

[The Man's Decree]

A Man Like None Other Chapter 4094 -4100

[The Man Decree] A Man Like None Other Chapter 4094-“Master has been practicing here, and I have been secretly learning for hundreds of years. Fortunately, Master is kind-hearted. He knew that I was secretly learning, and not only did he not blame me, but also accepted me as his disciple.”

“Otherwise, I would not be able to transform into a human. At most, I would be a rat demon. I don't know when I would be beaten to death.”

“Since Master has handed you over to me, you must study hard and don't think about being lazy. When you can break the formations around you, you can leave!”

The middle-aged man said to Chen Ping!

“I understand!” Chen Ping knew that he could not escape from here, so he simply studied the art of divine patterns with peace of mind!

Chen Ping sat cross-legged, and the middle-aged man told Chen Ping how to carve the ancient divine patterns.

Listening to his senior brother's story, Chen Ping slowly discovered that the ancient divine patterns were different from the ordinary array patterns!

Seeing that Chen Ping listened carefully, the middle-aged man nodded with satisfaction and said, “The difference of the divine pattern is that it can be carved out and laid out in a large formation without relying on the spiritual power of the cultivator.”

“Ordinary people who understand the art of divine patterns can also carve them out. The divine pattern does not require spiritual power as a medium to open it. What is needed is one's own soul.”

“I will teach you how to carve the divine pattern now. You must control your consciousness and never use spiritual power.”

“You need to put all your consciousness on this divine pattern, imagine that you are part of the divine pattern, and the entire formation is also part of your body.”

“Don't think of these divine patterns as a weapon to defend against the enemy, you have to think of it as your body.”

The middle-aged man told Chen Ping carefully!

Chen Ping listened very seriously and repeated the middle-aged man's words in his mind several times!

After that, the middle-aged man waved his hand, and a yellow cloth that was one foot long and several feet wide appeared in front of Chen Ping!

"There are divine patterns on it, you can practice according to the instructions..."

After saying that, the middle-aged man disappeared, turned back into a little white mouse, and then squeaked out of the thatched hut!

Chen Ping looked at the large piece of yellow cloth. There were indeed many divine patterns engraved on it. Each divine pattern was not very large, but there were countless fine lines on it. Each line was related and seemed to have some kind of rules!

Chen Ping looked carefully, and the more he looked, the more frightened he became, because he found that each of these divine patterns was a formation, and the divine patterns on the entire yellow cloth were a larger formation!

In other words, a large formation is composed of many small formations, and in the small formations, there are even smaller formations! If

this formation is to be cracked, it would be harder than ascending to heaven!

The complexity of the divine patterns was beyond Chen Ping's mind, but Chen Ping did not intend to give up.

According to the formation patterns on the yellow cloth, Chen Ping began to slowly carve them, holding his breath and concentrating his mind to throw away distracting thoughts, Chen Ping carved them over and over again!

Time passed, and Chen Ping had long forgotten the time!

After an unknown amount of time, Chen Ping finally copied the array patterns on the yellow cloth!

At this moment, Chen Ping felt that his whole body was exhausted!

Although he did not use spiritual power, the concentration of his soul made Chen Ping's whole body very tired!

After relaxing, Chen Ping fell down!

Now Chen Ping would not care whether the thatched house was dilapidated!

Looking at the translucent roof and the stars outside, Chen Ping lay quietly!

But soon, Chen Ping discovered that what was flashing outside the roof were not stars, but pairs of eyes!

These eyes began to turn red, and they were suspended in the air. No body could be seen, only pairs of eyes, as if staring at Chen Ping through the gap!

Chen Ping frowned, and hurriedly got up and looked over carefully!

[The Man Decree] A Man Like None Other Chapter 4095-Pairs of eyes kept approaching Chen Ping, and the whole thatched house was filled with a faint red light!

As these eyes kept approaching, the formation around the thatched house was activated, and rays of light wrapped up the thatched house!

These guys saw the activated formation and did not continue to approach! They

just kept staring at Chen Ping with their eyes, making Chen Ping's scalp numb!

However, because of the formation barrier, Chen Ping was slightly relieved, because he didn't know who these pairs of red eyes belonged to!

If it was some monsters, Chen Ping would not be afraid, but if it was some magic cultivators, and the magic cultivators were not weak, then it would be troublesome!

