

[The Man's Decree]

A Man Like None Other Chapter 4101 -4110

[The Man Decree] A Man Like None Other Chapter 4101-It's just that because their bodies were destroyed or their strength was damaged, they couldn't return to the heavens, so they all stayed in the world of heaven and man, or were sealed in the secular world!

Then, is the array demon that appeared now also a person from the heavens?

And the array demon is on par with the ancestor of the divine pattern, so is the ancestor of the divine pattern also a person from the heavens?

This confirms what the Red Cloud Demon Lord said, the ancestor of the divine pattern should be a person from the heavens!

"Brother Bai, is the master a person from the heavens? He is not a cultivator from the heavens at all."

Chen Ping asked Bai Ju!

Seeing that Chen Ping had condensed the divine pattern and was considered a formal disciple, Bai Ju didn't intend to hide it and said directly: "Yes, the master is indeed a person from the heavens, and the array demon is also a person from the heavens. They are all trapped in the heavens because of the battle between gods and demons."

"Trapped in the heavens?" Chen Ping was a little confused at the moment. He didn't understand what being trapped in the heavens meant!

Chen Ping didn't know that many people from the heavens were trapped in the heavens, and the entire heaven was covered with a great array of heaven and earth!

"I can't tell you these. If the master wants to tell you, he will tell you."

Bai Ju shook his head and said!

"Brother Bai, can I leave now? I have been delayed here for several days and there are still things to do."

Chen Ping was still thinking about Gu Tianchao's affairs!

After dealing with Gu Tianchao's affairs, he had to find Bai Qian and Huo Feng and help Huo Feng destroy the Feng family and take back Hu Huangcheng!

“Leave?” Bai Ju was stunned, then smiled and said, “Brother, you think too much. I just said that after you condense your life divine pattern, you can leave the thatched cottage, but if you want to leave here, you need to learn all the divine patterns.”

“You are not naive to think that the divine patterns are only those I gave you, right? Those are for you to condense the divine patterns and merge with the divine patterns.”

“There are many divine patterns on this mountain, all of which are engraved in different positions by the master. You need to learn all these magic patterns.”

“Each divine pattern has its own mystery. The more you learn, the more beneficial it will be to you.”

“Damn...” Chen Ping burst into a swear word when he heard it!

It seems that if I work so hard to carve the divine runes, I can only leave the thatched house?

I have to learn all the divine runes. How long will it take?

“Brother Bai, what if I don’t want to learn?” Chen Ping asked!

“Then you can’t leave here.” Bai Ju said!

“I don’t believe that there is anyone who can trap me and can’t leave this place.” After Chen Ping finished speaking, he jumped and flew away!

If you want to trap him, you must use formations or illusions. With Chen Ping’s current strength, no matter it is formations or illusions, it is impossible to trap him!

Chen Ping has the origin of illusion, and no illusion has any effect on him!

Bai Ju looked at Chen Ping, smiled and shook his head, and did not chase him!

Chen Ping used the Fire Control Step to jump in space!

Although this divine rune is very good, it will definitely be beneficial to learn more, but Chen Ping doesn’t have time!

He can’t be trapped here and keep learning divine runes!

And there is no such way to accept disciples. Isn’t this equal to forcing!

Chen Ping still has a lot of things to do!

Whoosh!

Chen Ping's figure disappeared again, and then appeared several miles away in an instant!

In this way, Chen Ping flew for half an hour. According to his current speed, he should have reached Zi Yanmen, which is thousands of miles away!

But when he looked down, he found that there were still mountains, trees and rivers, and no desert area!

"Did I fly in the wrong direction?"

Chen Ping frowned!

However, when Chen Ping fell towards the ground and wanted to see where he was, he suddenly found that Bai Ju was looking up at him with a playful smile on his face!

[The Man Decree] A Man Like None Other Chapter 4102-Jin Tailong frowned, as if he understood what Park Qiqiang meant, and asked, "What happened?"

"From what you said, you encountered a problem?"

"A little bit."

Park Qiqiang did not tell the specific situation, but just said that he encountered a little difficulty.

"So, I came to you for help."

"It seems that the problem is not small, otherwise you would not come to me in person."

Jin Tailong somewhat guessed the problem Park Qiqiang encountered.

"I can help you, what is the benefit?"

"You know that our organization needs to pay for any manpower it uses."

"Of course."

Park Qiqiang nodded, "I understand your rules, just follow your rules."

Jin Tailong saw Park Qiqiang agreed, and a smile flashed across his mouth.

In fact, even if Park Qiqiang did not come to him, he would have to take action against Meng Hu.

Meng Hu killed his two top killers.

Such hatred must not let him go.

