

[The Man Decree] A Man Like None Other Chapter 4231

[The Man Decree] A Man Like None Other Chapter 4231 – “Yes, that island is only a few hundred miles away from here. I was once overturned by a storm and drifted to that island.”

Feng Xing explained!

“What are you waiting for? Go quickly. I’ve been on the spiritual boat here long enough.”

Bao Longxing hurriedly urged to go to the island when he heard it!

The spiritual boat was small and shaky, and it was not comfortable at all!

Feng Xing did not move, but looked at Su Tianshuo! What

Su Tianshuo said here counts, as long as Su Tianshuo nodded!

Su Tianshuo forgot to glance at the boundless storm, nodded and said, “Okay, let’s go to that island and rest for a while.”

Feng Xing nodded and directed everyone to drive the spiritual boat towards the direction of the island!

At this time, Chen Ping and others in the storm were still immersed in joy!

The terrifying storm around them was treated as non-existent!

Everyone got a lot of beast pills, spirit stones and treasures!

Especially Chen Ping, who got a lot of gold-making stones. It seems that his gold-based origin star can be bright.

Back on the spiritual boat, many pharmacists gathered together to show off what they had obtained!

At this time, Chen Ping discovered that a pharmacist was holding a seventh-grade fairy grass in his hand!

This fairy grass could not appear on the sea, it should grow on land!

“Daoyou, did you get this fairy grass from the sea?”

Chen Ping asked the pharmacist!

“Yes, I got it from a monster. I guess it was what the monster didn’t finish eating!”

The pharmacist nodded and said!

“Daoyou Chen, is there anything wrong?”

Chen Wenliang asked!

“This fairy grass can only grow on land and can never appear on the sea. Since these monsters have this fairy grass, it must be not far from here. There must be land.”

At this time, Zhong Qing spoke up!

“Yes, Zhong Yaozun is right. I also suspect that there should be an island not far from here.”

Chen Ping nodded and said!

“If there are islands, there must be fairy grass and many precious spiritual stones. After all, this place is far away from the mainland and no one has set foot here.”

“Aren’t we going to get rich this time?” “

It’s worth the trip, it’s worth the trip. Those who go back to the Western Regions will definitely regret it.”

When many pharmacists heard this, they all shouted excitedly!

Some resources on these continents in the Heavenly Realm have been mined almost by people!

Only on islands like this where few people go, there are precious resources, and maybe there are ten thousand year fairy grass!

Just when everyone was happy, Gu Tianchao leaned close to Chen Ping's ear and whispered, "Master, the spirit boat is damaged and cracks have appeared. I'm afraid it won't last long..."

"What? Take me to see..."

Chen Ping frowned slightly!

Gu Tianchao took Chen Ping into the spirit boat. Seeing this, Chen Wenliang and others followed him!

In the center of the spirit boat, there is a small formation, which is the power to drive the spirit boat forward!

At this time, cracks appeared around the small formation!

There were also tiny cracks like spider webs inside the spirit boat!

If this kind of cracks are subjected to wind and waves, there will definitely be more and more, and finally the spirit boat will collapse!

"Can it be repaired?" Chen Ping asked!

Gu Tianchao shook his head: "We have tried, but it can't be repaired. Now we can only slowly find a land and then build a spirit boat."

"Now this spirit boat can't take us back to the Western Region Continent. Once the spirit boat collapses in the vast ocean, everyone will be in danger."

Chen Ping was silent. Chen Wenliang looked at the spirit boat and was a little at a loss!

Although they are all cultivators who can walk on water and even fly in the air, they also have to consume spiritual power to do so!

It's okay for short distances, but here is thousands of miles away from the nearest continent to the Western Region!

Who can hold on to such a long distance?

[The Man Decree] A Man Like None Other Chapter 4232

[The Man Decree] A Man Like None Other Chapter 4232 – “This matter must be kept secret and cannot be spread out, otherwise it will easily cause panic.”

Chen Wenliang said after a moment!

If they knew that the spirit boat was about to collapse, it would certainly make many pharmacists panic!

In this vast ocean, there is no place to stay!

Maybe they will be attacked by monsters in the sea!

“Okay, I won’t tell anyone.”

Gu Tianchao nodded.

“It can’t be concealed. If it is concealed, it will cause greater panic, and it is impossible to hide it from everyone.”

“We must all work together to find a solution. Now we have to work together.”

Chen Ping disagreed to hide it from everyone and must tell everyone!

Chen Wenliang didn’t say anything when he saw Chen Ping say this!

After all, they all have to rely on Chen Ping to rush out of this huge storm!

Chen Ping and the others returned to the deck!

