

Married at First Sight Chapter 4635-4668

Translation effect: Here's some of the names to substitute on the characters, so you don't get confused.

Zheng Hua - Holden

Feng Yue - Clarissa

Feng Family - Farrel family

Feng Ruo - Shiloh

Lan Ruoruo – Romina

Zhan Wei - Merissa

Chapter 4635

“Brother, brother.”

Beibei shouted to her brother while running.

How could the baby who ran far away hear her sister’s shouting?

Beibei was so anxious, thinking that her brother was too unkind this time, and ran without waiting for her.

Zachary and his wife followed on foot from behind.

Zachary shouted from time to time: “Beibei, don’t run so fast, be careful not to fall.”

The little girl ran and stopped, and when she stopped, she turned her head to look at her parents, and then pointed her little hand in the direction of her brother’s running, shouting: “Brother, brother.”

It means that her brother left her and didn't wait for her.

Zachary walked up and said with a smile: "Brother runs fast, so he doesn't wait for Beibei, right? Otherwise, Daddy will hold Beibei and go to find brother, okay?"

Beibei nodded and said hum.

Zachary bent down and picked up his daughter. When Serenity came closer, the couple walked towards the lotus garden together.

"Baby runs too fast, and doesn't even know to wait for his sister."

Zachary complained that his son ran too fast.

Serenity smiled and said, "He hasn't been with his great-grandmother for ten days, so he missed her so much. When he got home, he naturally went to see her first."

"Beibei, we are watching over him, why should he worry?"

Serenity took out a tissue to wipe the sweat off her daughter's face and said, "Don't worry, we are already home, where else can your brother run to?"

"Let's walk slowly, and the great-grandmother will go back to the house when she knows you are back."

Beibei nodded again.

The old lady and others met Zhan Muchen who ran over halfway.
"Grandma."

Zhan Muchen saw the old lady and her group and ran faster.

The old lady reminded him nervously: "Baby, don't run so fast, be careful not to fall."

She was also anxious to go forward.

Soon, the two ancestors, one big and one small, met.

The old lady smiled and wanted to pick up her great-grandson. Zhan Muchen hurriedly stopped the great-grandma from holding him. He said: "Grandma, the baby has grown up. The baby is very heavy now. Grandma can't hold the baby anymore."

"Who said that? Even if Grandma is old, she still has the strength to hold you. Come, let Grandma hold you. Are you heavy? Have you eaten well and slept well at your seventh uncle's house?"

“Grandma, why do you think the baby is a little thinner? Old Seven didn’t take good care of you. When your seventh uncle comes back, Grandma will scold him for you. He is tanned.”

The old lady still held the baby for a while, just holding it for a while and then put it down.

The baby is no longer the little one who was just born six years ago. He is already six years old and has a little weight. The old lady is old and her strength is not as good as before. She just held her great-grandson for a while and then put him down.

Even so, the baby is very happy.

The first great-grandson is the one that the old lady loves the most.

The grandson that she loved the most was Zachary, and now the great-grandchildren that she loves the most are also Zachary’s children, one is the eldest and the other is a girl.

“Grandma, we went out to play and get tanned, it’s okay, mom said that tanning is healthier.”

“Seventh Uncle is very busy and has to go to work every day. Sometimes he will cook delicious food for us. Most of the time we eat out, and the food outside is not as delicious as at home. I eat less, so maybe I have lost weight.”

Shen Xiaojun pinched his face lightly and smiled, “Baby hasn’t lost weight, Aunt Shen pinched your face, it’s still chubby.”

“Aunt Shen, I’m not fat!

Married at First Sight Chapter 4636

Zhan Muchen protested, not liking adults saying he was chubby.

Mom said he had some flesh on his face, that was baby fat, it would be fine when he grows up.

He was not a little fat boy.

Shen Xiaojun smiled, “Okay, okay, you are not fat, our baby is not fat, you are cute.”

Shang Xiaofei smiled and took over, "I am not fat to begin with, our baby is very cute, baby, where are your parents and Beibei?"

"In the back, I think grandma will come to see grandma first."

After Zhan Muchen answered Shang Xiaofei's question, he politely greeted all the elders present.

"Aunt Shen, where are Su Meng and your second child?" Zhan Muchen asked his little friend.

The second child of the Su family is Su Teng's son. The Su family is also like the Zhan family, the younger generations are counted together with cousins, so Su Teng's son is called the second child, he is nearly two years younger than Su Meng.

"Second aunt, where are Lele and the others playing?"

Zhan Muchen asked Ning Yunchu again.

The old lady replied, "They should all be playing in the amusement park. The baby just came back, so there's no need to rush to find friends to play with. They will all be back soon, knowing that you and your sister will be back today."

She took Zhan Muchen's little hand and said to her great-grandson, "Come on, go back to the house with grandma. It's so hot outside."

The yard was shaded by green trees, so it wasn't that hot.

The old lady took her great-grandson by the hand and walked towards the main house in the center.

At the same time, she did not forget to say to Ning Yunchu, "Yunchu, Xiaojun, you go to the amusement park and tell the children that they need to take a rest after playing for so long, and come back to the house."

Ning Yunchu smiled and said, "It's time to demolish the sky. I'll call Qiao Han. She and her husband are watching the children there."

"Xiaofei, we don't have to go there in person."

Ning Yunchu really didn't want to walk such a long way in such a hot day.

Youyou Villa is so big that it takes at least ten minutes to walk from the lotus garden to the children's playground.

It's better to call quickly. Once the notification is in place, the group of big and small boys will run faster than rabbits. It won't take more than ten minutes for them to all come back.

"Okay, then you call."

Shang Xiaofei was wearing high heels and didn't want to walk such a long way either.

The children were playing in the children's playground, and there were nannies to take care of them, but the parents would also go with them, for fear that the children would play crazy and make trouble, and the nannies would not be able to control them.

They are all young masters, and the nannies dare not favor any of them.

Although they are young, they are very smart. They know that the nanny can't control them, so they are not afraid of the nanny.

Zhan Haoyu and others sent the children back to the old house to accompany the old lady. They will also stay in the old house for a few days before returning to the company to work like slaves.

Ning Yunchu called Qiao Han, who answered the phone quickly. Before he spoke to Yunchu, he called out to Zhan Haochen on the other end of the phone: "Zhan Haochen, don't fight with your brother. You two are fighting again. You're fighting or arguing all day long."

"Zhan Haoyu, take care of your two sons. They're fighting again. Hurry up and separate them."

Zhan Haochen and Zhan Haoxu are twin brothers. They have a really good relationship when they are in a good relationship, but they really fight when they fight, and they fight often.

After letting her husband discipline their two sons, Qiao Han asked, "Yunchu, what's wrong?"

"Are your two fighting again?"

Ning Yunchu asked with a smile.

"That's right. They both want to play with the same thing. There are so many around, but they don't want it. They have to fight for one thing, so they fight."

Qiao Han said, "If I have to watch them every day, I'll be mad to death."

Married at First Sight Chapter 4637

“Their eldest brother is back. Tell those naughty kids that grandma has told you to bring the kids back. It’s too hot outside. Let them play there for half a day.”

There are many shaded areas in the children’s playground, and large outdoor fans are installed to blow the sun, but playing for a while in the hot summer will still make you sweat.

Qiao Han said, “It’s over. Sun Wukong is back.”

Ning Yunchu laughed, “Sun Wukong still has the demeanor of an eldest brother and can take care of them a little.”

The younger ones are all afraid of Zhan Muchen, even Su Meng, who is one month older than Zhan Muchen, listens to him.

The adults all say that Zhan Muchen is born to be the boss, and he is also the boss.

The boss of the next generation of the Zhan family.

“Now that Bao Bao is back, we don’t have to worry about them. Bao Bao is here to take care of them.”

Qiao Han said, “I’m just afraid that Bao Bao will bring them to ruin the day.”

Ning Yunchu: “...Qiao Han, let’s think about the bright side.”

“I hope so. Is Sister Liberty coming back today too? I can only feel relieved if Yang Yang is here.”

Bao Bao has the demeanor of an older brother, but he is only six years old, which is the age when he loves to play.

Yang Yang and Long Ting are both over ten years old and much more sensible. With them taking care of a group of children, the adults can feel more at ease.

“I don’t know if Sister Liberty has time to come back. I guess she asked

Young Master Lu to send a pair of children back for the summer vacation.” Yang Yang also wants to go back to Zhou’s house to stay for a few days to accompany his grandparents.

Now the Zhou family no longer makes trouble and accepts their fate. They know that making trouble will not bring any benefit, but will make Yang Yang’s weak feelings for them go away.

When they stop making trouble and really love Yang Yang, Yang Yang becomes closer to them.

Long Ting is needless to say, he is more sensible than Yang Yang, and the two of them are the king of children.

When Mu Qing brings the little ones from the Jun family over, they are almost all boys of the same age, and just thinking about it makes her feel overwhelmed.

But the old lady likes it.

She likes the hustle and bustle, especially when she sees a group of little ones surrounding her, calling her great grandma all the time. The old lady is happy and can eat more at meals.

“Tongtong is back, and Sister Hailing should be back. The two sisters haven’t seen each other for a while.”

As the head of the Feng family, Hailing is busier than Serenity, because she is not only in charge of the Feng Group, but also the big and small things of the Feng family.

In the past six years, Hailing has inherited the way of the previous head of the family and concentrated power in the hands of the head of the family, but she is much better than Feng Yue. At least she will not hurt people easily and will give the family members some soup to drink.

Those Feng family members have experienced so much, and now they no longer have the idea of overthrowing the direct head of the family. They just hope that their lives can be stable and that capable family members can enter the Feng Group to work.

Positions and salaries, given according to ability, they are content.

Liberty also provides the welfare to the clan members during festivals, and everyone supports her as the head of the family more than when Feng Yue was in power.

And Kathryn, who almost became the head of the family, did move away from the Feng family after marrying Pedro, but she did not leave Jiangcheng, just away from the center of Jiangcheng.

This is the result of Liberty’s efforts to retain her.

In order to avoid suspicion, Kathryn usually does not even go to the center of Jiangcheng.

She and her husband run the company she founded before with great care. In six years, the companies under her name have become large groups, and they have a position that cannot be ignored in the business community of Jiangcheng.

The companies under her name have no business dealings with the Feng Group, and they will not become peers.

Married at First Sight Chapter 4638

In order to reassure the Feng family and Liberty, Kathryn did what she said.

Kathryn's three brothers have been in prison for several years. They behaved well in prison and were given a commutation of sentence. They will be released in a few years.

Although her biased father has been tossing and turning in the past few years, he has not been able to do anything. When he was tossing and turning too much, Kathryn stopped his living expenses. In front of money, her father had to bow his head.

Her nieces and nephews are educated and taken care of by their own mothers, which is much better than her three brothers.

Kathryn keeps in touch with her three sisters-in-law.

It was also because she stayed away from the power center of the Feng family and made public the industries under her name that the three former wives of the Feng family knew that this sister-in-law had been a pig-eating-tiger role since she was replaced.

Very powerful.

They looked down on the sister-in-law.

Fortunately, the relationship between the aunt and the sister-in-law was eased later, and now the aunt and the sister-in-law have become friends, which is a very good result.

After Kathryn and Pedro got married, it took two years for them to have a baby. Their first child was a daughter, who is three years old this year. Two years later, they had their second child, a son, forming a good word.

The second child is now almost one year old, and both children have Pedro's surname Fang.

When the daughter was born, Pedro suggested that the daughter take her mother's surname.

Kathryn said that she was no longer the head of the Feng family, so there was no need for her daughter to take her mother's surname, so let the child take the father's surname.

She was also worried that her daughter would take her mother's surname, and when the child grew up, she would have ambitions that she shouldn't have. She

ran back to compete with Hailing's Niuniu for the position of the head of the Feng family.

She let her daughter take the surname Fang, and taught her daughter from an early age that she was the eldest daughter of the Fang family and should not covet everything in the Feng family.

Because Liberty would bring Niuniu over from time to time to let the two children play together, she was worried that someone in the Feng clan would have evil intentions and instigate her daughter.

Education should start from childhood, so no matter how old her daughter is now, she taught her daughter not to covet everything that does not belong to her.

Among so many young couples, the only ones willing to have a second child are Serenity and Kathryn.

Liberty gave birth to a second child for the sake of having a successor. If the second child was not a daughter, Liberty would have to fight for a third child.

Fortunately, God treated her well and let her give birth to a daughter as the second child. With a son and a daughter, she would not consider having a third child.

Duncan was very happy to have a bloodline of his own, and he would not ask his wife to give him a son to inherit his family business.

Daughters are also descendants.

As long as the daughter is trained well, it is the same to let the daughter take over in the future.

And Yangyang, Duncan regards his stepson as his own. He has already discussed with Liberty privately that his family property will be divided into two in the future, and half will be given to his stepson Yangyang.

Half was left to her biological daughter Feng Yu.

Both children were treated equally.

Kathryn wanted a second child because she felt that one child would be too lonely, so she had a second child. The eldest and the second child were only two years apart, and she thought that raising one child was the same as raising two.

She might as well raise both of them together, so that she could relax a little when the children could go to kindergarten.

With Pedro helping her take care of the company's affairs, she could relax a lot.

Now her eldest child has gone to kindergarten and has been in kindergarten for a year. In September, he will be a child in the kindergarten's small class. The second child is still learning to walk, and when he is two years old, she will also send him to kindergarten for the nursery class.

Married at First Sight Chapter 4639

“Let Tongtong call Sister Hailing later and ask them to come back and get together. It's rare for everyone to get together like this.”

Usually, everyone is scattered all over the country, and only during the Chinese New Year can everyone come back and get together.

This time, the children are on summer vacation, and everyone sent their children back to accompany the old lady. It's a rare time for everyone

to get together. “Okay, then I'll tell those brats. I'm so tired of watching them here. They always fight and quarrel.”

Especially her twin sons.

When they are nice, they are really nice, but when they fight, it's a headache.

Really, for a little thing, the twins can fight, and no one will give in.

Even if they are criticized, the older brother will say more, and the younger brother will argue. In short, whether it is praise or criticism, the words must be exactly the same, not one more or one less.

After the two sisters-in-law ended the call, Qiao Han shouted to the group of kids who were having fun: “Zhan Jingchen, your big brother is back, Beibei is back too, let’s go back, we’ve been playing for so long, it’s ok.”

Everyone was sweating profusely. There were still many large fans installed here, but the weather was hot.