The most important thing is that Meng Hu is in Goryeo, which is a great opportunity for the organization.

Meng Hu died here, even if Huaxia came to investigate, he could find a reason to evade it.

Even if he really found something, he could find a scapegoat to solve it.

Otherwise, they can just push the responsibility onto Junxian Group and let them find a scapegoat.

The current situation is very beneficial to the organization.

Junxian Group will use all its strength to find Meng Hu, and even send people to kill them.

This means that the organization can be much more relaxed.

Most of the work in the early stages does not need to be done.

Agreeing to Park Qiqiang and getting a hefty commission is simply killing two birds with one stone.

Jin Tailong smiled calmly, "It's best that you can understand. Originally, with my friendship with the old man, I shouldn't charge for helping out."

"It's just... you know that it takes a lot of money for the organization to operate."

"So, let's do this. All the rewards will be discounted by 20%, as a token of the organization's kindness." "

I understand, I understand."

Park Qiqiang nodded repeatedly, "President Jin is already very respectful to come forward to help."

"The reward will definitely not be a problem."

"Okay!"

"Okay!"

...

Park Qiqiang ended the call with Jin Tailong and turned to his two younger brothers.

“Brother.”

“Brother.”

“What did Kim Tae-yong say?”

“He said he agreed to help, but the condition was that he had to be paid.”

Park Ki-sung and Park Ki-gong looked at each other, “What kind of condition is that?”

“It’s only right to ask him to do something and get paid.”

Park Ki-kang snorted, “That’s what you said, but Meng Hu is also the person he’s looking for. Didn’t the fourth brother say that Meng Hu killed Li Yuanshuo and Cui Shenhao?”

“With Kim Tae-yong’s character, how could he let Meng Hu go?”

“In other words, he just did it out of convenience.”

“What about the other killers, won’t he take action against them?” Park Ki-sung asked.

“He didn’t say that.”

Park Ki-kang recalled and said, “Since you agreed, you should also deal with the killers together.”

“That’s fine.”

Park Ki-gong smiled and said, “Brother, paying money is not a problem, the problem is how to kill them before those bastards leave.”

“Yes.”

Park Ki-sung echoed.

“I know.”

Park Qiqiang nodded slightly. “To be on the safe side, I’ll find a few more killers to make sure they are all killed.”

“Okay!”

“That’s okay!”

“Those six people must not be let go.”

Park Qigong nodded in agreement.

About twenty minutes later.

Park Qibang and Fang Xiaoting returned to Xian Mansion.

Then, he told everything that had just happened clearly.

After that, Park Qiqiang and the other two were stunned. They didn't understand how Meng Hu and the other six did it.

Even the top killers couldn't do it.

Park Qigong was the most annoyed because he lost two super fighters, Luo Ying and Shen Ying.

Although they were women, they had been with him for seven or eight years and were more reliable than most men in doing things.

Today, both of them were blown to death.

“Son of a bitch!”

“I'm going to kill them!”

Park Qigong roared angrily.

“Third brother, I'm sorry, I'm useless.”

Park Qibang blamed himself and took the responsibility.

Park Qiqiang patted Park Qibang on the shoulder and shook his head at him, as if telling him not to think too much.

“By the way, where's Lao Qin?”

“Fang Xiaoting, did you get in touch with him?”

Park Qiqiang looked at Fang Xiaoting who was bowing his head.

Fang Xiaoting also blamed himself. He brought fifty men there, but did nothing. All his men died there.

“Oh.”

Fang Xiaoting responded in a panic, and hurriedly replied, "Master, I didn't get in touch with him."

"Didn't get in touch with him? Or can't get in touch with him?"

Park Qiqiang asked back, and took out his mobile phone to call Lao Qin.

"I just can't get in touch with him."

Fang Xiaoting replied weakly.

"Beep...beep..."

Park Qiqiang called Lao Qin, but no one answered.

[The Man Decree] A Man Like None Other Chapter 4103-"Brother Bai, besides this method, is there no other way to leave this ghost place?"

Chen Ping frowned slightly!

"Of course there is!" Bai Ju said!

"What is the method? Tell me quickly!" Chen Ping asked happily when he heard that there was another way!

He didn't want to be trapped here. He didn't know how many years it would take to finish learning these divine patterns!

"You can go to the master. As long as he agrees to let you leave, you can certainly leave."

Bai Ju said!

When Chen Ping heard it, he was like a deflated ball and said, "Except for seeing him when I came here, where is his shadow these days?"

"Where is he now? Brother, take me to see..."

"I don't know where the master is either. I guess he is playing chess with the array demon!" Bai Ju shook his head!

