

[The Man's Decree]

[The Man Decree] A Man Like None Other Chapter 4171

[The Man Decree] A Man Like None Other Chapter 4171 – Su Tianshuo's words echoed in the air, causing everyone present to fall into a deep silence.

“This matter is of great importance. If it succeeds, we will definitely be able to gain huge benefits!”

Su Tianshuo's eyes swept over everyone present, with greed flashing in his eyes, “But if we fail, we will definitely be kicked out of the major pharmacist associations for colluding with the devil cultivators, and even lose our lives!”

Everyone's expressions were extremely solemn. They knew the seriousness of this matter.

The rules of the pharmacist association are strict. Once they are found to be colluding with the devil cultivators, the consequences will be disastrous.

But the temptation of huge benefits is like the whisper of the devil, constantly teasing in their hearts.

“Everyone, in addition to the resources of Medicine God Island, don't forget there is also Chen Ping. This guy is worth a hundred-year tribute to the Demon Sealing League.”

Su Tianshuo's voice sounded again, full of bewitching power, “Can you imagine how huge the resources of the hundred-year tribute of the Demon Sealing League will be?”

“Everyone, interests, this is something that makes people crazy and obsessed! It's like a flame burning in the heart, once it is ignited, it can't be extinguished.”

“In this world, without the drive of interests, who would fight for their lives? Who would take risks?”

“Look at the opportunity in front of us, that is huge and unimaginable benefits! The resources of Medicine God Island are mountains of treasures. As long as we can get them, we can soar to the sky!”

“And there is Chen Ping. He carries the hundred-year offering of the Demon Sealing League.

A hundred-year offering! That is so many rare medicinal herbs, so many mysterious skills, and so many treasures that can greatly increase our strength! With these, we can walk sideways in the world of heaven and man, and no one dares to look down on us!

Interests are the cornerstone of power and the source of glory.

With interests, we can control the life and death of others and determine their fate.

We are no longer small characters who are ordered around, but overlords who can dominate everything!

For the sake of interests, we can do whatever it takes! What rules, what morals, in the face of huge interests, are all clouds! As long as we succeed, what can those so-called accusations and criticisms do to us?

If we fail, we will die! But as long as we succeed, we can enjoy all the glory and wealth, and let everyone worship us!

Interests are our driving force and the goal of our struggle! Let us seize this opportunity and do everything for the sake of interests!"

It has to be said that Su Tianshuo does have the charm of language, and his words are very inspiring!

Everyone's breathing quickened slightly. The hundred-year tribute of the Demon Sealing League was an unimaginable huge fortune.

For these pharmacists, resources meant higher medical achievements, and meant stronger status and power.

"As long as we succeed, even if we kill Chen Ping, the Xiao Dynasty will not dare to do anything to us. After all, all the medical experts in the Heavenly Human Realm are here."

Su Tianshuo continued, "If something happens to us, I'm afraid there won't be another high-level pharmacist in the entire Heavenly Human Realm."

Su Tianshuo's words stirred up waves in everyone's hearts.

They weighed the pros and cons in their hearts, and desire and fear clashed fiercely in their hearts.

"President Su, I support you, and I am willing to work with you!"

Bao Longxing, the head of the Bao family, broke the silence first.

There was a resolute look on his face, as if he had thrown all his concerns behind him.

Then the head of the Diao family, Diao Changmin, also spoke up: "Count me in. As the saying goes, the bold will die of overeating, and the timid will die of starvation. Anyway,

after this pharmacist conference, the Zhou family and the Zhen family will definitely take action against us, so we might as well strike first!”

As Bao Longxing and Diao Changmin spoke up, the others no longer hesitated and expressed their opinions, following Su Tianshuo to do it together!

Seeing everyone responding, Su Tianshuo smiled, with a hint of pride in his eyes.

[The Man Decree] A Man Like None Other Chapter 4172 – “Okay, we are now on the same page, and we must swear an oath of blood...” As he said this, Su Tianshuo forced out a drop of blood and dripped it into the wine bowl in front of him.