The winter in Wancheng is not cold, but the summer is hot.

Moreover, the summer is particularly long. When other provinces are still cold, people in Wancheng have already started to use fans. When others only wear single clothes, people in Wancheng can’t live without air conditioning.

“Mom, is Beibei back? I miss my sister so much.”

Zhan Haoxu ran over to ask his mother.

Qiao Han pulled him over and wiped his sweat with a sweat towel, saying while wiping his sweat: “Your aunt is back, and of course brother Baobao and sister Beibei are back too. Stop playing and go back to the house.”

“Look at you, you are sweating profusely.”

“Mom, I want to wipe my sweat too.”

Zhan Jingchen saw his mother wiping his brother’s sweat, and immediately ran over and plunged into Qiao Han’s arms.

Qiao Han pushed him away, reached out and pinched his face, “I said, you should be gentle, you are always impatient and strong. Fortunately, my mother has practiced it, otherwise if you hit me like this, my mother will fall.”

“Mom only talks about me, not my brother, it is unfair.”

Zhan Jingchen immediately protested.

Qiao Han said while helping him wipe his sweat, “Brother doesn’t rush over like you. What does mom say he does?”

“Don’t be so petty. You have to compete for everything and compare. You are the brother, you have to take the lead in setting a good example and take care of your younger brother.”

Zhan Jingchen wanted to say something, but when he saw his father coming, he stopped talking.

Sometimes mothers are annoyed by them, but at most they criticize and educate, and their patience is still very good.

My father's patience is not that strong. When he doesn't want to endure, he will beat them up by placing a hanger.

When I was beaten, my mother watched from the side and didn't stop me. Even if my grandparents were present, the same would be true. Only grandparents would rescue them from their father and not let them beat them up again.

Dad always said that his brilliant life was ruined by his two brothers. He said that before he became a father, he was a handsome man with elegant manners and gentle as jade.

Since he became their father, he has become a male tiger.

Dad's good manners are gone.

Dad said that he never thought that one day he would hit his own children and use violent education. They were really too naughty. Dad said that if he didn't beat them up, Dad would be so angry that he would vomit blood. He

also said that when they are six years old, he will let them learn boxing and kung fu, and then receive training with brother Su Meng.

Brother Su Meng said that the training is very tiring and hard, and it can be called devil training. If you don't do well, you will be punished. No one will help you, and you have to rely on yourself for everything.

In the hearts of these little guys, the training that Su Meng received is very scary.

"Children, let's go back to the house.

Married at First Sight Chapter 4640

Zhan Haoyu shouted loudly.

"Beibei is back."

The little ones, even Zhan Zhe, who was only two years old, followed their brothers and ran towards the main house.

Unfortunately, the little one had short legs and could not run fast. He was soon left far behind by his brothers. He was so anxious that he cried, "Brother, brother, wait for me."

"Wait for me."

His brothers did not wait for him, and he cried anxiously. Even when he cried, he did not stop chasing his brothers.

His nanny came forward to hug him, wiped his tears, and said soothingly, "Mr. Zhe, let's walk slowly. Don't worry. Since Miss Beibei is back, she will stay at home. You can still see Miss Beibei if you come in later."

Beibei usually lives in Youyou Villa and is taken care of by the old lady and others.

It's not that Serenity is unwilling to take care of her daughter personally, but the elders like Beibei too much. They go to see her twice a day, including the old lady.

Serenity felt that it was not good to always let her parents-in-law and uncles and aunts take the old lady to the city, so she reluctantly left her daughter in the villa. Her parents-in-law may not have much experience in raising children, but the old lady has rich experience in raising children.

Besides, there are two nannies who take care of Beibei.

Serenity is very relieved to leave her daughter in the villa.

It's just that Zachary always likes to mutter privately, saying that his daughter, who he worked hard for, seems to be born for his parents and grandmother. If he wants to see his daughter, his grandmother has to let go before he can take her back to live with him for two days.

Usually, the couple rushes to the villa after work so that they can see their daughter every day.

Cultivate the relationship between father and daughter.

Grandma is very good, but Zachary doesn't want to be like his parents, leaving the child completely to grandma to take care of and not care about it.

In that case, the child will not be close to his parents when he grows up, just like he didn't have a close relationship with his parents before. In recent years, he often returns to the old house and spends more time with his parents, and the relationship is much better.

So, even if they are father and son, they need companionship to cultivate feelings.

Zhanzhe is still crying.

He is crying that his brothers won't wait for him.

Zhan Haoyu walked over and took his nephew from the nanny, "Xiaozhe, you are a boy. Real men shed blood but not tears. Don't cry easily."

"Third uncle."

Although Zhanzhe is only two years old, he is very smart. He said, "My parents say I am still a child and haven't grown into a real man yet."

As long as he hasn't grown into a real man, he can still cry.

He is really wronged.

"My brothers won't wait for me. I asked them to wait for me, but they didn't wait for me."

Zhanzhe complained to his third uncle about his brothers' ruthlessness.

"Go after them."

"I can't catch up."

Zhanzhe's little face fell. He looks very much like his father. It can be said that they were printed from the same mold.

The fifth young lady always said that she had worked hard for ten months of pregnancy, but the son she gave birth to looked very much like Zhanyu. She felt that she was a little at a disadvantage.

Zhanyu told her that they should have a second child, and the second child might look like her.

The fifth young lady refused. She knew before she married into the Zhan family that the Zhan family was a Buddhist temple. No matter how many children you give birth to, they will all be male.

Her son is too naughty.

Married at First Sight Chapter 4641

Zhan Yu talked about his brother and sister-in-law, but the fifth young lady said that the eldest brother and sister-in-law were destined

to have a daughter. They and their husband may not be

destined to have a daughter. The other sisters-in-law refused to have a second child, and the fifth young lady was also determined not to have one.

Although she also wanted to have a daughter as cute as Beibei, she didn't dare to try, fearing that the second child would be a son again, and even more afraid that the second child would be like the third sister-in-law, with two sons at once, which would be a big headache.

Her family has the gene for giving birth to twins. Her mother and uncle are twins, and her sister and brother are also twins.

When the fifth young lady first became pregnant, she was afraid that she would have two sons in one pregnancy. Fortunately, the doctor said it was a single pregnancy during the examination, so she felt relieved.

Judging from the situation of her parents-in-law's generation, the fifth young lady did not believe the nonsense that giving birth to more children would give birth to a daughter.

Look at her parents-in-law, which one didn't give birth to at least two children, and her parents-in-law gave birth to four, all of whom were sons, known as the Four Great King Kongs.

Zhan Haoyu smiled and said, "When you grow up, you will be able to catch up with your brothers. Okay, stop crying. Third uncle will carry you back to the house."

"Okay."

Zhan Zhe soon stopped crying and was no longer aggrieved.

After Qiao Han came over, Zhan Haoyu and his wife walked towards the main house in the center.

Zhan Zhe was not afraid when he saw the serious Third Aunt, and stretched out his hand to ask Qiao Han to hold him.

As a mother, Qiao Han still dressed neutrally.

Occasionally, she had the rare time to pick up her son from kindergarten after school. When others saw her, they thought she was the father of Zhan Jingchen and his brother.

“Third aunt, I like you so much.”

Hearing this, Qiao Han couldn’t help laughing and said, “Xiaozhe’s mouth is like honey, and his words are so sweet. You, you say you like it so much to everyone you see.”

You can coax people.

Just like the fifth child.

The fifth young lady is not from Wancheng, but the daughter of the Zou family in Dongcheng. Dongcheng is more than two hours away from Wancheng by car, which is not far.

When Zhan Yu got Miss Zou’s basic information from his grandmother, he started to pursue his wife.

It took a lot of coaxing and deceiving to bring his wife home.

Zhanzhe looks like his father, and even inherited his father’s sharp tongue. He can speak well at a young age.

If the children quarrel, Zhanzhe can still win several of his brothers.

At present, he has only lost to the quarrel kings Zhan Jingchen and Jingxu.

“I like them very much. I like all the aunts, and uncles like them too.”

Zhanzhe said honestly.

In his eyes, uncles and aunts are very good and look very good.

Qiao Han smiled, “Third aunt also likes you the most. It would be great if your second and third brothers could be as sensible and talkative as you.”

Zhan Haoyu said, “Our son is not bad either.”

“Yes, they quarrel to death every day. If you are not careful, they can overturn the roof.”

Zhan Haoyu put his arm around his wife’s shoulders and laughed, “Look, send them back to quarrel with grandma, and we can spend some time in our own world.”

The summer vacation is long. Although ten days have passed, there are still more than forty days.

The children will stay in the villa throughout the summer vacation.

Can't they live in their own world.

A small hand pulled Zhan Haoyu's big hand that was holding Qiao Han's shoulder.

Zhan Haoyu looked at his nephew in confusion.

"Uncle San, this is my aunt!"

Little Zhanzhe said seriously.

Zhan Haoyu: "...Oh, you are actually jealous of Uncle San, your aunt is Uncle San's wife, so what if I hold her? On the contrary, you are the one who occupied your aunt.

Married at First Sight Chapter 4642

"Third uncle can take you down at any time, put you on the ground, and let you walk by yourself."

"Third aunt, third uncle is mean to me."

The little guy actually complained to Qiao Han.

Qiao Han smiled and said, "Okay, let's tell your great grandmother later and let her criticize third uncle, okay?"

Zhan Zhe tilted his head and thought for a while, then said, "Don't tell great grandmother. If she gets angry, she will beat third uncle with a cane. I don't want great grandmother to beat third uncle. I still like third uncle very much."

Zhan Haoyu stretched out his hand and pinched his nephew's face with a smile, "This mouth, in the words of your third aunt, is as sweet as honey. Your dad didn't talk as well as you when he was a child."

On this side, a group of boys ran to the main house in the center, and Zachary over there was already holding his daughter to meet his son and his group.

After seeing the old ancestor, Beibei didn't need his father to hold him. After struggling to get off the ground, he was as happy as a bird just released from a cage and ran towards the old lady.

"Grandma."

The soft and tender childish voice instantly melted the old lady's heart.

"Beibei, great-grandma's Beibei is back."

The old lady picked up her great-granddaughter, as happy as a child.

One old and one young, the two living ancestors of the Zhan family.

Shen Xiaojun and others couldn't hold Beibei, so one reached out to touch her, the other reached out to pinch her, and teased Beibei.

The little girl is so cute, white and tender, making people want to take a bite.

Shang Xiaofei wanted to take a bite every time she saw this cousin-in-law. Of course, she controlled her impulse and didn't really bite, nor did she dare to bite, for fear of hurting Beibei. Once the little girl cried, she would never be able to hold Beibei again.

It's not worth it.

Beibei is their baby now.

Who said they don't have a daughter?

Not to mention Shang Xiaofei, even Audrey missed Beibei after not seeing her for three days.

Audrey doesn't love her grandson and grandson-in-law that much.

As the old lady said before, if you have too many grandsons

, you won't care about them anymore. People are like that. If you have too many, you won't feel precious. Only rare things are precious.

"Grandma Zhan, let me hold Beibei. I haven't seen Beibei for a longer time than you."

Shang Xiaofei said in a negotiating tone.

She is also Beibei's aunt.

The old lady held her precious great-granddaughter and didn't let go. She continued to walk with the baby and said, "You see it now."

Shang Xiaofei: "...Grandma Zhan, don't be so stingy. I'll just hold her for two minutes."

"No, it's your turn when I can't hold her anymore."

Beibei is still young, not as big as the baby. She has weight to hold, and the old lady still has the strength to hold her great-granddaughter.

She can still hold her great-granddaughter and walk back to the main house in the center. She feels that her physical strength is still very good and her body is still strong. As long as the younger generation allows, she can even drive by herself.

It's a pity that the younger generation doesn't allow her to drive by herself, and it has been allowed for a long time.

The eldest grandson manages her like a child.

Alas, the grandson is in charge, and she, as a grandmother, can only be controlled by her grandson.

"If you like girls so much, you and Jun Ran should also give birth to a daughter, so that no one can snatch her away from you no matter how long you want to hold

her." Shang Xiaofei said, "It's not like you can have a daughter just because you want one."

"Won't you do IVF?"

Shang Xiaofei: ".....IVF requires a lot of hardship, I won't do IVF if I can get pregnant naturally."

"Wait two years, when my son is more sensible, I will go back to have a second child, take good care of my body, and follow the method others say to have a daughter, and I guarantee that the second child will also be a beautiful daughter."

Married at First Sight Chapter 4643

The old lady complained in her heart: If it is not destined, don't force it. If you are not destined to have a daughter, no matter how you adjust it, it will be useless.

Didn't her daughters-in-law adjust it in the past, but they still gave birth to sons. If you are not destined to have a daughter, even if you use high technology to give birth

to a daughter, you can't raise her. Like the ancestors of the Zhan family, they had a daughter,

but she died. If you have to endure the pain of loss, it is better not to have it.

"Try for a second child, there is still some hope."

Of course, the old lady would not say discouraging words.

Although the Jun family is also more yang than yin, it is much better than their Zhan family.

Maybe Shang Xiaofei has a chance to give birth to a daughter.

"Grandma."

"Grandma."

Zachary and his wife came from behind.

They both called the old lady.

The old lady didn't even look at her grandson, but looked at Serenity first, and said, "You've been out for a few days, and you've gotten a little tanned. Didn't you take good sun protection measures?"

"Sometimes I just go out for a walk for a while, and I don't take good sun protection measures. Am I really tanned?"

Serenity smiled and asked her friends, "Do I look like I've just come back from Africa?"

Shang Xiaofei said, "That's not so exaggerated, I'm just a little darker than usual."

Shen Xiaojun said, "Zachary, what Grandma Zhan meant is to remind you that you should send Tongtong a few sets of whitening skin care products."

Serenity laughed and said, "Don't send them, I have too many skin care products, I can't use them all."

Those big brands, as long as they have new products on the market, will send her a few sets for trial. If they can get Grandma Zhan to say that they are good, they don't have to worry about the sales of their new products.

Her husband also gave her a few sets from time to time.

Serenity smiled and said, "I only have one face, I can't use so many skin care products, husband, don't buy skin care products anymore, if you can't use them all, they will expire, and you have to throw them away, and it's a pity."

Having been the eldest lady of the Zhan family for many years, Serenity still retains the simplicity in her bones. She

did not throw away some living habits just because her wallet became fatter.

