

[The Man Decree] A Man Like None Other

Chapter 4421

Chen Ping smiled helplessly and chased after him!

The two of them kept a bit of mystery around each other, which was not a bad thing. After all, they had just met and it was impossible for them to reveal their secrets to others!

Moreover, it seems that Lin Keting's identity is not simple, and she will not easily reveal her identity to others.

Chen Ping and Lin Keting rode on the Baiyuwu, and their speed was obviously much faster, leaving everyone else far behind!

“Look, what is that?”

Lin Keting suddenly pointed forward and said.

Chen Ping hurriedly looked in the direction of Lin Keting's finger and found that not far away, a huge black vortex descended from the sky, and above the black vortex, there were dark clouds. Lightning bolts kept striking down and then disappeared into the black vortex!

“There must be some kind of creature in that black vortex. The lightning looks like a catastrophe thunder.”

Although Chen Ping could not sense with his spiritual sense, but from a distance, the lightning did not seem like ordinary lightning, but more like a calamity lightning!

After all, thunder tribulation knows no boundaries. Even in a private secret realm, if a person or a monster is going through a tribulation, it will still trigger a thunder tribulation!

Therefore, it is normal for thunder tribulations to occur in this battlefield between gods and demons!

“Thunder tribulation? Could it be that someone is going through it?”

Lin Keting's face was full of shock!

“It shouldn’t be a human tribulation. The thunderbolt fell and then disappeared. It’s a bit strange!”

Chen Ping frowned slightly, and his expression became very solemn!

“Could it be some kind of monster?” Lin Keting also frowned: “Master didn’t tell me there is...”

Suddenly, Lin Keting realized that she had let the cat out of the bag, so she quickly shut her mouth.

Chen Ping looked at Lin Keting and asked, “What did you just say? What master?”

“No, I just wish my master was here, so I wouldn’t be afraid of encountering powerful monsters.”

Lin Keting quickly changed her words!

Chen Ping took a look at Lin Keting. He knew that this little girl must be hiding something, but he didn’t want to ask any more questions!

The current goal is to know what is in that black vortex.

Chen Ping planned to ride the White Feather Crow to get closer and check out what was in the black vortex, but the White Feather Crow was trembling all over and didn’t dare to move forward at all, and finally fell directly to the ground!

“Let’s bypass this place. Our strength is suppressed now. If it is really a monster, we won’t be able to deal with it at all.”

Seeing that Chen Ping still wanted to get closer, Lin Keting spoke in a low voice.

“Are you scared?”

Chen Ping glanced at Lin Keting and asked.

“I’m not afraid...” Seeing that Chen Ping looked down on her, Lin Keting immediately pretended to be fearless.

“Since you are not afraid, let’s get closer and take a look. Maybe we can get some treasures in this black vortex.”

After Chen Ping finished speaking, he walked directly towards the black vortex.

Lin Keting looked at the rune on her palm, then pinched her life-saving jade pendant, then gritted her teeth and followed!

But just as Chen Ping and his men approached, suddenly a huge force hit them, directly knocking Chen Ping and Lin Keting backwards!

Then, a figure slowly emerged from the black vortex, emanating terrifying lightning power all around him!

At this time, Chen Ping and the others could see clearly that what came out was actually a monster!

This monster jumped out of the black vortex on only one foot, and held two thunder hammers in both hands. When the two hammers collided, bolts of lightning burst out!

“Thunder beast? This is actually the legendary thunder beast?”

When Lin Keting saw this strange monster, she immediately screamed in shock.

“Damn human race, disturbing my practice...”

The thunder beast spoke in human language and kept approaching Chen Ping and Lin Keting.

Moreover, the terrifying lightning on his body had already locked Chen Ping and Lin Keting.

[The Man Decree] A Man Like None Other Chapter 4422

If it was outside, Chen Ping would not be afraid, after all, he already possessed the origin of thunder and lightning, and he could completely absorb and refine this little thunder and lightning!

But now, apart from exerting the physical strength of his body, he could not exert any power of martial arts.

Seeing the thunder beast approaching, Lin Keting stretched out her palm and waved it continuously at the thunder beast!

She wanted to drive away the thunder beast with the runes on her palm, but after trying several times, the runes on Lin Keting's palm did not move at all.

Seeing the thunder beast getting closer and closer, Lin Keting was about to cry.

“Master, you are cheating people, how could this happen...”

Lin Keting cried.

Chen Ping looked at Lin Keting who was crying, and at this moment he finally understood that after Lin Keting entered the battlefield of gods and demons, she had always been calm and composed, as if she had a plan in mind.

It turned out that she had someone pave the way for her. It seemed that Lin Keting's master must have entered the battlefield of gods and demons and told Lin Keting everything, so Lin Keting was so calm.

