### **Chapter 4693**

While in prison, Mrs. Ning's biggest concerns were her two children. Her son had been close to Ning Yunchu since childhood, and now that she had Ning Yunchu's protection, she wasn't worried. She was worried about her second daughter, and she was obsessed with her.

Ning Siqi had been spoiled by her husband and wife, becoming overconfident. She'd been in prison for a while, and while

she'd been a bit better when she first left, she'd been back to her old ways. She'd learned all this from her son.

Mrs. Ning regretted it.

She regretted doting on her youngest daughter too much, fostering a willful, ignorant nature, and a low IQ.

She'd always thought that with her husband and wife's abilities and the Ning family's financial resources, they could guarantee her precious daughter a carefree life.

Who could have imagined it would lead to such a huge mess?

Ning Siqi was a big reason why she and her husband fell at the hands of Ning Yunchu.

"Yunchu, we're the ones who wronged you. Siqi wasn't kind to you in the past, but you're sisters after all. Now you've taken everything back and married into the Zhan family as a young mistress."

"You're living such a good life now. Let go of the past. Don't seek revenge on Siqi. We've spoiled her, but she's not a bad person at heart... Consider it a plea from mom. Please help find Siqi."

"If I can't find Siqi, I'll never be able to rest in peace, even if I die."

Ning Yunchu looked at her mother calmly, listening to her plea without a single emotion.

She used to wonder, if one day she achieved something, if she stood out, would her mother regret her abuse, apologize, and reconcile?

But reality slowly wore her down, and she had long since given up hope in her mother.

When her mother finally gave in, it was to plead with her to let go of her resentment towards her sister and to go find her.

Ever since Ning Siqi escaped from Wancheng, Ning Yunchu's resentment towards her sister was not as strong as before, but to say that she cared about sisterhood was a lie, because she and her sister had no sisterhood at all.

There was no sisterly love, so why would she care?

Ning Siqi didn't even consider her a sister, so why would she bother trying to please someone who didn't like her?

Besides, she truly disliked Ning Siqi as a younger sister.

There was no way the sisters could ever reconcile. She couldn't forget the past,

just as she could never reconcile with her own mother.

Mrs. Ning also looked at Ning Yunchu.

Their gazes met, and Ning Yunchu's nonchalant demeanor filled Mrs. Ning with a burning hatred.

Her subordinates had been arrested, and she had been imprisoned for nearly a decade. Her connections had long been shattered.

The empire the couple had painstakingly built up over the years had been destroyed by their daughter, who had even made things worse for her.

How could Mrs. Ning not resent her?

However, she had to admit that her son's abilities, from their initial conversations, were inferior to Ning Yunchu's. Finding

Siqi with her own abilities would be difficult.

But if the Zhan family offered help, Siqi would surely be found.

Now that she is old and has spent several years in prison, Mrs. Ning now hopes that her two children, whom she truly loves, can live a good life.

## Married at First Sight Chapter 4694

Tianlei is in his twenties now. If he finds Siqi, he can arrange a job for her at his company, providing her with a stable monthly income and freeing her from hardship.

Tianlei is kindhearted and considers his second sister's life. Perhaps he can help Siqi marry into a wealthy family and ensure she has no worries about food and clothing.

As long as her two children can live a stable and happy life, even if she has to bow to the eldest daughter she hates the most, she will be willing to do so.

"Mom, I planned every step of the way to where I am today. I'm also lucky to have married into the Zhan family and have the help of my in-laws."

"I can't let go of the past. I will never forget how you treated me in the past. I'm so innocent. I didn't ask you to give birth to me, but you took out all your dissatisfaction and hatred on me."

"Even my dad didn't do anything to let you down. It's you who let him down. He's still alive. You and my uncle have been secretly having an affair. You're worse than beasts. You deserve what you've got today."

“Siqi and I are sisters, but there’s no sisterhood between us. What happened to her was not my fault. With her IQ, I don’t even bother to retaliate against her.”

“She was used as a pawn, defiled by others, forced to be a mistress, used by others, and do things for others.”

“That man’s surname is Long. He’s a cruel man. There are too many women he’s defiled. Siqi is just one of them, and many of his women will not have a good ending.”

“Ning Siqi was scared, so she seduced the two bodyguards guarding her, and then fled Wancheng with all her valuables. The two bodyguards turned a blind eye and let her escape because they had an affair with her.” ”

Now, the grass on the graves of the two bodyguards is very tall. The man surnamed Long hates betrayal the most. He is still looking for Ning Siqi’s whereabouts.”

“Finding her at this time is not a good thing. Who can guarantee that someone from the Long family is not watching from behind? Once we find her, the Long family will kill her.”

“Mom, are you sure you still want me to help find your precious daughter?”

Mrs. Ning’s face was pale. She never knew her little daughter had suffered so much.

“How could this happen? How could this happen?”

“Tianlei, you never told me.”

Ning Yunchu said calmly, “Tianlei doesn’t know that Ning Siqi became Mr. Long’s pawn to target Serenity and me. She doesn’t know that we’ve long known she was disguised as a human being, trying to get close to us.” Mrs.

Ning immediately demanded, “Ning Yunchu, are you still a human being? That’s your sister. She’s being used, and you didn’t warn her, didn’t save her!”

Ning Yunchu remained calm. “Does she listen to me? She doesn’t even consider me a sister. She wishes I were dead. It’s because she wants me dead, to replace me, to take over everything I have now that she’s become a pawn of the Long family.”

“Why would I save someone who’s so intent on my death, trying to take everything from me?”

“I’m not that saintly.”

Besides, Ning Siqi wouldn’t listen to her.

Of course, Ning Yunchu had never considered helping her sister, and she couldn't. Ning Siqi's terms of cooperation with Mr. Long were to crush the Zhan family, take everything she had, and

then hand her and Serenity over to Mr. Long to abuse.

If Ning Siqi had any sisterly affection for Ning Yunchu, she wouldn't have let her fall into the abyss.

Some people are just out to get themselves into trouble, and since she loves to do it, let her do it.

She didn't bother to save someone who deserved to die.

"You, you, you will die!"

Mrs. Ning cursed Ning Yunchu loudly in anger.

Ning Yunchu put down the phone.

## Married at First Sight Chapter 4695

Mrs. Ning, suffering from emotional turmoil, was also taken away by the guards.

Ning Yunchu stood up and turned to leave.

Ning Tianlei, stunned for a moment, then quickly stood up and chased after his sister.

As they walked, he anxiously asked, "Big sister, you know where the second sister is, right?"

Big sister surprisingly knew so much about the second sister.

He only knew a little, having learned much more from overhearing conversations between Big Sister and Sister Tong.

He also knew that the two sisters could never reconcile.

Big sister had suffered so much, nearly lost to the abuse of her family. Big

sister said that if her youngest aunt hadn't returned to her parents' home when she was sixteen, she would have died.

Her youngest aunt rushed her to the hospital, saving her life, but leaving her in darkness for nearly eleven years.

Even after Big sister became blind, her mother and second sister continued to target her and bully her.

Big sister could never forgive her mother or her second sister, and Ning Tianlei understood that.

If he were the eldest sister, he wouldn't be able to forgive either.

It was through his mother and Big Sister that he realized that there are mothers who truly don't love their children.

The eldest sister said that parents didn't need to take exams to get jobs, that all people have different personalities, and that some parents are unworthy of being parents, worse than pigs and dogs.

To the eldest sister, her parents were worse than pigs

and dogs. He wasn't the eldest sister, so he couldn't forgive her parents or the second sister

on her behalf. All he could do was try not to mention the second sister and her parents in front of the eldest sister.

"I don't know, I haven't asked, and I don't want to. Whether she lives or dies, it has nothing to do with me."

"Tianlei, what mom and I said just now, if you think I am cruel and heartless, you can cut off contact with me. I know it will be difficult for you. They are your biological parents, your sister with the same father and mother."

"I, only have the same mother as you, and I am her child that she doesn't love."

Ning Tianlei said angrily: "Sister, what are you talking about, you are my elder sister and will always be my elder sister. I will not cut off contact with you, we are siblings."

"Sister, I won't ask you to help find my second sister. Whether my second sister is alive or dead, she chose her own life path, and she must bear the consequences."

"I, have never blamed my elder sister."

Ning Yunchu paused and turned to look at his brother.

After a long pause, she said, "Tianlei, if you can't find her outside, you can look for her in Wancheng. Maybe she's back in hiding."

“Your second sister is incompetent, lazy, and spends lavishly. Even if she ran off with a lot of money six years ago, she’d probably have spent it all in six years.” ”

She has no money, but she still needs to make a living and is afraid of being discovered. She might get plastic surgery and then return to her familiar city to live in hiding.”

Ning Yunchu had never really looked for her sister, but she knew Ning Siqi well and suspected she might have returned to Wancheng.

Her brother had been focused on other places for years.

Ning Siqi was born and raised in Wancheng, and it was the place she knew best. Besides, the most dangerous place is also the safest place. Ning Siqi was avoiding Mr. Long, not her siblings.

It was very likely she would sneak back to Wancheng and live in hiding.

“Big sister, are you saying my second sister might be in Wancheng?”

“I don’t know. From what I know about her, as long as she’s still alive, she’ll return to Wancheng.”

“If my second sister is in Wancheng, she should know I’m looking for her. Why hasn’t she contacted me?”

Ning Tianlei couldn’t understand.

As long as his second sister showed up, he would buy her a house and let her live a quiet life.

## Married at First Sight Chapter 4696

“Is she worried that Mr. Long is still looking for her?”

Ning Yunchu said, “Maybe. Maybe she’s truly repentant and doesn’t want to implicate you.”

“If she’s really in Wancheng, it’s enough for you to know she’s alive. Don’t look for her. But there’s constant activity out there looking for her, so Mr. Long won’t become suspicious. That wouldn’t be good for your second sister.”