If you can't save, you can't waste anything.

Zachary smiled: "I have bought two sets. I thought you would get a little tanned when you go out to play, so I bought two sets of whitening skin care products in advance."

Serenity scolded him for spending money indiscriminately, but the smile on her mouth could not be suppressed.

They are an old couple, but Zachary still loves her like his life and spoils her.

The group returned to the main house in the center with laughter and chatter.

The souvenirs that Serenity brought back also arrived. She asked the housekeeper to help her deliver all the souvenirs to everyone.

All her friends received the souvenirs she sent.

Shen Xiaojun said: "Tongtong, you are so thoughtful. You took the kids out to play and brought us so many souvenirs. They are all delicious, right?"

"Don't worry, I bought them after tasting them. I won't buy them if they are not delicious."

Foodies know foodies.

Shen Xiaojun smiled, "Then I won't be polite, let's go home and eat."

"Brother, Beibei."

While the adults were talking, they heard the shouts of children outside, one after another.

“Jingchen and the others are here.”

Zhan Muchen was very happy, as he hadn't seen his friends for a while.

He immediately left everyone behind, got up and ran towards the door, eager to meet his little brothers.

“Brother, brother.

Married at First Sight Chapter 4644

Beibei, who was a follower, naturally heard the shouts of her brothers. She was also very happy and wanted to run out with her eldest brother.

The old lady put her down on the ground at the right time and said with a smile: “Go quickly, slowly, don't fall.”

She also told Beibei's nanny to follow the little girl and not let her fall.

Before Beibei ran to the door of the house, she was hugged by the second brother who came in first.

“Beibei.”

“Beibei.”

Several brothers loved their only sister very much, and they swarmed over. Zhan Jingchen was the first to pick up Beibei.

His twin brother immediately snatched it from him. He didn't let his brother take his sister away, and cried: “Zhan Jingxu, don't snatch it. I got my sister. If you are like this, Beibei might fall, watch out for your butt.”

If the sister falls, the uncle doesn't need to teach the brother a lesson, their parents will take action first.

Parents like the sister very much, always saying that the sister is cute and obedient, not as naughty as the two brothers. In short, in the mouths of parents, the two brothers are very annoying.

However, the younger sister is indeed very cute, and they like her very much.

In the kindergarten, they often show off to other children that their younger sister is very cute.

“Brother, let me hold Beibei for a while, I miss Beibei so much, Beibei, come, let the third brother hold you, you said you wanted the third brother to hold you.”

Zhan Jingxu followed his brother and tried to take his sister from his brother’s arms several times.

He also coaxed his sister to let him hold her.

As long as his sister wants him to hold her, the brother will let him hold her even if he is reluctant.

The younger sister’s words are more effective than theirs.

“Second brother, put my sister down, we also want to play with my sister.”

Zhan Jingchen occupied his sister alone, and several younger brothers circled around him, asking him to put Beibei down.

A five-year-old child can’t hold a child for long, and soon, Zhan Jingchen felt tired, but he still couldn’t bear to put his sister down.

Zhan Muchen saw that his second brother was tired, so he quickly stepped forward and took his sister in his arms.

He was Beibei’s eldest brother and the eldest brother of his younger brothers. When he took his sister in his arms, his younger brothers didn’t dare to say anything.

“Third brother, hold her.”

Beibei fulfilled Zhan Jingxu’s wish. After being held by her eldest brother, she stretched out her hands to Zhan Jingxu and asked him to hold her.

Zhan Jingxu immediately grinned and took his sister from his eldest brother’s arms. After holding his sister, he was worried that his younger brothers would snatch her away. Although his younger brothers were still young and couldn’t hold his sister, they still wanted to hold her.

So, he held his sister and shook off his brothers, walked quickly towards the adults, and finally chose to sit next to his mother.

“Mom, I’ve brought my sister.”

As soon as he sat down, his arms were empty, and his sister was taken away by his mother.

“Beibei, Third Aunt misses you so much. Tell Third Aunt, do you miss Third Aunt?”

Qiao Han hugged her cute little niece and couldn't help but kiss her on the face.

Beibei hugged her neck with her two little hands and kissed her back.

The little girl's kiss was so gentle and soft that it melted Qiao Han's heart.

The third young master Zhan, who was sitting next to his wife, came over naturally and touched his niece's hand, face, or hair. In short, he wanted to tease his little niece.

“Third brother, try to have a daughter for your second child.”

Zachary suggested.

Seeing that everyone was scrambling to hold his baby daughter, Zachary felt a little sour. If everyone was there, he, as a father, sometimes couldn't hold his baby daughter.

If the younger brothers could all give birth to daughters, they wouldn't have to fight with him for a daughter.

This is the daughter that he and his wife got, not a daughter for them.

Now Zachary can understand and sympathize with Ye Junbo back then. At that time, even he wanted to take Junyan home to raise her.

Married at First Sight Chapter 4645

The late old lady Jun would keep a close eye on her great-granddaughter whenever she saw old lady Zhan passing by, because she was really afraid that old lady Zhan would secretly take away her only great-granddaughter.

After Ye Junbo's cousins got married, they all gave birth to sons, just like Zachary's brothers.

Ye Junbo and his wife were a little luckier than Zachary and his wife, as they had both a son and a daughter in their first pregnancy.

Unlike Hai Tong, who had to fight for a second pregnancy to have both a son and a daughter, for the women of the Zhan family, it was already very lucky to have both a son and a daughter in their second pregnancy. Didn't you see that when the third wife was young, she couldn't have a daughter even after giving birth to four children.

“Brother, if we can definitely have a daughter in the second pregnancy, we would be happy to have a second pregnancy, but the probability is not high. Given the experience of our grandparents, it is very likely that our second pregnancy will still be a son.”

“So, forget it. These two boys are enough to give us a headache now.”

Zhan Haoyu himself didn't want a second pregnancy, let alone Qiao Han.

“Although I don't have a daughter, it's great to have a niece, which breaks the tradition of our family being a Buddhist temple.”

Zhan Haoyu thought that although he couldn't have a daughter, he had two sons, so the chance of having a granddaughter in the future would be greater.

Anyway, the tradition of the Buddhist temple was broken by Beibei, and maybe the descendants would not always give birth to sons.

“Beibei, come, let your second aunt hold you.”

Ning Yunchu also cherished this niece very much, and she still wanted to have another child.

When Lele is older, she will have a second child. Whether

the second child is a son or a daughter, she will let nature take its course, no matter whether it is a boy or a girl, they are her and Zhan Yichen's children.

Beibei stretched out her hands to her second aunt, asking Ning Yunchu to hold her.

At this time, Ning Yunchu's cell phone rang, and when she answered the call, Beibei was taken over by Shang Xiaofei.

Zhan Yichen came over and asked his wife, “Who called you?”

“Your brother-in-law.”

Zhan Yichen said, “Is Tianlei free? Ask him to come over for dinner.”

Zhan Yichen was very caring towards his brother-in-law.

After Ning Tianlei graduated from university, he went to work in his own company, starting from the grassroots level. Now he has become a middle-level manager of the company.

Ning Yunchu planned to wait for two years and return the properties that belonged to her brother to her brother. She would not help him manage them anymore.

As the only son of the Ning family, he had to take up his own responsibilities.

Although his parents had hurt Ning Yunchu too much and killed her biological father, they had been punished by law, and her brother had protected her and spoken for her since she was a child.

Ning Yunchu had never taken her anger out on her brother.

She would not take any of the property given to Ning Tianlei by her parents. She only wanted the share that belonged to her.

As for her sister Ning Siqu's share, it was in her brother's hands, and her parents had told him not to give it to Ning Siqu.

Ning Siqu had no news since she fled Wancheng many years ago, and Ning Yunchu had not asked about it.

She and her sister will never be able to reconcile.

She doesn't care whether Ning Siqu is alive or dead outside, as long as Ning Siqu doesn't come back to cause trouble.

Ning Tianlei spent a lot of money to hire a private detective to find out the whereabouts of his second sister, but he didn't find out. He also doesn't know where Ning Siqu is hiding, or maybe she is dead.

Married at First Sight Chapter 4646

After all, Ning Siqu stabbed Mr. Long in the back. Mr. Long is ruthless, how could he possibly let her go?

It is said that the two bodyguards who followed Ning Siqu back then were dealt with by Mr. Long. Mr. Long did not hate them for having an affair with Ning Siqu, but hated them for betraying him.

When Ning Siqu escaped, they turned a blind eye and let Ning Siqu run away with the money, which was a betrayal to Mr. Long.

How could Mr. Long show mercy to someone who betrayed him? The grass on the graves of the two bodyguards was very tall.

Therefore, Ning Siqu might not be alive.

Ning Yunchu did not tell his brother about this, so as not to make him sad. Ning Tianlei is very kind and cares about sibling love. He actually has the same feelings for his two sisters.

Ning Yunchu answered his brother's call.

"Tianlei, what's wrong?"

"Sister, where are you now?"

"In the villa, what's the matter? Is there something urgent that you want to talk to me about?"

Ning Tianlei hesitated, "Sister, I... I have something... well, it's not urgent, it's just..."

"Ning Tianlei, just say whatever you want to say, don't hesitate here, sister doesn't like you like this."

After being scolded by his sister, Ning Tianlei spoke fluently, he said in one go: "Sister, I have a college classmate who works in our Wancheng, and she has always been in contact with me. She heard about the beauty of Youyou Villa and wanted to visit it." "

I, I didn't dare to agree to her easily, so I asked my sister if I could take her to visit your in-laws' house?"

Ning Yunchu did not agree immediately, but asked: "What's the name of your college classmate? You have always been in contact with each other. Is it a classmate, a friend? Or is there any other relationship?"

"Youyou Villa is not a tourist attraction and is not open to the public. People who are very close to the Zhan family must get permission before entering."

Unless they are relatives of the Zhan family, and they have a very close relationship, they can enter and leave Youyou Villa freely. However, those relatives will not come to disturb you often. Even if they want to come, they will call the old lady in advance.

They will come only when the notice is in place and the agreed time comes.

In Ning Yunchu's words, Youyou Villa is the home of the Zhan family, a residential area, not a tourist attraction. You can enter and visit it after paying a fee.

Ning Tianlei was silent for a moment, and then answered honestly: “Sister, her name is Li Nuo. I have always been in contact with her and have a good relationship with her. I like her. But I haven’t confessed yet, and she doesn’t know my feelings for her yet.”

“Li Nuo? Which company do you work for now? How is your work ability? How is your character?”

Ning Yunchu smiled when she heard that her brother had someone he liked.

Although her brother’s parents are still alive, they are in prison and have lost their freedom. They can’t worry about Ning Tianlei’s life events at all.

The eldest sister is like a mother, and she, as the eldest sister, is worried about it.

Ning Tianlei is only one year older than the ninth son of the Zhan family, and he is only in his early twenties. Ning Yunchu verbally told him that if he met a girl with good character, he could pursue her boldly.

She would not be prejudiced against her family, and only required her sister-in-law to have good character. Of course, her family background must be decent, but Han did marry a Voldemort.

Ning Tianlei managed his own property, and his personal assets exceeded 100 million, which made it easy for Voldemort’s family to target him and use him as an ATM.

Therefore, she emphasized to her brother that the future sister-in-law must have good character.

If the character is not good, she would not agree, no matter how beautiful the girl is.

“She works at Shang Group, and her ability is okay. Now she is a middle-level manager of Shang Group, just like me.”

“She has a good character. If she had a bad character, I would have cut off contact with her long ago.”

Married at First Sight Chapter 4647

“I don’t know much about her family situation. I only know that her parents are civil servants and she has a younger brother. Her parents gave birth to a child after the second child policy was relaxed.”

“Her younger brother is still in elementary school. I have met her younger brother. He is a very sensible and cute child.”

“The relationship between her and her brother is very good.”

Ning Yunchu was a little displeased when her younger brother said that Li Nuo had a younger brother.

She was afraid that Li Nuo would become her brother’s wife and her younger brother would have to help raise Li Nuo’s younger brother.

She said, “Tianlei, tell her that the villa is the residence of my in-laws, not a scenic spot, and is not open to the public.”

“Oh, big sister, I know.”

When the elder sister said this, Ning Tianlei knew that the elder sister refused.

The elder sister was not satisfied with Li Nuo.

Was it because Li Nuo had a younger brother?

Was she worried that Li Nuo’s younger brother would need him to support him in the future?

Li Nuo’s parents were both civil servants. Even if they were old and retired, they would have a pension, so it would not be a problem for their son to study.

Li Nuo was not Voldemort.

According to Ning Tianlei’s understanding of Li Nuo, Li Nuo and her brother have a very good relationship. She would buy some things for her brother, but not too much, nor too expensive things. She did not unconditionally agree to the conditions proposed by her brother.

When getting along with Li Nuo, it can be seen from her words and deeds that Li Nuo is not Voldemort.

After the call ended, Ning Yunchu’s mood was obviously affected.

Zhan Yichen did not ask her immediately, but held her hand and said softly: “There are many people in the room, and someone is watching the children. Shall we go out for a walk?”

Ning Yunchu did not reject his proposal. She

knew that he wanted her to speak out and not keep everything in her heart.

Soon, the young couple came out of the main house of the center.

The old lady didn't care what her grandchildren did.

Now that her great-grandchildren were back, she only had the younger generations in her eyes.

Zhan Yichen held his beloved wife's hand and asked as they walked: "What did Tianlei say to you? Who is Li Nuo? Is she Tianlei's girlfriend? Is he in love?" He

is just a brother-in-law, and his wife loves this brother-in-law very much. Zhan Yichen is also very concerned about the major events in his brother-in-law's life.

When he helped Lao Jiu keep an eye out for good girls, he also kept an eye on his brother-in-law.

He can be said to treat his cousin and brother-in-law equally.

"Li Nuo is his college classmate. He likes her, but he hasn't confessed his feelings yet. Li Nuo works at Shang Group now. He should be capable. He has been working there for a few years and has become a middle-level cadre."

"I'll talk to Xiaofei later and ask her to help me look at Li Nuo's information."

"Li Nuo knows Tianlei's identity and asked Tianlei if he could bring Li Nuo over for a visit. Tianlei called me and asked me if I could bring Li Nuo over for a visit."

"I refused. He hasn't even confessed his feelings yet. Who knows if they will have a future together?"

"Youyou Villa is our home, not a tourist attraction. Even those who have a good relationship with our family don't dare to visit casually."