The appearance of the Thunder Beast was obviously beyond Lin Keting's expectations!

Chen Ping tried to emit his dragon aura, hoping that this aura could scare the Thunder Beast and stop it!

But just as Chen Ping was about to emit his dragon aura, two white lights suddenly flashed from his storage ring!

Then the little fire unicorn and the little swallowing beast appeared in front of Chen Ping and Lin Keting!

The two little guys were very small, and in front of the huge thunder beast, they were like two little pugs!

But these two guys were not afraid at all, and they opened their mouths and roared!

The roars of the little fire unicorn and the little swallowing beast directly scared the Thunder Beast back again and again!

In the end, because of panic, it fell to the ground!

The lightning that spread around his body also disappeared instantly. The Thunder Beast lay on the ground, looking at the Fire Kirin and the Sky Devouring Beast in horror, motionless!

The little Fire Kirin and the little Sky Devouring Beast walked in front of the Thunder Beast with a step that didn't recognize any relatives.

Pa Pa Pa...

The two little guys, the little Fire Kirin and the little Sky Devouring Beast, jumped directly on the Thunder Beast's head, followed by a few slaps!

The thunder beast that was beaten didn't dare to move at all!

Lin Keting was standing aside, and she was stunned!

She didn't know where these two little guys who suddenly appeared came from, and why they were so awesome?

Chen Ping looked at the two little guys and was speechless.

It seems that these two guys are quite familiar with their storage ring.

Especially the little swallowing beast, this guy who sleeps all day, I didn't expect to run out today!

After slapping the thunder beast a few times, the two little guys walked back with a step that didn't recognize their relatives!

And they twisted their butts in front of Chen Ping, as if showing off!

Then the two little guys returned to the storage ring!

"Fuck..."

Chen Ping was speechless for a while, he seemed to be despised by these two little guys whose hair hadn't even grown!

Lin Keting watched the two little guys enter Chen Ping's storage ring, and finally understood why the white feathered crow was afraid of Chen Ping.

It turns out that Chen Ping has such two awesome little pets!

Lin Keting didn't know what the little fire unicorn and the little sky-swallowing beast were, and she just thought they were Chen Ping's pets!

"Daoyou, I was reckless just now, please forgive me, please forgive me..."

The thunder beast stood up and kept bowing to Chen Ping.

Lin Keting didn't know the fire unicorn and the sky-swallowing beast, but the thunder beast knew them!

He wouldn't dare to offend the person who could raise these two spirit beasts even if he had ten thousand guts.

"It doesn't matter!" Chen Ping waved his hand casually, looking indifferent. He was also scared to death just now.

"Are you going through the tribulation? Are you triggering the tribulation thunder?"

Chen Ping asked the thunder beast.

[The Man Decree] A Man Like None Other Chapter 4423

"I am just using the thunderbolt to practice, not to survive the tribulation."

The Thunder Beast answered truthfully!

At this time, the people who had been left behind came up, and when they saw the Thunder Beast in front of Chen Ping and the others, their faces changed drastically!

"Thunder Beast? Thunder Beast at this time?"

The old man in the crowd recognized the Thunder Beast, and was so scared that his legs became weak and he actually fell down.

In the world of heaven and man, the Thunder Beast is only a legend. Few people have seen it. Moreover, it is said that the Thunder Beast is extremely ferocious. When the two hammers touch, they can send out thousands of lightning bolts and burn people directly!

The Thunder Beast glanced at the crowd, and then at Chen Ping!

“These are all from us...” Chen Ping said!

Seeing this, the Thunder Beast quickly put away his two hammers and clasped his fists and said, “Fellow Taoists, don’t be afraid, I won’t hurt you...”

After hearing what the Thunder Beast said, the crowd was relieved!

“It is rumored that this thunder beast is ferocious, but after seeing it this time, the rumors are all false.”

“It seems that this thunder beast just looks a little fierce, but it has a good personality.”

“When I go out this time, I will argue with anyone who says that the thunder beast is ferocious.”

Seeing that the thunder beast was not dangerous at all, the monks began to discuss it!

Chen Ping smiled slightly. If the thunder beast had not been frightened by the little fire unicorn and the little swallowing beast, they would have died under the thunder and lightning.

“If we go forward from here, will we reach the Broken Bone Cliff?”

Lin Keting asked the thunder beast!

The thunder beast was stunned, and then nodded: “Yes, I don’t know how this girl knows that there is a Broken Bone Cliff in front? Have you been here?”

Lin Keting curled her lips and hurriedly shook her head: “I haven’t been here, I just heard about it...”

Chen Ping glanced at Lin Keting and knew that Lin Keting had been here 100%, or had heard someone talk about it in detail!

“What is the Broken Bone Cliff?” Chen Ping asked!

“The Broken Bone Cliff is just an ordinary cliff.” The thunder beast said.

