Ping's voice came from not far away!

Just now, Chen Ping used the Fire Control Step and appeared not far away in an instant!

“Yes, we are not convinced. I don't believe you can defeat saints like us.”

Binglu looked at Chen Ping and said coldly!

“It's not that I beat you, but if you join forces, you can't hurt me at all. Do you understand?”

Chen Ping smiled lightly!

“Arrogant...”

Binglu grabbed it, and the cold air between heaven and earth condensed directly into a frost sword in Binglu's hand!

When the other saints saw this, they took advantage of the situation and condensed the cold air between heaven and earth into frost swords!

More than a dozen frost swords headed towards Chen Ping together!

Chen Ping knew that these saints would not be able to obey the arrangements without showing some real skills!

I saw Chen Ping's body flashing with golden light, and his indestructible golden body instantly covered Chen Ping's whole body!

Facing more than a dozen frost swords, Chen Ping refused to dodge and planned to use his indestructible golden body to resist!

Chen Ping's indestructible golden body, coupled with his strong body, could easily block the attacks of these dozen saints!

After all, these saints are only at the sixth level of the Tribulation Realm!

Boom boom boom.....

More than a dozen frost swords struck Chen Ping's body in unison, making a huge explosion!

The air waves rolled and the void twisted!

More than a dozen frost swords all shattered instantly after touching Chen Ping!

But Chen Ping stood intact, with a faint smile on his face!

Looking at the broken frost sword, all the saints were stunned!

They looked at Chen Ping in disbelief!

"How...how could this happen?"

Binglu's face was full of confusion. She couldn't believe that a dozen of them who were in the sixth level of the Tribulation Realm could not hurt Chen Ping, who was in the third level of the Tribulation Realm!

He was motionless and let them hit him, but he couldn't be hurt?

This huge gap makes it difficult for all the saints to accept!

"I've said it before, you are no match for Mr. Chen if you join forces. You must humiliate yourself. Do you understand now?"

The Lord of Guanghai Palace is here!

Seeing the palace master coming, these saints all became anxious!

"Why don't you apologize to Mr. Chen quickly? He just stood there and asked you to take action. If he had fought back, I'm afraid you wouldn't be able to stand here anymore."

The palace owner said sharply!

Binglu and those saints now truly know how powerful Chen Ping is!

“Mr. Chen, I’m sorry. We were blind and failed to see that Mr. Chen turned out to be an expert!”

Binglu hurriedly followed Chen Ping to apologize, and it was a sincere apology!

**A Man Like None Other Chapter 3762**-Chen Ping smiled lightly and did not blame these saints. He knew that after this time, these saints would not question him again!

“Go and have a good rest. We will set off tomorrow. All I can do is try my best to protect you. But the polar regions are dangerous and no one knows what will happen, so everything depends on you. The future development of Guanghan Palace also needs Yours.”

Chen Ping said to many saints!

“I sincerely follow Mr. Chen’s teachings!”

Binglu and the Saint went to rest!

“I see you were in a daze just now, what were you thinking about?”

After the saints left, the palace master asked!

When Chen Ping saw the Palace Master asking this, his face suddenly turned red. He was peeking at the Palace Master at first. Was he discovered?

“I am... I am looking at the moon in a daze. People’s birth, old age, illness and death are due to the passage of time, but it is difficult for us to see the passage of time. After all, it takes decades to change from birth to old age and death.”

“Monks like us can’t tell the changes of time. It’s easy to live hundreds of years. Even after a hundred years, our appearance may not change.”

“But when I just looked at the moonlight, I could clearly feel the change in time, because every minute and second, the position of the moonlight is changing, and the change in the moonlight is the change in time.”

“Although I understand the truth, it is difficult to understand the origin of time...”

Chen Ping said with a slight frown!

“You are just going through the tribulation realm. If you want to understand the origin of time, you are really going crazy. But the fact that you can say these words proves that you have indeed begun to have a preliminary understanding of the origin of time.”

The palace master was a little surprised after hearing Chen Ping’s words. Chen Ping had just crossed the tribulation realm, but he had already begun to think about the origin of time!

“Palace Master, you... have you realized the origin of time?”

When Chen Ping saw the palace master saying this, he asked!

If the palace master realizes the origin of time, then Chen Ping can ask for advice, which is much better than thinking like this!

The Palace Master smiled and shook his head quickly: “I have only comprehended the origin of ice. I have not yet comprehended the other origins. Where can I comprehend the origin of time? The perception of the origin of time is not like other origins. It requires personal experience of life and death. Only in this way can we understand the origin of Tao time more quickly.”