Not to mention that Li Nuo is not her brother's girlfriend yet. Even if she became his girlfriend, she would not agree. Unless the two of them got married and she became her brother's wife, she could allow Li Nuo to visit the villa occasionally.

Married at First Sight Chapter 4648

She was worried that Li Nuo would disclose the privacy of her husband's family, especially the children.

Currently, the media in Wancheng have not taken photos of the children.

Ning Yunchu doesn't know Li Nuo well, so she won't take the risk.

"Li Nuo's parents are civil servants. After the second child policy was relaxed, they gave birth to a son. Li Nuo's younger brother is only a few years old and is still in elementary school. Tianlei said that Li Nuo's younger brother is very sensible and the relationship between the siblings is good."

"But the difference between the siblings is nearly 20 years old. Her parents are old and her younger brother has not grown up yet. Even if her parents have a pension, the older the child is, the more money they spend. Her parents may not be able to support it."

"She has to bear the responsibility of a sister. I can turn a blind eye to her just providing books and teaching. What I am afraid of is that she will have to buy a house and a car for her younger brother and give him a dowry to get married in the future."

"Some people think it is their duty and it is natural to help them."

At present, Li Nuo may not be Voldemort, because her parents are still alive and well, and her parents are responsible for everything about her younger brother, so she doesn't have to worry about it.

What about the future?

The relationship between the siblings is good, and she can't ignore her brother.

Zhan Yichen said: "Don't worry, let Tianlei get to know Li Nuo first. If the other party has good character, the parents will not ask the sister to take care of the younger brother. The parents have enough ability to raise their son to adulthood."

"Tianlei likes her, so we support her. She is his college classmate. It is estimated that he has had a crush on her for a long time. He has not confessed yet. Maybe he is also observing her."

"He made this request to you for her. It should be that after observing her, he thinks that the other party has good character."

"We know what kind of character Tianlei has. If the other party has bad character, he will not say this."

Zhan Yichen knows his brother-in-law's character very well. Although Tianlei is not strong enough, he has a positive outlook.

Perhaps, his vision of people is not as sharp as his sister's. After observing for several years, if he still can't make a clear observation, then his vision is really bad.

He thought that since his brother-in-law had spoken to Yunchu, he had already decided on Li Nuo.

And he had enough confidence in pursuing Li Nuo, so he spoke.

Ning Tianlei knew the rules of Youyou Villa and the rules of the Zhan family.

"But sometimes, some things are unpredictable. Who knows if Li Nuo will become Voldemort in the future?"

"Tianlei is not as smart and strong as you brothers. I'm worried that he will be eaten by Li Nuo."

Ning Yunchu still disagreed, "I don't agree this time. Let me get to know Li Nuo first."

"We have seven or eight children in our family now. It doesn't matter if our adult affairs are leaked. We can handle it well. I'm just afraid that the children's appearance will be spread out."

The Zhan family is like a local emperor in Wancheng, and no one dares to provoke them easily.

But there is no guarantee that those unforgivable bad guys will not have ideas about the Zhan family's children.

Usually, when the children are sent to kindergarten, they will be accompanied by several bodyguards and nannies. The kindergarten they attend is also the best in Wancheng, and the most confidential.

Unless they agree, the media reporters in Wancheng cannot take pictures of the children.

The media reporters in Wancheng also understand the Zhan family's practices. Except when Zhan Muchen and his sister were born, the media reporters thought about squatting and secretly taking pictures of the children. After being warned, they dared not squat again.

After a long time, those media reporters were too lazy to squat.

They knew that as long as the Zhan family did not agree, even if they squatted and secretly took pictures of the Zhan family's children, they would be forced to delete them by the Zhan family.

It's better to wait honestly until the Zhan family is willing to release the photos of the children.

Married at First Sight Chapter 4649

Zhan Yichen also took the issue of the children's safety seriously.

"Wife, you are really thoughtful."

"Then let's get to know Li Nuo first. If she is a good person and trustworthy, and Tianlei likes her, we will respect his choice."

Ning Yunchu said, "He wants to marry a wife and spend his whole life with her. No matter who he likes or who he marries, I will respect his choice."

"If my brother's wife is good, I will spend more time with my brother. If she is not a good person, I will stay away from her and treat this marriage as if there is no such thing."

"We can't joke about the safety of several children. We must not be careless."

"How many people want to inquire about our family's privacy through our relatives and friends."

Because so many people are like this, the men of the Zhan family pay great attention to the character and the woman's original family when marrying a wife.

"Okay, I'll listen to you. But, do you want to make it clear to Tianlei? I'm afraid that Tianlei will think wrongly and think that you don't even trust him, and that you don't value or like the person he likes."

Ning Yunchu thought for a while and said, "He should understand."

"If you don't say it, he won't understand. He only knows that the person he likes wants to visit your in-laws' house, and you refused."

"Then, I'll call him now and explain it to him, so that he won't think wrongly."

Zhan Yichen motioned her to call her brother now.

Zhan Yichen's worries were not unnecessary. After Ning Tianlei got the answer from his sister, his mood suddenly became bad.

He didn't even know how to reply to Li Nuo.

Li Nuo said that she just heard that the old house of the Zhan family, Youyou Villa, was very beautiful, like a large garden, so she wanted to visit it.

She said that she wanted to visit Youyou Villa for a long time, but she didn't dare to speak up. Now that she is so familiar with him, an old classmate and old friend for many years, she dares to ask him this shamelessly.

Ning Tianlei thought that Li Nuo just wanted to visit and was not trying to climb the social ladder, but his sister refused.

The eldest sister didn't trust Li Nuo.

Was she worried that Li Nuo would use him to get close to the young master of the Zhan family?

There were still three young masters in the Zhan family who were not married yet.

Li Nuo was not that kind of person. If she wanted to climb the social ladder, she would have already climbed to a very high level, but for so many years, Li Nuo had not pursued him, and the two of them were just friends.

He liked Li Nuo, but given that their relationship was so good now, he was afraid that if he confessed his feelings, Li Nuo would reject him, and then they would not even be friends anymore. He

was even more afraid that Li Nuo would despise his parents for being in jail.

Although he was the young master of the Ning family, his eldest sister also returned part of the Ning family's business to him, allowing him to run and manage it himself.

However, his parents were not good people. They were both in jail. They committed serious crimes and might not be able to come out of jail alive.

The daughter of a good family would naturally despise his family background.

So Ning Tianlei suppressed his love for Li Nuo, did not dare to confess his feelings, and only made friends with her.

Sometimes, he would joke and ask Li Nuo what kind of man she likes, so that he could be her matchmaker and introduce a few high-quality men to her.

Li Nuo always said that it depends on her feelings and fate.

Such an answer is equivalent to saying nothing.

When Ning Tianlei was depressed, he received a call from his elder sister. He quickly put away his lost mood and answered the call from his elder sister.

Married at First Sight Chapter 4650

“Big sister.”

He still had a smile in his words, afraid that big sister would hear his disappointment from his words.

Although Youyou Villa is my sister’s in-laws’ home, there are many people in the Zhan family, and my sister is not the head of the family. She can’t let anyone in to visit casually. He should understand my sister.

“Tianlei, big sister thought about it and felt that I should make it clear to you that big sister does not agree to Miss Li coming to visit Youyou Villa. The main reason is that big sister does not know her yet and dare not agree casually. I have to consider the safety of several children at home.”

“It’s summer vacation now. Several children are back and living in the villa. Their safety is very important. They can’t be easily seen by outsiders.”

“Since you like Li Nuo, big sister will get to know her and make sure that she is a good girl, trustworthy, and will not tell others about the Zhan family. Big sister agrees that you can bring her to visit Youyou Villa.”

Ning Tianlei was stunned for a moment. He ignored his nephews and brothers.

Indeed, the Zhan family has a strong protection for several children.

It is not easy for people to see the front of the little ones, for fear of being targeted by the kidnappers.

The status of the Zhan family in Wancheng is there, and no one dares to offend them easily, but there is no guarantee that no one will be watching their Zhan family.

The oldest of those children is only six years old, and the youngest is only one year old. They are all innocent and active, and do not understand the evil of human nature.

If their whereabouts are leaked or their photos are exposed, if they are targeted by kidnappers and kidnapped, the consequences will not be something that Ning Tianlei can afford.

“Sister, I understand. I’m sorry. I have brought trouble and distress to you. I will refuse Li Nuo and explain it to her clearly. She can understand me.”

Ning Tianlei apologized to the elder sister. He ignored the safety of the children.

Even if the probability is very low, we have to be on guard and not be careless.

“Sister, let me make it clear to you, so that you don’t misunderstand that I look down on your classmates. The old house of the Zhan family is a place where many people want to come but cannot come. There is a set of rules there, and the elder sister dare not break the rules casually.”

She is the second young lady of the Zhan family, so she has to consider the Zhan family even more.

“Sister, I understand. When you say that, it is my fault for not considering it carefully. I should apologize to you for causing you trouble.”

“Sister, I know you are a very sensible child.”

“Sister, I am already in my twenties, not a child anymore.”

Ning Yunchu smiled and said, “In my eyes, you are still a child. Tianlei, since you like Li Nuo, confess to her. If you don’t, if she is chased by someone else, you will only regret it.”

Ning Tianlei was silent for a moment, and then said, “Sister, I am afraid that Li Nuo will dislike me. My parents have committed serious crimes and are still in prison. I am afraid that they will not be able to get out while they are alive.”

“The daughter of a good family will dislike me for having such parents.”

He has a pair of parents who have committed crimes.

No matter how outstanding he is, his parents will become his stain and will hold him back.

Ning Yunchu said: “As long as you are upright, earn clean money, and have a clear conscience, you are you, and your parents’ mistakes should not be blamed on you.”

“You are also using your own way to atone for your parents’ sins.”

“If the other party values character and cares about you as a person, she won’t mind.”

Ning Tianlei often does charity. He said that he does charity to atone for his parents' sins and accumulate some virtue for himself.

He has never committed a crime, but his parents have spent the money they earned from crimes on him, and he feels guilty.

He can only alleviate the guilt in his heart by doing charity.

Married at First Sight Chapter 4651

Ning Tianlei was silent for a while before saying, "Sister, what if she doesn't accept me, and we can't even be friends anymore?"

"If you don't confess, you will regret it. If you confess, and she rejects you because of you, you may feel regretful, but you won't regret it, because at least you tried."

"If you don't do anything, how do you know she can't accept you? Does she have someone she likes?"

Ning Tianlei replied, "She is very busy with work and has no time to fall in love. She has been single, but there are a lot of men who like her, and she has rejected everyone's pursuit."

"Are there many male classmates who interact with her?"

Ning Yunchu asked again.

"She keeps in touch with many classmates, but I'm probably the only male classmate she keeps in touch with."

"Did she come to Wancheng to find a job right after graduation? Or did you invite her here?"

"No, she came here to find a job by herself. After finding a job, she contacted me and told me that she was also in Wancheng. We have been in touch ever since."

At this point, Ning Tianlei couldn't believe it and asked carefully: "Sister, do you mean that Li Nuo might also like me? Is she coming to Wancheng to work because of me?" After graduation

, the classmates scattered all over the country. Some of them stayed in the city where the school was located to find a job, some returned to their hometowns, and some went to other big cities.

He went back to Wancheng directly because the elder sister said that he would come back to take over his business after graduation and let him run it himself.

That was his responsibility and his business, and the elder sister would not help him anymore.

It was also when he said he would go home to inherit the family business at graduation that everyone knew that he was a rich young master.

Ning Yunchu smiled, “How would I know that? Go confess your feelings to her and ask her. She has the answer. If you ask her, you will get the answer.”

“However, I think that since you like her, you should boldly express your feelings and pursue her boldly. If you don’t express your feelings, how can she know that you like her? If you don’t pursue her, how can you know that she won’t accept you?”

“The worst result is that you will become strangers.”

“But you will have to face that result sooner or later, because if she doesn’t marry you, she will marry someone else. Once she marries someone, she will not cut off contact with you, and you will become strangers as well.” ”

In this case, you might as well express your feelings boldly.”

Ning Tianlei felt that what his elder sister said made sense.

He had been struggling with a problem for many years, and he told his elder sister about it, and she helped him break the deadlock.

It is true that those who are involved are confused, while those who are on the sidelines can see things more clearly.

“Sister, I understand. I will find a suitable time to confess my love to Li Nuo.”

“There is another problem. I will tell you in advance. Li Nuo’s brother is too young, and her parents should be retiring soon. When people get old, their energy is not as good as before, and they will be powerless in many things.” ”

When her parents don’t have the energy and ability to raise her brother, she, the older sister, may have to take on the responsibility. It costs a lot of money to raise a child. After raising him, you have to buy him a house and a car so that he has enough conditions to start a family.”

“That’s all Li Nuo’s pressure. She probably can’t ignore her brother. If you are with Li Nuo, you will have to face the pressure of raising her younger brother with him.” ”

So, you have to think about this matter carefully. If you feel you have enough ability to support her family and her brother with her, then you should pretend that you didn’t say these words.”

Ning Tianlei said instinctively: “I can still afford to pay for his books and teaching. Even if her brother needs my help to buy a house and a car in the future, I can help.”

He has a fortune of several hundred million.

Married at First Sight Chapter 4652

“However, Li Nuo doesn’t have to bear all this. Her parents have already saved a large sum of money for her brother, which is enough for his brother to finish college.”

“At present, her parents have not retired yet and have a stable income every month. If they save another sum of money, it will be enough for their son to get married and have children in

the future. Not only that, they also said that if Li Nuo wants to buy a house in Wancheng, they will give the down payment.” “Let Li Nuo pay for the house by himself. When I was in school, a classmate talked to Li Nuo about this issue. Li Nuo said that if her parents didn’t have enough wealth, they wouldn’t dare to go back and have a second child.”

“She said that it was her parents’ choice and decision. She respected her parents’ choice. Although she would share the family property with her because she had a younger brother, she would have a close relative in this world when her parents were gone.”

“Her family also paid great attention to her younger brother’s training. They didn’t spoil him because he was the youngest son. They also cared about him a lot. I think the atmosphere in his family would not be bad.”

Anyway, Li Nuo and her younger brother have a good relationship.

Ning Tianlei felt that when Li Nuo’s parents chose to have a second child, they prepared for what would happen in the future in advance and made decisions to deal with it.

“That’s good.”

After her brother said so much, Li Nuo's image was relatively stable.

