### Chapter 901 Director

Shane blushed and stuttered. He couldn't come up with an explanation. Kai smiled subtly and said, "It's fine. I was forced to become the Lord of Medicine God Sect too. The ones who are really in charge are Mr. Knox and the others."

"Yes, yes." Shane nodded repeatedly looking overly awkward.

"Don't just stand there. Eat the body pill and hurry up and train," Kai said.

Theodore waved his hand, and the team captains came over immediately, took the body pills, and distributed them.

"Thank you, Mr. Chance."

The members of the Department of Justice who received the Body Pills were ecstatic, and they thanked Kai.

"Since I promised to be your instructor, these are what I should do!" said Kai as he smiled.

"Mr. Chance, please have some rest. I have made an appointment with the director of Warriors Alliance in the evening, and we'll get together then. As long as someone Jadeborough's Warriors Alliance shows up, I believe more people will be afraid and apprehensive before going against you." Theodore whispered in Kai's ear.

"Thank you, General Jackson!"

Kai replied thankfully.

"You don't have to thank me, Mr. Chance. You're now a member of the Department of Justice. Your problem is my problem as well. However, I can't invite the leader of the Jadeborough's Warriors Alliance because I'm an insignificant character," Theodore said embarrassedly.

"I'm already grateful enough for you to do this."

Kai was indeed grateful to Theodore from the bottom of his heart. Theodore and the Baileys were the only ones he could trust in Jadeborough.

In the evening, a member from the Department of Justice came to escort Kai to the hall.

When Kai arrived at the hall, he saw an elderly man wearing a black training suit sitting in the middle of the hall. The elderly man looked majestic and devoid of emotions. Theodore smiled brightly as he poured some tea for the elderly man.

When he noticed the arrival of Kai, Theodore hurriedly waved his hand and introduced Kai. "Mr. Chance, this is Warren Gordon, the director of the Warriors Alliance in Jadeborough."

Kai glanced at Warren to gauge his strength. Sure enough, his strength was comparable to the strongest Martial Arts Grandmaster, and even Rayleigh might be inferior to him.

Even with such powerful strength, he didn't bother to conceal his aura. It seemed more like Warren was doing it on purpose.

"Nice to meet you, Mr. Gordon."

Kai extended his hand and greeted him politely.

However, Warren only glanced at Kai coldly and didn't shake hands with him. "Are you Kai Chance?"

"Yes!" Kai smiled awkwardly and retracted his hand.

Theodore glanced at Kai apologetically, but Kai didn't blame him. After all, Theodore made a great effort to invite Warren over.

Jadeborough's Department of Justice seemed to be negligible in the eyes of the Warriors Alliance. Even Theodore, the General of the Department of Justice, wasn't worth him wasting his words on.

"Were you the one who swallowed the draconic essence in Dragon Island?"

Warren proceeded to ask.

Kai was stunned for a moment. He didn't answer immediately because he didn't know what Warren was planning to do.

"Mr. Gordon, Mr. Chance..."

Warren waved his hand and interrupted Theodore. He looked coldly at Kai.

Kai gritted his teeth and answered, "That's right. I was the one who swallowed the draconic essence."

As soon as Kai admitted, Warren suddenly burst out in laughter. "Relax. You don't have to be nervous. I'm not interested in the draconic essence you swallowed, and I'm not going to kill you for it. The draconic essence might be a treasure for you, but to the Warriors Alliance, there are many other things far more valuable than that."

Kai was slightly relieved to hear Warren's words. After all, Warren's strength was comparable to a Martial Arts Grandmaster.

If Warren desired his draconic essence and tried to kill him, he wouldn't be able to fight back at all.

Chapter 902 Promise

Kai had to break through the Transcendence Phase as soon as possible, enter the Core Formation Phase, and cultivate his elixir field. By then, his powers would increase

several folds.

When that happens, Kai would also be equivalent to a Martial Arts Grandmaster. With the Dragonslayer Sword in his hand, he might have the power to fight with the strongest Martial Arts Grandmaster.

With Kai's current strength, he wouldn't stand a chance against a Martial Arts Grandmaster.