The others followed suit and forced out their blood, and then drank the bowl of wine with an oath in one gulp. At

this time, Ouyang Xing, the owner of the Medicine God Island, was not sleepy at all.

He stood in front of the window, looking at the full moon outside and the waves that kept hitting the shore, and he fell into deep thought.

Under Ouyang Xing’s feet, densely packed insects flashing with a faint golden light were constantly shuttling.

These were the golden beetles raised by Ouyang Xing, which were unique to the Medicine God Island. The

golden beetles were originally black, but because they were often wrapped in the mist of the Medicine God refining elixirs on the Medicine God Island, they turned into golden armor over time.

The bite force of this golden beetle is very huge, and the power of a group is even more amazing.

“Father, it’s late at night, you should rest!” Ouyang Wufeng saw that the light was still on in his father’s room, so he walked in quietly.

Ouyang Wufeng ignored the golden beetle under his feet. Every time he took a step, the golden beetle under his feet seemed to be controlled and automatically moved away.

“Feng’er, do you think we can avoid it this time?” Ouyang Xing looked out the window, his voice full of worry.

“Father, hundreds of pharmacists came this time, including major medical families and the presidents of the pharmacist associations of four of the five regions. I don’t think the Zhantian Fa Sect dares to cause trouble.”

Ouyang Wufeng said, "Those guys are just trying to scare us. With their poor medical skills, even if we give them the Medicine God Island, they will not be able to comprehend the inheritance left behind in the place where the Medicine God fell."

"Don't worry too much. As the saying goes, when the enemy comes, the general will stop him, and when the water comes, the earth will cover it..." Ouyang Wufeng tried to comfort his father.

After hearing this, Ouyang Xing smiled bitterly and turned around, looking at Ouyang Wufeng and said, "Feng'er, do you also think that I invited this pharmacist conference to Yaoshen Island to let these pharmacists help us resist Zhantian Fazong?"

"Isn't it?" Ouyang Wufeng said doubtfully.

"Of course not." Ouyang Xing's eyes became firm and deep, "I really want to use the resources on Yaoshen Island to benefit the pharmacists of the entire Tianren Realm. If someone cracks the inheritance of the God of Medicine, it will be even better." Ouyang Wufeng stared

at his father blankly, with a complex emotion in his heart.

Ouyang Xing paced slowly and continued, "There are too few pharmacists in the Tianren Realm, and there are even fewer pharmacists with superb medical skills. All the cultivators want to ascend to immortality, and no one is willing to spend energy to learn medical skills."

There was a hint of helplessness and regret in his voice.

"Father, I didn't expect you to think this way, but are we going to bear the risks ourselves?" Ouyang Wufeng couldn't help but say.

"What about the risk?" Ouyang Xing interrupted him, "If I can make some contribution to the pharmacists of the Heavenly World, my life will not be in vain."

"No matter who gets the inheritance of the God of Medicine, it must not be allowed to those demon cultivators of the Heaven-Slaying Sect. They have evil intentions. If they are allowed to get the inheritance, it will bring great disaster to the Heavenly World."

Ouyang Wufeng was silent for a moment, then said: "Father, I understand, I will fully support your decision."

Ouyang Xing patted Ouyang Wufeng on the shoulder and said: "Feng'er, at this pharmacist conference, all parties have ulterior motives, we must be careful to deal with it, but no matter what, our original intention cannot change."

Ouyang Wufeng nodded and said: "Father, don't worry, I will definitely protect the God of Medicine Island and this conference."

The moonlight sprinkled on the father and son, reflecting their determined figures. And on this seemingly peaceful God of Medicine Island, a huge storm is quietly brewing.

[The Man Decree] A Man Like None Other Chapter 4173 – At this time, Su Tianshuo and others were plotting a more detailed plan.

"We must find a way to control the main roads of Yaoshen Island and not let the news leak out." Su Tianshuo said.

"There are many people around Chen Ping, and it is not easy to catch him." Someone expressed his concerns.

