

[The Man's Decree]

[The Man Decree] A Man Like None Other Chapter 4166 – Seeing that the leader of the Five Heroes was indeed injured, the blue-clothed deacon looked at Chen Ping, glanced at him coldly and said, “You fought and injured people in the neighborhood. Now follow me and I must lock you up for a few days!”

“You lock me up if you say so. Who do you think you are?”

“I injured that guy’s arm, but don’t you ask why?”

“These beasts beat people in the street and molested the little girl. Not to mention breaking his arm, I would take their lives, it would not be too much.”

“You want to arrest me as soon as you come. Let’s see if you have the ability.”

Chen Ping didn’t tolerate this hurried law enforcement monk at all!

These guys must be from the Ouyang family. After all, the Ouyang family is the most powerful in the entire Medicine God Island, and Ouyang Wufeng’s father is the island owner, which makes these servants of the Ouyang family look down on others!

“You are so bold that you even dare to scold the law enforcement deacons of Medicine God Island. It seems that you don’t know the rules of Medicine God Island at all.”

The boss of the Five Heroes laughed when he saw Chen Ping following the people of the Ouyang family!

Now they don’t need to do anything, these law enforcement deacons will not let Chen Ping go!

Sure enough, several law enforcement deacons frowned and surrounded Chen Ping directly!

On Medicine God Island, no one dared to talk to them like this!

And Chen Ping faced several law enforcement deacons without any fear!

“Is this guy a new pharmacist on the island? He doesn’t even know the rules.”

“He dares to insult the law enforcement deacons on the island. Isn’t this looking for death?”

“He must not know that this Medicine God Island is surnamed Ouyang, and these people are from the Ouyang family.”

“Wait and see the excitement. This time, the pharmacist conference is held, and there are so many pharmacists who suddenly come to the island. There must be some who don’t follow the rules.” When

everyone saw that several law enforcement deacons were about to take action against Chen Ping, they all hid aside to watch the excitement with gloating!

But this scared Miao Lao!

He has been with Miao Miao on Yaoshen Island for a while, so of course he knows the rules of the island!

He knows that these law enforcement deacons cannot be provoked, because they are all from the Ouyang family!

“Several deacons, he has just arrived on the island and doesn’t know the rules. I hope you can be generous!”

Miao Lao said, taking out all the herbs and valuables on him!

He wanted to bribe these people not to attack Chen Ping!

But the blue-clothed deacon just glanced at him and knocked Miao Lao to the ground!

“Old thing, you treat us as beggars, and you actually give me some rags to send me away?”

The blue-clothed deacon said angrily!

Chen Ping frowned, helped Miao Lao up, looked at several law enforcement deacons coldly and said, “What else can you do besides bullying the weak?”

“Today I will teach you a lesson and let you know that even if you are a dog, you have to be restrained.”

“Damn it, you are looking for death!” The blue-clothed deacon was furious and took people to attack Chen Ping!

“Stop!” With a roar, a figure stepped into the air!

“Subordinates greet the young master!”

Seeing the newcomer, several law enforcement deacons immediately knelt down!

It turned out that Ouyang Wufeng had come, the young master of the Ouyang family!

“Young Master Ouyang...”

When the Five Heroes of Nanfang saw Ouyang Wufeng, they also approached him with a flattering look on their faces!

The son of the owner of Yaoshen Island, no one would dare to provoke him on Yaoshen Island! However,

Ouyang Wufeng did not even look at the Five Heroes of Nanfang and several deacons, but looked at Chen Ping and asked: “Fellow Daoist Chen, are you okay?”

“I’m fine!” Chen Ping shook his head!

“It was because we didn’t discipline them well, and our men almost offended Fellow Daoist Chen.”

“Do you know what happened? What made Fellow Daoist Chen so angry?”

Ouyang Wufeng was extremely polite to Chen Ping!