“Life and death? The rhyme of life and death?”

Chen Ping fell into deep thought. The palace master’s words were a bit profound, and Chen Ping couldn’t understand them for a while!

“Okay, don’t think about this anymore. Maybe you will understand when you have more experience and reach a higher level.”

“We are leaving tomorrow, so you should have a good rest. You have to be careful of the Mu family doing anything to you.”

The palace owner reminded Chen Ping!

“Okay, I’ll pay attention!”

Chen Ping nodded!

The palace owner turned around and left, but Chen Ping was still thinking about the palace owner's words!

“Boy, you have good qualifications, but you are actually quite stupid. If you want to truly understand the origin of time, you must truly understand life and death. The change of life and death is actually the flow of time. Life and death are the results, and time is the rule!”

Demon Lord Chiyun said at this time!

“Results, rules?”

Chen Ping's eyes suddenly burst out with a ray of light, as if a ray of sunlight was shining through the thick fog!

Chen Ping seems to have realized it!

Demon Lord Chiyun deserves to be from the Ninth Heaven, and he can tell the truth about Chen Ping with just one sentence!

The position change of the moonlight is the result, time is the rule!

The changes in the seasons of the year are the results, and time is the rule!

A person's life and death is the result, time is the rule!

Time is reflected in each item, and the results obtained are different, but they all abide by the rules of time!

“Senior, thank you...”

Chen Ping suddenly laughed!

**A Man Like None Other Chapter 3763**-After the words fell, Chen Ping's body made a soft buzzing sound, and the original power outside his body continued to flow and became stronger and stronger!

In Chen Ping's original space, a dim star began to slowly gain luster!

The stars at the origin of time are bright!

boom!

Suddenly a cloud floated in the sky, and under the moonlight, the cloud exuded colorful light!

One of the largest beams of light descended from him and enveloped Chen Ping's body!

This sudden vision instantly attracted many disciples from Guanghan Palace to come out to watch!

The palace owner had just returned to the room and ran out immediately!

Almost everyone jumped into the air to see where the colorful light was shining!

"Mr. Chen, why did this light hit Mr. Chen? What is this?"

"Could it be that Mr. Chen is making a breakthrough to survive the thunder tribulation? But the thunder tribulation cloud is not like this!"

Thunder disasters are filled with rolling thunder, lightning and thunder!

But in this cloud, there is nothing but bright light, and this light is very gentle. When it shines on the person, there is a warm feeling, just like being in the arms of mother!

"How could this happen? Has he really become enlightened?"

"Did you become enlightened just because of my words?"

The palace master's eyes were filled with incredulity!

Her understanding of the origin of time was only superficial. Even so, she still told Chen Ping everything she knew!

Who would have thought that Chen Ping would actually realize it!

The palace owner didn't know that Chen Ping didn't realize it after listening to her words!

“Palace Master, what did Mr. Chen realize?”

Binglu asked curiously!

“The origin of time...” The palace owner said in a low voice with shock in his eyes!

“The origin of time?”

Binglu couldn't understand it. After all, she had never even understood the origin of ice, let alone the origin of time!

“You won't understand. It seems that Mr. Chen is a real genius, a real chosen one.”

“You must stay by Mr. Chen's side during this polar trip. This may be the most beneficial time in your life. I'm afraid you won't have the chance in the future.”

“You must know how to cherish it. If I hadn't had a fate with Mr. Chen, you would never have seen this kind of scene in your life.”

“Take advantage of this excellent opportunity and practice immediately. This kind of rays of light that penetrates the heavenly path can only be encountered but cannot be sought!”

After the palace master finished speaking, he took the lead in entering the cultivation state!

Under the illumination of that light, the speed of cultivation is doubled with half the effort, and the body is also very comfortable!

Seeing this, Binglu and others quickly started practicing!

At this moment, Chen Ping fell into a state of suspended animation. He felt like he was dead, but he had no fear of death!

The whole person was suspended under that light, and his spiritual consciousness also entered the original space!

Rays of light hit the stars of the origin of time, and the dim stars of the origin of time began to light up continuously!

As the origin of time continued to light up, the final brightness directly surpassed the stars of other origins!

You must know that Chen Ping's other origin stars have been cultivated for a long time. Chen Ping has absorbed and refined the origin of thunder and lightning, and the origin of fire, making the origin stars brighter and brighter!

But at this time, the original star had just lit up, and it had already surpassed other stars!

The light is still shining on the stars at the origin of time!

Even the moonlight seemed to be focused on Chen Ping himself!

