### Chapter 741 Magic Spring Gone

Meanwhile, in Carlos' room, he was euphoric when he saw how the negative energy from Lyanna was constantly getting sucked into the vortex. Soon, I'll be the youngest Martial Arts Grandmaster in the martial arts world! Everyone's going to be so envious of me by then.

In exchange for a faster way to increase his ability, Carlos had to give up his manhood. However, it was deemed a worthy trade by him. In the martial arts world, only personal abilities matter! Women are irrelevant.

Right then, someone pushed his room door open.

Upon seeing that, Carlos hurriedly kept the vortex away with a wave of his hand before glaring at the intruder.

“Hey, b\*stard! Don't you know how to knock?” Carlos roared.

“Mr. Xuereb, something happened to our magic spring! It has dried up!” the person said anxiously.

“What?” Carlos was stumped. “What happened? How could that be?”

The person shook his head and answered, “I haven't the slightest idea. I rushed over to check when I heard a loud explosion earlier on. When I got there, the water was already gone.”

Carlos threw Lyanna a glance before shifting his gaze toward the person and said, “Bring me there. How could such a thing happen?”

The magic spring was a vital part of the Emyrean Sect. Without it, the members of the Emyrean Sect wouldn't have gotten so strong. In other words, the magic spring was the sole reason why the Emyrean Sect could overtake all the other clans in the southwest region.

Hence, Carlos was in utter shock when he heard the news. What do I tell Father when he comes back?

The moment Carlos left the room, someone sneaked in through the window.

It was Kai.

At that point, Lyanna was so weak she couldn't even utter a word. When she saw Kai appearing before her eyes, she was infuriated.

Upon seeing how weak Lyanna was, Kai instantly infused her with a shot of spiritual energy.

Lyanna recovered immediately. “Kai, You b\*stard!”

She threw Kai a punch the second she regained her energy.

Kai backed away hastily and grumbled, “Hey! I just saved you! Why are you punching me? Is this how you repay me?”

“You b\*stard! Where have you been? Where were you? Didn’t you say I was going to be fine? I almost died!” Lyanna glared at Kai, livid.

“Well, aren’t you all right now? I know Carlos had already lost his manhood, so he can’t do anything bad to you. Now, let’s get you out and seek revenge!” Kai smiled gleefully. He wasn’t mad at all because he could understand Lyanna’s anger.

Lyanna gritted her teeth and said, “You must kill him! I want to watch him die!”

“Sure, no problem.” Kai nodded.

Behind the grand hall of Empyrean Sect, there used to be a stream of water flowing endlessly. However, everything had changed. The spring had completely dried up, and it was as if there had never been water there in the first place.

Carlos’ expression turned grim at the sight. Gradually, he turned his gaze toward the source of the spring. He couldn’t see anything but darkness inside.

He then picked up and threw a huge rock down the source to see if there was any water left at the bottom of it. To his dismay, all he heard was the sounds of the rock colliding with dry land.

“How did this happen? How did this happen?” Carlos thundered.

Right then, a Senior Grandmaster walked over and suggested, “Someone heard an explosion earlier, Mr. Xuereb. Could it be that someone blew a hole in the spring, causing the spring water to leak underground?”

“Who did it, then? Who?” Carlos glared at the members of the Emyrean Sect and fumed, “What have all of you been doing? You incompetent fools!”

What’s going to happen to Emyrean Sect now that the magic spring is gone? Carlos was starting to panic.

Chapter 742 Teach You A Lesson

“It was me.” At that moment, a calm voice sounded.

Everyone turned to look in the direction of the voice and saw Kai standing on a rock, staring back at them.

Lyanna was also there, standing right next to Kai. At that moment, she was glaring at Carlos with her wrathful eyes.

Standing behind Kai were the people from Mapleton whom he had rescued.

Carlos was baffled when he saw that someone had rescued Lyanna and the people from Mapleton. He looked at Kai and queried, “Who are you, kid? Why did you destroy the Emyrean Sect’s magic spring? Also, why did you rescue the people from Mapleton?”

“I’m a nobody. I just feel annoyed looking at you.” Kai’s lips curled into a smile.

