[The Man Decree] A Man Like None Other Chapter 4196 – Chen Ping did not speak, but looked at Nie Hong coldly, with murderous intent in his eyes!

Feeling the murderous intent in Chen Ping's eyes, Nie Hong shut her mouth and dared not look directly at Chen Ping!

Now that the moral hat is put on, it is no longer effective!

“You should confess the truth. If I produce evidence, you two brothers and sisters will definitely die.”

Chen Ping said coldly!

When Nie Lei heard it, he knelt down to Chen Ping with a plop!

Nie Hong looked at her brother, and finally knelt down helplessly!

“Fellow Daoist Chen, we were wrong, we were wrong. It was because we were blinded by our own interests that we did such a thing.”

“Please spare our lives, Fellow Daoist Chen. We will never dare to do it again.”

“Then Su Tianshuo promised us that as long as he caught you, he would give part of the Hundred Years of Offerings of the Demon Sealing League to us brothers and sisters.”

“We brothers and sisters have no family and no one to rely on. Although we have joined the Central Region Pharmacist Association, we are also at the bottom. We are not qualified to follow President Chen at this Pharmacist Conference.”

“And Su Tianshuo said that if we don't agree, he will kill us brothers and sisters. On this Yaoding Mountain, killing one or two people will not be discovered by anyone. We have no choice but to ask Fellow Daoist Chen to spare us...”

Nie Lei kept kowtowed, tears streaming down his face!

When Nie Hong saw her brother like that, her eyes turned red and she cried!

“You two are too much. Do you want to betray Mr. Chen for your own benefit?”

“Thanks to Mr. Chen for being so kind to take you two with him, you two are worse than pigs and dogs!”

Nie Heng angrily scolded the brother and sister!

Originally, they all had the same surname, and Nie Heng felt good about the brother and sister, but he didn't expect them to be this kind of people!

"Chen Ping, kill them both. Keeping this kind of people will be a disaster sooner or later!"

Liu Ruyan also said angrily!

When Nie Lei heard this, he was so scared that he trembled all over and kept kowtowing!

That Nie Hong also knew that he was scared at this moment, and his face became very ugly, no longer the way he looked when he just put on the moral hat!

"Thinking that you two are also forced to do nothing, I will spare you!"

Chen Ping looked at the two brothers and sisters kneeling on the ground, and finally spared them!

"Thank you, Mr. Chen, thank you, Mr. Chen..."

Nie Lei kowtowed desperately!

Then he pulled Nie Hong up and turned to walk down the mountain!

"Where are you two going?" Chen Ping asked!

"This Yaoding Mountain is too dangerous. It is not a place for us brothers and sisters to stay. Let's go down the mountain."

"And if we don't report our location to Su Tianshuo, he won't spare us. Let's escape as soon as possible!"

Nie Lei said!

"Do you think you two brothers and sisters can get out of this poisonous fog?"

Chen Ping continued to ask!

Nie Lei was silent. If they didn't have the detoxification pill and Chen Ping's pill to absorb the toxins, they would not be able to get out of this poisonous fog with their bodies!

"You two should follow me, or continue to report the location to Su Tianshuo!"

Chen Ping said!

“Don’t dare, absolutely don’t dare...”

Nie Lei waved his hand hurriedly!

It was good enough that Chen Ping could spare them. How dare they tip off Su Tianshuo!

“I asked you to report, so you report. This is also to paralyze Su Tianshuo and make him not doubt you!”

“Su Tianshuo has united with many people and plans to use the hands of Zhan Tian Fa Zong to reshuffle the pharmacists of the entire Tianren world.”

“It is estimated that many pharmacists will die this time, so I must expose Su Tianshuo’s conspiracy!”

The reason why Chen Ping asked Nie Lei and his sister to continue to report was to paralyze Su Tianshuo!

When he made arrangements, he would let Nie Lei and his sister tell Su Tianshuo, so that Su Tianshuo could be caught in one fell swoop!

[The Man Decree] A Man Like None Other Chapter 4197

[The Man Decree] A Man Like None Other Chapter 4197 – As long as they can find a way to make Su Tianshuo reveal his conspiracy, I believe that many pharmacists will not let Su Tianshuo go!

“What? Su Tianshuo is going to target the pharmacists of the entire Tianren world, not just you?”

Liu Ruyan was shocked. She didn’t expect that Su Tianshuo would have such a big conspiracy!

“Mr. Chen, let’s go quickly. We must notify others as soon as possible. If Su Tianshuo succeeds, the entire pharmacist world will be a disaster!”

Nie Heng urged anxiously!

“Okay, let’s go!”

After Chen Ping finished speaking, he waved his hand, and suddenly a fire burned fiercely!

Soon, the dead bodies on the ground, as well as the Diao family pharmacists who were not dead, were all burned to ashes by the fire!

Looking at the raging fire in front of him, Nie Lei's forehead was full of cold sweat. Fortunately, Chen Ping let them go!

Otherwise, they, the brothers and sisters, would also become part of this fire and become ashes!

