Chapter 38: Feeling hurt

Leonard, who had been controlled by anger and wanted to give a punishment to the woman he considered very arrogant by humiliating her by stripping her naked and leaving traces on the body with white skin. He thought that if someone later bought Arabella's body, he would feel disgusted and not buy the body of that cheap woman.

However, again he felt very angry when he heard the voice of his mother who had just knocked on the door and called his name. He reflexively pushed Arabella's body in front of him to get out of the way and immediately opened the door next to him as soon as Arabella stepped aside to the left behind the door.

Leonard now opened the doorknob and began to see the face of the woman he loved so dearly as he looked at her suspiciously.

"What's wrong mom?"

Naylasari who had followed her son to say something important because she had forgotten about it because her husband discussed the issue regarding the Ayumi family company which had to fall into Leonard's hands after becoming a husband.

However, when she was at the door of her son's room, she heard a woman's voice from inside and made her feel sure that it was Arabella who was currently inside and was trying to seduce Leonard. Feeling there is a sign of danger because if Ayumi sees that Arabella is in Leonard's room, she might get angry and misunderstand, then cancel the wedding plans.

Of course she doesn't want that to happen and later her dream of getting an ideal and ideal daughter-in-law like Ayumi will fail. Even though she had planned to introduce her future son-in-law to her socialite friends.

"What are you doing together with Arabella in the room, Leonard? Are you crazy? What if Ayumi sees you two in the room together? She will be very sad and misunderstood later. Gosh!" Naylasari who is now staring intently at her son, reflexively rushed in to look into the room.

Of course she wanted to check what the poor and hated woman was doing in her son's room. As soon as she saw the woman behind the door on the right, holding clothes with a pale face and clear grains on Arabella's face, Naylasari glared at the woman who was married to her son siri.

"Actually what are you doing in my son's room, you cheap woman! Are you plotting to thwart my son's wedding plans because you feel jealous and don't like him marrying Ayumi?"

Arabella who had been feeling a lot of pain at the tip of her breast from being bitten by Leonard so brutally, now felt very annoyed, but couldn't express her anger at this time.

If she could raise his voice at Leonard who never appreciated her as a dignified woman for insulting a cheap woman. This is different from a middle-aged woman who must be respected because she has always remembered the message of her deceased parents, which is to respect elders.

Like now, she was still holding on to her shirt which had unbuttoned her shirt because of Leonard's rudeness earlier. Now, Arabella lowered her head because she didn't want to see the woman's face.

"No, Aunt. It's not like that because Leonard suddenly dragged me into the room," Arabella whispered, feeling she had to be honest and saying the rottenness of the son of the middle-aged woman.

However, when she had just closed her mouth, she felt a burning sensation and intense pain in her hair. Yes, now her hair has been pulled very strongly by the woman who is currently insulting her all-out.

Naylasari who did not believe the words of the poor and cheap woman because she understood her son who did not like Arabella, could not hold back her anger anymore. Honestly, ever since the arrival of the woman in front of her, her emotions were running high and she wanted to vent.

Today is like the proverb that says 'the shoots are loved by the ulam too', so you don't waste any more time because you have managed to let go of the emotions that are bubbling up in your heart.

"You cheap woman! You think I believe your unreasonable words? You must be the one teasing my son because I know cheap women like you are only after our treasure, right?" cursed Naylasari who still didn't stop pulling the long tied hair.

"Sorry, Aunt. I'm really telling the truth. If you don't believe me, just ask Leonard!" cried Arabella who was currently holding back the heat in her head.

Maybe if it was a young woman who pulled her hair, she would retaliate by pulling her hair back. However, she realized there was no way she could do that to a middle-aged woman.

"Leonard, don't be silent! Tell your mother it was you who pulled me into your room!" shouted Arabella, who was currently feeling very annoyed with the man in front of her but had been silent all this time.

Leonard, who had absolutely no idea that his mother would feel angry at Arabella, naturally felt very confused. He even seemed to be bewitched by his mother's arrogant attitude which he had never seen before.

He only realized when he heard the screams from Arabella who was angry at him and reflexively separated the mother to remove her hand from Arabella's hair.

"Let go of Arabella, Mother. Ayumi will hear the sound of both of you screaming. Gosh. Ayumi is in the next room." Leonard is still trying to separate the mother who looks very angry.

Naylasari who has now been pulled by her son, has released her power from Arabella's hair. Even her hands now have Arabella's hair falling out. She turned her gaze to her son and glared at her with intimidation.

"Have you made love to this poor woman, Leonard?" said Naylasari who is currently feeling very angry because her son has taken a big risk that could destroy the future with Ayumi. "Don't let this poor woman get pregnant and demand money like this."

Leonard reflexively massaged his temples because he felt so dizzy when his mother thought such things to him, while he just wanted to punish Arabella who was being so arrogant just a moment ago.

"Oh my, how could I make love to this cheap woman. You don't have to worry because I feel disgusted with her and will never make love to Arabella. There is Ayumi who I really love and will soon be my wife."

"So, why waste a woman as perfect as Ayumi just for this cheap woman," Leonard said with a cynical look at Arabella who was grinning while holding her hair.

Arabella, who was hurt by the humiliation of the man who had insulted her self-respect, was utterly sick of being in those rooms. Not wanting to get hurt more, she now chose to get out of there without looking back. Even tears ran down her white cheeks as her pride had been crushed by Leonard.