[The Man Decree] A Man Like None Other Chapter 4167 – Regardless of what is said, Chen Ping cured Xiao Feng and became a guest of honor of the Xiao Dynasty. Xiao Yuanshan said in person that he would protect Chen Ping!

Moreover, Chen Ping still had the token of the Xiao Dynasty in his hand. As long as Ouyang Wufeng was not stupid, he would not offend Chen Ping!

After all, the Xiao Dynasty was the largest force in the Western Regions, and its area alone occupied nearly one-third of the Western Regions!

What could a small Medicine God Island compare with the Xiao Dynasty?

Seeing that Ouyang Wufeng was so polite to Chen Ping, everyone was stunned!

Especially those law enforcement deacons and the Five Heroes of Nanfang who were kneeling on the ground!

The five people all had a dull look on their faces, full of incredible faces!

They didn’t understand what was going on?

Chen Ping was just a sixth-grade cultivator in the Tribulation Realm!

How could he make Ouyang Wufeng so polite?

Could it be that there was a huge force behind Chen Ping?

Thinking of this, cold sweat instantly broke out on the foreheads of the Five Heroes of Nanfang!

At this moment, Miao Lao was also looking at Chen Ping in shock. He didn't understand why Chen Ping made the young master of Medicine God Island so respectful?

You should know that this Medicine God Island is located in a remote area, and Chen Ping has never been here!

What is going on?

"These five guys are bullying men and women and being overbearing. I just tried to stop them, but I didn't expect these law enforcement deacons to arrest me and lock me up without asking any questions!"

Chen Ping said calmly!

Ouyang Wufeng certainly knew the character of the Five Heroes of Nanfang, and he only beat them because they were bullying the weak and afraid of the strong. It's just that a few people can do things for the Ouyang family, so he turned a blind eye!

But now, the five people have offended Chen Ping, and Ouyang Wufeng can't pretend not to see it!

"You bastards, why don't you provoke anyone else, but dare to provoke Chen Daoyou, he is a distinguished guest of the Xiao Dynasty."

"Prince Xiao's illness was cured by Chen Daoyou. Emperor Xiao has already said that whoever dares to provoke Chen Daoyou will be killed!"

Ouyang Wufeng shouted at the Five Heroes of Nanfang!

When these five guys heard that Chen Ping had cured Prince Xiao and became a distinguished guest of the Xiao Dynasty, they were so scared that they knelt on the ground in an instant!

Everyone finally understood why Ouyang Wufeng was so polite to Chen Ping, a sixth-rank cultivator in the realm of tribulation!

It turned out that Chen Ping had Xiao Huangchao behind him, so of course he had to be polite!

"Mr. Chen, we are blind and deserve to die..."

The Five Heroes of Nanfang kowtowed desperately!

The law enforcement deacons were also trembling all over, scared!

If they knew that Xiao Huangchao was behind Chen Ping, they would not dare to do anything to Chen Ping even if they had a hundred courages!

Not to mention scolding them, even if they slapped them twice, they would not dare to move!

“Daoyou Chen, if you don’t vent your anger, you can do whatever you want with these guys!”

Ouyang Wufeng pointed at the law enforcement deacons and the Five Heroes of Nanfang who were kneeling on the ground and said!

In other words, Chen Ping could kill these people at any time with just one word!

But Chen Ping could see what Ouyang Wufeng meant, and he didn’t want these people to die!

The reason for saying this was to give Chen Ping enough face in public!

Chen Ping said, “Forget about what happened today. I hope you can discipline them more in the future!”

Chen Ping did not attack, let alone kill these people!

“Of course, I will discipline them strictly after I go back!”

Ouyang Wufeng nodded!

Then Ouyang Wufeng took everyone away!

Those who wanted to see Chen Ping’s excitement came up one by one! Since

Chen Ping was able to cure the illness of Prince Xiao, he must have great medical skills!

Many people wanted Chen Ping to help with the treatment, and they also gave a lot of rewards! Others

wanted to get close to Chen Ping and build relationships!