Chen Ping's strength is not something they can shake at all!

They were so naive that they wanted to cooperate with Su Tianshuo and divide up the Hundred Years of Offerings

of the Demon Sealing League! If they really killed Chen Ping, I'm afraid that even they, the brothers and sisters, would not be able to get the Hundred Years of Offerings of the Demon Sealing League!

Without absolute strength, the best way to save your life is to keep a low profile!

Chen Ping and his men were moving very fast, and because they had elixirs, they didn't have to worry about being poisoned!

The fog quickly retreated in front of their eyes!

After an unknown amount of time, Chen Ping and his men finally walked out of the foggy area!

At this time, Su Tianshuo and others who were still in the fog were anxiously waiting for Diao Changmin!

"Chairman Su, let's leave this place first and look for the head of the Diao family!"

"Although the fog here is not very poisonous, staying there for a long time will also harm the body."

"Our detoxification pills can't remove the toxins at all!"

Bao Longxing said to Su Tianshuo!

Su Tianshuo frowned, his face became very ugly: "Damn, this Diao Changmin, took all the family members away, what on earth does he want to do?"

"When he took people away in the end, did he say what he was going to do?"

"No, but he seemed to leave in a hurry, but I heard from others that Diao Changmin should have taken people away after receiving the report from the brother and sister."

"Will this guy take his clansmen to catch Chen Ping?"

Bao Longxing said!

Su Tianshuo listened, his eyes condensed slightly, his face was terribly cold!

“This Diao Changmin, I know what he did, he must have gone to catch Chen Ping, this guy wants to take it all for himself, he has been thinking about the medicine cauldron on Chen Ping all the way.”

“If he dares to eat alone, let me catch him, I must kill him...”

Su Tianshuo gritted his teeth, not to mention how angry he was!

Now the plan has not been implemented, and this kind of thing has happened in his team, how can he not be angry!

“President Su, why don’t you contact Nie Lei and his sister and ask what’s going on?”

Bao Longxing said!

“No, if we contact them rashly and Chen Ping notices it, it will be troublesome.”

“After a while, the brothers and sisters will take the initiative to contact again, and then we will know what the situation is. Let’s go now, no more waiting!”

Su Tianshuo didn’t plan to wait for Diao Changmin!

So many people are waiting in the poisonous fog. If the poisoning is too deep, it will be troublesome!

Bao Longxing nodded, then greeted everyone and began to move forward!

None of them knew that Diao Changmin and his clansmen had been killed by Chen Ping at this time, and they were wiped out!

After penetrating the fog, Su Tianshuo and others all stopped, breathing heavily and resting!

Even with detoxification pills, they can’t eliminate the toxins in the body. Now they can only stop and rely on spiritual power to slowly force the toxins out!

In this way, they will fall behind many people, but there is no way!

[The Man Decree] A Man Like None Other Chapter 4199

[The Man Decree] A Man Like None Other Chapter 4199 – Chen Ping nodded, and then followed Chen Wenliang and others to the top of the mountain!

I believe that most of the pharmacists will be there when they reach the top of the mountain!

But not long after Chen Ping and his team moved forward, there were suddenly several loud noises!

Boom...

Crack!

Thunders suddenly fell from the top of the mountain and struck not far from Chen Ping and his team!

At this time, several deep pits were instantly struck by thunder on the mountain, and the blasted gravel came towards everyone!

Seeing this scene, many pharmacists were shocked!

Chen Ping waved his hand casually, and a barrier appeared to block the gravel, otherwise these gravel would definitely hurt people!

“What’s the situation? No one has broken through, how can there be a thunder tribulation?”

Chen Wenliang asked very puzzled!

“This is not a thunder tribulation...”

Chen Ping looked up at the sky. There was no thunder tribulation cloud in the sky, so this thunder was not a thunder tribulation!

“Not a thunder tribulation? What is it?”

Chen Wenliang asked!

“This should be a test, the test of the God of Medicine?” Chen Ping said!

“Test? What does that mean? How can there be a Medicine God test?”

Chen Wenliang was very puzzled. They had been here all the way, but they hadn’t seen any Medicine God test!

“President Chen, didn’t you encounter any danger along the way?”

Chen Ping asked curiously!

“No, I did encounter some monsters, but they were all killed. There was no other danger!”

Chen Wenliang shook his head!

“It seems that the tests encountered when going up the mountain from different directions are different.”

Chen Ping told Chen Wenliang about what he had experienced!

Especially when encountering the light curtain and poisonous fog, these are also considered tests! When

Chen Wenliang heard this, his expression became solemn. He had never heard that there was a test on this Yaoding Mountain. Now it seems that it is not so easy to get to the top of the mountain and get the inheritance of the Medicine God!

“Mr. Chen, look...”

Nie Heng pointed to the sky and said!

From the top of Yaoding Mountain, wisps of blue light emerged. These lights gathered in the sky, and then countless lightning shuttled through the blue light, brewing, and crackling sounds were heard!

It seemed that these lightnings would soon strike down. With so many lightnings, everyone would have nowhere to hide!