The constantly rolling original energy is like a vast ocean, constantly pouring into Chen Ping's body!

Chen Ping was suspended in mid-air, passively accepting the baptism of this original energy!

"Fortunately, your kid's origin space is large enough. If it were for others to realize this, he would have exploded and died a long time ago. How many people can withstand such a scale of origin absorption!"

Demon Lord Chiyun said with a bit of envy in his eyes!

**A Man Like None Other Chapter 3764**-I don't know how long it took, but the light slowly dissipated, the clouds in the sky also dissipated, and even the moonlight became much dimmer!

It seems that it was absorbed too much by Chen Ping and lost a lot of luster!

And Chen Ping slowly fell to the ground, and his eyes slowly opened!

Chen Ping is still at the third level of Tribulation Realm, but the aura exuding from him at this moment is breathtaking!

Chen Ping's eyes swept over Binglu and others, but these saints all fell to their knees involuntarily!

It was as if the person standing in front of them was not Chen Ping, but the Lord of Heaven and Earth, forcing them to kneel down.

Even the palace owner was shocked and felt terrified by Chen Ping's eyes!

Chen Ping seemed to have noticed something was wrong, and quickly put away the otherworldly aura on his body, and looked at Binglu and the others with some shame!

"Everyone, get up. We are not superiors or subordinates, so there is no need to kneel down!"

Chen Ping said quickly!

Binglu and others were also embarrassed. They seemed to be controlled by someone just now, and they couldn't help but kneel to the ground!

"You all go back and think carefully about what I just said to you."

The palace master waved his hand and told all the Guanghan Palace disciples to go back!

After the disciples left, the palace master looked at Chen Ping with a bit of envy in his eyes!

"Mr. Chen, congratulations on understanding the origin of time. You must know that the origin of time is the most difficult thing to understand."

The palace lord said!

"Thanks to the Palace Master for his advice, otherwise I wouldn't have realized it."

Chen Ping said quickly!

Although he understood the origin of time and had little to do with the palace master, the palace master taught him everything he could, and Chen Ping was still grateful!

The Palace Master smiled and then shook his head: "The things I told you are nothing at all. This is all due to your own good understanding."

“If I were not the master of Guanghan Palace, I could practice dual cultivation with you now. From you, I might be able to learn more about the origin of time!”

After hearing this, Chen Ping suddenly felt dizzy!

He did not expect that the palace owner would have such thoughts. At that time, in the Ji family, the ancestor of the Ji family took a fancy to his bloodline and forced him to practice dual cultivation with Ji Meiyang and Ji Meiling.

Later, he met Bai Qian, the Fox Princess, who also took a fancy to Chen Ping’s bloodline and forced Chen Ping to practice double cultivation all day long. He almost treated Chen Ping like a beast!

But now, the Palace Master of Guanghan Palace actually has this idea.

Chen Ping was speechless. Is there only transaction between men and women and no feelings?

These monks in the world of heaven and earth value the cultivation of realm more than anything else, including feelings!

The palace owner seemed to see Chen Ping’s doubts and smiled slightly: “In the face of huge interests, feelings are the most unreliable thing.”

“Don’t think about getting affection and love from women in this place, the world of gods and humans. That’s all a lie.”

“If you were not the chosen one, if you didn’t have the skills you have now, how many women would be willing to practice double cultivation with you?”

“They are willing to sacrifice their bodies because they can get more from you.”

“Including me, this is the same idea, do you understand?”

After the Palace Master finished speaking, he turned around and left, leaving Chen Ping blankly looking at the Palace Master’s messy back!

Chen Ping thought about the palace master’s words, maybe she was right!

I have too many women now. From Su Yuqi at the beginning to Bai Qian now, how many of them are I truly in love with?

Chen Ping fell into self-doubt!

“Silly boy, don’t think about it so much. Whether you have feelings or not, whether you have love or not, whether it’s an exchange of interests or forced helplessness, the woman around you has already given herself to you.”

“As long as they have you in their hearts, as long as they are willing to fight for you and sacrifice themselves to save you, then that’s fine!”

“You don’t care whether it’s because of love or because she gets more benefits from you. Don’t worry about it.”

“The most difficult thing to see clearly in the world is the love between men and women. Don’t ask for trouble.”

Demon Lord Chiyun’s words rang out, pulling Chen Ping out of his self-doubt!

**A Man Like None Other Chapter 3765**-Early the next morning!

The palace master summoned more than ten saints and waited for Chen Ping!

Chen Ping walked out of the room slowly, with a tired look on his face!

“Mr. Chen, haven’t you had a good rest?”

The palace owner saw this and asked!

