**Married at First Sight Chapter 2345**—“Grandma York, the wedding of Zachary and Serenity is coming soon, you should be very busy too, this is your oldest grandson’s wedding, so I dare not take up your precious time, Kiera has me here.”

Julian was clearly asking the old lady not to steal his limelight.

Gave him a chance to perform well in front of Kiera.

The old lady smiled and said: “Zack’s wedding is coming soon, but I don’t need to do anything. I am already old, old-fashioned, and I have to walk with a cane. Do they dare to let me do things?”

I just have to talk, and they’ll do what I tell them to do. I’m busy, and when I’m idle, it’s boring.

My Wildridge Manor hasn’t been this lively for a long time. It’s been a long time since I saw so many children playing around in my Manor. I like excitement. If you want to behave, just behave, and I won’t stop you from doing so.

If you can’t even snatch me, an old woman, what will you do if a strong enemy appears in the future? Just surrender and give up your destined girl?”

Julian: “...I don’t know what it’s like to surrender.”

Who dared to snatch Kiera from him?

Grandma May smiled narrowly: “Julian, tell me now, if you surrender, I will go back to the house right away, and I will not disturb your performance in front of Kiera. I will also keep an eye on my family’s wedding. too busy.”

In Zachary’s wedding, the most important person was naturally herself.

Didn’t need to worry about the old lady, the old lady was just worried, after all, it was the first grandson’s wedding, and it needed to be a lively one.

From now on, Zachary would also be the head of the York family, and Serenity would be the wife of the head of the family. The wedding of the two of

them must be unprecedentedly grand, so that it would be difficult for the subsequent grandsons to get married.

Grandma May mainly supports Serenity, who would be the oldest sister-in-law in the future.

Grandma May: "If you don't surrender, I will follow you all the time. Anyway, I am old and thick-skinned, and I am not afraid to be the brightest light bulb."

Julian: "...Grandma York, you still like to watch others get slapped in the face."

Grandma May: "That's right, what I like most is seeing other people being slapped in the face. Didn't you say that you don't know what it's like to surrender? I'll let you taste it right now."

Julian: "..."

"Grandma York, I surrender, I surrender, I have tasted this taste, you old woman, go back to the house to rest, it's hot outside."

Grandma May laughed, "Okay, I won't bother you guys anymore, I'll go back to rest, and I have to keep an eye on my Zack's wedding. Seren is pregnant, and I have to take care of her. Zack has no experience."

Julian: "Didn't Zachary buy a lot of books related to pregnancy? I will learn from him in the future."

Knowing that Zachary had swept away many books related to pregnancy in bookstores, Julian even laughed at Zachary.

Julian was thinking about learning from Zachary in the future.

Although Josh of their family could read books, he was not as exaggerated as Zachary.

Grandma May: "Your wife hasn't even caught up yet, so you want to learn from the scriptures."

Julian smiled: "I must first look at the person I want to learn from."

"Okay, you guys play, I'm leaving, I won't be a light bulb."

Grandma May said, turned and left.

Seeing Grandma May leave, Julian heaved a sigh of relief.

He really admired the Zachary brothers, who could still be calm and composed with such a difficult grandma, no, they should have been numb by the old lady.

If he had such a difficult grandma, he might not even dare to go home.

When his father urged him to get married, Julian thought his father was difficult to deal with. Compared with Grandma York, he thought his father was okay.

Julian then went to Kiera and helped Kiera take care of the children.

After watching for a while, he felt that although the children were active, because they were martial arts practitioners, they were all agile, so nothing would happen to them, so he said to Kiera: "Ms. Caron, I think they all know how to be safe. If something goes wrong, we don't need to stand here and stare.

Let's sit under that tree and watch them play."
