This bastard.

Zhan Wei was still the same.

Even when Romina ( Lan Ruoruo ) glared at him, he stood up, leaned over half of his body, stretched out his hand and gently touched Romina ( Lan Ruoruo )’s forehead.

He said in a doting tone: “Romina ( Lan Ruoruo ), you are too serious when you glare at people. I still like to see you smiling.”

Romina ( Lan Ruoruo ) slapped Zhan Wei’s hand away.

The man stood up and said to Zhan Wei with a cold face: “Zhan Wei, come out with me, I have something to say to you.”

Zhan Wei smiled and said: “Can’t I say it here?”

Romina ( Lan Ruoruo ) ignored him and turned to go out.

Zhan Wei had to follow.

Meizhen didn’t have a chance to say a few words to Zhan Wei from beginning to end.

Zhan Wei didn't look at her either.

She looked at the backs of the two people who walked out and smiled bitterly.

Why would the vice president be a matchmaker for President Zhan and arrange for her to have a blind date with President Zhan?

President Zhan's performance clearly showed that he liked the vice president. She came to have a blind date with President Zhan just to get a meal.

President Zhan had no interest in her at all.

Sighing, Meizhen picked up the serving chopsticks and picked up two dishes that she liked but usually couldn't bear to eat because they were too expensive.

She had just started working and her income was average, so she didn't have that much money to spend here.

She heard from the senior colleagues in the company that the food at Yangcheng Hotel was delicious and the service was also very good.

As an employee of the Lan Group, this was her first time to enter Yangcheng Hotel and eat here.

Forget it, if the blind date doesn't work out, just eat and drink well.

Originally, she had no hope for today's blind date.

President Zhan is too outstanding.

How could he be interested in a small employee like her.

President Zhan likes their vice president, and they are a perfect match made in heaven.

Although, the two are sworn enemies.

It is also possible to go from killing each other to loving each other.

After Ji Meizhen figured it out, she ate her meal in a good mood, no matter what the two people outside had to say.

Fortunately, she only had a good impression of Zhan Wei, not love.

After returning from the blind date, she would talk to other colleagues in the company who admired President Zhan, reminding them not to daydream, and President Zhan could not like any of them.

Romina ( Lan Ruoruo ) walked out of the private room and took Zhan Wei to the end of the corridor outside. She stopped, turned around and scolded Zhan Wei: “Zhan Wei, did you do this on purpose?”

“You don’t really want a blind date. If you didn’t want a blind date, you should have said so earlier. I don’t need to bother arranging a blind date for you. God knows how much time I spent arranging a blind

date for you.” “I took so much trouble to arrange a blind date for you, but you did this. It’s okay if you don’t interact with the blind date, but why are you always considerate to me?”

“Are you deliberately letting the blind date misunderstand our relationship?”

Zhan Wei was scolded by her, but he was not angry. He said very good-temperedly: “Romina ( Lan Ruoruo ), don’t be angry. Being angry at mealtime will affect your appetite.”

“Food is the most important thing for people. Nothing is more important than eating.”

“You must keep a good mood when eating, so that you can eat well. If you eat well, you will be healthy. You see you have lost weight, it makes me sad.

## Married at First Sight Chapter 4597

Romina ( Lan Ruoruo )’s face was full of black lines.

“Zhan Wei!”

“Can you be serious?”

Zhan Wei said innocently: “I am serious, I am not smiling, I am telling the truth.”

Romina ( Lan Ruoruo ) was speechless.

After a pause, she said again: “Don’t you really want to go on a blind date? If you don’t want to go on a blind date, I won’t bother arranging the blind date in the evening, and all the blind dates in the next month will be canceled.”

“Although we have signed an agreement, it is in black and white and I cannot go back on it, but if you don’t cooperate, it is your fault and has nothing to do with me.”

“Even if I go back on my word, you can’t say it’s my problem.”

Zhan Wei said: “Aren’t I here? You arranged for me to go on a blind date with an employee of your company. I’m here and I gave her a bouquet of flowers. Why don’t you cooperate?”

Romina ( Lan Ruoruo ) said a little angrily: “You came here for a blind date, but your performance was not good. You didn’t interact with your blind date and you didn’t even pick up some food for her.”

“Why do you always pick up food for me? That will only make your blind date misunderstand us and think you are going on a blind date with me.”

Zhan Wei said innocently: “But I don’t know Miss Ji. I don’t know what kind of food she likes. How dare I pick up food for her casually?”

“Miss Ji and I are complete strangers. We don’t know each other well and there’s nothing much to talk about. We’re not on the same level. We only talk about business and projects.”

“The only things Miss Ji can talk to me about are workplace matters and gossip in their office, right? I really can’t talk about such topics because I don’t have the same workplace experience as Miss Ji.”

Romina ( Lan Ruoruo ) wanted to refute that he was also an employee. She remembered that when he first joined Yangtai, he was a professional manager. At that time, besides the boss, he was the highest-ranking person. The boss completely regarded him as a lifeline.

He was completely handed over to him to manage Yangtai. He had the final say in the company since he joined Yangtai. He really didn’t have the workplace experience like Ji Meizhen.

Romina ( Lan Ruoruo ) took a deep breath and said, “Are you disgusted that Miss Ji is not worthy of you?”

Zhan Wei smiled, “I don’t dislike Miss Ji, it’s just that Miss Ji and I don’t have any common topics. We really can’t talk, so I don’t want to spend time on her. I can only talk to you, and we both have common topics.”

“You want to talk to me, okay, but you’re going too far. You’re being considerate to me, which can easily be misunderstood.”

Zhan Wei said innocently, “Am I being considerate to you? I thought I was being polite. We are so familiar with each other, it’s only right that I should be polite to you.”

“Actually, let’s not talk about business. After we both leave our respective companies, we have no grudges. It’s not impossible for us to get along as friends, Romina ( Lan Ruoruo ), what do you think, right?”

“My sister-in-law always says about me, saying that you are so outstanding, have a good temper, and have an excellent temperament. You are obviously a good girl, why do you always target you and become your sworn enemy, saying that I am narrow-minded and not tolerant enough.”

“You also said that you and I are just rivals in business, and we have no grudges against each other privately, so why should we treat each other like enemies?”

“I’ve thought about it carefully recently, and I think my sister-in-law is right, so as long as we don’t talk about business, we are old friends. I am absolutely sincere and considerate to my friends.”

Romina ( Lan Ruoruo ) opened her mouth to refute him several times, but she swallowed the words back every time she got to her lips. She felt that it was not appropriate to refute him in that way, and she didn’t know what to say for a while.

After staring at Yu Wei for a while, Romina ( Lan Ruoruo ) sighed and said, “Forget it, I didn’t think it through for today’s blind date. I didn’t expect that you and Meizhen would have no common topics.”

“But since the girl is here, let’s go in and finish our conversation, otherwise you will say that I didn’t treat you to dinner.

## Married at First Sight Chapter 4598

Zhan Wei smiled and said, “Okay, go in, eat well, you need to eat more, you’ve really lost some weight.”

Romina ( Lan Ruoruo ) ignored him and went back to the private room first.

Seeing Ji Meizhen eating as if nothing had happened, without showing any embarrassment or sadness, Romina ( Lan Ruoruo ) secretly breathed a sigh of relief.

Although she was the eldest daughter of the Lan family and the vice president of the company, Ji Meizhen didn’t dare to do anything to her, but as a matchmaker, she arranged for the girl to come for a blind date, but the blind date ignored the girl and was always considerate of her. What’s going on ?

Romina ( Lan Ruoruo ) felt sorry for Meizhen, and thought about giving her a promotion and a raise after the other party had worked for a full year.

“Meizhen, this is the signature dish of our Yangcheng Hotel.”

Romina ( Lan Ruoruo ) smiled and picked up some food for Meizhen, “Try it.”

Meizhen hurriedly thanked her and smiled, “Vice President, I just ate it, it’s really delicious, it’s worthy of being a signature dish, every dish here is delicious.”

When the two were whispering outside, she had tasted every dish on the table.

It really deserves to be called Yangcheng Hotel. She really thinks the food is delicious.

Normally, she doesn’t have the financial resources to come here to spend money. Today, she took the opportunity of the blind date to eat here. After returning, she will brag about it to her colleagues. It’s worth it.

As for the result of the blind date, she didn’t come here with any hope. She can accept no result. She won’t be sad.

She has figured it out. She doesn’t feel embarrassed if she doesn’t get the attention of President Zhan and President Zhan doesn’t say a few words to her.

To be honest, she doesn’t know what to say to President Zhan. She couldn’t tell Mr. Zhan about work, and Mr. Zhan didn’t want to know. He was even more afraid that if she talked about it casually, the vice president would think that she had leaked company secrets and affected her future.

So, she couldn’t talk about work, so she talked about other things. She and Zhan Wei were not familiar with each other. Although she had met Zhan Wei twice, Zhan Wei had no impression of her at all.

When there is no way to talk, even half a sentence is too much.

The best way is to keep silent and eat her meal quietly.

After eating and drinking enough, the blind date is over, and she can go back.

At the end of the meal, the only person who was really full was Ji Meizhen.

After the meal, they chatted for a few more words, and Romina ( Lan Ruoruo ) took Ji Meizhen away.

Meizhen was still holding the bouquet of flowers that Zhan Wei gave her. After getting in the car, Romina ( Lan Ruoruo ) took a look at the bouquet of flowers and said to Ji Meizhen, “Zhan Wei is really stingy. He only gave me a bouquet of flowers worth dozens of yuan for the first meeting.”

“It’s good that President Zhan gave me a bouquet of flowers worth dozens of yuan. It’s better than coming empty-handed.”

Romina ( Lan Ruoruo ) smiled, “That’s right.”

She drove and took Ji Meizhen back to the company.

“Meizhen, I’m sorry for today’s blind date. I was not thoughtful enough. President Zhan said that he and you have no common topics, and I don’t know what to say.”

“Deputy President, you don’t have to apologize. A blind date is just to see each other. If you are attracted to each other, you can leave contact information and continue chatting and develop a relationship. If you are not attracted to each other, that’s it. It’s not the matchmaker’s fault.

## Married at First Sight Chapter 4599

“Matchmakers can arrange blind dates, but they can’t guarantee that every blind date will have a result.”

“It’s my honor to be able to have a blind date with President Zhan today. I really don’t dare to hope that President Zhan will like me. I didn’t hold out hope in the first place, and now this result is expected.”

Romina ( Lan Ruoruo ) glanced at her and then focused on driving again.

She said, “Meizhen, you are still young and have just started working. Work hard first and make some achievements in your career. You will have advantages in blind dates or love in the future.”

“At least I won’t be disliked by my future in-laws.”

Ji Meizhen agreed, “That’s right, I will work hard first, and after a few years of work, I will have some achievements, and then consider love and marriage. Anyway, I’m not in a hurry.”

“Come on, I believe you will get better and better in the future.”

“Thank you, Vice President, I will.”

The two returned to the company, and Ji Meizhen got off the car first. She didn't go to the office building immediately, but walked to other places, not wanting people to see that she got off the vice president's car.

Only the vice president and the secretary knew about the blind date at noon.

No one else knew. The vice president

's secretary told her quietly that she was going to be taken to the blind date with President Zhan.

She was just worried that the blind date would fail and affect her reputation.

Perhaps the vice president also guessed that the blind date would not work out.

Romina ( Lan Ruoruo ) got off the car last, but entered the office building first.

She took the elevator directly to the floor where her office was located.

The secretary had already arrived. Seeing her coming back, he looked at her with gossipy eyes.

Romina ( Lan Ruoruo ) said with a smile: “It's not time to go to work yet. I'll give you ten minutes to gossip. Come in.”

The secretary giggled and followed Romina ( Lan Ruoruo ) into the office.

As soon as the office door was closed, she asked anxiously: “Vice President, how was the blind date? Is there any hope?”

“Do you still want to arrange the blind date in the evening?”

Romina ( Lan Ruoruo ) sat down on the sofa in the reception area. The secretary was very considerate and quickly went to pour her a glass of warm water.

After drinking half a glass of water, Romina ( Lan Ruoruo ) put down the glass and said, “How can it be successful? There is no hope at all. Apart from saying hello when they first met, Zhan Wei didn't even look at the girl.”

“When I asked him to pick some food for the girl, he said he didn't know what she liked to eat and it was difficult to pick up the food.”

“He didn’t even talk to her, which made me, the matchmaker, feel embarrassed. I think he probably doesn’t want to go on a blind date. He just wants to find an excuse to torture me.”

“Arranging a blind date for him and accompanying him on the blind date is really a torture. I would rather deal with a pile of documents than do such a thankless task.”

The secretary laughed and said, “I guessed this would be the result. President Zhan’s eyes are on top of his head. How could he easily fall in love with the blind date?”

“Over the years, so many strong women have pursued President Zhan, but to no avail.”

“The blind date we arranged for President Zhan is just a new employee in the company, and he’s an ordinary employee. How could President Zhan be interested in him?”

Romina ( Lan Ruoruo ) sighed, “I just came to my senses. I shouldn’t have signed the agreement with Zhan Wei in the first place. I feel like I jumped into a big pit and was tricked by him.”

“I knew I was tricked by him, but I couldn’t do anything about it. It was all my fault for getting drunk that night. Drinking ruined things. I won’t get drunk again in the future. I’ll just drink two or three glasses at most.

## Married at First Sight Chapter 4600

Having learned her lesson, Miss Lan dared not drink recklessly again, for fear of getting drunk again and causing a disaster.

The secretary consoled her, “The vice president should just treat it as inviting President Zhan to dinner twice a day, and the blind date is just a side thing, and President Zhan doesn’t really want a blind date anyway.”

With Zhan Wei’s conditions, there is no need for blind dates. As long as he is willing to give others a chance, there are many strong women who want to marry him.

“Even if I don’t arrange a blind date for him, I will still treat him to a meal. I owe him one.”

“I don’t know why I’ve been so unlucky lately. I lose to Zhan Wei every time. No, I have to go worship God this weekend and pray to Buddha to protect me from being cheated by Zhan Wei.”

The secretary chuckled, “Vice President, haven’t you always disbelieved in ghosts and gods? You said that your destiny is in your own hands, and you have to work hard for what you want.”

“Don’t believe in gods and Buddhas. If there are really such powerful gods and Buddhas who can grant whatever you ask for, then everyone doesn’t have to work hard. Everyone can go to the Buddha and make a wish, and you will get what you want.”

Romina ( Lan Ruoruo ) said, “It’s like this. We have to work hard to get what we want. God will not treat those who are prepared unfairly.”

“Now before work, go and help me choose a blind date, and take her to dinner with Zhan Wei in the evening.”

The secretary smiled and said, “Okay, I’ll do it now. Vice President, don’t be depressed. We all know that this matter will not have any result.”

Romina ( Lan Ruoruo ) waved her hand, motioning the secretary to help her.

She was embarrassed to say that during the blind date, Zhan Wei ignored the blind date and was very considerate to her as a matchmaker.

After the secretary left, Romina ( Lan Ruoruo ) leaned back on the sofa, staring at the ceiling in a daze.

The phone rang.

Romina ( Lan Ruoruo ) pulled back her thoughts and took out her phone to check. It was her brother.

She answered the call.

“Romina ( Lan Ruoruo ), how is it? The blind date at noon.”

Romina ( Lan Ruoruo ) said to her brother: “President Lan, are you very free? You even remember to ask the result of such a small matter, and it has nothing to do with you.”

Lan Dongxiao chuckled, “Brother is very busy, very busy, but no matter how busy I am, I have to drink a glass of water. I just took the time to drink a glass of water to gossip a little, haha, brother is really curious.”

“It’s interesting to think about it. You and Zhan Wei are sworn enemies. Do you feel uneasy when you arrange a blind date for your sworn enemy? Are you racking your brains to find good things about Zhan Wei and tell the blind date?”

“If this gets out and those entertainment reporters in Yangcheng know about it, haha, it will definitely be the front-page headlines.”

Romina ( Lan Ruoruo ) looked unhappy.

“I have done a good job of keeping it secret. If it gets out, it must be Zhan Wei or my elder brother who said it.”

Lan Dongxiao cried out: “How could I tell it? I am your elder brother and I am the same person as you. Only Zhan Wei could tell it.”

“Really? I always feel that my elder brother is on Zhan Wei’s side. He is eager for Zhan Wei and I to be reported and become the object of the scandal.”

Lan Dongxiao did not admit it: “You said that you and Zhan Wei are impossible. I think what you said makes sense, so my brother is on your side and will never stand on Zhan Wei’s side.”

“We are siblings, and Zhan Wei is an outsider. How can I not help my sister and an outsider?”