"Humph, we can take advantage of their unpreparedness and do it at the pharmacist conference." Su Tianshuo's eyes flashed a trace of ruthlessness, "The scene will be chaotic by then, and no one will care about anyone else."

Everyone nodded and agreed with Su Tianshuo's plan.

On the other side, the Zhou family and the Zhen family were also secretly observing the development of the situation. They were not completely unaware of the small actions of Su Tianshuo and others.

After so many years in Yongle City, Su Tianshuo and the Bao family and the Diao family, what they were thinking in their hearts, they could guess a little bit!

Tonight, Bao Longxing and Diao Changmin secretly went to Su Tianshuo's residence, there must be a secret that cannot be told!

The Zhou family and the Zhen family want to annex the Bao family and the Diao family!

Similarly, the Bao family and the Diao family cannot have no intention of annexing their two families!

Don't look at the usual laughter when they meet, but secretly they all want each other to die!

"It seems that this time the pharmacist conference will not be peaceful." Zhou Qian, the head of the Zhou family, said.

"We can't be careless either, we must be prepared to deal with it." Zhen Yuandao, the head of the Zhen family, said.

Although the two of them knew what Su Tianshuo was doing at this time, they were thinking about targeting their two families. They never thought that Su Tianshuo wanted to target the pharmacists of the entire Tianren world!

The entire Yaoshen Island was shrouded in a tense atmosphere, and all forces were secretly competing, waiting for the opportunity to come.

On the eve of the pharmacist conference, the atmosphere on Yaoshen Island became more and more tense.

The pharmacists were making final preparations for the upcoming conference, while those with ill intentions were secretly planning how to realize their ambitions.

Ouyang Xing was busy shuttling between the various venues, checking whether all preparations were ready.

Ouyang Wufeng led the disciples of the family to strengthen the defense of the island.

Su Tianshuo and others were also busy arranging the final details. Their eyes were full of anticipation and nervousness, as if they were about to start a game of life and death.

Time flies, and the pharmacist conference will soon be open!

The entire Yaoshen Island is full of lively scenes, and everyone is full of excitement!

But no one knows what kind of conspiracy is hidden under this excitement!

As soon as the sky was bright, all the pharmacists gathered under Yaoding Mountain. At the foot of Yaoding Mountain, a high platform was built! A

simple opening ceremony for the pharmacist conference is still necessary!

Yaoding Mountain is surrounded by thick white fog, which seems to be spreading outward when the medicine is refined in the medicine cauldron!

However, this white fog is not a spiritual fog, but a highly toxic one!

It is rumored that it is to protect the elixir in Yaoding Mountain!

Since Yaoding Mountain was used by the God of Medicine to refine medicine in the past, there must be a lot of elixirs left there!

However, this white fog does not exist for a long time. When the sun rises, the white fog will slowly dissipate!

At this moment, on the high platform, there were crowds of people. The presidents of the Four Regions Pharmacist Association and some heads of medical families were all sitting there.

“Everyone, welcome to Medicine God Island. This time, the Pharmacist Conference is held on our Medicine God Island. My master is happy.”

“All the expenses of everyone here will be covered by our Ouyang family. In addition, the Pharmacist Conference also has multiple awards, which can add some fun when fellow Taoists communicate and learn from each other!”

“The mountain behind me that looks like a medicine cauldron is called Medicine Cauldron Mountain. It is rumored that it was the medicine cauldron used by the Medicine God to refine medicine, and it finally turned into a mountain!”

“The Medicine God fell in this Medicine Cauldron Mountain, and there are still many elixirs refined by the Medicine God in the Medicine Cauldron Mountain!”

“If you want to get these things, it depends on everyone’s luck. There is even the inheritance of the Medicine God. If someone can comprehend it, it will be a blessing for our heavenly world.”

“Now I declare that the Pharmacist Conference will start now...”

After Ouyang Xing’s loud announcement, bursts of cannons roared and applause was deafening!

Many pharmacists were still very moved by the generosity of Medicine God Island!