Then he said to everyone: “Everyone, our spiritual boat is damaged. It is estimated that it will not last too long, so we all need to be mentally prepared.”

“What? The spiritual boat is damaged? If the spiritual boat sinks, what should we do? It is impossible to fly in the air all the time.”

“It is thousands of miles away from the nearest continent. We can’t fly

there at all.” “There are many monsters in this sea. Are we all going to die here?”

“Hey, I just got so many beast pills and treasures, but I’m going to die here again!”

For a while, pessimism spread among everyone!

After all, without the spiritual boat, most pharmacists can’t return to the Western Continent!

“Chen Daoyou, isn’t there an island nearby? If we find the island before the spiritual boat sinks, we will be fine.”

Zhong Qing said!

“Yes, I think so too, but no one knows where the island is and how far it is, so it is not an easy thing to find it.”

Chen Ping also knew that he had to find the island first, but they only knew that there should be an island nearby, but they didn’t know the exact location!

In this vast ocean, looking for an island whose location is unknown is undoubtedly looking for a needle in a haystack!

“Let’s rush out of this storm first, and then discuss the matter of finding an island. If the spirit boat sinks, how can we rush out of this storm with so many people?”

Zhong Qing suggested!

Although Chen Ping has the Dingfengzhu, without the spirit boat, so many pharmacists, and people from the Liangyi Gate, all fly in the air, and the Dingfengzhu cannot protect such a large area! We

must rush out of the edge of the storm before the spirit boat sinks!

“That’s what I mean. Everyone should be prepared. In case the spirit boat collapses when rushing out of the storm area, we must rush out as quickly as possible!”

Chen Ping exhorted everyone!

This is why Chen Ping told everyone about this, just to let everyone prepare in advance!

If you don't tell everyone, no one is prepared. When rushing out of the storm, the spirit boat suddenly collapses, which will definitely cause panic. At that time, it is estimated that many people will die! Everyone

listened to Chen Ping's words, and they all became very alert, and Chen Ping asked Gu Tianchao to take the people from the Liangyi Gate to use the formation to consolidate the spirit boat and start rushing out of the storm!

Su Tianshuo and his team, led by Feng Xing, quickly arrived at a small island!

The scenery on the island was pleasant and the environment was so beautiful!

Many pharmacists went to the island one after another, all with excitement on their faces!

"This kind of sparsely populated island must have a lot of treasures."

Bao Longxing said excitedly!

Su Tianshuo also smiled and looked around the surrounding environment!

Suddenly, Su Tianshuo's smile froze on his face, and a trace of solemnity appeared in his eyes!

"President Su, what's wrong?"

Bao Longxing asked!

[The Man Decree] A Man Like None Other Chapter 4233

[The Man Decree] A Man Like None Other Chapter 4233 – "There are people on this island." Su Tianshuo said!

"Someone?" Bao Longxing was stunned, then looked at Feng Xing and asked: "Old Feng, is there anyone on this island?"

Seeing this, Feng Xing smiled slightly: “Yes, and there are quite a few people...” As

Feng Xing’s voice fell, dozens of people suddenly rushed out from all around. The aura of these people was not weak. The most important thing was that when these people appeared, a series of formations lit up all around, surrounding Su Tianshuo and the others!

Now it is impossible for them to return to the spirit boat again. There are formations all around, and they can’t get out at all!

At this moment, all the pharmacists were stunned, and their faces changed drastically!

“Old Feng, what do you mean?”

Su Tianshuo frowned and stared at Feng Xing and asked!

Obviously, Feng Xing deliberately led them to this island. He knew that there were people on this island!

“President Su, don’t be nervous, no one will hurt you.”

“Let me introduce you. These people are actually from the Zhantian Fa Sect.”

Feng Xing smiled slightly!

“What? Someone from Zhantian Sect? Zhantian Sect was destroyed, and the Sect Master Wang Qingshi has been captured. How come someone from Zhantian Sect appears again?”

Su Tianshuo was confused, not understanding what was going on!

“Hahaha, Wang Qingshi was just the deputy sect master of Zhantian Sect. Later, due to different ideas, he rebelled against Zhantian Sect and approached the Western Continent with some disciples.”

“This guy has been operating under the name of Zhantian Sect. How could Zhantian Sect be destroyed so easily!”

At this time, an old man in white walked in front of Su Tianshuo with a dragon-like and tiger-like step!

This man looked quite old, with wrinkles all over his face, but his eyes were gleaming with a majestic aura! The aura

of cultivation exuded was very strong, and he was already at the second level of the Mahayana Realm!

It was a miracle that he could cultivate to this level on this uninhabited island!

After all, this island was not big, and the resources could not be more than those on the Five Continents!