Lan Dongxiao did not dare to let his sister know. Before his sister and Zhan Wei had dinner, he had talked to Zhan Wei first, and hinted that Zhan Wei had to make some sacrifices before he had a chance to be with Romina ( Lan Ruoruo ). He

also hinted that Zhan Wei should give Romina ( Lan Ruoruo ) some gifts and start to pursue his wife openly and secretly.

If my sister knew about this, she would definitely be angry, which would easily affect the relationship between brothers and sisters.

Well, let’s keep it secret for the time being.

## Married at First Sight Chapter 4601

“Although we are siblings, my eldest brother is just like grandpa, always thinking about marrying me off.”

Romina ( Lan Ruoruo ) complained, “I’m not eating for free at home, I also help you share your worries and troubles, why do you always think about marrying me off?”

“Who should I marry? There are really not many men I like.”

Of course, there are some who I like, but they don’t get along well with each other and are mortal enemies in business.

Romina ( Lan Ruoruo ) admitted that she actually likes Zhan Wei.

“Romina ( Lan Ruoruo ), it’s not that big brother wants to drive you away, but big brother hopes that you can be happy. Marry a good man, you can live happily for the rest of your life, and we can rest assured.”

“Marriage has its pros and cons, and you shouldn’t resist marriage.”

“We should do what we should do at what age.”

“Get married when you are old enough to get married, and have children when you are old enough to have children. That’s life.”

“If everyone doesn’t get married and have children, mankind will perish.”

Romina ( Lan Ruoruo ) pouted, “I don’t think about such long-term things. When the day comes for mankind to perish, it won’t be just me who will die, but everyone. What is there to be afraid of? I have a companion.” Lan

Dongxiao: “...”

He stared at his sister for a long time, and suddenly asked, “Romina ( Lan Ruoruo ), brother will ask you a few questions, answer them honestly.”

“Ask, as long as I can answer, I will answer honestly and won’t lie to my brother.”

Lan Dongxiao asked, “If Zhan Wei can sacrifice his career, that is, leave Yangtai, is it possible for you two?”

Romina ( Lan Ruoruo ) frowned, “Brother, why are you dragging Zhan Wei into it again? I said it’s impossible for Zhan Wei and I.”

“It took him several years to lead Yangtai to where it is today, and he has become Yangtai’s second largest shareholder. How could he leave Yangtai?”

“I also don’t want him to sacrifice his career for me. That would be too selfish.”

“Unless he joins our Lan Group, in that case, I can accept it. But, brother, if he comes to our Lan Group, you have to give him a vice president position with an annual salary of tens of millions.”

Lan Dongxiao smiled and said, “If he is willing to come, I will naturally give him a vice president position and an annual salary of tens of millions, making him equal to you.”

“Will he come?”

Romina ( Lan Ruoruo ) was silent.

“Romina ( Lan Ruoruo ), how about you use the honey trap? You and him become lovers. In order to be with you, he might be willing to bring Yang Tai to join our Lan Group.”

If Yang Tai didn’t have Zhan Wei, he would be acquired by the big boss of the same industry at any time.

“Brother, I don’t want to do that. If I really develop with Zhan Wei, I hope it will be natural. After all, marriage is a big deal. I don’t want the relationship between him and me to be mixed with any impurities.”

Lan Dongxiao was silent for a while, and said, “Okay, that’s your business. You can handle it yourself. I’m just talking casually.”

“You are busy. I’m going back to work.”

Romina ( Lan Ruoruo ) hummed and watched her brother leave.

Half an hour later.

Zhan Wei’s Maybach appeared at the door of the Lan Group.

He honked the car horn. After the security guard on duty saw that it was him, he did not open the door for him immediately, but asked the security captain, who asked them to open the door.

They dared to open the door and let Zhan Wei drive into the Lan Group.

Zhan Wei was not the first time to come to the Lan Group.

In fact, he would come to the door every once in a while to settle accounts with Romina ( Lan Ruoruo ).

The two often quarreled in Romina ( Lan Ruoruo )’s office with the door closed.

Sometimes, Romina ( Lan Ruoruo ) would find Yang Tai and quarrel with Zhan Wei behind closed office doors.

Zhan Wei parked the car directly at the entrance of the office building.

The two receptionists saw the familiar license plate number, and one of them immediately called Romina ( Lan Ruoruo )'s secretary and told the other party: "Boss Zhan is here."

The secretary immediately told Romina ( Lan Ruoruo ).

After parking the car, Zhan Wei got out.

Then he walked around the car body, came to the front passenger seat, opened the door, leaned in, and took out a bunch of beautifully wrapped money flowers.

All of them were hundred-dollar bills.

## Married at First Sight Chapter 4602

This is a bouquet of flowers made for him by the florist after he withdrew cash.

Holding the bouquet of flowers, Zhan Qishao walked up the stairs with a smile and walked into the office building.

"Boss Zhan, good afternoon."

The two receptionists stood up and greeted him politely.

They were very surprised to see Zhan Wei coming in with a bouquet of flowers. After seeing that it was a big bouquet of flowers, they couldn't help but envy him.

Wait.

Why did Boss Zhan bring a bouquet of flowers?

Or money flowers.

Who is this for?

Vice President Lan?

Could something have happened between Boss Zhan and Vice President Lan?

Yes, a famous entertainment reporter reported that Vice President Lan and Boss Zhan are actually a secret marriage. The two even have two children, a boy and a girl.

Although the photos don't show the two children from the side or the back, the eldest is a son, about six or seven years old.

The second is a girl, who looks about one year old.

Vice President Lan issued a clarification statement, explaining that she and Boss Zhan went shopping together, and it was an accidental encounter.

They said that the two children were Boss Zhan's nieces and nephews, not their children.

Boss Zhan's niece liked Vice President Lan very much, so after they met by chance, the little girl asked Vice President Lan to hold her, and Vice President Lan went shopping with Boss Zhan for a while.

Yangtai also issued a statement to clarify.

"Boss Zhan, what are you doing?"

A receptionist boldly asked Zhan Wei why he came with a bouquet of flowers this time.

Didn't he come here to quarrel with their vice president?

Zhan Wei smiled and asked them, "Do you think my bouquet of flowers is beautiful?"  
"Beautiful."

"Will you girls like it?"

"We both like it, and I think others will like it too."

After all, no one doesn't like money.

If someone gives them money flowers, they will like it no matter how many bouquets they get.

"That's good, this is for your Vice President Lan. I don't know if she likes it. I hope she likes it."

The two receptionists were immediately full of gossip, but they were embarrassed to ask too much.

“Is your Vice President Lan not out?”

The two receptionists shook their heads.

“Okay, you guys do your work, I’ll go upstairs to see your Vice President.”

Zhan Wei walked in with a bouquet of flowers. He

met many employees of the Lan Group along the way. Everyone was not surprised to see him, but everyone was surprised to see him holding a bunch of money flowers.

When he got off the elevator, Zhan Wei happened to meet Ji Meizhen who was going upstairs to take a document to the leader for signature.

“Boss Zhan.”

Ji Meizhen greeted politely.

Zhan Wei nodded slightly.

The two had a blind date at noon. Although the blind date was not successful, Zhan Wei was a little embarrassed to see the blind date again.

Ji Meizhen looked calm.

Everyone in the elevator was looking at Zhan Wei’s bouquet of flowers, but Ji Meizhen was calm and didn’t even look at the flowers for a second, as if Zhan Wei’s flowers were something she expected.

She knew that the person Zhan Wei really liked was Vice President Lan.

## Married at First Sight Chapter 4603

During the blind date, President Zhan was so considerate to Vice President Lan, constantly helping Vice President Lan pick up food. Even a fool could see that President Zhan liked Vice President Lan.

In Ji Meizhen’s eyes, Romina ( Lan Ruoruo ) and Zhan Wei were also a good match.

Both of them were capable, courageous, and good-looking.

Although they were business rivals.

When they were not talking about business, they could actually get along well.

Soon, the people in the elevator went out one after another.

Zhan Wei was the last one.

He took the elevator to the second to last floor before walking out.

Romina ( Lan Ruoruo )'s secretary had heard the news a long time ago. When she saw Zhan Wei coming over with a bouquet of flowers, she wanted to stop him and gossip about him. In the end, out of professional ethics, she stopped Zhan Wei and did not let him go directly into the vice president's office.

"Boss Zhan, our vice president is busy and can't see you for the time being. Please come back another day."

"She's busy with her own things. I won't disturb her. I'll just give her a bouquet of flowers."

Zhan Wei said good-temperedly, "Please ask her if she will let me in. Maybe she is willing to see me."

The secretary looked at the bouquet of flowers and smiled, "What tricks does Boss Zhan want to play today? Is it a conspiracy or an open conspiracy?"

"I won't tell you."

The secretary smiled and helped Zhan Wei make an internal call to Romina ( Lan Ruoruo ).

After obtaining Romina ( Lan Ruoruo )'s consent, she let Zhan Wei knock on the door and go in.

Romina ( Lan Ruoruo ) sat on a black swivel chair, with many documents on the table that needed her signature.

After Zhan Wei came in, she immediately took the document spread out on the table, fearing that Zhan Wei would see it.

Zhan Wei saw her little action and didn't think there was anything wrong with it.

If it were him, he would do the same when he saw his mortal enemy coming in. Zhan Wei held the bouquet of money flowers and walked straight to Romina ( Lan Ruoruo )'s desk. He leaned over and handed the bouquet to Romina ( Lan Ruoruo ).

His eyes were deeply locked on Romina ( Lan Ruoruo )'s pretty face, and his voice was gentle and deep: "Romina ( Lan Ruoruo ), I asked someone to make a bouquet of money flowers for me. I think it's very beautiful, but there is no vase in my office to put flowers in."

"Remember there is a vase in your office. Yes, I will send it to you. You can put the flowers in the vase and appreciate the flowers in your spare time. You will feel very good."

Money flowers are the most beautiful.

Romina ( Lan Ruoruo ) did not take the bouquet. She looked at the flowers and then looked at Zhan Wei.

Frowning, he asked, "Zhan Wei, what are you doing again?"

"You sent me flowers? What's the meaning? If you want to send flowers, shouldn't you send them to your blind date? You sent them to the wrong person, or you don't know where Meizhen's office is?"

"I can ask my secretary to take you to her."

Zhan Wei stuffed the bouquet into Romina ( Lan Ruoruo )'s hand and said, "When I came up, I saw Miss Ji. These flowers are not for her, but for you."

"Didn't you say that I was too stingy to only send flowers? A bouquet like this is not stingy, right?"

"In fact, you can make a bigger bouquet, but I can't hold it, so I made a small bouquet. If you like it in the future, I'll have someone make a big bouquet of money flowers and make it at home, so it will be convenient for you to receive the flowers."

Romina ( Lan Ruoruo ) frowned, "Your home and mine are not the same home, so don't drag me into it."

"What do you mean by sending me flowers?"

Zhan Wei smiled, "It doesn't mean much. Oh, it does mean a little. Anyway, it means that. Whatever you think it means, it means that."

Romina ( Lan Ruoruo ) laughed angrily, "You are beating around in circles and confusing me."

“I don’t care what you mean, I can’t accept your flowers.”

“I’m afraid if I accept them, I’ll be cheated by you. I’m jumping into your trap by arranging a blind date for you.”

But she jumped in and signed the agreement, it was written in black and white, she couldn’t regret it, she could only bite the bullet and persevere for the whole month.

## Married at First Sight Chapter 4604

“How did I cheat you? Didn’t you flirt with me, take advantage of me, and refuse to take responsibility for me?”

“You flirted with me and so many people saw it. Others would misunderstand that we were having an affair, which ruined my reputation and made it difficult for me to get married. You took the initiative to arrange a blind date for me.”

“This is your compensation to me. I didn’t force you to arrange a blind date for me. How can you say that I cheated you?”

“You caused this trouble yourself. It has nothing to do with me. I was innocently dragged into this by you.”

“That night, Zhang Cheng advised you not to drink anymore. He wanted to take you home, but you insisted on flirting with me. In front of so many people, you kissed, hugged and touched me.”

Romina ( Lan Ruoruo )’s face turned black and red with anger, but in the end she could do nothing.

It was indeed her fault.

She dug a hole for herself.

Putting the bouquet on the table, Romina ( Lan Ruoruo ) said: “Okay, let’s not talk about that. I won’t accept this bouquet. You can take it back.”

“It’s already been sent. If you don’t want to accept it, just throw it in the trash can.”

“I also have a very expensive necklace hidden under the flowers.”

Romina ( Lan Ruoruo ): “Zhan Wei, do you think I dare not throw it away?”

“No, you dare to throw it away. I didn’t say you dare not throw it away. I just think that this bouquet of flowers cost me a lot of money. It’s my heart. You know, this is the first time I give money to a girl.” ”

It’s very meaningful, but you don’t accept it. I’m very sad.”

Romina ( Lan Ruoruo ): “...I’m not your girlfriend, why are you giving me money?”

She said this in a low voice.

Zhan Wei’s ears were sharp and he heard it.

He said seriously: “You can be my girlfriend. I will give you money every day so that you have money to spend every day.”

Romina ( Lan Ruoruo ) said unhappily: “Who cares about your money? The last thing I lack is money.”

“I know you have money, but you haven’t spent the money given to you by others. You can try it. Just spend your husband’s money. If you don’t spend your husband’s money, will you leave it for others to spend?”

“Zhan Wei!”

Romina ( Lan Ruoruo )’s face turned black again, “Don’t go too far!”

The more he said, the more outrageous it was.

They were not even in a boyfriend-girlfriend relationship, and he actually brought up the husband-wife relationship.

Zhan Wei smiled, “Romina ( Lan Ruoruo ), I find you are really beautiful and a good match for me. Our ages are not much different. You are unmarried and I am unmarried. Otherwise, we can be a couple. What do you think?”

“My status, education, and appearance are all worthy of you. I think you can’t find a young talent who can be compared with me in the whole Yangcheng.”

Zhan Qishao was confident and narcissistic.

“Wang Po sells melons and brags about herself.”

“Zhan Wei, speak seriously!”

Zhan Wei said, “Romina ( Lan Ruoruo ), I am talking seriously, and I definitely don’t mean to tease you.”

Romina ( Lan Ruoruo ) opened her mouth, but for a moment she didn’t know how to continue.

The two of them just stared at me and I looked at you.

One of them looked helpless and a little angry.

The other one was smiling, and his smile was filled with his feelings for her.

“Zhan Wei, I’m very busy and don’t have time to play with you. You should go back.”

“Take your money and spend it back.”

“Please remember that we are mortal enemies in business!”

## Married at First Sight Chapter 4605

Zhan Wei didn’t move. He looked at Romina ( Lan Ruoruo ) steadily. After a while, he gently asked her: “Romina ( Lan Ruoruo ), if we are no longer deadly enemies in business, do we have hope?”

“I think I may like you.”

Romina ( Lan Ruoruo ): “...”

Is he confessing to her?

If they are no longer deadly enemies in business, based on her understanding of him, he is indeed worthy of her entrusting her life.

Romina ( Lan Ruoruo ) said: “Zhan Wei, I don’t want to hear ifs. I don’t fantasize about things that haven’t happened. I live in reality and value reality.”

What he meant was that they were still deadly enemies in business, so they couldn’t be together.

He said that they were no longer deadly enemies in business, and it would become a reality before she would consider this issue. There was no need to ask for the result now. She would not give him the result.

Zhan Wei nodded, smiled, and said, "I see."

He stood up, "You go ahead and get busy. I'm going back to work. I have a meeting later. Forget about the blind date in the evening, but you can't skip treating me to a meal. You have to treat me to a meal for a month."

Romina ( Lan Ruoruo ) also stood up and picked up the bouquet of money flowers, "Take this bouquet of money flowers away."

"I, Zhan Wei, will never take back a gift I give you. If you really think this bouquet of money flowers is an eyesore, just throw it away."

Zhan Wei left.

Romina ( Lan Ruoruo ) took the bouquet of money flowers and wanted to throw it into the trash can several times, but changed her mind several times.

In the end, she kept the bouquet of money flowers.

But she quickly took down all the money flowers, sorted them out, and stuffed them into her wallet.

Just think of it as a little compensation for the ten sets of clothes she bought him.

Oh, she hasn't given him those ten sets of clothes yet.

When you are busy, it feels like time passes very quickly.  
In the blink of an eye, it was evening.

Romina ( Lan Ruoruo ) fulfilled her promise and invited Zhan Wei to dinner.

After dinner, one went home and the other went out to socialize.

The one who went home was Zhan Wei.

When his car drove into the villa, he saw his nephew running over with his niece in his arms.

"Baby, slow down, don't run, be careful not to drop Beibei."