Ning Yunchu said this, then she raised her hand and patted her brother’s shoulder. “Tianlei, Li Nuo is pretty good. Cherish him.”

“You’re grown up now, in your twenties. You should understand that many things have causes and consequences. Everyone chooses a different path, and since you’ve chosen that path, you have to bear the consequences.”

“Live your life well, don’t worry about trivial matters.”

She was telling her brother to live his own life. As for Ning Siqu, as long as she was alive and could support herself, that was enough. There was no need to worry about her.

Her brother would get married in two years and start his own family. If he found Ning Siqu, given her personality, she’d probably look down on Li Nuo. Li Nuo didn’t have in-laws to make things difficult, but having an older sister-in-law would affect her relationship with Tianlei.

Ning Siqu, it’s hard to change one’s nature.

As long as her life gets easier, she will commit suicide.

Therefore, Ning Yunchu doesn’t want her brother to take Ning Siqu back.

As long as he knows that Ning Siqu is alive, it’s enough. Ning Siqu didn’t take the initiative to show up, which means that Ning Siqu doesn’t want to interact with her siblings.

This is the best ending for the three siblings.

Don’t interfere with each other and live in peace.

Ning Tianlei opened his mouth and wanted to say something, but the eldest sister turned and left.

He stood there, watching his eldest sister go away, and saw his eldest brother-in-law coming over. He hugged his sister considerately and opened the car door for his sister. When his sister got in the car, his brother-in-law would block her head.

He was worried that his sister would accidentally bump her head when getting in the car.

The eldest brother-in-law is really considerate to his eldest sister.

They have been married for many years and are still as loving as ever.

After the eldest sister got in the car, her brother-in-law followed, and soon they drove away. They

didn't wait for him.

Ning Tianlei wasn't angry; he knew his sister wanted him to be alone.

After a long silence, Ning Tianlei walked to his car and got in. Instead of driving away immediately, he called the owner of the detective agency and asked them to search for his second sister in Wancheng.

"Mr. Ning, do you think your second sister has returned to Wancheng?"

Ning Tianlei said, "Let's look for her. If you can't find her outside, search for her in Wancheng. But keep searching outside. Don't stop."

"I'll pay you."

The owner of the detective agency said, "Mr. Ning, you've been searching for your second sister for so many years, and you still haven't found her. Why don't you give up? It's easy for someone to hide and be found."

In a vast sea of people, finding someone who is deliberately hiding is like finding a needle in a haystack.

It's not easy.

Ning Tianlei said, "If I can't find her in two more years, I'll give up."

"By the way, my second sister might have had plastic surgery."

"If she had plastic surgery, it would be even more difficult for us to find her."

Ning Tianlei sighed, "No matter how difficult it is, I'll just look for her for another two years. If I can't find her, I'll give up."

In the other party's words, the second sister deliberately hid herself and didn't want him to find her. Even if he looked for her for ten or twenty years, it would be useless.

As long as the second sister was still alive, she should know that he was looking for her.

But for all these years, the second sister has not shown up, nor has she passed on any information to him or the people in the detective agency.

There are only two possibilities: one is that the second sister may no longer be alive, and the other is that the second sister does not want to have any intersection with them anymore and has taken the initiative to cut off the sibling relationship.

# Married at First Sight Chapter 4697

After finishing the call with the boss of the detective agency, Ning Tianlei walked towards his car and drove away.

His sister went back to Youyou Villa, and Ning Tianlei followed her.

As soon as his car stopped in the parking lot of the villa, he heard the familiar cry of his nephew.

“Uncle, uncle.”

Hearing the crisp cry of his nephew, Ning Tianlei’s mood suddenly improved a lot.

He got out of the car and just closed the door when Lele rushed over and hugged one of his legs.

“Uncle, you are finally here. I missed you so much. Do you miss me?”

Lele raised his little face and asked Ning Tianlei.

Ning Tianlei bent down and picked up Lele, smiling, “How could uncle not miss Lele? Uncle misses Lele so much! So, I came to see Lele today when I had some free time.”

“Really? Then uncle, can you play with me today?”

“Of course. Let’s go back inside. Are your parents home?”

“They’re back, inside.”

Ning Tianlei carried his nephew toward the main building.

He soon saw a group of little boys running out of the house, apparently going somewhere to play. Upon seeing him, the two older boys leading the group stopped first, and the others followed suit.

“Uncle Ning,”

Yangyang called out politely.

“Uncle Ning, good afternoon,”

Long Ting followed suit.

The other little ones behind him began to greet Ning Tianlei one after another.

Ning Tianlei walked over, holding his nephew. He patted Yangyang's shoulder and said with a smile, "It's been a while since we last met. Yangyang has grown quite a bit. He's a teenager now."

Yangyang smiled, "Uncle Ning, don't you always say that children grow up very fast?"

He was already in junior high school.

"Yes, you kids grow up fast, but we're getting older."

"Uncle Ning, you're still very young, how can you be old? If you say old, then aren't my parents even older?"

Ning Tianlei smiled. "Our Yangyang is still as eloquent as ever."

He looked at Long Ting again. He didn't know Long Ting well. He only knew that he was the adopted son of the eldest son of the Jun family in City A and Yangyang's childhood friend. They had played together since they were young, and even hundreds of kilometers apart couldn't sever their friendship.

"Baby, where are you going?"

"We're going to the foot of the mountain to fish. Grandma is visiting us there, and my parents agreed to let us go down the mountain to play,"

Zhan Muchen answered Ning Tianlei's question.

Ning Tianlei said "oh", then asked his nephew: "Le Le, do you want to go play with your brothers?"

"Yes."

Le Le, who had just said that he missed his uncle very much, immediately struggled to get off the ground, not wanting to go into the house with his uncle.

He ran away with his brothers.

Ning Tianlei turned his head and looked at the figures of the children running away. He shouted a few words of advice, but there was envy in his eyes.

His nephews and others were really lucky. They had so many brothers, and they were all very close and played well together. Although there were occasional conflicts, they would be reconciled quickly.

No wonder the brothers in the Zhan family had such a good relationship. It was cultivated since childhood. He didn't have any good friends when he was a child. Later, his parents sent him to a closed school. He slowly made friends, but those friends gradually drifted away from him.

## Married at First Sight Chapter 4698

After learning that his parents were imprisoned, his former classmates and friends rarely interacted with him. He knew they disliked his parents' incarceration.

His college friends also stopped seeing each other after graduation. Only Li Nuo remained friendly.

That was the girl he liked, and she didn't dislike his family background.

He wondered if her parents would dislike him?

Retracting his gaze, Ning Tianlei walked back inside.

...

Yangcheng.

Zhan Wei's car stopped at the entrance of the Lan Group again. He had a bouquet of flowers on the passenger seat, along with a set of jewelry he had just bought from a jewelry store, which he planned to give to Romina ( Lan Ruoruo ) later.

Although Romina ( Lan Ruoruo ) hadn't yet accepted his feelings, that didn't stop him from pursuing her. Since

both of them had been rumored to be dating, Zhan Wei simply confirmed that they were interested.

Romina ( Lan Ruoruo ) wasn't heartless towards him, but she didn't accept his feelings because they were sworn business rivals.

He checked the time; Romina ( Lan Ruoruo ) was almost off duty.

At this time, another car arrived and drove straight to the company gate. The security guard on duty saw the car and quickly opened the company gate to let the car in.

Zhan Wei could drive in if he wanted to. The security guard on duty at the Lan Group didn't dare to stop him. They all knew that this guy was not easy to mess with.

But Zhan Wei didn't go in. He just waited outside, unless Romina ( Lan Ruoruo ) took the initiative to ask him in. He felt that this would show his sincerity and let more people know that he was pursuing Romina ( Lan Ruoruo ).

If he went into the company as soon as he arrived at the Lan Group, how would people outside know that the president of Yangtai was pursuing his mortal enemy.

When the car drove in, Zhan Wei remembered that the license plate number of the car belonged to Zhang Cheng.

Zhang Cheng was his rival in love.

Zhan Wei was no longer calm. No matter whether Zhang Cheng came to discuss business or to ask Romina ( Lan Ruoruo ) out for dinner, he would follow in to find out.

After waiting at the company gate for over ten minutes, Zhan Qishao immediately drove off.

The security guard on duty saw this and realized, "This gentleman is coming into the company too," so he quickly opened the gate and let Zhan Qishao drive in.

The Lan Group has several parking lots, including one reserved for visitors.

To get into the office building before Zhang Cheng, Zhan Wei drove directly to the gate and parked there.

Then, clutching a bouquet of flowers and the jewelry he'd bought, he got out of the car and stood at the entrance, a smile on his handsome face as he watched Zhang Cheng approach.

Zhang Cheng, also dressed in a suit, looked elegant and refined. If not compared to Zhan Wei, Zhang Shao could be considered a handsome man.

Upon seeing Zhan Wei, Zhang Cheng was a little surprised, but not too surprised.

He'd known Zhan Wei was attracted to Romina ( Lan Ruoruo ) since that banquet, and Romina ( Lan Ruoruo ) wasn't indifferent to him either, so he withdrew. Originally, he and Romina ( Lan Ruoruo ) hadn't developed any feelings for each other.

It's just that they are both still single, and they have been on a blind date before, and both sides' parents are quite satisfied, so the two of them want to try again.

Now, there is no need to try. Zhang Cheng admitted defeat. He couldn't snatch Zhan Wei away

, mainly because Romina ( Lan Ruoruo ) didn't have that kind of feelings for him, and Romina ( Lan Ruoruo ) looked at Zhan Wei with a different look.

