

The Man's Decree Chapter 705 (The Man like none Other chapter 705)

Chapter 705 Imparting Techniques

Melanie snorted at Lizbeth and said, “Humph! It’s because you aren’t alluring enough. Anyway, Kai is a pervert. Otherwise, can he explain why Lyanna’s blouse is like this?”

Once Melanie finished, Lizbeth was infuriated. “Who says that I’m not alluring enough? Just ask Kai who is more alluring!”

In no time, all of the women in the living room turned to Kai, rendering him a bundle of nerves.

As Kai felt helpless, he could only look at Rayleigh pitifully, hoping that the other man could come to his rescue.

Rayleigh couldn’t help but chuckle. After a while, he stood up and said, “Melanie, stop it. Kai didn’t do anything to Lyanna. He is still a virgin and has never slept with any women yet. How could he do anything to Lyanna?”

Melanie was surprised at the revelation and looked at Kai in disbelief.

Since Josephine and Lizbeth lived with Kai, Melanie didn’t expect that he could control his desires and not sleep with them.

After giving it some thought, Melanie shot a disdainful glance at Kai and said, “Now I know why you were able to resist the Seduction Technique. You must be impotent...”

Upon hearing that, Kai was irritated and felt the impulse to prove himself to Melanie.

However, since many people were around, Kai could only stay silent.

After everyone calmed down, Josephine looked at Rayleigh for a while and asked Kai, “Kai, who is this?”

Josephine didn’t know Rayleigh because she had never seen him before.

Kai introduced Rayleigh after Josephine brought it up. “Oh, I forgot to introduce Mr. Deragon to you. I wouldn’t have been able to return from Jadeborough to here safely without him. Besides that, he also gave the bronze breastplate and detoxification pill to me.”

After Kai finished, Josephine flashed Rayleigh a smile and greeted him, “Nice to meet you, Mr. Deragon.”

Rayleigh smiled and nodded in response. After scanning Josephine for a few seconds, he asked, “Have you eaten the detoxification pill?”

“Yes, I have.” Josephine nodded.

Rayleigh waved at Josephine and said, “Come here. I’ll impart some techniques to you, and you can practice them whenever you’re free. However, it all depends on you as to whether you can successfully cultivate the techniques.”

As soon as Josephine came up to Rayleigh, he put his right hand on her head.

The next moment, waves of spiritual energy flowed from Rayleigh's hand into Josephine's head, and her mind went blank. Then, techniques, which consisted of four words per sentence, flashed across her eyes.

About ten seconds later, Rayleigh retracted his hand.

However, Josephine's eyes widened in shock, for she felt that her mind was suddenly overwhelmed with techniques.

It's miraculous! Would I become a genius if I could inject knowledge into my brain as easily?

While Josephine was at a loss, Rayleigh said smilingly, "You can practice the techniques now based on what is in your mind."

"Yes!" Feeling excited, Josephine quickly sat on the couch and instinctively closed her eyes. Then, she began adjusting the pace of her breaths based on the techniques.

As Josephine's breaths became slower, the spiritual energy around her slowly infiltrated her body.

"You're indeed full of potential."

Rayleigh was surprised to see that Josephine could detect and absorb the spiritual energy, even though her cultivation had only just begun.

However, everyone soon noticed that Josephine's breathing was growing fainter. Then, her face and skin began to redden.

The Man's Decree Chapter 706 (The Man like none Othere chapter 706)

Chapter 706 Fiery Constituent

The temperature of the living room rose rapidly. It was as if Josephine had turned into a hot furnace, causing everyone to back away from her.

“Fire... Fire...” Lizbeth screamed suddenly.

The couch Josephine sat on began to produce smoke due to her high heat.

Kai noticed the smoke and rushed to move Josephine away. However, he could not help flinching when he touched her. Josephine’s body was so hot that it felt like hot iron bars.

“Josephine, Josephine, the couch is burning. You must get up!” Lizbeth shouted, but Josephine did not seem to hear her.

Kai began to panic and looked at Rayleigh. He wanted to know what was happening and what technique Rayleigh had taught her.