Zhan Wei shouted worriedly and got out of the car quickly. He

quickly stepped forward and took the little niece from his nephew, and said to the nanny who had just chased after him: “Auntie, don’t let the baby run with Beibei in his arms. He is still a child and doesn’t have enough strength.”

What if Beibei drops?

If his niece gets a little skin broken, he will be criticized by the whole family when he goes back.

Not to mention that his family members criticize him, he himself will feel sorry for his niece.

Grandma said that when they get married and have children in the future, they may not give birth to a girl, and Beibei is probably the only girl.

Everyone should love Beibei.

The nanny said, “Seventh Master, we can’t stop the young master, and the young lady wants the young master to hold her. The eldest lady lets the two children run. I said they would fall, and the eldest lady said, it’s okay, the young master will take good care of his sister.”

The young master is still a child, but he is only six years old. Because he started practicing martial arts at the age of four, his strength is a little stronger than children of the same age, but he is still a six-year-old child.

It is possible to hold a one-year-old child, but it is still easy to have an accident when carrying

a child while running. But the eldest lady is very relieved and never stops the little brother and sister. She lets them run.

If the young master or the little lady falls, as long as the injury is not serious, the eldest lady will say it’s okay, as if in the eyes of the eldest lady, if the children don’t fall when they are young, their childhood is not complete.

## Married at First Sight Chapter 4606

“Uncle Qi, I can hold my sister. I eat a lot and I’m strong.”

Beibei echoed her brother: “Brother, hold her, hold her.”

Zhan Wei held his niece and led his nephew into the house, saying as they walked: “Uncle Qi will hold her now. Uncle Qi has been working outside for a day, so he wanted to come back to see you two.”

“You two are Uncle Qi’s happy pills. As long as Uncle Qi sees you, he will be very happy.”

Zhan Muchen said: “Then my sister and I will stay with Uncle Qi for a while. Mom will go back by herself. She has to go to work.”

“Then ask Second Aunt to send Lele and the others over, so that we will have company to play with, and Uncle Qi won’t have to take care of us.”

Zhan Wei laughed, “Why, you two don’t want to go home after having so much fun? If you seven brothers live with Uncle Qi, how can he go to work with peace of mind?”

“Just teasing Uncle Qi, we have wanted to go back a long time ago. We miss our dad, grandpa, grandma, and great-grandma.”

Beibei imitated, “Great-grandma, great-grandma.”

The little guy likes to be with great-grandma very much.

Zhan Wei deliberately looked relieved and said with a smile: “That’s good, that’s good, Uncle Seventh will go back soon too.”

“Why does Uncle Seventh need to wait for a while? Can’t he go back with us now?”

“Uncle Seventh doesn’t have time now.”

Zhan Muchen said, and sensibly didn’t ask any more questions.

He knew that adults were very busy, including his parents.

If it weren’t for him and his sister, his parents would work until late at night every day.

Zhan Muchen wanted to grow up quickly so that he could help his parents share the work and let them have a rest.

When he entered the house and saw Serenity bought a lot of Yangcheng specialties, Zhan Wei smiled and said, “Sister-in-law, you bought so many things, why don’t you check them in.”

“These are just bought. Everything I bought during the day was checked in.”

“These will also be sent back by express tomorrow. I don’t want to carry so many things on the plane.”

She has many relatives and friends, and she prepared a souvenir for each of them. Each souvenir is made up of several specialties of Yangcheng, so the things seem to be more.

It’s not expensive, but a little thought from her to everyone.

When Beibei saw her mother, she asked her mother to hold her and abandoned her seventh uncle.

“Seventh brother, you had two blind dates today, how were they?”

Serenity hugged her daughter and asked about her brother-in-law’s blind date with concern.

Zhan Wei did not hide it and answered honestly: “I only had a blind date at noon, and I didn’t like the blind date, so it was not very good. I asked Romina ( Lan Ruoruo ) to cancel the blind date in the evening.”

“She and I had a meal together, and she had to socialize in the evening and left after the meal. My sister-in-law was going back soon, so I turned down all the social activities and came back to spend a good night with the two children.”

Serenity put her daughter down and asked her son to take her daughter out to play.

After the two children left, she asked with concern and gossip: “What was Romina ( Lan Ruoruo )’s reaction?”

“Seventh Brother, if you like Romina ( Lan Ruoruo ), you should express your feelings boldly and pursue her boldly. Don’t beat around the bush.”

”In fact, it’s okay for sworn enemies to fall in love. Besides, you can both change careers and don’t have to run the same business.”

Zhan Wei didn’t say anything.

After a while, he said, “Sister-in-law, I didn’t hide it. I told Romina ( Lan Ruoruo ) clearly, but I haven’t led Yangtai to transform yet. No matter how much I say, it’s useless.”

“I’ll pursue her first. Whether she accepts me or not, I’ll let her know that I’m sincere.”

“Then hurry up to transform and avoid becoming a business rival with the Lan Group.”

It’s okay to sacrifice a little career for love. He still has the Zhan Group to support him.

# Married at First Sight Chapter 4607

Serenity thought about it, hummed, and said, “That’s right. If your company doesn’t transform, it will always be a competitor with Lan’s. You two are bosses in your respective companies.”

“No one can give up their careers, and it’s really not suitable for them to be together.”

“If we can do business together and cooperate, that will be very helpful.”

“Come on, sister-in-law believes that you will definitely be able to win the beauty. Romina ( Lan Ruoruo ) is not without feelings for you. She has feelings for you, but she is very rational.”

Zhan Wei can also feel that Romina ( Lan Ruoruo ) cares about him.

But neither of them can give up the company and business.

When Lan Dongxiao talked to him, he knew that he had to find a breakthrough first to ease the tension between Yangtai and Lan’s competitors.

“Ring, ring, ring...”

Serenity’s phone rang.

She looked at the caller ID and said, “It’s Romina ( Lan Ruoruo ) calling.”

Serenity answered Romina ( Lan Ruoruo )’s call.

“Sister Tong.”

“Romina ( Lan Ruoruo ), what’s wrong?”

Serenity asked with a smile, “I heard from Zhan Wei that you have to attend social events tonight.”

Romina ( Lan Ruoruo ) also smiled, “Well, I made an appointment with a client to discuss continued cooperation. We just reached an agreement and signed the contract.”

“Sister Tong, when are you going back?”

“Early tomorrow morning.”

“So soon, I was thinking of treating Sister Tong to dinner.”

Romina ( Lan Ruoruo ) said with a little regret: “It seems we have to wait until next time.”

Serenity smiled, “It’s okay, there will be many opportunities in the future. Next time you come to our Wancheng, I will treat you to a meal and take you around.”

“Romina ( Lan Ruoruo ), thank you for giving so many gifts to the two children. They are very happy.”

“Just a few small gifts. As long as the children like them.”

“How about, Sister Tong, I’ll treat you to a midnight snack tonight?”

Serenity wanted to say that she never eats midnight snacks, but she thought Romina ( Lan Ruoruo ) might want to chat with her, so she readily agreed, “Okay, what time do you meet?”

“Is it okay for Sister Tong to come out alone? I’ll take Sister Tong to the food street in Yangcheng. There are many delicious snacks.”

“Of course, Zhan Wei has gone home. I asked him to help me take care of the two children. I’ll go out later. Where shall we meet?”

Romina ( Lan Ruoruo ) said, “I’ll send a location to Sister Tong later.”

“Okay, then it’s settled.”

After the two ended the call, Zhan Wei quickly asked, “Sister-in-law, what did Romina ( Lan Ruoruo ) say to you? Treat you to a midnight snack?”

“She said she would take me to the food street to try some local snacks in Yangcheng. She said there are many delicious foods in the food street.”

Zhan Wei said, “I went to the food street once and I was full without even having to walk the whole street.”

When he first took over Yangtai, in order to get along with everyone, he paid for everyone to go to the food street, and everyone ate until they were full.

My sister-in-law is a foodie, and going to the food street is what she likes the most.

“Then, what time do we go?”

Zhan Wei asked, "Sister-in-law, can I go with you? I can pay for you."

"Romina ( Lan Ruoruo ) probably wants to talk to me. She told me to go alone. You stay home to help me take care of the kids."

Zhan Wei's handsome face immediately fell, "She's too stingy. I've been in Yangcheng for so many years, and she never invited me to the food street. Sister-in-law has only been here for a few days, and she's already taken sister-in-law to the food street."

"You can't afford it yourself, and you still need others to treat you."

Serenity said to him with a smile, "Romina ( Lan Ruoruo ) asked me to go alone. She must want to know about your family situation from me. You just stay home and help me take care of the kids. I'll go and test Romina ( Lan Ruoruo )'s attitude for you."

## Married at First Sight Chapter 4608

"Seventh brother, I approve of this sister-in-law. You should work harder. Grandma has seen Romina ( Lan Ruoruo )'s photos and likes her very much."

"If grandma wasn't too old and your eldest brother didn't want her to travel far away, she would have flown here with the second uncle and the second aunt."

The old lady is old and doesn't allow her to fly around.

The second wife and her husband can still travel far away, but the old lady doesn't allow them to come now, saying that they haven't even started yet and there's no need to rush to cultivate feelings with her daughter-in-law.

She detained them in the villa to take care of their naughty grandson.

Zhan Weijun blushed a little, and he said, "Sister-in-law, I have seen my feelings clearly, and they will never change in this life. Romina ( Lan Ruoruo ) will be your sister-in-law in the future."

Serenity stood up, "I will go upstairs to change clothes first, you take the two children out to play, don't let them see me going out, you arrange a driver for me to take me there."

"Okay, sister-in-law, remember to say good things for me."

“You don’t need to explain this, we are a family. Sister-in-law still knows the priorities.”

Serenity went upstairs.

Zhan Wei called his nieces and nephews to come over, he picked up his little niece, and said to the two children, “Come on, Uncle Qi will take you out for a walk. You have lived here for a few days, and I haven’t taken you around the villa area yet.”

The baby leaned close to Uncle Qi’s ear and whispered, “Where is my mother going to play?”

He couldn’t take his brother and sister with him.

Zhan Wei tapped his nephew’s forehead lightly, “You are such a clever boy. Don’t ask. If I ask, it means it’s inconvenient to take you with me. Let’s go out and play with Uncle Qi.”

“Don’t let Beibei know.”

He reminded his nephew in a low voice.

Beibei is still young after all, just over one year old, and still very attached to her mother. If she knows her mother is going out, she will definitely cry and want to go out with her mother.

Zhan Muchen looked up at his sister and nodded sensibly.

After Zhan Wei took the two children out to play, Serenity changed her clothes and came downstairs, and asked the bodyguard to drive her to the meeting place agreed with Romina ( Lan Ruoruo ).

Half an hour later.

Serenity arrived at the location that Romina ( Lan Ruoruo ) mentioned and saw Romina ( Lan Ruoruo ) standing there waiting for her.

“Miss Lan is waiting by the roadside. You can drive over and park by the roadside.”

Serenity instructed the bodyguard.

The bodyguard responded respectfully. He slowed down and asked Serenity: “Madam, should I wait for you here, or wait for you to finish shopping and call me, and then I will come to pick you up?”

“Wait for me to call you, then come to pick me up.”

She didn't know how long she would have to shop, and it would be too boring to let the bodyguard wait here. She has always been a madam who is considerate of her employees and doesn't want the bodyguard to wait here bored.

“Okay.”

The car slowly pulled over.

Romina ( Lan Ruoruo ) hadn't seen that the car that Serenity borrowed from her brother-in-law's garage was not the Maybach that Zhan Wei usually used.

There were several cars in Zhan Wei's garage. Romina ( Lan Ruoruo ) had seen him drive other cars, but she was not as familiar with them as the Maybach. It was not until Serenity got out of the car that she saw it.

“Sister Tong.”

Romina ( Lan Ruoruo ) walked over with a smile.

Serenity also smiled and called her, “Have you been waiting for a long time?”

“No, I just arrived too.”

Serenity asked the bodyguard to drive back first, and she stepped forward and naturally took Romina ( Lan Ruoruo )'s arm.

“The fragrance here is so strong.”

Romina ( Lan Ruoruo ) took her to the food pedestrian street.

“There are several food streets in Yangcheng, and this food street is the most popular. There are all kinds of food, and people who come here often eat so much that they have to walk with the help of the wall.

## Married at First Sight Chapter 4609

“It's really popular.”

Seeing the whole street full of people, Serenity sighed.

“During holidays, it's even more popular. It's really crowded. Tonight is still good.”

Romina ( Lan Ruoruo ) took Serenity for a walk. Every time she passed a stall, she asked Serenity if she wanted to eat.

Serenity smiled and said, “I don’t know what’s delicious. Just buy something. After walking along the whole street, we both probably have to hold on to the wall.”

“There’s no need to walk along the whole street. I have to hold on to the wall after walking half of the street.”

Romina ( Lan Ruoruo ) said, “When I was still in school, I often followed my classmates here to shop.”

Based on her memory, she found several old shops that were not stalls, and took Serenity in to buy some snacks.

After eating at a few shops, Serenity said she was full.

Romina ( Lan Ruoruo ) smiled and said, “Sister Tong eats too little. We have only eaten at a few snack bars. I only buy the best ones every time, and the quantity is not large.”

“You have eaten a lot. If you eat more, you will be full and affect your sleep.”

“Romina ( Lan Ruoruo ), let’s sit here, smell the fragrance, and watch everyone eat. It’s also very happy.”

Romina ( Lan Ruoruo ) smiled, “Okay, let’s sit for a while and continue to walk around. We don’t have to eat anything, just walk around. In your words, watching everyone eat is also a very happy thing.”

“I will buy you some Yangcheng specialties to take back later. You have an early flight tomorrow morning, so I won’t be able to take you to the airport.”

Romina ( Lan Ruoruo ) said, “I have a morning meeting tomorrow morning.”

She is a senior executive in the company and the eldest daughter of the Lan family. She has to attend every meeting.

“Don’t buy any more. I have bought a lot of specialties to send back. I can’t bring so many.”

Serenity hurriedly stopped Romina ( Lan Ruoruo ) from buying more specialties.

It was really enough.

She prepared a portion for all her relatives and friends, which was enough.

It was just to let everyone taste the specialties of various places, not to eat as a meal.

Besides, which of her relatives and friends is not rich? They have everything they need and have eaten all kinds of food.

She was traveling with her children, so she thought of bringing some specialties for everyone to try.

The main reason is that Yangcheng is too far away from Wancheng, and the several wealthy families who are on good terms with the Zhan family rarely set foot in Yangcheng.

If it were the big cities they often go to, Serenity would not bring specialties to everyone even if she went out for a trip.

“Is that so? Then I won’t buy it. After Sister Tong goes back, if you have eaten the specialties of Yangcheng and still want to eat, you can tell me and I will mail it to you.”

Romina ( Lan Ruoruo ) didn’t know that Serenity, who was sitting opposite her, was the eldest lady of the first wealthy family in Wancheng.

Because she didn’t know Zhan Wei’s family situation, Romina ( Lan Ruoruo ) thought that Zhan Wei’s original family would not be poor, but she didn’t guess that he was a wealthy family.

Zhan Wei came to Yangcheng to work, so she thought Serenity’s family was just a middle-class family, so she spoke in a down-to-earth way, telling Serenity that if she wanted to eat more after eating the local specialties, she could just tell her.

She asked her secretary to buy some and send it to Serenity.

Serenity smiled and said, “Okay, then I won’t be polite to you in the future.”

If she wanted to eat, she could trouble her own old seventh brother, but since Romina ( Lan Ruoruo ) said so, Serenity did not refuse Romina ( Lan Ruoruo )’s kindness.

## Married at First Sight Chapter 4610

“Sister Tong.”

After eating and being tired from shopping, Romina ( Lan Ruoruo ) finally got to the real topic of the appointment with Serenity.

“What’s wrong? What do you want to ask Sister Tong? Just ask. Sister Tong will tell you everything she knows and won’t hide anything.”

Serenity is very considerate.

She knew that Romina ( Lan Ruoruo ) asked her out to the food street for a purpose other than the wine, but for Zhan Wei.

“How is Zhan Wei’s family situation?”

Romina ( Lan Ruoruo ) asked directly without beating around the bush.

“Don’t be afraid of Sister Tong laughing at you. Zhan Wei and I may change our relationship from dead enemies to lovers. He said he likes me very much. He doesn’t even like blind dates arranged for him.”

“Then he said a lot of words that seemed to be confessions to me. I’m not hypocritical. I’ve known him for five or six years and I know him well. If he’s interested in me, I’m happy.”

Romina ( Lan Ruoruo ) was telling Serenity that she actually liked Zhan Wei as well.