“President Su, this is Mu Qiufeng, the real leader of Zhantian Sect.”

Feng Xing introduced Su Tianshuo!

“So it’s Sect Leader Mu, I’m so sorry...”

Su Tianshuo was so embarrassed, he hurriedly greeted him politely!

Now that they were on someone else’s territory, regardless of who was the real leader of Zhantian Sect, Mu Qiufeng or Wang Qingshi, they had to curry favor with each other first!

“President Su, tell your people not to be nervous, we will never hurt you.”

“Since you are here, you are the guests of my Zhantian Sect. Didn’t you reach a cooperation with Wang Qingshi?”

“Although Wang Qingshi has been arrested, our Zhantian Sect is not dead, I can still cooperate with President Su.”

Mu Qiufeng said to Su Tianshuo!

Su Tianshuo glanced at Feng Xing, he knew it must be the news passed by Feng Xing, otherwise how could Mu Qiufeng know that he was cooperating with Wang Qingshi!

All along, Su Tianshuo always thought that his plan was flawless, but now it seems that Feng Xing is the final winner!

From the beginning when he joined the team, he might have expected what happened today!

And leading Chen Ping and the others into the storm sea area, it seems that it was all calculated!

Now Su Tianshuo wants to take Chen Ping's body to the Demon Sealing League in exchange for a hundred years of offerings, which is obviously impossible. All of this has become a wedding dress for the Zhantian Sect!

"Master Mu, we are willing to cooperate with you!" Su Tianshuo could only force a smile, and then said to the many pharmacists: "Fellow Taoists, don't be nervous, the Zhantian Sect will not hurt us, relax a little!"

"President Su, I have prepared wine and food, please..."

Mu Qiufeng made a gesture of invitation!

Su Tianshuo had no choice but to follow Mu Qiufeng!

[The Man Decree] A Man Like None Other Chapter 4234

[The Man Decree] A Man Like None Other Chapter 4234 – The other pharmacists followed behind, surrounded by the people of Zhan Tian Fa Zong, and none of these pharmacists dared to resist!

"Master Mu, there is another group of pharmacists who are trapped in the storm, and now their lives and deaths are unknown."

"The Chen Ping who was hunted down by the Feng Mo League with a hundred years of offerings is also among them. You should send someone to take a look!"

Feng Xing said to Mu Qiufeng!

"Oh? That Chen Ping is also here. It's just right to use him to negotiate terms with the Feng Mo League."

Mu Qiufeng's eyes lit up, and then he waved to a middle-aged man with a big beard and said, "Elder Liu, take someone to drive the spirit boat to take a look. Except for that Chen Ping, try to bring other pharmacists back alive."

“Yes!” Elder Liu nodded, and then took people to take the spirit boat away!

Zhan Tian Fa Zong found so many pharmacists to help refine the elixir. To put it bluntly, these pharmacists will work for Zhan Tian Fa Zong for free in the future!

So if the pharmacist dies, it will be of no value at all!

This island has a lot of resources, but Zhan Tian Fa Zong does not have its own pharmacists, so many resources are wasted!

This is why after Wang Qingshi led some of the disciples of Zhantian Fazong to leave here, he began to learn alchemy, and even wanted to seize Yaoshen Island to strengthen the ability of Zhantian Fazong to refine pills!

On this remote island, Wang Qingshi suffered a lot without a pharmacist, so he did that!

Su Tianshuo and the others were taken to the main hall of Zhantian Fazong. Although they were treated with good food and drink, they had no freedom!

They were all locked in the room, which was surrounded by formations. These pharmacists didn't know anything about the formations, and they couldn't escape even if they wanted to!

“If I have a chance, I will kill this old man Fengxing...”

Bao Longxing shouted angrily!

Su Tianshuo sighed lightly: “Don't shout, stay here honestly, I didn't expect that I would be calculated for a lifetime, and this time I was calculated by someone!” Su Tianshuo

lay on the bed and accepted his fate!

Seeing this, Bao Longxing was also helpless, sitting at the table and began to drink.

At this time, Chen Ping and the others had already rushed out of the storm, and the spirit boat was moving away quickly!

If the spirit boat suddenly collapsed and sank at this time, the suction force generated by such a big storm is terrible, and I am afraid that someone will be involved in it!

“Don’t relax, you must stay away from the storm before you can relax!”

Chen Ping told everyone!

Gu Tianchao took the people of Liangyi Gate and tried his best to maintain the spirit boat and urged the spirit boat to move forward!

After hundreds of miles away from the storm, the spirit boat began to make a crackling sound under the heavy load!

“Master, the spirit boat can’t hold on, we must abandon the ship...”