Upon hearing that, Carlos was briefly stunned. I've seen him before. Poison King said this guy's a lunatic! He looked so miserable when he was dragged away. How dare a lunatic speak to me in such a disrespectful tone?

"You b\*stard! How dare you speak to Mr. Xuereb so rudely?"

"This is Empyrean Sect! Show Mr. Xuereb respect!"

"You must have a death wish, don't you? You deserve to die for the way you talked to Mr. Xuereb!"

One by one, the members of the Empyrean Sect drew their weapons, defending Carlos and flattering him at the same time.

Kai couldn't help but smile when he looked at those bootlickers. "Mr. Xuereb, you guys said? Do you guys know he's not even a man anymore? He's nothing but a eunuch now! If you don't believe me, just ask him to take off his pants and see for yourselves!"

The members of the Empyrean Sect were taken aback upon hearing that because most of them didn't know Carlos had been practicing black magic.

Feeling utterly embarrassed when everyone in the Empyrean Sect stared at him, Carlos bellowed, "You imbecile! Seems like you really want to die, huh?"

"You're the one who's going to die!" After saying that, Kai leaped and dashed toward Carlos to punch him.

Carlos was petrified when he felt the strong gust of wind produced by Kai. How could a lunatic have such a high level of martial energy?

He frantically dodged and backed away in a rather pathetic-looking manner.

“Who the hell are you, kid? What’s your relationship with the people from Mapleton?” Carlos questioned. When did such a young and powerful fighter pop up in Mapleton?

Advertisement

“I have nothing to do with Mapleton. You disgust me because you’re neither a man nor a woman! I simply wanted to teach you a lesson,” Kai spat with disdain.

Instead of attacking Kai right away, Carlos merely narrowed his eyes. He’s too young and powerful to be just a commoner. He must be someone influential from some other clans. Since the Emyrean Sect is still growing, this is not the time to make enemies.

“Are you here for Lyanna, then?” He threw Lyanna a glance and continued, “I’m telling you, this girl is born with an aptitude to bewitch. Besides, she knows Seduction Technique. I’d advise you to not fall for her tricks!”

“Cut the crap! I’m willingly getting tricked by her! Are you not going to attack me? Are you just going to stand idly by after I told you I’ve destroyed the Emyrean Sect’s magic spring? You’re such a coward! If you’re not going to attack me, then kneel before me! I might just let you live.” Kai’s patience had run out.

Carlos' expression turned grim, and he said, "You're trying to get yourself killed, kid."

With that, he dashed toward Kai and aimed a punch at the latter's chest.

At that instant, there was a faint red light flickering around his fist. It was obvious he was using black magic.

Kai grinned and stood steadily still. There's no way a Senior Grandmaster such as Carlos could ever hurt me.

### Chapter 743 Unworthy

Thud! Carlos' punch landed squarely on Kai's chest. The next second, he was bewildered when he saw nothing happened to Kai. In fact, Kai didn't even move an inch upon receiving that punch.

Shocked, Carlos anxiously took a few steps backward. "Who the hell are you? How is your body so strong?"

"I already told you, you're not worthy to know any of it!" Disdain was written all over Kai's face.

Carlos was getting more and more upset. The corners of his eyes twitched when he said, "Do you think you've already beaten me? Have you forgotten this is Emphyrean Sect?" His voice was ice-cold and intimidating.

He was starting to lose his cool because Kai kept humiliating him relentlessly.

“I know you’ve been relying on women’s negative energy to strengthen yourself. To be honest, I’m very disgusted with you! I’m afraid I might dirty my hands if I kill you myself.” Upon saying that, Kai then acted like he was gagging.

“How did you know about that?” Carlos was aghast.

He knew that the martial arts world would strongly disapprove of his way of cultivating. If this information gets out, how am I supposed to stay in the martial arts world? How is Empyrean Sect going to be seen in the martial arts world?

Kai’s eyes narrowed. “That’s not all I know! I also know you’ve used the spring water to lure women here to bathe! Then, you’d take the opportunity to absorb all their negative energy to cultivate on your own.”

Upon hearing that, Carlos began to exude a murderous aura.

“Members of the Empyrean Sect, guard all the exits! None of these people is allowed to leave,” he commanded.

