

Married by Accident (English) Chapter 37 - Feeling so angry

Chapter 37: Feeling so angry

A while ago, Leonard, who had just finished talking to his parents about matters related to his future with Ayumi, was now climbing the stairs and his plan was to immediately go to a jewelry store and boutique.

Even later the mother will also take care of everything, namely going to the wedding organizer to talk about marriage problems.

The joy and excitement had now changed when he saw the figure of the woman he hated the most had just left the room. Seeing Arabella's neat appearance when she wore a peach colored shirt and a black knee-length skirt, it showed her sexy curves that made her feel sick.

He felt very sick because he thought that Arabella had taken advantage of the situation when Ayumi was around by discussing the problem of applying for jobs. He even thought that the woman was deliberately wearing sexy clothes because she wanted to seduce men with her body.

'Does she want to be a prostitute by hiding looking for work? She even wore that sexy shirt when she was going to look for work. Looks like I have to threaten her so as not to embarrass me,' cursed Leonard who was now walking quickly to the woman he hated so much and grabbed Arabella's wrist towards her room.

"Follow me, bitch!" cursed Leonard who completely ignored Arabella's refusal and immediately opened the bedroom door.

As soon as he stepped in with Arabella, Leonard immediately locked the door and threw the thin body of the woman he hated so much against the wall to the right of the door and locked both sides of the woman's face in front of him with his strong arms.

"What the hell are you planning, bitch!" sarcasm Leonard who was now directing a sharp, probing gaze as he locked Arabella's brown irises.

Arabella who was currently swallowing her saliva roughly as soon as she saw Leonard's gaze full of blazing fire when she was very close to her. She could even smell the minty breath from the mouth of the man she hated so much.

She wanted to push the burly body of the man who was staring at her as if she wanted to drown her. 'Damn it! Does he know that I'm up to something right now? I have to pretend I didn't plan anything,' muttered Arabella who was currently staring at her with piercing eyes.

"What do you mean, Leonard? Planning what? Didn't I tell you before? That I wanted to work and didn't want to be a burden in this house. Later, Ayumi will feel suspicious because there are absolutely no cosmetics on the dressing table in the room."

Leonard was not at all interested in discussing the things Arabella was currently discussing. The only thing that is currently being discussed is about what plans are in the brain of the woman who is currently in front of him.

"Don't change the subject, Arabella! You even go out wearing this sexy outfit. Do you want to peddle your body to johns? Don't embarrass me and my family with your attitude of wanting to make money by selling your body. If you want to work, you don't have to. said in front of Ayumi."

Feeling unsatisfied with cursing at women who he considered very cheap, Leonard had even now pulled Arabella's office shirt so that the top two buttons of her shirt were scattered and exposed the white skin of a woman with a puffy chest under the bra.

"Leonard! You've really gone mad!" Arabella cursed who is currently crossing her arms in front of her chest to cover the front of her body which shows her chest under her bra.

Meanwhile, Leonard, who was currently laughing and turning to a smirk when he saw Arabella's hypocrisy, was now trying to get rid of both hands with those long fingers as he covered his bulging chest that seemed challenging to squeeze.

"Why? You don't want me to see it, but are going to show it on purpose to the chubby boys who will book you at the hotel? What a hypocritical, cheap bitch!"

"I am your husband and am free to do anything to you. Even now I can strip and make love to you, but I will not touch your disgusting body! Ayumi is much more valuable than a cheap and poor woman like you!"

If another woman received such humiliation from her husband, she might burst into tears, but not for Arabella because what she is currently thinking is that she will feel safe because she is not touched by a man who is both husband and hated.

"Are you done venting your anger? If it's finished, I have to get out of here before Ayumi gets suspicious and don't let her see me come out of this room in this pathetic outfit."

Of course the anger that welled up in Leonard's chest immediately exploded when he saw the response of the woman with an attitude that he thought was very annoying. Unable to contain himself any longer, he wanted to teach Arabella a lesson.

"You really are a bitch!"

Leonard had used all his strength to tug at Arabella's clothes because he wanted to strip the body of the woman in front of him. Feeling belittled by a poor woman and not as beautiful as her women, of course made him feel very angry today.

"I'll make you regret your cocky attitude. You're just a cheap woman and don't pretend to be strong and powerful in front of me!" cursed Leonard who had now pulled with all his might on the peach colored shirt until all the buttons were undone.

Not only that, now the shirt was torn in the front and made Leonard smirk because he managed to expose Arabella's body very clearly by wearing a red bra. Without warning, he quickly let go by pointing up and directly sucking the top of the brownish breast to teach a lesson.

His hatred for Arabella has now turned into a desire because he wants to destroy the calm and confident attitude of the woman he has married in a serial way out of compulsion.

Meanwhile, Arabella, who was initially very surprised at the man's crazy behavior, made her nerves tense up and turned into a lot of pain because Leonard bit the top of her breast. She was still trying to avoid the madness of the man who bit the top of her breast until it hurt so much.

However, Leonard's power was far stronger than his weak strength. "Leonard, let go! I will scream and Ayumi will hear it. She will hate you so much if she sees the craziness you did to me."

The hoarse, heart-wrenching voice that now adorns the atmosphere of the room, Leonard doesn't care at all because he's filled with rage. Until a knock on the door took him by surprise.

"Leonard!"