Gu Tianchao said loudly!

“Okay, everyone fly in the air, don’t stay on the spirit boat!”

After Chen Ping finished speaking, he jumped up first, and his body was suspended in the air!

Others saw this and flew into the air one after another!

Just after everyone left the spirit boat, the spirit boat suddenly exploded and then sank quickly!

Dozens of people, floating in the air, looking at the vast sea, had no idea for a while!

“Daoyou Chen, what should we do next?”

Chen Wenliang asked Chen Ping!

Chen Ping looked around and said, “President Chen, let’s select a few of the strongest pharmacists and then go to find the island separately.”

“Everyone else stays here and no one should move around, so that you can preserve your spiritual power.”

“Whether you find the island or not, you must come back and reunite after one day.”

“Okay, let’s do as you say!” Chen Wenliang nodded!

This is the only way now. If these people go to find the island together, I’m afraid that some pharmacists with low strength will not be able to maintain flying halfway!

Chen Wenliang selected a few of the strongest pharmacists and then separated them into groups of two.

Chen Ping asked for a position for himself. He was used to being alone, and there would be no burden!

[The Man Decree] A Man Like None Other Chapter 4235

[The Man Decree] A Man Like None Other Chapter 4235 – But just when Chen Ping and his men were ready to disperse and search for islands, a huge spirit boat slowly appeared in the distance!

“Spirit boat, a boat is coming...”

“What a big spirit boat, we are saved.”

“Great, there is always a way out...”

After seeing the spirit boat, everyone shouted excitedly!

Chen Ping’s face was solemn, looking at the spirit boats that kept coming in the distance, and said with a little doubt: “How could there be such a big spirit boat in this vast sea where few people go?”

“It’s so strange, this can’t be a pirate, if we encounter pirates, we will be in trouble.” Zhong Qing said!

He had heard that in this sea area, someone was robbed by pirates, and then there was no news!

“Pirates? There are pirates here, it’s really strange!”

Chen Wenliang couldn’t help but be amazed when he heard it!

After all, he was in the Central Region, there was no sea in the Central Region, and it was surrounded by the four regions, so he didn’t know what pirates were!

“Everyone else should be alert, let’s go and have a look, if we find something wrong, the others will run away immediately!”

Chen Ping definitely took Chen Wenliang and Zhong Qing to have a look!

If there really are pirates on this spiritual boat, then they are the strongest and can deal with it, and the others can take the opportunity to escape quickly!

“Okay, let’s go and take a look!”

Chen Wenliang nodded, and then followed Chen Ping to the spiritual boat!

At this time, on the huge spiritual boat, Elder Liu of Zhan Tian Fa Zong was sitting in the cabin to rest. He knew that this huge storm would take many days to gradually disappear, so he was not in a hurry at all!

“Elder Liu, a group of monks were found floating in the air more than ten miles ahead!”

At this time, a disciple of Zhan Tian Fa Zong ran into the cabin and reported to Elder Liu! When

Elder Liu heard it, he hurried out of the cabin and stood on the deck to look around. Sure enough, he saw dozens of monks floating in the air, and three of them were coming towards them quickly!

“Elder Liu, are these people the pharmacists you are talking about? Seeing that they are floating in the air, there is no spiritual boat under their feet. It is estimated that the spiritual boat was destroyed by the storm.”

Next to Elder Liu, a young man in a green shirt said!

“It should be them. No one else will come to this sea area. With so many pharmacists, our Zhantian Sect will make a fortune.”

“In the future, these people will become our slaves and refine countless pills for me.”

Elder Liu’s eyes were full of brilliance!

“Then I will take people to capture them now?”

said the young man!

When Elder Liu heard this, his brows furrowed immediately. He looked at the young man coldly and said, “Do you have a brain? If you catch them, will they not resist?”

“Once they resist, there will inevitably be casualties. If these people die, they will be of no value to us.”

“Everyone should not reveal their identities. These people have lost their spirit boat and can’t leave this place. They will definitely get on our boat.”

“We can take them back without bloodshed. As long as they get on the island, they will be trapped.”

Listening to Elder Liu’s words, the young man puzzledly asked, “Elder Liu, it is impossible for them not to notice the demonic energy on us. If they realize that we are demon cultivators, will they still get on the boat?”

“I only ask you to conceal your identity as a Zhantian Fa Sect member, not a demon cultivator. With your current strength, you cannot completely conceal your demon aura, so there is no need to hide it.”

“If hiding the aura is discovered, it will be more trouble than gain. Just admit that you are a demon cultivator. No one should talk nonsense for a while, I will deal with it!”

“Understood!” The young man nodded!