“Cliff? This is a snowy field. There are no mountains. Where does the cliff come from?”

Chen Ping was somewhat puzzled!

“Although this is a snowfield, if you go forward, there will be a large fault. Originally, there was no Broken Bone Cliff here. It was only because many years ago, a strong man came here and fought with a demon cultivator, and finally forcibly divided this snowfield continent into two.”

“There is a fault between the two continents, forming a huge cliff. At the same time, there are countless white bones under the cliff, so it is called Broken Bone Cliff.”

Thunder Beast explained in detail!

“Demon cultivator? There are still demon cultivators here?” Chen Ping frowned slightly!

This is the battlefield of gods and demons. After so many years, is there anyone who survived?

And who is that strong man?

“That demon cultivator is the survivor of this battlefield of gods and demons, but he was killed in the end, but a trace of the residual soul of the demon cultivator is hidden in the white bones of the Broken Bone Cliff.”

“The suppression of heaven and earth here is also done by that strong man, who directly suppresses the strength of the cultivators who enter here.”

Thunder Beast said!

“Damn, that strong man is so awesome?” Chen Ping was shocked. He thought that the suppression of heaven and earth was done by a powerful person after the formation of the battlefield of gods and demons.

Unexpectedly, it was done by a powerful person behind. There is such a powerful person in this world of heaven and man?

When the others heard that this was the battlefield of gods and demons, they were also shocked!

They thought it was a relic and came in to find some treasures. If they knew it was the battlefield of gods and demons, I'm afraid many people would not come in!

After all, the battlefield of gods and demons is very dangerous, unlike the relics!

Lin Keting listened to the thunder beast's story, and her eyes became a little evasive!

"Then how do you know so much? Didn't the strong man kill you?"

Lin Keting asked!

"I was just a snow mouse back then. Later, I was accidentally hit by the thunder caused by the battle between the strong men. I was lucky not to die and turned into a thunder beast."

"That strong man back then didn't even look at me, so how could he kill me..."

The thunder beast explained!

After listening, Lin Keting stopped talking, but looked ahead with some solemnity!

[The Man Decree] A Man Like None Other Chapter 4424

Lin Keting was a little conflicted at this time, because the development of the battlefield of gods and demons was no longer going as expected.

This sudden appearance of the thunder beast, and the demon cultivator who left behind a wisp of residual soul.

She didn't know how many unknowns would come next!

If we go on, there will definitely be danger!

But if she didn't leave and just turned back, Lin Keting didn't know how to start the conversation, after all, these people behind her were following her.

"Master, you are really going to kill me. Didn't you say that you had already paved the way for me?"

Lin Keting cursed her master in her heart.

However, she could not show too much panic at this time, and could only pretend to be calm and said: "My fellow Taoists, it will definitely be very dangerous if we continue to go forward. If you don't want to continue taking risks, then we can return the same way we came."

Lin Keting wanted everyone to make a decision and if they said they would not take risks, she could go back with them.

Everyone was silent.

I originally thought it was a relic, but I didn't expect it to be a battlefield between gods and demons!

No one knows how dangerous the future is!

Moreover, there is a remnant soul of a demon cultivator in front of them. It is obvious that the demon cultivator is a strong one. It is not known whether they can deal with even a remnant soul!

If they don't go, there may be many treasures waiting for them ahead!

After all, there is a Broken Bone Cliff ahead, with bones all over the ground. These bones are basically the immortals and demons who died during the war between gods and demons!

Who among these immortals and demons doesn't have a few magical weapons in their hands?

All the people are dead, and those magical weapons must have been left behind in this battlefield of gods and demons.

Everyone was in a dilemma, not knowing whether to leave or go back...

“Ji Yun, Miss Zhu, let’s go...”

Chen Ping saw through Lin Keting’s thoughts, so he called Ji Yun and Zhu Qingxiu, and they walked forward alone!

“This is a battlefield of gods and demons. There must be countless magical weapons ahead. I don’t know if the storage bag I brought is enough.”

“As the saying goes, the brave will die of overeating, while the timid will die of starvation. I would rather die of overeating than die of starvation...”

Chen Ping said loudly as he walked!

“Fellow Daoist, please take me with you. At least I still have some strength, and my strength has not been suppressed.”

When the Thunder Beast saw Chen Ping continuing to move forward, he immediately chased after him and said!

The Thunder Beast has been here for many years and has never dared to move forward, fearing that it would encounter any danger!

Now that Chen Ping is with us, we feel much more at ease. After all, Chen Ping has the Fire Qilin and the Sky-Devouring Beast in his hands!

Don’t underestimate these two little guys, they are very strong!

Seeing that the thunder beast was also going to follow Chen Ping, the people who were still hesitating immediately chased after it!

