Chapter 4371

Chen Ping returned to the Dead Sea because he knew that if he wanted to take revenge on Ning Zhi and others, the Dead Sea was the best choice. If he was on the mainland, Chen Ping would not be very confident in dealing with Ning Zhi and the dozen or so demon cultivators!

Although the dozen or so demon cultivators were able to enter the Dead Sea with the help of Ning Zhi, they were completely dependent on Ning Hai's Fire Shield. As long as Chen Ping broke the shields of those demon cultivators, they would immediately be turned into bones by the Dead Sea!

Back to the sky above the Dead Sea, Chen Ping glanced around and then dived into the seabed. He knew that Ning Zhi and others would definitely return to the mainland from this direction!

Walking on the seabed, Chen Ping observed the terrain of the seabed, then pressed his hands on the soil on the seabed, felt the breath of the underground, and nodded with satisfaction!

The stronger the breath of the earth's core fire is, the greater the damage the sea water will cause to those demon cultivators, but it has no effect on Chen Ping himself.

Moreover, the terrain here is flat, and there are many mountains around. If there were no sea water, the place where Chen Ping is now would be completely a valley!

Moreover, some of these peaks have emerged from the sea to form a small island. When Ning Zhi and others pass by, there is a high possibility that they will take a temporary rest on this small island!

After all, flying in the air for a long time will cause a great loss of spiritual power for the cultivators, especially after just experiencing a battle. The consumption itself is huge, and they cannot bear to fly in the air for a long distance!

After choosing the location, Chen Ping began to carve formation patterns at the foot of the mountain!

These underwater mountains are stacked one upon another, and the area enclosed is dozens of miles. Chen Ping wants to carve formation patterns at the foot of these mountains. In the end, these formation patterns will be connected to form a huge formation!

This huge formation is usually used to protect sects or towns, and requires the cooperation of many formation masters!

Even with many formation masters, it would take ten days or half a month to set up such a large formation!

But now Chen Ping is alone, and time is very tight. He is not completely sure if he can set up such a large formation by the time Ning Zhi and the others arrive here!

Therefore, Chen Ping must race against time. Even though Chen Ping has now merged the divine patterns and magic patterns, his formation skills are not comparable to those of ordinary formation masters. However, completing such a huge project is also a huge test!

Chen Ping was at the bottom of the sea, desperately carving array patterns, and filling his mouth with pills from time to time to replenish his consumed spiritual power!

“You are setting up a demon-slaying formation, right? I didn’t see it at first, but now I can see a clue.”

At this time, Demon Lord Chiyun spoke!

“I didn’t expect you to know the art of formation?”

Chen Ping said with some surprise!

Although Demon Lord Chiyun is very powerful, he is not a formation master and does not know much about the art of formation!

“Damn, I was trapped by this formation before, so I know this formation.”

“However, this demon-subduing formation is very powerful against real demons, but those guys are just ordinary demon cultivators, not real demons. Your demon-subduing formation will be much weaker in power.”

“And to deal with those little brats, you actually had to set up such a huge demon-slaying formation. It’s simply an overreaction.”

“Just give me control of your body and I’ll help you kill those little bastards...”

Demon Lord Chiyun said lightly!

Chen Ping just rolled his eyes and said unhappily, “Forget it. If I kill these demon cultivators, I may not get hurt. But if I give you my body, I might just be left with a soul.”

Although Chen Ping was talking to Demon Lord Chiyun, his hands did not stop and continued to carve the formation patterns!

[The Man Decree] A Man Like None Other Chapter 4372

“Do you know that maintaining such a huge formation requires a lot of spiritual stones? Are you going to empty your family’s savings?”

The Red Cloud Demon Lord asked!

“There are plenty of flints on the seabed. Why would I need my own resources?”

Chen Ping had already made a plan. There were a lot of flints at the bottom of the Dead Sea. He could just use these flints as resources!

Chen Ping carved the formation pattern quickly. After an unknown amount of time, the last formation pattern was finally completed!

As Chen Ping threw a large amount of flint from his storage ring into the array patterns, the array patterns began to emit light!

These lights finally connected into one, and the entire demon-subduing formation was fully activated!

Large pieces of flint emitting red light almost covered the entire formation!

You must know that the more spirit stones there are, the more powerful the formation will be. The power of a formation is not determined solely by the strength of the formation master!

Even if the formation is set up by a top formation master, it will be of no power if there is no spirit stone to maintain it!

However, looking at the flints in front of him, Chen Ping was not satisfied, because he knew that the core of the formation must use the best spirit stones!

After all, he was facing Ning Zhi and a dozen demon cultivators this time. Chen Ping didn't dare to be careless at all, and he didn't want to regret it just to save money!