“Not bad!” Chen Ping smiled lightly!

Last night, he spent the entire night thinking about his woman, which one was his true love!

“You can set off now. There shouldn’t be any dangers along the way. Lan Yingying and the other outer disciples and the monks who passed the examination already set off yesterday.”

“I asked them to leave signs along the way. You just need to follow the signs, so there won’t be much danger!”

The palace owner said to Chen Ping!

Chen Ping nodded, he knew that those outer disciples were just cannon fodder, the vanguard to open the way!

But there is nothing we can do about it. The development of a sect always requires sacrifices.

After saying goodbye to the palace master, Chen Ping set off with Binglu and the others!

We have reached the southernmost point of the Southern Territory!

But the direction Chen Ping and the others started from continued to the south!

The chaotic boundary of the world of heaven and man can be seen. Is the polar region in the chaos?

“Mr. Chen, our Guanghan Palace is not yet at the southernmost point. There are still thousands of miles from here to the border of chaos.”

Binglu followed Chen Ping and said!

As the saying goes, this is what it means to be a dead horse in Wangshan!

It looks very close, but in fact it is still far away!

Because someone had already opened the way in front of them, Chen Ping and the others walked very fast and relaxed!

At this time, on a hill not far from Guanghan Palace, everyone from the Mu family gathered here!

“Miss, the people from Guanghan Palace have already left...”

Mu Yao reported to Mu Kui’s aunt!

“Well, you guys should set off as well. Don’t take action on the road. It’s just a good time to use the people like Guanghan Palace to fight in the front line and take action when you reach the pole.”

“Do things quickly, don’t be sloppy, and don’t leave anyone alive, otherwise Guanghan Palace will catch you.”

Aunt Mu Kui said coldly!

“I understand, Miss...”

Mu Yao nodded, then waved his hand and left with everyone in the Mu family!

When everyone in the Mu family was heading to the Pole, several groups of people were heading towards the Pole hundreds of miles away!

After all, there is temptation, and many people want to have adventures in the polar regions!

Among these men and horses, one of them was wearing a strange black robe with a monster beast embroidered with teeth and claws on it!

This person is Qi Peijia who was injured by Chen Ping!

After this guy was injured by Chen Ping and escaped from the Tianmo Sect, he recovered from his injuries. Later, he heard that the Pole was the place where immortals fell, so he hurried here!

This time, the polar regions are probably going to be lively!

And in Guanghan Palace, the palace owner was sitting in the main hall!

“Palace Master, the Mu family has already set off, and there are also teams from several families heading towards the pole.”

“There are also many casual cultivators, the total number of them is no less than a hundred.”

A disciple of Guanghan Palace reported!

“I know!” The palace master waved his hand and asked the disciple to go down!

“Palace Master, the news that resources have been discovered in the polar regions is the place where immortals fell, why do you want to spread it?”

“We openly promoted it in Nanjing City. Although it attracted a large number of monks to sign up, there will also be many people competing for resources with tens of thousands of dollars!”

A disciple next to the palace master asked in confusion!

The palace owner smiled faintly: "Let me ask you, compared with the strength of our Guanghai Palace and the Mu family, who is more powerful?"

The Guanghai Palace disciple was stunned for a moment, then shook his head: "I don't know..."

The palace master knew that this disciple did not dare to say anything, so he said: "Our Guanghai Palace has just started, and the strength of the disciples in the sect is still too low, and there is no way to compete with the Mu family."

"The reason why I spread the news is to cause chaos in the polar regions. Only in this way can we have the opportunity to take advantage of the chaos."

After the palace owner finished speaking, he raised the corners of his mouth slightly and smiled.

**A Man Like None Other Chapter 3766**-Chen Ping is currently on his way to the polar regions with tens of thousands of saints. He didn't know that there would be so many people coming to the polar regions!

It was an easy journey, and they were getting closer and closer to the Pole!

"Stop..."

Suddenly, Chen Ping, who was walking at the front, frowned.

"Mr. Chen, what's wrong?"

Binglu stepped forward and asked doubtfully!

Someone had already walked this road in advance, so there shouldn't be any danger. She didn't know why Chen Ping stopped!

"Do you smell blood?"

Chen Ping asked!

Binglu shook her head: "No..."

The other saints also shook their heads, no one smelled the smell of blood!

Chen Ping closed his eyes slightly, and his consciousness spread instantly!

In an instant, everything within miles was covered by divine consciousness!

But there was no danger, nor any living creatures.

“It’s strange. I always feel like the air is filled with the smell of blood. How come there’s nothing there?”