He was ready to kill. If I don’t kill all of them, my secret is going to get exposed!

“Save your energy. There’s no way they could possibly stop me from leaving. I suggest that you show your trump card already. I’d like to see what sort of black magic you exchanged your manhood for!” Kai flashed a faint smile.

“Fine. I’ll show you!”

With that, Carlos’ aura changed dramatically. Suddenly, he had a terrifying look on his face, and his body started to expand.

As his body was expanding, Carlos’ martial energy was constantly increasing. The intimidating aura suddenly enveloped the surroundings.

“Back away!” one of Emyrean Sect’s Senior Grandmasters warned anxiously before bringing the other members away.

He told the members of the Emyrean Sect to run because he was well aware of Carlos’ black magic. Hence, he knew how scary and gory everything could turn out.

The terrifying aura was so tense that the people from Mapleton were gasping for air. Even the five leaders of Mapleton, who were Senior Grandmasters, felt pressured by Carlos’ aura.

“You know too much, kid. And for that, you must die!” After saying that, Carlos lunged at Kai with his humongous body.

At the same time, waves of negative energy could be seen emitting into the air from Carlos’ body. The moment the energy reached the air, it formed into creatures with claws and fangs. They, too, dashed toward Kai.

Seeing that, Lyanna’s face instantly went pale. As for the rest of the people from Mapleton, they had their eyes shut because they had been scared witless.

Even though they always came across poisonous creatures, they had never seen anything as horrifying in their lives.

Those creatures charged at Kai and clawed their way into his body.

At the same time, Carlos had already arrived in front of Kai. He raised his hand, preparing to give Kai a slap across his face.

“You are now under my spell. Only death awaits you!” Carlos was very confident that Kai was done for. As such, he didn’t bother to slap Kai with much of his force. You’re dead meat anyway. There’s no way you can survive my spell.

Kai scoffed and mocked, “What spell?” He then lifted his leg and kicked at Carlos.

### Chapter 744 I Am Not Leaving

Carlos had absolutely no time to react. Before he knew it, his huge body had been sent flying a few dozens of meters away before crashing to the ground.

He got up and spat a mouthful of blood instantly.

With a grim look on his face, he said, “It seems like even under my spell, you could still use your internal energy. I’ve underestimated you, then. However, you’ll feel death creeping in on you soon enough.”

Glaring at him coldly, Carlos waited with bated breath for Kai to die. No

one has escaped my spell before! His body's going to rot and crumble at any time now!

To his disappointment, Kai was still fine after a few minutes. By then, Carlos had started to panic.

"There's no need to wait any longer. I've already digested your spell! What else do you have under your sleeves? If you've run out of tricks, then it's about time I end your life," Kai said nonchalantly.

"That's impossible!" Carlos widened his eyes in utter shock. How is he still okay after the amount of negative energy I've used?

"What's impossible? I'll have you know that none of the poisonous creatures in Mapleton posed a threat to Kai. So why would you think your puny spell could harm him?" Lyanna mocked while laughing gleefully. Kai is impenetrable. Even the poisonous wasps couldn't harm him. So how could Carlos' negative energy do anything?

"Kai?" Carlos frowned. Why does that name sound so familiar?

Right then, a Senior Grandmaster from Empyrean Sect walked up to Carlos and whispered something next to his ear.

Suddenly, Carlos' expression changed dramatically. He gaped at Kai.

"Y-You're Kai? You're the one who killed Xander, the Martial Arts Grandmaster?" he asked in bewilderment.

“Correct! That’s me!” Kai nodded.

Upon hearing that, Carlos’ expression soured and he unclenched his fists.

Even though I have black magic, I’m still just a Seventh Level Senior Grandmaster. I’ll only be able to reach Martial Arts Grandmaster once I’ve absorbed Lyanna’s negative energy. Kai, on the other hand, has already killed a Level 1 Martial Arts Grandmaster despite the fact that he’s roughly my age. How am I supposed to fight him? It has always been my dream to become the youngest Martial Arts Grandmaster in the martial arts world. So how could I accept the fact that Kai is already so far ahead of me? I’ve already given up my manhood in exchange for the abilities I have now. Yet, I’m still no match for him? Carlos’ mind was filled with complicated thoughts as feelings of self-pity welled up within him.