Chen Ping took out a pale white stone from his storage ring. The stone was only the size of a fist, but it contained fairy energy!

This turned out to be a fairy stone. Chen Ping placed the fairy stone at the core of the formation, and the demon-subduing formation instantly emitted bursts of light!

After doing all this, Chen Ping actually took the initiative to release his aura continuously. He wanted Ning Zhi to feel his aura and then chase him!

And above the Dead Sea, Ning Zhi and a dozen magicians were searching for Chen Ping and his group!

He didn't believe that Chen Ping and Zhu Qingxiu could leave the Dead Sea in such a short time!

What's more, Zhu Qingxiu was seriously injured. If he was not treated in time, he would die. So Chen Ping would definitely find a place on the Dead Sea to help Zhu Qingxiu get treatment first!

You have to know that Zhu Qingxiu's condition is very difficult to treat and it is impossible to cure it in a short time!

Therefore, Ning Zhi believed that Chen Ping and the others must still be within the Dead Sea, but he didn't know where they were hiding!

Even if he used that ghost face to probe the sky now, he couldn't detect the breath of Chen Ping and the others!

"You bunch of useless people are such a burden..."

Ning Zhi forgot to glance at the dozen or so demon cultivators and cursed impatiently!

Those demon cultivators didn't dare to say anything. They could only lower their heads and follow Ning Zhi desperately!

"Master Ning, we have been searching for several hours, and the brothers are a little exhausted. Let's find a deserted island to rest and let the brothers recover."

The green-robed monk could only bite the bullet and whispered to Ning Zhi!

"There's no time for you to rest, but I can let you recover temporarily."

After Ning Zhi finished speaking, he took out a cauldron from his body. The cauldron was only the size of a palm and looked very round. In addition, the cauldron was hollow all around, and wisps of red smoke were coming out of it!

After the smoke came out, the surrounding space suddenly became a little hot!

"These are all extremely precious fire spirit energies. You should absorb some of them all, and your physical strength will be restored soon."

Ning Zhi said coldly!

When the dozen or so demon cultivators heard this, they immediately thanked Ning Zhi with gratitude, and then began to greedily absorb the ultimate fire spiritual energy!

Sure enough, after the fire spirit entered their bodies, these dozen or so demon cultivators all felt a sense of comfort in their bodies, and the feeling of fatigue was swept away!

"Master Ning, this fire spirit energy is really a good thing. Can you let us inhale more?"

The blue-robed monk asked excitedly!

[The Man Decree] A Man Like None Other Chapter 4373

“No, you have inhaled too much of this stuff, and there is no way to digest it completely. You haven’t practiced any fire-related skills, let alone the ultimate fire of the demon race.”

After Ning Zhi finished speaking, he put away the cauldron!

Just as Ning Zhi finished speaking, he was suddenly stunned because he sensed Chen Ping’s breath!

“Chen Ping’s aura, this guy didn’t even run very far.”

“Master Ning, let’s go after him quickly...”

The green-robed monk also felt Chen Ping’s breath and said excitedly!

“Wait a moment!”

Ning Zhi waved his hand and stopped the demon cultivator. He frowned and said, “This Chen Ping is not a fool. None of us noticed his aura just now, but he suddenly appeared now. What does this mean?”

“What does it mean?” the green-robed monk asked in confusion!

“It means that Chen Ping deliberately released this aura so that we can find him. It seems that he has already made preparations and is waiting for us to go there.”

Ning Zhi saw through Chen Ping’s thoughts at a glance!

I have to say that Ning Zhi is a meticulous guy, and he knows Chen Ping very well!

“How dare Chen Ping wait for us? Could it be that he has found help?”

“With so many of us, why should we be afraid of him? Even if he finds helpers, how many people in the entire Eastern Continent can be a match for Master Ning?”

That blue-robed monk was flattering Ning Zhi!

“Of course I’m not afraid of him. He is deliberately provoking me.”

Ning Zhi raised the corner of his mouth, and then went in the direction of Chen Ping’s breath!

More than a dozen demon cultivators also hurriedly chased after them!

In fact, Chen Ping had already known about this and expected that he was deliberately exposing his aura to lure him over!

But Chen Ping still did it because he also understood Ning Zhi!

Ning Zhi is a very arrogant guy. Even if he knows that I am deliberately emitting aura to lure him over, Ning Zhi will definitely come!

It can be said that Chen Ping and Ning Zhi understand each other!

However, neither Chen Ping nor Ning Zhi knew the true strength of their cards!

Ning Zhi was on the road, his whole body was filled with surging aura, and there was a lot of black air surrounding him!

He also exposed his entire aura, thinking that he knew that even if Chen Ping knew he was coming, he would not run away!

