

## **[The Man's Decree]**

### **A Man Like None Other Chapter 4161**

**[The Man Decree] A Man Like None Other Chapter 4161** – “I have never heard of the cause of the disease you mentioned. It seems that I still need to learn more.”

“Originally, I didn’t want to attend the pharmacist conference. I felt it was a waste of time. The pharmacist conference is nothing more than a place for those medicine masters to seek fame and reputation.”

“Now I have changed my mind. I can’t live with my old ideas. Thank you!”

Zhong Qing patted Chen Ping’s shoulder gratefully!

Originally, Zhong Qing had no interest in the pharmacist conference, but now he has, because Chen Ping’s appearance made him realize that he still knows too little!

He had never heard of the cause of the disease Chen Ping mentioned!

“Senior Zhong, there must be a teacher among three people. In addition to improving yourself in medical skills, you must also work hard in your relationship.”

“Your efforts, I believe that Grandma Zhen can see it.”

Chen Ping smiled!

Zhong Qing was slightly stunned, and then laughed: “I will...”

“But you have to pay more attention. After all, the Hundred Years of Offering of the Demon Sealing League is very tempting. Even if Emperor Xiao protects you, there must be brave men under the heavy reward, you have to be on guard!”

Zhong Qing reminded Chen Ping!

Although there is the Xiao Dynasty as a backing, it cannot be guaranteed that no one will have any intentions towards Chen Ping!

“Thank you, Senior Zhong, for reminding me. I will pay attention!”

Chen Ping nodded!

“Fellow Daoist Chen, you should leave here as soon as possible. It is best not to walk around before going to Yaoshen Island!”

Chen Wenliang stepped forward to remind Chen Ping to leave!

After all, there are so many people on the scene, no one can guarantee that no one will have any intentions towards Chen Ping!

If someone suddenly attacks Chen Ping, it is simply impossible to guard against it!

Chen Ping returned to the Zhen family with Liu Ruyan and Nie Heng!

Zhen Huan and Zhou Silang also went back with him!

Zhen Huan didn't care much about Chen Ping's identity, but she was still very curious about what Chen Ping said about lovesickness!

After all, girls all hope to have a man who loves them wholeheartedly!

"Silang, if I suddenly disappear, will you be lovesick? Just like Prince Xiao?"

After returning to the Zhen Mansion, Zhen Huan asked Zhou Silang!

"Of course, if I don't have you, my life has no meaning!"

Zhou Silang took Zhen Huan's hand and said affectionately!

After hearing this, Zhen Huan raised the corner of her mouth and leaned on Zhou Silang with satisfaction!

Chen Ping looked at Zhen Huan and Zhou Silang and smiled helplessly. He didn't think highly of these two people.

Maybe Zhen Huan has feelings for Zhou Silang, but Zhou Silang definitely doesn't have much love for Zhen Huan!

The combination of the two of them is simply a combination of interests!

For the sake of the two families, they are combined together!

As long as there is interest in the feelings, the feelings are not pure!

But this is everyone's choice, and Chen Ping has no right to ask!

In the few days at the Zhen family, Chen Ping did not go out, but listened to Chen Wenliang's words and stayed at home!

He has been practicing the combination of divine patterns and demon patterns these days. Although Chen Ping still doesn't know what the great formation of heaven and earth is, since the ancestor of divine patterns has said that only he can break the great formation of heaven and earth, Chen Ping must work hard!

“Mr. Chen, notify to go to Yaoshen Island...”

Three days later, Nie Heng notified Chen Ping that he could go to Yaoshen Island!

Chen Ping walked out of the room and followed Nie Heng to the square of Yongle City!

At this time, many pharmacists have already gathered here!

These pharmacists have passed the assessment, but they should thank Zhong Qing!

If it weren't for Zhong Qing, it is estimated that more than half of the pharmacists here would not be able to go to Yaoshen Island!