“I’m no match for you. Emyrean Sect will not stop you and the others from leaving.” Carlos knew even if they wanted to, they couldn’t stop Kai from leaving. If Father was here, maybe he could still put up a fight against Kai. But, not only is he not here, all the elders of the Emyrean Sect have been isolating themselves for so many years as well. I doubt they’ll return just because of Kai.

“Did I say anything about leaving?” Kai shot Carlos a cold stare. “The negative energy within you is a rare resource to come by.”

“Huh? Wait, are you cultivating using—” Carlos stopped his speech when he realized he had almost given himself away. He then added, “I mean, you’re cultivating other forms of magecrafts as well?”

Advertisement

“Nonsense! Why would I cultivate that sort of rubbish? I’m a proper man, got that? It’s just that negative energy does come in handy for me to train my techniques!” Kai snorted coldly.

In response, Carlos simply stared at him. I can’t give him my negative energy because that’s all I have left! What would I become if I give away all the negative energy I’ve worked so hard to absorb?

## The Man’s Decree Chapter 745 ( The Man like none Othere chapter 745 )

### Chapter 745 Debut

Thinking that he would be reduced to a useless person should he lose his negative energy, Carlos ordered, “Members of Emyrean Sect, stop him no matter what!” He then leaped to his feet abruptly before running toward the woods. I need to get away from him now! When Father comes back, we’ll take revenge together.

Unfortunately for him, Kai saw it coming. As soon as Carlos started running, Kai took a leap toward him. Landing right in front of Carlos, Kai swiftly kicked him to the ground.

Clouds of dust rose, and a loud thud followed when Carlos’ body crashed heavily onto the ground. There was so much force packed behind the kick that he was sent a meter deep into the ground upon impact.

“Mr. Xuereb!” the members of the Emyrean Sect yelled.

Seeing that, they all ran toward Carlos to dig him out. By the time they got him out, all the bones in his body had already been shattered. He was so gravely injured that he needed his members to hold him because he could no longer stand on his own.

“How dare you try to run away from me?” Kai stared at him coldly.

“Please let me live, Kai. You can take everything from the Emyrean Sect. All you have to do is let me go,” Carlos begged.

He reckoned it was never too late for revenge. Should Kai agree to let him live, he would become a Martial Arts Grandmaster and seek revenge alongside his father.

“Let you live?” Kai grinned and added, “If I let you go now, you’d surely come back for me in the future.”

With that, he dashed toward Carlos.

Seeing that, the members of the Emyrean Sect who were supporting Carlos tried to stop Kai. However, they were all sent flying in the air when Kai released a wave of martial energy.

Without the support from his members, Carlos started falling to the ground again. Before he could reach the ground, however, Kai reached out his hand and grabbed his head.

At that moment, Carlos felt an enormous pulling force on his head. Just like that, all the negative energy in his elixir field was absorbed by Kai.

“Y-You’ve learned Astral Attraction?” As Carlos widened his eyes in fear, he desperately tried to struggle free. Unfortunately, his efforts were futile.

Everyone at the scene froze when they saw Kai absorbing Carlos' negative energy.

Before long, Kai had taken away every ounce of negative energy in Carlos. When he eventually let go of Carlos' head, the latter fell heavily onto the ground again.

Without negative energy, Carlos was nothing more than a commoner. Since all the bones in his body had been shattered, it would be almost impossible for him to cultivate again.

"Now that you've taken my negative energy, will you leave?" Carlos murmured while lying flat on the ground.

Advertisement

Even though he was drained of negative energy and had all his bones broken, he was still determined to take revenge.

"Leave?" Kai chuckled coldly. "Did I say I was leaving? If I don't kill you, how would those hundreds of girls ever get their justice? Do you even know the pain they had to go through because you've taken their negative energy?"

While he was saying that, he suddenly reached out his right hand. Gradually, a shimmering sword started to show itself in Kai's grip. The color of the sword then slowly changed from the initial bright white to red. A blood-like liquid could be seen flowing within the sword.