This time, it’s time for the two of them to settle their grudges!

Endless black air slowly condensed into more than a dozen long swords, which were hanging high above Ning Zhi’s head!

At this moment, Ning Zhi was already ready for battle. Since Chen Ping had already made preparations, Ning Zhi must also prepare in advance!

At this moment, Chen Ping, who was at the bottom of the sea, felt the breath emanating from Ning Zhi and knew that this guy was here!

In Chen Ping's eyes, there was a strong murderous intent!

After such a long time, he should really understand the grudges between him and Ning Zhi!

This guy lives in the heavenly world, and Chen Ping always feels that he is a threat!

Soon, Ning Zhi brought a dozen demon cultivators to where Chen Ping was!

At this time, the Dead Sea was calm, without a single wave!

Ning Zhi was staring at the bottom of the sea. He knew that Chen Ping was in the sea. The calmness of the sea at this moment was a sign of the coming storm!

Ning Zhi's spiritual consciousness continued to extend, all the way to the bottom of the sea!

Chen Ping's position was instantly locked by Ning Zhi!

"This guy is hiding at the bottom of the sea again, but he didn't know that we had already found him."

"This idiot, we found him last time hiding at the bottom of the sea, and he came back again this time. Does he think that the Dead Sea can stop us?"

The green-robed monk raised his lips slightly, his face full of mockery and sneer. He didn't know that Chen Ping did it on purpose. If Chen Ping wanted to hide his whereabouts, he could use a concealment formation to hide his breath, and they would not be able to find him at all!

[The Man Decree] A Man Like None Other Chapter 4374

The other demon cultivators couldn't help but laugh when they saw Chen Ping being so stupid. They would never let Chen Ping escape this time!

The Demon Sealing Alliance has been offering sacrifices for a hundred years. If they could capture Chen Ping, these resources would be enough to greatly increase their strength!

However, Ning Zhi kept looking at the sea with a slightly frown on his face, and there was no relaxation in his expression!

Seeing this, the blue-robed monk said to Ning Zhi, "Master Ning, we can't let Chen Ping and Zhu Qingxiu escape this time. I hope you can help us enter the Dead Sea again."

The green-robed monk volunteered because he was afraid that Ning Zhi would kill Chen Ping!

If Chen Ping were to be wiped out, why would they follow the leader in exchange for a hundred years of offerings?

So the green-clothed monk planned to lead his men to take the initiative to attack and capture Chen Ping and Zhu Qingxiu first!

Ning Zhi nodded and did not stop him. He also wanted to see what tricks Chen Ping was playing!

These magic weapons can just help him find out what Chen Ping is doing!

Ning Zhi just waved his hand lightly, and flames instantly rose from the bodies of these demon cultivators, enveloping more than a dozen of them!

Upon seeing this, the green-robed monk waved his hand and said, "Brothers, follow me and charge down. We must capture Chen Ping and Zhu Qingxiu."

The green-robed monk was the first to rush to the bottom of the Dead Sea. One of his arms was chopped off, and he wanted to avenge this personally!

Seeing this, the other demon cultivators also rushed towards the Dead Sea!

Chen Ping at the bottom of the sea saw more than a dozen demon cultivators rushing into the Dead Sea, but Ning Zhi was still floating in the air above the sea and had not entered the Dead Sea. He knew that this guy must have let these demon cultivators explore the way!

Ning Zhi was simply too cautious. Chen Ping could only pretend to be surprised after being discovered, and then run away!

Seeing Chen Ping running away, the dozen or so demon cultivators became even more excited, especially the green-clothed cultivator with a broken arm, who chased after Chen Ping with a big knife in his hand and howling!

Seeing Chen Ping so panicked, these demon cultivators concluded that Chen Ping definitely did not expect that he would be discovered!

At this time, Ning Zhi was staring at the sea, with a red light emanating from his eyes. The light shone into the sea, and the situation on the seabed was completely visible to him. He even saw Chen Ping's panicked look clearly!

Seeing Chen Ping's panicked look, Ning Zhi's mouth corners slightly raised, and it was unclear whether it was pride or sarcasm!

"Chen Ping, you're playing this little trick on me. Do you think I'm a three-year-old child?"

Ning Zhi muttered to himself!

At this moment, those demon cultivators were desperately chasing Chen Ping, and they did not notice that the mountains around the seabed were flashing with light at this time!

Just when a few demon cultivators were chasing Chen Ping and were about to catch up with him, suddenly a burst of light shot up into the sky!

boom!

Suddenly, an overwhelming breath of air hit the sea, instantly tearing the surrounding water on the bottom of the sea, forming a large vacuum!