But after a while, these guys did not continue to approach, proving that this formation really scared these guys!

Seeing this, Chen Ping no longer cared, took a deep breath, and began to continue practicing the divine pattern!

As Chen Ping carved over and over again, Chen Ping became more and more proficient!

And the speed of completing the second 100 carvings was obviously much faster than the first time!

Chen Ping not only had to concentrate at this time, but also had to endure loneliness!

Doing the same thing over and over again will drive many people crazy!

I don't know how many times I have carved it, let alone how many days and nights have passed. When Chen Ping finished carving the divine pattern again in one breath, the little white mouse appeared again!

"Brother, how do you feel?"

The middle-aged man transformed by the little white mouse asked Chen Ping!

“Fortunately, I am much more skilled.” Chen Ping smiled slightly, but then asked: “Brother, when I was carving the array pattern, I found that there were pairs of red eyes outside, staring at me tightly. I wonder if you know what that is?”

The middle-aged man frowned slightly when he heard it, but soon stretched out and said: “Brother, don’t be afraid, there is a formation to protect you, nothing can get in, you just need to carve the array pattern with peace of mind.”

“By the way, Master asked me to bring you two soul-soothing grasses, which can help you condense your soul and are good for carving array patterns!”

The middle-aged man handed Chen Ping two immortal grasses, which looked very precious!

“Brother, thank Master for me...”

Chen Ping put the immortal grass away without hesitation!

The middle-aged man said nothing more, and left quickly, and seemed to be in a hurry!

Chen Ping knew that this senior brother must know what those eyes were, and he might be afraid that he would be timid and his mind would be affected, so he said nothing!

But no matter what it was, it couldn’t affect Chen Ping, and Chen Ping just had to carve the divine pattern!

Sitting down quietly, Chen Ping refined the two soul-suppressing grasses!

After the middle-aged man left, his body disappeared instantly!

Soon he appeared on a mountain, and the ancestor of the divine pattern was also on this mountain!

“Master, as you guessed, the people of the array demon did appear, but they were blocked by the array, and there were no too intense movements.”

The middle-aged man said with some surprise!

“I knew these guys would not give up, and this time we must not let these guys escape again.”

The ancestor of the divine pattern said with a faint smile on his face!

“Master, how do you know that this junior brother will definitely be able to attract the people of the array demon?”

The middle-aged man asked puzzled!

“Because his bloodline is different from any of ours, he keeps carving array patterns, and the people of the array demons will definitely be able to sense it.”

“And they will also take risks for this special bloodline, which is also our opportunity!”

The God Pattern Ancestor explained!

“Yes, I also detected that there are several kinds of auras on my junior brother, including the auras of the demon race, the human race, and even the beast race.”

“It’s so strange, how can one person have the auras of three races at the same time!”

said the middle-aged man!

The God Pattern Ancestor just smiled and didn’t say anything!

[The Man Decree] A Man Like None Other Chapter 4096-Chen Ping didn’t know anything at this time. He tried hard to depict the divine pattern and constantly used his soul to feel it.

At the beginning, Chen Ping memorized it by rote and copied it by heart. But now Chen Ping is depicting the divine pattern while feeling the secrets in the divine pattern!

He knows that when he merges with the divine pattern, his divine pattern should be successful!

But Chen Ping doesn’t know when he will succeed, so he can only redouble his efforts!

He can’t be trapped in this place for too long. He still has a lot of things to do!

Moreover, Bai Qian and Huo Feng were driven out of Huhuang City and went to the Western Regions. Who knows what the situation in the Western Regions is like!

What if they are in danger?

Now they are all Chen Ping’s women, and Chen Ping will not allow them to be in danger!

After Chen Ping didn’t know how many times he had depicted the divine pattern, when he was lying in the thatched hut to rest, the red eyes appeared again, and this time, it was obvious that there was a hint of strangeness in the red eyes!

The surrounding formation light curtain opened, isolating these pairs of eyes from the outside!

Chen Ping was very puzzled. What on earth was it that was always staring at him closely?

Chen Ping tried to use the Tianming Eye to see the other person clearly, but the Tianming Eye could not penetrate the surrounding formations!

It must be said that the divine rune formation is indeed powerful, much more powerful than the formation runes carved with spiritual power!