"Mr. Gordon must have seen many kinds of treasures, so he wouldn't be interested in a mere draconic essence."

Theodore began to flatter Warren.

"General Jackson, you don't have to flatter me. Indeed, I'm not interested in the draconic essence, but you do know what I like. I hope you can keep your promise." Warren didn't become complacent after Theodore's flattery. Instead, he spoke coldly.

Theodore paused for a second and nodded. "I will keep my promise. However, about Mr. Chance-

"Don't worry. I will send a notice to all the clans in the name of the martial arts association. No one will be allowed to harm Kai before the international competition. After all, Kai is representing Chanaea!" Warren assured them.

Theodore was delighted to hear that. "Thank you so much, Mr. Gordon."

As long as the major clans didn't cause any trouble for Kai before the competition, he could secretly send Kai out of the capital after the competition, and Kai would be able to hide anywhere.

Warren glanced at Kai again, stood up, and left.

While he was leaving, Warren flicked his finger and shot a beam of white light into Kai's body.

Kai was startled. He hurriedly tried to force the white light out of his body, but he couldn't find the white light in his body even after circulating his spiritual energy.

"Mr. Gordon-

Theodore was all flustered. He didn't understand why Warren would attack Kai after assuring his safety.

"You don't have to panic. I just branded him. He won't be allowed to leave the capital until I get what I want."

Warren left immediately after he finished.

Kai frowned slightly. He searched throughout his body again but couldn't find the brand.

"No wonder he's a Martial Arts Grandmaster. He's really amazing."

Kai could only watch helplessly as the old man branded him. He couldn't stop it, and he couldn't even find a trace of the brand. Their gap in strength was simply too huge.

After sending Warren off, Theodore walked back and said, "Mr. Chance, you don't have to worry anymore. Now that the Warriors Alliance has spoken, all the other clans won't dare to try anything against you for the time being."

"General Jackson, what did you promise him?"

Kai knew that Warren only helped him because Theodore agreed to his request.

"It's nothing. You just focus on preparing for the competition. I'll take care of the rest."

Theodore decided to not tell him.

Kai didn't question him any further as well. He didn't know anything about the complicated network of relations in Jadeborough, so it would be useless even if he had asked.

The next day, the Warriors Alliance posted a message on the martial arts forum.

"Kai has joined the Department of Justice and will participate in the international competition in a few days. Before the competition, no clans or individuals will be allowed to trouble Kai, no matter what personal grudges and hatreds you may have against him..."

The message spread like wildfire. When Kai fought Xander and killed him,

he became one of the hottest topics on the forums for a moment. However, only a part of them knew about him, and many martial arts masters ignored him. After all, it was a battle of inferior strength, and they weren't interested at all.

Chapter 903 Too Dangerous To Be Left Alive

However, things were different already. Those were news from the Warriors Alliance in Jadeborough. Therefore, every clan from every region would pay attention to it.

"Who exactly is this Kai Chane? How did he get the Warriors Alliance of Jadeborough to speak for him?"

"Is this man the one who swallowed the draconic essence?"

"Where is he from? Could he be the son of a noble family?"

"That's so cool. If I could get the Warriors Alliance of Jadeborough to speak for me, I could die with no regrets."

The forum was swarmed with heated discussions, and Kai became a prevalent name within the martial arts world.

However, this wasn't what Kai wanted. He just wanted to cultivate peacefully and discreetly until he attained the strength to attack the Deragons and rescue his mother. There was also the man who let his mother down, Kai's biological father. He wanted to know exactly what kind of a person his father really was.

He was the owner of an outrageously powerful Focus Technique and a ring that could control the entire Dragon Sect wasn't something that an ordinary person could have.

Even a faction like the Shadow Estate was just a regiment of the Dragon Sect, which showed how powerful the Dragon Sect was.

When he would finally seek out the thirteen regiments of the Dragon Sect, Kai wouldn't dare to imagine how powerful the Dragon Sect would become.

As the overlord of the Dragon Sect, it shouldn't be a problem for him to destroy the Deragons.