Of course, Ning Yunchu still had to understand and examine Li Nuo by herself.

As long as Li Nuo was not Voldemort and her brother liked her, she would not say anything.

"Sister, if you understand Li Nuo, you will know that she is better than what I said. I have seen beautiful women since I was a child, but I didn't like them. I was the only one who was moved by Li Nuo."

"That's because she is good enough and touched my heart. Don't worry, sister. I think my vision is also very good."

Ning Yunchu smiled and said, "Okay, sister believes that you have a good vision. Then you can do it yourself. Confess first. If you both have feelings, as long as you confess, there will be results."

"If you confess and she refuses, then you can pursue her slowly. Move her with your true feelings, let her believe in your true feelings, and then accept you."

In Ning Yunchu's eyes, his younger brother is also very good.

Part of the Ning family's business is handed over to his younger brother to manage. Although it has not reached a new high, it can at least be stabilized.

Ning Tianlei is still good at maintaining the status quo.

As long as he can stabilize his business and accumulate slowly, his wealth will increase.

It is more than enough to match Li Nuo.

"Sister, I know, I won't give up easily."

"Okay, you go and reply to Miss Li. Sister and your brother-in-law are taking a walk outside, so I won't talk to you. Come over to play when you are free on the weekend. Your nephew talks about his uncle every day."

Ning Tianlei smiled and said, "I will go there on the weekend and stay for two days to accompany Lele well."

He also missed his nephew.

The little guy is very sweet and will tell him everything.

Nephews are like uncles. Ning Tianlei thinks Lele is very similar to him in many ways.

“I will tell Lele later that you will come over to play with him for two days on the weekend. Don’t break your promise. If you break your promise, Lele will remember it for a long time.”

The boy has a good memory.

Married at First Sight Chapter 4653

“Okay, I’ll be there this weekend.”

Ning Tianlei adored his nephew.

His nephew also loved him as an uncle.

Whenever he had time, he’d go over to act as a grandparent and help his eldest sister look after the baby.

After Lele was born, he, as the uncle, took care of him more than Zhan Yichen, the father.

“Sister, well, I’ll hang up first.”

“Okay.” Ning Yunchu

waited for her brother to hang up.

“Let’s make it clear,”

Ning Yunchu said to her husband. “If I don’t, Tianlei might really misunderstand me.”

“That’s normal. Everyone overthinks and misunderstands. So, no matter what the relationship is, you have to make it clear about everything. ”

Misunderstandings are caused by a lack of communication.

Ning Yunchu added, “I think Li Nuo probably has some feelings for Tianlei too. I’ll tell Xiaofei later and ask her to find out about Li Nuo.”

Li Nuo worked at the Shang Group, so it would be easy for her to find out about him.

Zhan Yichen shook her hand. “Let’s just trust Tianlei.”

He trusted his brother-in-law’s judgment.

“Come with me to see my mother in a couple of days.”

Ning Yunchu suddenly said, “Let her see how happy I am now.”

After her stepfather and biological mother were imprisoned, Ning Yunchu would go to see them at first. It was not because she missed them so much, but to tell them about the Ning family’s recent situation and let them know that the Ning family was back in her hands. She was deliberately trying to piss them off.

To this day, Mrs. Ning felt no remorse towards her biological daughter, Ning Yunchu. Every time Ning Yunchu visited her, she glared at her with hatred and rarely spoke to her.

Mother and daughter often sat in silence. Mrs.

Ning deeply regretted not strangling her eldest daughter. She had never imagined that, even blind, she could still rise to power.

Both she and her husband had fallen prey to her eldest daughter’s fate.

Her husband had been soft-hearted, believing that Yunchu was his younger brother’s only child. He had usurped his inheritance, and his younger brother’s wife would have felt somewhat guilty for murdering his only child.

He felt that Ning Yunchu, a girl who had become blind, would never amount to anything. He kept her as a show, to show others that he had a clear conscience by marrying his younger brother’s wife.

His younger brother’s death was an accident, and he simply felt sorry for his younger sister-in-law’s hardship raising a child alone, so he cared for her and raised his only child.

While Mr. Ning’s actions couldn’t stop the gossip, he didn’t really care.

The winner is the king.

He won the fight between brothers.

He is the king, he has the final say, no matter what he does, no matter how others dislike it, they can’t do anything about it.

After all, this is the Ning family’s family affair.

Among the wealthy families, there is no family without a little bit of fighting, and it is rare to find such harmonious families as the Zhan family and the Jun family.

Mrs. Ning never dreamed that the eldest daughter would have a day to turn things around, she always thought she could control everything.

The eldest daughter is a transparent person in the family. She abuses the eldest daughter, and her precious daughter often bullies the eldest daughter. She even thought about arranging an old man for the eldest daughter to marry and get a betrothal gift. She

never dreamed that the things the couple did would be collected by the eldest daughter as evidence, and she could even climb up to the number one wealthy family, the Zhan family, and seduce the second young master of the Zhan family to fall in love with Ning Yunchu.

“Why did you think of going to see her?”

Married at First Sight Chapter 4654

Zhan Yichen also harbored no good feelings towards his mother-

in-law. He had helped bring her to justice.

They had abused Yunchu for so many years; if it weren't for the fact that murder was illegal, he would have torn them both into pieces.

Why didn't his mother-in-law resist to the end when she didn't want to marry Yunchu's biological father? She was forced into the marriage by her parents, not her husband. Why did

she take her anger out on him ?

They loved each other so much; they could have eloped, run away, or fought to the end, believing nothing would come of it.

But they didn't resist, compromising for their own benefit.

After compromising, they directed all their hatred towards Ning Yunchu and his daughter.

They were innocent. Ning Yunchu's biological father had married into Madam Ning's marriage at his parents' behest; it wasn't his fault.

He lost his life, and his only daughter was abused and nearly killed by her eldest brother and his wife.

Knowing the Ning family's past, Zhan Yichen could never respect his mother-in-law.

Fortunately, they were all apprehended.

Yunchu avenged her father and sought justice for herself. She also recovered her eyesight and now lives a happy life.

“Tianlei has someone he likes. Go tell her and let her see how happy I am to marry you. She hurt me and wanted me to be unable to have children for the rest of my life. Now my son is in kindergarten.” ”

Telling her all this will make her angry for a while.”

“Tell her that her most precious daughter is missing and her life or death is uncertain.”

“She is in pain. She is so angry and hates me but can’t do anything about it. That makes me feel happy.”

Ning Yunchu’s hatred for her mother will never be resolved in this lifetime.

She could never forgive her own mother for the pain she had caused her.

“I haven’t seen her in years, and I wonder how much she’s aged,”

Ning Yunchu said with a faint smile. “Before she was incarcerated, she was very particular about her appearance. In there, she couldn’t wear makeup or use skincare products. At her age, I’m afraid she’d have a lot of gray hair and wrinkles on her face.”

Zhan Yichen said, “Okay, I’ll make arrangements and go with you.”

“When do you want to go?”

“Friday, I’m free this afternoon. Let’s go. Tianlei’s coming over for dinner that evening, and I’ll talk to him about how she’s doing.”

Before Ning Tianlei graduated, he only visited the prison during his winter and summer vacations.

After graduation, he was busy with his business, usually visiting only once every few months. But lately, he’s been busier than ever, and hasn’t visited his parents in about six months.

Every time they visit, both Ning Tianlei and his parents are in a bad mood.

His parents would warn their son not to get too close to his eldest sister, and ideally, sever the sibling relationship, demanding that he and his younger daughter team up to deal with the eldest daughter.

Ning Tianlei has respected his eldest sister since he was a child, and his values also tell him that his parents are the ones in the wrong. His

parents are still the same now, their attitude towards his eldest sister has not changed, and they don't feel the slightest bit of guilt, which makes Ning Tianlei very disappointed. Therefore, every time he comes back from visiting the prison, Ning Tianlei will be in a bad mood.

The couple was also very angry because their son did not listen to them.

The one who listened to them the most was their youngest daughter, but she was spoiled by them and had no ability to fight against Ning Yunchu.

"Tianlei will visit them when he has time. After all, they are his biological parents."

Mr. and Mrs. Ning are very devoted to their only son. They usually say that they love Ning Siqi the most, but when it comes to the family property, they unanimously side with their son.

Ning Siqi resents her parents for being hypocritical.

They said they loved her the most, but in the end, all the family property was given to her younger brother.

Married at First Sight Chapter 4655

Ning Yunchu was silent for a moment before saying, "She's my biological mother, too. I'm quite like her, but she never saw me as her own daughter. The little bit of maternal love I had for her gradually disappeared when she abused me."

As a child, she longed for maternal love.

But her mother disliked her, showed no affection, and even abused her. She

used to have a nanny to protect her, but after all the nannies were fired by her mother, she was left without anyone. It wasn't

until her younger brother could walk and talk and began protecting her that she was saved from being abused to death.

As a child, she constantly wondered why her mother disliked her. Was it because she was disobedient?

She was very obedient, always trying to please her mother.

But no matter what she did, no matter how well she did, her mother wouldn't approve. She would only beat and scold her, almost wanting to strangle her.

Countless times, her mother grabbed her by the neck, attempting to strangle her.

It was only thanks to someone who intervened that she survived. It was truly a struggle.

When she was a little older, she was numbed by the abuse and no longer had any expectations for maternal love. She also heard a lot of gossip and understood why her mother didn't love her.

She guessed that her father's death was the work of her uncle and mother, and she wanted to collect evidence that they had killed her father.

The price was blindness. If her aunt hadn't arrived in time, she would have confessed that time, and her life would have been frozen at the age of sixteen.

Now, she is also a mother, and she loves her son as her life. She can no longer understand her mother's hatred for her.

If her mother was forced to marry her by her biological father, she could still understand her mother's hatred for her, but that's not the case.

In her middle age, Ning Yunchu can already face the fact that her mother doesn't love her.

She also understands that her uncle and mother are angry with her because they can't face their own cowardice back then, so they put the blame on her father and daughter.

"Wife, don't think about her. She doesn't deserve to be your mother, even if she gave you life."

Zhan Yichen put his arm around her shoulders, his heart ached. "Let's look forward. My parents love you dearly, their daughter-in-law, even more than they do me, their own son. If you have parents who love you, they're my parents."

Yes, she was treated like a princess in her husband's family.

Her husband doted on her.

Her in-laws treated her like their own daughter. When she was still blind, her aunt went to her mother-in-law's field and badmouthed her, only to be kicked out by her mother-in-law.

But her mother-in-law didn't mind her blindness at all. Instead, she felt deeply for her, truly deeply, and treated her better than her own mother.

The pain she'd endured growing up in the Ning family, that pain, slowly faded after years of living there, surrounded by love. Looking back, the heart-wrenching pain had faded considerably.

"Well, I don't think about her anymore. I won't ask why she doesn't love me anymore. If she doesn't love me, then she doesn't love me, and I accept that."

Not dwelling on it was also a way to reconcile with herself.

She had lived a miserable life for the first twenty-six years of her life, but since meeting Zhan Yichen, her life has been filled with happiness and contentment.

God seemed to have a soft spot for her, granting her a fulfilling second half of life.

As Ning Yunchu reminisced about the past, Ning Tianlei, after finishing his conversation with his sister, called Li Nuo. When Li Nuo answered, he apologized, "Li Nuo, I'm sorry, I can't take you to Youyou Villa."

"Youyou Villa is the Zhan family's old residence, not a scenic spot. It's not open to the public. Even relatives and friends who want to visit need to call ahead and get permission before they can go."

Li Nuo felt a little disappointed. She had heard that Youyou Villa was more beautiful than any other tourist attraction in Wancheng, and she had wanted to visit.

Knowing that Ning Tianlei's eldest sister was the second young mistress of the Zhan family, she thought that given their long-standing friendship, Ning Tianlei would be able to grant her request for the first time.

Unexpectedly, the eldest daughter of the Ning family would refuse her brother's invitation to visit her in-laws' home.

The eldest daughter of the Ning family was indeed not to be trifled with. No wonder she was able to cultivate her own people even when she was still blind, inserting them into the Ning family's company to help her turn things around, seize power, and ultimately control the Ning family.

Without some means, she would have been unable to turn things around.

C 4656

"It's okay, I was asking too much."

Li Nuo felt a little disappointed, but also understood.

If she were the second young mistress of the Zhan family, someone she didn't know or understand at all, and asked to visit her home, she would have refused.

"Li Nuo, are you free tonight? I'll treat you to dinner to make it up to you."

Ning Tianlei felt guilty for not fulfilling Li Nuo's request the first time she asked him, so he wanted to treat Li Nuo to dinner. He

also wanted to test whether Li Nuo was interested in him.

"Tianlei, this was an excessive request from me. You don't have to feel guilty or compensate me. However, I'd still be happy to go if you treat me to dinner. Would you like to pick me up in the evening, or should I take a taxi?"

Li Nuo didn't own a car. She usually took the subway to work. It was convenient and there was no traffic.

Dongguan was a big city, and during rush hour, the traffic was terrible.

Li Nuo's apartment was close to the subway entrance, so she took the subway to work quickly and conveniently.

"I'll pick you up."

"But it's rush hour, so I might be late."

Li Nuo said with a smile, "How about you take the subway to pick me up, and then we can go out together." "

Okay, then I'll take the subway to pick you up after work. I haven't taken the subway in a long time."

When I was in school, I often squeezed into the subway with my classmates.

I miss those days.

"See you in the evening."

"Okay."

The two ended their call.

Afterward, Li Nuo sent a message to her best friend and old classmate. It read, "I asked Ning Tianlei for permission, just as you asked, to visit his sister's in-laws' old house."

"Ning Tianlei asked his eldest sister, but was rejected. Old classmate, do you think this means Ning Tianlei feels more than just friendship for me?"

It turned out that Li Nuo was testing Ning Tianlei's feelings for her.

She had been in love with him

for years.

Back in school, Ning Tianlei was busy studying and working part-time, and she suppressed her feelings and became friends with him. She

assumed his family wasn't well off, but after graduation, she discovered he was the son of a wealthy family. She

learned that his parents had both been convicted and sentenced to heavy prison terms, potentially preventing them from leaving the country.

Li Nuo had never despised Ning Tianlei.

However, she was too shy to confess her feelings, fearing she was being overly sentimental and feeling embarrassed if she was rejected. She

also worried that if she was rejected, they wouldn't even be able to be friends.

She might even quit her job and leave Wancheng due to heartbreak.