Chen Ping simply closed his eyes, looked at nothing, had a good rest, and then continued to carve the divine runes!

With each carving, Chen Ping's perception of the divine runes deepened!

And because of the soul-soothing grass, Chen Ping felt that his mental power was also much stronger. Every time he carved, Chen Ping deliberately injected his mental power into the divine runes slowly!

At this time, Chen Ping already had a feeling of merging with the divine runes. Every time he carved a divine rune, he felt that the divine rune was like a blood vessel in his body, and the flow of power on the divine rune was like the flow of blood!

The connection between each divine rune also began to slowly become clear. Some seemingly unrelated divine runs seemed to be connected by countless capillaries in the middle!

At this time, the divine pattern no longer looked like a dead object, but more like a living person with flesh and blood. However, Chen Ping has not yet fully integrated and mastered it, so all he can feel is some fur, flesh and blood!

I don't know how long it took, the middle-aged man came again. This time he didn't bring herbs, but a jar of good wine and some food!

Although at the strength of Chen Ping and others, it doesn't matter if they don't eat or drink!

But drinking and eating meat is not to solve the problem of food and clothing, but the feeling!

"Brother, take a rest. Master asked me to bring good wine and meat to accompany you to drink a little."

The middle-aged man put the wine and food on the shabby table and said!

Chen Ping nodded and followed the middle-aged man to eat and drink!

Although the two had not met a few times, Chen Ping had a good impression of the so-called senior brother in front of him!

Through the conversation, Chen Ping also knew that his senior brother who was transformed from a little white mouse was named Bai Ju!

This name was given by the ancestor of the divine pattern!

“Brother Bai, I wonder what happened to Gu Tianchao?”

Chen Ping asked Bai Ju!

Chen Ping is still worried about Gu Tianchao, because he promised Gu Tianchao that he would help him become the leader of the sect, so he could get the blood jade! What

if Gu Tianchao can't wait and does it himself, how can Chen Ping get the blood jade then!

“Brother, are you still thinking about the blood jade?”

Bai Ju said with a smile!

Chen Ping was stunned, and then he said embarrassedly: “Brother Bai, how do you know this?”

“Hahaha, what happened in Liangyi Sect can't escape the eyes of Master, but don't worry, Gu Tianchao is very good.”

“Now put all your energy into learning the divine runes, and when you leave here after success, you only need to ask for the Liangyi Sect's affairs.”

Bai Ju laughed!

[The Man Decree] A Man Like None Other Chapter 4097-Chen Ping smiled awkwardly after hearing this. As the ancestor of the Divine Pattern of Liangyi Sect, it should be easy for him to nominate someone to be the sect leader. He was actually worrying about it for nothing!

After chatting with Bai Ju for a long time, Chen Ping became more and more impressed with this senior brother!

A person who was transformed from a little white mouse actually knows a lot, and even some of the truths of the great way are very simple, and he can talk about it very clearly!

It doesn't look like a mouse at all!

It's more like a master who has achieved immortality!

After the chat, Bai Ju left, and the Red Cloud Demon Lord said, "You can teach a little mouse to such a realm. It seems that your so-called master is really good!"

"I'm sure this guy has a connection with the heaven. Either his master is from the heaven, or he came from the heaven and was trapped in the heaven."

"With the cultivation and knowledge of these people in the heaven, it is impossible to understand these, and the realm of thought cannot reach this level."

After listening to the words of the Red Cloud Demon Lord, Chen Ping was also very interested in the God Pattern Ancestor. Unfortunately, he did not have much contact with the God Pattern Ancestor! It

has always been this Senior Brother Bai who has been in contact with him!

And now that the Liangyi Sect has blood jade, a heavenly thing, it can further prove that the God Pattern Ancestor is a person from the heaven!

Chen Ping did not rest too much and continued to carve the God Pattern. Only after truly learning the God Pattern and condensing the God Pattern can he leave this place!

As for those pairs of red eyes, they still appeared, but Chen Ping ignored them!

Chen Ping's mind was completely focused on carving the array pattern. The light of the divine pattern kept flowing in his mind, and he imagined himself and the divine pattern merged into one!

As Chen Ping continued to carve, Chen Ping no longer had to look at the yellow cloth, and the divine pattern could be easily used!

At this time, on a hilltop, the dark night sky was starless!