Rayleigh frowned and released a burst of cold air all over his body. He kept releasing cold air until frost covered his hands.

“Both of you step aside. I will try using Ice Palm...” Rayleigh said and used his frost-covered hands to lift Josephine.

Sizzle, sizzle...

The frost on Rayleigh’s hands sizzled as they touched Josephine. In the next moment, water vapor surrounded them.

Rayleigh gritted his teeth and moved Josephine away from the couch. At the same time, the said couch suddenly burst into flame.

Kai quickly extinguished the flame with water. He also kept his eyes on Josephine and was really worried about her.

“Mr. Deragon, what happened to Josephine?” Kai asked worriedly.

Rayleigh shook his head. “I’m not sure either. What I taught her was an ordinary technique. I don’t understand why she became like this.”

Kai became more anxious when he found out that Rayleigh did not know what was happening.

Meanwhile, the temperature in the living room kept rising, making it feel like the inside of a furnace. After a while, Melanie, Lizbeth, and Lyanna could not stand it anymore and ran outside.

Kai and Rayleigh were drenched in sweat as they remained in the living room and fought hard against the heat waves with their spiritual energy. At the same time, they observed Josephine closely.

Although the temperature was unbearable, there was no trace of sweat on Josephine’s face. Apart from her flushed skin, she seemed fine.

Suddenly, Rayleigh gasped and widened his eyes. “I think I got it. Could this be the legendary fiery constituent?”

“Fiery constituent?” Kai was stunned for a moment. He looked at Rayleigh blankly.

Seeing Kai's confused expression, Rayleigh explained, "Fiery constituent is a rare bodily condition. A person with a fiery constituent can cultivate at a much faster speed than an ordinary person. Also, once someone with fiery constituent ventured into spiritual energy cultivation, her body would cease to fear flame. She would not feel the heat even if she stands in the middle of a roaring fire, and the fire would not hurt her..."

Kai seemed to realize something upon hearing Rayleigh's explanation. He nodded and said, "Is it similar to someone with a frosty constituent? Once they ventured into spiritual energy cultivation, the person would cease to be affected by low temperature, right?"

Kai knew about the frosty constituent because Erasmus' daughter, Renee, had it. However, Renee had not begun spiritual energy cultivation then. When she suffered from frosty energy, she needed Starry Compass to remove it from her. Otherwise, she could die.

Kai had never expected Josephine to have a fiery constituent. He had never noticed anything unusual about her.

"Fiery constituent is many times more powerful than a frosty constituent. Melanie and her sister, Lyanna, were born with the aptitude to bewitch. Although it is a unique ability, it pales compared to a frosty constituent and does not help much with cultivation. On the other hand, people with frosty constituents cultivate much faster than ordinary people. Although Renee started her cultivation journey later than you, her power is likely comparable to yours now," Rayleigh explained to Kai patiently.

Chapter 707 It Was All The Same

Kai was stunned to hear Rayleigh mentioning Renee. He looked at Rayleigh in confusion and asked, “Rayleigh, how do you know about Renee? Also, how do you know that she has a frosty constituent? Has she started spiritual energy cultivation?”

Kai’s questions made Rayleigh realize that he had said too much. He accidentally revealed the matter concerning Renee.

“Please don’t ask anymore. You will find all the answers that you seek on July 15. Now, let us wait for your girlfriend to wake up,” Rayleigh answered.

He refused to continue talking about the matter. There were some things that he could not tell Kai yet.

Seeing that Rayleigh refused to tell him anything, Kai stopped asking. After all, he only had to wait for around a dozen more days until July 15 to find out everything.

Half an hour later, Josephine gradually opened her eyes, and the living room temperature quickly dropped back to normal.

Josephine was stunned to see the couch burnt. “What... What happened here? Was there a fire?”

“Yes. I accidentally caused a fire when smoking just now!” Kai did not tell Josephine the truth. He chose to lie because he feared she could not accept it.

After all, Josephine had always thought that she was an ordinary person. Therefore, she would find it hard to accept if he told her that she had a fiery constituent.