With the order of Su Tianshuo, many pharmacists began to line up according to their regions!

Chen Ping directly chose Chen Wenliang's Central Region Pharmacist Association, and Liu Ruyan and Nie Heng also stood in the team of the Central Region Pharmacist Association!

**[The Man Decree] A Man Like None Other Chapter 4162** – Zhong Qing also came, but he stood in the Zhen family's team, and Grandma Zhen also came!

It can be seen that Grandma Zhen and Zhong Qing should have reconciled their past grudges!

After standing in line, there were also some casual cultivators, standing together in twos and threes!

Then everyone began to walk towards the port outside Yongle City!

One spiritual boat after another was neatly placed in the port, these were all sent by Yaoshen Island!

After boarding the spiritual boat, they began to slowly head towards Yaoshen Island!

After about seven or eight hours of sailing, Yaoshen Island not far away could already be clearly seen!

Many people rushed to the bow and looked at the Yaoshen Island in front of them!

After all, many people have only heard of Yaoshen Island, but have never been there!

Chen Ping looked at the Yaoshen Island. The area was not particularly large, but it was several times larger than Yongle City!

But compared with the area of tens of thousands of miles in the Tianren Realm, Yaoshen Island is not too big!

There are lush green trees on Yaoshen Island, and there are many birds and beasts flying in the sky!

As they get closer and closer, the buildings on Yaoshen Island can also be clearly seen!

The magnificent buildings are much more luxurious than those in Yongle City!

Even more solemn than the buildings of the Western Region Pharmacist Association!

The entire Medicine God Island seems to have a kind of fairy spirit, giving people a misty feeling, like a fairy island!

In the center of the island, there is a mountain shaped like a medicine cauldron. The mountain is extremely high, and there are several small peaks at the foot of the mountain, shaped like the legs of the medicine cauldron!

Seeing this strange mountain, everyone couldn't help but marvel!

It feels that nature is too ingenious. Why would there be mountains in such a shape!

"This mountain is called Yaoding Peak. Legend has it that it is the medicine cauldron of the Medicine God. The Medicine God refined various elixirs in this medicine cauldron."

"Later, the Medicine God fell, and the entire medicine cauldron turned into a mountain. There are many elixirs refined by the Medicine God in this mountain. As for whether you can find it, it depends on your ability."

Ouyang Wufeng walked in front of everyone and introduced Yaoding Peak loudly!

Everyone was amazed when they heard Ouyang Wufeng's words. Regardless of whether this Yaoding Peak was the Yaoding of the God of Medicine, the shape was too similar. It was simply ingenious and coincidental.

As the spiritual boat docked, everyone got off the boat. Only then did they really see that the entire Yaoshen Island was still very large. There were many pharmacists walking around on it, and the atmosphere was very lively!

There were even many other monks walking around on Yaoshen Island. There were not only pharmacists on Yaoshen Island!

And the buildings on Yaoshen Island could clearly see a dividing line, and the architectural styles on both sides of the dividing line were somewhat different!

“This is the most famous Xifang Street on our Yaoshen Island. There are many businesses here, not only pharmacists on Yaoshen Island.”

“Yaoshen Island was once a barren land, but after so many years of development, it has become very prosperous.”

“There will also be many monks who come to Yaoshen Island to live for various reasons. Our place is no worse than Yongle City.”

Ouyang Wufeng said to everyone with pride.

Everyone’s perception of Yaoshen Island also changed completely at this moment. The barren land and the particularly desolate scene did not appear in everyone’s eyes!

On the contrary, Yaoshen Island actually had some meaning of a paradise. If there was really something difficult to say, they could come to Yaoshen Island to live again!

Ouyang Wufeng personally led everyone, arranged accommodation, and even thoughtfully prepared fairy herbs and elixirs for everyone!

You should know that there are not a few pharmacists coming to Yaoshen Island this time. Now Yaoshen Island has prepared so many things, which can be regarded as an investment!