When the dozen or so demon cultivators saw this, they stopped in a panic, and then one by one put up their shields to resist this aura.

These dozen or so demon cultivators all stopped and looked around in surprise!

"Damn it, this Chen Ping really laid a trap on the seabed. Fortunately, we were prepared."

The green-robed monk cursed and said!

However, after this breath exploded, Chen Ping's trace had long disappeared, and the seabed was surrounded by darkness!

A dozen demon cultivators felt that the fire aura on their bodies was gradually weakening, and they did not dare to stay on the seabed for long, so they were forced to rush towards the surface!

If the flame aura disappears, they will turn into bones in the Dead Sea!

“Master Ning, Chen Ping did set a trap on the seabed, but it didn't cause any harm to us. It just let this guy escape.”

After the green-robed monk rushed out of the sea, he said to Ning Zhi!

[The Man Decree] A Man Like None Other Chapter 4375

“Escape?” Ning Zhi raised his lips: “He won't escape, I know him...”

Ning Zhi knew that Chen Ping couldn't possibly escape. Since he had gone to so much trouble to lure him here, how could he possibly escape?

As for the aura that suddenly erupted just now, it was indeed a trap set by Chen Ping. However, the trap could not be so simple. If the trap set by Chen Ping could not even deal with these demon cultivators in front of him, Ning Zhi did not believe that Chen Ping would dare to lure him here!

Chen Ping indeed did not unleash the full power of the Demon Subduing Formation. He just unleashed a small formation. In order to prevent Ning Zhi from discovering his Demon Subduing Formation, he had set up many small formations in advance to confuse people!

Speaking of which, now both Chen Ping and Ning Zhi are guessing what the other is thinking!

If it were someone else, they might have been fooled and plunged into the Dead Sea!

But Ning Zhi was very calm. Even though he really wanted to kill Chen Ping, he was still calmly analyzing various situations!

After forcing those demon cultivators to retreat, Chen Ping was also waiting for Ning Zhi's action. He did not kill the dozen or so demon cultivators in order to lure Ning Zhi into a trap!

If he kills all those evil cultivators in one move, Ning Zhi will probably turn around and run away!

This guy has no dignity at all. As soon as he sees that something is wrong, he turns around and runs away without any hesitation!

As for face and dignity, they are worthless in Ning Zhi's eyes. Life is the most valuable!

After fighting with Chen Ping for such a long time, Chen Ping also understands Ning Zhi's temperament!

Seeing that Ning Zhi didn't make any move at all, Chen Ping became a little anxious!

After all, such a large formation would consume a huge amount of energy every minute and every second!

If Ning Zhi doesn't enter the demon-subduing formation for a long time, Chen Ping can't keep wasting time with him!

"Since you won't take the initiative, I'll take the initiative!"

Chen Ping knew that he had to do something exciting in order to trick Ning Zhi!

Then Chen Ping's body suddenly rushed out of the sea, the aura on his body suddenly burst out, and then he slapped out with one palm!

Chen Ping's palm actually caused the entire area of suspended flames to surge. Several fire dragons began to roar and then flew towards Ning Zhi and the others!

Within a radius of dozens of miles, thunder rumbled, dark clouds gathered, and lightning bolts struck from the sky!

With the fire essence and the lightning essence, Chen Ping burst out with amazing fighting power as soon as he made a move!

Chen Ping's eyes were sharp, and the aura in his body was released without any concealment. He even abandoned everything. It seemed that he was going to fight to the death!

Chen Ping had to be so unreserved to let Ning Zhi know that this time Chen Ping was going to fight to the death!

While performing these methods, Chen Ping's body was wrapped in an indestructible golden body!

Ning Zhi looked at Chen Ping's indestructible golden body and his expression became extremely ugly. When he was in the secular world, he had also suffered from Chen Ping's indestructible golden body!

"Chen Ping, is this all you have? If this is all you have, then you are not worthy of my help."

Ning Zhi looked at Chen Ping and snorted coldly!

Although Chen Ping used the fire origin and lightning origin at the first move, and the fire dragon and lightning attacked at the same time, Ning Zhi still looked down on him!

"I have many means..."

The Dragon Slaying Sword appeared in Chen Ping's hand, and with a swing of the Dragon Slaying Sword, countless sword blade storms began to shoot out!

Fire dragon, lightning, sword light.....

The power that Chen Ping unleashed alone was definitely more than just the Tribulation Realm!

Those demon cultivators who had never seen Chen Ping in action were all shocked when they saw this scene. After all, Chen Ping's realm was only the seventh level of the Tribulation Realm!

However, the strength of this attack has already reached the Mahayana realm!

All the demon cultivators used various means to resist and protected Ning Zhi behind them.