Chen Ping frowned and looked around!

“Mr. Chen, nothing should happen. After all, someone already explored the road yesterday.”

Binglu said!

“Maybe I’m too sensitive. All of you, please keep your distance and be vigilant!”

After Chen Ping finished speaking, he walked forward again!

The saints all followed Chen Ping’s arrangements, distanced themselves one by one, and increased their vigilance!

After walking forward for a few miles, a saint suddenly shouted!

“Ouch...”

A saintess actually fell down in the snow, and then said angrily: “Who tripped me?”

Everyone’s eyes were focused on the saint, and her hands, which had been stiff, were exposed from the snow at her feet!

Seeing this scene, everyone’s hearts suddenly tightened, and Chen Ping even jumped up and landed next to the saint!

Immediately after Chen Ping slapped his palm, a heat wave swept across and the snow melted instantly!

After it continued to melt, the body of a woman was revealed!

“This is our outer disciple of Guanghan Palace...”

When a saint saw the woman’s body, she immediately exclaimed!

Chen Ping looked at the woman’s stiff body and the scars on the body. It was obvious that she died of an attack!

“Mr. Chen, what...what is going on?”

Binglu asked with a frown!

Chen Ping didn’t speak, but looked around as he thought, and then the aura on his body exploded, and strong winds suddenly swept across!

The surrounding snow was blown all over the sky by the strong wind!

Soon, the snow was blown away, and the stiffened corpses were exposed!

Bodies were lying in a mess!

There are the outer disciples of Guanghan Palace and those monks who have passed the examination!

Looking at everything in front of them, all the saints were stunned!

These people who were photographed by Guanghan Palace and took the lead all died tragically here!

You must know that this place is still some distance away from the Pole. These people all died miserably before they reached the Pole!

“Who is it? Who did it?”

Anger burst out from Binglu’s eyes!

So many people were all killed, Binglu felt like it must have been done by a certain sect!

Chen Ping just glanced at it, then shook his head and said: “These people were not killed by people, but encountered monsters. Are there any powerful monsters in this place?”

“A very powerful monster?” Binglu frowned slightly, thinking deeply!

“Sister Binglu, isn’t there the Snow-Stepping Cloud Beast in our area?”

A saint suddenly spoke!

“The Snow-Stepping Cloud Beast has not been seen for a long time. Isn’t it said that it is already extinct?”

Binglu said in confusion!

“What is the Snow-Stepping Cloud Beast?” Chen Ping didn’t know much about the monsters here!

“It is a monster beast similar to a cheetah. It moves very quickly and is huge. It runs on the snow as if it is flying in the clouds and mist.”

“So people in this area call it the Snow Cloud Beast, but I haven’t heard of this kind of monster for many years!”

Binglu explained to Chen Ping!

**A Man Like None Other Chapter 3767**-After hearing this, Chen Ping fell into a brief moment of silence, then waved his hand and said: “Let’s go through here quickly. No one is allowed to touch the bodies here!”

Chen Ping’s words made these saints a little nervous, but they all listened to Chen Ping!

But just as Chen Ping and the others took a few steps forward, the ground suddenly shook!

From the snow-capped mountains not far ahead, I saw streaks of snow and mist rising into the sky, and five monster beasts rushing towards me at extremely fast speeds!

These monsters are very fast, and the snow under their feet turns into streaks of snow mist, which is really like soaring clouds and driving mist!

“The Snow-Stepping Cloud Beast, it’s really the Snow-Stepping Cloud Beast. Now I’m in trouble...”

When Binglu saw this, his expression changed instantly!

The other saints' faces were also pale, and frost swords instantly formed in their hands!

We haven't even reached the extreme yet, but we encountered such a powerful monster. What a bad luck!

The five monster beasts arrived in front of Chen Ping and the others in an instant. These monster beasts were huge in size, each like a hillock. Their bodies were covered with thick snow, hiding from the detection of divine consciousness!

No wonder Chen Ping's consciousness didn't detect any living things just now, nor did he detect these corpses!

These corpses were covered in heavy snow and could not be detected at all!

The five snow-stepping cloud beasts were filled with icy air, and the mist sprayed from their nostrils quickly condensed!

Moreover, these monster beasts have thick fur on their bodies, and the fur is covered with frost, forming a layer of armor!

One of the leaders, the Snow-Stepping Cloud Beast, glanced at the crowd with piercing eyes, and roared from his mouth, as if he was provoking!

"Mr. Chen, what should we do?"

Binglu was a little overwhelmed!

Although there are many of them, the Snow-Stepping Cloud Beast is too powerful!