"Playing chess?" Chen Ping's face was full of confusion: "Didn't you say that the master and the array demon are opponents? Why are they still playing chess together?"

“Who said that you can’t play chess with your opponent? They are just opponents, not enemies. There is no hatred of killing their fathers and taking their wives. It’s just that the two array geniuses are jealous of each other!”

Bai Ju said!

Chen Ping was speechless after hearing this, but he could only accept his fate and said nothing more, but practiced the divine runes silently!

These divine runes were placed in various locations on the mountain, but Chen Ping had already condensed his own divine runes, so he didn’t need to tell him that Chen Ping could find the locations of other divine runes!

Chen Ping casually grabbed a jade slip that recorded the divine runes, and then began to carve according to the divine runes on it!

But soon, Chen Ping was surprised to find that there was thunder power in this divine rune!

That is, the formation carved by this divine rune will burst out with thunder power and attack people who enter the formation!

At this moment, Chen Ping became excited!

The divine runes carved at the beginning did not have any other power. It should be the most basic divine rune, which was also used to condense the divine rune of the natal life and merge with the divine rune!

And the latter divine runes are similar to the enhanced version of the divine runes, which contain other powers!

Chen Ping changed a place again, and unexpectedly found that there was wind power in the divine rune, and the power contained in each divine rune jade slip was different!

There are even some divine runes that contain the power of illusion, which should be the divine runes of the illusion array!

As for the fire divine runes, the water divine runes...

the variety of divine runes surprised Chen Ping!

He never thought that a formation divine rune would contain so many different powers!

If all the divine runes were learned, wouldn’t it be possible to master many kinds of power?

Although these powers can only be used in the formation and cannot be called up separately, this is enough!

What's more, Chen Ping opened the origin space, and many heavy powers also realized the origin. With the addition of these powers in the divine runes, wouldn't the power be doubled?

Chen Ping didn't dare to delay at all and began to quickly carve the divine runes!

If you know this is the case, why did Chen Ping run just now!

Seeing Chen Ping concentrating on carving the divine runes, Bai Ju left with a faint smile!

Chen Ping was completely devoted to carving the divine runes. It only took more than an hour for Chen Ping to learn the thunder divine runes!

This is also related to Chen Ping's mastery of the power of thunder, so when learning the divine runes, the speed is obviously much faster!

Then Chen Ping began to selectively learn the fire divine runes, and he learned very quickly!

In the end, it took five hours for Chen Ping to learn three divine runes!

And Chen Ping has his own way of learning. If he sees that he already has the power in the divine runes, he will start to learn to carve!

If not, he will carve the divine runes once, remember it in his mind, and then look for other divine runes!

In this way, even if he leaves here, those divine runes that he has not learned are in his mind, and he can learn at any time!

[The Man Decree] A Man Like None Other Chapter 4104-“Finally, my mother's people came after her, but A Jin couldn't stand the effect of the drug.”

Nan Xing's hands were getting colder and colder, as if they were completely frozen.

She trembled even more.

“A Jin would rather die than surrender, and jumped off a cliff to commit suicide.”

“Dad!” Chu Qingge's heart ached, and tears almost rolled down.

“You call him... Dad?” Nan Xing’s eyes were full of pain, and she looked up at her, but was stunned.

“I don’t know, I just... I just like the Ninth Prince.”

Knowing that the Ninth Prince would rather jump off a cliff than surrender, her heart was really painful.

Although she knew that the Ninth Prince was still fine, her heart was still painful, and it was twitching, as if it was broken.

Why did A Jin suddenly get poisoned and vomit blood, and even Han Shanggong couldn’t beat him?

Mom must have thought about this question.

The man who was with her that night and used his body to guide the poison to her was most likely Chu Fengjin.

That’s why when he was fighting with Han Shanggong, who was not as good as him in martial arts, Han Shanggong forced him to lose most of his power with a palm.

Otherwise, why would this sign of poisoning appear?

“I don’t know if it’s him. Back then, I thought he was... gone, and I didn’t have a chance to confirm it.”

“He’s alive and well now, but...”

Qingge felt a little disappointed.

She didn’t know what happened to the Ninth Prince after he jumped off the cliff, but now, he clearly didn’t remember his mother.

“He seems to have lost his memory. When I mentioned Nanxing, he didn’t react at all, but he had heard your name before.”

It’s like cherishing heroes and respecting heroes on the battlefield.

But the name Nanxing, this person, is obviously very unfamiliar to him.

“That’s... okay.” Nanxing smiled lightly.

Her own affairs may not be solved smoothly.

Since Ajin has her own life and a new life, it may not be a bad thing.

She is involved in too many things, which will implicate the people around her.

“Mom, don’t you plan to ask him clearly?” How can Qingge be willing?