The current Kai still didn't know that he would be fighting against the world and even the entire galaxy as the overlord of the Dragon Sect and that the power of the Dragon Sect was far beyond his imagination.

In the meantime, inside the Shalvis family hall!

"Da\*n it. How did this brat get so close to the Warriors Alliance?"

Steinar looked at the news posted on the forum by the Warriors Alliance and smashed his phone on the ground with fury.

"Steinar, the higher-ups must have ordered the Warriors Alliance to do this. After all, Kai was also representing the Department of Justice. He might have wanted to gain protection by using his official identity," Wrea said from the side.

"Hmph, even the Department of Justice couldn't protect him. Let's see who will shelter him after the competition."

Steinar's eyes flashed with a murderous intent.

Kai chopped off his son's arm and humiliated Wrea. However, Steinar didn't gain any advantage after assaulting Kai. Because of this, Steinar had been really mad.

At the Deragon residence!

Ryker looked at the news posted by the Warriors Alliance and squinted slightly. His expression was neither sadness nor joy.

"This brat seems to have some tricks under his sleeve. He knows how to use the power of the Depart of Justice and have the Warriors Alliance speak for him."

Ryker spoke coldly.

"Mr. Deragon, this news by the Warriors Alliance wasn't aimed at the Deragons. It should be meant for the other clans. After all, many clans are eyeing the draconic essence in Kai's body, especially the Shalvis family. He chopped off Kristoff's arm and robbed Wrea of the position of instructor at the Department of Justice. Steinar must be steaming mad right now," Godrick said from the side.

"This brat seems to have the temperament of the Deragons. If Kai really turns out to be

my nephew, I'd be reluctant to kill him," Ryker smirked and said.  
"Mr. Deragon, he's too dangerous to be left alive. If Kai is really Ms. Beatrice's son, I'm afraid—"

"Are you telling me what to do?" Ryker frowned, and the cold aura from his body engulfed Godrick.

Godrick was frightened, and he sweated profusely. He quickly knelt to the ground and said, "Forgive me, Mr. Deragon."

"Remember, you're only a collateral descendant of the Deragons. Don't think too highly of yourself and criticize me. Know your place."

Ryker glared at him with a piercing gaze.

### Chapter 904 Protection

Ryker's position as the head of the family didn't come easy. He made great efforts to obtain that position because his relatives wouldn't recognize him. He had to kill his father in order to become the head of the family. However, Old Mr. Deragon told Beatrice an important secret before he died. Hence, she was locked up and tortured for more than twenty years by the other Deragons. Ryker was always jealous of Beatrice for their father had always favored his sister and he even gave her pet name, Renalia—a lady with dignified nature and found success in everything she took on.

He treated his position as more important than anything else. Therefore, he would not allow a collateral descendant of the Deragons to interfere with his affairs. They only had to carry out orders obediently.

"I'll remember that."

Godrick nodded repeatedly.

"Send a message on behalf of the Deragons. No one is allowed to kill Kai. Otherwise, they will have to face my wrath."

If Kai turned out to be his nephew, Ryker intended to use him to threaten Beatrice. If Kai died, he would lose his value.

"Understood." Godrick nodded before leaving.

Soon, another message popped up on the martial arts forum.

It was a message by the Deragons, warning all clans not to kill Kai.

Now that the Warriors Alliance and the Deragons had spoken for Kai, everyone in the martial arts world was shocked.

Nobody knew the reason why the Deragons wanted to protect Kai.

However, they suspected that Kai had something to do with the Deragons.

Only Kai and the Deragons knew about this matter. After all, this was a scandal, and the Deragons couldn't afford to disclose it to the public.

"Mr. Chance, look."

Theodore held the message posted on the martial arts forum by the Deragons and looked for Kai hurriedly. “The Deragons also announced to protect you. Do you have any history with them?”

Theodore thought it was odd because he had never heard of Kai’s relationship with the Deragons. If Kai were related to the Deragons, they wouldn’t be able to use their official identity as the Department of Justice as protection in Jadeborough.

Kai took a look at the news and didn’t know why the Deragons posted it. However, he was confident that the Deragons doubted his identity.