[The Man Decree] A Man Like None Other Chapter 4376

Ning Zhi took out the small cauldron and threw it upwards. A huge suction force began to absorb the flame released by Chen Ping!

The flame aura was desperately absorbed by the furnace, and the fire dragons dissipated instantly!

Chen Ping looked at the magic weapon that Ning Zhi ran out with and couldn't help but frown. It seemed that this magic weapon was specially used to restrain the aura of fire?

Without the fire dragon, there were only lightning and sword beams. It was obviously much easier for the dozen or so demon cultivators to resist!

Ning Zhi took back the cauldron, but did not choose to attack Chen Ping. He just narrowed his eyes slightly and rushed towards the bottom of the sea!

Ning Zhi suddenly rushed into the sea, which made the dozen or so demon cultivators and Chen Ping all a little confused!

Especially Chen Ping, he never expected that this guy would not take the opportunity to attack him, but suddenly rush into the sea!

Just now, a dozen demon cultivators entered the sea, but Ning Zhi was watching them in mid-air!

Now everyone is above the sea, but Ning Zhi suddenly falls into the sea!

This train of thought made Chen Ping quite confused!

After Ning Zhi entered the Dead Sea, his body was instantly surrounded by black air and he headed straight to the bottom of the sea.

Ning Zhi just wanted to go to the bottom of the sea to see clearly what kind of trap Chen Ping had set on the seabed!

Now that Chen Ping is fighting against the dozen or so demon cultivators at sea, Ning Zhi has the opportunity to go to the bottom of the sea to see for himself!

Although Chen Ping was confused at the moment, he was about to chase after Ning Zhi!

This guy suddenly went into the sea, he must have some intention!

But the dozen or so demon cultivators were not willing to let go of this opportunity. They surrounded Chen Ping and entangled him!

Ning Zhi fell to the bottom of the sea, looked around, and looking at the surrounding mountains, Ning Zhi always had a bad feeling in his heart!

But he did not notice the demon-subduing formation set up by Chen Ping, and he did not expect that Chen Ping would set up a demon-subduing formation here!

The area is so huge that Ning Zhi could never have imagined that Chen Ping could set up such a huge formation in such a short time by himself!

“Since I don’t know what the trap is, I’ll give it a try...”

After Ning Zhi finished speaking, his face turned cold, and the black energy on his body instantly swarmed around!

But just as the black energy on Ning Zhi’s body spread around, the mountains around him suddenly lit up with array patterns at the same time!

The Demon Subduing Formation was activated. Ning Zhi looked at the array patterns lighting up all around him with an expression of disbelief. This was the first time he had seen such a huge formation!

He didn’t believe that this formation was set up by Chen Ping himself in a short time. It must be that this guy came here by chance and discovered the existence of this formation!

Maybe this place was a sect’s base many years ago!

Without even having time to think, Ning Zhi's figure rushed out from the bottom of the sea like a cannonball!

Ning Zhi would not be stupid enough to fight against such a huge formation!

As he rushed out of the sea, Ning Zhi shouted loudly: "Everyone retreat, don't get entangled anymore."

Although Ning Zhi didn't know the power of this formation, he immediately called on everyone to retreat!

After all, the power unleashed by such a huge formation is definitely not simple!

A dozen demon cultivators didn't know what was going on and looked at Ning Zhi in confusion!

I don't understand what Ning Zhi saw after just going to the bottom of the sea that made him so panic-stricken!

Just when the demon cultivators were puzzled, there was a sudden buzzing sound!

The sea surface was seen shaking, and right in front of everyone, within a radius of dozens of miles, rays of light suddenly lit up. The dense rays of light connected together to form a light curtain, directly sealing off this area!

"What is going on?"

Some demon cultivators were greatly surprised, and then they shot out rays of spiritual energy, but the spiritual energy hit the light curtain and bounced back instantly!

When Ning Zhi saw this scene, the corner of his mouth twitched. He didn't expect that even though he was so cautious, he was still tricked by Chen Ping!

He never expected that there would be such a huge formation here!

[The Man Decree] A Man Like None Other

Chapter 4377

The light curtains around continued to rise, blocking all the roads.

With such a huge formation, it was impossible for Ning Zhi and the others to escape in the surroundings.

“Run upwards, before the formation closes, hurry up...”

Ning Zhi roared and took the lead to run quickly upwards!

Because this formation brought him a great sense of crisis. This formation was definitely a relic from ancient times. Ning Zhi believed that with Chen Ping's strength, it was impossible for him to set up such a huge and powerful formation in a short time!

Seeing this, all the demon cultivators followed Ning Zhi and rushed towards the sky, hoping to fly out of this huge formation before it closed!

