

## [The Man's Decree]

### [The Man Decree] A Man Like None Other Chapter 4131

[The Man Decree] A Man Like None Other Chapter 4131-“Okay, this teleportation array is just that the array patterns have been in disrepair for a long time, and some array patterns have too few connections to each other, so that the teleportation array can be opened, but it cannot be teleported.” “

Now I have re-carved the array patterns and slightly changed them. In this way, even if the teleportation array has been in disrepair for a long time and cannot be teleported, there will be no such injury incident just now.”

Chen Ping said lightly!

After hearing Chen Ping's words, everyone couldn't believe that Chen Ping could repair the teleportation array and make modifications!

How is this possible? This is an ancient formation. Even if Chen Ping is a formation master, he can't have the ability to make changes to the ancient formation!

“Did you really repair the teleportation array?”

Li Qi asked in shock!

“Of course, you can open it and try it!”

Chen Ping said calmly!

Li Qi glanced at Chen Wenliang. After all, Chen Wenliang is the president. Only when Chen Wenliang speaks, Li Qi can open the teleportation array!

“Go and have a look...”

Chen Wenliang said to Li Qi!

Li Qi nodded, then walked over, looked at the teleportation array in front of him, and then placed the spirit stone!

Soon, the spirit stone flickered, and the teleportation array was opened!

Since it can be opened, it proves that the teleportation array has not been damaged by Chen Ping!

At this time, Chen Wenliang also breathed a sigh of relief.

“President, even if the teleportation array can be opened, it does not mean that it has been repaired. It was opened just now, but there was an error during the transmission!”

A senior pharmacist said!

“Yes, the teleportation array can be opened just now. It can be opened now, but it does not mean anything!”

“We need to teleport before we can know whether the teleportation array is really repaired!”

Chen Wenliang said!

“Everyone, who will try it?”

Li Qi looked at the pharmacists around and asked!

But no one dared to move. You know, the teleportation array was damaged just now and injured so many people. Who dares to try it!

Now Chen Ping has moved the teleportation array again. If something happens again, it will be fatal!

No one is willing to gamble with their lives!

Seeing that no one dared to try, Li Qi was very embarrassed!

“I’ll do...”

Liu Ruyan said, and walked directly into the teleportation array!

Liu Ruyan believed in Chen Ping, so she was not afraid at all!

“Nie Heng, follow your eldest lady. When you get to Yongle City, don’t run around. Wait for me!”

Chen Ping said to Nie Heng!

Chen Ping believed in his own strength. There must be no problem with this teleportation array!

Nie Heng nodded and walked into the teleportation array!

Seeing Liu Ruyan and Nie Heng walk into the array, the others also had some trust in Chen Ping!

After all, Liu Ruyan had just protected Chen Ping, and it was obvious that she was with Chen Ping!

“Let me try...”

At this time, there were also pharmacists who walked into the teleportation array!

If it really succeeded, then they would not have to queue up and could reach Yongle City as quickly as possible!

Seeing that some people were not afraid and walked directly into the teleportation array, many pharmacists began to waver!

Soon, the teleportation array was filled with dozens of people!

Seeing that the personnel were full, Li Qi said: “Everyone pay attention, I’m going to start the teleportation array!”

After that, Li Qi urged the spirit stone!

The teleportation array was instantly opened, the light flowed, and the breath of space filled the entire teleportation array!

At this time, in Yongle City, tens of thousands of miles away from here, several monks were also guarding the teleportation array!

“Elder Song, there are obviously fewer people participating in the Pharmacist Conference this year.”

“The teleportation array has been silent for several days.”

A monk looked at the old man in the lead and said!

These people are from the Western Region Pharmacist Association. The Western Region Pharmacist Association is in Yongle City. They are responsible for reception here!

But for several days, no one came from the teleportation array!

**[The Man Decree] A Man Like None Other Chapter 4132**—“It’s really strange. The pharmacists from the East and South regions have all come, but why haven’t the pharmacists from the Central Region made any moves? There aren’t many pharmacists from the Central Region coming.”

“The pharmacist conference is about to begin, but no one from the Central Region pharmacist association has come yet. Don’t they want to participate this year?”

Elder Song frowned slightly, wondering what was going on!

The teleportation array of the Northern Region pharmacist association has been broken for many years, so the strength of the Northern Region pharmacists is low, and many of them are no longer qualified to participate in the pharmacist conference!

But it's different in the Central Region. The strength of the Central Region pharmacist association is not low, but now there are not many people coming!

“Could it be that the teleportation array of the Central Region pharmacist association is also broken? It's been so many days!”

said a cultivator!

“Shut up your crow mouth. If no one from the Central Region pharmacist association comes, what's the point of this pharmacist conference?”

Elder Song said with a glare!

But just after he finished speaking, the teleportation array actually began to shake slightly and emitted a faint light!

“Here they come, someone is going to teleport over...”

Seeing this scene, several cultivators were very excited!