[The Man Decree] A Man Like None Other Chapter 4174 – Jiuxuan smiled bitterly, hesitated for a moment, and said to Ye Ranyin and Feng Jiuchen seriously: “You may not know that in the Eastern Region, there are only two types of geniuses without a strong background.”

Ye Ranyin raised an eyebrow.

Jiuxuan continued: “One belongs to the Nine Emperor Sect, and the other does not belong to the Nine Emperor Sect. If the genius who does not belong to the Nine Emperor Sect refuses the Nine Emperor Sect, there are only two ways...”

He closed his eyes and whispered: “One way is to join the Nine Emperor Sect, and the other way is... a dead end.”

“Oh.” Ye Ranyin nodded calmly. Jiuxuan

said anxiously: "It doesn't matter if you refuse me to join the Nine Emperor Sect, because I don't care, but, you just said that Jiu Wuque is not worthy... Even if Jiu Wuque does nothing, if this word gets to the sect master, they will not let you go." "It doesn't matter

." Ye Ranyin finally understood why she felt that Jiuxuan was wrong. This Jiuxuan, his heart did not seem to be on the side of the Nine Emperor Sect.

So even though he knew that they were approaching deliberately, he still pretended not to know and took them into the Nine Emperor Sect. He clearly guessed that the Xixin Bell was in their hands, but helped them to perjure.

Who could have thought of that?

The third son of the Nine Emperor Sect would actually hope that the Nine Emperor Sect would be in trouble.

"Miss Wushuang, Master Chen, listen to me, let's go. I know that you two are extraordinary, but facing the giant Nine Emperor Sect..."

"Don't worry, I know what's going on." Ye Ranyin accepted Jiuxuan's kindness.

It's no wonder why Jiuxuan has such a personality-when she was in Sunset City, she figured it out. The Nine Emperor Sect is a cancer and it stinks, but there are still some innocent and kind ordinary people in it.

Jiuxuan wanted to say something else, but Ye Ranyin raised her hand to interrupt him: "I'll go and see and adjust the body of the saint."

Feng Jiuchen didn't follow, and Jiuxuan turned to persuade Feng Jiuchen, and Feng Jiuchen turned back to his room: "The Nine Emperor Sect can't do anything to us."

Jiuxuan could only stand there and sigh helplessly.

...

When Ye Ranyin arrived at Luo Xianchen's place, Jiu Wuque had been coaxed away.

Ye Ranyin sat down opposite Luo Xianchen and praised Luo Xianchen, "You acted well."

Luo Xianchen puffed out his chest, "He likes the kind of brainless girl who only knows how to praise him, who looks weak and obedient." Ye Ranyin

chuckled.

Luo Xianchen said again: "Let's not talk about him. Mr. Ye, you just asked me to pretend to be sick, but what are your plans?"

Ye Ranyin nodded: "Well, weren't you worried about how so many people would get back to Suxinfang?"

Luo Xianchen stared at Ye Ranyin with her beautiful eyes sparkling: "I remember Mr. Ye said you had a way, what are you going to do?"

Ye Ranyin said: "Teleportation array."

"Ah?"

"I plan to build a teleportation array here with you, and then go back to Suxinfang to build one. In this way, you can go back at any time."

Luo Xianchen's heart was moved instantly: "Really? Will it be troublesome?"

"It's only a small array that can teleport two or three people. It's not a big deal. However, you have to provide the materials."

"Of course, I will definitely not let you suffer, Mr. Ye." As she said that, she became worried again: "But over at Suxinfang..."

"It depends on whether your master can convince them. If they are unwilling to accept you at that time, I will also build a teleportation array somewhere else."

"Okay." Luo Xianchen nodded: "I haven't contacted other sisters yet. I don't know if they are in the Nine Emperor Sect now. I can't leave immediately. If Mr. Ye helps to build a teleportation array, we can leave at any time."

Ye Ranyin also considered this and decided to build a teleportation array to help them.