[The Man Decree] A Man Like None Other Chapter 4236

[The Man Decree] A Man Like None Other Chapter 4236 – The spirit boat sailed forward quickly, while Chen Ping and his men were heading towards it!

When they were only a few miles away, Chen Ping and his men stopped!

“Demon cultivators? There are actually demon cultivators on this spirit boat!”

Chen Wenliang sensed the other party’s aura!

“These demon cultivators are not hiding at all. Could it be that the pirates are these guys?”

Zhong Qing was also very puzzled. Why don’t these demon cultivators hide their aura?

You should know that the status of demon cultivators in the heavenly world is very low, so many demon cultivators hide their identities and cover up their aura!

But now these demon cultivators are coming here without any concealment!

“Should we notify others and escape first?”

Chen Wenliang saw that the other party was all demon cultivators, so he became nervous!

“Not for the time being, let’s see what’s going on!”

Chen Ping shook his head!

Chen Ping knew quite a few demon cultivators, and not all of them were bad people who would harm people!

It’s just that the heavenly world gave the demon cultivators a filter. On the Demon Mountain, there are many demon cultivator sects, and they still survive the same way!

Demon cultivators live together with human cultivators, there is no difference!

Since these demon cultivators came here without hiding, nothing should happen!

Even if they escape now, there is no way to escape. Chen Ping decided to take a gamble!

Bet that the demon cultivators on the spirit boat will not harm them!

Soon, the spirit boat arrived in front of Chen Ping and his group. Seeing this, Elder Liu shouted loudly: "Daoist friends in front, I don't know why you stay here? This place is very close to the storm sea area, it is very dangerous, you should leave as soon as possible!" Elder

Liu did not invite Chen Ping and his group to board the boat, but asked Chen Ping and his group to leave quickly.

This is obviously a set of playing hard to get!

However, the effect is indeed obvious. Seeing Elder Liu say this, Chen Wenliang and Zhong Qing were slightly relieved!

"This Daoist friend, we passed by here, and the spirit boat was damaged, so we couldn't leave."

Chen Wenliang said truthfully!

"In this case, please come to the boat to talk!"

Elder Liu then invited Chen Ping and his group to board the boat!

When Chen Ping and his companions landed on the boat steadily, Chen Wenliang introduced himself: "I am Chen Wenliang, the president of the Central Region Pharmacist Association. I wonder what your identity is?"

Elder Liu heard this and then smiled helplessly: "You should be able to see that all of us are demon cultivators. Now the Heavenly Realm is very unfriendly to us demon cultivators, and everyone is calling for us to be beaten everywhere."

"Helpless, all of us who gather together can only live in this remote sea. There is no sect, and we are just trying to survive."

"Because I am the strongest here, they all call me Boss Liu..."

Elder Liu directly admitted his identity, and he didn't look like he was lying!

After all, Elder Liu has a beard and looks honest, so his words are also credible!

Seeing Elder Liu say this, Chen Wenliang and Zhong Qing felt a little embarrassed!

They used to hate demon cultivators to the bone, and everyone called for them to be beaten!

But thinking back, it seems that demon cultivators have never harmed them. This hatred should have been passed down from the war between gods and demons!

But after all, it has been thousands of years, and demon cultivators are not necessarily bad people!

“Boss Liu, have you been living on the boat all these years?”

Zhong Qing asked in disbelief!

“That’s not the case. There is a small island hundreds of miles away from here, and we all live on that island.”

“When everything is fine, we will go out to sea to catch monsters. This time, a storm blew in the storm sea, and we came here to pick up treasures.”

Elder Liu said!

“There is indeed a small island nearby. I wonder if you can take us to the island to rest temporarily?”

“We still have a lot of fellow Taoists who can only float in the air and have no place to stay!”

Chen Wenliang asked hurriedly!

At this time, Chen Wenliang had already believed this Elder Liu!

[The Man Decree] A Man Like None Other Chapter 4237

[The Man Decree] A Man Like None Other Chapter 4237 – “Of course, I’ll order someone to drive the spirit boat over, but the island is short of supplies, and you can’t stay for long. I’ll send you a spirit boat and let you leave.”

Elder Liu continued to use the method of playing hard to get!

“Of course, we won’t stay for long.”

Chen Wenliang nodded quickly!

The spirit boat quickly went towards the pharmacists, and when everyone got on the spirit boat, they breathed a sigh of relief!

“You can rest in the spirit boat for a while, and wait for us to salvage some monster corpses and take you to the island!”

Elder Liu said to Chen Wenliang!

“Boss Liu, it’s up to you, we just need a place to rest.”

Chen Wenliang said!