Honestly, she'd worked hard for years to finally achieve some success, earning a five-figure monthly income. Among her classmates, she was considered a success.

She couldn't bear to leave her job, and she loved the city of Wancheng.

Li Nuo's numerous concerns had prevented her from pursuing a secret crush on Ning Tianlei for years.

A close friend, a classmate of hers and Ning Tianlei's, who knew her feelings, offered her a suggestion: to test Ning Tianlei's affections.

Married at First Sight Chapter 4657

It's said that Youyou Villa is a Jiangnan garden, beautiful, surpassing any other scenic spot in Dongguan.

Li Nuo truly wanted to visit it, and she also wanted to test whether Ning Tianlei had any special feelings for her.

As the Zhan family's old residence, Youyou Villa was naturally not open to the public. A visit by an outsider would be a boast for a while.

If Ning Tianlei agreed to take her to visit Youyou Villa, it would mean that he trusted her, that she held a special place in his heart, and that he loved her.

Although Ning Tianlei appeared gentle, he was wary of everyone, building an invisible wall between them that he wouldn't easily let anyone cross.

Li Nuo understood him, knowing that his family upheaval had caused him to be wary of everyone and not trust anyone easily.

She had known him for so many years, and while many women had admired and pursued him, no one had ever been able to reach his heart.

His parents were both criminals and incarcerated.

The person who sent his parents to prison was his beloved eldest sister.

They were half-siblings,

but his parents had murdered his biological father.

In short, his family dynamic was a bit complicated.

He knew his eldest sister wasn't at fault when she sent his parents to prison, but they were his biological parents, and being caught in the middle was difficult. It was

only after arriving in Wancheng to work that Li Nuo learned about Ning Tianlei's family background. The Ning family's affairs were no secret; a little inquiry would reveal everything.

She learned that when his parents were in trouble, Ning Tianlei had spent some time in hiding, unable to face his eldest sister.

His second sister had also been imprisoned because of his eldest sister. After her release, she maintained a strained relationship with her, and her whereabouts were now unknown.

It was said that of his relatives, only his youngest aunt remained close. It was his aunt who had saved his eldest sister, and the second young mistress of the Zhan family, grateful for her kindness, repaid her with gratitude after gaining power.

The families of his eldest and second aunts had long since ceased contact, and it was unknown where they had moved. All she knew was that his eldest sister had forced them to leave Wancheng.

Upon learning this, Li Nuo privately lamented to her bestie how difficult it was for Ning Tianlei. In such a complex family, he had managed to maintain his kindness and upright values.

Even after his eldest sister sacrificed her own family for the sake of justice, he remained calm, and his relationship with her remained unaffected.

Despite his shabby family background, Li Nuo couldn't help but fall in love with Ning Tianlei.

However, she didn't dare let her parents know that she liked Ning Tianlei.

She thought that if she and Ning Tianlei could be together and face her parents together, her parents would be very open-minded and would be able to accept Ning Tianlei. No matter how big a mistake Ning Tianlei's parents made, it was all his parents' fault and he was innocent.

But if she and Ning Tianlei became fathers, her children would not be able to take the civil service exam in the future. For the parents of civil servants, this might be hard to accept.

If they don't want to take the exam, then don't take it. Li Nuo herself didn't take the exam, and her children probably wouldn't follow that path. After all, Ning Tianlei has his own company and business, and their children are 99% likely to take over and go into business.

"I'm not sure what kind of feelings Ning Tianlei has for you, but I think he is willing to ask his eldest sister's opinion, which means he took your words to heart. You must be special to him."

The best friend replied to Li Nuo.

Married at First Sight Chapter 4658

"But his elder sister refused, and he didn't fight for me. That means I don't mean much to him."

Li Nuo lacked confidence.

Ning Tianlei's feelings were deeply hidden, and he wouldn't let anyone see through them easily.

"His elder sister has her reasons for refusing. After all, that is the old house of the Zhan family, and the Zhan family values privacy. His elder sister is not the mistress of the house, so she can't agree casually. What's more, his elder sister doesn't know you, so how could she let you visit her in-laws' house casually?"

“You were not there, how do you know he didn’t fight for you? After he talked to you, did he say anything else?”

“He said sorry for not being able to take me to Youyou Villa and wanted to treat me to dinner.”

“If you put it that way, Li Nuo, I think there is still some hope. Don’t back down. You have admired him for so many years. If you give up now, can you bear to do it?”

“Think about who has been around him for so many years? You are the only woman. Even if you are under the banner of old classmates and good friends, he and I are also old classmates, why doesn’t he treat me kindly?”

“Maybe he has feelings for you too, and maybe, like you, it is not easy to express it.”

After listening to her bestie’s words, Li Nuo rekindled hope.

Thinking back on her friendship with Ning Tianlei over the years, Ning Tianlei seemed to have a special place in her heart.

“Then I’ll give it another try. Giving up, of course, won’t be easy. After all these years of love, how can I give up so easily? I should at least confess to him and let him know that I loved him.”

“Give him a try, and if I can’t, then give up. At least I won’t have any regrets.”

“If I can’t get Ning Tianlei, I’ll resign and leave Wancheng, go back to my hometown, and follow my parents’ arrangements to go on a blind date with the son of someone at their company.”

Li Nuo has not graduated from university yet. Her parents are in line with her thinking and want her to go back to her hometown to find a job after graduation. Her hometown is a second-tier city, which is not bad.

It is not difficult to find a job, but the income may not be comparable to that of first-tier cities.

Her parents still hope that she will take the civil service exam and live a stable life like them, working until retirement.

Li Nuo persuaded her parents that she was young and wanted to try her luck in a big city. If she could not make a name for herself, she could go back to her hometown to work and be closer to home. Her

parents were convinced by her and let her come to Wancheng alone to work.

After so many years of hard work, she became a middle-level manager in the company with a good monthly income. Her boss valued her very much. If she worked hard for a few more years, she could get a promotion and a raise, and climb higher.

She did all this for Ning Tianlei.

Unable to pursue the man she loved, she gave up not only him, but also her current career.

“Li Nuo, it’s not easy for you

to get to where you are today. Even if you and Ning Tianlei don’t have a result, you can’t give up your career. Shang Group is the second largest group in Wancheng. It is very powerful and has great room for advancement.” “How many people dream of climbing to your position? Your monthly income is equivalent to the annual income of an ordinary worker.”

“Wancheng is so big. If you break up with Ning Tianlei, you won’t run into each other all the time. If you don’t run into each other, there will be no embarrassment. Why make such a big sacrifice?”

The bestie said, “It’s normal to be heartbroken. It’s not like you can’t live without him.

Married at First Sight Chapter 4659

Li Nuo said, “Let’s talk about it on that day. I haven’t confessed yet. Be more confident. Maybe I can catch up with him.”

“That’s right. Let’s talk about that later. I believe you can also win Ning Tianlei. Come on.”

“He said he would pick you up in the evening and treat you to dinner. Just pretend that nothing happened and go to dinner with him.”

Li Nuo smiled and said, “I know.”

Her feelings were also hidden very deeply. Ning Tianlei should not be able to detect her love for him.

At the same time, at Youyou Villa, next to the indoor swimming pool, Serenity and several sisters-in-law were sitting by the pool, watching their men teaching three children to swim. They

were the brothers Zhan Muchen, Zhan Jingchen and Zhan Jingxu, oh, and Su Meng, two of them were six years old and two were five years old.

It was mainly because the weather was too hot and the children wanted to play in the water in the afternoon.

Serenity asked her husband to take her son to swim and teach him how to swim.

In the shallow water area, Lele and other little guys were also playing in the water with a lifebuoy. Their fathers stood by and watched closely, fearing that the little guys would choke on the water.

“Xiaofei.”

Ning Yunchu was sitting next to Shang Xiaofei. She sat next to Shang Xiaofei on purpose.

Shang Xiaofei tilted her head to look at her and asked, “What’s wrong? You seem to have something to say to me.”

“Ever since you and your wife went out for a walk, you’ve been looking at me, wanting to tell me something in private.”

Shang Xiaofei smiled and came closer, whispering, “Tell me, I promise to keep it a secret and not leak it out. My mouth is pretty reliable.”

Ning Yunchu smiled, “It’s not gossip, you don’t have to listen so hard.”

“It’s not gossip, I like to hear it too. What is it?”

“I want you to help me find out about someone and get to know her.”

“Who? A man or a woman? If it’s a man, Yunchu, I won’t help you, and don’t hurt me. If your Yichen knew I was helping you find out about a man, he’d definitely kill me.”

Her friends’ husbands were all overbearing and jealous.

Thinking of her own Junran, who was also that kind of person, Shang Xiaofei silently said to herself: “As the saying goes, ‘A man of black company becomes black, and as the saying goes, ‘A man of red company becomes red.’

” Junran often interacted with people like Zachary, and his domineering nature had caught their brutes.

“Don’t worry, it’s a girl,”

Ning Yunchu said with a smile. “My brother’s college classmate, Li Nuo, works at your Shang Group, and seems to be in middle management.”

“Li Nuo? That name sounds familiar to me. Does he work at our group? Then I might have heard of him at the company. To have made it to middle management, that’s quite impressive.”

“Your brother’s college classmate has only been out of school for three or four years. To have made it to middle management in three or four years is really impressive, very outstanding. Does your brother like her?”

Ning Yunchu wouldn’t ask about a stranger girl without reason. Only if her brother liked her would Ning Yunchu inquire about her, to get to know her, worried that she was after Ning Tianlei’s money.

Shang Xiaofei expressed her understanding.

If she had a younger brother, and a girl approached her, she would also first find out who the girl was and what she wanted from him.

“Well, Tianlei likes her. She proposed to Tianlei that she wanted to visit our villa. Considering the safety of the children, I rejected his request.”

“The children are at home now. I dare not let her come without knowing her.”

Shang Xiaofei nodded. “You are right to refuse. Your brother’s status and position are there. Since she works in my Shang Group, she must have known your brother’s identity for a long time.”

“It’s right not to let her come without knowing her and what she is trying to do. Your home is not a tourist attraction.”

“Okay, leave this matter to me. I’ll go back and ask my second brother. My second brother should know more. The eldest brother is too busy. He is the boss of the group. The middle-level management can’t contact him. If I ask him, he may not know.

Married at First Sight Chapter 4659

Li Nuo said, “Let’s talk about it on that day. I haven’t confessed yet. Be more confident. Maybe I can catch up with him.”

“That’s right. Let’s talk about that later. I believe you can also win Ning Tianlei. Come on.”

“He said he would pick you up in the evening and treat you to dinner. Just pretend that nothing happened and go to dinner with him.”

Li Nuo smiled and said, “I know.”

Her feelings were also hidden very deeply. Ning Tianlei should not be able to detect her love for him.

At the same time, at Youyou Villa, next to the indoor swimming pool, Serenity and several sisters-in-law were sitting by the pool, watching their men teaching three children to swim. They

were the brothers Zhan Muchen, Zhan Jingchen and Zhan Jingxu, oh, and Su Meng, two of them were six years old and two were five years old.

It was mainly because the weather was too hot and the children wanted to play in the water in the afternoon.

Serenity asked her husband to take her son to swim and teach him how to swim.

In the shallow water area, Lele and other little guys were also playing in the water with a lifebuoy. Their fathers stood by and watched closely, fearing that the little guys would choke on the water.

“Xiaofei.”

Ning Yunchu was sitting next to Shang Xiaofei. She sat next to Shang Xiaofei on purpose.

Shang Xiaofei tilted her head to look at her and asked, “What’s wrong? You seem to have something to say to me.”

“Ever since you and your wife went out for a walk, you’ve been looking at me, wanting to tell me something in private.”

Shang Xiaofei smiled and came closer, whispering, “Tell me, I promise to keep it a secret and not leak it out. My mouth is pretty reliable.”

Ning Yunchu smiled, “It’s not gossip, you don’t have to listen so hard.”

“It’s not gossip, I like to hear it too. What is it?”

“I want you to help me find out about someone and get to know her.”

“Who? A man or a woman? If it’s a man, Yunchu, I won’t help you, and don’t hurt me. If your Yichen knew I was helping you find out about a man, he’d definitely kill me.”

Her friends’ husbands were all overbearing and jealous.

Thinking of her own Junran, who was also that kind of person, Shang Xiaofei silently said to herself: “As the saying goes, ‘A man of black company becomes black, and as the saying goes, ‘A man of red company becomes red.’

” Junran often interacted with people like Zachary, and his domineering nature had caught their brutes.

“Don’t worry, it’s a girl,”

Ning Yunchu said with a smile. “My brother’s college classmate, Li Nuo, works at your Shang Group, and seems to be in middle management.”

“Li Nuo? That name sounds familiar to me. Does he work at our group? Then I might have heard of him at the company. To have made it to middle management, that’s quite impressive.”

“Your brother’s college classmate has only been out of school for three or four years. To have made it to middle management in three or four years is really impressive, very outstanding. Does your brother like her?”

Ning Yunchu wouldn’t ask about a stranger girl without reason. Only if her brother liked her would Ning Yunchu inquire about her, to get to know her, worried that she was after Ning Tianlei’s money.

Shang Xiaofei expressed her understanding.

If she had a younger brother, and a girl approached her, she would also first find out who the girl was and what she wanted from him.

“Well, Tianlei likes her. She proposed to Tianlei that she wanted to visit our villa. Considering the safety of the children, I rejected his request.”

“The children are at home now. I dare not let her come without knowing her.”

Shang Xiaofei nodded. “You are right to refuse. Your brother’s status and position are there. Since she works in my Shang Group, she must have known your brother’s identity for a long time.”

“It’s right not to let her come without knowing her and what she is trying to do. Your home is not a tourist attraction.”

“Okay, leave this matter to me. I’ll go back and ask my second brother. My second brother should know more. The eldest brother is too busy. He is the boss of the group. The middle-level management can’t contact him. If I ask him, he may not know.

Married at First Sight Chapter 4660

Shang Wuhen truly didn’t know who Li Nuo was.

The Shang Group was so large that only senior management would have frequent contact with him.

Shang Wuhen wouldn’t have noticed middle-level managers like Li Nuo, who hadn’t achieved particularly impressive results.

The second young master of the Shang family was different. He’d been forced back to help run the family business, and while he wasn’t as capable as his eldest brother, he preferred interacting with middle-level managers and lower-level employees.

Just ask him, and he’d definitely know.