However, this can also improve the status of Yaoshen Island in everyone’s hearts. It is estimated that after this time, many people want to stay on Yaoshen Island!

**[The Man Decree] A Man Like None Other Chapter 4163** – After settling down, many people walked out of their homes and went around the island!

This Medicine God Island is simply a tourist destination, with mountains, forests, beaches and seas!

If it were in the secular world, it would definitely become a tourist hotspot!

Chen Ping followed Liu Ruyan and Nie Heng out of their homes and began to wander around the entire Medicine God Island!

There are also many businesses on the entire island, but most of them are related to pharmacists!

There are also some people holding signs asking for medical treatment, and they can use various treasures to exchange for treatment methods!

It is estimated that these people do not have the strength to get on the medical list, so they use this method to get the attention of the pharmacist and then treat them!

“I really didn’t expect that this Medicine God Island would be so lively. I always thought it was a deserted island.”

Liu Ruyan looked at the vendors on both sides and said in surprise!

“Yes, I heard about Medicine God Island a long time ago. It was the place where those pharmacists who practiced magic were exiled. Now it has become so prosperous. How can it still be a desolate island.”

Nie Heng also sighed!

Chen Ping smiled. After so many years of development, Medicine God Island has become such a scene. It seems that Ouyang Wufeng’s father is definitely a master!

At least he is a talent in governance and management, which can make Medicine God Island what it is now!

Whether it is an ordinary cultivator or a pharmacist, they are all orderly. The vendors on both sides of the road are also well-behaved. No one is seen making trouble!

You must know that many of the cultivators on this street are in the realm of tribulation, and they all like to fight, but these people on Medicine God Island dare not!

It can be seen that the rules of Medicine God Island are very strict, which can restrain the people on the island!

The things sold by the vendors on both sides are simply varied. After all, the people who come here are from all parts of the Tianren Realm. No wonder the styles of the houses are different!

But more people want to treat their injuries and then reward some items!

“Old man, your granddaughter is suffering from dementia. If she is cured, I am afraid there will be dozens of purple gold coins.”

“And you only took out some broken herbs as a reward. Do you think people are fools?”

“It seems that you are also a pharmacist. Don’t you understand?”

When Chen Ping was strolling on the street with Liu Ruyan and Nie Heng, he suddenly heard someone shouting in dissatisfaction not far ahead!

“That’s right, this is treating others as fools. If there is no reward, you may also use your granddaughter to pay off the debt. I think this little girl is pretty.”

“She looks good, but it’s a pity that she looks a little silly. I can’t even get my appetite up!”

A circle of people were pointing and talking!

At this time, an old man said with embarrassment: “Fellow Taoists, I am also a pharmacist, but unfortunately I don’t have the ability to heal my granddaughter. I have been here for a long time and I really don’t have anything to show for it.”

“There are only these worthless herbs. If anyone can heal my granddaughter, I can work like a cow or a horse for him.”

Chen Ping, who was not far away, was stunned when he heard this voice, and then frowned!

He didn’t want to meddle in other people’s business and planned to go around, but when he heard the old man’s voice, he stopped directly!

“Your work is useless. If you can heal your granddaughter, can you let your granddaughter stay with you for a few nights?”

“Yes, if you can stay with him for a few nights, I can help him heal.”

“I can also heal her, and I can also ask the people of the Ouyang family of Medicine God Island to come forward for treatment.”

Everyone began to make a fuss. In fact, there may not be too many people who can really heal her.

“Let’s go and take a look...” Chen Ping took Liu Ruyan and Nie Heng and walked over!

“Mr. Chen, do you know him?” Nie Heng asked!

“The voices sound familiar, but they can’t possibly come here?”

Chen Ping frowned and quickened his pace!

**[The Man Decree] A Man Like None Other Chapter 4164** – “Everyone, we are all pharmacists. I hope you can be kind. If you can heal my granddaughter, I will repay you.”

