## Chapter 4331

**[The Man Decree] A Man Like None Other Chapter 4331** – When Di Chongjing saw this scene, he was so scared that he hid far away, while Sect Master Jiang frowned, his eyes full of regret!

After all, he is a fellow disciple, but now he has become like this!

“Go to hell...”

The eldest brother roared, and a burst of black mist instantly burst out of his body!

“ah.....”

Under this black fog, all the monks who came into contact with it made sounds of pain, and felt that their bodies were rapidly aging, as if they were decaying!

“Dead air, this is dead air, everyone retreat quickly...”

Chen Ping hurriedly shouted loudly and led everyone to retreat!

This death energy is extremely powerful. Once it comes into contact with the human body, it will quickly absorb the vitality of the human body, causing the person to age quickly and lose their yang energy quickly!

“You can’t run away...”

The eldest senior brother snorted coldly and quickly chased after Chen Ping and the others!

The eldest senior brother was moving very fast, constantly approaching the crowd. Sect Leader Jiang and the others felt their scalps tingling as they tried to avoid the spreading deathly aura.

Now, unless someone uses his own Yang Yuan vitality to resist this wave of death energy, they can be saved. Otherwise, this kind of death energy will be difficult to deal with!

“Master Jiang, all of you stay away. I will come and meet him...”

Chen Ping knew that escaping like this was not a solution at all, he could only withstand this wave of death energy by himself!

“Mr. Chen, you have to be careful...”

Sect Master Jiang said!

Holding the Dragon-Slaying Sword in hand, Chen Ping rushed straight towards the eldest senior brother, facing the burst of anger!

The eldest senior brother was a little surprised to see that Chen Ping, a mere seventh-grade cultivator in the Tribulation Realm, dared to resist his death energy and even attacked him!

“Big Brother, this guy is called Chen Ping. He is the one who killed Second Brother. Don’t be fooled by his realm. This guy is very powerful.”

Di Chongjing was afraid that the senior brother had underestimated Chen Ping’s strength and would be killed by Chen Ping by surprise, so he reminded him loudly!

“So he was the one who killed my Second Junior Brother. I will avenge him...”

“So he was the one who killed my Second Junior Brother. I will avenge him...”

The eldest senior brother had a cold face, and with a low roar, the deathly aura instantly surged!

In this situation, no matter how fast Chen Ping runs, he will be attacked by the death energy!

Perhaps Chen Ping had already exhausted his vitality and died due to the disappearance of his yang energy before he even arrived!

Moreover, this deathly energy is like a maggot in the heel. Once it envelops the whole body, even if the body is strong, it will be of no use!

Although he didn’t know why Chen Ping dared to be so bold, the eldest brother was not afraid at all, because as long as there is vitality and yang energy, the thing that fears most is death, and his own death is invincible!

“I want to see how long you can hold on in the dead air...”

The eldest brother said with a joking look in his eyes!

When Chen Ping attacked the eldest senior brother, his indestructible golden body was activated, and golden scales covered his entire body!

But even the indestructible golden body could not resist the erosion of the deathly aura, and the golden scales on its body kept falling off!

The eldest senior brother actually put his hands behind his back and looked at Chen Ping quietly!

In just a few steps, Chen Ping’s indestructible golden body slowly disappeared, which was enough to prove the power of this death energy!

“Boy, when you get in front of me, you will just become a pool of blood...”

The eldest senior brother said proudly!

Chen Ping also discovered the power of the death energy. Even though his body was very strong, he still couldn’t resist the death energy!

Chen Ping also used his True Fire Dharma Body, but there was no way to stop it!

“Birth, aging, sickness and death are the laws of nature. These dead energies are the laws of nature. Nothing can resist the laws of nature.”

The Red Cloud Demon Lord said slowly!

“Is there no way to deal with this deadly energy?”

Chen Ping frowned slightly!

“Of course. If you have enough vitality and Yang Yuan, these dead energies will not be able to deal with you.”

## [The Man Decree] A Man Like None Other Chapter 4332

**[The Man Decree] A Man Like None Other Chapter 4332** – “Unfortunately, no matter how strong you are, you are only at the seventh level of the Tribulation Realm. It is estimated that your Yang Yuan can only last for a thousand years, so you cannot withstand these dead energy.”

“If you are like me, with a Yang Yuan of tens of thousands of years or even higher, then you won’t have to worry about this dead energy. After all, this little bit of dead energy won’t consume much vitality and Yang Yuan.”

The Red Cloud Demon Lord said!

Upon hearing this, Chen Ping was speechless. This Demon Lord Chiyun possessed tens of millions of years of Yang Yuan, but it was a pity that he was killed. Fortunately, a remnant soul was left behind!

If no residual soul is left, even if there are billions of years of Yang Yuan, you will still die.

“What will happen if I absorb all this dead energy? That guy can use the dead energy to practice, why can’t I?”

Chen Ping asked!

Chen Ping thought that his Concentration Mind Technique could refine all things, and even the evil spirit could be absorbed by Chen Ping!

