

Married At First Sight

Married At First Sight Chapter 2984-Serenity responded with a smile: "I know."

After Sonny was led away by the teacher, Serenity turned around and walked in the direction of where she parked her car.

She also saw Mrs. Labbe, who had just gotten into the car, and there were still two bodyguards following Mrs. Labbe.

A bodyguard helped Mrs. Labbe open the car door with a very respectful expression.

Mrs. Labbe turned her head, looked out the window, and saw serenity. She smiled and waved to Serenity.

Out of courtesy, Serenity also waved.

Soon, the luxury car carrying Carrie drove away.

Serenity averted her gaze, took out her mobile phone, and sent a voice message to Camryn: "Camryn, I saw Mrs. Labbe again. Is your sister giving you any trouble?"

Camryn hadn't gone out yet. She had a video conference in the morning, so she wouldn't go back to the flower shop.

There were still some things in the company that required her to communicate on the phone.

Anyway, she was busy.

In the evening, she followed Callum back to Wildridge Manor.

It was the weekend again.

She usually didn't work on weekends. If there's an urgent matter, Dalton will handle it.

There were employees in the flower shop watching again.

She was happy to be free and spend a pleasant weekend with Callum.

Tomorrow night, she will attend a banquet with her mother-in-law.

“Not now; I don’t know if she will come later.” Camryn responded to Serenity.

“I always feel that the Mrs. Labbe you are talking about is very similar to Carrie, and her voice is so similar.”

Serenity said, “Even if Carrie doesn’t have a boyfriend, she can’t afford to hire bodyguards or use luxury cars. I recognize her own car.”

Camryn said thoughtfully, “Next time I meet Mrs. Labbe, I will call Carrie and ask her to come to the scene. I will tell if she is alone.”

“Well, your method is good.”

Don’t blame the sisters-in-law for being careless.

The truth was, no matter how much Carrie pretended or changed, her body shape and voice had not changed.

Camryn had been Carrie for more than 20 years, and she had often bullied Camryn in the past. Camryn was extremely familiar with her voice.

In addition, the two women Carrie hated the most were Serenity and Camryn.

They had to suspect that Carrie would change her identity to approach them and then implement a big conspiracy.

“Are you still at home?” Serenity asked.

Camryn said, “I won’t go back to the flower shop today. There are a lot of things in the company that I have to deal with, and I have to hold a video conference.”

Originally, Camryn wanted to go to the company for a visit. However, she always stayed in the company for a few days every time. Considering that she had to accompany her mother-in-law to socialize this weekend, she canceled the trip and returned to the company next week.

Serenity asked again, “Did you go back to the company so early?”

Camryn smiled and said, "Your husband is willing to let you go out so early."

Serenity also laughed: "I sent Sonny to kindergarten. Zachary came back very late last night and drank some wine. He got up late today, so I went out first. He doesn't care what I do. I can do whatever I want and go out whenever I want."

Zachary meant what she said. She would not be asked to be a young lady at home.

Zachary respected any decision Serenity made and did not restrict her freedom. She could do whatever she wanted. He always supported her unconditionally. She was lucky to have a husband like this!