The Ninth Prince is very likely her father!

“What are you asking? Didn’t you say that he has forgotten the past?”

So, even if she asked, A Jin couldn’t answer.

So what’s the point of asking him?

“Are you really giving up like this? Don’t you think it’s a pity?” Can

she bear to let go of such a wonderful man like the Ninth Prince?

Nan Xing just smiled lightly, but this smile gradually became a little dim and helpless later.

“I still have Jiu Qing by my side. What’s the point of looking for A Jin at this time, except to increase his pain?”

“But...”

“I can not be with Jiu Qing, but I can’t let him watch me spend my whole life with another man.”

Chu Qingge couldn’t refute this for a while.

In the end, she just asked softly: “Mom, who do you like?”

Nan Xing didn’t answer this question. Perhaps for her now, this question is meaningless.

“Ajin knew that Nanqing would not really want to kill me. He jumped off the cliff to avoid being humiliated by those women, and also because he did not want to be a burden to me anymore.”

“The toxins in my body were not cleared yet. After he jumped off the cliff, Han Shangong took me back to my mother. That’s when I learned that Jiuqing cut his own meridians to avoid doing anything to let me down.”

[The Man Decree] A Man Like None Other Chapter 4105-But this is the heavenly world, full of rich spiritual energy, which is used by cultivators for cultivation. People like them in the heavenly world must use immortal energy!

The two of them are always like this, fighting when they disagree, regretting after the fight, and then unable to replenish, and their strength continues to decline!

“Brother, don’t you still have blood jade? Give me a few!”

the array demon said!

“Get out, that’s my lifeblood, how can I give it to you!”

The God Pattern Ancestor cursed!

“If you don’t want to give it, then don’t give it. Why are you still scolding me...” The array demon gave the God Pattern Ancestor a blank look, and then said: “Brother, aren’t you concerned about your newly captured apprentice? Why don’t you go and see if he succeeded?”

“But I sent the Night Demons to tamper with the thatched cottage. Even if that kid is talented, I’m afraid he won’t be able to refine the God Pattern.”

“Humph, I knew you sent the Night Demons to make trouble a long time ago, but with my eldest apprentice here, your Night Demons’ tricks are in vain.”

After the God Pattern Ancestor finished speaking, he gently waved his palm, and a picture instantly appeared in the air!

On the picture was the area where Chen Ping practiced. In fact, this area was just a small space that the God Pattern Ancestor worked hard to open up after being trapped in the Heavenly Realm!

Because his strength was damaged at the time, the space he opened up was not very large. In this space, it was relatively safe, so the God Pattern Ancestor would put all kinds of God Patterns in it! The reason why

Chen Ping couldn’t leave was that he didn’t know at all that the space he was in was not the Heavenly Realm at all, but just a new space!

Maybe Chen Ping didn’t expect that there were still people in the Heaven Realm who could open up the space world. He always thought that he was still in the Heaven Realm, so he couldn’t escape no matter how hard he tried! However,

in this space world, not everyone can’t enter. The array demon can easily enter that space world!

There are also night demons raised by the array demon. These people have been raised by the array demon one by one for so many years, but these people can

only move at night and can't move during the day! This is why Chen Ping can only see the red eyes at night!

"Hey, has your apprentice already practiced the natal divine pattern?"

The array demon saw that Chen Ping had left the thatched hut and couldn't help but be surprised!

"Hahaha, you are really gifted. I said a long time ago that your little tricks are useless."

The ancestor of the divine pattern laughed, but soon closed his mouth and looked at Chen Ping in surprise!

"This... what is this guy doing?"

The ancestor of the divine pattern saw that Chen Ping kept looking for the divine pattern, and then immediately began to practice!

If he could master the divine runes quickly, he would pay more attention. If he could not master the divine runes quickly, he would engrave them in his sea of consciousness so that he could practice them in the future!

But even so, Chen Ping had already practiced four divine runes of different powers!

At this speed, it was rare in a thousand years!

"Damn, what are you doing? This guy just condensed his own divine runes, but he was able to refine so many different divine runes at once? Isn't this too outrageous?"

The array demon was also surprised!

Even when they were learning from the master in the heaven, they had never seen such a gifted person!

"I know, he is memorizing my divine runes. He plans to practice slowly after leaving."

"This guy is so strong that it's ridiculous. Maybe this great formation of heaven and earth can really be broken by this guy."

The face of the ancestor of the divine runes showed excitement!

When the array demon heard it, he was immediately excited: "Great, such a talented person can't be delayed by you, I will also pass this magic rune to him." After the

array demon finished speaking, his figure flashed and suddenly disappeared!