This deathly aura and the evil aura are similar in nature!

“That guy must have a technique that uses death energy to cultivate. You don’t have any technique, so absorbing death energy will only make you die faster!”

The Red Cloud Demon Lord said!

“Who said I didn’t have it!” After Chen Ping finished speaking, he immediately started to practice the Heart Concentration Technique. A large amount of death energy around him began to swarm into Chen Ping’s body!

“What is Mr. Chen doing? This is death energy. How can he absorb it?”

When Sect Leader Jiang saw this, he was immediately shocked!

The Palace Master of Guanghan Palace also frowned slightly, with a look of worry on his face!

The eldest senior brother was stunned when he saw this, and then sneered: "How dare you absorb my death energy? I think you think you are sick of dying too slowly..."

As Chen Ping's body continued to absorb the death energy, his body aged visibly, giving people the feeling that he might die at any time!

But just when Sect Master Jiang and others were worried, and Di Chongjing and others were happy, the pervasive deathly aura was actually all absorbed into Chen Ping's body!

Chen Ping was not dead. Apart from the fact that his body looked very old, there were no other symptoms!

However, as the Concentration Heart Technique continued to operate, golden light flashed on Chen Ping's chest!

His body began to recover again at a speed visible to the naked eye!

His body began to recover again at a speed visible to the naked eye!

After a few breaths, Chen Ping returned to his original appearance, and his aura was surprisingly much stronger!

"This death energy is really a good thing. It is the best resource for cultivation. Do you have any more?"

Chen Ping looked at the confused senior brother and asked!

As for the eldest senior brother, the smile froze on his face at this moment, and he looked completely dumbfounded!

"You...how can you refine the dead energy? Why?"

The eldest senior brother was stunned, his face full of disbelief!

He knew the power of this death energy. Even though he had the skills to refine the death energy, his body had turned into this horrible look because of practicing this death energy.

But Chen Ping seemed to have absorbed so much death energy, but nothing happened to him. It was simply incredible!

“I forgot to tell you that my technique can refine everything. How can a mere dead energy be so difficult to deal with? Just use whatever skills you have!”

Chen Ping said with a proud smile!

“I don’t believe it, I don’t believe it. It must be because there is too little dead energy. I don’t believe you can refine the dead energy...”

The eldest senior brother roared and fell into madness, his body desperately absorbing the death energy from the dead monk’s body!

But after all, there were not many monks who had just died. This kind of death energy was only found in the corpses of the newly dead. Skeletons like these had long lost the death energy, and all they had was only the evil energy!

Seeing that the dead monks had absorbed the death energy, the eldest senior brother turned his gaze to Di Chongjing!

“Big Brother, what are you going to do?”

Di Chongjing asked with horror on his face!

“In order to kill these people, I have to let you suffer...”

After the eldest senior brother finished speaking, he suddenly attacked Di Chongjing!

## [The Man Decree] A Man Like None Other Chapter 4333

**[The Man Decree] A Man Like None Other Chapter 4333** – The sharp claws instantly pierced through the defenseless body of Di Chongjing. Di Chongjing’s eyes widened with disbelief on his face, and he lost his life in an instant!

Immediately afterwards, the eldest senior brother opened his mouth and sucked, and a large amount of death air was sucked into his stomach from Di Chongjing's body!

When Sect Master Jiang saw this scene, his expression was very complicated. His fellow disciples ended up like this!

“Go to hell, kid, go to hell...”

The eldest senior brother roared, and the death energy burst out from his body, wrapping Chen Ping up!

The deathly aura did not permeate the air, but instead wrapped around Chen Ping like a black ball!

No one can see what Chen Ping looks like now!

Although they were very worried, no one dared to come close to help!

The eldest brother's body was visibly decaying, and in the end, only a skeleton was left!

It looks like a big skeleton, very creepy!

He was releasing all the dead energy in his body. He wanted Chen Ping to die. As long as Chen Ping was dead, it would be easy to deal with the others!

However, the deathly aura surrounding Chen Ping became weaker and weaker, until finally Chen Ping's figure appeared, his entire skin radiating light, without any sign of decay!

“Good stuff, really good stuff...”

Chen Ping smiled faintly!

“ah.....”

The eldest senior brother roared, his voice full of confusion and unwillingness!

“Since you are no longer dead, don't blame me...”

After Chen Ping finished speaking, he punched out!

A fist shadow burst out with powerful force and instantly hit the eldest senior brother!

Only the sound of bones breaking was heard, and then the eldest brother's skeleton was shattered into pieces!

The broken bones flew everywhere and merged into the bones of the Blood and Bone Sect on the ground!

"I'm not willing to..."

As the skeleton shattered, a black shadow roared!

This was the soul of the eldest senior brother, but unfortunately after he shouted, his soul instantly exploded.

This was the soul of the eldest senior brother, but unfortunately after he shouted, his soul instantly exploded.

Chen Ping's punch not only shattered his skeleton, but even his soul could not escape!

Until his death, he could not understand why things turned out like this!

Looking at the destroyed Blood Bone Sect, everyone was stunned, without any excitement at all!