After all, Chen Ping has the Xiao Dynasty behind him. Being able to be friends with Chen Ping is like leaning on a big tree!

Seeing the noisy crowd, Chen Ping had a headache and could only leave quickly with Liu Ruyan and Miao Lao!

Chen Ping took Miao Lao and Miao Miao directly to his residence!

[The Man Decree] A Man Like None Other Chapter 4168 – “Miao Lao, what’s going on? How come you are here on Medicine God Island?”

“And what happened

to Miss Miao?” After returning to his residence, Chen Ping asked Miao Lao in confusion!

Miao Lao sighed and said, “Mr. Chen doesn’t know that after we came out of the battlefield of gods and demons, Boss Cai and the others left, but my granddaughter has always had mental problems.”

“She keeps nagging and sometimes goes crazy...”

“I have also found many people to treat her, but there is no way to see her well. In the end, I can only try my luck on Medicine God Island.”

“I have been here for more than ten days, but unfortunately I don’t have any treasures as a reward, and no one treats my granddaughter.”

“If I hadn’t met Mr. Chen today, I don’t know what the consequences would be!”

Miao Lao was grateful to Chen Ping!

“Miss Miao had her memory erased by Bai Qian at that time, and that memory was erased, so why is she like this?”

Chen Ping was very puzzled!

Looking at Miao Miao’s appearance, it is obvious that she is also like this because of mental stimulation and can’t bear it!

Generally, the spiritual power of cultivators is very strong, otherwise it is impossible to emit spiritual consciousness to explore the surrounding situation!

Compared with ordinary people, the spiritual power of cultivators is hundreds or thousands of times stronger!

This kind of spiritual power, in theory, should not become mentally ill after being stimulated a little!

“I don’t know either. It may be that the memory is not completely erased. There are still painful memories in Miao Miao’s sea of consciousness!”

Miao Lao didn’t know why. If he knew, he might have found a way to treat it long ago!

“Let me help Miss Miao...” After

Chen Ping finished speaking, a stream of spiritual energy instantly hit Miao Miao’s body!

This spiritual energy directly entered Miao Miao’s sea of consciousness!

In just a moment, Miao Miao suddenly ran away and started yelling!

Seeing this, Chen Ping hit Miao Miao with a palm and knocked her unconscious!

Then he frowned!

Because at this time, Chen Ping had already found out what she had experienced from Miao Miao’s sea of consciousness!

Although Bai Qian erased Miao Miao’s memory, this memory was too deep for Miao Miao!

Even if it is erased, the memory imprinted in the sea of consciousness still remains!

That’s why Miao Miao will slowly pick up that unbearable past!

A girl, being raped by dozens of people in a line, anyone would go crazy!

After the investigation, Chen Ping looked at Miao Lao with a heavy face!

“Mr. Chen, how is my granddaughter? Can she be cured?”

Miao Lao asked hurriedly!

“Miao Lao, the experience in the battlefield of gods and demons was too much of a blow to Miss Miao. It is too difficult to erase that memory alone.”

“Now if you want Miss Miao to recover, you can only erase all her memories, so that she can recover, but by then she won’t recognize anyone, you still have to guide her slowly.”

Chen Ping said to Miao Lao!

Miao Lao listened to Chen Ping and looked at Miao Miao quietly, struggling in his heart!

What’s the point if his granddaughter doesn’t recognize him by then!

But he can't watch Miao Miao go crazy all the time!

After hesitating for a moment, Miao Lao gritted his teeth and said, "Okay, this is the only way!"

"Miao Lao, I will try my best to leave the most basic memory of Miss Miao, but I can't guarantee that it will be 100% successful!"

Chen Ping had never helped anyone erase their memory, so he didn't dare to guarantee it!

"Mr. Chen, you can do it boldly. No matter what the result is, I can bear it!"

Miao Lao said with great trust.