At the Central Region Pharmacist Conference, everyone stared nervously at the brilliance of the teleportation array!

The surrounding spirit stones were crazily absorbed by the teleportation array, and the brilliance became more and more intense!

Soon, a dazzling white light flashed, and everyone closed their eyes!

When everyone couldn't wait to open their eyes, they found that all the pharmacists in the teleportation array had disappeared!

“Success, success...”

Li Qi was the first to shout excitedly!

If the teleportation failed, Li Qi would be the first to be held accountable, after all, he was the only array master here!

Now that the teleportation array has been repaired, Li Qi will not be punished!

A big stone in Li Qi's heart finally fell to the ground!

Seeing this, the other pharmacists also cheered happily. If the teleportation array was not repaired, they might not be able to participate in the pharmacist conference!

Chen Wenliang also looked at Chen Ping with new eyes at this moment!

Chen Ping was young, not only had good strength, but also easily repelled him. He was also a high-level array master who could even repair the ancient teleportation array!

“Daoyou, I'm sorry for offending you just now. I hope you won't mind.”

“I'll order someone to get the Tianming Pill for you now!”

Chen Wenliang said, and immediately ordered someone to get the Tianming Pill!

Since he promised in public, it's impossible to go back on his word!

“Daoyou, I wonder who you learned this array technique from?”

Li Qi was very curious. Chen Ping was so young, but his array technique was so superb!

“I'm really sorry, I can't say...”

Chen Ping shook his head apologetically!

Chen Ping didn't have a master. He couldn't say that he was self-taught. This probably hit Li Qi even harder!

“It's okay, it's okay. It's normal not to reveal your master.”

Li Qi said hurriedly!

“Daoyou, are you planning to go to Yongle City? Go visit relatives and friends, or go home?”

Chen Wenliang asked Chen Ping!

“I have a friend in Yongle City, and I'll attend this pharmacist conference by the way. I've never attended it before.”

Chen Ping said truthfully!

“Fellow Daoist, you don't know that not everyone can participate in the Pharmacist Conference. Only qualified pharmacists can participate.”

“Formation masters like you and me are not qualified to participate in the Pharmacist Conference.”

“If a formation master conference is held, you and I may be qualified.”

Li Qi followed Chen Ping and said!

He thought Chen Ping didn't know that the Pharmacist Conference does not allow people other than pharmacists to participate!

“I know, I am also a pharmacist, and I should be qualified to participate in this Pharmacist Conference.”

Chen Ping counted!

“What? You are still a pharmacist?”

Li Qi was stunned!

Chen Wenliang and everyone looked at Chen Ping with incredible faces!

Chen Ping's formation skills are superb, and his realm strength is not inferior to Chen Wenliang. Now he is still a pharmacist!

Is there anything that Chen Ping doesn't know?

**[The Man Decree] A Man Like None Other Chapter 4133-**“What? Don't I look like a pharmacist?”

Chen Ping smiled slightly!

“That's not the case, I just find it incredible!”

Li Qi's eyes were full of envy!

If he not only knew the art of formation, but was also a pharmacist, he wouldn't have such a low status in the Pharmacist Association!

Soon, the Destiny Pill was taken, and Chen Wenliang was very trustworthy and handed over five Destiny Pills to Chen Ping!

After all, in front of so many people, even if Chen Wenliang didn't want to give it, he couldn't!

The Pharmacist Association must be credible, otherwise there will be no pharmacists joining the association in the future, and no one will cooperate with the Pharmacist

Association, and the operation of the Pharmacist Association will be a problem!  
Pharmacists are

generally not very strong. In the world of the jungle of the heavenly world, pharmacists are actually weak!

But fortunately, pharmacists are small in size and respected, which makes it possible for pharmacists in the heavenly world to have a place!

If no one cooperates with the Pharmacist Association, the various resources of the Pharmacist Association will be exhausted!

After getting the Destiny Pill, Chen Ping went up to the teleportation array, ready to teleport to Yongle City to find Nie Heng and Liu Ruyan!

Seeing this, Chen Wenliang also went up to the teleportation array!

Then many pharmacists lined up to go up to the teleportation array and started to teleport!

With the flash of white light, everyone's eyes darkened, and then brightened up.

After opening their eyes again, they had already arrived at Yongle City, which was tens of thousands of miles away!

"Hahaha, I almost missed the pharmacist conference!"

"It's really not easy!"

"Thank you, fellow Daoist. If it weren't for you, we would have missed this pharmacist conference."

Many pharmacists were very happy and thanked Chen Ping one after another!

"Fellow Daoist, it's really thanks to you this time, otherwise our Central Region pharmacists would be disgraced and suffer heavy losses."

Chen Wenliang followed Chen Ping to thank him again!

"President Chen is polite. I also took your destiny pill. This is considered a deal."

Chen Ping smiled slightly!

"Fellow Daoist, I don't know your name yet." Chen Wenliang asked!

"Chen Ping!" Chen Ping said lightly!