The ancestor of the divine pattern looked in the direction of the thatched hut, and pairs of red eyes appeared again.

Bai Ju stood beside the ancestor of the divine pattern and said curiously: "Master, do you think this junior brother can really condense the divine pattern? If he really condenses it into a divine pattern and leaves the thatched hut, I'm afraid he won't be able to deal with these people of the array demon."

“You don’t have to worry about this. If he can’t deal with these people of the array demon, it’s useless even if he condenses the divine pattern. Useless people are only worthy of being bait.” The ancestor of the divine pattern said lightly! “

Master, you said that the junior brother’s talent is stronger than yours. Could it be that he has the possibility of activating the great array of heaven and earth and helping the master return to heaven?”

Bai Ju continued to ask!

The ancestor of the divine pattern glanced at Bai Ju coldly, and then said expressionlessly: “I know what you mean. You also want to ascend to heaven and become an immortal or a Buddha.”

“But you have to remember that to ascend to heaven and become an immortal, you need to practice hard and endure the test of heaven and earth thunder. Only then can you do that.”

“If you want to rely on opportunism and help from others, even if you ascend to heaven, your foundation will be unstable and it will be difficult to gain a foothold.”

“The heaven is not as good as you think. It is even more cruel than here.”

“Ascending to heaven and becoming an immortal is the ultimate goal for all cultivators, but when you really reach heaven, becoming an immortal is just the first step.”

“How many people have gone through hundreds of years and thousands of years of practice, and after ascending to heaven, they soon fell.”

“Countless immortals die in heaven every day. During the war between gods and demons, how many immortals and demons died.”

“I don’t know how many people from heaven are trapped in this world of heaven and man, but it is definitely not a small number.”

“Some will be resurrected, some will survive with residual souls, and some will decline in strength to a corner.”

“There is a celestial demon soul in Chen Ping’s sea of consciousness. I just don’t know the identity of this demon soul.”

[The Man Decree] A Man Like None Other Chapter 4098-Bai Ju listened quietly. He had listened to his master talking about the heavens so many times!

It can be seen that the ancestor of the divine pattern missed the heavens very much and wanted to return to the heavens, but unfortunately he could never go back!

“Master, I have never known whether this body you have now is yours or your original body?”

Bai Ju asked curiously.

The ancestor of the divine pattern looked at Bai Ju, smiled slightly and said, “You have been practicing with me for so many years. Do you feel that my body is mine?”

“Yes, I feel that Master is trapped in the heavens and human world. His own strength has declined and he cannot return to the heavens.”

Bai Ju said!

Hearing what Bai Ju said, the ancestor of the divine pattern sighed lightly, looked at the dark night sky and said: “Alas, I was inexplicably involved in the war between gods and demons, and now I can’t figure out why.” “

Back then, a huge force sealed the entire heaven and man world, making it impossible for all of us on the battlefield in the heaven and man world to leave.”

“Some died, some were injured. After so many years, the strength of all those who came from the heavens is estimated to have declined a lot. The immortal energy in this heaven and man world is extremely scarce and is not suitable for us to practice at all.”

“I know that some people can’t break the heaven and earth formation of the heaven and man world, and begin to find another way, tearing the void to go to other worlds, and find a way to return to the heavens.”

“But it’s too difficult. Every world has its own laws of heaven and earth, and has its own seals. This seems to be a punishment from God for the war between gods and demons.”

“I have studied the great formation of heaven and earth for so many years, but have gained nothing, and my strength is still declining. I know that it is almost impossible for me to break the great formation of heaven and earth and return to the heavens by myself.”

“Although you are a genius, it’s a pity that you don’t have the talent, so this important task can’t fall on you.”

The God Pattern Ancestor recounted the past, and seemed to be much older all of a sudden!

“Master, you always talk about talent. What exactly is talent? Does this junior brother have talent?”

Bai Ju asked puzzledly!

The God Pattern Ancestor shook his head and said, "I don't know whether he has talent or not. I'm just gambling now."

"In the Tianren Realm, where the art of formation is scarce, Chen Ping can break the blood refining cage abruptly, which proves that he is extraordinary."

"And talent is something that is innate and cannot be made up for by acquired efforts."

"How long did it take you to learn the God Pattern from me before you could carve the God Pattern without watching it?"

"My disciple is stupid and it took nearly ten years." Bai Ju said embarrassedly!