Chen Ping nodded, and then a golden light emanated from his palm, wrapping up Miao Miao completely!

[The Man Decree] A Man Like None Other Chapter 4169 – It is easy to erase the memory of ordinary people, but it is extremely difficult and costly to erase the memory of a cultivator in the sea of consciousness!

After several hours, Chen Ping stopped, and his whole body was soaked in sweat!

"Miao Lao, I have erased Miss Miao's memory. Whether the most basic memory can be retained can only be known when she wakes up!"

Chen Ping said, and sat down on the chair!

He was too tired and exhausted!

Miao Lao looked at Chen Ping's appearance, his face full of gratitude: "Mr. Chen, thank you, whether Miao Miao recognizes me or not, I will take good care of her!"

At this moment, Miao Miao slowly opened his eyes.

Seeing Miao Miao wake up, Miao Lao hurried over nervously. He didn't know if his granddaughter still recognized him!

When Miao Miao saw Miao Lao, he whispered: "Grandpa..." When

Miao Lao heard it, he immediately agreed happily, and his tears couldn't stop flowing out!

"Grandpa, why are you crying? Where are we?"

Miao Miao got up and asked while wiping Miao Lao's tears!

"Grandpa, it's okay. I'll take you home right now!"

When Miao Lao saw that his granddaughter still recognized him, he was so happy!

Chen Ping was also relieved. Miao Miao still had the most basic memory, so there was no need for Miao Lao to slowly guide her!

"Mr. Chen, thank you so much..."

After saying this, Miao Lao actually knelt down to Chen Ping!

"Miao Lao, it's just a little effort!"

Chen Ping hurriedly supported Miao Lao and didn't let him kneel down!

"Grandpa, who is this person? Why are you kneeling to him?"

Miao Miao looked at Chen Ping in confusion. She didn't understand why her grandfather knelt down to such a young man like Chen Ping!

"Miao Miao, this is Mr. Chen, a nobleman in our family. He..."

Miao Lao was about to introduce Chen Ping to Miao Miao, but was interrupted by Chen Ping: "Miao Lao, don't tell Miss Miao too much. Whatever she can remember is what she can remember, so as not to let her fall into memories."

When Miao Lao heard this, he quickly closed his mouth!

"Miao Lao, I wonder where you are going next?"

"If you don't have a place to go, you can live here. Anyway, the house here is spacious enough."

Chen Ping asked!

"Thank you, Mr. Chen. I plan to take Miao Miao home and won't take her around anymore."

Miao Lao said!

"Well, the world is dangerous, and a stable life is the main thing."

Chen Ping sighed lightly. The dangers of the heavenly world are thousands of times more powerful than the secular world!

There are no rules at all in the heavenly world, and strength is everything!

And the secular world at least has legal constraints, so it is not so chaotic!

Miao Lao took Miao Miao away, and Chen Ping swallowed a lot of pills and laid a spirit gathering array. Chen Ping had to take a good rest before he could recover!

While Chen Ping was resting, in the only three-story building in the area where they lived, although it was late at night, it was brightly lit.

This is the residence prepared by Yaoshen Island for Su Tianshuo, the president of the Western Region Pharmacist Association. How can it be said that Su Tianshuo did a lot of work in this Yaoshen Island Pharmacist Conference!

In the hall of the room, Su Tianshuo sat quietly, and opposite Su Tianshuo, there were more than a dozen people sitting!

These people are all the heads of major medical families, including two of the four major medical families in Yongle City!

Bao Longxing, the head of the Bao family, and Diao Changmin, the head of the Diao family.

But the people from the Zhou family and the Zhen family were not present!

Everyone looked solemn and looked at Su Tianshuo in front of them!

“Everyone, I called you here, I believe you also know why.”

“This pharmacist conference is not as simple as it seems on the surface. I tell you the truth, half of us who come here are afraid that half of us will die on this Medicine God Island.”