Here, Chen Ping did not intend to hide his identity!

First, because the strength of pharmacists is generally not very high, it does not pose much threat to Chen Ping!

Second, Chen Ping showed his true face. Even if he said a fake name at this time, someone would definitely recognize him. It would be better not to hide it directly!

“Chen Ping?”

Chen Wenliang was stunned!

But soon, Chen Wenliang smiled and said, “It turns out that you and I have the same surname. Maybe we were from the same family thousands of years ago.”

“Maybe!”

Chen Ping smiled!

Chen Ping knew that Chen Wenliang must know him, and he should also know the killing order of the Demon Sealing League!

But since Chen Wenliang pretended not to know, Chen Ping would not expose it!

As long as they don't have any ideas about him, Chen Ping will not embarrass people!

“Fellow Daoist Chen, I don't know which pharmacist association you will participate in the pharmacist conference?”

Chen Wenliang asked!

“Participate in the name of the pharmacist association?” Chen Ping was slightly stunned!

How could he know which pharmacist association to participate in!

After all, he didn't join any pharmacist association!

Chen Ping's main purpose was to find Huo Feng and the others. He only participated because he heard that there was a pharmacist association!

If you ask Chen Ping which pharmacist association to participate in, he doesn't know!

Seeing that Chen Ping didn't understand at all, Chen Wenliang said again: “If you participate in the Pharmacist Conference in the name of the Pharmacist Association, you can get more opportunities and resources.”

“Of course, independent cultivators can also participate, or individual medical families can also participate, but it would be more appropriate if there is an organization.”

“If Chen Daoyou has not joined the Pharmacist Association, I am willing to recommend Chen Daoyou to participate in the name of our Central Region Pharmacist Association!”

Chen Wenliang’s meaning is very clear. This is to pull Chen Ping to join the Central Region Pharmacist Association!

A cultivator like Chen Ping, who is strong, a master of advanced formations, and a pharmacist, is probably what every Pharmacist Association would want!

**[The Man Decree] A Man Like None Other Chapter 4134**-However, this proves that Chen Wenliang has no ill intentions towards Chen Ping. Since he already knows that Chen Ping was hunted down by the Demon Sealing League with a hundred years of offerings, and dares to win over Chen Ping, it proves that Chen Wenliang is not afraid!

“Thank you, President Chen, for your kindness. I will go to find my friend first. If I need it before the conference, I will definitely ask President Chen for help.”

Chen Ping said politely!

“Okay, your friend is a pharmacist from the Northern Territory. The Northern Territory Pharmacist Association did not participate in this pharmacist conference, so if your friend needs it, he can also participate in the name of our Central Territory Pharmacist Association.”

Chen Wenliang knew that Liu Ruyan and Nie Heng were both pharmacists from the Northern Territory!

Since the two were friends of Chen Ping, Chen Wenliang also won them over!

In this way, Chen Ping can be grateful!

If it weren’t for Chen Ping, Chen Wenliang would not have allowed Nie Heng and Liu Ruyan to participate in the name of the Central Territory Pharmacist Association!

Chen Ping and Chen Wenliang walked out of the formation. At this time, many pharmacists who were teleported over had been arranged by the people of the Western Territory Pharmacist Association to rest!

“President Chen, you are finally here. There has been no news from your Central Region Pharmacist Association for several days. Our president is anxious and keeps asking every day!”

Elder Song of the Western Region Pharmacist Association saw Chen Wenliang and hurried forward to say!

“There was a small problem with the teleportation array over there, but it has been solved.”

“Your president has never thought of me like this. Every time he attends the Pharmacist Conference, he always targets me and envies me for being better than him.”

“Why does he miss me so much at this Pharmacist Conference?”

Chen Wenliang said jokingly!

It can be seen that Chen Wenliang has a good relationship with the president of the Western Region Pharmacist Association. It should be that every time at the Pharmacist Conference, the president of the Western Region Pharmacist Association has always been defeated and cannot defeat Chen Wenliang!

“President Chen, you are late. You don’t know that there may be some changes in this year’s Pharmacist Conference.”

Elder Song said!

“Changes? What changes?” Chen Wenliang asked curiously!

“A few days ago, someone from Medicine God Island came and said that this pharmacist conference would be held on Medicine God Island, otherwise they would make all pharmacists restless!”

Elder Song looked around and whispered to Chen Wenliang!

“What?” Chen Wenliang frowned and his face turned livid: “These beasts from Medicine God Island have not dared to show up for hundreds of years. Why did they suddenly show up this year?”

“They dared to threaten our pharmacist association. Do they want to die?”

“President Chen, keep your voice down. Many pharmacists don’t know about this yet.”

“The people from Medicine God Island are very powerful. Our president is not a match for them in one move, so we temporarily agreed to them.”

“Now the president is waiting for you all to arrive to discuss countermeasures!”

Elder Song said!

“Humph, your president’s strength is so little, I can defeat him in one move, what does this mean.”