"Mr. Zhang." Zhan Wei said with a smile. Zhang Cheng also smiled, "Mr. Zhan, what do you mean?" "This is the Lan Group, your Yangtai's sworn enemy." Zhang Cheng deliberately reminded Zhan Wei that he and Romina ( Lan Ruoruo ) were sworn enemies in business. Zhan Wei said, "I'm off work." Zhang Cheng raised his eyebrows, and Zhan Wei continued, "I don't talk about work after work. I appeared here, of course, to invite the girl I like to dinner. This is a personal relationship, a private matter, and has nothing to do with official business.

## Married at First Sight Chapter 4699

"What's Mr. Zhang doing here at this hour? It's too late to talk about business, and I also want to treat Romina ( Lan Ruoruo ) to dinner?"

Zhang Cheng said, "Isn't it okay? Romina ( Lan Ruoruo ) and I have been on a blind date."

This made Zhan Wei the most jealous.

He hadn't even been on a blind date with Romina ( Lan Ruoruo ), but she had been on blind dates with several wealthy young men. Fortunately, she had high standards and didn't like those rich young men.

Zhan Wei knew about her blind date with Zhang Cheng, but at that time, he hadn't figured out his own feelings and didn't realize he loved Romina ( Lan Ruoruo ). When

he heard that Romina ( Lan Ruoruo ) and Zhang Cheng were on a blind date, he whispered to her that Romina ( Lan Ruoruo ) had a bad temper and a strong personality, and that Zhang Cheng couldn't stand her, and that their blind date would definitely not end well.

He was right. The blind date didn't end well, and there was no follow-up.

Unexpectedly, the two started seeing each other again some time ago.

Zhang Cheng was still Romina ( Lan Ruoruo )'s public male companion, attending banquets together, and Yangcheng's upper class believed they were a couple.

The elders of both families also wanted to arrange a marriage.

After Zhan Wei realized his feelings for Romina ( Lan Ruoruo ), he began to regard Zhang Cheng as his rival.

At the banquet, he learned that Romina ( Lan Ruoruo ) would tease men when she was drunk. Regardless of the fact that Zhang Cheng was Romina ( Lan Ruoruo )'s male partner and that he and Romina ( Lan Ruoruo ) were sworn enemies in everyone's eyes, he snatched Romina ( Lan Ruoruo ) from Zhang Cheng and sent Romina ( Lan Ruoruo ) home.

This triggered a series of subsequent events.

"So what if you two were blind dated? Romina ( Lan Ruoruo ) kissed me, hugged me, and we had intimate contact. She is a responsible person and said she would take responsibility for me."

Zhan Wei said these words in a low voice.

Only Zhang Cheng heard it, and no one else could hear it, to protect Romina ( Lan Ruoruo )'s dignity.

In fact, the fact that Romina ( Lan Ruoruo ) teased her sworn enemy while drunk and was blamed by her sworn enemy and asked her to take responsibility had already spread throughout Yangcheng.

Zhang Cheng looked at Zhan Wei for a moment before saying, "Boss Zhan is incredibly shameless."

"To chase a wife, you need to be thick-skinned, not shameless."

Zhang Cheng: "..."

He still had some shame. Did that mean it would be difficult for him to do so?

"Didn't Romina ( Lan Ruoruo ) say she'd be your matchmaker, introducing you to a girlfriend? You're actually chasing after a matchmaker,"

Zhang Cheng couldn't help but sneer at Zhan Wei.

Zhan Wei laughed. "I don't think the girls Romina ( Lan Ruoruo ) introduced me to are right for me. I think Romina ( Lan Ruoruo ) is a better match. So, I came here today to tell Romina ( Lan Ruoruo ) that from now on, we just need to have dinner together. You don't need to introduce me to any more girlfriends."

Romina ( Lan Ruoruo ) had introduced all the women to Lan Group.

And they were all new employees who had fallen in love with him at first sight after meeting him once. He understood Romina ( Lan Ruoruo )'s intentions.

Those new employees who had been on blind dates with him, after the blind dates failed, felt they couldn't stay at the Lan Group and resigned, which was a minor loss for the company.

Under Romina ( Lan Ruoruo )'s arrangement, Zhan Wei had blind dates with two or three female employees. Those blind date candidates were all smart people. When they saw Zhan Wei's considerateness to Romina ( Lan Ruoruo ) during the meal, they knew that Zhan Wei really liked Romina ( Lan Ruoruo ).

Their Vice President Lan, they all admitted that Vice President Lan and President Zhan were really a good match.

A talented man and a woman of equal status.

Although President Zhan came to Yangcheng from another place to work, she became a new rich in Yangcheng in just a few years, which shows that she is a powerful person.

Zhan Wei's true identity is unknown to the outside world, and he doesn't like to show off.

Romina ( Lan Ruoruo ) knew it, but she didn't say it to anyone. This was Zhan Wei's private matter. Why should she talk so much? If he doesn't say it, she won't say it either.

## Married at First Sight Chapter 4700

Zhang Cheng said with a smile, "Mr. Zhan likes Romina ( Lan Ruoruo ), just say you like her directly, why go around in so many circles."

"I said, I won't beat around the bush now."

Zhan Wei raised the bouquet of flowers and gifts he bought, "We're in the process, but I don't know when we can invite Mr. Zhang to your wedding."

Zhang Cheng suddenly patted him on the shoulder, "Come on, Mr. Zhan, we are all looking forward to your wedding, but you two are notorious enemies, and the problems standing between you are too big."

"I'm afraid it's difficult to solve, Mr. Zhan, how about you sell all your shares in Yangtai to me?"

“Why don’t you sell your shares in Zhang’s to me, Mr. Zhang? I can afford to buy out Zhang’s.”

Zhang Cheng laughed, “Just kidding, I believe Mr. Zhan can solve the problem, let’s go, let’s go in together.”

He walked in first.

Zhan Wei immediately followed, “Young Master Zhang, are you competing with me fairly?”

Zhang Cheng glanced at him and admitted, “I’m no match for President Zhan. I’m very tactful and won’t compete with him. I didn’t come to the Lan Group specifically to see Romina ( Lan Ruoruo ). Can’t I come to see Lan Dongxiao?”

Zhan Wei smiled, “Of course.”

So he was looking for his future brother-in-law. Fortunately, he wasn’t competing with him for Romina ( Lan Ruoruo ).

The two of them took the elevator upstairs together.

Zhan Wei got off at Romina ( Lan Ruoruo )’s office, while Zhang Cheng took the elevator straight to the top floor. Lan Dongxiao’s CEO’s office was located on the top floor, as was Mr. Lan’s chairman’s office.

The Lan Dongxiao siblings were capable, but Mr. Lan, the chairman, rarely returned to the company anymore, leaving all matters, big and small, to the younger generation.

He was semi-retired

and wanted to be like his son and daughter-in-law: hanging out, playing chess with friends, fishing, and just living the normal, relaxed lifestyle of an elderly person. However, many of his old friends were still concerned about the family business, and not all of their children and grandchildren were as capable as his.

Many heirs to wealthy families had, after taking over, run their companies into disarray, leading to repeated losses and forcing the retired elders to step back in and turn the tide.

They couldn’t just stand by and watch the younger generation squander their empire.

Some successors were more than capable, managing to maintain the business, rather than taking radical steps.

But in today's climate, many conservative businesses are seeking transformation, as they simply cannot survive without it, often presenting a significant challenge for successors.

Even the Lan Group's successor, while considered highly capable, still experienced losses.

In business, no one can guarantee consistent profits; losses are inevitable. Just keep a normal attitude and find solutions when difficulties arise.

The elevator reached the top floor, and Zhang Cheng emerged.

Lan Dongxiao's secretary saw him and greeted him respectfully.

"Is your President Lan here?"

"Yes, he's waiting for President Zhang."

The secretary led Zhang Cheng to the door of the president's office, knocked on the door for Zhang Cheng, and after getting Lan Dongxiao's permission, he pushed the door open with Zhang Cheng.

After pouring water for Zhang Cheng, the secretary came out of the president's office.

"You are ten minutes late."

Lan Dongxiao raised his left hand, on which he wore a watch.

Zhang Cheng picked up the glass of water, took a few sips, put down the glass, and replied: "I met your future brother-in-law. He saw me as a rival in love and stopped me, so I was ten minutes late."

## Married at First Sight Chapter 4701

"Zhan Wei is here again?"

Lan Dongxiao asked.

Zhang Cheng hummed, then said, "Not only did he come, he brought a bouquet and other gifts. It looks like jewelry to me. He's openly pursuing Romina ( Lan Ruoruo )."

Lan Dongxiao smiled, "Then we'll just have to wait and see. Romina ( Lan Ruoruo ) isn't a love-sick person. If he wants to win her over, it depends on what Yang Tai does. If he continues to be a rival to my Lan family, he and Romina ( Lan Ruoruo ) will have to continue like this."

Marriage would be difficult. Romina ( Lan Ruoruo ) would be wary of him, and he would be wary of Romina ( Lan Ruoruo ) too. Such a marriage would be meaningless.

“Have you ever learned about Zhan Wei’s family background?”

Zhang Cheng suddenly asked.

“Although I don’t have any romantic feelings for Romina ( Lan Ruoruo ), at least our families are familiar, and I’ve been on a blind date with Romina ( Lan Ruoruo ). I still hope she marries a good man. We all want to be well-matched.”

When they were just playing around, they didn’t care about the woman’s family background.

If they were to marry, they would definitely choose a woman of equal status. That way, they would not only be able to form a strong business alliance, but also share the same social circles, social status, and perspectives.

Lan Dongxiao said: “My parents went to Wancheng for a trip and will personally learn about Zhan Wei’s original family to see if it is really as good as he said.”

“Oh, he is the young master of the Zhan family, the richest family in Wancheng. There are nine young masters in this generation of the Zhan family, the richest family in Wancheng, including all cousins. Zhan Wei has three brothers, and he is the youngest. If he is ranked among his cousins, he is ranked seventh. In Wancheng, others call him the Seventh Young Master.”