A snow-stepping cloud beast at the eighth level of the Tribulation Realm, and four snow-stepping cloud beasts at the seventh level of the Tribulation Realm. This lineup is too outrageous!

"Leave the leader, the Snow-Stepping Cloud Beast, to me. You can allocate the remaining four as you wish. With a dozen of you, it shouldn't be a big problem to deal with four seventh-grade monster beasts in the Tribulation Realm!"

Chen Ping looked at Binglu and asked!

“Well, we’ll do our best...”

Binglu nodded, but she didn’t seem to have much confidence!

After all, this kind of snow-stepping cloud beast is said to be quite difficult to deal with, and they have never dealt with it before!

Chen Ping suddenly flew up, and then slammed towards the leading Snow-Stepping Cloud Beast!

The snow-stepping cloud beast roared, the ground trembled, cracks appeared, and the deafening sound made the void distort!

“Let you call...”

Chen Ping punched the Snow Cloud Beast’s body hard, and the huge body was instantly blown away!

Chen Ping was still confident about dealing with the Snow-Stepping Cloud Beast at the eighth level of the Tribulation Realm. Although he couldn’t kill it instantly, this monster probably wouldn’t be able to withstand a few moves!

Chen Ping has now reached the third level of the Tribulation Realm, and has just realized the origin of time. He is still very confident when facing the eighth level of the Tribulation Realm!

But Chen Ping’s only worry is whether these dozen saints can deal with the remaining four snow-stepping cloud beasts!

Seeing Chen Ping take action, Binglu raised the frost sword in his hand and said loudly: “Set up the formation. We must work together to kill these four monsters. We cannot let Mr. Chen underestimate us!”

A dozen saintesses raised the frost swords in their hands, and a stream of pure white breath suddenly flowed out from the sword tip, and then formed a ball of sharp sword energy in mid-air.

In an instant, more than a dozen saints collided with four snow-stepping cloud beasts!

More than a dozen saints cooperated tacitly. The frost swords in their hands kept changing their moves, and the condensed sword energy also kept changing!

The four monster beasts were quickly slashed several times, but because their defense was too strong, they were not fatally injured!

“Sister Binglu, if this continues, we’re probably going to be consumed sooner or later!”

A saint girl gritted her teeth and said!

**A Man Like None Other Chapter 3768**-Binglu also gritted her teeth. Although they had the numerical advantage, these four monster beasts had rough skin and thick flesh, and their bodies were extremely hard, and they seemed to have inexhaustible strength!

If they continue to be consumed like this, even if they are not bitten to death by monsters, they will still be consumed alive!

“Everyone, hold on. Only by working together can we have a chance to win. If we are in chaos now, no one will be able to escape by then, and everyone will die.”

Binglu shouted to everyone!

In fact, these saints also know that if they get into chaos now and retreat, they will definitely be slaughtered by these snow-stepping cloud beasts!

“Fight!”

“Fight!”

The saints shouted one by one, their eyes glowing red, and they unleashed all their potential!

The Frost Sword exudes sword energy one after another, and these sword energy then gather together!

Boom boom boom!

More than a dozen saintesses unleashed their greatest potential, and every sword energy struck hard on those snow-stepping cloud beasts!

The snow-stepping cloud beast roared, and spurts of cold air kept coming from its mouth. The bodies of these saints began to be covered with frost!

Fortunately, these saints practice ice-based techniques, so they have natural resistance to the cold attacks of the Snow-Stepping Cloud Beast!

If this was a monk who practiced other techniques, he might have been frozen into an ice sculpture by now!

However, each of their sword energy was filled with ice-cold energy. If it hit the Snow Cloud Beast, it would not cause much damage!

Both sides have natural resistance to the cold air!

Just when Binglu, the others and the four monster beasts were anxious, a heat wave suddenly swept over them!

“Ice and fire are compatible, use this ultimate fire to attack...”

Chen Ping shouted loudly at Binglu and the others!

This heat wave turned out to be a ball of ultimate fire swung over by Chen Ping. Even when he was fighting with the eighth-level monsters in the Tribulation Realm, Chen Ping was always observing Binglu and the others!

Binglu nodded, and then shouted loudly: “Sisters, ice and fire are compatible, cheer up...”

A dozen saints unleashed their greatest potential one by one!

Then streaks of white spiritual power gathered crazily above the head along with more than a dozen frost swords!

That ball of ultimate fire was wrapped in this white spiritual power, like a ball of ice, with fire burning in its heart!

Immediately afterwards, this group of spiritual energy quickly headed towards the four snow-stepping cloud beasts!

Bang!