The ancestor of Divine Patterns was shocked and shouted quickly: "If you dare to snatch my disciple, I will fight you to the death..."

After saying that, the ancestor of Divine Patterns quickly chased after him!

[The Man Decree] A Man Like None Other Chapter 4106-Chen Ping was carving the divine pattern at this time, and he didn't care about anything!

After all, he was trapped in this place, and Bai Ju was guarding him, so there would be no danger!

But just when Chen Ping was carving the divine pattern, suddenly a strange breath fluctuated, and he opened his eyes!

I didn't know when, there was an old man in a black robe in front of him!

The old man looked at Chen Ping carefully, with a deep sense of disbelief in his eyes!

"Boy, how many divine patterns have you mastered now?"

the old man asked!

Chen Ping looked at the other party, frowned slightly and said, "Who are you? Why should I tell you?"

"Hahaha, who am I?"

The old man laughed and waved his hand!

The sky instantly became extremely dark, and in the dark sky, array patterns appeared one after another!

The complexity of these array patterns is no less than the divine patterns that Chen Ping is carving now!

And these array patterns are like stars, covering the entire sky!

Seeing such a huge array pattern, Chen Ping was stunned!

However, in these array patterns, waves of demonic energy continued to emanate!

At this moment, Chen Ping instantly understood who was in front of him.

"Are you the Array Demon?"

Chen Ping asked in surprise!

“Yes, I am the Array Demon. The divine pattern you practice is not the best at all. My magic pattern is the best.”

“Don’t practice any divine pattern anymore. Learn the magic pattern from me. I guarantee that you can ascend to heaven.”

The Array Demon tempted Chen Ping!

“Is the magic pattern so powerful?” Chen Ping didn’t believe it!

“Of course it is powerful. Can’t you see it? And if you learn from me, I will teach you personally, unlike my senior brother, who is always seeking fame and pretentiousness and refuses to teach his disciples in person.” The

Array Demon said bad things about the ancestor of the divine pattern!

“You’re talking nonsense...”

As soon as the words fell, the figure of the God Pattern Ancestor appeared, and then said to Chen Ping: “Don’t listen to his nonsense, the magic pattern is not as powerful as the God Pattern, and you have now condensed your own God Pattern, it is impossible to practice the magic pattern.”

“You can practice, I can remove your own God Pattern, and you can condense your own Demon Pattern again.”

Zhen Mo said hurriedly!

“Zhen Mo, you f*cking pry my apprentice in front of me, isn’t it too much?”

The God Pattern Ancestor was angry!

“Brother, why are you scolding me again, you have no manners at all.” Zhen Mo said unhappily!

“You have manners, you pry other people’s apprentices and call it manners, do you have any shame.”

The God Pattern Ancestor roared!

This time, the two old men actually quarreled for Chen Ping. If they hadn’t just started, the two people had consumed too much and hadn’t replenished it yet, it is estimated that they would fight again!

Chen Ping looked at the two people arguing, and was speechless for a while!

And it sounds like these two people are brothers, but Chen Ping doesn't understand how the two brothers can become like this now!

"Stop, stop it..."

"You two stop arguing!"

"I'm no one's apprentice, what are you arguing about!"

Chen Ping said hurriedly!

The two were stunned, and the God Pattern Ancestor looked at Chen Ping and said, "You have condensed your own divine pattern, and you said you are not my apprentice?"

"Of course not, I didn't become your disciple, you trapped me here to learn."

"I have learned your divine pattern, I can respect you as a senior, but if you want to be my master, you are not qualified enough..."

Chen Ping's words made the God Pattern Ancestor stunned!

The Array Demon laughed and said, "Hahaha, young man has a promising future, this is how it should be!"

The God Pattern Ancestor said with a red face: "I am the Star Array Immortal of the Heavenly Realm, am I not qualified to be your master? Are you too arrogant?"

The God Pattern Ancestor was so angry that he was about to die!

[The Man Decree] A Man Like None Other Chapter 4107-"Brother, a hero does not talk about his past achievements. You are still a shitty star array immortal now. You can't even go back to the heaven. Your strength is constantly declining. Only a fool would be your apprentice."

"Young man, you worship me as your master, and I will teach you the magic pattern. I also have a place in the heaven."

The array demon said to Chen Ping!

"Aren't you also trapped here and can't go back to the heavenly world? So you are not qualified."

Chen Ping said!

The array demon was stunned, and then he said angrily: “Boy, I saw that you are gifted, so I accepted you as my apprentice. Do you think anyone can worship me as a master?”

“You two are desperate to accept me as your apprentice. You must have some intention, right?”