“When we get close to the storm sea, the spirit boat will be very shaking, so you’d better stay in the spirit boat and don’t walk around casually.”

Elder Liu said!

“I understand, we just passed through the storm sea and know how powerful the storm is!”

Chen Wenliang nodded!

Many pharmacists all entered the cabin of the spirit boat!

This spiritual boat is very big, so even with dozens of them, it doesn’t seem crowded!

People like Chen Wenliang and Zhong Qing were all arranged with separate bedrooms!

At this time, on the deck of the spiritual boat, the young man in a green shirt asked Elder Liu in confusion: “Elder Liu, since everyone is on the boat, why

don't we go back? Why do we have to go to the storm sea to salvage some monster corpses?"

"What do you know? I just said that we are here to salvage monster corpses and get some resources."

"If we turn back as soon as these people get on the boat, it will definitely arouse suspicion, and there will be a lot of unnecessary trouble at that time."

"So the less we value these people, the more they feel at ease. This is why I said that they can't stay on the island for a long time. You should learn from them. This is playing hard to get..."

Elder Liu said with a proud face!

"High, really high..." The young man gave a thumbs up!

"When you get close to the storm sea, you take people to symbolically salvage some monster corpses. Don't get too close to the storm. If you are sucked in, it's over."

Elder Liu ordered!

"Got it!" The young man nodded!

Soon the spirit boat approached the storm sea area, but it was not too close. Then the young man, with several disciples of Zhan Tian Fa Zong, approached the storm!

Around the storm, there were many corpses of monsters floating on the sea. Although there were not as many as in the center of the storm, these corpses of monsters were enough to salvage for a while!

Seeing that he was around the storm again, Chen Ping wanted to find some treasures. After all, he had the Dingfengzhu, and the storm could not hurt him at all!

But when Chen Ping was about to walk out of the cabin, he was suddenly stopped by two monks at the door!

"You can't go out. The spirit boat is in the storm sea area now. Stay in the cabin for safety!"

One of the monks said!

“Daoyou, I just went out to get some fresh air, and our spirit boat was just destroyed by the storm. I want to see what such a powerful storm looks like.”

Chen Ping said in a good voice!

“No, you must stay in the cabin!”

The two monks were so serious that they didn’t let Chen Ping go out!

“Daoyou Chen, since you are not allowed to go out, then don’t go out. This is also for safety considerations!”

Chen Wenliang said to Chen Ping!

“Okay!” Chen Ping nodded and turned back!

However, Chen Ping always felt something was wrong at the moment, but he didn’t say anything!

After finding a place to sit down, Chen Ping released his spiritual sense!

The entire spiritual boat was covered by Chen Ping’s spiritual sense. This spiritual boat was many times more advanced than Chen Ping’s spiritual boat!

Moreover, there were several formations set up in the spiritual boat, especially one cabin, which was actually wrapped in a formation, and Chen Ping’s spiritual sense couldn’t penetrate it!

It seemed that this should be a meeting room, and he didn’t want others to hear or see what was being said inside!

[The Man Decree] A Man Like None Other Chapter 4238

[The Man Decree] A Man Like None Other Chapter 4238 – “It seems that there are formation masters among these people. The formation of this spirit boat is well arranged!”

Chen Ping thought secretly in his heart, and then his spiritual sense expanded!

At this time, the young man who led people to salvage the corpses of monsters pinched his nose with some disgust, waved his hand and said: "Okay, just salvage two monster corpses."

"It's just a show. If we really bring back too many, they will all stink..."

The other disciples of Zhantian Fazong salvaged two monsters and then went back to report!

However, all of this was noticed by Chen Ping's spiritual sense. Looking at the corpses of monsters on the sea, these people just salvaged a few and left. It was obvious that they were not rushing for the corpses of monsters!

Retracting his spiritual sense, Chen Ping waved to Chen Wenliang and Zhong Qing!

"Fellow Daoist Chen, what's wrong?"

Chen Wenliang asked!

"President Chen, Zhong Yaozun, let's go to the room and talk!"

Chen Ping led the two into a room, and then set up a shielding formation to ensure that what they said would not be heard by others!

"What's wrong, mysterious, did you find anything?"

Chen Wenliang asked!

"Yes, I feel that these people on the spirit boat are not simple. They don't seem to be here to salvage the corpses of monsters. They are more like coming for us."

Chen Ping said!

"How is it possible? How could they know that we were trapped here?"

Zhong Qing asked puzzledly!

“Now I can’t explain it clearly, but I always feel that these people are not right.”

“And this spirit boat has laid a lot of formations. These formations are complex and sophisticated. They are obviously the work of formation masters.”

Chen Ping said!