Furthermore, that was only Rayleigh guess and had not been confirmed. Thus, it was still too early to tell her.

“Josephine, you have just started learning a technique. How do you feel?” Rayleigh asked Josephine.

Josephine frowned slightly and answered, “I don’t feel much different from usual, except that my body feels warm...”

“Do you feel any swelling in your abdomen like something is in it?” Kai asked hurriedly.

If Josephine feels her elixir field and the flow of spiritual energy in her first training, she has successfully begun spiritual energy cultivation.

Josephine blushed instantly. “What are you saying? How can my abdomen be swelling? I’m not pregnant...”

Kai was rendered speechless by her answer. On the other hand, Rayleigh chuckled and said, “Kai, you are too impatient. There’s probably only one in a million people who can feel the presence of the elixir field on their first try. She should learn at her own pace.”

Suddenly, Lizbeth and Melanie noticed that Josephine had awakened and came into the living room to see her.

Lizbeth chatted with Josephine and was relieved to find that Josephine was fine. However, Lizbeth could not help but feel a little envious of her.

She believed that Rayleigh taught Josephine a technique due to her status as Kai's girlfriend.

On the other hand, Lizbeth was a nobody. Therefore, she did not have a chance to learn cultivation techniques.

Rayleigh looked at Lizbeth and knew what she was thinking. Therefore, he said, "Lizbeth, I taught Josephine a simple technique. Later, she can teach you so that both of you can practice together."

"I can learn it too?" Lizbeth was overjoyed.

Rayleigh smiled and said, "Of course. Once all of you have mastered that technique, I will teach you higher-level techniques. After all, you are all Kai's women. You can help Kai once you become stronger."

Lizbeth blushed upon hearing the word 'Kai's women' and became flustered.

Meanwhile, Kai glared at Rayleigh. He knew Rayleigh said that deliberately to cause him trouble.

However, Josephine did not seem to mind or say anything.

The Man's Decree Chapter 708 (The Man like none Othere chapter 708)

Chapter 708 Get Yourself Killed

In actuality, Josephine did not oppose the idea of Kai being with Lizbeth. After all, she and Lizbeth were best friends. If Kai took Lizbeth as an

additional companion, Josephine would always have her best friend with her.

Although Josephine could accept Lizbeth, it did not mean that she could allow Kai to be with any other woman. She would surely oppose if Kai were to take Melanie or Lyanna as his additional companion.

The mood in the living room became a little awkward. Suddenly, Lyanna screamed and pressed her hands tightly to her head. She seemed to be in pain.

“Lyanna... Lyanna... What’s wrong?” Melanie rushed to stop Lyanna from falling.

“Godfather is calling for me. I have to speak to him.” Lyanna frowned and seemed at a loss.

Advertisement

She did not know what she could report to Poison King. Lyanna knew she would be in trouble if she told him the truth.

However, if she lied to him, Poison King would eventually find out the truth. After all, she could not bring Kai to him.

“Lyanna, you shouldn’t return to Mapleton. We are not sure whether Poison King killed our parents. Let’s investigate it first.” Melanie did not want Lyanna to return to Mapleton. If Poison King killed their parents, Lyanna would be returning to a murderer.

“No, I don’t have a choice. If I don’t return immediately, Godfather would activate the parasite and make me suffer. If the parasite dies, I

would die too...” Lyanna shook her head. Poison King had many subordinates, and he controlled them using this method.

“Don’t worry about that. Mr. Deragon can help you to remove the parasite. He is a renowned cultivator,” Melanie advised Lyanna.

Lyanna shook her head. “My godfather has raised me for many years. I can’t just leave him like this...”

“Lyanna, what would you do if Poison King was the one who killed our parents? Are you going to accept our parents’ murderer as your kin? Furthermore, Poison King wanted you to capture Kai. Since you can’t capture him, he will punish you when you return.” Melanie was worried and kept trying to get Lyanna to stay.

Lyanna remained silent before saying calmly, “I will ask Godfather about our parents. As for my failure to capture Kai, I don’t think he will do anything to me. After all, he has raised me for many years.”