“But if you don’t say it, I don’t want to ask. What array pattern magic pattern, I don’t want to learn it. I just want to leave this broken place.”

“I still have a lot of things to do. Let me leave here now!”

Chen Ping knew that there must be a reason why these two people were trapped in the heavenly world and couldn’t go back to the heaven!

But they want to find a gifted person to teach their unique skills, and it is not just as simple as accepting apprentices!

Although Chen Ping wanted to learn the divine runes and even the magic runes, he couldn’t show it!

The more he acted like he didn’t care, the better it was for him!

Sure enough, when Chen Ping said this, the ancestor of the divine runes said, “You don’t have to become a disciple. Now that you have condensed your own divine runes and learned so many divine runes, it would be a pity to leave now.”

“I don’t force you to become a disciple. You just need to learn these divine runes. When you have learned them all, the essence of this world will be clear.”

“Boy, you don’t have to worship me either. I am willing to teach you in person.” Seeing this, the array demon also hurriedly spoke up!

For a gifted person like Chen Ping, they were unwilling to give up! If

Chen Ping really practiced it, then there would be a chance to break the heaven and earth formation of the heavenly world. They would be trapped here and could leave and return to the heavenly world!

Chen Ping looked at the array demon, and then at the magic runes that were like stars in the sky. The breath emanating from the magic runes could actually make the divine runes in Chen Ping’s body react!

It’s just that the reaction of the natal divine pattern is very strange, which is different from when he learned other divine patterns!

“Is there any connection between the magic pattern and the divine pattern?”

Chen Ping frowned slightly, and did not answer the words of the array demon, but jumped!

Chen Ping rushed into the magic pattern in the sky!

Seeing Chen Ping’s move, the array demon and the ancestor of the divine pattern were stunned!

They didn’t know what Chen Ping was going to do!

“Brother, what is this guy going to do?”

The array demon asked!

“Maybe he wants to learn the magic pattern.” Seeing Chen Ping rushing into the magic pattern, the ancestor of the divine pattern said!

“The natal divine pattern on his body has not been removed yet, how can he continue to learn the magic pattern, this will kill people...” The

array demon was surprised!

The ancestor of the divine pattern did not speak, nor did he stop Chen Ping!

Chen Ping rushed into the magic pattern in the sky, and the natal divine pattern in his body began to tremble regularly!

It seemed that he sensed the magic pattern in the sky around him!

Chen Ping was a little incredible. How could his natal divine pattern sense the magic pattern and have some connection with the magic pattern?

These are two different array patterns, there is no way they are related!

Chen Ping slowly sacrificed his innate divine pattern, and saw that the innate divine pattern kept flashing around his body!

At the same time, Chen Ping’s eyes slowly turned red, and he kept thinking in his mind!

“Could it be that the magic pattern and the divine pattern are both evolved from the same array pattern?”

Chen Ping had a bold and absurd idea!

After all, gods and demons are on different paths, how could the magic pattern and the divine pattern be evolved from the same divine pattern!

But if not, why can his innate divine pattern sense the magic pattern?

[The Man Decree] A Man Like None Other Chapter 4108-Chen Ping decided to try to condense the magic pattern. If he did not suffer backlash or resistance in the process of condensing the magic pattern, then his guess would be proved!

Chen Ping looked at a magic pattern and began to carve it in the air. You should know that Chen Ping already had his own divine pattern in his body at this time. When carving the divine pattern, he could feel it very well!

But the magic pattern was different. However, when Chen Ping was carving the magic pattern, he did not find anything wrong, and it was very smooth!

It seems that what I thought should be right. Even if I learned the divine pattern, I can continue to practice the magic pattern!

Without any worries, Chen Ping actually began to carve the magic pattern quickly. One magic pattern after another flashed in Chen Ping's body. I don't know how long it took, and the spiritual power from all directions surged, like a surging sea water rushing towards Chen Ping! The

magic patterns all over the sky were also trembling slightly, as if responding to Chen Ping!

The array demon and the divine pattern ancestor were dumbfounded when they saw this scene!

"What the hell? Is this guy going to condense his own magic pattern?"

The array demon said in surprise!

The face of the God Pattern Ancestor also flashed with shock and said: "The innate God Pattern and the innate Demon Pattern can be condensed on one person at the same time, how is this possible?"

It is simply unimaginable, this kind of thing is too shocking!

They never thought that the Demon Pattern and the God Pattern can appear on one person at the same time!

At this time, Chen Ping was surrounded by black fog, and the demonic energy continued to emerge from those demon patterns!

The whole sky was shaking!

Even the ground under his feet was shaking!

“This guy, the aura of the three races of man, demon and beast are all on him. Now he can condense the Demon Pattern and the God Pattern into one body. This can't be explained by talent.”