“So he is a rich and powerful young master himself? No wonder after he took over Yangtai, he made Yangtai profitable in just a few years and made Yangtai a rival that can compete with your Lan family.”

“The boss of Yangtai really picked up a treasure. He doesn’t have to worry about anything. He just sits back and collects money until his hands are full.”From near bankruptcy to a multi-billion-dollar fortune, Yangtai’s boss is undoubtedly the first to achieve success

without effort. Of course, President Chang is also generous and places great trust in Zhan Wei, handing over all company matters, big and small, to Zhan Wei, who has the final say.

Although Chang Xiao founded Yangtai, after years of running the business, Chang Xiao realized that business wasn’t for him.

Heaven sent Zhan Wei to save Yangtai, and he was eager to be a hands-off boss.

And he truly is, completely hands-off, completely disengaged. When Zhan Wei asks him to go with him to meet a client, he scurries off like a rabbit.

“I knew Zhan Wei’s family couldn’t be bad. He

‘s more magnanimous than I am,” Zhang Cheng admits, admitting that

he’s superior. In fact, he is.

Lan Dongxiao hummed a nod; he agreed, but he hadn’t previously considered inquiring about Zhan Wei’s family background. They were merely business rivals, and their battle was fair and square, with no backstabbing involved.

Since neither family was involved, why would he bother to learn about Zhan Wei’s family background?

Things were different now. Zhan Wei liked his younger sister, and his younger sister liked Zhan Wei too. The two of them would definitely resolve the problems that stood between them and get married. So, it was necessary to understand Zhan Wei’s family of origin.

“I’ve heard a lot about the Zhan family in Wancheng. They’re a multi-billionaire family, and they’re a perfect match for your Lan family. It’s just that the two places are thousands of kilometers apart.”

## Married at First Sight Chapter 4702

Yangcheng is in the north, while Wancheng is in the south, and the living habits of the two places are quite different.

I heard that the winters in Wancheng are never cold, while in Yangcheng, you have to wear two layers of clothing in the fall, and in the winter, there are heavy snows.

“Even if they are from different countries, as long as they truly love each other, we can accept it, let alone in different provinces and cities within the same country.”

“Transportation is convenient now. You can fly or take the high-speed rail and arrive the same day. Distance is not a problem.”

Lan Dongxiao is very open-minded.

Zhang Cheng teased him, “Brother Dong, you can’t wait to marry your sister.”

Lan Dongxiao laughed, “Romina ( Lan Ruoruo ) is almost thirty. If she doesn’t get married, our whole family will be worried. She’s the eldest sister, and if she doesn’t marry, the younger sisters won’t want to marry either.”

“My grandfather is very worried.”

As his grandsons, his grandfather is not anxious. He says that men are most attractive when they are older, more mature, and more stable. If they want to get married, there will be many girls who want to marry them.

Grandpa was worried about his granddaughters’ marriages, saying that as girls get older, they are more likely to be picked on, and it is difficult for them to find a truly high-quality man because all the high-quality men have been picked by young girls.

Those wealthy families often start targeting their children when they are in their teens, and then deliberately let the two children become childhood sweethearts to cultivate feelings, and then get married when they grow up.

In their circle, good men are often not available in the market, and the same goes for good girls.

It’s not that Romina ( Lan Ruoruo ) was not favored by the elders of the wealthy families, but she has her own personality. She doesn’t want the elders to control her life. She

is determined not to follow the path paved by the elders and insists on finding her own man. Old Lan loves his eldest grandson and granddaughter the most, and dotes on the brother and sister. This doti”The main thing is that a high-quality man like Zhan Wei will easily be snatched away by someone else if you don’t hold on to him quickly.”

Zhang Cheng thought of the many rich girls who liked Zhan Wei, nodded and said, “Romina ( Lan Ruoruo ) will have many rivals in love.”

“What am I afraid of? Romina ( Lan Ruoruo ) is not afraid. Besides, Zhan Wei’s heart is on Romina ( Lan Ruoruo ). Even if he has a hundred rivals in love, they are no match for Romina ( Lan Ruoruo ). This kind of thing depends on the man.”

“As men, we are loyal and devoted. We don’t give other women any chance, so they can’t interfere.”

As the saying goes, it takes two hands to clap. Those cheating lovers or couples often have the intention to cheat themselves.

“Don’t be afraid, Zhan Wei. I’ve heard the men of the Zhan family in Wancheng are very loyal. Once they marry, they remain faithful to their families and their marriages. I’ve heard that many daughters

of prominent families aspire to marry into the Zhan family.” “The Zhan family has excellent family traditions. The elders are very open-minded and don’t interfere too much in the affairs of the younger generation. And the sons they raise are all outstanding individuals. They are a most enviable family.”

Zhang Cheng knew all about the Zhan family in Wancheng from what he heard from the elders.

The elders envied the Zhan family’s grandchildren, each one a standout, capable of standing on their own feet. Any one of them could be the successor, a source of genuine envy and resentment from the elders of these large families.

Furthermore, the Zhan family has always had sons, which fuels the envy and resentment of less prosperous families.

Of course, the Zhan family has longed for a daughter, a longing they’ve endured for generations.

Life is a rare perfection; there are always regrets and unfulfilled wishes.

ng has made Romina ( Lan Ruoruo ) an older leftover woman, and Old Lan is starting to worry.

## Married at First Sight Chapter 4703

Zhang Cheng said enviously, “Zhan Wei will soon be done with his single life, while I’m still single.”

“I was planning to cultivate a relationship with Romina ( Lan Ruoruo ), but Zhan Wei got in the way.”

Lan Dongxiao’s dark eyes flickered as he said, “You can still pursue my sister. Romina ( Lan Ruoruo ) hasn’t accepted Zhan Wei’s advances yet, so they can’t be considered boyfriend and girlfriend yet. You still have a chance, and you can compete fairly with Zhan Wei.” ”

If you pursue Romina ( Lan Ruoruo ), you’ll make Zhan Wei nervous and afraid, which will foster their relationship. When they get married, I promise to give you a big red envelope as a reward.”

Lan Dongxiao wanted them to have a relationship quickly and not drag it out any longer.

Zhan Wei was thirty-one, his sister twenty-nine. A few more years wouldn't bother Zhan Wei. A man in his thirties was mature and steady, the prime of his life.

Women over thirty were considered old, and getting pregnant and having a child after marriage made them considered advanced maternal age.

Zhang Cheng: "...Brother Dong, you knew Romina ( Lan Ruoruo ) was attracted to Zhan Wei, yet you still told me to pursue her. I'm not taking any action now because after dinner, blind dates, and banquets with Romina ( Lan Ruoruo ), Zhan Wei sees me as a rival."

"If I keep going like that, not only will I fail to win Romina ( Lan Ruoruo ), but Zhan Wei will also see me as a lifelong rival. He's the seventh young master of the Zhan family, not just an ordinary worker. I don't want to make an enemy."

Zhang Cheng said, "I have to consider the Zhang family."

Before, not knowing Zhan Wei's true identity, Zhang Cheng had only thought he was a worker. Seeing how powerful Zhan Wei was, he didn't dare to look down on him. Now that he knows Zhan Wei's true identity, he's even more afraid to look down on him. They

can't be friends, but they don't want to be his enemies either.

Lan Dongxiao said to him, "Zhang Cheng, you're too cowardly."

"It's not that I'm cowardly, it's that Romina ( Lan Ruoruo ) and I don't have any chemistry. There's no need to do that. It's not worth it to make an enemy for no reason. Unless Brother Dong has something to offer me. A red envelope won't do."

How much could a red envelope hold?

Unless it was filled with checks.

Lan Dongxiao: "...Forget it."

"You deserve to be single,"

Zhang Cheng retorted. "You make it sound like you're a seasoned lover, like you've finally ended your single life."

Lan Dongxiao was speechless.

"Let's be fair, don't laugh at each other. Okay, let's get

down to business, about collaborating." Originally, he and Romina ( Lan Ruoruo ) were supposed to be handing over the work, but since Zhan Wei was pursuing her, Zhang Cheng

didn't want to be a third wheel, so he asked Lan Dongxiao to take over. He and Lan Dongxiao discussed the partnership.

While the two of them were discussing business matters, Zhan Wei had just been granted access to Romina ( Lan Ruoruo )'s office.

Romina ( Lan Ruoruo ) had already completed all the documents requiring her signature and handed them to her secretary. She closed her computer when Zhan Wei entered.

Although she knew Zhan Wei wouldn't look at her computer, she was still wary of him.

They were still business competitors, and even though she had feelings for him, she was wary of him.

Romina ( Lan Ruoruo ) leaned back in her chair, tired after a busy day, and relaxed.

She watched Zhan Wei approach with a bouquet of flowers. Dressed in a suit and tie, he looked like a fairytale prince charming.

A bright bouquet of flowers was handed to her.

"Romina ( Lan Ruoruo ), are you done? This bouquet of

flowers is for you." "Flowers go well with beautiful women, and you are the perfect match."

After Romina ( Lan Ruoruo ) accepted the bouquet, Zhan Wei handed her the jewelry he had bought and said, "I think this set of jewelry suits you very well, so I bought it. Open it and see if you like it.

## Married at First Sight Chapter 4704

Romina ( Lan Ruoruo ) put down the bouquet and took the brocade box, opening it to examine it. It was a complete set, simple and elegant in design, exactly what she liked.

She just liked simple and elegant things.

"Would you like me to cut it up for you?"

Zhan Wei asked considerately. He

was eager to see how it would look on her.

After examining it, Romina ( Lan Ruoruo ) closed the brocade box and put it back in the bag. He pushed the bag back in front of Zhan Wei and said, “Zhan Wei, this is too valuable. I can’t accept it.”