After the discussion, Luo Xianchen went to the bedroom, took out a storage ring, and handed it to Ye Ranyin: "Mr. Ye, do you think these are enough for you to build the array?"

Ye Ranyin probed into it with her spiritual sense and saw: "Too much."

It's enough to build three or four. I didn't expect Luo Xianchen to be a little rich woman. She is worthy of being the Saint of Suxinfang.

"Not much." Luo Xianchen didn't say anything. She took out all her savings: "The extra is considered as the fruit of divine thought that I bought from Mr. Ye."

Ye Ranyin pondered for a moment and nodded: "Okay."

Then he put away the storage ring and said to her: "Then I will start today. It will be completed in about one or two days."

After all, it is just a simple small teleportation array. As long as you have the power of time and space, it is not troublesome.

"Okay." Luo Xianchen answered obediently.

Ye Ranyin began to find a suitable place in Luo Xianchen's attic to carve a formation.

Luo Xianchen was like a little tail, following Ye Ranyin around, but she was very tactful and did not hinder Ye Ranyin, so Ye Ranyin followed her.

They were busy building the formation, and the elders of the Nine Emperor Sect who went to take care of the love grass finally found that the love grass in the entire cave had disappeared, not even a single one was left.

His face changed drastically, and he hurriedly flew to the residence of the Nine Emperor Sect's leader.

The elders who went to teach the disciples with special physiques to practice had just stepped into the familiar courtyard and found that this place had become a purgatory on earth.

All the disciples with special physiques were wailing on the ground in pain. The most terrifying thing was that not only were their special physiques gone, but their tendons and cultivation were also destroyed, and they could only be useless people in this life.

Seeing this, the elder who taught the disciples with special physiques to practice couldn't help but shake his body, and the whole person almost fainted.

Because there were too many people with special physiques, the Nine Emperor Sect had always hidden them, planning to release them one by one when the time was right.

But now, it was ruined, all ruined.

Because they could not be exposed, the elders could not immediately call the Nine Emperor Sect's alchemy master to treat them. After he asked a few people what happened here in a trembling voice, he quickly went to find the Nine Emperor Sect's leader.

At the same time, the elders of the Nine Emperor Sect's Law Enforcement Hall also went to the dungeon as usual, as a patrol.

Who knew that as soon as he got inside, he found that the entire dungeon was silent except for the strong and stinking smell of blood, without even a sound.

His face changed, and he flew in quickly, and found that the evil cultivators and the Nine Emperor Sect disciples who were guarding and interrogating them were all lying in a pool of blood, and the other cells holding prisoners were empty. In

the entire dungeon, he was the only one at this time.

“It’s over...” The elder of the Law Enforcement Hall muttered to himself, and the next moment, he also hurriedly flew to the Nine Emperor Sect’s leader.

Today, the leader of the Nine Emperor Sect, as usual, planned to deal with some matters of the Nine Emperor Sect first, and then practice.

At this time, the captain of the Golden Armor Team, who was responsible for the safety of the Nine Emperor Sect, was lowering his head and carefully reporting the progress of the search for the Xixin Bell.

“We have searched everywhere and asked everyone in the sect. Even if we used the spiritual search stone, we still couldn’t find the whereabouts of the Xixin Bell.”

“Hehe, are you saying that the Xixin Bell of our Nine Emperor Sect grew wings and flew away?” Jiu Tian, the leader of the Nine Emperor Sect, was middle-aged. There was majesty and domineering between his eyebrows. He was quite handsome. He looked like a decent person, but in fact he was extremely conceited and cruel. In the Nine Emperor Sect, those who obeyed him were rampant, and those who disobeyed him died.

“Master, please forgive me.” The captain of the golden armor guards knelt down hurriedly.

“Humph.” The leader of the Nine Emperor Sect was about to get angry.

“Master, Master, it’s not good...”

With a ‘bang’, the door of the study room of the Nine Emperor Sect’s leader Jiu Tian was knocked open.

[The Man Decree] A Man Like None Other Chapter 4175 – At this moment, accompanied by a humming sound!