"I've just gotten this Dragonslayer Sword today. I'll debut it with your blood!" A red gleam from the blade whizzed through the air when Kai took a swing with it.

Carlos was terrified as he screamed, “No! Please don’t!”

A loud bang was heard the next second. When the red gleam disappeared, so did Carlos’ body. His body had been vaporized by the red gleam emitted by the sword.

“Wow! This Dragonslayer Sword is powerful!” Since Kai had never used the Dragonslayer Sword before, he was surprised to see how strong it was.

### Chapter 746 Alone

Everyone from the Emyrean Sect was stunned when they saw Carlos vanish before their eyes.

They were so terrified they didn’t even feel anger anymore. At that moment, they felt as though Kai was a deity from heaven. It was undeniably a mind-blowing sight.

Lyanna gaped in disbelief as well when she saw even the bones had vanished into thin air. How is that sword so powerful ?

After keeping his sword, Kai looked at Lyanna and said, “All right, Carlos is dead. It’s time for us to go.”

Lyanna nodded and followed Kai out of the Emyrean Sect. The people from Mapleton were following close behind as well.

Advertisement

As he was walking past the members of the Empyrean Sect, Kai didn't forget to throw them a glance. Upon seeing that, they all scrambled away in fear. Not only did they not stop him from leaving, but none of them dared to even look Kai in the eyes.

After leaving the Empyrean Sect's vicinity, the five leaders and the people of Mapleton tried to keep Kai and Lyanna with them, but the duo had no desire to go back to Mapleton.

After all, Kai only agreed to go to the Empyrean Sect for the spirit spring. He had no interest in the well-being of the people in Mapleton.

Although Kai knew the Empyrean Sect would definitely go after Mapleton again should they fail to seek revenge on him, he had no obligation to keep the people of Mapleton safe.

Advertisement

That was the reality of the feuds between those clans. The weak ones would always get pushed around. The only way to survive was to strengthen oneself instead of relying on others to offer protection.

The two of them got on a plane and headed for Horington. After a few days apart, Kai was starting to miss Josephine and the others. Especially now that he had found out Josephine was of fiery constituent. I wonder what she could achieve after cultivating.

However, Josephine and Lizbeth were nowhere to be seen when Kai and Lyanna arrived at the mansion at Dragon Bay.

Kai tried calling, but he couldn't reach either of them.

After that, Kai called William and Walter to see if they knew where Josephine and Lizbeth were. He was starting to get worried when neither of them knew where the girls were.

Right then, Kai remembered Rayleigh was with them when he left. They should be fine. After all, not a lot of people in the martial arts world can take Rayleigh on.

After a whole day of searching, Kai still couldn't find them. His calls to Rayleigh were to no avail as well. In the end, he decided not to search for them anymore. Since they're all together. I guess nothing bad can happen.

With July 15th fast approaching, Kai decided to start his cultivation. Coincidentally, that was when Tessa arrived with a carload of spiritual stones.

Tessa was surprised when she saw Lyanna in the mansion with Kai. Although she had already seen Josephine and Lizbeth around, she still couldn't help but feel upset when she saw another pretty lady with him.

Advertisement

"I never knew you kept so many women by your side, Mr. Chance. It seems like you're getting an endless stream of beauties." A hint of jealousy could be heard in Tessa's voice.

"You've mistaken, Ms. Snyder. She's just a friend of mine," Kai answered helplessly.

“Just a friend? Yet, the two of you are staying alone together. Where are Ms. Sullivan and the rest?” Tessa took a cursory glance at the mansion and asked.

“They’ve gone out. By the way, perhaps you should just get someone else to send these spiritual stones in the future. I mean, isn’t it a bit weird for you, a superstar, to do it by yourself?” Kai didn’t want Tessa to send those spiritual stones because he could tell that she had feelings for him. Since he didn’t feel the same toward her, he would rather not lead her on.

“Why? Is it because you don’t wish to see me?” Tessa’s expression suddenly turned grim. “I know you have an abundance of stunning ladies around you. However, am I worse than any of them in terms of looks and status?”

“This is a misunderstanding, Ms. Snyder! That’s not what I meant!” It was an awkward moment, and Kai was having trouble trying to explain himself.