“Fellow Daoist, wait a minute, we will join you...”

“Yes, we are together. Even if we die, we can’t give up this opportunity.”

“Let’s fight. We’ve already come this far.”

All the monks caught up with Chen Ping and wanted to follow him!

At this time, only Lin Keting was left standing there alone, looking at the backs of Chen Ping and the others with a confused look on her face!

At this moment, she really wanted to curse Chen Ping. What was the point of showing off at this time?

If it weren't for Chen Ping, perhaps everyone would have returned the same way.

In fact, Chen Ping was also secretly looking at Lin Keting at this time!

What Chen Ping wanted most was to have Lin Keting follow him, after all, Lin Keting had the omnipotent rune in her hand.

And Lin Keting is also familiar with this place and can help to a certain extent!

As for the other monks, they have suppressed their strength and turned into ordinary people. There is no point for them to follow me!

It can be seen that Lin Keting has not moved for a long time, and Chen Ping is a little anxious!

“Wait a minute, since everyone is willing to move forward, I will follow along!”

Lin Keting finally gritted her teeth and chased after Chen Ping and the others!

Seeing this, Chen Ping raised the corners of his mouth slightly and laughed!

[The Man Decree] A Man Like None Other Chapter 4425

Broken Bone Cliff!

Everyone stood on the edge of the cliff, looking at the bottomless cliff, and they wanted to die!

Isn't it said that this is a cliff squeezed out by the connection of two continents?

How can there be such a big drop?

As far as the naked eye can see, it is pitch black and nothing can be seen!

The whole continent seems to be cut straight off here!

The darkness in front seems to be the end!

“This... How can we go down? It’s too deep...”

Someone complained helplessly.

Now everyone’s strength has been suppressed. They are just ordinary people. Who dares to jump directly? They will be smashed to pieces!

What’s more, no one knows what is below. It is an unknown area!

“I can take you down!”

At this time, the thunder beast spoke.

Everyone here has suppressed their strength, only the thunder beast is not suppressed!

“That’s great, then please take us down...”

said the old man among the monks!

“But taking so many people down will be very costly for me, so...”

The Thunder Beast frowned slightly.

“Don’t worry, we will definitely not treat you unfairly. When we find the treasure, we will share some with you.”

The old man understood what the Thunder Beast meant and said hurriedly!

The other monks also nodded in agreement!

If they didn’t let the Thunder Beast send them down, they would be blocked here!

“The treasure is of no use to me, but if you have spirit stones, you can give me some to replenish my physical strength.”

The Thunder Beast said directly!

Obviously, this Thunder Beast sent everyone down just for spirit stones.

When they heard that they wanted spirit stones, all the monks were stunned for a moment, and then looked at each other!

After all, sharing treasures is just a big deal, and unknown promises are the least valuable!

But if you want spirit stones, that's the real way to dig out.

Seeing that everyone was hesitating, the Thunder Beast said, "I won't force you. If you don't want to go down, just pretend I didn't say anything."

"Okay, I'll take it out..."

Some cultivators decided to take the spirit stone in exchange for their chance to go down!

In the end, some people were willing to take out the spirit stone, while others were unwilling. Only half of them took out the spirit stone and planned to go down to find out!

Chen Ping and Lin Keting were also ready to take the spirit stone, but the Thunder Beast refused.

"You two Taoist friends don't have to take it. We'll go down now!"

After the Thunder Beast finished speaking, he lightly touched his hammers!

Boom!

The world trembled, and then a lightning bolt struck. This lightning bolt turned into a ball of light in the air and then enveloped Chen Ping and the others

! The Thunder Beast controlled the ball of light and slowly descended to the bottom of the cliff, controlling the speed very slowly!

After all, Chen Ping and the others were ordinary people at the moment. If something went wrong, they would definitely not survive.

Slowly, everyone was swallowed by the darkness. Because they had no spiritual consciousness, the situation around them could not be seen with the naked eye!

In this darkness, many people began to panic and their breathing became rapid!

Even Lin Keting was holding the life-saving jade pendant tightly in her hand, with a nervous expression!

“Miss Lin, don’t be nervous, nothing will happen.”

Chen Ping comforted her affectionately!

While comforting Lin Keting, Chen Ping himself had a solemn face, because he always felt a little uneasy!

This kind of uneasiness is the feeling of danger coming!

Chen Ping could only clench his fists, and all the strength of his body was concentrated on his fists!

And the others also had solemn expressions, and some people were praying secretly!

They were like lambs to be slaughtered in the dark!

Rumble...

Suddenly a flash of lightning flashed, and there was a ray of light in the darkness!

Everyone took advantage of this light and finally saw the situation below the Broken Bone Cliff. It was a white piece of snow. It was not snow, but white bones!

The thick evil spirit kept pouring in from below!
