**Married at First Sight Chapter 2501**-“Mom, what will she do to us? You and dad try to go out as little as possible.”

Elisa was worried.

Before Audrey could speak, Elisa said domineeringly, “But in Wiltspoon, we are not afraid of her. If she dares to do something, we can make it easier for her to come and not leave.”

Audrey said, “Don’t worry. On the surface, she won’t do anything. In private, if she doesn’t do anything, it will rain red. In the past, my mother was young and didn’t have a clear idea of her character. Now once you meet her, you know who she is.”

“Grandma’s death?”

Elisa looked at her mother.

Audrey said, “Mom, I believe that the truth will be revealed one day. Elisa, you don’t have to worry about this matter. Just take care of your own company and date Remy well. After Remy’s house is renovated, you two should also consider getting married. You two are quite young.”

She urged Elisa and Remy to put their marriage on the agenda.

Remy poured a glass of warm water for Audrey. After hearing what Audrey said, he took over with a smile: “Auntie, Elisa, and I are not considering getting married this year. This house has been renovated inside and out. It is a big place. It’s not that fast; it won’t be ready until a year from now at the earliest.

If we get married early next year, Serenity will have already had her baby, so it will be hard for her to come to our wedding. Elisa loves her cousins very much and wants them to come to the wedding. She wants all of her cousins to come to our wedding. So, Elisa and I have thought about it. After Jasmine and Serenity give birth, Elisa and I will get married and have a wedding.”

Audrey looked at Remy, then at Elisa, and said, “This is a major life event for both of you. Just think it over and decide. I will prepare a dowry for you. You can get married at any time, and there is a dowry for you at any time.”

Elisa's face turned red, and she said, "Mom, I don't hate getting married, and I'm not in a hurry. I'm busy right now. Jasmine and Serenity are both pregnant. The burden of our company falls on my shoulders. I don't have time to prepare for the wedding. I might as well push it aside."

Audrey said, "As long as Remy has no objection."

Remy: "I have no objection. Elisa's wishes will prevail."

The two of them finally gained Audrey's approval. Remy was only happy and had no objections.

Elisa could get married whenever she wanted, and Remy would always be by her side.

After Audrey drank a glass of warm water, accompanied by Remy and Elisa, she visited the love nest that Remy built for Elisa. Although it was not decorated yet, Remy paid great attention to every place and thing, mainly based on Elisa's hobbies.

Audrey never doubted the true nature of Remy's feelings for Elisa.

Of course she disagreed with the two of them being together, not because she disliked Remy for not having the ability, but because she felt that Remy was too far away.

She was reluctant to let her only daughter marry far away.

However, after Julian suddenly interfered, Audrey felt that Elisa and Remy were a perfect match. They were both talented and good-looking, and they had similar family backgrounds. The main reason was that the two of them were in love with each other.