Advertisement

Back then, Rayleigh and Draco had warned him to keep a low profile as much as possible to prevent the Deragons from finding out about his existence. This way, Kai could spend more time cultivating.

But at this moment, the Deragons must have suspected his identity. They only posted the message because they wanted to capture Kai alive.

“I have nothing to do with the Deragons. Maybe they saw the message posted by the Warriors Alliance and wanted to ride on their wave,” Kai casually said.

Theodore didn’t question him any further. With the power of the Deragons, they didn’t have to do this. In fact, there were nearly one-third of prestigious families in the martial arts world in Jadeborough under them.

Moreover, the Deragons were prominent in the Warriors Alliance. Their voices were strong, so they did not need to ride on the Warriors Alliance wave.

With the news from the Warriors Alliance and the Deragons in the martial arts forum, Kai would be safe before the competition. No clan would dare to attack Kai unless they no longer value their lives.

After having this protection, Kai took the opportunity to wander around Jadeborough as it was only a few days away from the competition.

Initially, he wanted to see how Leviathan was recovering. Still, in the end, he didn’t manage to go because he knew he was a celebrity in the martial arts world at this moment, and he might cause a disaster if he went to Shadow Estate.

Because he wasn’t very familiar with Jadeborough, Kai made Tristan, a native of Jadeborough, his guide.

Lyanna also followed Kai around. She indulged in the delicacies and visited the places of attraction in Jadeborough. One could only imagine how happy she was.

“Tristan, Jadeborough has always been the imperial capital, and many royal catacombs were here. Now that we’re here, please take us there for a visit.”

Kai wanted Tristan to take him to the royal catacombs.

### Chapter 905 Royal Catacombs

The royal catacombs had always been filled with treasure. It might be a place with an abundance of spiritual energy. If one was lucky, one might even find a magical item.

“Mr. Chance, if you want to go, then I’ll take you there.”

Tristan drove the car and said, “There’s nothing much to see in the royal catacombs. Many of them have been excavated. What they had was all refurbished. They’re fake. It’s no longer interesting.”

When Kai heard him, his excitement vanished in an instant. However, since he was already heading there, he might as well take a look.

Soon, they arrived after a short moment. The area was tens of thousands of square meters, and there were more than a dozen tombs of various sizes. Because it wasn’t a holiday, there weren’t many people there.

The place had a pleasant environment. Around the catacombs were some lush mounds. In front of the mounds was a small river only a few meters wide, which was assumed to be manmade.

“What a serene view. The emperors must be enjoying their afterlife here,” Kai exclaimed.

“Mr. Chance, you guys wait here. I’ll get the tickets.”

Tristan wanted to buy the tickets, but Kai stopped him.

“It’s okay. There’s nothing to see here. Let’s walk around the premise.”

As soon as Kai got off the car, he had already noticed that the presence of spiritual energy was weak, and there was no aura from the magical items that he imagined. It seemed that the place had been completely dug out, leaving only the shells which were repaired in recent years.

Kai and the others walked along the hills next to the man-made river.

Although the spiritual energy was still the same, the air was much more refreshing.

There were also lesser people there, and it was an ideal place to relax.

Kai suddenly stopped when they passed by a small bridge and were about to walk up the mounds. He frowned slightly and immediately activated his spiritual sense, imprinting everything within a radius of hundreds of meters in his mind.

“What a strong aura.”

Advertisement

Kai felt a strong aura. Just by the aura he felt, he knew that the other party was a Martial Arts Grandmaster.

However, there was no reason for a Martial Arts Grandmaster to be there, not to mention how he had released his aura. It was a warning for other martial artists not to approach.

“Mr. Chance, there seems to be someone here, and he has declared this place as his territory.”

Tristan also felt the overwhelming aura, but he couldn't identify the other party's strength.

“This is a public place. Nobody owns this place. Let's continue walking,” Kai casually said.

Kai wanted to see what the Martial Arts Grandmaster was doing. After all, a Martial Arts Grandmaster would not cultivate at a place like this, nor would he expose his aura this easily. However, now that the other party was doing it, something must be going on. Kai and the others continued to advance. As they went further, the aura felt stronger. However, Kai discerned another aura and was stunned. “Why is there negative energy? Could it be Demonic Cultivation?”