Some of them couldn't believe their eyes. What kind of person was Chen Ping?

Although they have seen Chen Ping's strength, Chen Ping can still give them new shocks every time!

Now, even the death energy can't do anything to Chen Ping. This is too outrageous!

Moreover, the other party is at the peak of the second level of Mahayana realm and is about to break through to the third level of Mahayana realm!

How many people can be the opponent of a strong man of this strength, even if he doesn't use the dead energy?

But Chen Ping was able to kill the opponent with just one punch, and it was just like killing a chick!

“Don’t just stand there, look around and see if there are any good things in this Blood and Bone Sect, especially the Immortal Bone. Let me know when you find it!”

Chen Ping said to the shocked crowd!

“Oh well.....”

Sect Leader Jiang and the others only reacted at this time and hurriedly took people to search for resources!

The Palace Master of Guanghan Palace also took the Saint Maiden to plunder. Now that the Xuegu Sect is destroyed, all the resources should be spared!

However, the Blood and Bone Sect uses the blood and bones of monks for cultivation, so all other resources should not be too many!

But what Chen Ping wants is the immortal bone. As long as he can find a piece of the bones of the Red Cloud Demon Lord, it will be worth it!

“Mr. Chen, go and have a look. There are actually quite a few cultivators imprisoned in this Blood and Bone Sect!”

At this time, a disciple of the Soul Demon Sect came running over and said to Chen Ping!

Upon hearing this, Chen Ping hurriedly followed the Soul Demon Sect disciple!

Chen Ping saw that under the bone mountain behind the Blood Bone Gate, there were more than a dozen cultivators imprisoned in a strange formation!

These monks looked extremely miserable, both men and women, all of them were terrified!

When they saw Chen Ping and the others, they all curled up their bodies. They must have been terrified!

# [The Man Decree] A Man Like None Other

## Chapter 4334

**[The Man Decree] A Man Like None Other Chapter 4334** – “Mr. Chen, these people should have been captured by the Blood Bone Sect for training.”

“But they are all trapped in the formation, and we are helpless...”

When Sect Leader Jiang saw Chen Ping coming, he hurriedly spoke.

Chen Ping nodded, then glanced at the formation. There was a cold and evil aura in the formation, coming out from all the surroundings. The brows of the cultivators inside were all disturbed by this aura!

It seems that this Blood and Bone Sect not only sucks blood and gnaws bones, but also allows these cultivators to survive in this cold and evil aura for a period of time. After these cultivators' bodies are filled with this aura, they will be able to achieve twice the result with half the effort when using it for cultivation!

However, this method is extremely cruel to these monks!

“This formation is used to infuse the cultivators with evil spirits. These people from the Blood and Bone Sect are simply evil...”

Chen Ping said with a frown!

“This is too much! If Master is still alive, he would hate these guys to death. They would do anything to cultivate!”

After hearing what Chen Ping said, Sect Leader Jiang was so angry that veins bulged on his forehead!

Although the Soul Demon Sect is also a sect of demon cultivators, it has never done anything harmful to the world. Even other sects of demon cultivators are nothing compared to the Blood and Bone Sect!

These guys from the Blood and Bone Sect not only suck blood and gnaw bones, they also want to keep people in an evil aura, making them live in pain and fear all day long!

This kind of torture can make people collapse, or even drive them crazy, and the Blood Bone Sect takes advantage of this!

The more frightened and insane the monks are, the more helpful it will be to their cultivation!

“These beasts from the Blood Bone Sect, killing people for cultivation is fine, but they actually use such vicious methods. There are bones all over the mountain, and I don’t know how many monks died in such fear and pain!”

“Killing them would be too easy. They should just die in agony...”

The Palace Master of Guanghai Palace was filled with anger and said viciously!

The Palace Master of Guanghai Palace was filled with anger and said viciously!

Sect Leader Jiang had a look of self-blame on his face, as these masterpieces were all made by his fellow apprentices. He never expected that the fellow apprentices who had studied with him for so many years were all actually demons!

“Mr. Chen, let’s release these people first. No matter what, these people have been tortured into this state by the Blood Bone Sect. Our Soul Demon Sect should help them recover!”

Sect Master Jiang wanted to help these cultivators recover so that he would feel better!

Chen Ping nodded, and casually sent out a few streams of spiritual energy, instantly breaking the formation!

This formation is not advanced, but it is difficult to break it for those who do not understand the art of formation.

What’s more, these people are not very strong, the highest is only at the second or third level of the Tribulation Realm!

As the formation was broken, the evil aura inside instantly dissipated, and the eyes of those cultivators slowly turned from fear to calmness!

When they found out that Chen Ping and his companions were not from the Blood Bone Sect but came to rescue them, these dozen monks were extremely surprised and fell to their knees with tears streaming down their faces!

I originally thought I was dead, but now I've been rescued. The joy of being reborn is beyond words!

Especially watching the monks around me being taken away one by one every day, listening to their screams of pain, and feeling the evil aura around me. This kind of torment is extremely painful, and sometimes even more terrifying than death!