Chen Wenliang snorted coldly!

As a peak strength of the Tribulation Realm, Chen Wenliang is also a master among pharmacists!

“President Chen, the people coming from Medicine God Island are all in the Mahayana realm, so don’t underestimate them too much!”

Elder Song said!

The word Mahayana realm stunned Chen Wenliang!

He was stunned for a long time before he said, “The Medicine God Island is barren and desolate. It is an isolated island. How can those people cultivate to the Mahayana realm?”

“How is this possible? They are all pharmacists, not immortals from heaven. Without resources, how can they cultivate?”

“Ah!” Elder Song sighed and said, “President Chen, it is said that people are destined to be human. Back then, these guys were driven to Medicine God Island and left to fend for themselves, but hundreds of years later, they are getting better and better.”

“It turns out that Medicine God Island is the place where an ancient ninth-grade medicine god fell, and this place of fall was discovered by these people.”

“Medicine God Island has always been called this, and everyone thought it was just a random name, but who knew that there was really a medicine god on the island.

**[The Man Decree] A Man Like None Other Chapter 4135**—“Ninth-grade Medicine God?” Chen Wenliang was stunned when he heard it!

You know, pharmacists also have levels. Pharmacists are divided into heaven, earth, and yellow, and each realm is also divided into nine grades!

However, above the Heaven-grade Pharmacist is the Medicine Lord, and there are also many Medicine Lords in the Heavenly Realm!

And above the Medicine Lord is the Medicine God, and the name of the Medicine God can only be heard of!

After the war between gods and demons, no Medicine God has appeared in the Heavenly Realm!

And now, the Medicine God Island is actually the place where the Ninth-grade Medicine God fell!

This is simply too scary!

I wonder how many good things will be left behind by the fall of a Ninth-grade Medicine God!

As the saying goes, when a whale falls, all things come to life...

Now Chen Wenliang regrets it to death, if he had known earlier, he would have gone to the Medicine God Island!

However, the Medicine God Island is far away from the mainland, with inconvenient transportation and extremely desolate, so no one will go there!

“Oh, people are really destined...”

Chen Wenliang sighed helplessly!

“President Chen, let’s think of a foolproof plan. Otherwise, if the people on Medicine God Island return, it will be a disaster for our Pharmacist Association.”

Elder Song said with a heavy heart!

“Elder Song, go back and tell your president first, I’ll be there soon.”

Chen Wenliang let Elder Song go first!

After Elder Song left, Chen Ping was very curious and said, “President Chen, what’s going on with this Medicine God Island? And those people on the island, are they all pharmacists?”

“The Medicine God Island is actually a desolate island in the vast sea west of Yongle City. Hundreds of years ago, there were many pharmacists who secretly learned magic skills because of the lack of resources and could not practice.”

“You also know that magic skills are very tempting for cultivators with scarce resources.”

“Yes, I know!” Chen Ping nodded!

The cultivation of ordinary human cultivators relies on the spiritual energy of heaven and earth, various spirit stones, various fairy herbs, and various elixirs.

But the magic skills that the demon cultivators practiced, in addition to these things, can also provide cultivation resources, blood, evil spirits, and even the breath of death, which can provide cultivation, and even absorb the cultivation of others!

In this way, the cultivators with a shortage of resources secretly practiced magic skills, and then relied on sucking human blood and absorbing the cultivation of others to increase their strength!

These people gradually became demon cultivators!

Of course, not all demon cultivators are unforgivable, relying on sucking human blood and eating human flesh to practice!

“The fact that these pharmacists practiced magic skills was exposed, and then they were collectively driven to the Medicine God Island by the major pharmacist associations, leaving them to fend for themselves.”

“But who knew that hundreds of years later, these people discovered the place where the Medicine God fell, which directly made their strength advance by leaps and bounds.”

“Now their medical skills are probably better than ours.”

“These people suddenly appeared and asked the pharmacist conference to be held on the Medicine God Island. I guess they wanted to humiliate us pharmacists!”

Chen Wenliang narrated with some helplessness!

“Maybe this is God’s will...”

Chen Ping said indifferently!

At this moment, Chen Ping couldn’t tell who was right or wrong. It wasn’t necessarily wrong for some people to practice magic!

In the world of heaven and man, Chen Ping came into contact with so many magic practitioners, some of whom were good and some were bad!

In the world of heaven and man, the distinction between good and bad became a little blurred, and Chen Ping himself couldn’t tell the difference!

“Yes, this should be God’s will!”

Chen Wenliang smiled helplessly, nodded, and then continued: “Fellow Daoist Chen, if you want to find me, you can go to the Western Region Pharmacist Association at any time. I should be there these days.”

“Goodbye, see you later...”

“See you later...”

Chen Ping bowed to Chen Wenliang!

After separating from Chen Wenliang, Chen Ping went to find Nie Heng and Liu Ruyan. The two of them must be waiting for him near the teleportation array!