Su Tianshuo slowly spoke after a moment of silence!

[The Man Decree] A Man Like None Other Chapter 4170 – Hearing what Su Tianshuo said, everyone’s eyes flashed with surprise, but they didn’t speak!

Su Tianshuo continued: “Whether it is the Pharmacist Association or the major families, they have always been fighting openly and secretly.”

“In this regard, the Bao family head and the Diao family head of Yongle City should have the most experience. Now the Zhou family and the Zhen family are married, Zhong Yaozun has also become a member of the Zhen family, and the Chen Ping who suddenly appeared was also brought by Zhen Ni, who had been away from the Zhen family for decades.”

“Now the strength of the Zhen family and the Zhou family is obviously not something that other families can contend with. At that time, the Bao family and the Diao family will definitely be annexed.”

“And this time’s Pharmacist Conference may be the time for a reshuffle. Yaoshen Island will not be so kind to invite everyone. As far as I know, Yaoshen Island has been threatened, so it is trying hard to hold the Pharmacist Conference on Yaoshen Island.”

After Su Tianshuo said this to everyone, everyone was a little furious!

“President Su, what’s going on? If you knew, why didn’t you tell us at the beginning, and let us come to Yaoshen Island?”

“Who dares to endanger Yaoshen Island? The strength of Yaoshen Island cannot be underestimated now!”

“Yaoshen Island is threatened, so are you asking us to be a shield?”

Everyone asked in confusion!

“President Su, what do you mean? We all trust you very much, so you don’t have to keep us in suspense.”

Bao Longxing, the head of the Bao family, asked!

“Yes, we are a community of interests now, so don’t hide it from us.”

Diao Changmin, the head of the Diao family, said!

“Do you know the Zhantian Sect?” Su Tianshuo asked!

“Of course I know, isn’t it the sect that knows both medical skills and array techniques?”

“This Zhantian Sect is just a scam, and they only know the basics of medical skills, but their array techniques are really good.”

“If I remember correctly, this Zhantian Sect should be a sect of demon cultivators, right?”

Everyone said!

“President Su, what is the relationship between Zhantian Sect and Yaoshen Island? Could it be that Zhantian Sect is threatening Yaoshen Island?”

Bao Longxing asked!

“Yes, Zhantian Sect also knows that Yaoshen Island is the place where Yaoshen fell, and wants to occupy Yaoshen Island. Yaoshen Island has taken out a lot of resources to let us all come to Yaoshen Island to hold the Yaoshen Conference, and it is also to gather us to help resist Zhantian Sect!”

Su Tianshuo nodded and said!

Everyone was a little confused, and then asked in confusion: “President Su, how do you know these things? Did the people of Yaoshen Island tell you?”

“Of course not!” Su Tianshuo shook his head: “Because I have cooperated with Zhantian Sect, so of course I know!”

As soon as Su Tianshuo finished speaking, everyone was in an uproar!

Some people even stood up suddenly and looked at Su Tianshuo in disbelief: “President Su, are you a demon cultivator?”

“Of course I’m not a demon cultivator. Who says that only demon cultivators can cooperate with Zhantian Sect?”

“I gathered you together secretly and specifically told you about this. When the time comes, we will cooperate with Zhantian Sect from inside and outside, and Yaoshen Island will be ours.”

“No matter what resources there are on Yaoshen Island, they belong to us, and no one will share them with us.”

“As for the other pharmacists, if they know the times, we will recruit them. If they don’t, we will kill them without mercy!”

“By then, we will be the only ones who control the medical skills in the entire Tianren Realm. No matter how powerful the sect is, they will always ask us for help.”

Su Tianshuo’s eyes flashed with greed!

A small president of the Pharmacist Association of the Western Regions could not satisfy him at all. What he wanted was the entire Tianren Realm!

He wanted to control the medical skills of the entire Tianren Realm. By then, he would have whatever resources he wanted!