When Chen Ping saw this, he took the Dragon Slaying Sword and swung it quickly, blocking everyone directly!

He had worked so hard to set up the formation, and had consumed a huge amount of resources, he couldn't let these guys get away!

Ning Zhi was too cautious, which caused the formation to be activated prematurely, so Chen Ping could only stop these people!

Chen Ping originally wanted to trick these people to the bottom of the sea and then activate the demon-subduing formation. In that way, these people would have no way of escaping!

But now, the formation has been activated in advance, giving these people time to react!

Feeling the power of Chen Ping's sword, Ning Zhi and others could only slow down!

“Chen Ping, do you want to die? Once this formation is activated, you will be trapped here, and then none of us will be able to survive.”

When Ning Zhi saw Chen Ping stopping him, he was speechless!

Chen Ping cannot survive if he is trapped in this formation. Doesn't this mean they will all perish together?

But Chen Ping smiled coldly and said, “You are dreaming. I set up this formation to deal with you. How could I die? You are the ones who will die.”

As Chen Ping finished his words, the Demon Subduing Formation finally closed, and tremendous power erupted!

“Impossible, how could it be you who set it up? How could you set up such a huge formation in such a short time?”

Ning Zhi's face was filled with shock, and he didn't believe what Chen Ping said at all.

“Nothing is impossible. Just because you can't do it doesn't mean I can't do it either. Compared to me, you are nothing but trash.”

Chen Ping was madly attacking Ning Zhi's self-esteem!

Ning Zhi was furious, but at this moment countless dazzling lights surged from the bottom of the sea!

It was like the sun rising from beneath their feet!

In this brilliance, countless spiritual lights shot out in all directions, as densely packed as sharp swords, piercing through the entire void!

Looking at the dense spiritual lights, Ning Zhi didn't bother to talk nonsense with Chen Ping. He could only surround his body with black gas to form a shield to resist these spiritual lights!

“ah.....”

A demon cultivator was hit by the spiritual light and let out a scream, then his entire body instantly turned into a ball of blood mist!

“What kind of formation is this? Why is it so powerful? The power of this spiritual light is so strong?”

“This thing is everywhere within a radius of dozens of miles. Are we all doomed?”

The faces of many demon cultivators were filled with shock!

Even if they ran upwards, they had no chance. The entire formation had closed, and the area where they were was completely covered!

These evil cultivators have become lambs to be slaughtered!

There was no other way, these demon cultivators could only use their own methods to resist the attacks of these spiritual lights!

However, faced with such a large number of spiritual lights, these demon cultivators felt their scalps tingling!

His strength would eventually be exhausted, but the spiritual light bursting out from this formation seemed to be endless!

These demon cultivators did not dare to be careless at all and used all their abilities, some even starting to burn their blood essence!

As long as the essence and blood are not burned out, there is still hope of survival, but the strength will definitely decrease, but it is better than death!

[The Man Decree] A Man Like None Other Chapter 4378

More than a dozen demon cultivators tried their best to block the spiritual light, but the spiritual light kept coming in waves. Even though these demon cultivators were very powerful, they were all injured in the end, and some even struggled to death!

Ning Zhi frowned, and black mist filled his surroundings. The spiritual lights dissipated after touching the black mist, which showed that Ning Zhi was very powerful!

“Chen Ping, what kind of formation is this? Why do I feel the sound of Buddha from these spiritual lights?”

Ning Zhi looked at Chen Ping in confusion and asked!

Because every time that spiritual light attacks you, Buddhist music will sound in your mind!

“It seems that you really have some skills. This is my Demon Subduing Formation, which is specially designed to deal with demon cultivators like you. The Buddhist sound in this spiritual light is the best thing to attack you.”

Chen Ping looked at the exhausted demon cultivators, and finally a hint of pride appeared on his face!

“Hmph, don’t think that this demon-subduing formation can trap us. We are not real demons. We are just demon cultivators. Our true nature is still human.”

“So your demon-subduing formation won’t be very powerful against us. Don’t scare us with it.”

Ning Zhi snorted coldly, and his aura surged again!

Chen Ping was slightly stunned, then smiled and said: “You know a lot about formations. My demon-subduing formation is indeed not very powerful against you demon cultivators, but even if it is not powerful, it is enough to kill you.”

Chen Ping clapped his hands suddenly, and the immortal stones in the demon-subduing formation instantly burst out with all their aura!

The spiritual light is stronger and the speed is much faster!

In an instant, he arrived in front of these demon cultivators!

For a moment, screams were heard everywhere, and blood was gushing out of many demon cultivators. Several of them fell directly into the Dead Sea and turned into bones!

“Immortal energy? You actually put immortal stones into the formation? It seems that you really spent a lot of money to kill us!”