The face of the formation demon changed drastically!

“My space world will not be destroyed by this kid, right?”

The God Pattern Ancestor was very worried! With

the current strength, he doesn't have the ability to open up a space world again!

“Brother, if this kid can break the great formation of heaven and earth, you still need a fart space world, and the two of us will return to heaven.”

The eyes of the formation demon began to be excited!

Chen Ping, this guy, is a ghost, maybe he can really break the great formation of heaven and earth!

At this time, Chen Ping had no idea what the two people were thinking. He only saw that in Chen Ping's sea of consciousness, the natal divine pattern was trembling!

At the same time, on one side of the natal divine pattern, the natal magic pattern was also slowly generated! The

natal divine pattern was like Chen Ping's left arm, becoming a part of the body!

And the natal magic pattern was like Chen Ping's right arm, also a part of the body!

In the center of Chen Ping, a walnut-sized light linked the natal divine pattern and the natal magic pattern!

Every time this light beat, the natal divine pattern and the natal magic pattern would be connected!

At the same time, both life patterns were growing!

The spiritual energy and magic energy from all directions were gathering crazily!

The breath emitted by the magic pattern in the sky was also absorbed crazily by Chen Ping!

Accompanied by a mysterious breath that continued to diffuse along Chen Ping's body!

The two life patterns were actually slowly merging, producing a peculiar breath!

This breath was constantly spreading, and Chen Ping was like soaking in a hot spring, feeling very comfortable all over!

"This breath... this breath is so strange, it doesn't belong to your divine pattern, nor does it belong to my magic pattern!"

The array demon felt the breath in Chen Ping's body and said in surprise!

The ancestor of the divine pattern said nothing, and his expression became very strange!

Chen Ping was quietly suspended in the air, and a new world seemed to have opened up in the entire sea of consciousness!

He was surprised to find that whether it was the divine pattern or the magic pattern, or even the array pattern carved by the general array master, these things were not used alone to set up the array!

All the array patterns can evolve everything when they are cultivated to the extreme!

Those ancient powers can change everything with a casual finger. These things did not appear out of thin air, but were formed by the interweaving of array patterns!

It's just that the interweaving arrangement of each pattern is different, and the effect produced is different!

Laying down the array is just one way to use this pattern, not the only one!

A Man Like None Other Chapter 4109-At this moment, Chen Ping was like opening the door to a new world, and he was extremely excited!

It turns out that a true master of formations can not only set up formations, but also change everything!

Formation masters have always been the weaker side, just like pharmacists, although in this world of heaven and man, formation masters and pharmacists are rare!

Very respected, but in terms of real strength, whether it is a formation master or a pharmacist, the strength is weaker than other cultivators!

But now it seems that formation masters are not weak, but many formation masters have not understood the use of formation patterns!

Chen Ping's natal divine pattern and natal magic pattern are both flowing in brilliance!

The connection between the two is getting closer and closer, and a strange breath is constantly emanating from Chen Ping's eyebrows!

Then a line of lines lit up in front of Chen Ping!

Then Chen Ping quickly carved with one hand, and the lines in front of him kept changing according to Chen Ping's intention.

Soon a complete divine pattern appeared, followed by the second one!

Then Chen Ping began to carve the magic pattern, and after the magic pattern appeared, it covered the divine pattern!

At this time, the two patterns could not be completely integrated, but they were not rejected!

Seeing this, Chen Ping's mind continued to strengthen. As long as these patterns merged together, an item would be produced!

He could evolve an item, and in the eyes of outsiders, this item was transformed by Chen Ping out of thin air!

"It's bad, this kid is going to be possessed..."

The God Pattern Ancestor who was observing Chen Ping was shocked!

Chen Ping's current cultivation is not enough, but he wants to forcibly fuse the two patterns. This is simply looking for death!

You must know that once you are possessed, even if you don't die, you will become demented, that is, a useless person!

The God Pattern Ancestor can't watch Chen Ping, a gifted person, go to the devil! The God Pattern Ancestor's body moved and came in front of Chen Ping!

Then he shouted: "Stop practicing, stop quickly..."

Chen Ping's eyes were red, and he couldn't listen at all. He was already deeply involved at this moment!

He already understood the secret of the array pattern, so he wanted to fuse the two array patterns!

Seeing this, the God Pattern Ancestor reached out to Chen Ping!

When Chen Ping saw that the God Pattern Ancestor was trying to stop him from practicing, he immediately shot out a ball of flames!

The terrifying flames enveloped the God Pattern Ancestor, and the God Pattern Ancestor waved his hand, instantly shattering the surrounding flames, and grabbed Chen Ping's shoulder!