Serenity’s sharp eyes had seen it a long time ago.

When she first met Romina ( Lan Ruoruo ), she guessed that the two had liked each other for a long time, but they just didn’t know it yet.

With so many things happening recently, the two of them have seen their feelings clearly.

It is easy and hassle-free for smart people to deal with each other.

“But I don’t know Zhan Wei’s family situation, and he has never talked about his family. But I think his family of origin should be good. His conversation and behavior are very cultured. Without a good family tradition, such a Zhan Wei cannot be cultivated.”

Romina ( Lan Ruoruo ) was embarrassed to tell Serenity that her parents had gone to Wancheng for a trip. Traveling was just a banner. Their real purpose was to get to know Zhan Wei’s family of origin.

Guancheng is so big, much bigger than Yangcheng, and it is not clear where Zhan Wei lives. It is not easy for his parents to find out about Zhan Wei’s family situation. It will probably take a lot of time.

Romina ( Lan Ruoruo ) thinks it is better to ask Serenity directly.

Zhan Wei's cousin's sister-in-law.

“Sister Tong, I hope you can tell me the truth. Don't lie to me or hide anything just because you are Zhan Wei's sister-in-law. This is related to the future of Zhan Wei and me.”

“If Sister Tong hides it and lies to me, if Zhan Wei and I get together, there will always be a time when it will be exposed, which will cause a quarrel between Zhan Wei and I.”

Hai Tong put away her smile. After a moment of silence, she said, “Romina ( Lan Ruoruo ), if I tell the truth, I don't know if Zhan Wei will blame me for being too talkative.”

“Wait a minute, I'll ask him what he thinks. If he doesn't want me to be too talkative, I can only say sorry. After all, this is a matter between him and you, and I think some things should be told to you by him.”

“Zhan Wei respects me as his cousin's sister-in-law very much, but, after all, I am just his cousin's sister-in-law.”

Romina ( Lan Ruoruo ) looked at Hai Tong for a moment and said, “Forget it, if you ask Zhan Wei now, that guy might be very proud and his tail will be up to the sky.”

Hai Tong smiled, “Yeah, okay, then I won't ask him. If you want to know, it's best to ask him in person.”

“But I can tell you one thing. My husband's family has a very good family tradition. In fact, the only family that has not really split up is my father-in-law's brothers.”

“Everyone has close contacts, brothers are friendly and respectful to each other, and the relationship between brothers, uncles and nephews is very good. There has never been any conflict.”

“Zhan Wei has three brothers, but if you include his cousins, he ranks seventh, so I usually call him the seventh. The six older brothers above him are all married and have become fathers.”

“There are nine brothers in their generation. I mean including his cousins. There are two unmarried cousins under him. Now the elders in the family are very anxious about the marriage of these three single dogs.”

Hai Tong told Romina ( Lan Ruoruo ) the basic information of Zhan Wei.

## Married at First Sight Chapter 4611

“I’m just Zhan Wei’s cousin. He respects me very much and loves my two children very much. He also respects other cousins and sisters-in-law very much.”

“From this you can see that our family tradition is really good. Romina ( Lan Ruoruo ), I can tell you for sure that if you marry Zhan Wei, you will be very happy all your life.”

“The men in his family all have one characteristic, that is, they are loyal and dote on their wives.”

“When they were young, they were raised by their grandparents. Their grandparents raised them very well. They are both civil and military. They are serious and loyal to love and marriage, and never play with women’s feelings.”

Romina ( Lan Ruoruo ) smiled, “I know he is serious about feelings. I have known him for so many years. There are many women who admire him and pursue him. He does not accept the feelings of any of them and will not give them any chance.”

“He doesn’t spread rumors either. He is a self-disciplined man. Although he and I are like cock-eyed in business, apart from business, I admit that he is really a good man.”

Serenity said, “As long as you get along with them, you can find that they are very good men. There are really many girls who admire them. In our Wancheng, in fact, many girls want to marry them.”

“It’s just that they can’t create any sparks with them, and the feelings can’t be forced. They feel that they are not their cup of tea, and we can’t say anything. Let them fall in love freely.”

“Anyway, I believe in their judgment. As long as the girls they like, I believe they are all good girls.”

Romina ( Lan Ruoruo ) smiled brightly: “Sister Tong, I always feel that you are praising me with this sentence.”

“I am praising you. I praise you for your vision.”

“Sister Tong also has vision. Didn’t you choose Zhan Wei’s eldest cousin at the beginning?”

“As for me, to be honest, Zhan Wei’s eldest cousin and I had a flash marriage at the beginning. We met before the marriage, but we had very little interaction. It can be said that we didn’t even say a few words.”

“There is no affection between each other. We are very unfamiliar with each other. Because their grandmother fell on the road, I helped her and sent her to the hospital, and the grandmother regarded me as her savior.” ”

The old lady wanted to repay the favor. She knew that I didn’t have a boyfriend and needed to move because of some personal matters. I didn’t have money to buy a house at the time. The housing prices in Wancheng were still at their peak a few years ago.”

“When grandma found out, she arranged for her eldest grandson to get married to me. She wanted to give me a home so that I could have a place to call home and a house to live in. I wouldn’t have to rent one, and my sister would feel at ease too.”

“So when we got the marriage certificate, my husband and I were like strangers to each other. I didn’t know him and he didn’t know me.”

Romina ( Lan Ruoruo ) was very surprised. “So that’s how it is. You two actually got married in a flash, and without any emotional foundation. Then you are living a happy life now. You must have experienced a lot.”

“Yes, I have experienced a lot. The father of my child and I had a lot of conflicts, even to the point of divorce. He once kept me under house arrest like crazy... It’s all in the past, and we reconciled and walked through it hand in hand.”

“That’s why I’m happy today. Although the father of my child and I had no feelings for each other at the beginning and had too many conflicts, I have to say that he was really good to me and helped me a lot. If it weren’t for his help, my sister’s fate would not have been changed, and she wouldn’t be as happy as she is today.”

The Serenity sisters knew very well that it was because of Zachary’s help that their sister’s divorce was smooth, the Zhou family was suppressed, their sister was able to win the custody of Yangyang, and she was able to regain her self-confidence.

It was also because of Zachary that my sister was able to develop into a couple with Duncan.

It is not an exaggeration to say that it was because of her flash marriage with Zachary that changed my sister’s fate.

“Looking back now, I am really glad that I reconciled with my child’s father, did not miss him, and did not give up my own happiness. Everyone makes mistakes, and sometimes letting others go is also letting yourself go.”

Romina ( Lan Ruoruo ) listened with relish and said, “Sister Tong, your marriage can be written into a novel, and it should be very exciting.”

Hai Tong smiled, “I can’t write an autobiography, but if I can write an autobiography, I can write it and publish it as a book. Maybe the sales will be good.”

In Wancheng, her love story with Zachary is still talked about by many people.

In the past, many girls took her as their goal and dreamed of flying up the tree and becoming a phoenix.

## Married at First Sight Chapter 4612

Later, her two sisters recognized their aunt and found out that their mother was the daughter of the Feng family, an old wealthy family in Jiangcheng. Then, fewer people had beautiful dreams.

They all said that the eldest wife of the Zhan family was also the descendant of a wealthy daughter. Her sister is now the head of the Feng family and is a perfect match for the Zhan family.

If there had not been the disputes among the wealthy families decades ago, Serenity would have been a phoenix born with a silver spoon in her mouth.

So ordinary people should not dream of becoming a phoenix by flying up the tree.

Reality is very cruel.

“Romina ( Lan Ruoruo ), if you like Zhan Wei, just hold on to him and don’t let yourself regret it.”

“Although there is business competition between you, that can be avoided or even resolved.”

“Colleagues are not necessarily enemies. You can also cooperate with each other. Since you are all in the same industry, he has more orders and can do some for you. If you are too busy, you can also ask them for help.”

“Or, switch to other businesses. In short, conflicts in business can be resolved. Don’t be too rigid and think that it is impossible between you. As long as you truly love each other and really want to be together, that little difficulty is nothing at all.”

“The seventh son of our family is definitely a good man. You will not lose out by marrying him. You will only be loved and surrounded by happiness, and live as the object of envy and jealousy of others.”

“It’s not that I favor him because he and I are a family. What I said is the truth.”

Romina ( Lan Ruoruo ) smiled, “Sister Tong, thank you for telling me so much. I know what to do.”

“The mountain in my heart suddenly felt very short. I can climb over it at any time.”

Yes, they can also cooperate in business. They don’t have to target each other to the end.  
“Sister Tong, let’s go shopping some more.”

Romina ( Lan Ruoruo ) got the answer she wanted, so she took Serenity to continue shopping.

It was not until after eleven o’clock in the evening that the two separated.

When Serenity returned to Zhan Wei’s house, it was almost midnight.

The two children had fallen asleep long ago, and Zhan Wei was still waiting for his sister-in-law to come back.

He wanted to know what his sister-in-law and Romina ( Lan Ruoruo ) talked about.

Hearing the sound of a car, Zhan Wei immediately came out of the house.

“Sister-in-law, you’re back.”

Zhan Wei walked over attentively to help Serenity open the car door.

Serenity got out of the car, “The children are all asleep, right?”

“They fell asleep a long time ago. Beibei cried for a while and said she missed her mother. I video-called my brother and asked her to talk to him, so

she stopped crying.” “Then I held her and she fell asleep quickly.”

“Sister-in-law, what did Romina ( Lan Ruoruo ) say to you when she asked you out? Did you say anything good for me?”

## Married at First Sight Chapter 4613

Serenity laughed and said, “You have to let me come in and sit down and have a glass of water.”

Zhan Wei smiled embarrassedly and quickly invited his sister-in-law into the house.

After entering the house, he hurried to pour a glass of warm water for his sister-in-law and handed it to her respectfully, "Sister-in-law, please drink some water."

Serenity took the glass of water, drank half of it, and after putting it down, she said, "Romina ( Lan Ruoruo ) mainly wants to know about your family situation. I didn't tell her completely that you are the seventh young master of the Zhan family. I

'll leave it to you to tell her." "I'm not sure whether you want to tell her or not, or whether you want to conceal your identity like your eldest brother did before."

"I only told her that you have three brothers and you are the third. According to seniority, there are nine brothers in your generation, and you are the seventh. I also said that our family tradition is very good."

"I didn't say anything else. Think about it carefully. Whether you want to tell it or not is up to you."

Zhan Wei said, "I didn't think about concealing my identity. Since my eldest brother concealed his identity and deceived my sister-in-law for so long, my sister-in-law was very angry when she knew the truth and almost divorced my eldest brother. We brothers have learned a lesson."

"You dare not conceal your identity in front of a girl you really like."

"But Romina ( Lan Ruoruo ) hasn't asked me, so I won't tell it. If others don't ask, I can't tell everyone I meet that I'm the seventh young master of the Zhan family in Wancheng, right?"

"Sister-in-law, I'll tell Romina ( Lan Ruoruo ) tomorrow."

Serenity nodded, "It's best this way. Everyone can be honest and don't hide anything. If you like to hide everything and hide it from each other, then the relationship is not sincere and the girl will back off."

"Romina ( Lan Ruoruo ) also told me that she has a good impression of you, but she doesn't know when you two went from being sworn enemies to falling in love with each other."

"It's easy to deal with smart people. She is also very honest and not pretentious. If she likes someone, she will admit it and won't pretend not to know."

“She is also struggling with your future and how to go so that you can be together and keep your careers. I told her that even if you are in the same industry, you don’t have to be sworn enemies. You can also cooperate with others in the same industry.”

“Seventh brother, this is all I can do to help you. The rest depends on you. But I believe you can win the heart of the beauty.”

The two of them, the man has feelings for her, and the girl is interested in him.

This kind of love between two people can easily be together and will have a good result.

After she returned to Wancheng, she told her second uncle and second aunt that she could prepare the betrothal gifts first, and when Zhan Wei succeeded in proposing marriage, she could send the betrothal gifts immediately.

Everything is ready, just waiting for Zhan Wei to catch up with his wife and get this favorable wind.

“Thank you, sister-in-law, this is enough. I will catch up with my wife by myself, no need for help. Romina ( Lan Ruoruo ) and I have known each other for so many years. It can be said that she was the first person I met when I came to Yangcheng to develop my personal career.”

“I have fought with her for several years, and we know each other very well. When she is annoyed with me, she will also appreciate me. Similarly, I am the same.”

The two can be said to love each other.

“Sister-in-law, it’s very late. You should rest early. Tomorrow morning, I will take you to the airport to take the plane. I will not go back to the company in the morning.” Sister-in-law

brought two children and suitcases. Although there were nannies and bodyguards with her, Zhan Wei was still worried. If he didn’t send sister-in-law to the airport in person, his elder brother would scold him to death if he knew.

Not to mention his elder brother, even his parents would scold him.

“Okay, you should go to bed early too.”

Serenity got up and went upstairs.

When she returned to the room, she saw her daughter’s sleeping face. Her heart softened. She leaned down and kissed her daughter’s tender face.

“Mom.”

Beibei suddenly called her mother.

“Mom is here.

## Married at First Sight Chapter 4614

Serenity thought her daughter had woken up, but when she looked, the little girl was still sleeping. She might have been dreaming. She

was calling for her mother in her dreams. It must be because she went out without her daughter, so the little girl missed her mother. Look, she was still calling for her mother in her dreams

. Serenity touched her daughter’s head lovingly, and leaned down to kiss her daughter’s little face again.

Then she went to the next room to see her son, and then returned to the room to wash up and go to bed.

It was late at night, and she didn’t want to disturb her husband’s rest, so she didn’t send any more messages to Zachary.

The next morning, Serenity was awakened by her daughter’s movements. The little girl woke up and saw her mother was beside her. She was very happy to get into her mother’s arms, and her little head was nudging in her mother’s arms. Serenity woke up.

“Beibei.”

Serenity hugged her daughter’s little body.

“Mom.”

“I miss you.”

Beibei said that she missed her mother. Last night, her mother left her and her brother to go out and play without taking her.

She was going to sleep, but her mother didn't come back. She wanted to drink milk powder, but her mother hadn't come back yet. She was so anxious that she kept crying.

Uncle Qi held her and talked to her father via video. With her father's comfort, she took the bottle and drank the milk powder by herself. After drinking the milk powder, she fell asleep.

"Mom misses you too, Beibei. I had something to go out last night and couldn't take you and your brother with me. It's not that mom doesn't want you and your brother. Beibei, mom and dad will always love you and your brother and will never want you and your brother."

Serenity sat up and picked up her daughter.

The little girl nestled in her mother's arms for a long time before sitting up straight. "Mom, help Beibei change clothes? We are going back today, and Dad will be waiting for us at the airport."

"I miss Dad."

Beibei said she missed Dad again.

Then she slid down the bed, walked to find her clothes, and brought a simple little skirt. She

asked her mother to help her change clothes, and she wanted to wear a little skirt.

Serenity picked her up, let her stand on the bed, helped her take off her pajamas, and asked while helping her put on the little skirt: "Why did Beibei choose this skirt?"

"Mom, Mom."

"Did Mom buy it? Mom has forgotten who bought it. You have too many clothes."

Serenity said a little embarrassedly. She bought clothes for her daughter, but she couldn't remember which clothes she bought. The main reason was that the little girl had more clothes than her mother. This was

a jewel in the palm of the Zhan family that had been waiting for generations. Everyone liked to buy her many beautiful little skirts, and relatives and friends also liked to give Beibei beautiful little clothes. If

each person gave a set, she would receive dozens of sets, not to mention that everyone gave several sets at a time.

Serenity asked everyone not to send so many clothes, because Beibei couldn't wear them all. Beibei had never worn many of her baby clothes. She could already walk, so those clothes didn't fit her anymore.

Children grow up quickly, so there's no need to buy too many clothes, because you have to buy new ones frequently.

"You like me, Mommy."

Serenity's heart softened. After she helped her daughter change her clothes, she hugged her daughter and said lovingly, "Mom likes me, too, Beibei."

## Married at First Sight Chapter 4615

"Brother."

Beibei's ability to express herself was limited. She wanted to find her brother, but she couldn't express it completely in words.

As long as she said brother, her mother would understand what she meant.

Serenity said, "Let's pack up the things first, and then go to wake up brother. Otherwise, Beibei can go and wake up brother herself, okay?"

Beibei nodded.

Serenity carried her daughter to the door of the room, opened the door for her daughter, put her daughter down, and asked the little girl to knock on her brother's door.

She went back to the room to continue packing.

Many things were packed up yesterday evening, and now she just put away the toys that her daughter was still playing with last night.

Oh, she also had to prepare the milk powder and feed her daughter before she could put away the milk powder and the milk bottle.