This ball of spiritual power exploded in front of the four monster beasts!

Then a heat wave swept across, and a sea of fire directly engulfed the snow-stepping cloud beast!

A roar came from the mouth of the snow-stepping cloud beast!

There was even a burning smell that kept coming out!

“The opportunity has come, Saint Slayer...”

When Binglu saw this, he shouted loudly!

More than a dozen saints swung the frost swords in unison, and countless sword energies gathered together to form a huge long sword!

The long sword waved, and the heaven and earth shook!

brush!

The sword light instantly passed through the sea of fire, and the screams of the Snow-Stepping Cloud Beast also stopped at this moment!

When the flames gradually disappeared, the bodies of the four snow-stepping cloud beasts had been separated!

Gradually, the huge sword slowly dissipated.

At this time, Chen Ping also waved his dragon-slaying sword, and the entire space came to a standstill!

Then a white light flashed away!

The snow-stepping cloud beast at the eighth level of the Tribulation Realm was cut into countless pieces!

A bead exuding white mist floated in the air.

“Beast elixir?”

Looking at the bead, Chen Ping could see that it was the beast elixir of the Snow Cloud Beast.

Within this beast pill, there are still bursts of cold light emanating outwards!

Chen Ping held the beast elixir in his hand, and a biting coldness spread throughout his body!

You know Chen Ping's current strength, he is not afraid of the cold at all, not to mention that he still has the source of fire!

"The beast elixir of the Snow-Stepping Cloud Beast is really a good thing."

Chen Ping directly threw the beast elixir of the Snow Cloud Beast into the storage ring!

**A Man Like None Other Chapter 3769**-Binglu also led people to collect the beast elixirs of the other four snow-stepping cloud beasts.

This extremely rare monster, the beast elixir is very precious!

"Okay, let's leave quickly. It's not advisable to stay here for a long time, but you have to be energetic for the road ahead!"

Chen Ping said to many saints.

After all, there is no one exploring the way behind, so I don't know what danger there is.

Binglu and the others nodded, and then continued to move forward with Chen Ping.

Not long after Chen Ping and the others left, Mu Yao arrived with people from the Mu family.

Seeing the corpses lying on the ground, everyone in the Mu family felt numb.

"Uncle Mu, these are the corpses of Guanghan Palace disciples, as well as the casual cultivators who were deceived. I'm afraid not a single one of them survived."

A member of the Mu family said to Mu Yao!

Mu Yao frowned slightly and his expression became serious.

We haven't even reached the extreme yet, but so many people have died. They must have encountered something terrible, or maybe a monster.

What happened that caused so many people to die?

"Keep walking, everyone, please be careful."

Mu Yao led everyone forward and soon discovered the tragically dead Snow-Stepping Cloud Beast.

"The Snow-Stepping Cloud Beast, this is the Snow-Stepping Cloud Beast..."

When the Mu family saw the Snow-Stepping Cloud Beast, they all shouted in shock.

After all, this kind of monster has not been seen for many years, and some people say it has become extinct.

"So many Snow-Stepping Cloud Beasts were killed, and the beast elixirs were also taken away. Could it be those saints from Guanghai Palace who did it?"

Mu Yao looked at the dead body of the Snow-Stepping Cloud Beast and felt a little nervous in his heart.

If these Snow-Stepping Cloud Beasts were really killed by the Saint of Guanghai Palace and Chen Ping, then the strength of these people should not be underestimated!

"Uncle Mu, it should be those saints from Guanghai Palace who did it. After all, they are the only ones in front of us."

"It seems that the eldest lady's guess is correct. The palace master of Guanghai Palace secretly develops the saint girl, probably because he wants to compete with our Mu family."

"This Guanghai Palace has just started. It relies on our Mu family, but it didn't expect to develop secretly behind the scenes."

A member of the Mu family said.

"No matter how Guanghai Palace develops, it cannot be our Mu family's opponent. Our Mu family has been developing for thousands of years, and Guanghai Palace has just started."

“After this time, I will report directly to the head of the family and destroy Guanghai Palace...”

After Mu Yao finished speaking, he waved his hands and everyone moved on!

Chen Ping and the others didn't even know that people from the Mu family were following them, getting closer and closer to the pole!

But just as they were about to reach the pole, a row of footprints appeared on the white snow.

The footprints were very clear, and it was obvious that they had just been stepped on. If they had been stepped on very early, they would have been covered by heavy snow.

“Mr. Chen, did someone get there first?”

Binglu looked at the footprints and asked nervously.