“If you can’t, please leave and don’t talk nonsense here!”

The old man’s face turned ugly!

How could he not be angry when someone humiliated his granddaughter like this!

“Get out of the way, all of you...”

At this time, five burly guys pushed through the crowd and came in!

“Who is it? So awesome, let us get out of the way?”

“Damn, isn’t this the Five Heroes of Nanfang? Let’s stay away.”

“What are these five guys doing? They are not pharmacists, and they can’t treat illnesses.”

“Who knows, don’t provoke them.”

Everyone made way!

The old man looked at the five strong men who suddenly appeared, and his face changed slightly. He put away his stall and pulled his granddaughter to leave! The

Five Heroes of Nanfang, anyone who has been on Medicine God Island for a while knows them!

These five guys are evil and are not pharmacists at all, but they are doing very well on Medicine God Island!

Because there are many monks on Yaoshen Island who are not pharmacists, these monks are arranged to live in Nanfang!

And the five heroes of Nanfang rely on their strength to control the entire Nanfang! However,

these five guys judged the situation and did not dare to offend the Ouyang family. Instead, they made a lot of efforts for the Ouyang family to manage Yaoshen Island. Therefore, these five guys were not expelled from Yaoshen Island, but were appreciated by the island owner!

This time, the five guys became more unscrupulous and rampant on Yaoshen Island!

However, they only dared to bully some new casual cultivators on Yaoshen Island. Those indigenous people of Yaoshen Island who had a relationship with the Ouyang family, they did not dare to bully any of them!

“Old thing, why do you leave when you see us? Aren’t you treating your granddaughter? We can too!”

As the boss of the five heroes of the South, he grabbed the old man and said!

“You are not pharmacists, how can you heal my granddaughter? We won’t watch it!”

The old man shook his head and wanted to break free, but found that he couldn’t break free from the restraints of the boss of the five heroes of Nanfang!

“We are not pharmacists, but we know a lot of pharmacists. I can help you find a pharmacist to cure your granddaughter’s illness.”

The Five Heroes said with a smirk!

“What do you want?”

The old man asked with strong anger!

“You old thing, you ask knowingly, of course you want your granddaughter to accompany us brothers.”

“I have seen that your granddaughter is not an original product, so don’t pretend to be pure.”

The Five Heroes laughed!

“Hahaha... It’s good that we brothers don’t despise it.”

“A pair of broken shoes, why are you pretending.”

The other five heroes laughed!

The old man was angry, completely angry, and his eyes became extremely red!

“I will fight you, you five beasts...”

The old man roared and slapped the Five Heroes boss with one palm! The Five Heroes

boss was stunned, and suddenly burst out with a burst of spiritual energy, like a huge wave rolling, directly blowing the old man away!

At this moment, a figure instantly soared into the air and caught the old man directly!

“Miao Lao, are you okay?”

Chen Ping asked softly after catching the old man!

It turned out that the old man was Miao Lao who had been to Tianmo Mountain with Chen Ping, and the girl was Miao Miao, Miao Lao’s granddaughter!

After Miao Miao was violated in the battlefield of gods and demons, Miao Lao took his granddaughter away!

Unexpectedly, they came to Yaoshen Island!

“Chen... Mr. Chen...”

Seeing Chen Ping, Miao Lao burst into tears!

Looking at Miao Lao’s appearance, Chen Ping was also very touched in his heart. It has only been a short time, and Miao Lao seems to have aged a lot!

And Miao Miao, the lively girl at the beginning, now looks like a fool, with dull eyes and muttering to herself!

**[The Man Decree] A Man Like None Other Chapter 4165** – “Little girl, come with me, I can help you with your medical treatment...”

The boss of the Five Heroes stepped forward and pulled Miao Miao’s arm, and was about to take Miao Miao away!

Snap!