Beibei kept knocking on the door of her brother's room, shouting, "Brother, brother."

Zhan Muchen was a man with sharp ears. When he heard the knocking on the door and his sister's shouting in his sleep, he woke up immediately. He was still a little dizzy, but he had already gotten out of bed and ran to open the door.

"Brother."

As soon as the door opened, Beibei threw herself at her brother's feet, hugging her brother's calves with both hands.

"Beibei."

Zhan Muchen bent down and picked up his sister, then turned around and walked back.

He put his sister on the bed, and then he lay on the bed again, still a little sleepy.

The little girl climbed onto her brother's back and lay on his back.

Zhan Muchen didn't move, letting his sister lie on his back.

After a while, Zhan Muchen carefully supported his sister, and then pulled his sister to lie down. He dared to turn over and asked his sister: "Is mom up?"

"Yes."

"Go home."

"I miss my dad."

Beibei said she was going home because she missed her dad.

Zhan Muchen sat up immediately, "Beibei, play on your brother's bed for a while. I'll go change my clothes and pack my brother's things. Mom said we have to go to the airport early in the morning."

Beibei nodded sensibly.

Zhan Muchen changed his clothes as quickly as possible, washed his face and brushed his teeth, then hurriedly packed his toys and stuffed everything into his small suitcase.

"Knock knock."

There was a knock on the door.

Zhan Wei stood at the door of the room. After knocking, he attracted the attention of the two children and asked, "Baby, can Uncle Qi come in?"

“Uncle Qi, come in, I have packed my luggage.”

Zhan Wei smiled as he walked in, “Uncle Qi wanted to come over to help you pack, but you have already packed it. Not bad, baby deserves praise.”

“Dad said to do his own things. I don’t need Uncle Qi’s help.”

“Baby, you’re great. Uncle Qi took a half day off today to send you to the airport and cooked breakfast himself. Let’s go downstairs to have breakfast before leaving for the airport.”

“Thank you, Uncle Qi.”

“Thank you, thank you, Uncle Qi.”

Beibei imitated his brother to thank Uncle Qi.

Zhan Wei picked up the little baby, “Uncle Qi can’t bear to let you two go back.”

Zhan Muchen said, “Then my sister and I will stay here with Uncle Qi, my mother will go back first, she has to go to work.”

Zhan Wei: “... Beibei will miss her mother, so let you go back with her.”

Zhan Muchen dragged his small suitcase outside and said sarcastically, “I know Uncle Qi is not sincere. He says he can’t bear to let us go, but in fact he just wants us to get out.”

“Baby, how can you think of Uncle Qi like this? Uncle Qi doesn’t just want you to get out.

## Married at First Sight Chapter 4616

Zhan Wei laughed as he spoke.

“Uncle Qi laughed. I was right. I know Uncle Qi is very busy and has to please my future Aunt Qi.”

“If my sister and I stay here, Uncle Qi will have no time to please Aunt Qi.”

“Uncle Qi, if you honestly say that you wish we could go back, we won’t be angry. You adults have to go to work, unlike us children who have winter and summer vacations. We can understand that.”

“Don’t say those hypocritical words to deceive us.”

Zhan Wei was speechless by his nephew.

After a while, he reached out and rubbed his nephew's head, saying, "Baby, you are only six years old. You are too smart. That's not good."

"If I were a fool, you would dislike me for being stupid. You adults can change at any time and be one thing at a time."

Zhan Wei was speechless.

He is worthy of being the successor of the next generation of their Zhan family.

At a young age, he is smart, speaks clearly, and is eloquent. He is much better than his eldest brother. He is truly better than his father.

Serenity is already downstairs.

With Zhan Wei around, she didn't have to worry about taking care of the two children.

Seeing the uncle and nephew going downstairs, Serenity stood up from the sofa, walked over, waited for her son to come closer, took her son's small suitcase, and asked: "Have you packed everything? Have you checked it? Is there anything missing?"

"Mom, I've packed everything and checked it twice to make sure nothing is left behind."

Zhan Wei said: "It's okay if something is really left behind. I'll bring it back to you next time I go back."

"Sister-in-law, go have breakfast first, the car is waiting outside."

Serenity put her son's small suitcase next to her own suitcase, and asked the housekeeper to help take the two suitcases out and put them in the car.

In case she forgets to leave in a hurry.

Just after breakfast, Serenity's cell phone rang.

It was Shang Xiaofei calling.  
Serenity answered Xiaofei's call.

"Tongtong, are you and your two children coming back from Yangcheng today? What time is your flight? What time will you arrive at the airport?"

“We are going back today. The flight is at around 10:00. It will probably take around 1:00 pm to arrive in Wancheng. What’s the matter?”

Shang Xiaofei said, “Nothing. I’m on a business trip and will be back to Wancheng today. I’ll be going to the airport soon. I want to ask when you will be back to Wancheng so that we can go back together.”

“I miss my Beibei so much. I haven’t held Beibei for ten days or half a month. I miss her so much.”

“Is Zachary coming to pick you up? If Zachary comes to pick you up, I will go back by myself when I get there. I won’t wait for you and won’t be a light bulb.”

Serenity smiled, “I never said you are a light bulb. He will be waiting for us at the airport. You don’t have to wait for us. Go back when you get there. Junran and the child are waiting for you too.”

“I’m going back. You should also take a few days off and accompany your husband and son.”

The three bosses took turns to take a few days off. She couldn’t be too selfish and only care about herself resting and let her two friends work themselves to death.

“Okay, then I’ll go back after I get there. Tonight, let’s have dinner together and have a get-together.”

“Let’s go to your old house, so that Grandma Zhan won’t blame us for not inviting her to the party.”

Shang Xiaofei knew the old lady very well.

If the party was over but the old lady was missing, she would scold them to death.

Serenity had no objection.

“I’ll talk to Xiaojun later and ask her to bring the kids over in the evening. We’ll have some fun together and Grandma Zhan will be smiling.”

“Okay.”

“Okay, then I’ll catch a plane first and see you in the evening.”

“See you in the evening.”

Shang Xiaofei hung up the phone in a hurry. She was always in a hurry as always.

# Married at First Sight Chapter 4617

Zhan Wei sent his sister-in-law and niece to the airport, and Serenity asked him to go back.

“I’ll send you a message when I get on the plane, and I’ll tell you when I return to Wancheng.”

Serenity said, “With bodyguards and nannies following, I can take good care of the two children.”

“Go back, you still have to go to work in the afternoon.”

Zhan Wei hugged his niece again reluctantly and said, “Beibei, Uncle Qi will miss you. You must think of Uncle Qi when you go back.”

Beibei nodded.

In fact, as soon as she goes back, she will forget Uncle Qi.

There is no way, she has too many uncles.

There is really no time to think about Uncle Qi.

Zhan Wei gave his nephew a few more instructions, kissed his niece’s little face, and reminded the bodyguards to protect his sister-in-law before he left the airport.

After returning from the airport, he went to the flower shop again and asked someone to make him a bouquet of money flowers again.

Then he took the bouquet of money flowers to the Lan Group.

When the people of the Lan Group saw Zhan Wei coming with another bouquet of money flowers, they looked at him with a little inquiry.

Is President Zhan really pursuing their Vice President Lan?

Or did Boss Zhan do this on purpose, trying to use the beauty trap to defeat their vice president?

Yes, it must be a beauty trap.

Zhan Wei didn't care what everyone thought, as long as no one stopped him, he could enter Romina ( Lan Ruoruo )'s office smoothly.

Seeing him coming over with money again, Romina ( Lan Ruoruo ) frowned, but didn't say anything.

When he came closer, she asked, "Did Sister Tong and the two children go back?"

"Well, I'm back. I just came back from the airport. I didn't even have a meal, so I went to the flower shop and asked someone to make this bouquet for me."

Zhan Wei handed the bouquet of flowers to Romina ( Lan Ruoruo ), "Romina ( Lan Ruoruo ), considering my attentiveness in sending you flowers without even having a meal, please give me some face and accept this bouquet of flowers."

"I threw that bouquet of flowers into the trash can last time, and you sent it again. Do you want me to throw it into the trash can again?"

"I have too much money and have nowhere to spend it?"

Romina ( Lan Ruoruo ) lied and refused to admit that she accepted the bouquet of flowers last time.

Although she said that, her hands were very honest. She took the bouquet of flowers, which felt even bigger than the last one.

Zhan Wei smiled, "You really have too much money to spend. I don't have a wife or children, and I can't spend all the money I earn. I just want you to help me spend it."

"My parents have their own money, so I don't need to earn money to support them."

"Besides, I have two brothers, and they are richer than me."

Romina ( Lan Ruoruo ) rolled her eyes at him and said unhappily, "I'm not short of money, so I won't help you spend money. If you really have too much money to spend, then... let me spend it for you, and I'll use your money to invest in other projects."

"I can give you some when I make money."

"What project are you going to invest in? Tell me, I also want to invest and follow you to enjoy the good life."

Romina ( Lan Ruoruo ) got up and walked away without answering him immediately.

After a while, she brought her a cup of warm water and a roll of snacks.

“These snacks are afternoon tea snacks prepared by our company for employees. They taste pretty good. You can eat a little to fill your stomach. Don’t faint from hunger here. If it gets out, people will think I made you faint.”

Zhan Wei was immediately happy.

But he was very mean and said, “You’re not capable of making me faint from anger yet.”

Romina ( Lan Ruoruo ) was magnanimous and didn’t bother with him.

## Married at First Sight Chapter 4618

Zhan Wei went to wash his hands before coming over to eat snacks.

He was really hungry.

He ate all the snacks on a plate and drank two glasses of water.

Putting down the glass of water, he said contentedly, “I’m full.”

“No matter what you do in the future, you must eat first. If you don’t have regular meals, it’s easy to get hungry and it’s not easy to recover.”

Romina ( Lan Ruoruo ) waited until he was full and asked him, “My company does have a project that needs a partner recently. If you are interested, you can invest in it. It will be a win-win situation and you won’t lose money.”

Sister Tong was right. Even if they are in the same industry, they are not necessarily mortal enemies. In fact, they can cooperate.

After returning home last night, Romina ( Lan Ruoruo ) also thought a lot.

Recalling the tit-for-tat with Zhan Wei in the past few years and the recent ambiguity, she admitted that Zhan Wei was the man she liked.

Sister Tong advised her not to miss him, saying that if she missed him, she would definitely regret it.

Romina ( Lan Ruoruo ), who was dizzy from her grandfather’s urging to get married, decided to try to change the relationship between her and Zhan Wei. If she could change, she and Zhan Wei could really become a couple.

“Romina ( Lan Ruoruo ), if you look at me like this, I will think you are in love with me.”

Romina ( Lan Ruoruo ) was thinking while looking at Zhan Wei, who couldn't help teasing her.

“Okay, no matter what the project is, as long as you agree to my investment, our two companies can cooperate.”

This is a good opportunity to break the ice.

“I'll talk to you about cooperation another day. When you go back later, I will give you a cooperation plan. If you think it's okay, we can talk about the follow-up.”

“Okay.”

He didn't want to talk to her about business now, he just wanted to talk about their future.

“Romina ( Lan Ruoruo ), if you want to know about my family situation, you can ask me in person.”

Zhan Wei looked at her and said seriously, “As long as you ask me, I will tell you. If you don't ask me, I will be too embarrassed to tell you, for fear that you will say I am being sentimental.”

Romina ( Lan Ruoruo )'s face slowly turned red.

After she asked Serenity, she guessed that Serenity would go back and tell Zhan Wei.

“I'm just asking casually, don't let your imagination run wild.”

Zhan Wei said, “Now that you ask, I will start to imagine wildly. I'm already imagining wildly, what should I do?”

“Romina ( Lan Ruoruo ), I'm from Wancheng. You can go to Wancheng and ask about the Zhan family. I'm sure a lot of people know about it. Our Zhan family is very famous in Wancheng.”

“Our family also has a lot of businesses. Now my eldest brother has taken over the family business, and we also have to help take care of the company's affairs. Our Zhan family's company is called the Zhan Group.”

“It's also very famous in Wancheng. I have three brothers, and my parents are both alive. They are also loving, never quarreling or arguing, and the family atmosphere is very good. In Wancheng, if we talk about family style, our Zhan family is second, and no one dares to claim to be the first.”

“If you count my cousins, we have nine brothers, and I’m the seventh. Among my brothers, I’m the third, the youngest.”

“Our Zhan family is the number one wealthy family in Wancheng, a multi-billionaire. I’ve worked in our family company for a few years. Later, I wanted to start my own business, so I came to Yangcheng to work.”

“I just want to see if I can make a name for myself after leaving the protection of my family.”

“Fortunately, after five or six years, I have proved myself. Even without the protection of my family, I can still create my own future.”

Romina ( Lan Ruoruo ): “...Is your family a multi-billionaire?”

“Our family assets are over 100 billion, so it should be okay to say that we are a multi-billionaire?”

“Your family is so rich, and you still work outside. I thought your family was at most a middle-class family.”

Unexpectedly, he was the young master of a multi-billionaire family.

Now she understood what Sister Tong said. Sister Tong said that Zhan Wei and she were definitely a good match.

## Married at First Sight Chapter 4619

Zhan Wei said: “The money in my family belongs to my family. It is the wealth created by my grandparents, not my achievement.”

“I came out to work because I wanted to see if my family would train me like that. When I leave the protection of my family, can I make a living with my own abilities?”

“My grandma always said that if we are trained well, even if our business is not doing well one day, or even the company is going to go bankrupt, we will be able to support ourselves.”

“But grandma still hopes that we can always support the family business and try not to let the company go bankrupt. After all, it is the result of the efforts of several generations of our Zhan family. If the Zhan Group is defeated in our hands, we will not be able to see our ancestors a hundred years later.”

Zhan Wei looked at Romina ( Lan Ruoruo ) deeply and asked her: “Romina ( Lan Ruoruo ), do you have anything else to ask? As long as you want to know about me and my family, you can ask me. As long as you ask me, I will answer you.”

“No need to ask my sister-in-law. I will not deliberately conceal my identity like my eldest brother.”

“For so many years, you haven’t asked about my family situation, so I haven’t told you, and it can’t be said that I am hiding it and deceiving you.”

It is different from the eldest brother’s deliberate concealment of his identity to deceive his sister-in-law. At

that time, the eldest brother was worried that the eldest sister-in-law was after his family’s money, so he deliberately concealed his identity and only said that he was a worker in order to observe his eldest sister-in-law.

In fact, after the eldest brother found out that he fell in love with his eldest sister-

in-law, he confessed everything to her, and her might not be so angry. But the eldest brother didn’t, he still kept it a secret until the eldest sister-in-law saw the interview about the eldest brother, and then she realized that she was deceived by him.

It’s normal for the eldest sister-in-law to be angry .

After being speechless for a while, Romina ( Lan Ruoruo ) said: “What is our relationship? Why should I inquire about your family situation?”

“We are mortal enemies, but I will only target you, not your family, so there is no need to inquire about your family situation.”

Now it’s different. She wants to develop a relationship, so she wants to know what his family situation is like.

“It’s rare to see a rich second generation like you who is so low-key and pragmatic.” Zhan Wei is no longer a rich second generation, but a rich Nth generation.

“My grandma taught her well.”

Romina ( Lan Ruoruo ) smiled. “I heard from Sister Tong that you brothers were raised by your grandparents. You are the most filial to them, but your relationship with your parents is indifferent.”

“Is grandma still alive? When I am free, I want to visit her. I feel that you really respect grandma.”

Zhan Wei replied, “My grandma is still alive, and grandpa has been gone for more than ten years.”

“You can go anytime. Our family welcomes you anytime. Let me tell you, my grandma seriously favors girls over boys. As long as her grandson gets married, she only loves her grandson’s wife, and the grandsons stand aside.” ”

Any good things, delicious food, good drinks, will be given to the grandson’s wife, and fun things will be given to the great-grandchildren.”

“In the past, we were the ones grandma loved the most. Now, my six sisters-in-law are the ones grandma loves the most. Oh, Beibei is now ranked first. Grandma has been looking forward to the little girl for decades.”

At this point, Zhan Wei said again, “I forgot to tell you that my family has a serious yang excess and yin deficiency. Before Beibei, our Zhan family had no daughters for three generations.”

“Even in Beibei’s generation, I had seven nephews before I got a niece like Beibei. Beibei’s full name is Zhanxi, and her nickname is Beibei. She is the treasure of our entire family.”

Romina ( Lan Ruoruo ) couldn’t help laughing: “I really envy Beibei, but Beibei is really cute and beautiful like a doll. Seeing Beibei makes me want to have a daughter.”