Lyanna insisted on returning to Mapleton. She could not bear to leave the place she grew up.

“Brody would not lie. Since he said Poison King planted the wasp venom in your parents, it must be true. You could be in danger if you insist on going there,” Rayleigh warned Lyanna.

“I don’t care that it might be dangerous. I have to go back and ask Godfather.” Lyanna refused to back down.

“I will go with you,” Kai said suddenly.

“Kai, are you crazy? Are you trying to get yourself killed?” Josephine became worried when Kai proposed to go to Mapleton with Lyanna.

“Since Poison King wants to capture me, he will keep sending someone to abduct me. Therefore, I might as well go to Mapleton and meet him. Poison King is not even at Xander’s level of power. Since I killed Xander, why should I be afraid of Poison King.” Kai seemed unconcerned.

Lyanna looked at Kai with an astonished expression. She did not expect him to volunteer to go to Mapleton with her.

“You should not underestimate my Godfather’s abilities. Although he is only a Senior Grandmaster, he is adept with poison. Furthermore...”

Lyanna hesitated but decided not to continue. It seemed that Poison King still had some secrets that Lyanna did not dare to divulge.

“Poisons don’t work on me, so I have nothing to be afraid of. You can take me there,” Kai replied.

There was another reason why Kai asked Lyanna to take him to Mapleton. To Kai, the poisonous creatures in Mapleton were good resources for his cultivation.

The Man’s Decree Chapter 709 (The Man like none Othere chapter 709)

Chapter 709 The Return To Mapleton

Kai was more concerned that Poison King wouldn’t use poison on him. He wished that Poison King would let loose all the poisonous creatures on him. That way, Kai could absorb all their toxic energy into his body

and use Focus Technique to convert them into spiritual energy. Then, he could use the spiritual energy to raise his capabilities.

“Kai, are you crazy ?” Melanie looked at Kai in disbelief.

Only Rayleigh understood Kai’s intention. He smiled and said, “It’s good for Kai to go to Mapleton and deal with the matters there. That would prevent future troubles.”

Since Rayleigh agreed with Kai, no one dared to say anything else.

Lyanna looked at Kai and warned, “Kai, things are not as simple as you think. You should think it over.”

Kai replied firmly, “I don’t need to think it over. If I don’t go with you, you know what kind of punishment you will have to face in Mapleton. Don’t try to convince me that Poison King would be forgiving. I won’t believe it.”

Lyanna did not expect Kai to be concerned about her or willing to face danger for her. Therefore, she hesitated before saying, “I need to tell you something. Godfather wanted me to bring you back alive to turn you into a cadaver king. To form a cadaver king, one needs to send a living person into a room full of poisonous creatures and let those creatures bite him. Furthermore, the person would have to be shut there for seven days. If he survived after seven days, he would become cadaver king. So far, no one had succeeded yet.”

Everyone was shocked to hear Lyanna’s revelation. They did not expect Poison King to do something that cruel and use humans for such experiments.

“Kai, you can’t go. Please don’t go...” Josephine held onto Kai’s arm and refused to let go. She could not let Kai face such danger.

Advertisement

On the other hand, Kai became even more excited upon hearing Lyanna’s explanation. Initially, he planned to go to Mapleton to find poisonous creatures. Since Poison King wanted to turn Kai into a cadaver king, that was more than Kai could ask. He could not wait to absorb all the poison from those poisonous creatures. That way, he might even progress to a new rank.

“Don’t worry. I will be fine!” Kai comforted Josephine before turning to Lyanna. “Let’s go now. I just can’t wait any longer.”

Lyanna was perplexed to see how enthusiastic Kai was. Initially, she thought he would be afraid and became hesitant upon hearing her revelation. She did not expect to find him excited instead.

“Let me inform Godfather first,” Lynna replied.

Seeing how determined Kai was, Lyanna had no choice but to go out of the mansion and contact Poison King.

Soon, Lyanna came in again and said, “I have informed Godfather. We can leave now.”