**[The Man Decree] A Man Like None Other Chapter 4136**-Chen Ping left the teleportation array and soon saw Nie Heng and Liu Ruyan!

Seeing that Chen Ping had also been teleported over, Liu Ruyan excitedly went over and hugged Chen Ping!

She was afraid that Chen Ping would get into trouble in the Central Region Pharmacist Association!

“Mr. Chen, where are we going next? Should we report to the Western Region Pharmacist Association and prepare to attend the Pharmacist Conference?”

Nie Heng asked Chen Ping!

“No need, the Pharmacist Conference will not be held in Yongle City.”

Chen Ping said!

“What?”

“why?”

Nie Heng and Liu Ruyan were both stunned and asked in disbelief!

“The specific reason is that you wouldn’t understand even if I told you. I think this pharmacist conference is going to be more interesting, so we’re going to hold it somewhere else.”

“Just follow me. As long as I can go, I will definitely take you two with me.”

Chen Ping did not explain in detail to the two of them. After all, there were many things that Liu Ruyan and Nie Heng might not know!

“Okay!” Liu Ruyan nodded!

“By the way, President Chen asked me that he wants you to join the Central Region Pharmacist Association and then participate in the Pharmacist Conference in the name of the Central Region Pharmacist Association.”

“Would you two like to?”

Chen Ping remembered what Chen Wenliang said, so he asked!

“Of course I am willing. If we can join the Central Region Pharmacist Association, our Yuding Sect will be considered to have a backer.”

“The Northern Territory Pharmacist Association exists in name only and cannot be trusted at all.”

When Liu Ruyan heard this, she immediately nodded happily and said!

For a small alchemy sect like the Yuding Sect, it would definitely be beneficial if it could join the Pharmacist Association!

Not only can you obtain a lot of resources, but you can also ask each other for advice and improve the medical level of the sect.

“Okay, I’ll tell President Chen when I see him.”

“Now come with me, I’ll take you to meet some people!”

After Chen Ping finished speaking, he contacted Ji Yun using the sound transmission jade slip!

Then after Ji Yun told Chen Ping the exact location, Chen Ping took Nie Heng and Liu Ruyan to the Zhen family!

When Bai Qian and Huo Feng saw Chen Ping, they were both very excited!

For such a long time, they still had no idea about Chen Ping’s situation and they were very worried!

Although Chen Ping contacted Ji Yun once through the jade slip of voice transmission, he was always worried when he couldn’t see him!

Bai Qian and Huo Feng hugged Chen Ping together, they were very excited!

When Liu Ruyan saw this scene, she felt relieved.

She knew that Chen Ping had many women. She also knew Huo Feng, but she didn’t know Bai Qian and Liu Ruyan. She must be a new girl Chen Ping met!

“Sister Ruyan, why are you here too?”

After hugging Chen Ping, Huo Feng saw Liu Ruyan, immediately let go of Chen Ping, ran to Liu Ruyan and asked!

“I came here to attend the Pharmacist Conference. I didn’t expect to run into Chen Ping, so I came here together.”

Liu Ruyan said with a smile!

“Sister Ruyan, let me introduce you to a sister. This is Bai Qian, the daughter of the Fox Emperor, and also the Taoist partner of the master.”

“Bai Qian, this is Liu Ruyan from the Yuding Sect...”

Huo Feng acted as a middleman and introduced the two people to each other. It would be somewhat awkward for Chen Ping to introduce them himself!

By doing this, Huo Feng helped Chen Ping a lot!

Liu Ruyan looked at Bai Qian, her heart was very calm, she extended her hand generously and said: “Hello...”

“Hello, you and Chen Ping got together earlier than I did. Should I call you sister?”

Bai Qian is also very graceful and elegant!

After all, in the world of heaven and man, it is normal for one man to have multiple women!

As long as the man has ability and strength, you can find one!

“Bai Qian, I will find a way to get Hu Huangcheng back from the Feng family for you.”

“But we have to wait until the Medicine God Conference is over. If anyone dares to touch my woman, I will make the Feng family pay the price.”

Chen Ping was afraid that Bai Qian would feel uncomfortable because Hu Huangcheng was occupied, so he said!

**[The Man Decree] A Man Like None Other Chapter 4137**—“Well, I believe you...”

Bai Qian nodded vigorously!

At the beginning, Bai Qian was just relying on Chen Ping's bloodline, but who would have known that after the two of them had been together for a long time, she really fell in love with Chen Ping!

In fact, Huhuangcheng is no longer that important to Bai Qian. As long as she can always be with Chen Ping, she will be content!

"Okay, Master and Sister Ruyan just came over, so let's go and take a rest."

"Ji Yun has already tidied up the room, but it's a little shabby."

Huo Feng asked Chen Ping and the others to go and rest!

"By the way, Ji Yun told me that Granny Zhen is from the Zhen family in Yongle City, so you guys came along!"