But at this moment, a big hand suddenly came over! The

boss of the Five Heroes was caught off guard and was slapped directly!

“If you dare to touch her again, you will die...”

Chen Ping said with cold eyes!

“Damn it, you dare to hit me?”

The boss of the Five Heroes had a cold face, his eyes wide open, full of anger!

Liu Ruyan and Nie Heng walked behind Chen Ping, and Chen Ping said: “You two keep an eye on Miss Miao, don’t let anyone get close!”

Chen Ping was afraid that a fight would break out soon. So many people were staring at Miao Miao, and it would be bad if someone

took the opportunity to attack! Now Miao Miao’s situation is obviously unconscious and mentally ill. Even if someone took the opportunity to take advantage of her, she would not resist!

“Okay!” Liu Ruyan and Nie Heng nodded!

Although they didn't know what the relationship between Chen Ping and the old and the young was, since Chen Ping said it, they would listen!

The Five Heroes Boss took a look at Chen Ping and found that Chen Ping was only a sixth-rank cultivator in the Tribulation Realm, so he said angrily: "A mere sixth-rank cultivator in the Tribulation Realm dares to meddle in other people's business."

After that, the Five Heroes Boss slapped Chen Ping with a palm. He wanted to avenge the palm strike he had just taken!

The peak aura of the Tribulation Realm burst out in the body of the Five Heroes Boss, but just when the palm strike reached Chen Ping, Chen Ping stretched out his hand and directly grabbed the wrist of the Five Heroes Boss!

At this moment, the Five Heroes Boss was stunned and wanted to take his hand back, but found that he couldn't move at all!

"Ah....."

The Five Heroes Boss screamed instantly, and Chen Ping's fingers exerted a little force, and the Five Heroes Boss's arm seemed to be broken, and it was painful!

Seeing this, the other Five Heroes shouted in a hurry: "Let go of my brother, let go quickly, or I'll kill you!"

These people were also at the peak of the Tribulation Realm, and their auras surged, and their eyes were fierce!

Seeing this, the people around them all dodged away. They didn't dare to provoke the Five Heroes of Nanfang!

Seeing this, Miao Lao hurriedly said to Chen Ping: "Mr. Chen, thank you for your help. You should leave. Don't worry about it. You are not their opponent..."

Miao Lao knew that Chen Ping could not be the opponent of the Five Heroes of Nanfang at all. After all, the other party was at the peak of the Tribulation Realm!

Chen Ping, a sixth-grade Tribulation Realm, how could he deal with five peak Tribulation Realm!

"Miao Lao, I will take care of this matter today. You don't have to be afraid."

After Chen Ping finished speaking, he suddenly exerted force on his hand, and the arm of the Five Heroes boss was broken instantly!

"Ah... Kill him, kill him..."

The Five Heroes boss screamed!

Seeing this, the other people rushed towards Chen Ping together!

Five peak masters of the Tribulation Realm, this kind of strength, even the newly promoted Mahayana cultivators dare not confront!

But Chen Ping was not afraid at all. The aura on his body exploded instantly, and there was a strong wind around him!

Everyone was stunned. A sixth-grade cultivator in the Tribulation Realm was going to fight against five peak cultivators in the Tribulation Realm?

Was this a joke?

But looking at Chen Ping, it didn't seem like a joke!

Seeing that the two sides were on the verge of a fight, a cold shout suddenly came: "Stop, you are fighting on Medicine God Island, don't you want to live?"

Several figures came quickly and landed between Chen Ping and the Five Heroes of Nanfang!

"Don't you five know the rules? You dare to burst out your aura and want to have a big fight. Are you going to destroy this entire street?"

One of the law enforcement cultivators in green clothes said coldly to the Five Heroes of Nanfang!

"Deacons, please understand that it was this kid who started it first and broke my arm, so we had no choice but to fight."

The leader of the Five Heroes raised his arm that was broken by Chen Ping and said!