Kai nodded and followed Lyanna out of the mansion. Josephine and Lizbeth looked at Kai worriedly.

Lyanna saw how worried they were and said solemnly, “I will do my best to ensure his safety...”

Even Lyanna was surprised with herself for saying that. She did not realize that she had developed feelings for Kai and his friends. It probably had something to do with her relationship with Melanie.

Then, Kai and Lyanna headed to the airport and took a flight southwest before traveling to Mapleton.

Meanwhile, Rayleigh did not linger in Horington. He brought Josephine and the other ladies on a ship to the sea. Although Josephine and Lizbeth did not know where he would take them, they did not ask but followed him obediently.

Kai sat beside Lyanna on their flight. He held Lyanna's arm and leaned close to her. Lyanna appeared indifferent to his touch. She did not push him away but let him cling to her.

Many other passengers witnessed this and sent Kai judgmental looks. Does he have no shame leaning against a woman like that? Usually, it is the woman who clings to a man.

Chapter 710 Twenty Years Of Grudge

"After we get off the plane, you must obey my instructions. You are besotted with me because I have seduced you. Therefore, you need to appear love-struck. Otherwise, they could see through the act," Lyanna whispered to remind Kai.

Kai nodded slightly and hugged Lyanna tighter. He took a deep sniff of her scent and looked at her with obsessive yearning.

Meanwhile, Poison King looked at himself in the mirror in his bedroom in Mapleton. Then, he slowly took out a photo. It had turned slightly yellow with age and showed a man and a woman.

The man was a young Poison King. At the time, he had dark hair and looked handsome. Meanwhile, the woman in the photo was beautiful and vibrant in her floral dress. Her face looked similar to Melanie and Lyanna's.

Poison King looked at the woman in the photo and caressed her face. His gaze turned gentle as he said, "Faye, it has been twenty years. Time passes so quickly, and now, your daughter has grown up. She looks so much like you. I think of you whenever I see her. You had betrayed me twenty years ago. Now, I will make your daughter pay for your sins. See, I have prepared the room. Once she has returned, I will make her my wife. I believe when I bed your daughter, it would feel just like doing it with you..."

Poison King muttered to the photo, and desire burned in his eyes. Soon, the woman's face grew blurry from his constant rubbing.

Suddenly, someone opened the bedroom door and rushed in, causing Poison King to jump in shock. He quickly threw the photo onto the table.

It was one of Poison King's subordinates. He became afraid when he saw that Poison King was in a bad mood. His face turned pale as he explained quickly, "Poison King, Ms. Lyanna has gotten off the plane. She should be arriving in Mapleton in a few hours..."

The subordinate looked down and did not dare to meet Poison King's gaze.

Advertisement

"Sure, I understand." Poison King nodded and waved his hand. The subordinate immediately shivered, and a black insect flew out of his mouth.

After the insect flew out, the subordinate's eyes widened, and he vomited blood before dropping dead.

"Someone come here and get rid of this body!" Poison King commanded. He did not bother to spare another glance at the dead body.

Soon, someone came in and dragged the body away. Then, Poison King looked through the window with eyes full of desire. "I have resisted for twenty years. Now, I can finally act out my desires."

With that, Poison King took out a small bottle from his pocket. The label said aphrodisiac.

He had raised Lyanna for twenty years and knew her character well. Although Lyanna was born with seductive charm, she would not let any man touch her. Therefore, he needed extra measures to get her to bed.

Meanwhile, Kai and Lyanna had arrived in a city in the southwest. They walked out of an airport like a young couple in love.

The weather here was much warmer than Horington, so everyone dressed lightly. One could see many young ladies in shorts.

Lyanna had also changed her clothes. She now wore small denim shorts paired with a white singlet and a large pair of sunglasses. Her looks attracted the gaze of many men. If Kai did not keep holding her arm, a few men would have tried to hit on her by now.

Advertisement

Lyanna was a rare beauty. Therefore, many men could not help feeling jealous seeing Kai sticking so closely to her. They glared at him with hostility, but Kai did not care.