“We haven’t reached that point yet.”

The bouquet was worthless, so she could accept it.

But she wouldn’t accept an expensive gift, fearing it wouldn’t work out between them and she’d owe him too much.

Zhan Wei looked her in deep thought and said, “Romina ( Lan Ruoruo ), I’m pursuing you. Men always give gifts when pursuing women. My set of jewelry isn’t expensive, just over a hundred thousand. I think it’s probably the cheapest of all your jewelry.”

It wasn’t that he didn’t want to give her something nice, but he knew she wouldn’t accept it.

After they confirmed their relationship, he would return to the old house, search through his mother’s collection of precious jewelry, and give Romina ( Lan Ruoruo ) two sets.

Anyway, her mother said that her treasured jewelry collection was to be divided among her three daughters-in-law, and would eventually belong to Romina ( Lan Ruoruo ). So she asked her mother for two sets in advance and gave them to Romina ( Lan Ruoruo ).

Her mother was happy to do so.

“It’s not cheap. Jewelry worth hundreds of thousands of yuan a set is very valuable to many people. Zhan Wei, you don’t need to give me a gift. We’re not that close.”

“Aside from a bouquet, I won’t accept any other gifts.”

Romina ( Lan Ruoruo ) looked directly at Zhan Wei. “Zhan Wei, if nothing works out between us... you should understand what I mean.”

Zhan Wei said seriously, “Romina ( Lan Ruoruo ), trust me. I will resolve our problems. Just like my sister-in-law said, even if we’re in the same industry, we don’t have to be enemies.” They

can even become partners.

Romina ( Lan Ruoruo ) adamantly refused to accept the jewelry. Zhan Wei had no choice but to say, “I’ll keep it for you. I’ll send it back when you’re willing to accept it.”

At least, she was willing to accept the bouquet, so there was still hope.

“Romina ( Lan Ruoruo ), can I treat you to a meal?”

Romina ( Lan Ruoruo ) breathed a sigh of relief when he didn't force her to accept the jewelry. They had been arguing with each other for years and knew each other well. If she said no, she meant no.

She smiled, "You came here to treat me to a meal, didn't you? I've already finished work and was waiting for you to treat me to a meal."

Zhan Wei smiled, "Then, let's go to the Yangcheng Hotel. I've booked a private room there."

"Do you have any social engagements tonight? If not, after dinner, let's go see a movie. We're so busy at work, we never really relax."

Romina ( Lan Ruoruo ) was about to agree when her phone rang.

She pulled out her phone and checked the caller ID. It was her high school class president. After graduation, she hadn't interacted much with her classmates, mostly due to her busy work schedule.

She hadn't followed any special path in her studies; she'd progressed through the ranks like anyone else.

Before graduation, her teachers and classmates hadn't known she was the eldest daughter of the Lan family in Yangcheng, a child of privilege.

When they learned she was, she'd joined the family's company after graduation and started at the bottom. To her surprise, some of her classmates wanted to curry favor with her, but she declined, citing her busy work schedule.

Over the years, she hadn't interacted much with her classmates.

## Married at First Sight Chapter 4705

If her class reunion took place in Yangcheng, she would make the time to show up and join everyone. Some of her classmates were quite capable, and she wanted to recruit them into the Lan Group.

This was the reason she was so willing to attend the reunion.

"Zhan Wei, I have to take a call,"

Zhan Wei smiled, motioning for her to answer the phone.

Romina ( Lan Ruoruo ) answered a call from her high school class monitor right in front of Zhan Wei.

Her high school class monitor was a woman. They had been close for a while back in school, but after her senior year, she had a conflict with a roommate from Romina ( Lan Ruoruo )'s dorm and stopped talking to her. On

the Gaokao, the class monitor had failed, not as well as Romina ( Lan Ruoruo ). Romina ( Lan Ruoruo ) got into a top university, while the class monitor went to an average university. They hadn't been in touch for years.

Romina ( Lan Ruoruo ) heard from other classmates that after the Gaokao results came out, the class monitor had been cursing Romina ( Lan Ruoruo ) behind her back for a while, full of resentment and jealousy.

As a result, Romina ( Lan Ruoruo ) no longer had a favorable impression of the class monitor.

At the class reunion two years ago, both of them had matured a lot. The class monitor apologized to Romina ( Lan Ruoruo ), and the two of them were openly over it. Then the class monitor asked for Romina ( Lan Ruoruo )'s contact information.

Although the contact information was added, the two of them didn't chat much in private, and Romina ( Lan Ruoruo )'s circle of friends was not open to the class monitor.

The contact information was added mainly to facilitate contact for class reunions.

Class reunions are often organized by the class monitor.

“Old class monitor, is there something wrong?”

Romina ( Lan Ruoruo ) asked the class monitor on the other end of the phone in a relaxed tone.

The class monitor smiled on the phone: “Romina ( Lan Ruoruo ), I have an unsolicited request.”

“What unsolicited request? Tell me, if I can fulfill your request, I will definitely fulfill it.”

A child's cry came from the side. Romina ( Lan Ruoruo ) heard the monitor say, “Baby, don't grab Mommy's phone.”

The child was babbling, still unable to speak. She must have been a few months old.

Curious, Romina ( Lan Ruoruo ) asked, “Monitor, when did you give birth? Is it a son or a daughter? How old is she?”

When they reconnected, the monitor was still in a relationship. After a while of no contact, the monitor had already become a mother.

Miss Lan had overlooked that her “a while” was actually several years.

The monitor laughed on the phone, “She was born last October, a girl. She’s eight months old now. She always likes to grab my phone. She wanted to grab it when she saw me making a call, but the screen didn’t light up, and she didn’t want it.”

“How smart, she must be very cute. Why didn’t you tell me you were getting married so I could go to the wedding?”

The monitor said a little embarrassedly, “I got married when I was pregnant. We didn’t have a wedding, we just got the marriage certificate. It’s a bit regrettable. The baby’s father said he would make up for it for me later.”

“When he makes up for it, please be sure to invite us old classmates to the wedding. If you invite me, I will definitely make time to go for a drink.”

Hearing Romina ( Lan Ruoruo )’s words, the monitor was very happy. After knowing that Romina ( Lan Ruoruo ) was the eldest daughter of the Lan family, the monitor wanted to repair their friendship, but Romina ( Lan Ruoruo ) was very busy, so she quietly stayed in Romina ( Lan Ruoruo )’s friend list.

She didn’t disturb Romina ( Lan Ruoruo ) easily.

“Okay, when the child’s father and I hold a wedding, I will definitely send you an invitation. You must come over for a couple of drinks then.”

“Let’s get down to business first. I almost forgot. Our classmates are organizing a party tomorrow night. I wanted to ask if you are free to come out and get together. By the way, if you are free to come to the party, remember to bring President Zhan with you.”

“We all know about you and President Zhan. Romina ( Lan Ruoruo ), to be honest, you and President Zhan are really a good match. Everyone is very interested in your love-hate story.”

Romina ( Lan Ruoruo ) looked at the handsome guy opposite. Zhan Wei blinked. Is it related to him?

She suddenly looked at him.

## Married at First Sight Chapter 4706

Romina ( Lan Ruoruo ) said, “Where is the party?”

“In order to make it convenient for you to come, everyone unanimously chose Yangcheng Hotel. You will go to Yangcheng Hotel every day. Is that okay?”

Romina ( Lan Ruoruo ) said generously, “Okay, then see you tomorrow night. It’s my treat. Everyone wants to meet President Zhan so much, I will satisfy you. I have turned down all the social engagements tomorrow night and will bring President Zhan over to show you.”

“He’s more handsome in person than in the photo, more graceful, and full of masculine charm.”

Zhan Wei: “...”

After Romina ( Lan Ruoruo ) ended the call, Zhan Wei asked her, “Did your old classmates ask you to take me to the party?”

“Yes, there are rumors about us, and many people are very curious. Since my old classmates are so curious, let’s satisfy them. You are not bad, so I will take you there to let them see what kind of man is a high-quality man.”

Zhan Wei looked at her deeply and asked, “With what identity should I accompany you to the class reunion?”

“My sworn enemy.”

Zhan Wei: “...My sworn enemy will not accompany you to the class reunion. He will only cause trouble.”

“They want to see us love and hate each other.”

“Romina ( Lan Ruoruo ), you... really leave me speechless.”

“You don’t want to go?”

Romina ( Lan Ruoruo ) asked him with a smile, “It doesn’t matter if you don’t go. I just said that I’ve fought with you too hard and can’t convince you to accompany me to the class reunion.”

“I didn’t say I wouldn’t go. You dare to invite me, how can I not go? However, I’m going as your mortal enemy. You have to give me some benefits, without benefits, wouldn’t I be working in vain.”

“People who do business don’t want to lose money.”

Romina ( Lan Ruoruo ) thought for a while and said, “You Yangtai are not very busy recently, my Lan family can help share some of the burden. We are in the same industry, don’t worry, the quality of my Lan family is absolutely up to standard.”

This means cooperation.

Romina ( Lan Ruoruo ) pondered what Serenity had said to her before leaving for two days and felt she was right.

In the business world, there are no eternal enemies or friends, only interests.

Although Lan’s and Yangtai are competitors in the same industry, they can actually work together.

Yangtai doesn’t necessarily need to transform to solve the problem. Of course, Yangtai is willing to transform for the better, and Lan’s is also seeking to do so.

The world is advancing too rapidly.

Large companies like them are facing immense pressure.

They must keep pace with the times and adapt to the changing times to survive. It’s

a natural selection process, survival of the fittest.

Zhan Wei smiled and said, “Of course, I believe in the quality of your Lan’s products. I’ve always looked up to you and used you as a role model.”