Yaoding Mountain was filled with a radiant light, and everyone instantly felt refreshed!

“Okay, everyone can enter Yaoding Mountain, but remember, Yaoding Mountain will be covered by white fog again after three days.”

“If you don’t come out within three days, you will be swallowed by the white fog and buried in Yaoding Mountain.”

Ouyang Xing reminded everyone!

But many people had long since ignored Ouyang Xing's reminder, and they all soared into the air, rushing into Yaoding Mountain without looking back!

They always thought that those who entered first would definitely get good things!

Seeing many monks rushing into Yaoding Mountain recklessly, Ouyang Xing sighed and shook his head!

He was giving good advice, but no one listened!

Su Tianshuo didn't dare to delay, and immediately led people to rush into Yaoding Mountain!

As for dealing with Chen Ping, Yaoding Mountain is the best opportunity!

When Chen Ping is killed, no one will know who did it, after all, so many people rushed into Yaoding Mountain!

They can take advantage of the chaos to attack Chen Ping!

Zhou Qian and Zhen Yuandao looked at each other, and also led their respective clansmen into Yaoding Mountain!

"Fellow Daoist Chen, I'm one step ahead. If you are in danger, you can contact me at any time!"

Chen Wenliang also rushed into Yaoding Mountain with the people of the Central Region Pharmacist Association!

These pharmacists rushed to the front, fearing that they would fall behind others!

In the eyes of these people, Yaoding Mountain is a huge treasure!

"Mr. Chen, let's go in quickly!"

Seeing that Chen Ping was still not moving and not in a hurry, Nie Heng urged!

"No hurry!" Chen Ping looked at the high platform!

He found that this time, it seemed that no one from the Ouyang family entered Yaoding Mountain!

Not only did they not enter, but Chen Ping also caught the way Ouyang Xing sighed and shook his head just now!

Chen Ping felt that this time's Pharmacist Conference was by no means simple!

And this Medicine God Island should not be so kind. Maybe this so-called Medicine God's Falling Place is a scam and a conspiracy!

Chen Ping jumped onto the high platform. He wanted to question Ouyang Xing face to face!

If this is a conspiracy, Chen Ping will uncover this conspiracy!

But Chen Ping didn't know that there was indeed a big conspiracy in this pharmacist conference, but it was not planned by Ouyang Xing!

Ouyang Xing saw that Chen Ping was not in a hurry to enter Yaoding Mountain, but climbed up the high platform and came towards him, so he seemed surprised!

Being able to be tempted by the huge benefits of Yaoding Mountain, Chen Ping has not lost the ability to think, which is indeed not simple!

"Father, this is called Chen Ping, the one who cured Prince Xiao and was praised by Emperor Xiao!"

Seeing Chen Ping coming this way, Ouyang Wufeng hurriedly said!

"Oh, it turns out to be this young man, it seems that he has a bright future in the future!"

Ouyang Xing immediately became interested in Chen Ping!

Chen Ping walked straight in front of Ouyang Xing, followed by Liu Ruyan and Nie Heng!

"Daoyou Chen, are you not in a hurry to enter Yaoding Mountain?"

Ouyang Wufeng asked Chen Ping curiously!

After all, with Chen Ping's strength and medical skills, there is no problem in entering Yaoding Mountain!

"I want to enter, but before entering, I need to ask Master Ouyang a few questions!"

Chen Ping said!

"Ask me what? If I know, I will tell you everything!"

Ouyang Xing said to Chen Ping with great appreciation!

“Ouyang Island Master, you took great pains to invite the Pharmacist Conference to Yaoshen Island, but your Ouyang family did not send anyone to Yaoding Mountain. Why is that?”

Chen Ping asked!

“Because we have explored Yaoding Mountain many times, and lost a lot of people. Although we have gained something, we have not obtained the inheritance of the God of Medicine, so we will not send anyone in this time.”

Ouyang Xing explained!

“Is it because of this?” Chen Ping’s eyes condensed slightly, obviously not believing it!