“You can ask anyone. He works at your company, so even if you just go over and ask around, you can probably find out more about Li Nuo.”

“Remember to secretly take a picture of Li Nuo for me.”

Ning Yunchu wanted to know what Li Nuo looked like, to see if he was a good match for her brother.

“Forget it, I’ll go back to the company tomorrow and find out for you.”

Both of her brothers had wives, and she was afraid her second brother would misunderstand her by secretly photographing the company’s female employees.

Shang Xiaofei got along well with her two sisters-in-law, like sisters, and she didn’t want to anger her second sister-in-law and ruin the relationship between her second brother and his wife.

She decided to go back to the company and help Ning Yunchu secretly take photos of Li Nuo.

“Tianlei has high standards. The girl he likes must be a beauty. Don’t worry.”

Shang Xiaofei comforted Ning Yunchu.

“As long as she is not too ugly, I won’t be too strict about her appearance. As long as she has good character, does she know about my Ning family’s situation? Will she dislike that Tianlei’s parents are criminals?”

Shang Xiaofei patted her hand, “Don’t worry too much, wait for my good news.”

“Thank you for your help.” “It’s not a bother. I’m happy to do such things.”

Shang Xiaofei said with a smile, because she could eat melons.

She liked to eat other people’s love melons.

The people around her who were of marriageable age had basically started families, and she hadn’t eaten love melons for a long time.

Ning Tianlei was only one year older than the ninth son of the Zhan family, and he was only in his twenties. In Shang Xiaofei’s eyes, men in their twenties were not mature enough and were still a little childish. Most of the men around her were nearly thirty or over thirty before getting married.

So, she didn’t ask Ning Tianlei when he fell in love.

With her friendship with Ning Yunchu, as long as Ning Tianlei had something going on, Ning Yunchu would definitely tell him.

There were still three young masters in the Zhan family who were single. The seventh son was in trouble now, and the eighth and ninth sons were still quiet.

“Mom, Mom.”

Lele shouted at her mother.

Ning Yunchu looked at her son, stood up, and asked with a smile: “What’s wrong?”

“Mom, are you coming down? Dad said that Mom can swim, too.”

Ning Yunchu smiled and walked over, still standing by the pool, looking at the father and son in the swimming pool, and said with a smile: “Mom hasn’t swum for a long time, I’m afraid she can’t swim anymore. If Lele wants to learn to swim, ask your dad to teach you.”

Children are small and flexible, and learn quickly.

Zhan Yichen said: “Let him grow up a little bit, he is still too young now, just play in the water with us.”

Like the eldest nephew, five or six years old, it is suitable to learn to swim.

Married at First Sight Chapter 4661

“Who cares? If he can learn, then learn. If not, don’t worry. He’s still young.”

Ning Yunchu smiled. “It’s so hot, it must be nice to soak in the water, right?”

Lele said, “Very comfortable.”

“Just a little while, don’t soak too long. Indoors is not like outdoors, so be careful not to catch a cold. Honey, play with him for a few more minutes, then take him to change clothes. Don’t play in the water for too long.”

“Be careful if he catches a cold or gets scolded by your parents.”

The old couple loved their grandson.

“It’s okay. The child has a good constitution. Our children have been practicing martial arts since they were young, so they have better constitutions than ordinary children. It’s so hot, let them play in the water for a while. If you feel bored, go back and rest. I’ll take care of Lele.”

Zhan Yichen said considerately, wanting his son to play a little longer too. It was rare for everyone to be here, and the little brothers must be having a great time.

Even two-year-old Zhan Zhe refused to get up and wanted to play in the water, even bringing a water gun.

Seeing his younger brother had a water gun, Lele said to his mother, “Mom, go get me my water gun. My water gun is bigger than my younger brother’s, and I can shoot farther.”

Ning Yunchu said with a smile, “Don’t have a water fight here.”

She went to get her son’s water gun, and also got the other nephews’ water guns.

“Yunchu, Xiaojun, let’s go take a break and let them play here.”

Serenity felt sleepy, so she called her friends and sisters-in-law to go back to the hall together.

Beibei fell asleep in the old lady’s arms. Serenity returned to the hall and saw that her daughter had fallen asleep. She hurried forward and whispered to her grandmother, “Grandma, Beibei is asleep. Let me carry her upstairs.”

The old lady handed her great-granddaughter to Serenity and said softly, “Look at how small she is. If you hold her for too long, your arms will be sore. Grandma is getting old.” Serenity held her daughter in her arms. “Grandma was already quite impressive. How many people your age wouldn’t even hold a baby a few months old, fearing they couldn’t lift it?”

While the old lady had some common ailments, she was in relatively good shape compared to other elderly ladies.

Perhaps her martial arts background gave her a stronger physique than most.

“When Grandpa Fei was alive, he was still holding my cousin’s baby in his nineties.”

Old Fei lived a full century before passing away peacefully, having witnessed his patriarch’s well-being, with Miss Fengying enjoying a prosperous life, surrounded by children and grandchildren, and the Feng family ultimately returning to the patriarch’s descendants.

Having avenged his patriarch, and without a lingering regret, Old Fei faced death with equanimity. Thanks to his retirement in the merchant family, where his younger generations were by his side, he lived for two more years.

The old lady was now ninety years old, and everyone in the Zhan family hoped she would live as long as Old Fei, at least a century, and even better still.

The old lady smiled and said, “Grandma can still hold a baby that is only a few months old. Tongtong, why don’t you and Ayin have another baby? Maybe it will be a girl. Having only Beibei as a daughter is still a little lacking.”

Serenity laughed: “Grandma, Yunchu, Qiao Han and the others are all here. Please let them have a second child. Zachary and I already have two children, which is enough. We have both a son and a daughter.”

Qiao Han quickly said, “Grandma, I’m afraid that my second child will be twins again. That way I will have four sons, which will be too much. Let’s forget it.”

“Grandma, I’m going to go back and rest first.”

She ran away quickly.

Ning Yunchu said, “Grandma, in two years, Yichen and I will consider having a second child.”

Du Yumeng and Ouyang Ya have no plans to have a second child for the time being. When they heard their grandmother urging them to have a second child, they felt the pressure of having a daughter and found an excuse to slip away.

Married at First Sight Chapter 4662

Within two minutes, the only people left in the hall were the old lady and the housekeeper.

The old lady said to the housekeeper, “Look at them. They all ran away when the thought of having a second child

came up.” “Of the six granddaughters-in-law, only Tongtong gave birth to a second child, giving me a great-granddaughter. The others haven’t wanted to have a second child yet. I thought that with Beibei taking the lead and breaking the rules, maybe they’ll have a second child and give me two great-granddaughters.”

“I don’t want too many either. Three or four great-granddaughters will be enough.” They were all male, so there were no surprises.

The housekeeper smiled and said, “Madam, the young ladies have heavy workloads. If they don’t want to have children, then they don’t have to. If they do, they won’t have to be urged by you

. You see, the house is noisy when the young masters come back. They must be afraid of the noise. Young people are like that.”

The young masters and the young ladies have a good relationship and prefer to live in their own world.

“It’s not bad that the old lady has a Miss Beibei. Think about it, there were no girls in the previous generations.”

The old lady also laughed, “This person is just greedy. After having one, he wants two. After having two, he wants more.”

“Once one wish is fulfilled, the new wish is to desire more and have more.”

“Forget it, let them be. I am content with having Beibei around my knees.”

“That’s right, Miss Beibei is so cute.”

The old lady wanted to get up, and the housekeeper hurriedly helped her, “Help me to the swimming pool and see what those little guys are doing. The villa hasn’t been so lively for a long time.”

“It would be great if it could be so lively every day.”

The housekeeper helped the old lady toward the indoor swimming pool, saying as they walked, “This summer, the villa is sure to be bustling.”

Normally, it was just the two precious siblings.

The playful time flew by, and in the blink of an eye, it was evening.

Ning Tianlei was the boss. He had only one meeting that afternoon and no clients to see, so he left work early at five.

There was a subway nearby, so he walked out of the office and headed for the subway entrance.

The Ning family’s main business wasn’t in Wancheng, but the main company was managed by his eldest sister. After he took over the company he was assigned, he began moving it back to Wancheng.

Born and raised in Wancheng, he would continue to do business there, and moving his company back there would make it more convenient for him to get to work.

Ning Tianlei’s company wasn’t far from the Shang Group; it was just two stops by subway, or a few minutes’ walk from the subway station.

Leaving work early meant he could drive there without getting stuck in traffic.

But he promised Li Nuo to take the subway and go out to eat and go shopping with her later, and he also planned to take the subway. It was not the first time he invited her to dinner, and the hotels he had invited her to dinner in the past were all very convenient for transportation.

Ning Tianlei thought about it after leaving the company, and went to the flower shop to buy an ordinary bouquet.

The rose bouquet was very beautiful, but he didn't dare to give Li Nuo roses, so he just gave an ordinary bouquet, so that Li Nuo wouldn't think too much.

There are many large and small companies nearby, so there are several flower shops on the nearby streets.

Ning Tianlei decided to buy flowers on the spur of the moment and did not go to his sister's flower shop to buy flowers. If he had thought about it in advance, he would call his sister's flower shop to buy a bouquet of flowers.

Married at First Sight Chapter 4663

Ning Yunchu no longer manages the flower shop herself, leaving it to the two employees who used to work with her. She only visits occasionally.

Although she rarely visits the flower shop anymore, Chunnuanhuakai has always been the largest and most popular in Wancheng.

Of course, many people come here because of the fame of the second young mistress of the Zhan family.

They believe that Chunnuanhuakai's location and good feng shui have helped a girl who was once blind and penniless to rise through the ranks, becoming the second young mistress of the Zhan family and reclaiming the family fortune that was stolen from her.

Just like Serenity and Shen Xiaojun's bookstore, it has become a popular online store in Wancheng. Many people like to visit their shop, saying they want to bask in the good fortune of the two young mistresses.

Their fan base rivals that of online celebrities, and even though they rarely post updates, their popularity remains high.

Many major online celebrities don't have as many followers as these young mistresses.

Ning Tianlei emerged from the flower shop, holding a bouquet of flowers.

A silver BMW sped past the flower shop entrance.

Soon, the BMW slammed to a stop, then backed up to the flower shop, stopping in front of Ning Tianlei.

The rolled-down window revealed a delicate face. She looked from Ning Tianlei to the bouquet and asked, “Ning Tianlei, who are you buying these flowers for? Me?”

“Ms. Ou, it’s you. This is a private matter; I can refuse to answer.”

“But it’s not for Miss Ou.”

Miss Ou was the daughter of a CEO of a company he worked with, and they had met a few times.

Miss Ou was mildly interested in him, but she didn’t take any action. Only when they met would she glance at him a few times and talk to him.

Due to his partnership with CEO Ou, Ning Tianlei’s treatment of Miss Ou was perfunctory, just the right amount, to avoid the misconception that he was attracted to Miss Ouyang.

In terms of family background, Miss Ou was superior to Li Nuo. In terms of appearance, Li Nuo was much more beautiful than Miss Ou. In terms of ability, Li Nuo also had the upper hand.

Miss Ou works at her own company, a sinecure where she doesn’t work and earns a salary.

“Ning Tianlei, do you have someone you like?”

Miss Ou asked with interest. “Which rich girl?”

She didn’t mind that Ning Tianlei’s parents were criminals and were currently in prison.

Miss Ou was indeed somewhat interested in Ning Tianlei, but she didn’t take it seriously, never confessed her feelings, and even less pursued him.

She and her family both disliked Ning Tianlei’s complicated family background and the fact that his parents were in prison.

Putting his family background aside, he was still quite talented, at least with a good-looking face. People appreciate beautiful things, and Miss Ou was interested in Ning Tianlei simply because he was handsome.

Furthermore, Ning Tianlei’s older half-sister was the second young mistress of the Zhan family. The siblings had a good relationship, and being associated with Ning Tianlei would gain her the attention of the second young mistress.

This would also attract media reporters and bring her waves of attention.

Miss Ou wanted to wait for Ning Tianlei to pursue her. She felt that her father and Ning Tianlei had business dealings, the two were of similar age, and Ning

Tianlei was gentle and polite to her, so he should have some feelings for her. Unfortunately, after knowing each other for more than a year, Ning Tianlei did not take any action.

Miss Ou was driving by and inadvertently saw Ning Tianlei coming out of the flower shop with a bouquet of flowers. She couldn't help but turn back, trying to find out who the bouquet of flowers was for. Wasn't it for her?

There were no other women around Ning Tianlei.

The one who was more familiar should be hers.

"Miss Ou, that's my private matter, I refuse to answer."

Miss Ou smiled and said, "I thought the person you like was me, but it seems that it's not me."

Married at First Sight Chapter 4664

Ning Tianlei paused for a moment before saying, "Miss Ou looks down on my family. I won't like her, because it's destined to be a love affair."

Miss Ou couldn't smile anymore. She hadn't expected Ning Tianlei to see her disdain for him.

"Miss Ou, I'm in a hurry. I'm leaving now,"

Ning Tianlei said politely, clutching the bouquet as he walked towards the subway entrance.

Miss Ou's eyes followed him for a moment before she retracted them. She rolled down the car window and muttered to herself, "It's not like I absolutely must have him, and I'm not particularly fond of him anyway."

She looked down on his family. His parents were ruthless, cruel, and murderous. He was their biological son, so who knew if he'd turn out like them?

Genes are powerful.

Since they weren't truly in love, Miss Ou didn't take it seriously and quickly drove away.

Ning Tianlei entered the subway station, clutching the bouquet, a serious expression on his handsome face.

Seeing Miss Ou reminded him of her disdain for his family.

In terms of wealth and power, the Ou family is inferior to his, but his parents are criminals and are still in prison. Even a family as wealthy as Miss Ou would have spurned him, let alone the daughters of truly prestigious families.

However, Ning Tianlei never considered marrying into a wealthy family.

Even though he has an older sister who is the second young lady of the Zhan family, she has the same mother but a different fate.

In the eyes of others, she is a heroine who has made a comeback. She gives people a different impression.

She represents forbearance, a heroine who has successfully avenged herself.

Will Li Nuo despise his original family?

What if she despised him?

Should he pursue her?

Pursuing her might be useless, because he couldn't change his family. If she thought there was something wrong with him, he could still correct it, but if she despised him, there was no way around it. His parents

had committed crimes and indirectly caused someone's death; they probably wouldn't be released from prison.