If it were indeed Demonic Cultivation, then it would make sense. After all, Demonic Cultivation could not be seen and needed to be performed in a place with few people. This was an ideal place.

When they heard about Demonic Cultivation, Tristan and Lyanna's expressions turned grim. In contrast, Kai was becoming more and more excited.

Advertisement

If it really was Demonic Cultivation, Kai could use it to help his cultivation by absorbing the demonic aura. No one in the martial arts world would hold him accountable because demonic cultivators were evil. They could only cultivate by absorbing the martial energy from others or negative energy.

Chapter 906 Grave Robbery

As Kai and the others got closer, the overwhelming aura became denser.

In the end, Kai and the others arrived at the mound only to see an elderly sitting cross-legged on the ground about ten meters away. There were also seven crystal balls with pulsing lights orbiting the elderly.

“Seven Star Formation?”

Kai was a little surprised.

“Who is it?”

Kai's voice immediately alerted the elderly, and the seven crystal balls began to attack them. At the same time, a figure charged at them.

The seven crystal balls immediately surrounded Kai, Tristan and Lyanna the moment they arrived in front of them.

At the same time, the elderly had also appeared in front of Kai.

“Who are you people? Why are you peeping on my cultivation?”  
The elderly’s expression was cold and dignified.

“We’re just sightseeing. We didn’t mean to disrupt your cultivation.”  
Kai noticed that the elderly in front of him was indeed at the level of a Martial Arts Grandmaster. However, he wasn’t performing Demonic Cultivation because he didn’t sense any trace of negative energy from him. Instead, the negative energy was constantly emanating from the ground.

“Nonsense. I can see at a glance that you’re all martial artists, and your strength is of a Top Level Senior Grandmaster. I have spread out my aura hundreds of meters around here. How could you not feel it and trespass unintentionally?”

The elderly glared at Kai as he doubted his words.

Advertisement

“Since you refuse to believe me, there is nothing I can do about it. However, you don’t look like you’re training. You seem to be using the Seven Star Formation to locate caverns. Is this place an ancient tomb?”

Kai pretended to be ignorant. He had long guessed that there might be a catacomb underground when he detected the negative energy emanating from underground. Otherwise, there wouldn’t be so much negative energy.

When the elderly heard Kai, a glint flashed in his eyes and engulfed Kai and the others in an invisible veil of murderous intent.

It seemed that Kai’s suspicion was spot on, and the elderly wanted to silence Kai and the others by killing them.

“What the hell are you talking about? There’s no ancient tomb here. I’m just training. I’m warning you. Leave now, or you’ll feel sorry for yourselves.”

The elderly squinted and said coldly.

“You don’t even own this place. You can’t stop us from sightseeing,” Kai said indifferently.

“Do you know who I am? I’m Blake from the Henckle family. Haven’t you heard about the Henckle family? Not many people in Jadeborough dared to offend us.”

The elderly threatened Kai with a grim expression.

“The Henckle family?” Kai looked puzzled. He didn’t know who the Henckle family was. However, Tristan’s face turned pale. “Mr. Chance, the Henckle family has the same reputation as the Shalvis family, Thunderstorm Sect, and the Shadow Estate. However, the Henckle family specializes in grave robbing and has discovered many hidden tombs. Many clans would cooperate with the Henckle family to excavate the tombs.”

When Kai heard him, he became even more convinced that Blake wasn’t training. He must have discovered an ancient tomb here.

## Advertisement

“Well, search for your tomb, and I’ll be on my way. We have nothing to do with each other. You may carry on with whatever you’re doing.

Kai spoke and winked at Tristan and Lyanna. Then, the three continued to walk forward.

Blake was stunned for a moment. Then, a gush of fury rose to his head. “You dare to disrespect the Henckle family? You must have a death wish!”

As he finished, Blake flung his palm toward Kai and swept up a gust of terrifying aura.

To Blake, Kai and the others were as good as dead. As a Martial Arts Grandmaster, taking on a few Senior Grandmasters was an easy feat.