“What’s the matter? Maybe some of them know the art of formations. After all, there are many people who know formations among the demon cultivators.”

Chen Wenliang said!

“Yes, it’s not surprising that some of them know formations.” Zhong Qing also said.

“Anyway, we’d better be careful and tell everyone to cheer up.”

Chen Ping now has no evidence to prove that these people are coming for them, so he can’t turn his face based on speculation!

If the feeling is wrong, then wouldn’t it be a waste of kindness!

“Okay, I’ll tell everyone to be careful.”

Chen Wenliang nodded!

After instructing everyone, Chen Ping took Chen Wenliang and Zhong Qing to the deck!

They must see with their own eyes how many monster corpses these people have salvaged!

However, when the three people walked to the door of the cabin, they were stopped by two monks!

“Now that we have left the storm sea area, there is no danger. Why don’t you let us go on the deck?”

“You don’t have any intentions, do you, to stop us like this?”

Chen Wenliang asked the two monks who were blocking!

Since Chen Ping has reminded him, Chen Wenliang has also been alert!

“President Chen, I’m really sorry, this is the instruction of Boss Liu, we must obey it.”

One of the monks said!

“That’s your Boss Liu, not ours, why should we obey? It’s too stuffy here, we must go to the deck to get some fresh air!”

Zhong Qing was very unhappy and was about to rush up!

The two monks tried their best to stop them, and they quarreled for a while!

Chen Ping watched the changes calmly and did not stop them. He wanted to see how the so-called Boss Liu would solve it!

“Stop it, how can you be disrespectful to the guests?”

Elder Liu came and loudly rebuked the two monks!

“Boss Liu, they insisted on going to the deck, and we stopped them, so there was a conflict!”

said a monk!

“Boss Liu, although you saved us, we are very grateful, but you can’t restrict our personal freedom, right?”

“We just want to go to the deck to get some fresh air, why are you stopping us?”

Chen Wenliang asked very dissatisfiedly!

[The Man Decree] A Man Like None Other Chapter 4239

[The Man Decree] A Man Like None Other Chapter 4239 – “President Chen, we were in the storm sea just now, and we were afraid that there would be danger, so we didn’t let you go to the deck.”

Elder Liu explained!

“But now we have left the storm sea, there is no danger, why don’t you let us go up?”

Chen Wenliang questioned!

“This... isn’t this the corpse of the monster that was just salvaged? It is being slaughtered on the deck, and the bloody smell is heavy, so I’m afraid it will affect you.” Elder

Liu hurriedly made up a reason again!

“Although we are pharmacists, we are not weak chickens. How can we be afraid of slaughtering monsters?” “Now we want to go up and take a breath, just tell me if you will let us!” Chen Wenliang said with an ugly face and a very cold tone! “Of course I will let you, how can I restrict your freedom, just go up!” Elder Liu hurriedly squeezed out a smile and let the two monks get out of the way! Chen Ping and the others went up to the deck and saw that the spirit boat was moving quickly, and the storm sea had been left far behind. Several monster corpses were placed on the deck and chopped into pieces by several monks with the spirit blades in their hands! However, these monks didn’t seem to be serious and chopped them casually! They were even too lazy to take out the beast core from the head of the monster! Seeing this scene, Chen Ping was even more certain that these people were definitely not going to fish for the corpses of monsters, but were heading for them! Chen Wenliang and Zhong Qing also saw that these people didn’t seem to care about the corpses of monsters! They were probably just pretending to do it for them! “Boss Liu, how come you only salvaged a few corpses of monsters? You know, there are hundreds and thousands of corpses of monsters in the storm sea!” Chen Wenliang asked Elder Liu! “Oh, I ran into you, so I just salvaged some casually. I’m in a hurry to send you to the island. It will take some time for the storm to stop. It’s the same if I keep salvaging after a while.” Elder Liu hurriedly explained! “That’s true. The corpses of monsters can indeed be salvaged after a while, but shouldn’t the beast core be taken out as soon as possible after the monster corpses are salvaged?” “The beast core of the monster is the most valuable part, and if the beast core is not taken out in time, it will be contaminated and lose its value if it stays in the monster body for too long.” “Why do I see that the inner cores of these monsters seem to have not been taken out yet? Do you salvage the corpses of monsters just for the fur and also for the meat?” Chen Ping asked Elder