"I saw that the Zhen family compound is very magnificent, why are you arranged to stay in such a simple place?"

Chen Ping asked with some dissatisfaction!

"We only found out after we got here. Granny Zhen had fled from the Zhen family, so the Zhen family was very unfriendly to Granny Zhen."

"If Huhuang City hadn't been occupied by the Feng family, Granny Zhen wouldn't have come back!"

Bai Qian sighed softly!

"Escape from the Zhen family?" Chen Ping looked confused!

Huo Feng whispered in Chen Ping's ear and told him everything about Grandma Zhen!

When Chen Ping heard that it was because of this kind of thing, he could only smile awkwardly!

Even these cultivators in the celestial world cannot escape the word love!

Even the immortals in heaven cannot escape it.

It is easy to become an immortal, but it is hard to break the love.....

Chen Ping took Liu Ruyan and Nie Heng to rest.

In the hall of the Western Region Pharmacist Association, the four presidents of the five major pharmacist associations were sitting there with solemn expressions!

Only the president of the Northern Territory Pharmacist Association did not come!

The heads of the four major families in Yongle City were also in this hall, including Zhen Yuandao, the head of the Zhen family.

Zhong Qing was also among them. As a famous medicine master in Yongle City, he was definitely indispensable for such a meeting!

There were also some heads of major medical families from other regions, a total of dozens of people sitting in the hall!

Everyone's face was solemn!

"Everyone, I believe you all know about the incident on Medicine God Island. Now we are gathered together to discuss some countermeasures. What should we do about this matter? Should we go to Medicine God Island to hold a pharmacist conference?"

Su Tianshuo, president of the Western Region Pharmacists Association, asked everyone!

There was silence below, and no one spoke, because everyone knew that the one who spoke first would be questioned the most!

After a long while, Chen Wenliang finally asked, "President Su, you know more about the situation on Medicine God Island than we do. Do you think that if we don't listen to Medicine God Island, will it really take action against us, the pharmacists?"

"Yes!" Su Tianshuo nodded without hesitation!

Seeing Su Tianshuo so confident, Chen Wenliang didn't know how to start for a moment!

"Everyone, the strength of Medicine God Island is simply not something we can contend with right now. Even if we join together, we still cannot contend with Medicine God Island."

"When the people from Medicine God Island came to inform me, although there were only three of them, all three of them were Mahayana cultivators."

"And I heard from them that there are countless Mahayana monks on their island!"

"With this kind of strength, what can we use to compete?"

Su Tianshuo said!

At this moment, everyone became even more silent, and some people were worried inside, with sweat on their faces from nervousness!

“President Su, if we go to Yaoshen Island, I’m afraid those people there won’t let us come back.”

“Instead of going to Yaoshen Island and fighting with them, we might as well give it a try. As long as the people from Yaoshen Island dare to come ashore, we will fight them.”

Zhen Yuandao spoke!

“Yes, once we go to the island, we will become lambs to be slaughtered.”

“Let’s fight! If they dare to come ashore, we will fight them!”

“You must not go...”

Many people began to agree with Zhen Yuandao’s words!

**[The Man Decree] A Man Like None Other Chapter 4138**-After all, no one dares to guarantee that after arriving at Yaoshen Island, the people of Yaoshen Island will not attack everyone!

“Everyone, the people from Medicine God Island have also told you about this. I’m afraid everyone will be worried, so the people from Medicine God Island promise that when we go to Medicine God Island to hold the Pharmacist Conference, Medicine God Island will never take action against any pharmacist.”

“In addition, at this Pharmacist Conference, Medicine God Island will also provide various resources as rewards to the participants.”

Su Tianshuo said!

“Is there such a good thing? Would those people on Yaoshen Island be so kind? What are their intentions?”

“They, Yaoshen Island, would never do anything that would not bring them benefits, right?”

Someone questioned!

“Yes, what is the purpose of Medicine God Island? They want to take resources and hold a pharmacist conference. Are they just here to exchange alchemy techniques with us?”

Chen Wenliang asked in confusion!

“Of course, Yaoshen Island also has its own intentions. They have said that if you want to go to Yaoshen Island to participate in this Pharmacist Conference, you must pass their assessment.”

“Only those who have passed the assessment will be eligible to go to Medicine God Island.”

“In addition, Medicine God Island will also open the place where Medicine God fell, so that everyone can go and explore.”

“The place where the Medicine God fell is very mysterious. The pharmacists on the entire Medicine God Island have only comprehended a small part of it.”

“The reason why Medicine God Island invites everyone to go there this time is to uncover the secret of the place where Medicine God fell.”

Su Tianshuo explained to everyone!

“Of course, these are all people from Yaoshen Island. They told me this. I am just explaining it to everyone.”

“It’s up to you whether you believe it or not!”

Su Tianshuo was afraid of getting himself involved, so he added two sentences!

“What? Medicine God Island is going to open the immortal place where Medicine God fell?”

“I’ll go. I’ll participate, no matter if it’s a conspiracy or not.”