Chen Ping did not speak, but squatted down and looked at the footprints carefully. He gently touched the footprints with his palms, and a huge amount of spiritual consciousness instantly surged in the direction of the footprints!

Lan Yingying, who was walking hard in front, was suddenly surrounded by a sense of consciousness, and her whole body became nervous!

She was injured, and she managed to escape from the mouth of the Snow-Stepping Cloud Beast, but now she didn't want to be targeted again!

Lan Yingying didn't know who was targeting her, but she knew that once she was caught, there would be no need to think about the consequences!

As a female cultivator, if you are injured and caught, what awaits you is endless humiliation!

Lan Yingying gritted her teeth and walked forward desperately. As long as she entered the polar region, there might be hope of survival!

After all, there are many dangers in the polar regions, and there are all kinds of monsters. Lan Yingying would rather face monsters than other monks!

Often times, humans are scarier than monsters!

## **A Man Like None Other Chapter 3770-“It’s her, she’s still alive...”**

Chen Ping withdrew his consciousness, with deep shock on his face!

He didn’t expect Lan Yingying to escape from the mouth of the Snow Cloud Beast!

“Mr. Chen, who is it?”

Binglu asked quickly!

“The person in charge of Guanghan Palace’s registration office in Nanjing City, Lan Yingying...”

Chen Ping said.

“Sister Yingying, she is still alive...”

After hearing this, Binglu seemed a little excited.

“Let’s go quickly. We must stop her before she enters the Pole. With her current condition, she will definitely die if she enters the Pole.”

After Chen Ping finished speaking, his figure suddenly disappeared!

Using the fire-bending step, he was several miles away in an instant!

Upon seeing this, Binglu and others hurriedly chased after him!

Lan Yingying felt that someone was chasing her, so she could only grit her teeth and run forward as hard as she could!

But the aura behind her was getting closer and closer, so Lan Yingying could only turn back suddenly and slap it out with one palm!

boom!

Flying snow swept across the sky, this was Lan Yingying’s fierce attack!

Chen Ping relaxed his palms and easily resolved it!

“Miss Lan, it’s me...”

Chen Ping said quickly!

Lan Yingying breathed a sigh of relief when she saw it was Chen Ping!

But she didn’t know that Chen Ping came with the Saint of Guanghan Palace!

“What are you doing here?”

Lan Yingying was very surprised. After all, with Chen Ping’s strength, he would die if he came to the pole!

What’s more, how did Chen Ping pass through the territory of the Snow-Stepping Cloud Beast?

“Sister Yingying...”

At this time, Binglu and the others also arrived!

Seeing Binglu and others, Lan Yingying was completely relieved. However, when she relaxed, Lan Yingying felt dizzy and fainted instantly!

Just now she was just holding on with her breath, but now that Binglu and others are here, Lan Yingying has relaxed her breath!

Chen Ping stepped forward to check Lan Yingying and said solemnly: “She is seriously injured and must be treated in time.”

“Mr. Chen, we are about to enter the polar regions. Moreover, it is covered with snow and there are no conditions for treatment.”

Binglu looked around and said!

“You all gather around to resist the cold wind. I will treat her injuries immediately. If it is later, she will really die. Her internal organs have been soaked by the cold air.”

Chen Ping asked Binglu and the other saints to form a circle, and then used his breath to resist the cold wind around them!

Binglu immediately organized a dozen saints to gather around her, and then the aura surged out of her body. A dozen auras gathered together to form a protective shield, protecting Lan Yingying inside!

But just when Chen Ping was about to start treatment, he suddenly stopped, and then he felt his surroundings vigilantly!

“It’s broken, someone is following us, we have to go!”

Chen Ping noticed that someone was following him!

He guessed that he was from the Mu family, so he picked up Lan Yingying!

If they continue to treat here, when the Mu family comes, they are afraid that no one will be able to leave!

When Binglu and the others heard this, someone also followed them. They immediately put away their breath, raised their concentration, and walked quickly towards the polar region!

After seemingly passing through a barrier, Chen Ping and the others entered the polar region!

However, the scene in the polar regions is the same as in other places!

“Someone has used formations in this polar region. Although the formations are now so weak that they are almost non-existent, when I stepped here, I still felt a different aura, as if I had passed through a certain barrier!”

Chen Ping said with a slight frown!

“Yes, I felt it too. It seemed that when I stepped in, there was a slight resistance, as if the formation barrier was blocking it.”

Binglu nodded and said!

“Quickly go, find a secluded place, and treat Miss Lan first.”

Chen Ping held Lan Yingying and walked towards a small hill. The hill was covered with heavy snow, like a huge tomb!