Chen Ping was now unconscious, and he put all his mind on the fusion of the array pattern!

Now he attacked the people who approached to stop him, completely out of instinct!

The God Pattern Ancestor grabbed Chen Ping and wanted to forcibly release Chen Ping's consciousness! If

Chen Ping continued like this, he would definitely go crazy, just like an ordinary person who was obsessed with a cow's head. If he couldn't release it, it would become extremely painful!

Chen Ping desperately attacked the God Pattern Ancestor, and the God Pattern Ancestor endured Chen Ping's attack and didn't fight back at all!

"Brother, you are too spoiled with this kid. Even if he is gifted, he can't not fight back."

Seeing this, the array demon was anxious!

The whole person jumped up, and the magic pattern in the sky was instantly grabbed by him!

"Boy, you dare to hit my brother, I'm going to teach you a lesson."

The array demon instantly shot out a black light and went straight to Chen Ping!

Chen Ping's body trembled, as if he was a deflated ball, and the whole person became limp.

At the same time, the red eyes slowly lost their color, and the whole person fainted!

The array demon cut off the magic pattern, and Chen Ping could no longer merge the magic pattern with the divine pattern!

Chen Ping has only cultivated his own magic pattern now, and there are still many magic patterns that he has not had time to carve and cultivate!

The ancestor of the divine pattern handed Chen Ping to Bai Ju and asked him to take Chen Ping to rest!

“Senior brother, are you okay?”

The array demon asked the ancestor of the divine pattern with concern!

A Man Like None Other Chapter 4110-Sun Siyang was almost crying.

After hesitating for a long time, he could not continue, so he had to stand up. Unexpectedly, he saw Feng Qingyao when he looked up. How could he not be happy

? “Thank you for your hard work.” Feng Qingyao smiled approvingly, and then said to the eunuch who delivered the order: “Eunuch, Qingyao has prepared the things for the two ladies. There is also a small gift for you. Please accept it.”

This was Feng Qingyao’s impromptu decision. Anyway, the medicine was worthless to her, so she might as well take it out to sell a favor.

Sure enough, the eunuch’s face was instantly filled with smiles: “Okay, okay, it’s getting late, and we should go back to the palace.”

When he saw what Feng Qingyao prepared for him, the eunuch admired Feng Qingyao’s ability to do things even more. He only said that he would bring things to the Imperial Concubine and Concubine Wen, but the other ladies also made contributions. You, Feng Qingyao, must express your gratitude, otherwise he will not be able to report back when he returns.

As expected, Feng Qingyao was very clear-headed. She didn’t tell the other ladies to bring things, but gave them to him and asked him to ask for favors from the ladies. Such a girl... No wonder all the ladies in the palace like her. Who wouldn’t like her?

After sending the eunuchs who announced the decree away, Feng Qingyao collapsed directly on the chair.

She was really exhausted today, both mentally and physically. She didn’t even want to move now, but it was finally over. Yunhua, that troublemaker, probably wouldn’t be able to come out and jump around in the short term.

“Master... Are you okay?” Sun Siyang came forward with a tray, on which were disinfectants, gauze and other things.

“It’s okay, just a little tired.” Feng Qingyao sat up straight and rubbed her temples.

Sun Siyang put the tray on the side of his hand, moved a chair and sat next to Feng Qingyao: “Then Master, take a rest, I’ll help you clean the wound on your hand.”

After a series of things, Feng Qingyao's hand wound was hastily wrapped with white cloth at the cemetery.

Since it was about her hand, Feng Qingyao did not refuse. She stretched out her hand and said jokingly, "I'm sorry to bother you, Little Divine Doctor Sun."

"Master, please stop laughing at me." Sun Siyang's face turned red when he heard this title.

He asked those people not to call him that, but they teased him, "If we don't call you Little Divine Doctor Sun, should we call you Great Divine Doctor Sun? Not yet, you are too young. We will call you Great Divine Doctor in a few years."

When these words came out, Sun Siyang didn't know how to refute them at all, and looked embarrassed.

"I'm not laughing at you, Master is happy. The name Little Divine Doctor Sun is very good, but it's a bit difficult to pronounce. Master hopes that you can get rid of that little word as soon as possible and become Divine Doctor Sun." Feng Qingyao was really pleased. The more famous and better Sun Siyang's grades were, the happier she was.

She was not one of those masters who were afraid that their apprentices would surpass their own masters. She was happy only when Sun Siyang was better than her. The waves behind the Yangtze River pushed the waves ahead. If it was her apprentice, she, the wave ahead, was willing to be beaten to death on the beach.

"Master, I will try my best." This time Sun Siyang did not say no, but nodded firmly.