The little girl is really cute.

Beibei is the apple of everyone’s eye.

“You already have seven nephews now?”

## Married at First Sight Chapter 4620

“Well, I’m the seventh. The six older brothers above me are all married. They all had sons after marriage. Only my eldest brother and his wife gave birth to a daughter as their second child.”

“My third sister-in-law gave birth to twins.”

Qiao Han and her younger brother Qiao Xuan are twins, so she inherited her mother’s gene for giving birth to twins, and gave birth to twins as her first child.

It’s just that raising a baby is really a headache.

The nanny hired by Qiao Han's family is more expensive than that of other families, because her two sons are cunning and seem to be very sensible and well-behaved on the surface, but in fact they are naughty ghosts who can climb up the roof and tear down the tiles.

In Zachary's words, even Zhan Muchen, who is so sensible, has the naughty side of a boy.

"Grandma hopes that my sisters-in-law will give birth to a second child and give her a great-granddaughter. My sisters-in-law dare not give birth to a second child, and they are afraid of giving birth to sons again."

"Like I have nine brothers, but my grandmother actually has only three sons, but because my father's generation fought for daughters, we have so many brothers."

The third uncle has four sons in total.

He has three brothers.

That is, after my uncle and aunt gave birth to my sixth brother, they didn't dare to try again, fearing that the next one would be a boy.

Grandma said that if my uncle and aunt tried to have a third or fourth child, they would have more brothers.

"In Wancheng, many people joke that our Zhan family is a Buddhist temple."

"How old are your two younger cousins?"

Romina ( Lan Ruoruo ) asked curiously.

"The eighth brother is one or two years younger than me, and the ninth brother should be around twenty-four or twenty-five this year. He is a little different from us in age."

"I heard from Sister Tong that you brothers have a very good relationship, and that your family atmosphere is very good and the family tradition is particularly good."

Zhan Wei said proudly: "That's right, our family tradition is very good."

Maybe everyone is capable. In addition to the family business, each of them has developed their own business. They are capable, and the family business has become a burden for them. They don't want to take it.

There will be no struggle for power and profit.

If any of them wants to compete for the position of the head of the family, the eldest brother will laugh in his dreams and will immediately resign and hand over the position of president to them, for fear that they will regret it if they move a little slower.

In short, in their generation, there will be absolutely no struggle for power and profit.

It is hard for them to say about the next generation, that is, Bao Bao's generation, but everyone works hard to educate their children, and often lets Bao Bao and his brothers get together to cultivate brotherhood.

I hope that Bao Bao's generation can replicate the unity of his father's generation, so that the Zhan Group can always stand firm.

A harmonious family is the root of everything.

If there are constant fights within the family, and everyone is only concerned about their own interests, then even the largest family will collapse because of the constant fighting.

"Romina ( Lan Ruoruo ), the men in our Zhan family are also extremely loyal to their feelings. Once they are married, they will be loyal to their family and marriage and will not cheat. If they cheat, they will be kicked out of the family and cannot inherit the family property."

Romina ( Lan Ruoruo ) suddenly felt that her vision was really good. The man she was attracted to was not only excellent himself, but also had a very good family behind him.

No wonder Sister Tong said that if she missed Zhan Wei, she would definitely regret it.

## Married at First Sight Chapter 4621

"Aren't you going back to the company today?"

Romina ( Lan Ruoruo ) already knew about his family situation, so she changed the subject.

"I have to go back for a meeting later, and I have to discuss a business deal with General Manager Su."

"Romina ( Lan Ruoruo ), can we have dinner together tonight?"

Romina ( Lan Ruoruo ) didn't agree to him. She said, "Zhan Wei, I'm also very busy. My schedule these days is full, and I only have some time on weekends."

“Also, I’m not considering dating you. Our current relationship remains unchanged.”

It’s not that she became a lover with him just because she knew his family situation.

The ditch between them has not been filled yet.

Zhan Wei smiled, “It’s okay, I have a lifetime to prove myself, so you can rest assured.”

“Whether you accept me or not is your business, and my pursuit is my business.”

Romina ( Lan Ruoruo ) suddenly said, “General Manager Su likes you very much. She has a very high vision. I have known her for many years and know that she has climbed step by step from an ordinary employee to where she is today.”

“It’s not easy. She is a self-reliant woman. I admire her and respect her very much.”

However, the two companies did not have any business dealings. General Manager Su’s company chose to cooperate with Yangtai, so naturally it would not cooperate with Lan’s again.

After all, the Lan family and Yangtai are still sworn enemies in business.

“I’ve made it clear to General Manager Su that I only talk about work with her, not about feelings. She’s a smart person, knows how to make choices, and has a very strong self-esteem. She won’t force me.” He

couldn’t force me.

Not to mention that he is the seventh young master of the Zhan family, even if he is just an ordinary person, relying on his strength to climb to his current position, not everyone can control him.

General Manager Su also cares about her career and is unwilling to break up for love and ruin her own future.

After Romina ( Lan Ruoruo ) was silent for a moment, she wanted to say something, but she stopped when the words came to her lips, thinking it was better not to say it.

“Then go back to work. If you’re still hungry, go eat something first.”

“I’ll accept this bouquet of money flowers. You don’t have to prepare money flowers for me next time.”

Zhan Wei said honestly: "If I give you real roses, I'm afraid you won't accept them. If I give you money flowers, you may accept them."

Romina ( Lan Ruoruo ): "..."

"Romina ( Lan Ruoruo ), I'll make an appointment with you this weekend."

Zhan Wei stood up.

"Let's talk later."

Romina ( Lan Ruoruo ) didn't give him an accurate answer, but Zhan Wei still left in a good mood.

When he returned to Yangtai, he met Yangtai's former boss on the first floor. He is still the boss now, but he is one of them.

"Brother Xiao, you finally remember that the company is yours. Long time no see."

Zhan Wei saw the former boss and current partner Chang Xiao, and smiled and joked.

Chang Xiao replied: "I accompanied your sister-in-law out shopping. I was really tired, so I let her go shopping by herself. I will go back to the company to take a look."

"This company is yours now. I am just a shadow. Don't worry about me."

Chang Xiao is definitely the king of the hands-off shopkeeper.

He said that he really didn't care about the company, and he would leave it to Zhan Wei to manage.

He was just waiting for dividends and counting money. This kind of free and easy life was happier than a god.

The main reason was that he really didn't have the ability to lead Yangtai to fight a bloody road in the business world of Yangcheng.

When he founded Yangtai, he was full of enthusiasm, but when he really became a boss, Chang Xiao realized that it was difficult to do business and being a boss was not easy.

Without business, the company needs money to run, and every day when he opens his eyes, he thinks about how to make money. He

keeps running for business and negotiating business, but he always loses money. There

are too many peers, and he is always squeezed and suppressed by his peers. He was planning to close the business, and it was his last struggle to hire a professional manager to run the company.

Unexpectedly, he would hire Zhan Wei, who changed Yangtai and Chang Xiao's fate.

Before Zhan Wei joined Yangtai, Chang Xiao was already heavily in debt due to poor management.

Now, he is a millionaire.

## Married at First Sight Chapter 4622

It was simply a win without doing anything.

The two took the elevator to the top floor together.

Chang Xiao has an office in the company, but his office door is always closed.

When the two walked out of the elevator, Zhan Wei's secretary came to meet them.

When she saw Chang Xiao, the secretary was also very surprised and immediately greeted Chang Xiao.

Chang Xiao waved his hand casually, indicating that the secretary should report to Zhan Wei first and ignore him automatically.

He is a transparent person in the company.

If he didn't still hold half of the shares, no one would remember that there was a boss like him.

"Boss Zhan, Boss Chang, Boss Su is waiting in the VIP room."

The secretary told Zhan Wei.

"How long has Boss Su been here?"

"Waited for five minutes."

Zhan Wei hummed, "Please ask Boss Su to come to my office."

Boss Su has a strong sense of time. Waiting for him for five minutes is considered long. It's just that Zhan Wei can let her wait patiently for a few minutes. If it were someone else, if the other party hadn't arrived at the agreed time, Boss Su would have left long ago.

She said that people who don't abide by their agreements are unreliable and uncooperative.

Anyone who cooperates with General Manager Su dares not be late. They would rather wait for General Manager Su than let him wait. Oh, General Manager Su will not wait at all.

The secretary hurried to the VIP room to invite General Manager Su.

At the door of the VIP room, she met General Manager Su coming out.

"General Manager Su, our General Manager Zhan is back. General Manager Zhan invites you to his office."

General Manager Su nodded slightly, and left the VIP room with her secretary, and went straight to Zhan Wei's office.

After knocking on the door and obtaining Zhan Wei's consent, she pushed the door open with her secretary.

Chang Xiao came out of the tea room with two cups of warm water in her hands.  
"Boss Su."

Chang Xiao greeted.

Boss Su just nodded slightly and walked towards Zhan Wei. Her attitude simply ignored Chang Xiao, the former boss.

Chang Xiao had a very good temper. If he had a bad temper and was not well-educated, he would not be the best among the bosses who do not care about business.

He brought two glasses of water over. Originally, one for him and one for Zhan Wei. When Boss Su came in, he gave one to Boss Su and one to Zhan Wei.

Then he turned back to the tea room, poured two more glasses of warm water, and then took some afternoon snacks and brought them out on a tray.

"Please drink some water."

Chang Xiao handed a glass of water to Boss Su's secretary, and placed the afternoon snacks he brought out in front of the two women.

“Boss Su, have some snacks.” Boss

Su glanced at him and said coldly, “Boss Chang, nothing to do, you go out first, Boss Zhan and I have to talk about business.”

“Okay, you guys talk, I’ll go out and won’t disturb you.”

Chang Xiao responded readily.

Before he turned around, he even asked the secretary to have some snacks, and then he was about to leave with a smile.

“Brother Xiao, wait a minute.”

Zhan Wei called out to Chang Xiao.

“Brother Xiao, you also have a stake in the company. Strictly speaking, you are the real boss of Yangtai. Brother Xiao also needs to know a little about business matters. It would be best if you can go back to work in the company...”

Before Zhan Wei finished speaking, Chang Xiao ran out quickly.

Then, he closed the office door.

He couldn’t hear, couldn’t hear!

Zhan Wei: “.....

## Married at First Sight Chapter 4623

“He ran faster than a rabbit. He just wanted him to listen and understand the business situation of his company.”

Zhan Wei complained.

Chang Xiao, the hands-off shopkeeper, is getting better and better.

It’s because he has a good person like Zhan Wei who won’t plot against him. If it were someone else,

he would have been plotted against long ago. How could he get any money? It would be strange if he was not forced to sell his half of the shares. Zhan Wei has the Zhan Group behind him. He is a rich man and is too lazy to do such things for a little money.

If he dares to do that, grandma will scold him to death if she knows.

Grandma said that a gentleman loves money and gets it in a proper way.

Every penny earned must be fair and aboveboard, so that you can spend it with peace of mind.

General Manager Su said: “General Manager Chang doesn’t care about the company or do business. If he stays to listen, he won’t understand. He also wastes our time analyzing to him, which reduces our work efficiency.”

She likes Zhan Wei, not only because Zhan Wei is handsome and self-disciplined, but also because he has never played with other people’s feelings because he is handsome and many girls like him.

Also because of Zhan Wei’s ability and efficiency, she is a vigorous and resolute person, and her efficiency is also very high, so she appreciates Zhan Wei who has the same style of doing things as her.

Zhan Wei sighed and said, “But sometimes I also want to take a break. Brother Xiao doesn’t care about anything. I want to take a break, and no one can take over my shift.”

He is not tired, he wants to make time to pursue his wife.

Romina ( Lan Ruoruo ) admitted that she had feelings for him, but also made it clear that she would not accept him easily.

He still has to work hard to change the situation of him and Romina ( Lan Ruoruo ) as competitors, so that he can make real progress in pursuing his wife.

General Manager Su said, “Can’t General Manager Zhan rest on weekends?”

“The weekend is not enough.”

General Manager Su pursed her lips, and when she spoke again, she stopped gossiping and went straight to work.

She talked with Zhan Wei for a long time, and finally both parties were satisfied, so they signed the contract.

After signing the contract, General Manager Su’s work today was over. Her serious expression eased a lot. She picked up the glass of water, took a sip, and put it down.

After being left for a long time, the warm boiled water has turned into cold water.

Zhan Wei noticed this, he stood up, took the cup in front of President Su, and said to her: "The water is cold, I'll pour you another cup."

"Okay, thank you."

When Zhan Wei went to pour her some water, General Manager Su's eyes followed him.

He was handsome, capable, successful in his career, and attentive.

He was her ideal partner.

Unfortunately, she had confessed her feelings openly and secretly, but Zhan Wei rejected her.

General Manager Su also had self-esteem.

Being repeatedly rejected by Zhan Wei, her self-esteem was more or less hurt. She was unwilling to shamelessly pester Zhan Wei, which would only damage her self-esteem further.

She did not allow herself to lose the results of her years of hard work for a man.

Even if she could not get a man, at least she had to keep her career and her future.

Zhan Wei did not accept her, and she looked down on others, so she would not get married. When she needed it, she could still be happy in a gigolo club.

"General Manager Su, please drink some water."

Zhan Wei did not know what General Manager Su was thinking, so he poured General Manager Su another cup of warm water.

He also brought a plate of fruit.

"Work is done, General Manager Su, please have some fruit."

Zhan Wei put down the fruit and sat down on his black chair.

"Thank you."

General Manager Su thanked him, then took the afternoon snacks that Chang Xiao had just given her and the secretary, handed them to the secretary, and asked her to take the snacks outside.

The secretary knew that her boss liked General Manager Zhan very much, and at this moment, he must want to be alone with him.

She knew what was going on, took the plate of snacks, and left with a smile. She gave her boss some space, and she didn't want to be a light bulb.

General Manager Su and Zhan Wei were the only two people in the office.

## Married at First Sight Chapter 4624

"Boss Zhan."

Boss Su said with a smile, "I heard that Boss Zhan has been getting close to the eldest daughter of the Lan family recently."

"Haven't Romina ( Lan Ruoruo ) and I always been close? Whenever I meet her, we always say something to each other. We are very close."

Boss Su smiled and said, "Zhan Wei, I'm serious."

"I'm serious too."

"You like Romina ( Lan Ruoruo ), don't you?"

Boss Su asked directly.

Women's intuition is very accurate.

She confessed again and again, but Zhan Wei rejected her confession.

Because of his special feelings for Romina ( Lan Ruoruo ), she knew that Romina ( Lan Ruoruo ) was her real rival.

Zhan Wei and Romina ( Lan Ruoruo ) actually fell in love with each other.

How is she inferior to Romina ( Lan Ruoruo )? She

is only a few years older than Romina ( Lan Ruoruo ), and she is not as lucky as Romina ( Lan Ruoruo ), born into a wealthy family.

But her efforts and current achievements are the same as Zhan Wei. They are the same kind of people.

“Does it seem so obvious that I like you?”

Zhan Wei asked back with a smile.

It was like giving Boss Su the answer.

He just fell in love with Romina ( Lan Ruoruo ).

Is that not okay?

He is unmarried, Romina ( Lan Ruoruo ) is unmarried, and both of them are single. He has the freedom to like Romina ( Lan Ruoruo ), and he is not a mistress.

Mr. Su smiled bitterly.

“Why her? Haven’t you always been fighting to the death?”

“Let’s fight again. I still admire her as a person. Similarly, she also admires me as a person.”

“Isn’t it because she comes from a wealthy family? Do you think being with her can bring you more benefits?”

President Su asked sharply.

Zhan Wei answered seriously: "President Su, I like Romina ( Lan Ruoruo ) as a person. It has nothing to do with her background. She is the daughter of a wealthy family and she is no different from an ordinary person."

He himself came from a wealthy family, so why would he need to use Romina ( Lan Ruoruo )'s wealthy status to gain benefits for himself?

"Business is business, and feelings are feelings. I won't let feelings be mixed with business calculations."

"I like Romina ( Lan Ruoruo ), that is a true love, without a trace of impurities."

"I am now a new business elite in Yangcheng, and I also have status and position. I am not short of money, and I don't need to sacrifice love for my future."

President Su didn't speak, and looked at him.

Maybe she wanted to catch his guilty conscience from his expression.

Unfortunately, no matter how sharp her eyes were, she couldn't catch the guilty conscience from Zhan Wei's face.

Zhan Wei said everything from the heart.

President Su smiled again and said, "Even if you are not after money and status, there is still a gap between you and Romina ( Lan Ruoruo ). If you are with her, no one will believe that you two are sincere."

"Romina ( Lan Ruoruo ) will definitely be on guard against you, afraid that you will use her to plot against the Lan Group."