"But this Chen Ping, in less than three days, he can now carve the God Pattern. This is talent..."

"It's not that you don't work hard, but no matter how much effort you put in, it's worthless in front of talent!"

The God Pattern Ancestor explained!

Bai Ju listened to the words of the Divine Pattern Ancestor and seemed to understand something!

"Master, that array demon has been fighting with you for so long, what does he want from you?"

Bai Ju asked puzzled!

Since he followed the Divine Pattern Ancestor, he often found that the array demon's people were looking for trouble with the Divine Pattern Ancestor!

"Hahaha, that old thing, he is fighting with me for you..."

"When you were accepted as my disciple, the array demon saw that you were talented, so he frequently wanted to snatch you away."

"Now Chen Ping is the same. The array demon's people have observed for so many days. I believe that the array demon has long known that I have accepted another gifted disciple."

"I just want to piss this old thing off. He has been fighting with me from the heavenly realm to the heavenly realm, and he wants to compete with me everywhere."

The Divine Pattern Ancestor laughed!

It can be seen that the Divine Pattern Ancestor and the array demon do not seem to have any deep hatred. It is more like two little old men competing with each other!

[The Man Decree] A Man Like None Other Chapter 4099—“Master, why don’t you cooperate with the array demon? Maybe if you two cooperate, you can break the heaven and earth array and return to heaven.”

Bai Ju asked!

“Humph, how could I cooperate with that old man? He is not worthy...”

The God Pattern Ancestor snorted coldly!

But after saying that, confusion and regret flashed in his eyes!

If the two of them cooperated at the beginning, they might really be able to break the heaven and earth array!

It’s just that no one was convinced by each other back then, and it was impossible to cooperate!

But after so long, their strength has declined seriously, and even if they cooperated, it would be impossible to break the heaven and earth array!

“Okay, don’t say anymore, I’m going to rest. As long as the array demon doesn’t appear, don’t call me!”

After the God Pattern Ancestor said this, his body disappeared instantly!

Bai Ju looked at the thatched hut not far away, with envy in his eyes.

Talent is something that can’t be changed!

But he is also content. From a little white mouse to what he is now, he has become the object of envy of many monsters!

“Brother, come on...”

Bai Ju said silently!

Meanwhile, in the thatched hut, Chen Ping was still diligently carving the divine runes!

He had completely ignored the red eyes outside!

No matter what kind of monster or demon cultivator it was, as long as he was protected by the formation and could not hurt himself, Chen Ping would not care!

After an unknown amount of time, when Chen Ping opened his eyes, he found that Bai Ju had come!

“Junior brother, you are really hardworking. This is what Master asked me to bring you...”

As he spoke, Bai Ju took out some fairy grass and put it on the table!

“Senior Brother Bai, I want to ask you something.” Chen Ping said!

“Go ahead, is there anything you don’t understand about the divine runes?”

Bai Ju asked!

“That’s not the case. I have memorized all these divine runes, and I understand them. I just need to condense my own divine runes and merge them into one.”

“I just want to ask my senior brother, is Master from the heaven?”

Chen Ping wanted to know whether the ancestor of the divine runes was from the heaven!

Bai Ju was stunned, then smiled and said: “Junior brother, you really ask unnecessary questions. There is a demon soul from heaven living in your sea of consciousness. Won’t he tell you?”

“Whether the master is from heaven or not, you just need to remember that the master has no intention of harming you, so you should practice well.”

“When the time comes, don’t listen to other people’s sweet words and disappoint the master’s expectations of you!”

“Brother Bai, don’t worry, I am a person who knows how to repay kindness.” Chen Ping patted his chest and said!

“That’s good!” Bai Ju nodded, then took a look at the yellow cloth and asked: “Since the junior brother has memorized the divine pattern, then this piece of yellow cloth with the array pattern engraved on it will not be used, right?”

“Yes, Brother Bai can take it away.”

Chen Ping nodded!

Bai Ju nodded, waved his hand, and the yellow cloth flew up directly, but the yellow cloth did not fall into Bai Ju's hands, but was draped over Chen Ping like a cloak!

Chen Ping was a little surprised. When Bai Ju did this, he suddenly felt an inexplicable force wandering in his body!

The divine pattern on the yellow cloth began to flash white light!