This feeling of being unable to live or die is the most torturous!

“My fellow Taoists, the Blood Bone Sect has been completely eradicated. You are all very weak now. I will arrange for someone to help you recover.”

Sect Leader Jiang looked at these people and said with great shame!

When these people heard this, they were all grateful to Sect Master Jiang, especially when they heard that the Blood Bone Sect was destroyed. They were so happy that they knelt down and kowtowed again!

## [The Man Decree] A Man Like None Other Chapter 4335

**[The Man Decree] A Man Like None Other Chapter 4335** – “Master Jiang, please prepare some immortal herbs. I will help these people refine some elixirs. Their bodies will recover quickly, but it will still take some time to completely eliminate their inner demons!”

Chen Ping said to Sect Master Jiang!

These monks had been tortured here for who knows how long, and they had already developed inner demons. They would probably be frightened awake even in their dreams, so if they wanted to eliminate their inner demons, they would need to take it slowly!

“Okay, I'll arrange it right away!”

Sect Master Jiang nodded!

Just when the dozen or so cultivators followed Sect Master Jiang to rest, Chen Ping's eyes suddenly fell on a female cultivator!

The female cultivator looked very young, but she was so dazzling that she looked lifeless!

The female cultivator only has the strength at the peak of the fusion realm, which is not too weak!

After all, without the support of a sect, it would not be easy for a female cultivator to reach this level if she only relied on her own cultivation!

The reason why Chen Ping noticed this female cultivator was because she had a sachet around her waist with a red character embroidered on it!

This reminded Chen Ping of what Xiao Feng had told him, asking him to help find the girl he was in love with, Azhu!

“Wait a moment...”

Chen Ping shouted at the female cultivator!

When the female cultivator heard Chen Ping calling her, her body trembled slightly, and fear appeared in her eyes!

Next to the female cultivator, an old man protected her behind him and looked at Chen Ping and asked, “Daoyou, what can I do for you?”

“Old man, I want to ask this Taoist friend, is she Miss Ah Zhu from the Western Regions?”

Chen Ping asked directly!

“She is not Miss Ah Zhu from the Western Regions. You have made a mistake...”

The old man shook his head and said!

Upon hearing this, Chen Ping immediately apologized and said, “I'm sorry, I was presumptuous...”

Chen Ping didn't know that Ah Zhu either, he just saw the sachet so he wanted to ask, but since it wasn't her, forget it!

The female cultivator behind the old man opened her mouth as if she wanted to say something, but in the end she didn't say it!

The female cultivator behind the old man opened her mouth as if she wanted to say something, but in the end she didn't say it!

These people were taken away by Sect Master Jiang to rest!

The Palace Master of Guanghan Palace walked up to Chen Ping and said, "Mr. Chen, do you know that girl?"

"I don't know him!" Chen Ping shook his head!

"Then why are you suddenly asking about Azhu from the Western Regions? Mr. Chen, don't you want to practice dual cultivation?"

The Palace Master of Guanghan Palace looked at Chen Ping with a hint of jealousy on his face!

Although the Palace Master of Guanghan Palace was unable to practice dual cultivation with Chen Ping due to her status, she had already found someone in her heart and had chosen Chen Ping!

After finding a successor, she will throw herself into Chen Ping's arms without hesitation!

"No, it's just that the prince of the Xiao Dynasty in the Western Region asked me to find a girl named Ah Zhu."

Chen Ping hurriedly explained, then changed the subject and said, "Have you found the immortal bone? In this case, the Blood Bone Sect is not a small sect, it should have a secret room or something like that!"

"Immortal bones have not been found yet, but the secret room of the Blood Bone Sect has been found. It is in this bone mountain. It should be the place for retreat and cultivation."

"There is a huge furnace in the secret room, and I don't know what it is used for..."

The Palace Master of Guanghai Palace said!

“Let’s go and take a look...”

Chen Ping and the Palace Master of Guanghai Palace jumped up!

The two of them entered through a dark passage in the Bone Mountain. There was a large space inside the Bone Mountain, and it was obvious at first glance that it was a place for retreat and cultivation!

In the middle, there is a cauldron with many spots of red on it, covering up the color of the cauldron itself!

The reason why this cauldron turned red is that it was stained with countless blood, and it became like this after many years!

The cauldron was covered with a huge copper lid, so you couldn’t see what was inside!

“I didn’t dare to open it. I don’t know what evil things might be here...”

The Palace Master of Guanghai Palace said!

## [The Man Decree] A Man Like None Other Chapter 4336

**[The Man Decree] A Man Like None Other Chapter 4336** -After all, the Blood and Bone Sect is evil enough, so the furnace and cauldron that appeared in this place of retreat and cultivation must not be a good thing!

“Step back a moment, I’ll open the lid and take a look...”

Chen Ping asked the Palace Master of Guanghai Palace to step back, while he approached the cauldron and swung it with all his might!

The lid on the furnace was instantly blown away, followed by a gust of cool breeze!