Ning Zhi instantly noticed the difference in this spiritual light!

Chen Ping looked at Ning Zhi and couldn't help but admire this guy. He knew a lot!

I must kill him today, otherwise he will become a real problem in the future. This guy is like a dog-skin plaster that sticks to me. It's so annoying!

"Master Ning, help us, we can't hold on any longer..."

Seeing this, the green-robed monk could only helplessly ask Ning Zhi for help. If this continued, they would probably all die here!

Ning Zhi nodded, and countless black air condensed in an instant, and then all the black air collided with the spiritual light!

The black gas collided with the spiritual light, making a deafening sound, and the entire sea surface was surging in this sound!

These black gases are pure demonic energy, so they can explode with such great power!

Ning Zhi actually wanted to rely on his own strength to fight against such a huge demon-subduing formation!

Seeing this scene, Chen Ping couldn't help but frown, and the relaxed look on his face disappeared!

"Ning Zhi, let's end this today..."

Chen Ping took the Dragon-Slaying Sword and pounced towards Ning Zhi instantly!

He couldn't let Ning Zhi block the Demon Subduing Formation. Now that the Demon Subduing Formation had trapped those demon cultivators, Chen Ping had the opportunity to fight Ning Zhi in a one-on-one duel without having to worry about other demon cultivators!

This demon-subduing formation was hastily set up by Chen Ping, and it was not perfect. The resources put into the formation could not last long. If Ning Zhi allowed the demon-subduing formation to run out of resources, it would be all over.

“You actually dare to attack me. I want to see how strong you, a seventh-level Tribulation Realm cultivator, can be.”

Seeing Chen Ping taking the initiative to attack him, Ning Zhi narrowed his eyes slightly with a look of disdain on his face!

Although he was trapped in the demon-subduing formation, Ning Zhi still looked down on Chen Ping. After all, the gap between their realms was too big!

[The Man Decree] A Man Like None Other Chapter 4379

Ning Zhi stretched out his hand into the air, and a wisp of black air instantly condensed into a long sword, and then chopped directly towards Chen Ping!

Demonic energy burst out from Ning Zhi’s body, stirring the sea water as if it were boiling!

The long sword swept across, turning into thousands of black sword beams, and in an instant the entire void began to vibrate!

Upon seeing this, Chen Ping’s indestructible golden body flashed with light, and he swung out the Dragon-Slaying Sword. Strands of sword energy instantly transformed into fire dragons!

At the moment when Chen Ping and Ning Zhi were fighting, the spiritual light around them was instantly shaken and disappeared!

The dozen or so demon cultivators were also blown away by the aura, and they looked at the scene in front of them in horror!

The water in the Dead Sea flowed back, forming a canyon directly under the feet of Chen Ping and Ning Zhi!

The sea water in the entire Demon Subduing Formation disappeared, and the Demon Subduing Formation was exposed to everyone!

On the towering peaks, array patterns kept flashing, and in the middle of the canyon, a large amount of flint was being consumed rapidly!

The demon-subduing formation lasts for one minute, and the consumption is enormous!

A dozen demon cultivators could only watch helplessly and could not help at all. They also had to keep resisting the spiritual attacks of the demon-subduing formation!

Chen Ping and Ning Zhiyi fought for hundreds of moves. Although it seemed that the two of them had just come into contact, they had already fought for hundreds of moves. Every time they touched, the void shook, making those demon cultivators very uncomfortable!

Ning Zhi's eyes twitched slightly. After this fight, they both roughly knew each other's strength!

“Chen Ping, you are a child of destiny in the secular world, but I didn't expect that you are still the same even in the celestial world. You are at the seventh level of the Tribulation Realm, but you can be on par with me, who is at the second level of the Mahayana Realm. But today, no matter how powerful you are, I will definitely kill you and will never let this opportunity go.”

After Ning Zhi finished speaking, the black energy on his body condensed into a monster, and it bit Chen Ping!

Chen Ping swung the Dragon-Slaying Sword in his hand, and the sword light cut the monster in half!

But what Chen Ping didn't expect was that after being cut into two halves, it did not stop at all, but instantly turned into two monsters and attacked!

boom!

Chen Ping's body was hit hard by the two monsters, causing him to retreat continuously, and his indestructible golden body began to show cracks!

Seeing this, the dragon crystal on Chen Ping's chest began to glow, and a giant flaming dragon slowly appeared behind Chen Ping!

Chen Ping knew that the fire dragon transformed from sword energy alone would not be able to deal with Ning Zhi!

The fire dragon roared and started fighting against the monster transformed by the black energy!

But every time the monster was bitten by the fire dragon, it would continue to split and turn into multiple monsters!