“Okay, then I’ll come back tomorrow to discuss the partnership.”

Zhan Wei was happy to work with Lan’s, but he was also planning a transformation because there wasn’t much room for growth in the industry right now. If Yangtai didn’t transform, it would fall back into trouble in a few years.

He couldn’t bear to see Yangtai, the company he had built up, fall back into trouble.

Yangtai now has several branches and over ten thousand employees. If Yangtai gets into trouble, it will have to lay off employees, and many people will lose their jobs.

In a bad environment, it will be difficult for them to find a job once they are laid off. Many of them have been with him through thick and thin, leading Yangtai to where it is today.

“I’ll pick you up tomorrow evening and accompany you to the class reunion. Let all your classmates envy you.”

Romina ( Lan Ruoruo ) smiled, “Without you, I’d still be the one they envy and hate.

# Married at First Sight Chapter 4708

Zhan Wei smiled, “Well, with me, you will become the object of envy and jealousy for more people. Romina ( Lan Ruoruo ), I will love you, pamper you, and treat you well for the rest of my life.”

The men in their Zhan family have one thing in common, which is devotion and doting on their wives.

Once married, they become wife-loving maniacs and love their wives as if they were their lives.

Of course, their requirements for marrying a wife are also very high. They seem to not care about family background, but they marry all those with good backgrounds and their character is top-notch.

The door of the Zhan family is not easy to enter.

The elders seem open-minded, but they also keep a close watch.

Zhan Wei’s six sisters-in-law were all screened by his grandmother. Their character, ability, background, and connections are all up to standard, and they are a good match for the Zhan family.

Romina ( Lan Ruoruo ) smiled and said, “Zhan Wei, we’re not that close yet. We’ll talk about the future later.”

“Come on, I’m off work. Didn’t you say you’d treat me to dinner? Afterward, let’s go to the movies. I haven’t been to the movies in ages.”

Zhan Wei waited for her to walk around his desk and walked out with her. He longed to hold her hand, but they weren’t yet in a relationship, so he didn’t dare offend her.

As they left the company together, the people at the Lan Group watched without surprise.

Some discussed whether Lan and Yangtai could coexist peacefully if President Zhan and their own President Lan became a couple, instead of targeting each other. But considering

they were in the same industry and competitors, the prospect of peaceful coexistence wasn’t very high. Never mind.

That was the concern of the top management, not the employees themselves. All they needed was to go to work and get paid.

After dinner, Zhan Wei and Romina ( Lan Ruoruo ) went to the movies again. They didn't return home until after eleven o'clock.

Driving into the villa, Romina ( Lan Ruoruo ) saw the lights still on.

Her parents weren't home; could her brother have returned from a social event?

After parking, she texted Zhan Wei, letting him know she was home and he could go.

They each drove separately, but Zhan Wei followed her in his car, driving her all the way back to the villa complex. She told him not to, but he parked there, saying he'd wait until he got a message from her.

He knew she was skilled in martial arts, and that her family's upscale villa complex was the most secure in Yangcheng, with multiple security gates preventing outsiders from entering.

He was attentive, considerate, and attentive to her.

Romina ( Lan Ruoruo ) thought to herself, "He's worthy of the man she's attracted to. When he treats her well, he easily makes her fall head over heels."

By this time, the servants had all left work, and even the live-in housekeeper was on break.

They usually started at six in the morning and finished at ten at night.

Romina ( Lan Ruoruo ) took the car keys, clutched the bouquet of flowers Zhan Wei had given her, and hummed a little tune as she entered the main house.

Entering the house, I saw Grandpa sitting on the sofa watching TV. Oh, the TV was on, but the old man was dreaming, leaning against the sofa and sleeping soundly.

Romina ( Lan Ruoruo ) walked over quietly, put down the car keys and the bouquet, and then sat down next to Grandpa.

"Grandpa,"

Romina ( Lan Ruoruo ) called softly, and nudged Grandpa.

## Married at First Sight Chapter 4709

“Grandpa, if you’re sleepy, go back to your room and rest. How did you fall asleep on the sofa?”

She nudged him, and the old man slowly woke up. He blinked several times, and when he saw it was his granddaughter, he sat up straight and said, “Romina ( Lan Ruoruo ) is back. What time is it?”

“It’s a little after eleven. Grandpa is sleepy, so he should go back to his room and rest. Don’t sleep here. The air conditioner is still on low, it’s a bit cold, and Grandpa doesn’t have a blanket.”

She picked up the TV remote and turned off the TV.

“When will my parents be home?”

Grandpa was semi-retired and mostly at home. The servants looked after him during the day, so she didn’t have to worry about him. After the servants got off work, if her parents were home, they could at least keep an eye on him.

If they couldn’t take good care of him, his uncles, aunts, and other aunts would come to take him away.

Grandpa was a very happy old man. His children and grandchildren were all very filial, and everyone was vying to take him to live with them.

But the old man didn’t want to move. He was used to living in his eldest son’s house, mainly because he always loved his eldest grandson and granddaughter, so he lived with Romina ( Lan Ruoruo )’s family. Occasionally, he would go to his second uncle and third uncle’s house to stay for two days.

“They said Wancheng is not bad. You can play for a few more days. You won’t be back so soon. Grandpa is waiting for you here.”

Romina ( Lan Ruoruo ) asked: “Grandpa, is there something you want me to come back for? If you have anything, you can talk about it tomorrow. You don’t have to wait here.”

“I don’t have any social engagements tonight. Grandpa should have called me earlier. If I knew that Grandpa had something to talk to me about, I would have come back early.” She

would not let the old man wait for her until late at night.

“It’s not a big deal. Grandpa knows that you and Zhan Wei are out and doesn’t want to disturb you two to be alone.”

Romina ( Lan Ruoruo )'s face was hot and a little embarrassed. "Grandpa knows everything. It must be my eldest brother who told you about it."

The old man smiled and said, "Grandpa still holds the title of Chairman. Everything you do in the company, every person you meet with every day, I know everything I need to know."

He may be semi-retired, but he still controls the company, and everyone has to give him the respect of the Chairman.

He trusts his grandchildren and generally doesn't monitor their actions. He lets them go their own way, even if it means the company suffers losses. Business is a game of chance, with both profit and loss.

Just treat it with a normal attitude.

"Romina ( Lan Ruoruo ), grandpa just wants to ask you what you plan to do? Zhan Wei, is there a chance for you to become grandpa's grandson-in-law?"

"Grandpa really admires that kid. I wanted to pry him over before but couldn't. It's not bad to be grandpa's grandson-in-law. It's also a good thing for our Lan family to become a family member."

The old man said admiringly, "Putting aside the fact that he is the seventh young master of the Zhan family in Wancheng, he is very outstanding in himself."

"Your parents went to Wancheng and got to know the Zhan family nearby. The more they knew about the Zhan family, the more they wanted to hold on to Zhan Wei as a son-in-law. Your parents called me and told you to hold on to Zhan Wei, a truly high-quality man."

"They said the Zhan family is very good, and it's the in-laws that many girls dream of marrying into."

Romina ( Lan Ruoruo ) said, "Grandpa, I like Zhan Wei, and he likes me too, but we can't be together now. But don't worry, Grandpa. I finally fall in love with someone, and no matter how many problems there are, I will solve them."

"I'm working hard, Zhan Wei is also working hard. If we all work together, there will be results soon. Don't worry, your grandson-in-law will not run away."

The old man was relieved. He said, "With your words, grandpa is relieved."

Seeing the bouquet, he smiled: "Is this a gift from Zhan Wei to you? He gave you a gift, you should also show some appreciation. It's a matter of reciprocity." "

He has everything he needs. I don't know what gift to give him. I have never been in love and I lack experience.

## Married at First Sight Chapter 4710

The old man tapped his granddaughter's forehead and said to her, "You don't have to send a gift. You can ask the housekeeper to make you some nourishing soup, and then you can send it to Zhan Wei."

"Thought and care in life are more useful than any gift."

Romina ( Lan Ruoruo ) thought for a moment and said, "I'll try it another day."

"Grandpa, it's late. I'll help you go back to your room to rest."

The old man nodded.

Romina ( Lan Ruoruo ) helped her grandfather back to his room, still talking to him, "In the future, for such trivial matters, you can just call directly. You don't have to wait so long."

"This is not a trivial matter. This is a major event in your life."

"Now that you and your brother have started families, grandpa is relieved. Your cousins are easier to discipline than you two. Some of them are in love on their own and don't need grandpa to worry so much."

"It's just you and your sister who are stubborn. You are still single, so your cousins are not in a hurry to get married."

He has a grandson who has been in a relationship with his girlfriend for five years and has not considered getting married. He reminded him a few times, and the grandson said that his elder brother and sister are still single, so why is he in a hurry.

The old man was upset, so he tried his best to urge the two stubborn people.

The son and daughter-in-law were not to be relied on, and they were only concerned with their retirement life.

I worry more about the one who was raised by me.

Romina ( Lan Ruoruo ) laughed, “It depends on fate. You see, Zhan Wei and I have known each other for five or six years, and fought for five or six years. I didn’t fall in love with him in the past. When fate came, I found that I like him and he likes me too.”

“I can’t convince you. Now I don’t have to worry. I’ll wait for Zhan Wei to call me grandpa.”

“Didn’t that shameless guy call you grandpa last time?”

The old man choked and laughed, “Yes, that guy is indeed thick-skinned, and grandpa likes his thick-skinned look.”

“He hasn’t even become my grandson-in-law yet, and I’m already partial to him.”

The old man laughed, “When you marry into the Zhan family, the Zhan family will also be partial to you. The elders in their family love their daughters-in-law and treat them as daughters-in-law.”

“If you and Zhan Wei can have a daughter, your in-laws will worship you as their ancestor. Their family has been so overpopulated with males that they haven’t had daughters for generations. This time, they finally have a girl.”