Liu! Elder Liu was stunned. Although he saw several cultivators using spirit blades to cut up the corpses of monsters, the beast core had not been taken out yet! “How can you guys do things? Don’t you know to take out the beast core first? You are just trash!” Elder Liu cursed, and the cultivators hurriedly took out the beast core! “President Chen, Yaozun Zhong, I think we should go around. Now that we have a spiritual boat to stay, we can enjoy the vast ocean with peace of mind.” “Maybe we can encounter monsters and get some unexpected treasures!” Chen Ping said to Chen Wenliang and Zhong Qing! He just wanted to take the two of them away from the spiritual boat temporarily! Chen Ping could conclude that there must be something wrong with these people, but he couldn’t do it directly, not to mention that their identities were unknown! Those pharmacists were all in the cabin. If the formation master among these people directly set up a formation and trapped people inside, they couldn’t run out at all! Now Chen Ping and the others could only pretend that they knew nothing, and then leave the spiritual boat to discuss countermeasures! Chen Wenliang and Zhong Qing understood what Chen Ping meant, so they nodded and said, “Okay, let’s try our luck...” “Everyone, there are many brutal thousand-year-old monsters in this sea. They are very scary. I advise you to stay on the spirit boat.” “When we get to the island, if you want to catch monsters, you can go around the island!” Elder Liu stopped Chen Ping and the others, not wanting them to leave the spirit boat!

[The Man Decree] A Man Like None Other Chapter 4240

[The Man Decree] A Man Like None Other Chapter 4240 – “Boss Liu, we won’t leave too far, we’re just wandering around. If we really encounter a powerful monster, we’ll come back immediately!”

Chen Wenliang winked at Chen Ping and Zhong Qing, and then the three of them jumped up!

Then, the young man next to Elder Liu also chased after them with two monks!

“What are you doing here?”

Chen Wenliang asked dissatisfiedly when he saw this!

“Oh, Boss Liu is afraid that you are in danger, so he asked us to protect you!”

The young man hurriedly said!

“We don’t need protection, you go back!” Chen Wenliang asked a few people to go back!

But no one listened, and the young man followed them wherever they went.

“President Chen, let them follow, and see if they can keep up!”

After Chen Ping finished speaking, he directly pulled Chen Wenliang and Zhong Qing, and used the Fire Control Step to disappear in an instant!

This time, the young man was dumbfounded, he had never seen such a fast speed!

Without the figures of Chen Ping and others, the young man could only bring people back!

“Why are you back? Where are they?”

Elder Liu saw the young man coming back and asked with some confusion!

“Elder Liu, these guys are too fast. They disappeared in the blink of an eye. We can’t catch up with them at all.”

“I think these guys seem to doubt us. It seems that we have to strike first.”

The young man said!

“What? Even you can’t catch up with them?”

Elder Liu frowned slightly, “It seems that they have masters here. It’s okay if the three of them run away, but it’s okay if the others don’t run away.”

“Follow me down, these people can’t be allowed to run away again, control them first!”

Elder Liu led people to the cabin!

With Chen Wenliang's instructions, in fact, the people in the cabin were also on guard against Elder Liu and his men!

Seeing Elder Liu and his men walk in, everyone stood up, and then their faces were defensive!

Elder Liu felt the atmosphere in the cabin and knew that he had to take action!

"Everyone, now that we have left the storm sea, there is no danger. If anyone wants to go to the deck, they can go up and take a breath at any time."

Elder Liu said to everyone!

He did this to let everyone relax their vigilance and then suddenly attack!

What he needed was not to kill these people, but to control them, which was the most difficult, so he had to do it when everyone was relaxed!

Seeing that Elder Liu asked them to go to the deck, it seemed that he had no intention of controlling them. Sure enough, everyone's tense nerves relaxed a lot!

But just when someone was about to go up to the deck, Elder Liu suddenly had an extra talisman in his hand!

"The divine formation is open..."

Elder Liu shouted, and the talisman instantly ignited a flame!

Before everyone could react, with a bang, the entire cabin was lit up with formation runes, and finally it would become a large formation flashing with light!

In the formation, auras were like vines, madly going towards many pharmacists!

Then they began to control every pharmacist present!

"Everyone be careful..."

Granny Zhen yelled, trying to rush towards Elder Liu, but she was instantly entangled by a spiritual energy, and her power was directly bound, and she fell to the ground!

Other pharmacists who wanted to be pharmacists were also controlled one after another, and they couldn't exert any power at all!

“Hmph, a mere formation, you still want to trap us...”

Gu Tianchao snorted coldly, and then took the people from Liangyi Sect to attack together!

A formation was formed in the hands of Gu Tianchao and his men, and then a series of spiritual swords shot out from the formation, cutting off the spiritual vines!

Elder Liu was immediately shocked and frowned tightly: “Aren't you pharmacists? There are formation masters here?”

He didn't expect that there were so many formation masters hidden among these pharmacists!

At that time, Feng Xing didn't tell them that there were formation masters, but just said that there was a group of pharmacists behind!