Soon the fire dragon was surrounded by a group of monsters and gradually fell into a disadvantage!

Upon seeing this, Chen Ping couldn't help but frown. He didn't understand what kind of magic Ning Zhi was using. If this continued, the entire formation might be filled with monsters transformed by black energy!

“Senior, what's going on? How can the monster that this guy transformed with magic energy keep breaking apart?”

Chen Ping was speechless and asked the Demon Lord Chiyun!

“Didn't you see that he was holding a furnace in his hand? The furnace was constantly emitting demonic energy. I guess it was an absorbing magic weapon.”

“The fire energy you initially emitted was absorbed by the furnace and then stored. You can release it for use later.”

“The reason why those monsters can keep breaking apart is entirely because of the demonic energy that is constantly released from the furnace. If there is no large amount of demonic energy to support it, how could this be possible?”

“You have to find a way to destroy his furnace, or just take it away...”

The Red Cloud Demon Lord said!

At this time, Chen Ping noticed that Ning Zhi was indeed holding a small cauldron in his hand. The cauldron appeared hollow, but demonic energy continued to emerge from the cauldron!

[The Man Decree] A Man Like None Other Chapter 4380

“Just die...”

The green-robed monk had a fierce look on his face. Chen Ping crippled one of his arms, so of course he wanted revenge!

The violent aura was directly directed at the long sword, as if it was going to split Chen Ping in half!

Although Ning Zhi said that he would hand Chen Ping over to him for handling, the green-clothed monk was still brooding over the loss of his arm, so he wanted to kill Chen Ping for revenge!

Just now he discovered that Chen Ping was distracted during the battle, so he took the opportunity to attack Chen Ping behind his back!

Faced with the sneak attack, Chen Ping showed a sneer on his face and did not look back!

Didn't even dodge!

Just as the long sword was about to chop Chen Ping, golden light burst out, and the indestructible golden body blocked the sword. However, because the indestructible golden body just had a crack, the sword shattered the indestructible golden body instantly!

The green-robed monk was overjoyed. Without the armor, Chen Ping would become a lamb to be slaughtered!

As the long sword in the green-robed monk's hand continued to fall, the long sword actually hit Chen Ping's shoulder directly and could not sink even a little bit!

Looking at Chen Ping's body again, there was not a single scar!

The green-robed monk was filled with surprise, and his smile froze on his face!

He thought that if Chen Ping's indestructible golden body was broken, he would be able to hurt Chen Ping, but who knew that Chen Ping's physical body was so strong!

“You little piece of trash, even if I don’t have the armor to protect me, you can’t hurt me...”

Chen Ping turned his head and smiled contemptuously!

“Retreat quickly. Chen Ping’s body has been tempered. You can’t hurt him.”

Seeing this, Ning Zhi hurriedly shouted loudly!

The green-robed monk turned pale, threw away the long sword in his hand, and then retreated backwards!

Seeing this, Chen Ping lowered his immortal finger, and a golden light shot out from his finger. The green-clothed monk was shocked to find that his retreat speed was actually slowing down, and even the flow of time began to slow down!

Before he could react, his other arm was instantly pierced by the immortal finger, and he screamed in pain!

“Mr. Ning, save me...”

The green-robed monk shouted to Ning Zhi, “Help me!”

After all, the strength displayed by Chen Ping was simply too abnormal!

Now even if Chen Ping stood still, he would not dare to attack Chen Ping again!

What a joke! I’ve never seen such a strong body before!

“Immortal Law? You actually know about Immortal Law? And this Immortal Law also contains the origin of time. You actually comprehended the origin of time?”

When Ning Zhi saw Chen Ping perform the Immortal Finger, he was shocked!

He thought that just following Chen Ping’s lead was all he had, but he didn’t expect that Chen Ping would suddenly display some magical power!

This was too surprising for him...

Ning Zhi did not try to save the blue-robed monk, but shouted loudly: “Escape to the center of the formation and destroy it, and you will be saved...”

Ning Zhi wanted the green-clothed monk to destroy the formation!

As long as the formation is destroyed, the remaining demon cultivators will no longer be in danger!

Seeing this, the green-robed monk could only rush towards the bottom of the sea desperately. At this moment, there was no sea water on the seabed anymore, so it would not be eroded by the sea water anymore!

“Ning Zhi, you let this kind of rubbish destroy my formation, aren’t you overestimating him?”

Chen Ping smiled coldly, his figure disappeared instantly, and then appeared behind the green-robed monk!

Chen Ping used the Fire Control Step, which is a magical technique that can cover a hundred miles in one step. However, Chen Ping has not yet fully mastered the secret art of space, so when he uses it, he can only cover a few miles in one step!