“I’m going too. I want to see what the place where the Medicine God fell looks like!”

Upon hearing this, many people expressed their agreement!

As the saying goes, people die for money and birds die for food. In the face of absolute interests, no one can resist the temptation!

At this point, many people expressed their agreement. It looked like there would be no obstacles to going to Yaoshen Island to hold the Pharmacist Conference!

“Okay, since everyone agrees, I will contact Yaoshen Island.”

“The assessment of Medicine God Island this time may be stricter. Many pharmacists may not be qualified to participate, so I hope you can do a good job of comforting them!”

Su Tianshuo said!

After all, we have come here from thousands of miles away, and now this has happened. I believe everyone would be unhappy that we cannot attend the Pharmacist Conference!

After the meeting, everyone left!

Zhen Yuandao walked up to Zhong Qing and said with a smile, "Zhong Yaozun, I wonder if you have seen my sister?"

Zhong Qing shook her head: "No, Zhen Ni doesn't want to see me, I guess he still hasn't forgiven me..."

"Don't be discouraged, Zhong Yaozun. I will try to persuade her after we get back. I believe my sister will forgive me."

Zhen Yuandao patted Zhong Qing's shoulder!

"Thank you, Master Zhen..."

Zhong Qing nodded!

After Zhen Yuandao left the Pharmacist Association, he went straight home and went to Grandma Zhen's residence!

It was also Zhen Yuandao's idea to let Grandma Zhen live in this dilapidated courtyard!

He just hoped that Granny Zhen could realize her mistake and accept Zhong Qing!

The reason why the Zhen family was able to become one of the four major families in Yongcheng City was because of Zhongqing!

Zhong Qing, the master of medicine, fell in love with Grandma Zhen, so the Zhen family's alchemy skills grew rapidly and soon became one of the four major families in Yongle City!

It's a pity that Zhong Qing was having fun with another woman and was discovered by Granny Zhen, who was so heartbroken that she wanted to cut off all contact with Zhong Qing!

But the Zhen family disagreed. After all, the Zhen family relied on Zhong Qing to build up their family. With Zhong Qing behind them, no one could shake the Zhen family's strength in Yongle City!

**[The Man Decree] A Man Like None Other Chapter 4139**-Now it is absolutely impossible for Granny Zhen to cut off contact!

Granny Zhen was heartbroken and left the Zhen family in a rage. She went to Huhuang City in the Central Region and stayed there for decades!

If it weren't for the capture of Huhuang City by the Feng family, Granny Zhen probably wouldn't have come back in her life!

Creak...

Granny Zhen's door was pushed open!

Granny Zhen was holding the white handkerchief at this time. When she saw someone coming, she hurriedly hid the handkerchief!

When she saw that it was her eldest brother Zhen Yuandao, Granny Zhen's face became very ugly!

She knew that her eldest brother only had interests in his eyes and had no brotherly love!

"Sister, I arranged you here, you don't blame me, right?"

Zhen Yuandao glanced at the dilapidated house and said embarrassedly!

"No, I am very grateful that my brother can accept me and give me a place to stay."

Granny Zhen said expressionlessly!

Zhen Yuandao smiled awkwardly. He knew what Granny Zhen meant, and he could tell from her expression!

"Actually, I did this just to let you know that if our Zhen family lost the support of Zhong Yaozun, it would not take long for it to become so dilapidated."

"I know you are scolding me in your heart, scolding me for not caring about the relationship between brothers and sisters, and scolding me for only caring about interests."

"But who understands me? There are hundreds of people in our Zhen family. In this small Yongle City, if no one supports us, how can we become one of the four major families?"

"Our ancestors did not leave behind any superb medical skills or exquisite alchemy skills. Can I support these hundreds of people by working hard on my own?"

“The world of heaven and man is a society where the strong prey on the weak. If there was no Zhong Yaozun, our Zhen family might have been trampled and eaten by others in Yongle City.”

“I’m not doing this for myself, I’m doing this for the hundreds of people in the Zhen family.”

“And Zhong Yaozun is not a bad person, and his character is not bad. Ask around in the entire Yongle City, who doesn’t say he is good?”

“As a man, if you make some small mistakes, it can be forgiven. That is a man’s impulse and instinct. It doesn’t mean that he doesn’t love you.”

“After so many years, Zhong Yaozun is still helping our Zhen family. Why is he doing it?”

“Brother, please forgive Zhong Yaozun. You two should stay in Yongle City.”

“If you think I am ruthless, I can give you the position of the head of the Zhen family, and you can manage the hundreds of people in the Zhen family!”

Zhen Yuandao looked at his sister with tears in his eyes!

It has been decades, how could Zhen Yuandao not worry about his sister!

But the world of heaven and man is so vast, it is harder to find someone than to find a needle in a haystack!

Granny Zhen looked at her brother and was a little absent-minded for a while!