Chen Ping hurriedly closed his eyes, and his whole body was wrapped in the divine pattern!

Bai Ju took a look and slowly left the room!

Just after leaving the room, a ray of light shot up into the sky, and the dazzling light rushed straight into the sky. The spiritual energy from all directions gathered towards the thatched house frantically!

A ray of divine light, like the rising sun, illuminated the surrounding sky!

This kind of vision can be seen clearly even if it is thousands of miles apart!

"Talent, it is indeed a talent..."

Bai Ju felt the strange fluctuations of the world, and kept muttering the word talent!

Chen Ping condensed his natal divine pattern, and it was within just a few days!

Although Bai Ju helped Chen Ping in the last one, it was also Chen Ping's own talent!

Bai Ju had long seen that Chen Ping had reached a critical moment. Even if Bai Ju did not help Chen Ping in the last one, Chen Ping would not take long to condense his natal divine pattern!

[The Man Decree] A Man Like None Other Chapter 4100-Bai Ju couldn't help but return to the thatched hut, and saw the translucent divine pattern floating in front of Chen Ping, with a face full of surprise!

And in the palm of Chen Ping's hand, there was a palm-sized divine pattern, crystal clear, covered with thousands of lines!

Each line exuded brilliance, and from Chen Ping's palm, a stream of blood visible to the naked eye entered the divine pattern!

Those lines began to be filled with blood and turned bright red!

This is the characteristic of the fusion of divine patterns, and Chen Ping's body merged with the divine pattern!

"Junior brother, you are so amazing. You have condensed the divine pattern so quickly. Now you can try to use your own divine pattern to break the formation around this thatched hut."

"As long as the formation is broken, you can be free!"

Bai Ju said to Chen Ping!

Chen Ping nodded, walked out slowly, and then prepared to use the divine pattern to break the formation!

But Chen Ping tried several times, but he didn't succeed!

"Brother Bai, why can't I control this divine pattern?"

Chen Ping asked puzzled!

"Can't control it? How could this be? This is the divine pattern you condensed, and it is obviously integrated with you. How can you not control it?"

"It is said that this divine pattern has become a part of your body, so this shouldn't happen?"

Bai Ju was also very surprised and didn't understand what was going on!

"Brother Bai, don't you know what's going on? Otherwise, go and invite Master to see what's going on?"

Chen Ping was a little depressed. He finally condensed the divine pattern, but he couldn't control it!

"Let me help you see what's going on first!"

Bai Ju approached Chen Ping!

But after just two steps, he stopped immediately, with a serious face and said, "Why is there something weird here?"

After saying that, Bai Ju slapped his palms on the ground blankly, and then a burst of black light broke out from under the ground!

Boom!

Almost in an instant, Bai Ju's body was blown away!

And Chen Ping's head also buzzed, and then the whole person's connection with the array pattern instantly became tight!

The array patterns around him appeared in Chen Ping's mind in an instant. Chen Ping just waved his hand, and the array around the thatched hut was broken!

"Brother Bai, are you okay? What happened around you just now?"

Chen Ping rushed over and helped Bai Ju up and said!

"It's okay, it's the array demon's people who did it. These guys often do this."

Bai Ju shook his head and said!

"Array demon?" Chen Ping was stunned!

Bai Ju realized that he had let the cat out of the bag, and immediately closed his mouth!

"Brother Bai, what is an array demon? Are those pairs of red eyes every night the ones you mentioned as array demons?"

Chen Ping asked Bai Ju!

Bai Ju saw that Chen Ping already knew, so he nodded and said, "Since you already know, it's okay to tell you, and now you have already condensed the array pattern."

"That array demon is a big demon. Like Master, he is very knowledgeable about the art of array, and his magic pattern is also very powerful."

"He is as capable as Master, and neither of them is convinced by the other, but that array demon is also looking for someone with talent in the art of array, and wants to teach his magic pattern."

"This time, seeing that you have good talent, that array demon probably wants to accept you as his disciple, but now you have condensed the divine pattern, it is impossible to condense the magic pattern."

Bai Ju's words shocked Chen Ping. He didn't expect that there was still an array demon in the heavenly world!

However, those wind demons, blood demons, Yin demons, and flame demons were all after the battle between gods and demons. Either their bodies were destroyed, their residual souls were sealed, or they hid. These demons are all people in the heaven!