Yes, Zhan Wei is now a new upstart in Yangcheng shopping malls, and a person of status and position in the Yangcheng business community.

Under his leadership, Yangtai has become one of the big companies in Yangcheng.

However, compared with the real wealthy family, the Lan family, the gap between Zhan Wei and the Lan family is too big.

The Lan family has at least tens of billions of assets, and it is the richest family in Yangcheng.

Zhan Wei's current assets are at most a few hundred million.

For ordinary people, Zhan Wei's wealth is already among the wealthy.

But before the wealthy families with tens or hundreds of billions, Zhan Wei is not as good as them.

## Married at First Sight Chapter 4625

"I don't need others to believe whether I am sincere or not. I will use my actions to prove to Romina ( Lan Ruoruo ) that I like her as a person, not her family background."

His original family is better than the Lan family.

Zhan Wei did not tell President Su that he is actually a rich young master, and he and Romina ( Lan Ruoruo ) are truly a perfect match.

"It's normal for Romina ( Lan Ruoruo ) to be on guard against me, but time will tell. After a long time, she will definitely believe me."

President Su was silent.

She saw determination in Zhan Wei's eyes.

This man whom she loved but could not get was sincere to Romina ( Lan Ruoruo ).

President Su was still a little sad.

After all, Zhan Wei was the only man who had moved her heart for so many years.

Such an excellent man is not hers.

“Zhan Wei, if I were a few years younger than you, would you like me?”

President Su thought that he was two years older than Zhan Wei, and Zhan Wei’s statement that he did not like sister-brother relationships was the main reason for rejecting her.

Zhan Wei smiled, “Mr. Su, there are no ifs. Even if you are really a few years younger than me, I still don’t love you. In fact, love has nothing to do with age. Using age as an excuse is just an excuse to reject you.”

“Yes, it has nothing to do with age. That’s an excuse you use to reject me.”

“We have known each other for several years. If you love me, you would have loved me long ago. If you don’t love me, you don’t love me and you can’t force it.”

Mr. Su picked up the glass of water and drank it all.

After putting down the cup, she picked up her things, stood up, and said to Zhan Wei, “I am convinced that I lost to Romina ( Lan Ruoruo ). If it was someone else, I would always want to compete with her, but for Romina ( Lan Ruoruo ), I won’t compete.”

“Boss Zhan, I wish you can marry your beauty soon. When you marry Romina ( Lan Ruoruo ), you must treat me to a glass of wedding wine so that I can share in your joy and see if I can get married in the next two years.”

“Alas, my old parents at home are urging me to get married. In the past, our family was not well off, and they were very happy that I could make money.”

“After their lives have improved and they have become wealthy, they start to worry about my major life events.”

President Su did not say that her parents also said that if she never fell in love or got married, the family property she earned would be given to her brothers. It

would be inherited by her brothers and nephews.

Why?

She worked hard for so many years, shed blood, sweat and tears, to climb to this position today.

Is it easy for her?

Why should her brothers inherit everything from her so easily?

She has bought a house for her parents and helped her brothers buy a house. She gives her parents 20,000 yuan a month for living expenses. Is it not enough?

She will not give more.

Her parents want her to be a brother-supporting demon, but she refuses.

She can be filial to her parents, but it is not her obligation to help her brothers. If she is willing to help, she can help. If she is unwilling to help, her parents should not morally blackmail her.

Sometimes, President Su wondered if Zhan Wei rejected her because he knew her family situation and was afraid that she was a phoenix girl and would be sucked dry by her whole family?

Zhan Wei smiled and said, "I understand. I am the same. I will be urged to get married by the elders in my family."

President Su stretched out his hand to him and the two shook hands.

"Boss Zhan, we have a pleasant cooperation."

"A pleasant cooperation."

Zhan Wei escorted Boss Su out of the office and all the way to the elevator. He watched Boss Su and the secretary enter the elevator and waved goodbye to them.

The elevator door closed quickly.

The secretary looked at her boss's face.

## Married at First Sight Chapter 4626

President Su looked at her and said, "No need to look at her, it didn't work."

"Did President Su confess to President Zhan? You should confess, let President Zhan know that you like him."

The secretary thought that her boss was arrogant and didn't confess to Zhan Wei.

Even though many people could see that her boss liked Zhan Wei.

But she had never seen her boss confess.

If she didn't say it, how would President Zhan know.

After a moment of silence, President Su said, "I confessed, more than once."

"Ah."

The secretary was surprised. She didn't know that her boss had confessed a long time ago.

"Zhan Wei doesn't love me. He has someone in his heart. His heart has long been given to Romina ( Lan Ruoruo ), but he just didn't know it before."

"I can see it, and I don't want to believe it. I think they are competitors and mortal enemies, and they will never develop into lovers."

"You are wrong. A man and a woman who appreciate each other can easily develop into lovers and break through the relationship of enemies. Business competition must give way to love."

"Zhan Wei said that age has nothing to do with it. If you don't love, then you don't love. Using age as an excuse is just an excuse to refuse."

"He only regards me as a business partner, or a friend, but not a lover."

President Su said sadly: "This is the first time in so many years that I have met a man who makes me very satisfied, but he died before he could even start. He didn't even have a chance to start."

"After all, we are not destined to be together."

The secretary was speechless, and then comforted him: "Don't be discouraged, President Su, you are so outstanding, you will meet a better man than President Zhan in the future."

"Are President Zhan and Miss Lan together? Won't they be on guard against each other?"

"Boss Zhan is after Miss Lan's family background. Men value their future more. If he is with Miss Lan, it will be very helpful and beneficial to him."

After a moment of silence, Boss Su said, "Zhan Wei is probably not that kind of person. He has enough ability to climb to a high position without relying on a woman's help."

Even though she thought so just now, in front of the secretary, General Manager Su subconsciously defended Zhan Wei's dignity. She

didn't want Zhan Wei to become the Phoenix Man who climbed up the social ladder in the eyes of others.

Judging from Zhan Wei's knowledge, cultivation, and demeanor, he doesn't look like a Phoenix Man, and his family conditions should not be bad.

It is difficult for people from poor backgrounds to cultivate such a temperament.

Zhan Wei always exudes a sense of dignity in his gestures.

The secretary thought for a while and said, "That's right, General Manager Zhan is very capable. In fact, he and General Manager Su are really a good match."

"So what if they are a good match? I love him, but he doesn't love me. Feelings can't be forced, and I don't want to force it."

"Personal feelings aside, he and Romina ( Lan Ruoruo ) are actually more suitable. The two of them stand together, a talented man and a beautiful woman, a match made in heaven."

She and Zhan Wei are not destined to be together.

"Let's not talk about this. From now on, we and Yangtai will be business partners, and Zhan Wei and I will only be friends."

It will not develop further, and it can't develop.

The secretary couldn't help but say, "Don't you plan to fight for it, President Su?"

"He doesn't love me, what should I fight for? That would be humiliating. I, Su Yan, don't need to do that. I don't need to compete with others for a man."

"It's just men. There are so many men out there. As long as I am willing, men who like me will line up to marry me."

President Su is not without admirers.

But she is worried that others are after her money.

For a worker, she is a very successful worker.

She now lives in a villa, drives a luxury car, has tens of millions in bank deposits, and rents out houses and shops, as well as a lot of fixed assets.

# Married at First Sight Chapter 4627

Wancheng.

Serenity walked out of the airport with her children under the protection of bodyguards and nannies.

“Dad.”

She saw her husband who came to pick her up at a glance.

The two children’s eyes were sharp. After seeing their father, the baby immediately broke free from the hand held by his mother and ran quickly to his father.

He wanted to run over first and let his father hold him. When his sister arrived later, his father would only hold his sister.

No matter how sensible Zhan Muchen was, he was still a six-year-old child.

“Dad.”

Beibei was very anxious. She struggled to get off the ground.

Serenity had to put her on the ground, and the little girl immediately spread her short legs and ran towards her father.

A bodyguard and a nanny followed immediately.

Serenity was not in a hurry.

Let the children get close to Zachary first.

Zachary waited at the airport for a long time.

He arrived at the airport two hours in advance and waited until now to see his wife and children.

“Baby.”

Zachary missed his children madly after not seeing his two children for a while.

The serious expression in the past had long disappeared.

He strode forward, hugged his son who was running towards him, and spun around a few times in his arms, making Zhan Muchen laugh.

“Dad, I miss you.”

When his father stopped spinning around, the baby hugged his father’s neck and expressed his longing for him.

“Dad misses you too.”

Zachary put his son down, “Okay, my sister is here.”

The baby pouted and said, “After having a sister, Dad only has his sister in his eyes, and he doesn’t love the baby anymore.”

Zachary pinched his son’s face with a smile, “How could that be? Your position in Dad is different. Dad loves you. You are your parents’ first child. How could your parents not love you?”

“My sister is still young, and I only have one sister, so Dad loves her a little more, but in terms of your weight in Dad’s heart, you still rank ahead of your sister.”

The six-year-old Zhan Muchen already weighs dozens of kilograms, and Beibei is only one and a half years old. Even if he is not thin, he is only more than 20 kilograms, naturally not as heavy as his brother.

Zachary’s words are meaningful. The little baby is not as scheming as his father, and he was coaxed into thinking that in his father’s heart, he ranks ahead of his sister.

But he didn’t know that the weight in his father’s mouth was different from the weight he thought.

“Does the baby like his sister?”

Zachary was still worried that his son would be jealous of his daughter.

“I like it. I like my sister the most. Dad, I won’t be jealous of my sister.”

Zachary smiled, “Baby is the best.”

The little guy forgot that he just complained that his father only liked his sister and thought that his father didn’t love him anymore.

“Mom and Dad will like Baby more. Baby is a good baby.”

No wonder experienced parents always say that after having a second child, they should love the first child more, so that the child will not feel lost, will not feel that their love is taken away by their younger siblings, and will love their younger siblings.

However, after having a second child, many parents always feel that the second child is smaller and needs more care, ignoring the eldest child, ignoring that the eldest child is still a child, always asking the eldest child to be sensible and obedient, but ignoring that the eldest child is still a child.

The eldest child also needs the love of his parents and the care of his parents.

Under the neglect of his parents, the eldest child is easy to be sad and disappointed, and then become rebellious, or depressed, like a completely different person.

Parents will only blame the eldest child for becoming bad, will accuse, scold, and even beat the child, but will not look for the reasons from themselves.

## Married at First Sight Chapter 4628

Zachary prefers his daughter, but he is also very careful with his eldest son, fearing that he will blame them and dislike his sister.

Many times, parents do not realize that they have been biased. They always think that they treat their children equally, but in fact, they have been biased for a long time. They are

biased without knowing it.

Zachary is also afraid that he has hurt his son's young heart unknowingly because of his bias towards his daughter.

The eldest son has different feelings and meanings for him and his wife.

He loves his son no less than his daughter. Of course, he has high expectations for his son. He regards his son as the next generation successor of the Zhan family, so he will be stricter when disciplining him.

"Baby loves dad and mom too. I have lived in Uncle Qi's house for a while this time, and I talk to my sister about dad every day."

The father and son have video calls almost every day, and Bao Bao feels that he still misses his dad very much.

He is used to the days when his parents are around. There are a few days when his dad is not around, and he misses his dad very much.

“So, are you happy living at Uncle Qi’s house? Are you having fun?”

Zachary didn’t show his special love for his daughter in front of his son. He waited until his daughter was about to run over before he took his son’s hand and walked forward quickly. Then he let go of his son’s hand and hugged his daughter.

“Dad.”

Beibei called sweetly.

Zachary’s heart was about to melt.

He couldn’t help but kissed his daughter’s tender face twice.

“Beibei, you miss your dad so much.”

After kissing his daughter, Zachary thought that he hadn’t kissed his son just now, so he bent down to kiss his son on the face. The little guy actually covered his face with disgust and protested: “I don’t want my dad to spit on my face.”

Zachary: “...”

His son actually disliked his kiss.

That was a father’s expression of love for his son, but his son disliked it!

Ten minutes later.

Young Master Zhan’s special car team took his wife and children home. They

went straight back to Youyou Villa, where everyone was.

Beibei fell asleep in her mother’s arms.

Serenity said, “When we were on the plane, Beibei was very curious, touching here and there, and didn’t sleep much.”

“Now she’s sleeping like a pig.”

Zachary took his sleeping daughter from his wife’s arms.

“Let me hold her.”

The little girl wasn't heavy, but if you hold her for a long time, your arms will get sore.

Baby sat between his parents, leaning on his mother for a while, and then leaning on his father. He liked the feeling of having his parents around.

So happy.

“Dad, is Brother Long Ting here too? And Sister Yanyan and the others?”

Baby remembered that his father told him on the phone that his friends were all at the old house, waiting for him, the little brother, to come home and have company to play with.

“Your brother Long Ting won't be here until tomorrow, and the same goes for sister Yanyan.”

“But Lele and the others have all gone home. As soon as they come back, they look for big brother and ask your grandmother every day when you will be back. They say they miss Beibei.”

Zhan Muchen's big eyes twinkled and he asked, “Do they miss me as their big brother, or their little sister?”

Zachary smiled and said, “They miss both. You only have one little sister and you love her as much as your own eyes.”

“After spending a day at school and returning home, the first thing they do is hug their little sister. They are the same as you.”

“But if they want to play together, they still prefer to play with you as their big brother.”

Beibei is still young, and her brothers really love her, but when a group of them go out to play, they really don't like to bring their little sister with them, as they think she is too young and doesn't know how to play.

## Married at First Sight Chapter 4629

“I like playing with them, too. They are all my good brothers.”

Zhan Muchen is still very young, but he still has the demeanor of an older brother.

The elders in the family have taught him that he is the older brother and should love his younger siblings and set a good example for them.

“However, I still like playing with Brother Long Ting and Brother Yang Yang the most. They know more than me, especially Brother Long Ting. He is so amazing. He is good at kung fu and studying, and he can also treat illnesses and prescribe medicine.”

When mentioning Long Ting, Zhan Muchen’s eyes are full of admiration.

He also likes his cousin Yang Yang very much, and thinks that Brother Yang Yang is better than Brother Long Ting in learning.

Brother Yang Yang taught him a lot and loves him the most.

Yang Yang really loves his cousins and siblings. Now he has his own sister, and he regards his sister as the apple of his eye.

“Dad, why can Brother Long Ting treat illnesses and prescribe medicine? None of us can do that.”

Zachary replied, “He studied medicine. He is the apprentice of your Aunt Cheng. Aunt Cheng is a miracle doctor, so Brother Long Ting can treat illnesses and prescribe medicine. You haven’t studied medicine, so naturally you can’t do that.”

“Baby, no matter which skill it is, you have to spend a long time to study it seriously in the early stage.”

“No one is born knowing everything. They are all acquired, not just studying medicine, but other things as well.”

Zhan Muchen seemed to understand, and he asked again, “Dad, can we study medicine?”

“If you like, you can study medicine, but you may not be able to make medicine your career like Brother Long Ting. You are the eldest son and grandson of this generation of my Zhan family, and you are born to shoulder heavy responsibilities.”

Zachary thought that if his son was ordinary, he could be exempted from the identity of heir, but his son was very smart and sensible. At a young age, he was also calm beyond this age. His younger brothers also respected him and listened to him.

Repeating his previous path, if nothing unexpected happens, the baby will be the heir of the next generation of the Zhan family.

The burden is very heavy.

You can't do whatever you want like other people.

Zhan Muchen thought for a while and said, "I can learn some medical skills. Grandma always said that it is better to have many skills than too much. No matter what skills it is, even farming, Grandma said that you can learn it."

"Grandma said that as long as we learn, we must take it seriously and not fish for three days and dry the net for two days."

Serenity touched her son's head with satisfaction and praised him, "Our baby is great. Remember the teachings of your great grandmother. You will benefit a lot in your life."

"Your great grandmother is a very good and powerful person. We should all learn from your great grandmother."

Zhan Muchen agreed with his mother's words. In their eyes, the great grandmother is really powerful and loves them very much. They all like the great grandmother.

"Mom, I suddenly miss my great grandmother."

When the old lady was mentioned, Zhan Muchen began to miss her.

Serenity smiled and said, "Aren't we on the way home? We can see the great grandmother when we go back. You can sleep with her tonight if you want."

"I don't want to."

The baby immediately refused.

"I sleep with my great-grandmother, and she can't sleep well. She's always worried that I'll kick off the quilt, sleep restlessly, and always wake up, which will affect her rest."

Zhan Muchen's words made Zachary and his wife exchange glances. They

were very satisfied with their son's understanding and thoughtfulness.

"You are worthy of being my son, Zachary."

