Novel Chapter 1731 -The residence of the Yorks.

After Serenity called her sister, she helped Sonny measure the dumplings. After Sonny finished eating dumplings and taking his temperature, she said to Zachary: "Thirty-seven degrees seven, why don't you give him a warm bath again?"

Zachary poured Sonny a cup of warm water, asked Sonny to drink some warm water, and said, "Sonny is full now let Sonny rest for a while, and then assist him in taking a warm bath. It will take time to reduce the fever, but the doctor has prescribed medication to be taken at home."

At this time, Zachary's cell phone rang.

Serenity said: "Sonny's fever is subsiding, so you should get busy at work while I watch Sonny at home."

Zachary did not answer the call; instead, he listened to Serenity's words before picking up the phone. The call was from Mr. Dawson.

Zachary: "Mr. Dawson."

Zachary disliked Analia, but remained courteous to Mr. Dawson. Ultimately, the two groups sought cooperation. Zachary would rather give up the fat that was almost in his mouth if Analia was too much. He was also unwilling to work with Dawsons.

Mr. Dawson smiled heartily on the phone: "Mr. York, let's have dinner together at noon. I'll treat you."

Before Zachary could speak, he said again: "I've reserved a private room for the two of us at your Wilspon Hotel. The project we discussed last night can be discussed after dinner; there is no issue; the contract can be signed."

Analia boldly hooked Zachary's palm last night, and was criticized and educated by Mr. Dawson all night. Mr. Dawson still felt sorry for Zachary. Originally, he brought his daughter to discuss business with Zachary, which broke Zachary's rules.

Zachary's magnanimity was indifferent to Mr. Dawson, Mr. Dawson believed that Zachary after marriage was significantly more magnanimous than before marriage, and Zachary had been transformed by love.

But Mr. Dawson blamed himself for his daughter's hook.

He was extremely devoted to his daughter, but he had limits. He would not permit his daughter to intervene in other people's marriages if he were killed.

Therefore, Mr. Dawson decided to cooperate with York Corporation and no longer consider other companies, so he should use cooperation as an apology to Zachary.

In the future, he would not take his daughter to step into the York Corporation, nor would he give his daughter the chance to see Zachary.

Lest the daughter get deeper and deeper.

Mr. Dawson was still very familiar with his daughter. Analia lacked Elisa's courage, so she was able to afford to let it go.

If Analia were caught in it, she would be aware that there was no outcome, but she would still be drawn to it like moths to a flame and commit suicide.

"I want to take my wife with me, can I?" Mr. Dawson didn't take his daughter with him anymore, but Zachary wanted to take Serenity with him.

Serenity said at the side: "Sonny's fever hasn't completely subsided yet, I have to take care of Sonny at home. Husband, you can go by yourself."

Zachary looked at her.

Serenity knew what he meant, she said trustingly: "I have complete faith in you, you do not require my protection, and you will not betray me."

It's time for Serenity to marry him.

Serenity really believed that Zachary would not cheat.

No matter how beautiful the women outside were, he was a person who liked house flowers.

Zachary looked at Sonny again.

Zachary eventually gave up on going out with his lovely wife because Sonny was too small and uncomfortable and it was really inconvenient to take him to meet clients. Mr. Dawson was also a heavy smoker and didn't want Sonny to smoke secondhand smoke.

He responded to Mr. Dawson: "Okay, see you later, Mr. Dawson remember, just the two of us."

Mr. Dawson said straightforwardly: "Okay, see you later."

After Mr. Dawson hung up the phone, Zachary asked his beloved wife again: "Seren, are you really not going with me? Are you not afraid that others will snatch your husband away?"

"It is useless to be afraid, even if you are afraid. If you are to be robbed, I will guard you day and night. They claim that true love cannot be taken away. I believe that our love is genuine. No one can separate me from you."

Zachary touched Sonny's head, and said rather unpleasantly: "You rejected me because of Sonny, you value other people's men more than me."

Serenity couldn't laugh or cry.

Serenity: "It's coming again, it's coming again, I haven't been jealous for a long time, I miss the sour taste of vinegar, don't you?"