When she ran away from home in anger, she didn’t think about other people at all. She just thought that no one in the Zhen family understood her!

Decades have passed in the blink of an eye. Now Granny Zhen listens to her brother’s words, and a trace of guilt arises in her heart!

She has never considered other people in the Zhen family, only herself!

If it is said to be selfish, maybe she is the selfish person!

“Brother, I...”

Granny Zhen didn’t know what to say!

“Don’t say anything. When Zhong Yaozun comes to find you, you can have a good talk and untie the knot in your heart.”

“Actually, I know that you can’t let him go, otherwise you wouldn’t be alone in a daze with a handkerchief.”

Zhen Yuandao said with a faint smile!

Granny Zhen blushed instantly!

“Okay, I’ll let Huan’er arrange a new place for you, and take the friends you brought with you.”

Zhen Yuandao said and left!

Soon, a beautiful girl wearing grosgrain came to Granny Zhen’s room!

“Aunt.....”

After the girl saw Granny Zhen, she immediately burst into tears!

**[The Man Decree] A Man Like None Other Chapter 4140**-Granny Zhen also hugged the girl and said, “Huan’er, are you okay?”

“Aunt, I’m fine. If my father hadn’t told me, I wouldn’t have known you were home?”

“My father is really a jerk. How could he arrange you in such a place? I must settle accounts with him in the future!”

Zhen Huan took a look at the environment of the room and said angrily!

“Your father is also very thoughtful. Didn’t he ask you to arrange another place for me?”

Granny Zhen said!

“Yes, I still keep the courtyard where aunt used to be, and I have always sent people to clean it. Now I will take aunt there!”

Zhen Huan nodded!

“Wait a minute, I have a few friends, take them together!”

Granny Zhen said, and called Bai Qian, Huo Feng and others!

Then Chen Ping and Liu Ruyan also walked out of the room!

Seeing so many people, Zhen Huan seemed a little shy!

“Miss, this is my niece Zhen Huan...”

Granny Zhen followed Bai Qian to introduce!

“Huan’er, aunt has been living in Huhuangcheng all these years, thanks to the young lady for taking her in.” Granny

Zhen looked at Zhen Huan and said!

“My name is Zhen Huan. Thank you for taking in my aunt.”

Zhen Huan politely said to Bai Qian!

“My name is Bai Qian. In fact, it is Granny Zhen who has taken care of me for so many years.”

Bai Qian said embarrassedly!

It is Granny Zhen who has been taking care of her all these years!

“Okay, come with me. Guests are guests. It is impolite for our Zhen family to let you live in such a place.”

Zhen Huan said with guilt!

Looking at Zhen Huan’s polite appearance, she is worthy of being the eldest lady of a big family!

Zhen Huan took Chen Ping and others to a luxurious courtyard, which was magnificently decorated!

This is the style of a big family!

“Aunt, you should rest first. My father will hold a family dinner to welcome Aunt in the evening.”

Zhen Huan said slowly after taking Granny Zhen and others to the place!

“Huan’er, go and get busy. You have to work hard for the pharmacist conference in two days!”

Granny Zhen looked at Zhen Huan lovingly and said!

Zhen Huan nodded, and when she was about to leave, someone outside suddenly shouted, “Huan Huan, Huan Huan...”

Hearing the shout, Zhen Huan hurried out!

Granny Zhen and the others followed her out!

“Silang, what’s wrong?” Zhen Huan saw the person coming, so she asked!

“Huan Huan, there is a notice posted outside. This year’s pharmacist conference will be held on Yaoshen Island, and not all pharmacists can participate. They need to be assessed.”

Silang said anxiously!

“Is there such a thing?” Zhen Huan was a little surprised!

When Silang saw Granny Zhen and others, he was slightly stunned and said, “Huan Huan, who is this?”

“Oh, Silang, let me introduce you, this is my aunt.”

“The others are my aunt’s friends, and they are also here to attend the pharmacist conference.”

Zhen Huan hurriedly introduced!

When Silang heard it, he hurriedly saluted and said, “Zhou Silang, meet your aunt...”

“Huan’er, who is this young man?”

Granny Zhen looked at Zhou Silang and asked!

“Aunt, this is the son of the Zhou family in Yongle City, the fourth child, named Zhou Silang.”

“We have been engaged some time ago.”

Zhen Huan followed Grandma Zhen and said!

“Oh, it turns out to be Zhou Yiwei’s son. I didn’t expect that he named his son so casually.”

Grandma Zhen laughed after hearing this!

Zhou Silang could only smile foolishly when seeing this. After all, Grandma Zhen was an elder and seemed to be very familiar with his father. Even if she said so, he, a junior, didn’t dare to say anything!

“Do you have older brothers named Zhou Dalang, Zhou Erlang, and Zhou Sanlang?”

Huo Feng asked jokingly!

“Huo Feng, don’t be rude!” Chen Ping saw this and quickly scolded Huo Feng!

After all, it’s impolite to say this to someone you are not familiar with!