Zachary boasted.

As a father, he is good enough, so his son won't be too bad.

A good father will have a good son.

## Married at First Sight Chapter 4630

Serenity laughed at him for flattering himself.

Zachary chuckled, “My son is excellent. It’s because of our good genes and my good teaching.”

Naturally, it’s all his credit.

Before they had the baby, the couple agreed that he would be the nanny and be responsible for disciplining the child. When one person needs to play the bad guy and the other the good guy, he would always be the bad guy.

Zachary would not let the children have any dissatisfaction with Serenity.

He was often the one who rushed to criticize the children.

“How is the seventh child?”

Zachary finally had the leisure to care about the seventh child.

Before Serenity answered, Zhan Muchen rushed to tell his father: “Seventh Uncle is pursuing Seventh Aunt. He said that he would try to marry Seventh Aunt home as soon as possible, so that we can have Seventh Aunt.”

“But, Dad, Seventh Aunt is so powerful. She dares to hit Uncle Seven, and Uncle Seven doesn’t get angry even when he is hit.”

No matter how smart the little guy is, he is only a six-year-old kid. He couldn’t understand why Uncle Seven still liked Aunt Seven even after being slapped by Aunt Seven.

The little guy put himself in his shoes and felt that if he was slapped in public, he would fight with the person and would not like the person who hit him.

Even if Aunt Qi is very beautiful.

Zhan Muchen has seen many beautiful aunts. His mother is a great beauty, and several aunts are also beautiful. Aunt Xiaojun and Aunt Xiaofei, which one is not a beautiful aunt?

Therefore, Aunt Qi’s beauty cannot raise the score.

Zachary looked at Serenity: “Does the surname Lan always hit people? Does that woman have a tendency to domestic violence?”

The most important thing is, does his own Lao Qi have a tendency to be abused?

Serenity smiled and said, “No, last time, Romina ( Lan Romina ( Lan Ruoruo ) ) had just had a large business intercepted by Lao Qi. When she saw Lao Qi welcoming us, she misunderstood and deliberately slapped Lao Qi.”

“Baby always thinks Romina ( Lan Romina ( Lan Ruoruo ) ) is so powerful and fierce that she dares to attack Lao Qi.”

“Romina ( Lan Romina ( Lan Ruoruo ) ) is actually very good. Our Beibei likes her very much. Lao Qi has been attracted to her for a long time. The two of them are considered to be in love. I believe Lao Qi has talked to you about it.”

As the eldest brother, the younger brothers always look for the eldest brother Zachary first when they encounter problems.

Serenity didn’t even need to ask, and she guessed that Lao Qi had looked for Zachary.

“If time could go back, I think Romina ( Lan Romina ( Lan Ruoruo ) ) would never slap Lao Qi again. It was that slap that put her at a disadvantage and very passive in the confrontation with Lao Qi.”

“Now she is gradually being controlled by Lao Qi and is being eaten up by her.”

“Husband, don’t tell me, the men in your Zhan family are really black-bellied when they cheat people.”

Romina ( Lan Romina ( Lan Ruoruo ) ) regretted it, she regretted it so much.

A slap brought about so many follow-ups, making her very passive now. It was

also because Zhan Wei was too black-bellied.

Even if she was beaten, she could find a way to turn the situation around and turn from a disadvantage to the winner.

Zachary said, “It was just that one time. I thought there would be more later. I thought that if the Lans had a tendency to domestic violence, I should persuade Old Seven to find someone else to like.”

“No need to persuade. Romina ( Lan Romina ( Lan Ruoruo ) ) is a good match for Old Seven. I’ve gotten along with Romina ( Lan Romina ( Lan Ruoruo ) ) and she’s a good person.”

“The Lan family’s family tradition is pretty good, and the two families are well matched.”

“I think after Old Seven realized his feelings for her, his heart was set on Romina ( Lan Romina ( Lan Ruoruo ) ). It’s impossible for him to find someone else. If he could find someone else, it only means he doesn’t love her.”

Serenity asked back, “Who among you named Zhan, once you’ve fallen in love, can let it go and find someone else to love?”

## Married at First Sight Chapter 4631

Zachary said quickly: “I won’t. I will definitely be loyal to my feelings. They won’t either. Our ancestors said that anyone who dares to cheat after marriage and breaks the ancestral rules will be an unfilial descendant and will be expelled from the family.”

Also, you can’t do anything that harms the interests of the country. Whoever does it will be expelled from the family and will not be

allowed to inherit the family property. This is the same as the Jun family. “That’s it. It’s impossible for the seventh son to change someone he likes. He has identified Romina ( Lan Ruoruo ). The two of them are also interested in each other. As for the problem between them, I believe that both of them will work hard to resolve it.”

As long as Romina ( Lan Ruoruo ) understands the family style of the Zhan family, she will catch Zhan Wei and will not miss Zhan Wei.

Serenity said to her son again: “Baby, you don’t understand adult matters yet. Don’t have any opinions about your future seventh aunt. You know, if she marries your seventh uncle in the future, you should treat her like other aunts.”

Zhan Muchen nodded sensibly: “Dad, Mom, I know, I just said a few words in front of you, not in front of your seventh uncle, let alone in front of the future seventh aunt.”

Serenity touched her son’s head, and then hugged her son’s little body against her.

“Our baby is the best. It will take some time to go home, so lean on mom and sleep for a while.”

The baby was hugged by his mother, and couldn’t help but hug her mother’s arm coquettishly, “Mom, I love you.”

“Mom loves you more, and I love you and your sister equally.”

Maybe she loves her son more. This is her first child. She got pregnant a year after marriage. It can be said that the arrival of the baby solved her dilemma of not getting pregnant and cleared up everyone’s talk about her behind her back.

The daughter was born four years after the son. The daughter is now more than one year old, but the son has been with her for six years. Naturally, her feelings for the son are deeper.

Besides, the daughter is the most loved one. She was worried that the son would feel that adults don’t love him anymore because he has a sister, so she loves the son more and is better to her daughter.

“I know that my mother loves me more, and my father loves my sister more.”

The little guy knows it clearly.  
He could feel which of his parents loved him more.

Zachary: “.....Baby, Daddy is not partial to his sister, it’s just that this is the first time Daddy has a daughter, so he is a little rare.”

“Isn’t it the first time Daddy has a son? Daddy had a son before me? Then where is my brother?”

Zachary was speechless for a moment by his son’s rebuttal.

Serenity burst into laughter and said to her son: “You are your parents’ first child, you don’t have a brother, there is a problem with what your father said, let’s ignore it.”

“I thought I had a brother.”

Zhan Muchen’s little face was full of regrets, thinking that if he had a brother, he, as a younger brother, would not have to be the eldest.

Who knew, it was a false alarm.

Serenity let her son’s head rest on her thighs, and said softly: “Go to sleep, mom will call you when we get home.”

“Okay.”

Zhan Muchen closed his eyes. He wanted to learn from his father to close his eyes and rest his mind. Who would have thought that in a few minutes, he was really taken away by Zhou Gong.

After making sure her son was asleep, Serenity said to her husband: “You must treat both children fairly in the future. We don’t have many children, only two. You can’t favor your daughter and ignore your son just because you have been looking forward to having a daughter for a long time.”

“I have tried my best to treat them fairly. I don’t think I am biased.”

“We adults don’t think we are biased. Children can feel it. Sometimes we don’t even know that we are biased.

## Married at First Sight Chapter 4632

Zachary looked at the little person sleeping soundly in his arms. This was the daughter that the Zhan family had been waiting for for generations. Everyone loved her.

“My heart melted when I saw my Beibei. I couldn’t help it.”

“Okay, I will be better to my son in the future. Anyway, our Beibei has so many people who love her.”

In the Zhan family, sons are indeed not as favored as daughters.

“When I asked my baby, he didn’t say I was partial. He told you that he treated his sister better.”

“You are serious.”

Zachary looked at her and smiled, “I am the villain, so of course I have to be more serious.”

“Wife, are you tired? If you are tired, you can lean on my shoulder and take a nap.”

“You must be tired after sitting on a plane for several hours and taking two children with you.”

“Not tired.”

Hai Tong gently touched her son's face with a gentle look in her eyes, "I often go on business trips, and every time I have to sit on a plane for several hours. I am used to it and don't feel tired."

"This time I took the children out to play, they are very happy, and it can also help the baby broaden their horizons."

Beibei is still young. Now she doesn't know how to appreciate where she goes to play. After two or three years, she will even forget where she has been.

"Of course they are happy with their mother. Reading thousands of books is not as good as traveling thousands of miles. When you have time, you should take the children out for a walk, appreciate the beautiful mountains and rivers of the motherland, and experience the local customs and customs of various places."

"When we were young, our parents didn't have time to take us out to play. It was usually our grandparents who took us everywhere to play."

Because their parents had to take over the business, their grandparents retired and had more time to accompany them.

Grandma herself was a person who could not stay at home. She always liked to travel around, all over the country, and often went abroad.

With such a grandma who liked to travel around, they also went to many places when they were young. After they went to junior high school, their grandparents rarely took them out, but let them go wherever they wanted.

Exercise their courage.

He has many brothers, and the second and third brothers are about the same age as him. The three brothers, together with Duncan and Su Nan, form a five-person group and often fly around. As long as there are more than three days of vacation, they can go on a trip at any time. After adulthood

, they have no time to travel, because everyone has taken over the family business and is very busy during weekdays, and they don't have much time even on weekends.

Before he married Serenity, he went out early and came back late every day. It was considered early to be able to go home after eleven o'clock in the evening. Many times he could not go home until one or two o'clock in the morning.

After getting married and having a wife and children, his heart is more focused on his family. He would postpone evening social events if he could, but if he couldn't, he would go home immediately after finishing his business.

If the client wanted to go somewhere else for fun and consumption, President Zhan would not accompany him, but would arrange for other senior executives of the company to accompany him.

In recent years, his daily routine has become much more regular.

Clients who are familiar with him always say that he has changed the most, and joke that men with wives and children are different.

There is no end to making money, and he has made a lot of money. As long as his children don't spend money, the money he makes is enough for his wife and children to spend for three lifetimes.

It is more important to accompany his wife and children.

Serenity is now also successful in his career. The combined assets of the couple exceed the total assets of many large families.

## Married at First Sight Chapter 4633

Youyou Villa is very lively today. Shen Xiaojun's family of three and Shang Xiaofei's family of three are here.

Zachary's cousins took the time to send their children back to the old house to accompany the old lady, and they would naturally stay at home for a few days.

Grandma is old, and every day she can accompany her is a day.

The old lady sat under a pavilion in the yard, watching her great-grandchildren playing not far away. Accompanying her were Shen Xiaojun and others. The old lady's smile never faded.

"It would be great if it was so lively every day."

The old lady smiled, "They usually go to school or work, and they are not at home. The whole villa is quiet and it's not fun at all."

"I still like the lively and bustling, maybe because I'm old and afraid of loneliness."

When he got older, Han You no longer ran around like before and found things to do by himself. The old lady was afraid of loneliness.

It is said that when people get old, they are like children and like to have someone to accompany them.

The old lady thought she would be different from other old people, but she was slapped in the face by reality. As she got older and older, she lacked energy, and her children and grandchildren refused to let her run around, so she rarely went out.

But she felt bored staying in the villa every day. There were not many old sisters at the foot of the mountain who were still alive. Some who were a few years younger than her had passed away.

Alas, everyone is mortal after all.

She is now in her eighties and has let it go. Anyway, she already has a great-granddaughter, so she can die with peace of mind.

Of course, the old lady didn't want to die. She used to think that she could see her old man after she died.

Now, she feels that her old age is too happy, especially with her great-granddaughter, she doesn't want to die. She wants to live a long life and see her great-granddaughter grow up.

It would be even better if she could see her great-granddaughter get married.

"Grandma Zhan, there are so many people in the villa who can accompany you. We will come to accompany you when we have time."

Shen Xiaojun said with a smile, "It's summer vacation now, and the children are back. I'm afraid you will find it too noisy at home."

"If you don't find it noisy, my Su Meng will stay here for the summer vacation. I couldn't ask for more. This kid is very naughty and is protected by his grandparents at home. When we discipline him, he hides in his grandparents' place."

"When I scolded him, his grandparents looked distressed, as if I were a stepmother."

Sunan often complained that his parents spoiled their grandson, saying that when he was a child, whenever he made a mistake, his parents would criticize and educate him, and sometimes he would be beaten.

When it was his grandson's turn, they were reluctant to even move a finger.

Grandparents are really close to each other.

Sunan thought that his parents were born so strict, but who knew that they were targeting him, their biological son.

“Sometimes he would run to his uncle’s house for shelter.”

When Shen Xiaojun really wanted to discipline her son, her parents-in-law didn’t dare to intervene, but they looked distressed, which often made Shen Xiaojun laugh and cry.

Whenever she criticized and educated her son, her parents-in-law would be restless, and would come over to watch three times a minute, for fear that she would pick up a clothes hanger to beat their precious grandson.

“Grandma Zhan, if possible, my boy and my eldest brother’s can be sent here, so that they can spend the summer vacation here, and I can have some peace of mind.”

Shang Xiaofei quickly took over Shen Xiaojun’s topic.

Ning Yunchu burst out laughing, “Do you think this place is a kindergarten?” They were all sent to Youyou Villa.

Shang Xiaofei smiled and said, “Your house is big enough, and there is such a big playground. There are many children. Let them spend the summer vacation here, we can rest assured, and we can have some peace of mind.”

“If Grandma Zhan can’t take care of it, I’ll ask my parents to come and help. They can come and brag with Grandma Zhan.”

Shen Xiaojun also hurriedly said, “My parents-in-law and uncle are also happy to come and brag with Grandma Zhan, as long as Grandma Zhan takes in my bratty boy and let my husband and I have a quiet summer vacation.”

Everyone present laughed.

The old lady smiled so hard that her teeth were not visible. She smiled and said, “Okay, okay, send them all here. I like the hustle and bustle. Even if they demolish my Youyou Villa, I will be happy.”

“Just ask your parents-in-law, parents to come and live here. My Youyou Villa is big enough. Even if they all come, there are still plenty of empty rooms.

## Married at First Sight Chapter 4634

She was looking forward to the winter and summer vacations so that her great-grandchildren could come back.

On weekends, only Zachary and Haoyu's children would come back to accompany her for two days.

Those great-grandchildren usually stayed with their parents and had no time to come back on weekends.

The winter and summer vacations were long, so they would be sent back to accompany the old ancestor.

"Old lady."

The housekeeper walked into the pavilion, walked to the old lady's side, and said respectfully: "The eldest young master has picked up the eldest young lady, and the car has arrived at the foot of the mountain."

Hearing this, the old lady smiled even more happily.

She said: "My Beibei is finally back."

As she said that, she stood up and said to everyone: "You sit here, I'm going to pick up Beibei, I miss you so much."

From looking forward to a daughter to a granddaughter, and then to a great-granddaughter, she looked forward to seven great-grandsons before she looked forward to one great-granddaughter.

It is no exaggeration to say that Zhan Xi is the apple of the old lady's eye.

She video calls with the two children every day. The old lady felt that she could not relieve her pain of missing her.

"Grandma Zhan, slow down. Let us go with you. Actually, now that Tongtong is back, she will definitely bring the two children to see you first."

Shen Xiaojun and others also stood up and followed the old lady.

Ning Yunchu and Shang Xiaofei followed the old lady on the left and right, supporting her.

Zachary picked up his wife and children. As soon as the car stopped, Zhan Muchen opened the door and got out quickly.

"Grandma, grandma, we are back."

The little guy ran quickly to the main house.

“Young Master Chen, don’t run so fast. The old lady is not in the house. She is in the pavilion near the lotus garden.”

Zhan Muchen immediately stopped and turned to run towards the lotus garden.

Beibei was just carried out of the car by her father.

When she saw her brother running away, she was very anxious and struggled to get off the ground.

She pointed to the direction where her brother ran and said anxiously, “Brother, brother.”

Zachary said, “Do you want to go with your brother?”

Beibei nodded repeatedly.

She wanted to follow her brother to see the great grandmother.

The little girl was her brother’s follower.

Wherever her brother went, she would follow him.

Zachary carried her and walked away, saying, “The great grandmother is over at the lotus garden. Daddy will carry you to see the great grandmother, okay?”

“Okay.”

The little girl responded in a baby voice.

But she still kept calling her brother.

She felt that her brother had abandoned her and didn’t even wait for her.

Her anxious look made Zachary laugh so much that he simply squatted down, put his daughter on the ground, and said, “Then go chase your brother by yourself.”

He would also complain that his father was walking too slowly while carrying her.

The little girl spread her short legs and ran.