But they didn’t know if she could be raised to adulthood.

The old man didn’t dare utter these words.

It wasn’t that he cursed the Zhan family’s daughters; it was that their ancestors hadn’t been able to raise daughters.

Now, the eldest son Zhan and his wife had a daughter. The child was only a year and a half old and healthy, but they had to be careful until she was old enough.

After learning Zhan Wei’s true identity, Romina ( Lan Ruoruo ) went to learn more about the Zhan family and its history.

Like her grandfather, she was worried about Beibei.

Such a smart and lovely child would surely grow up safely and healthily.

Romina ( Lan Ruoruo ) thought to herself, Sister Tong is such a good person. God loves her, and will love her children as well.

After sending her grandfather back to his room to rest, Romina ( Lan Ruoruo ) went upstairs with the bouquet of flowers.

There was no more conversation that night.

The next morning, Romina ( Lan Ruoruo ) went downstairs as usual, ready to go for a morning run. She would run for about half an hour every day.

With such a busy work schedule, she only had a little time to exercise in the morning to maintain her model-like figure.

“Miss.”

The housekeeper greeted Romina ( Lan Ruoruo ) with a smile when he saw her coming downstairs.

Romina ( Lan Ruoruo ) hummed and asked, “Is the old man up? Where is the eldest young master?”

“The old man is practicing Tai Chi in the yard. The eldest young master hasn’t gotten up yet. He came back in the early morning.”

Although the housekeeper got off work at ten o’clock in the evening, he lived at home and knew when the masters would come back. If the masters needed him, they could call his room through the intercom and he would be happy to work overtime.

## Married at First Sight Chapter 4711

Overtime pay is particularly high.

“Butler, what are they cooking in the kitchen? I smell the aroma.”

The butler smiled and said, “The old man asked me to make some nourishing soup early this morning, and said he would have the young lady deliver it to President Zhan later.”

Romina ( Lan Ruoruo ): “...”

“Is it a lot of soup? I want some too. My brother and I are very busy and tired every day, so we need some nourishment.”

The butler laughed and said, “Don’t worry, the young master and the young lady will definitely have some.”

Only then did Romina ( Lan Ruoruo ) go out for a morning run, satisfied.

An hour later, Romina ( Lan Ruoruo ) reluctantly got into the car, carrying an insulated lunch box, and casually placed the insulated lunch box on the passenger seat.

The old man followed her out and reminded her, “Don’t spill the tonic soup. Remember to give it to my grandson-in-law first. After he finishes it, come back to the company and remember to clean the insulated lunch box.”

“Grandpa, you’ve told me so many times I’m tired of hearing it. I’m not even your grandson-in-law yet, and you’re already showing favoritism to him.”

“I finished my soup halfway and sent him a insulated lunch box.”

“You little brat,”

the old man scolded her.

Romina ( Lan Ruoruo ) left with her grandfather’s partiality warning.

As requested by her grandfather, she went directly to Yangtai.

The people at Yangtai saw the vice president of the Lan Group rushing over so early in the morning and thought their president, Zhan, had taken away another major business from Lan.

When Zhan Wei showed up at the company, everyone who saw him told him that Vice President Lan had arrived early and was waiting for him in the VIP room on the top floor, carrying a insulated lunch box.

At first, everyone thought their president, Zhan, had taken away President Lan’s business, but when they saw Romina ( Lan Ruoruo ) with the insulated lunch box, their worries were put at ease.

President Zhan and Vice President Lan truly share a love-hate relationship.

As expected, there are no permanent enemies in the business world.

Look, two sworn enemies who’ve been at loggerheads for five years could one day become lovers.

Zhan Wei, upon hearing Romina ( Lan Ruoruo ) arrive early in the morning, hurried up the elevator.

“President Zhan,”

the secretary said, pointing to the VIP room. “President Zhan, Vice President Lan has been waiting for you inside for ten minutes.”

Zhan Wei nodded. “Go ahead and do your work. I’ll go greet Vice President Lan.”

He personally entered the VIP room, his face beaming as if welcoming a queen as he led Romina ( Lan Ruoruo ) into his office.

The secretary chuckled. It seemed their President Zhan truly loved Vice President Lan.

This was definitely not a beauty trap.

They could tell President Zhan was genuinely interested in Vice President Lan.

A match between the two would ease the conflict between Yangtai and the Lan family. Even President Chang privately supported them, as he often said, “It’s better to resolve a feud than to create one.”

Mr. Chang is such a hands-off boss...

Back in his office, Zhan Wei greeted Romina ( Lan Ruoruo ) and sat down on the sofa. He also sat down, then happily opened the lid of the thermos lunch box and couldn’t stop laughing.

“Romina ( Lan Ruoruo ), this soup smells delicious, it must be delicious. I never dreamed that you would send me nourishing soup.”

Whether the soup tastes good or not is secondary. The important thing is that Romina ( Lan Ruoruo ) sent him nourishing soup early in the morning.

This is a nourishing soup of love, and it tastes as sweet as honey when you take a sip.

Romina ( Lan Ruoruo ) said honestly: “My grandfather asked the housekeeper to cook and pack this soup, and asked me to send it to you to nourish your body. It was not my original intention.

## Married at First Sight Chapter 4712

“Grandpa really loves me. I will be filial to him in the future. Regardless of whether it was your original intention, you sent it to me as a token of your love.”

Zhan Wei didn’t care whether she made the tonic soup herself or not. As long as she brought it to him personally, even if it was just plain water, he would be happy.

“Have you drunk it?”

Zhan Wei asked her.

Romina ( Lan Ruoruo ) said, “I had breakfast before leaving, so of course I drank it. You can drink it and see how it tastes.”

“Then I’ll drink it myself.”

Romina ( Lan Ruoruo ) nodded, motioning him to drink it quickly.

Seeing Zhan Wei sipping his soup with gusto, Romina ( Lan Ruoruo ) couldn’t help but ask him, “Don’t you usually drink soup?”

“You look like you’re guzzling nectar.”

“I usually drink soup, but since you brought it to me, I think it’s delicious.”

Romina ( Lan Ruoruo ) said with a smile, “It’s not like I made this nourishing soup myself.”

“Grandpa said you gave me a gift and told me to reciprocate. I didn’t know what gift to give you, so I just sent you some nourishing soup to replenish yourself.”

“Grandpa is so good to me,”

Romina ( Lan Ruoruo ) said. “That’s right. He’s better to you than to me.”

She and Zhan Wei hadn’t even met, but Grandpa treated him like his grandson-in-law.

Her family treated him well, but she had never even met his family. Oh, she had met Sister Tong, but that was his cousin. She had never met his parents or brothers.

Zhan Wei looked at her and said meaningfully, “I’ll be jealous of you from now on.”

His parents would love her more than him.

“Take your time, drink. I’m going back to the office. I have a morning meeting soon.”

Romina ( Lan Ruoruo ) stood up to leave.

“Didn’t we discuss the cooperation between our two companies today? Why don’t you go back after we’re done?”

Romina ( Lan Ruoruo ) paused, turned to him, and said, “I just casually mentioned it yesterday. If we really want to discuss cooperation, we need to arrange a time. My schedule is so full lately that I can’t make it.”

“Today’s morning meeting is very important. I can’t miss it.”

She’s the vice president.

Zhan Wei put down his insulated lunch box and stood up to see her off. “Whenever you’re free, just let me know. I’m always available for any cooperation.”

Romina ( Lan Ruoruo ) smiled, then suddenly helped him adjust his suit jacket and tie. “I gave you this suit, didn’t I?”

“Yes, it was from you.”

“It fits me well,”

Zhan Wei said sweetly. “If it’s a gift from you, of course it fits me well. We’ve known each other for so many years, and we’ve fought for so many years. We know each other well. You know me, and I know you.”

He knew her size.

Even her measurements were perfectly clear.

“You have a great figure, just like a clothes hanger. No matter what clothes you wear, you look handsome and charming.”

Romina ( Lan Ruoruo ) pinched his face and said, “There are many people who admire you. Will I have many rivals in love in the future?”

When she retracted her hand, Zhan Wei grabbed her hand and said seriously, “Romina ( Lan Ruoruo ), I can’t control others’ admiration for me, but I can control my heart. I fall in love with you and will only love you for the rest of my life.”

“My heart is very small and can only hold you. You may have rivals in love, but don’t worry, I will work with you to deal with those rivals who intend to destroy us.

## Married at First Sight Chapter 4713

“I won’t let you fight alone. As long as we can get married, I will protect you, love you, and cherish you for the rest of my life.”

Romina ( Lan Ruoruo ) pulled her hand back. “Life is long. Anything you say now is empty.”

“I’m going back to work. Go drink your soup. No need to see me off.”

Before leaving, she even pinched his face.

It felt good.

Well, last time I was drunk, I touched him many times and I just thought it felt good.

I even kissed him.

Romina ( Lan Ruoruo ) had no memory of what happened that night and didn't know what it felt like to kiss him. When she had the chance another day, she would refresh her memory and taste what it felt like to be with a handsome man.

Romina ( Lan Ruoruo ) met Chang Xiao at the elevator entrance.

"The sun actually rose from the west today. I can actually see President Chang."

Romina ( Lan Ruoruo ) teased Chang Xiao unceremoniously.

Chang Xiao was magnanimous and didn't take her joke seriously. Instead, he laughed heartily, "I'm the founder of Yangtai, so I had to come over and see you. Vice President Lan, are you leaving? Won't you stay a while?"

"No, I'm here on my grandfather's orders to bring some nourishing soup to Zhan Wei. He says he's all alone in Yangcheng, and his boss is unscrupulous, putting all the work on him. He's exhausted, so I'm sending him some nourishing soup to help him recuperate."