“These troubles, we really can’t avoid them? I don’t know how powerful this thunder is, can we rely on our own cultivation to bear it!”

Chen Wenliang frowned and said!

Boom!

Just as Chen Wenliang’s voice fell, a thunder roared down and hit a pharmacist directly!

The pharmacist vomited blood and fell to the ground with serious injuries!

Although he was not dead yet, he was seriously injured. If he came again, he would definitely die!

Everyone who saw this scene was scared!

Chen Wenliang commanded everyone to start treating the seriously injured pharmacist!

However, at this time, the lightning became more and more dense, and it could all hit at any time! At this time

, everyone had no idea, and they looked at Chen Wenliang with an extremely ugly face!

As the president, Chen Wenliang, they could only hope that Chen Wenliang would give an idea!

But Chen Wenliang had no way at this time, and his face was full of anxiety!

Facing this sudden test of thunder, Chen Wenliang seemed helpless, and the pharmacists were terrified and at a loss.

At this time, Chen Ping's eyes were extremely firm. He knew that in such a critical moment, someone must stand up and lead everyone through the difficulties.

"Don't panic!" Chen Ping's voice penetrated the thunder and seemed unusually steady. "We must unite and face this test together. I believe that as long as we work together, we will find a way to break it."

As he said, Chen Ping began to observe the surroundings, trying to find a pattern or safe area to avoid lightning.

[The Man Decree] A Man Like None Other Chapter 4200

[The Man Decree] A Man Like None Other Chapter 4200 – But this area was covered by thunder, and there was no room to hide!

Boom!

Another thunder came down, and a pharmacist was hit again, and fell to the ground instantly!

This time, everyone panicked and rushed to escape!

"Don't panic, running around at this time will only lead to death!"

Chen Ping hurriedly stopped them!

"Listen to Brother Chen, no one is allowed to panic, no one moves!"

Chen Wenliang also stopped everyone from running around!

Running around at this time is the most unwise choice!

Rumble...

The thunder is still bombarding, but not every time it hits people!

Bombarding on the ground will form a huge deep pit!

After several thunders bombarded down, Chen Ping's eyes suddenly lit up!

He noticed that the thunder did not seem to attack indiscriminately, but selectively fell in certain areas.

This made him realize that perhaps there was a way to predict or avoid the bombardment of thunder.

"Everyone, pay attention. Thunder seems to follow a certain trajectory." Chen Ping analyzed quickly, "We need to find this pattern and use it to avoid thunder."

Upon hearing this, Chen Wenliang immediately organized the pharmacists to assist Chen Ping in observation and analysis.

After some intense discussion, they found that thunder always prioritized attacking those with lower cultivation or weaker physique.

Perhaps this was the deliberate arrangement of the God of Medicine, so that those with low strength would be eliminated!

This is also the reason why Ouyang Xing did not allow people with low cultivation to enter Yaoding Mountain!

If these people enter Yaoding Mountain, they will be wiped out without seeing the inheritance of the God of Medicine!

"All the pharmacists below the fifth level of the Tribulation Realm will gather together, and the pharmacists with higher cultivation will surround them. We need to form a shield to protect these pharmacists."

Chen Ping proposed to let the pharmacists with higher cultivation form a circle to protect those with lower cultivation.

"Are you ready? We are going to start the action!" Chen Ping shouted loudly.

Under Chen Ping's command, the pharmacists acted quickly and arranged the formation according to the plan.

With a roar, another thunderbolt fell, but this time, it was blocked by the pharmacists with higher cultivation and did not cause any damage.

Seeing this, everyone's confidence increased greatly, and they followed Chen Ping's instructions and headed towards the top of the mountain step by step.

Although thunderbolts continued to fall on the way, under the leadership of Chen Ping, the pharmacists relied on wisdom and courage to escape danger again and again.

However, just after they traveled a distance, the thunderbolts in the sky suddenly became more dense and violent, as if they were going to swallow up the entire Yaoding Mountain.

"Everyone be careful, this is the most critical moment!" Chen Ping reminded loudly.

This thunderbolt is also like the poisonous fog, the deeper it goes, the more powerful it is. Now is the critical moment. As long as they rush through here, they will withstand the test of thunderbolt!

With several thick thunderbolts roaring down, the powerful pharmacists around them burst out their spiritual power desperately to form a shield to protect the less powerful pharmacists in the center!

But after these thunderbolts, the shield shattered, and several pharmacists were directly knocked out, and they fell to the ground seriously injured one by one!

Seeing this scene, Chen Wenliang was horrified!

Seeing the thunder in the sky forming again and about to strike again, everyone's face was full of fear!

"President Chen, you guys go, don't worry about us..."

said a pharmacist with lower strength!

"Yes, President Chen, you guys can run if you can, otherwise we will all die here!"

"The treasures of Yaoding Mountain are really not that easy to get, accept your fate!"

Many pharmacists were waiting for death to come!

They knew that with their strength, it was impossible for them to pass through this thunder!