In a place filled with such evil energy, this sudden breeze is like a ray of life appearing in the desert!

The entire secret room was filled with this aura, and Chen Ping and the Palace Master of Guanghai Palace both felt warm.

“What kind of breath is this? It’s so comfortable...”

The Palace Master of Guanghai Palace asked in shock!

Chen Ping also frowned slightly, he had no idea what kind of aura was emanating from the furnace!

“This is vitality. When a person dies, there is death energy. When a person is alive, he also has vitality.”

“I thought that guy was using death energy to cultivate and wasn’t afraid of the damage to his body caused by death energy. It turns out that he was using vitality to offset the damage caused by death energy.”

The Red Cloud Demon Lord spoke!

“Life force? Can this thing be refined?”

Chen Ping was a little puzzled!

Vitality is the so-called Yang Yuan, which means lifespan. Absorbing vitality can increase your Yang Yuan and lifespan!

But there are probably not many people who can truly absorb the life force of others, and Chen Ping has never seen one!

However, some demon cultivators do have skills that allow them to absorb the Yang Yuan of others to increase the lifespan of their own Yang Yuan. Some demon cultivators who are almost out of Yang Yuan but cannot break through will find ways to absorb the Yang Yuan of others!

But this was the first time Chen Ping heard of directly extracting and storing this vitality!

In that case, if we store the vitality, wouldn’t it be possible to sell it as a resource? I believe many people would be scrambling to get it!

In that case, if we store the vitality, wouldn’t it be possible to sell it as a resource? I believe many people would be scrambling to get it!

“I’ve only heard that there are people who can extract vitality, but this method is extremely cruel. The vitality must be extracted while the person is alive and awake.”

“Moreover, the vitality extracted will be greatly reduced due to the laws of heaven and earth. Ten thousand years of Yang Yuan may only be able to extract a wisp of vitality. With such a huge vitality in this secret room, I don’t know how many lives of cultivators are needed.”

The Red Cloud Demon Lord said!

When Chen Ping heard this, his heart became extremely heavy. He didn’t know how many lives of monks were spent to obtain these vitality. If he really sold them, wouldn’t that be too cruel? These vitality were obtained at the cost of many lives!

Just as Chen Ping’s mind was focused, those living forces seemed to have spiritual consciousness and all poured into Chen Ping’s body!

Chen Ping was stunned, and before he could react, all the vitality in the cauldron poured into Chen Ping’s body!

“You kid, is this considered good deeds being rewarded? These vitality are probably hundreds of thousands of years of Yang Yuan. You are just a little cultivator in the Tribulation Realm, but you have hundreds of thousands of years of Yang Yuan. I’m afraid that those immortals who have just ascended are not as good as you!”

Demon Lord Chiyun said with envy!

“I don’t know why all this vitality has entered my body, but I don’t want to live for hundreds of thousands of years. If I don’t have friends and lovers around me, living alone is worse than death!”

Chen Ping said!

After all, Chen Ping has come to where he is today from a mortal. He pays more attention to family and love. As for becoming an immortal or a Buddha and gaining eternal life, Chen Ping has no obsession!

There is no point in living alone!

“Chen Ping, look, there is a fairy bone in this furnace...”

Just when Chen Ping was communicating with Demon Lord Chiyun, the Palace Master of Guanghan Palace suddenly shouted!

Chen Ping hurriedly looked over and saw two immortal bones placed at the bottom of the cauldron. It seemed that these two immortal bones were ribs!

The moment he saw the immortal bone, Chen Ping knew that it belonged to Demon Lord Chiyun!

Because of the aura within the immortal bone, Chen Ping could clearly sense it, and he could also sense the changes in the residual soul of the Red Cloud Demon Lord when the immortal bone appeared!

## [The Man Decree] A Man Like None Other Chapter 4337

“Damn it! These guys have used my bones to make soup. When I recover my body, I will kill all these demon cultivators!”

When Demon Lord Chiyun saw this scene, he was immediately furious!

When Chen Ping heard this, he immediately laughed: “Senior, you are a demon cultivator yourself, why do you kill all these demon cultivators!”

“Although I am a demon cultivator, I also have justice in my heart. No matter if they are human, demon, or beast, as long as they have lost their conscience, I will kill them all.”

Demon Lord Chiyun said angrily!

Listening to the words of Demon Lord Chiyun, Chen Ping just smiled. If it weren't for the Blood and Bone Sect using his bones, would Demon Lord Chiyun still say such a thing?

If they really ascend to become immortals, they will not care about the lives of others. In their eyes, all the people in the celestial world are probably just ants!

When two powerful men fight, no one knows how many worlds will be destroyed and how many people will die, but who cares?

Chen Ping collected the skeleton of the Red Cloud Demon Lord, and then set the secret room on fire!

Even the entire mountain of bones was turned into ashes, because only in this way, the entire Blood Bone Gate could be revived after many years.

Otherwise, with so many bones and too heavy a negative energy, it would be difficult for plants and animals to survive!