He, their son, had to bear the brunt of their mistakes, facing the scorn and criticism of others.

He was their son after all. They had earned their wealth through unscrupulous means, used it to support him, give him the best life, and provide him with education. He wasn't innocent of the accusations and scorn he faced.

Regardless, even if Li Nuo despised his family, he would still try. How could he know without trying? Perhaps

Li Nuo would tolerate everything he did.

He believed he had a healthy outlook and had never done anything to harm anyone. Even now that he had taken over the business, he was honest and upright, never breaking the law. His eldest sister had told him to live an upright life and earn money cleanly.

Even if his earnings were low, or even bankrupt, at least he could be at peace with himself.

He wasn't as capable as his eldest sister and brother-in-law. He racked his brains and worked incredibly hard to maintain his family fortune, and his business was mediocre.

Some partners gave him a chance out of respect for his brother-in-law.

But he didn't care. As his eldest sister taught him, as long as he lived an honest life and earned clean money, his current wealth would be enough to support him for the rest of his life.

His eldest sister wouldn't ignore him.

If he truly lacked the ability to keep his company going, she would step in and help him.

Married at First Sight Chapter 4665

Ning Tianlei attracted a lot of attention.

Not only because he was holding a bouquet of flowers, but also because he was handsome.

After buying a ticket at the ticket vending machine, he followed the crowd into the station.

Two stops later, he arrived at the subway station near Shang Group.

Coming out of the subway station, he walked towards Shang Group.

When he arrived at the door of Shang Group, it was not yet time to get off work.

He could leave work early, but Li Nuo could not. Ning Tianlei could only stand at the door of the company and wait for Li Nuo to get off work.

At this time, a Maybach drove out. The security guard on duty quickly opened the door of the company, walked out and stood at the door to salute the person in the Maybach.

That was Shang Wuhen's car.

Shang Wuhen did not drive, he had a private driver, but he still saw Ning Tianlei standing at the door of his company as soon as he came out.

“Stop.”

Shang Wuhen asked the driver to stop.

The driver quickly stopped the car.

Shang Wuhen rolled down the car window. When Ning Tianlei looked over, he called out, “Ning Tianlei, why are you here? Waiting for someone?”

The bouquet Ning Tianlei was holding was dazzling; even without asking, one could tell he was planning to give it to a girl.

Was Ning Tianlei in love?

Was his partner someone from his Shang Group?

“Mr. Shang, I’m waiting for someone here,”

Ning Tianlei replied with a smile as he stepped closer.

“Who are you waiting for? It’s so hot. Go inside and wait. Have a seat in the VIP room on the first floor and have a glass of water. It’s air-conditioned, so it won’t be so hot.”

Shang Wuhen, the brother-in-law of the second son of the Zhan family, gave Ning Tianlei some face and told him to go inside and wait on the first floor.

Ning Tianlei smiled and said, “Thank you, Mr. Shang. No thanks. It’s almost time to get off work. I’ll just wait here for a few minutes. She’ll be out soon.”

“I’m waiting for a friend and college classmate of mine, Li Nuo, who works at your company.”

Shang Wuhen said, “Oh.” He didn’t know who Li Nuo was,

but he still urged her, “Go inside and wait. She doesn’t get off work until 5:30, and there’s still ten minutes. It’s scorching hot outside.”

The summers in Wancheng are hot and long. He was used to staying in an air-conditioned room. Without it, he couldn’t even wear a suit. It was too hot.

Ning Tianlei was still wearing his suit, sweat beads on his forehead.

Li Nuo might not come out as soon as she got off work, so Ning Tianlei would have to wait a while. By the time he saw her, his clothes would be soaked with sweat.

“Really, no thanks, Mr. Shang.”

Ning Tianlei refused again and again, and Shang Wuhen didn’t force him. He asked, “Aren’t you going to your sister’s house for dinner tonight? I’ll go there now. Otherwise, I’ll wait for you for a few minutes and give you a ride?”

Shang Wuhen thought Ning Tianlei was going to pick up that Li Nuo to go to Youyou Villa for dinner. Seeing that there was no car parked behind Ning Tianlei, he knew that Ning Tianlei didn’t drive over, so he said a few words.

“I’m not going there tonight. I’ll go there on the weekend.”

Shang Wuhen understood.

Ning Tianlei was really in love and was busy with a date, so he didn’t go to the Zhan family for dinner.

“You didn’t drive over?”

“No, it’s close to the subway station, so I took the subway.”

Shang Wuhen hummed. He took out his cell phone, called his secretary, and instructed, “Ask a girl named Li Nuo in our company, which department she is in? Tell her boss to allow her to leave work a few minutes early.

Married at First Sight Chapter 4666

“Her old classmates are waiting for her at the company gate.”

It was such a hot day, and Ning Tianlei had taken the subway. If

he had driven, he could have waited in the car, which had air conditioning. He was reluctant to go inside and wait.

Shang Wuhen simply did a favor and allowed the man named Li Nuo to leave work a few minutes early, so Ning Tianlei wouldn’t have to wait so long.

Ning Tianlei, upon hearing Shang Wuhen’s instructions over the phone, said gratefully, “Thank you, Mr. Shang.”

“It’s a small matter, you’re welcome. Wait two minutes, your girlfriend will be out soon. I’ll go eat first.”

His parents, wife, children, and sister's family had all gone to Youyou Villa.

Shang Wuhen wanted to join in the fun, so he turned down tonight's social engagements and went to Youyou Villa for dinner.

Shang Wuhen told the driver to drive.

Soon, the Maybach drove away.

Within two minutes, Li Nuo hurried out.

"Tianlei,"

Li Nuo called Ning Tianlei from a distance.

Ning Tianlei took a few steps forward, holding a bouquet of flowers. When she got closer, he smiled and handed the flowers to Li Nuo.

"I think buying you a bouquet of flowers is a better way to express my apology."

Li Nuo took the bouquet and smiled, "I'm not angry, and you spent money on flowers."

"Do you like it? A bouquet of flowers is not worth much. As long as you are happy, not angry with me, and don't break up with me, that's enough. We have so many classmates, and our friendship is the longest and deepest."

Ning Tianlei said seriously, "Li Nuo, I care about our friendship very much."

Li Nuo held the bouquet in one hand and patted his shoulder with the other, saying, "Let's go. I'm not such a stingy person. This is not the first time you've met me."

"Youyou Villa is your sister's in-laws' home. The Zhan family values privacy, and I'm not close to your sister, so how could I rashly disturb them?"

Li Nuo said as they walked. "It was my request that was unreasonable, so I should apologize."

"It's okay. My sister really doesn't know you, so she declined. Someday when I have time, I'll introduce you to my sister. You two can meet and talk. I guarantee she'll like you."

"Li Nuo, I didn't get your wish this time, but there's a long way to go. One day, you'll be able to visit Youyou Villa."

Ning Tianlei's words held a deeper meaning.

He and Li Nuo would have a future.

When Li Nuo became his wife and Lele's aunt, he could take Lele's aunt there and visit Youyou Villa freely.

"Sister Ning, you must be very busy."

Li Nuo truly wanted to meet Ning Yunchu.

"It's very busy, but there's still time for us to meet and have dinner. Actually, my sister can take a break whenever she wants. She still has Brother Mo at the company."

"Unlike me, I don't have a loyal and capable assistant like Brother Mo. I have to do a lot of things myself. I take a day off, and when I return to the company the next day, I have to work overtime for two or three days to finish the day's work."

Ning Tianlei envied his elder sister for having Brother Mo to help manage the company.

Not to mention his brother-in-law. Whenever his elder sister needed his help, he would drop his own work and fly over to help her.

Whenever his elder sister wanted to see Li Nuo, he would always make time.

It was just a matter of a word.

Li Nuo smiled and said, "Take your time. You've built your own management team, so you can rest occasionally."

Ning Tianlei kept a low profile in Wancheng, perhaps because his elder sister was too dazzling.

It was also because he was the one who maintained the business and was not as outstanding as the men of the Zhan family in company management.

Married at First Sight Chapter 4667

"Did you wait for a long time at the company gate?"

Li Nuo asked Ning Tianlei as they walked.

"No, I just arrived, and within two minutes, I saw Mr. Shang coming out. Mr. Shang asked me to go in and wait for you, saying it was hot outside. I thought you would be off work soon, so I declined his kindness."

“I didn’t expect him to call the secretary and ask him to notify you to come out, so I didn’t have to wait any longer.”

Ning Tianlei said, “Shang and Zhan are now relatives. Sister Tong is Mr. Shang’s cousin. My eldest sister and Sister Tong are both good friends and sisters-in-law. That’s why Mr. Shang takes care of me like this.”

Li Nuo knew the relationship.

She didn’t know Ning Tianlei was a rich young master before. He was just like an ordinary person. When he didn’t have classes, he would go out to work as a temporary worker. He would do anything that could make money.

Many people thought that Ning Tianlei’s family was in financial difficulty. Some girls liked Ning Tianlei’s handsomeness, but they disliked Ning Tianlei’s poverty.

Li Nuo, like everyone else, thought that Ning Tianlei’s family was in financial difficulty, but she was still attracted to him. He spent money very plannedly, spending what he should spend and not spending a penny that he shouldn’t spend.

Others said he was stingy, but she felt that he knew how hard it was to make money, so he would not spend money lavishly. What

she valued was Ning Tianlei’s character. Her

parents always told her that if she could meet a good man in college, whose family conditions were similar to hers, she should fall in love with him first and get married after graduation.

They said that when you go out into society, all good men are already taken, and it’s not good to be left behind by others. They always said that if you meet a good man, you should act quickly to avoid being snatched away by others.

But the requirement must be that they are well-matched.

Li Nuo didn’t dare to let her parents know that she liked Ning Tianlei. On the university campus, Ning Tianlei was “poor” and was not a good match for her.

She told her bestie that she would observe and wait until everyone entered society to see Ning Tianlei’s potential. If Ning Tianlei was mediocre, she might give up on him because she was afraid that he was a Phoenix man.

The two had a good relationship in school and did not lose contact after graduation.

Knowing that Ning Tianlei returned to his hometown of Wancheng to develop, Li Nuo went to Wancheng alone to find a job despite her parents' opposition and her friends' dissuasion, just to be closer to Ning Tianlei. She

also wanted to continue to investigate Ning Tianlei.

She had never liked a man as much as she liked Ning Tianlei.

Li Nuo didn't want to give up easily.

After coming to Wancheng, Li Nuo realized that they were all wrong. Ning Tianlei was not a child from a poor family.

He was a rich young man. He was so independent because he attended a boarding school in elementary school, so he was very independent.

He inherited part of the family property, did business on his own, and managed the company.

The only thing that people criticized was that his original family was very bad. His parents were both in prison. His eldest sister and he were not born by the same father. His second sister had also been in prison, and it was very bad. Now her whereabouts are unknown.

It is said that she did something bad and fled Wancheng for fear of being silenced.

It is not known whether she was found and silenced by her opponents.

Ning Tianlei has never given up looking for his second sister, but there has been no news for so many years.

Her family background was clean, her parents were both civil servants, and although they were not wealthy, they were a well-off family. If there was one thing that made her a bit disliked, it was that her parents couldn't wait to give birth to a younger brother for her after the country allowed couples to have two children.

Her parents said they were afraid she would be lonely, but Li Nuo knew that they wanted a son from the bottom of their hearts.

Fortunately, even though her parents had a younger brother, their love for her did not diminish, and they gave her everything they deserved.

She didn't have to support her younger brother. She worked, and her parents never asked how much she earned each month, nor did they ask her to bring money home to support her younger brother. If her younger brother asked her to buy something, as long as it was over 200 yuan, her mother would pay her back on her behalf.

Married at First Sight Chapter 4668

Her parents had made it clear they had a second child because they had enough money to support him, and that having a second child wouldn't affect her quality of life.

They also said they had saved enough for her brother's education and for him to buy a house, a car, and a wife.

Having a younger brother wasn't a burden; he was his parents' responsibility, not hers.

When her parents were gone, he would be the closest person to her in the world. He

wouldn't have to return to her parents' home, empty and without anyone to entertain him.

Her parents had paved the way for her younger brother, so Li Nuo didn't have to support him. She saved her income, and there were no conflicts of interest. She and her younger brother had a deep sibling bond, and she loved him more and more.

Many people, upon hearing she had such a young brother, worried she would need to support him in the future and instinctively rejected her.

But that was fine; she didn't like those men anyway.

Ning Tianlei had met her younger brother and even taken him to a children's park with her. She could tell he liked him and was very patient with children, and her younger brother loved him, too.

Every time he called her, he asked about his brother Tianlei.

She told her brother not to mention Ning Tianlei in front of their parents.

Because she and Ning Tianlei have not become lovers yet, they are just old classmates.

"Li Nuo, with Mr. Shang's arrangement, will the people in your company misunderstand our relationship and think that I am your boyfriend?"

Ning Tianlei asked with a smile.

Li Nuo replied: "It's not the first time you come to the company to wait for me, so they can misunderstand."

"So what if they misunderstand? We have nothing to fear from the shadow."

"Tianlei, isn't your sister urging you to find a girlfriend? It's been so many years since graduation. As far as I know, many of our classmates have already married and have children."

They were still stuck in their ways. She liked him, but she didn't even dare to break the ice.

"It's only a few years yet. My eldest sister won't rush me. She says it's my personal matter. I can get married if I want, and I can't if I don't."

"Not being in a relationship means my destiny hasn't arrived yet. She says that when it does, I can't stop it. It will just happen naturally."

Ning Yunchu was concerned about her brother's life events, but she didn't push for marriage, nor was she in a rush. After all, her brother was only

25 or 26, and she felt a man like him wasn't mature enough.

When she met Zhan Yichen, he was already 28 or 29. They married and spent two years together before having Lele.

Ning Yunchu was worried about her infertility, but Dr. Cheng assured her that after two years of treatment, she would be able to get pregnant and become a mother.

Dr. Cheng's medical skills were 100% reliable.

She did so, and Lele was born.

After Lele was born, she visited him in prison.

She told her she was a mother, a healthy, beautiful boy. She

could clearly see the hatred in her mother's eyes.

How could she possibly harbor resentment? She bitterly cursed Heaven for being so kind to her, and cursed her son's failure to grow up.

As a mother, her children were her Achilles' heel.

Ning Yunchu was filled with resentment at her mother's curse that her son would never grow up. She hadn't visited her in prison since then, and only recently did she ask her husband to go see her mother.
