**Married at First Sight Chapter 2274**-Julian: “Ms. Stone, what, what’s going on here? I’ve kept it a secret, when did it leak out?”

Elisa said angrily: “You don’t even know me, how do you know? You are Young master Bucham, and you don’t even know, ask me, who should I ask? Young master Bucham, you provoked this matter, and it hurt me. I don’t care where you are or what you’re doing, please, come here immediately, immediately!”

Julian knew he was wrong, he said embarrassedly: “Ms. Stone, don’t be angry, I was wrong about this matter, I got you in trouble, I will go over and explain to my parents right away. Ms. Stone, you will use me in the future, just ask me, I can help you solve it, and help you unconditionally.”

Julian, who was wronged, hurriedly made a promise to Elisa, lest she be made a villain by Elisa.

“I remember what you said. When I need to use you in the future, I will never be polite to you.” After Elisa finished speaking, she hung up the phone.

Serenity, who heard Elisa talking to Julian, waited for her to drop the phone, got up and walked over, picked up her phone, and put it back in front of her.

Serenity: “You’re so angry that you almost broke your phone.”

Elisa: “If it breaks, ask Julian to pay me for a new phone. I don’t know what the h-e-l-l he’s doing to hurt me.”

Elisa received a call from her mother, asking her to go home quickly, and after asking, she found out that Mr. Bucham actually knew that Julian had launched an enthusiastic “pursuit” of her recently.

Mr. Bucham was worried that his son would be a bachelor for the rest of his life, so he listened to the fortune-teller and searched everywhere for girls of marriageable age, or took pictures, or arranged for a real-life meeting and blind date.

Everyone in the high society in Wiltspoon knew that Mr. Bucham was crazy about marrying a daughter-in-law.

Any young girl with whom Julian was willing to chat a few more words would be arranged by Mr. Bucham to have a blind date with Julian, but everyone knew that Julian was sick, so even if those girls fell in love with Julian's appearance and status, they were unwilling to stay widows for a lifetime.

Therefore, blind dates, without exception, had no results.

He suddenly knew that his son had been pursuing Elisa recently, sending flowers and gifts every day, and whenever Elisa came back from a business trip, his son would go to the airport to pick her up.

Mr. and Mrs. Bucham were overjoyed immediately, thinking that Elisa was their son's destined girl.

Thinking that the master introduced by Old Mrs. York was not accurate, so the couple recklessly came to visit with generous gifts, and said that they would discuss the marriage of Elisa and Julian with Mrs. and Mr. Stone, which really scared Mrs. and Mr. Stone.

In fact, the Stones were also worried, always felt that the fire couldn't be covered with paper, and Mr. Bucham would know sooner or later. No, the paper was burned by the fire.

Serenity asked: "You just said that Mr. and Mrs. Bucham went to your house to talk to my aunt about your marriage with Julian?"

"That's right, Julian is still the young master of the Bucham family, so he can't hide it." Elisa began to question Julian's ability.

Serenity said with a guilty conscience: "The Bucham family is still headed by the Patriarch Bucham. The young master Bucham is just the young master and the successor, but he hasn't completely succeeded."

Seeing her cousin so angry, Serenity felt more guilty and justified.

"Julian doesn't like me at all, and it's even more impossible for me to like him. I don't know what the h-e-l-l that guy is doing. Ask him, but don't say why, and send me flowers and gifts every day. Remy is jealous every day."

Serenity: "...Elisa, let me tell you the truth, this incident was caused by my aunt in the first place."

Elisa looked at her suspiciously, "Seren, do you know the truth?"

Serenity: "I knew the truth not long ago, but I'm embarrassed to say that I'm sorry for you."

"Tell me, I'm not angry. Tell me the truth. Why did my mother provoke this incident? But when Julian talks sometimes, it does involve my mother."

Serenity hesitated for a moment, then said: "Auntie does not agree with you marrying away, and wants to separate you and Remy, isn't she trying to match you with Andrew, who is Zachary's cousin."