After Chen Ping obtained the skeleton, he planned to follow Sect Master Jiang and the others back to the Soul Demon Sect to help the dozen or so cultivators refine some pills so that they could recuperate and recover first!

The Palace Master of Guanghan Palace planned to take the saint ladies back to Guanghan Palace, so there was no need for them to return to the Soul Demon Sect!

“Palace Master, I killed Mu Qing this time, which may be very disadvantageous to your Guanghan Palace. When the Patriarch of the Mu family comes out of retreat and can’t find me, he will definitely attack you.”

Chen Ping was worried that the Mu family would cause trouble for Guanghan Palace!

“Don’t worry, Mr. Chen. The Patriarch of the Mu family will not come out of seclusion in the short term. Last time, a wisp of his soul was shaken away by the Lord of the Territory. It will be difficult to recover in such a long time.”

“If the Mu family really causes trouble, I can inform Mr. Chen. Don’t we have the sound transmission jade slip?”

The Palace Master of Guanghan Palace said nonchalantly!

“Alright, if there is any unusual movement in the Mu family, notify me immediately and I will rush over as soon as possible!”

Upon hearing this, Chen Ping nodded and said!

He couldn't just stay in Guanghan Palace waiting for the Mu family to cause trouble. After all, he still had things to do. He also had to go to the Weapon Refining Sect on Qingniu Peak to repair the Dragon Slaying Sword so that the sword spirit Zhongli could be completely free. Chen Ping missed Zhongli a little since he hadn't seen him for some time.

Moreover, Chen Ping cannot go to the Mu family and destroy them directly now. After all, he does not understand the strength of the head of the Mu family!

If the head of the Mu family is too powerful, and I go there myself, wouldn't that be courting death?

After saying goodbye to everyone in Guanghan Palace, Chen Ping brought Sect Master Jiang and the others back to the Soul Demon Sect!

Sect Master Jiang took out all the magical herbs from the Soul Demon Sect, and ordered people to go to the depths of the Sky Demon Mountain to pick magical herbs, in order to heal these dozen or so cultivators!

Although it was not Sect Master Jiang who caused these cultivators to become like this, it was his fellow disciples who did it after all, so Sect Master Jiang felt guilty in his heart!

Chen Ping stayed in the Soul Demon Sect to refine pills for everyone, and at the same time he was slowly recovering. After all, he had fought a fierce battle in the Blood Bone Sect and consumed a lot of energy!

Fortunately, after absorbing some death energy, Chen Ping recovered a little. Otherwise, if Chen Ping wanted to recover as before, it would probably cost a lot of resources!

Chen Ping stayed in the Soul Demon Sect for three full days. In addition to refining elixirs to heal these dozen monks, he also had to counsel them mentally to avoid leaving an indelible impact on these people because of the Blood Bone Sect incident!

It was also because of these three days that Chen Ping became more familiar with the dozen or so cultivators. Many of these people were independent cultivators, so they were captured by the Blood and Bone Sect and used as resources for cultivation!

# [The Man Decree] A Man Like None Other

## Chapter 4338

However, during these three days, the old man who had talked to Chen Ping had been lukewarm and seemed to be somewhat wary of Chen Ping!

Especially when the girl carrying the sachet gets close to Chen Ping, the old man will appear to stop her.

Although Chen Ping didn't know what it meant, he didn't care too much!

After all, he didn't have any feelings for the girl, it was just a misunderstanding!

Chen Ping planned to leave with Ji Yun after today, then pick up Fire Phoenix through the Central Region, and then go to the Weapon Refining Sect on Qingniu Peak to take a look!

When the time comes, after restoring the Dragon Slaying Sword and setting the sword spirit Zhongli free, he can go back to Yuding Sect to visit Gao Qilan, Yu Jiameng and the others, and also meet Yi He.

After all, I have been away for such a long time. When I was in the Western Regions, I met Liu Ruyan, but I haven't seen the other girls yet!

Especially Gao Qilan, she didn't stay with Chen Ping for long before they separated and they haven't seen each other since!

Chen Ping planned to meet up with a few girls after returning to the Northern Territory this time, and also let Gao Qilan go back to the Gao family to meet her relatives!

Chen Ping could also find out about Su Yuqi's news. Su Yuqi disappeared in the far north and there has been no news since then. Chen Ping was worried all the time!

However, the Northern Territory is the headquarters of the Demon Sealing Alliance. If Chen Ping wants to move around in the Northern Territory, he must be extremely careful and hide his whereabouts!

Just as Chen Ping was thinking about what he was going to do next, the door was suddenly pushed open.

Who would come here at this late hour?

Chen Ping stood up and grabbed the person who came!

“Mr. Chen, it’s me...”

Just when Chen Ping was about to catch the other party, the other party spoke!

When Chen Ping heard it, he realized it was the girl with the sachet!

“What are you doing in my room so late at night? Aren’t you afraid of being misunderstood?”

Chen Ping asked with some surprise!

“Mr. Chen, can I ask you why you are looking for Miss Ah Zhu from the Western Regions?”

The girl asked!

