

Married At First Sight

Married At First Sight Chapter 3374-But Kathryn also knew that this was something she couldn't avoid. Even if she did not participate in the Farrell family's struggle, she would still be involved in intrigue and deception in her business.

Among those who work in the business world, there are only a few honest people. There is no businessman who is not dishonest, and there is no businessman who is not dishonest.

Even after Kathryn started her own business, she has worked hard all the way to where she is today. She's fought her way out of the industry. Numerous small factories and companies were unable to compete with her company, resulting in a lack of orders and the inability to continue operating. Many small companies have closed down.

This world has always been one where the fittest survive and the strongest rule.

Pedro responded, "I will go and ask around. If Mrs. Stone really finds the assistant, I think she will come to us soon."

The previous head of the family was really killed by the current head of the family. How could Audrey not avenge her parents?

After several decades, Clarissa might not be sentenced to death, but her status as the head of the family would definitely come to an end.

Clarissa could forget about getting a chance to take the position of head of the family.

Maybe Audrey would even kill her.

Thinking of this, Pedro reminded me, "Miss, should we arrange a retreat in advance? I'm afraid that...Mrs. Stone and the eldest young lady of the York family will take revenge and kill everyone. Miss, Even if you're different from the matriarch, you're still her biological daughter."

He was afraid that the big families in Wiltspoon would vent their anger on Kathryn.

Kathryn said, "I believe they won't vent their anger on me, nor will they kill or burn anything. At most, I will leave Jensburg. To be honest, I don't want to stay here. I have also expressed my opinion to my cousin. As long as she has evidence to prove that my mother killed my aunt. I will return what belongs to them."

Pedro didn't say anything else.

However, he still decided to secretly arrange a retreat for Kathryn.

Regardless of whether Kathryn can get promoted or not, from the moment he is arranged to be by her side, he will belong to her for the rest of his life.

Wherever Kathryn went, he went.

He was her man in life and her ghost in death.

If she left Jensburg and stayed away from the Farrell family, she would not be bound by the Farrell family rules. Maybe they could have a good relationship, get married, have a few children, and live an ordinary but happy life.

With their abilities, they could make a name for themselves by leaving Jensburg and the Farrell family.

Deep down in his heart, Pedro even hoped that Kathryn could leave the Farrell family.

This word can't be said anymore.

This was his selfish desire.

He loved Kathryn.

When you fall in love, you want to spend your whole life with her like a normal couple.

Kathryn said, "You go ahead and do your work. I'm going to go see Liberty. I don't want her to wait too long. It's going to be dark soon."

In winter, the days are short and the nights are long. It's getting dark quickly.

It took several tens of minutes to drive from the center of Jensburg City to the area where her company was located.

It was already dark when she came back after going back and forth for a while.

"Okay, Miss, drive carefully. Do you have a bodyguard with you?" Pedro asked with concern.

Kathryn said, "I'm going to see Liberty. Why would I bring a bodyguard with me? It's okay. Nothing will happen to me alone."

In Jensburg, Kathryn was not worried about anything happening to her.