Chen Ping was stunned for a moment, then he looked at the girl and asked, “Are you Miss Ah Zhu from the Western Regions?”

The girl nodded: “Yes, I am Miss Ah Zhu. My name is Zhu Qingyue. Everyone in the Western Regions calls me Ah Zhu.”

“I don’t know why Mr. Chen wants to find me?”

Upon hearing this, Chen Ping said truthfully, “It was Xiao Feng, the prince of the Xiao Dynasty, who asked me to find you. He couldn’t find you in the Western Regions, so he asked me to do it for him.”

“A Feng?” Zhu Qingyue’s eyes were filled with surprise when she heard this: “How is he? I heard that he is sick, and his illness is very serious...”

“Don’t worry, Miss Zhu. Prince Xiao is fine now. He was just suffering from lovesickness. He is fine now.”

“And Emperor Xiao also agreed to your relationship, promised not to interfere anymore, and allowed you to be together...”

Chen Ping said!

“Really?” Zhu Qingyue’s face was full of excitement. She stepped forward and grabbed Chen Ping’s arm excitedly: “Then Mr. Chen, can you take me to the Western Regions? Take me to the Xiao Dynasty to find Afeng...”

“Of course, since I promised Prince Xiao, I will definitely take you with me.”

Chen Ping nodded and said!

“No!” Just as Chen Ping agreed, a man suddenly rushed in from outside the door. It was the old man who had been protecting Zhu Qingyue.

“Miss, we were ordered to bring you back. So many people died along the way, and you and I almost became victims of the Blood Bone Sect. Are you so cruel that you want to return to the Western Regions?”

The old man had a look of grief and anger on his face, with tears in his eyes!

“Uncle Liu, I.....”

Zhu Qingyue became sad instantly when she saw the old man’s expression!

“My lady, if you insist on returning to the Western Regions, then kill me. As long as I am alive, I will never let you return to the Western Regions.”

“I promised the master that I would find you and bring you back no matter what...”

The old man’s eyes were firm and contained an unquestionable look!

## [The Man Decree] A Man Like None Other Chapter 4339

Seeing this, Zhu Qingyue could only cry but didn’t say a word!

“What on earth is going on?”

Chen Ping's face was full of surprise, and he didn't understand what was going on here.

"Mr. Chen, thank you for saving me and taking care of me these past few days, but if you take the young lady back to the Western Regions, don't blame me for being rude."

"The young lady is now related to the survival of our entire family. She must come back with me..."

The old man said to Chen Ping helplessly!

"Tell me what happened, maybe I can help you!"

Chen Ping couldn't figure out what had happened that could have jeopardized the survival of his family.

Zhu Qingyue is just a female cultivator at the peak of the Fusion Realm. She hasn't even reached the Tribulation Realm. Can she decide the survival of the family?

The old man looked at Zhu Qingyue, sighed helplessly and said: "Miss, you should talk to Mr. Chen in person..."

After saying that, the old man turned and left. It can be seen that as long as Zhu Qingyue dared to return to the Western Regions, the old man would definitely not live alone!

Chen Ping looked at Zhu Qingyue, whose face was already covered with tears. After calming down, she said to Chen Ping, "Mr. Chen, I am not from the Western Region. I am from the Eastern Region, from Zhujia Town in the Eastern Region."

"My father was the governor of Zhujia Town, but he betrothed me to Qi Heng from the neighboring Qijia Town. I didn't like him at all, so I ran away secretly and fled all the way to the Western Regions."

"I met Afeng in the Western Regions, but I didn't know he was the prince of the Xiao Dynasty at the time. He also didn't know my identity and name. He only knew that my name was Azhu."

“We fell in love and got together, but Emperor Xiao found out and forcibly separated us. That’s when I learned about Afeng’s identity as Prince Xiao.”

“I was helpless in the Western Regions, and it had been many years. I thought Qi Heng should have found a dual cultivation partner long ago, so I contacted my family.”

“Uncle Liu brought dozens of people to pick me up, but we met people from the Blood Bone Sect, and we became prisoners. Many disciples of Zhujia Town died tragically, and I was the only one left to follow Uncle Liu.”

“During the time I spent with Uncle Liu, I learned that Qi Heng did not find a new dual cultivation partner, but used this incident to blackmail my father and send a large amount of resources to Qijia Town every year.”

“And he also said that if he couldn’t bring me back, he would annex our Qijia Town and drive away all the people in Qijia Town...”

“Although the Eastern Region is vast, a large part of it is vast ocean, and the resources are pitifully scarce. In addition, monsters are rampant, and the environment is extremely harsh.”

“If they are really driven away, it will be difficult for many of the children in Qijia Town to survive...”

As Zhu Qingyue spoke, she burst into tears again!

When Chen Ping heard this, he instantly remembered that the Chuanyun Sect in the Eastern Region had actually run to the Northern Region and competed with the Ji Yun family for business. This shows that it is indeed not easy to survive in the Eastern Region!

There is also the Western Region Pharmacist Conference. Although people from the Eastern Region Pharmacist Association also came, their generally low strength can still represent the local resource situation!

It seems that the entire Heavenly World, the Western Region, the Southern Region and the Central Region are places with good resources!

Especially in the Southern Region, with a rich resource-rich place like Tianmo Mountain, many sects in the Southern Region have indeed developed rapidly. In addition, there are many magic sects in the Southern Region, and the

power of the Demon Sealing Alliance in the Southern Region is relatively low, which also leads to more conflicts in the Southern Region!

This is also the reason why sects like the Blood and Bone Sect choose to be located in the Southern Region. After all, the Southern Region is rich in resources, but its personnel composition is very complex!

The Northern Territory is not bad, but a large area of the Northern Territory is extremely cold, where survival is difficult and there are few resources!

As for the Eastern Region, Chen Ping knew very little about it, but it seemed that the Eastern Region was even more barren!

## [The Man Decree] A Man Like None Other Chapter 4340

“Then you can ask Prince Xiao for help. I guess the Qijia Town can’t be more powerful than the Xiao Dynasty, right?”

Chen Ping said!

“Of course not, but I don’t want Afeng to know my identity, and I don’t want him to think that I’m lying to him.”

“Mr. Chen, I hope you can help me. As long as I can break off the engagement with Qi Heng and resolve the crisis in Zhujia Town, my father will not ask me for anything more!”

As Zhu Qingyue spoke, she actually knelt down to Chen Ping!

Seeing this, Chen Ping quickly extended his hand to stop Zhu Qingyue from kneeling down, then frowned and said, “I don’t have any friendship with that Qi Jiazhen, so it’s not easy to get them to cancel the engagement.”

“But I can help you try, but I don’t know what Qi Heng’s strength is?”

Chen Ping knew that if Qi Heng was too strong, it would be useless for him to go there. After all, in this world of heaven and man, strength is respected!

“Then Qi Heng is only at the second level of the Tribulation Realm, and his father is probably only at the eighth level of the Tribulation Realm. In our Eastern Region, the average strength of the people there is not very high.”

“Mahayana cultivators are extremely rare. I’ve only heard that there are Mahayana cultivators on that small island in the Dead Sea. But that area is a forbidden area in the Eastern Region, and basically few people go there.”

Zhu Qingyue said!

When Chen Ping heard that the strength of the cultivators in the Eastern Region was so low, he thought, if he went there, wouldn’t he be able to dominate the entire Eastern Region?

“In that case, I will accompany you. After I have dealt with your affairs, I will send you to the Xiao Dynasty. This can be regarded as repaying Emperor Xiao for a favor.”

Chen Ping agreed to Zhu Qingyue and decided to accompany her!

Emperor Xiao sent people to help retake Fox King City, and also destroyed the Feng family in the Demon Sealing Alliance. He also spread the word that he would support him behind the scenes, so Chen Ping also had to do something to repay Emperor Xiao!

“Thank you so much, Mr. Chen. Thank you so much...”

When Zhu Qingyue heard this, she immediately bowed happily towards Chen Ping!

“It’s just a small favor. Go back and get some rest. If someone sees you coming to my room in the middle of the night, I won’t be able to explain away any misunderstandings!”

Chen Ping waved his hand and asked Zhu Qingyue to leave quickly!

The next morning, Chen Ping said goodbye to Sect Master Jiang and the others!

Especially Zhe Yan, after all, this guy has followed him loyally for a while!

After saying goodbye, Zhu Qingyue and Liu Bo all boarded Chen Ping and his crew's airship!

As for the other cultivators, some left, while others chose to stay in the Soul Demon Sect.

The airship headed eastward, straight to the Eastern Region, passed through the Demon Mountain, flew over tracts of woods, and soon the endless sea appeared before their eyes!

There was not a single bird flying over the sea, and not even a ripple could be seen on the entire sea surface. It was truly deathly silent!

“Mr. Chen, the Dead Sea is ahead. This Dead Sea is the boundary between the South Region and the East Region. The boundary between the East Region and the North Region is the Ink Sea.”

“If we go further, we must follow the route, otherwise we will run into danger. Spirit ships cannot be taken in the Dead Sea, and monks are even more forbidden to enter the sea.”

“All the monks who accidentally fell into the Dead Sea emerged as bones...”

Zhu Qingyue said to Chen Ping!

“Route? Is there a map?”

Chen Ping asked curiously!

“There is a map...”

After Liu Bo finished speaking, he took out a map with the entire Dead Sea on it. There were many islands scattered on the Dead Sea!

“Mr. Chen, these islands connected by red lines are the route map. The airship can fly along this route.”

“Originally, there was a Chuanyun Sect in our Eastern Region that operated airships, but later on it collapsed for some unknown reason.”

“When there were no airships, we would fly through the air and rest for a while after arriving at an island. This was a waste of spiritual energy and time. We traveled for more than a month just to find the young lady!”

“Of course we can also use the teleportation array, but the cost of the teleportation array is extremely high. There are dozens of us and we simply cannot afford such a high cost!”

Uncle Liu pointed at the map, and then followed Chen Ping to explain in detail!