This was because he felt sorry for Zhan Wei and scolded Chang Xiao again.

Chang Xiao was thick-skinned, but he still smiled. "Zhan Wei is blessed."

"Vice President Lan, please."

Chang Xiao walked out of the elevator and made a gesture of invitation for Romina ( Lan Ruoruo ) to enter.

After the elevator door closed, Chang Xiao walked towards Zhan Wei's office. Upon seeing Chang Xiao, the secretary greeted him and said nothing more, not knowing what else to say.

Although Chang Xiao was the founder of Yangtai, he was unable to lead the company out of its predicament and nearly collapsed. It was Zhan Wei who brought it back.

Chang Xiao's strength lay in his discerning eye for talent, recruiting Zhan Wei as a professional manager.

When Zhan Wei first joined Yangtai, Chang Xiao would come to work every day, acting like a boss.

Recognizing Zhan Wei's exceptional ability, Chang Xiao began to transfer control of the company to him, stepping back into the background.

Once Yangtai returned to profitability, Chang Xiao became a hands-off manager. He also realized that someone was trying to poach Zhan Wei, and that the Lan Group, a competitor, was seeing him as a new rival. Chang Xiao made a decisive move.

He decisively transferred half of Yangtai's shares to Zhan Wei, making him the company's owner, with the same amount of shares as himself. Yangtai

then became Zhan Wei's company. Zhan Wei would never surrender his company to someone else, and he dedicated himself to making Yangtai even stronger.

Chang Xiao's move proved to be a wise one. Although he gave up half his shares, he saved Yangtai and secured his future prosperity.

For years, there had been attempts to sow discord between the two.

Chang Xiao always sided with Zhan Wei, severing ties with anyone who spoke ill of him.

One day, even Mrs. Chang, fearing Zhan Wei's complete dominance of Yangtai, arranged for her relatives from her mother's side to join the company. However, these relatives acted tyrannically, without Zhan Wei's intervention. Chang Xiao then personally fired his wife's relatives.

After discussing the situation with his wife, Mrs. Chang ceased interfering in company affairs and, like her husband, placed complete trust in Zhan Wei.

Chang Xiao didn't care what his secretary said. He had no business acumen, but trusting his employees and being generous was enough.

Zhan Wei had earned him a fortune worth hundreds of millions, and as long as his family remained honest and respectful, it would provide a lifetime of prosperity for his children.

As long as Yang Tai is alive, his family's life will be guaranteed.

## Married at First Sight Chapter 4714

Besides, he'd bought some houses and shops for rent two years prior. While the real estate market was in a downturn, they were all in prime locations in downtown Yangcheng, ensuring a shortage of rentals.

The monthly rent covered his family's daily expenses, not to mention the substantial savings he had in the bank.

He wasn't good at investing, but even with conservative savings, the annual interest he earned from his bank account was more than an average person could earn in years.

Chang Xiao knocked on the door, only to be allowed in by Zhan Wei.

"Brother Xiao, you're here,"

Zhan Wei said, standing up and greeting him. Chang Xiao,

upon entering, was immediately struck by the aroma of soup. He approached, smiling, "This soup smells better than your sister-in-law's."

Zhan Wei replied honestly, "Yes, it is."

The two had a good relationship, and Zhan Wei would sometimes be invited over for dinner, where Mrs. Chang would show off her cooking skills.

Mrs. Chang was a decent home cook, but still a bit behind a five-star chef.

The chef of the Lan family is a chef hired by a five-star hotel.

Before Chang Xiao became rich, his family was well-off and they did not hire a nanny. Mrs. Chang prepared three meals a day for the family. When Yangtai almost went bankrupt, they were so financially strapped that they only had porridge for three meals a day.

Therefore, the only thing Mrs. Chang could cook were home-cooked meals.

Zhan Wei could defeat Mrs. Chang if he showed off his skills.

"Brother Xiao, you come here today and I'll leave the company's affairs to you. I have to accompany Romina ( Lan Ruoruo ) to a class reunion in the evening."

Hearing this, Chang Xiao turned around and was about to leave.

Zhan Wei grabbed him and said, "Chang Xiao, you also have a share in Yangtai. Yangtai was founded. You can't just ignore everything. In the past, I focused on my work. It's okay if you don't go back to the company and don't care about anything."

“I have time to manage the company and take care of everything, but now I have to find a wife. This is the most important thing in my life. Look, you’ve already given birth to three children, and I’m still single at 31.”

“My family is so worried. You have to share some of the workload so I can have time to find a wife.”

Chang Xiao said with a gloomy face, “Brother, it’s not that I don’t want to help you, it’s that I don’t have the ability. I don’t even know what projects are going on at the company right now. I can’t do anything else except make money.”

He is also the stay-at-home dad at home, taking care of the youngest child.

The couple has three children in total. The two eldest are in high school, the youngest is in kindergarten, and the second and third are ten years apart.

With better living conditions and a larger family, his wife wants another child; they can afford it anyway.

If they have another child, four children, he will continue to be the stay-at-home dad.

The couple both love children. Their children are well-educated, sensible, and have good academic performance. They don’t have to worry about the two eldest children much, just paying for their education.

“It’s not difficult. There are special assistants and several vice presidents. You just need to look at the documents and sign them.”

“The documents that will be sent to you for your signature have all passed the review. You don’t need to think about anything else, just sign them.”

Chang Xiao said, “Brother Zhan Wei, do you really like Romina ( Lan Ruoruo )? She is our company’s sworn enemy. Aren’t you afraid that she is using a honey trap to win you over?”

“Romina ( Lan Ruoruo ) is also a strong woman. You two have been fighting for so many years. You are stronger than she is. If you get married and have some conflicts, neither of you will give in. You will suffer.” ”

However, Romina ( Lan Ruoruo ) is a good woman with a good family background. If you marry her, it will also ease the conflict between the two companies.”

Chang Xiao didn’t mean to drag anyone down. He just said whatever he thought.

He had seen too many rumors about Zhan Wei and Romina ( Lan Ruoruo ). He wanted to eat some melons, so he went back to the company to eat some melons.

# Married at First Sight Chapter 4715

But he is not coming back to work.

He really does not have that ability.

Zhan Wei will not let him leave easily. Last time, when he was told to have a meeting, this guy slipped away faster than a rabbit.

He pulled Chang Xiao to sit down and said seriously: “Chang Xiao, you sit still. If you dare to leave, I will go on strike!”

Chang Xiao had a bitter face.

It was not right to sit down, and it was not right not to sit down.

“Soup, Zhan Wei, you drink the soup, drink the soup first.”

He asked Zhan Wei to drink the soup first in a flattering manner.

“I, I won’t leave.”

Zhan Wei threatened him, but he didn’t dare to leave, so he finished the soup in the insulated lunch box first.

After putting down the lunch box, Chang Xiao quickly handed him a few tissues and asked him to wipe his mouth.

“Chang Xiao, you don’t have to be like a lackey. We are equals. Yangtai was founded by you. You’ve been a hands-off boss for a few years, enough. It’s time to fulfill your responsibilities.”

“I don’t ask you to go back to the company every day. Just spend half a day in the company every day.”

“The main thing is that there are some important documents that need our signatures. You just need to sign. If I were in the company, you wouldn’t have to take care of it.”

Chang Xiao said: “Romina ( Lan Ruoruo ) is also very busy at work. You don’t have to stay with her every day when you pursue your wife, right? How about this, I go back to work at the company every Friday, and you take Friday and the weekend off, so you have three days.”

“That’s enough for you to pursue your wife. You and Romina ( Lan Ruoruo ) already know each other, so it’s easy to pursue her.”

“When you two become a real couple, like before, you are in charge of the company, and I really don’t have the ability to do it. When you two get married, I will give you 2% of the shares under my name as a wedding gift.”

In that case, Zhan Wei would become the largest shareholder of Yangtai.

Zhan Wei would never abandon Yangtai, although considering the current value of Yangtai, giving away 2% of the shares was not a small amount of money. Chang Xiao thought that he did not have the ability to stabilize Yangtai. He

relied on Zhan Wei. It didn’t matter if he had a few less shares. As long as Yangtai was there, his annual income would be considerable.

The main thing was that he didn’t have to worry about it, and the money would automatically flow into his account.

He now knew Zhan Wei’s true identity, the seventh young master of the Zhan family in Wancheng. Zhan Wei was a wealthy man.

The reason he came to Yangcheng to work was that Zhan Qishao wanted to break away from the protection of his family and prove his ability.

Yangtai was very important and meaningful to Zhan Qishao because it proved Zhan Qishao’s ability.

“I have to leave work early this afternoon, but there are a few important documents that may be delivered to my office just before work to sign.”

Zhan Wei said this and looked at Chang Xiao without saying anything.

Chang Xiao smiled and said, “I’m in the company this afternoon. If you want to leave early, go ahead. If there’s nothing else I need to consider about those documents, I’ll just sign and stamp them.”

“Sign my name and stamp them with your seal, so that no one will disagree.”

Now everyone in Yangtai only listens to Zhan Wei. As the founder, well, it’s like a figurehead.

He was worried that if only he signed, the people below wouldn’t follow through, and it would lack credibility. Only with Zhan Wei’s stamp would it have credibility.

“No need to be so troublesome, just stamp it with our company’s official seal.”

After a pause, Zhan Wei said, "It's up to you. Just stamp it if you want to."

## Married at First Sight Chapter 4716

"You should stay in the company in the morning. You haven't been back for such a long time and you don't know anything about the company's affairs."

"Stay in the company in the morning to familiarize yourself with it first, otherwise you won't even know where to sign in the afternoon."

Chang Xiao: "...Can I regret it now?" If

he had known that he would be caught and forced to work in the company if he came to eat melons, he would not come to eat melons. He would sleep until he woke up naturally like usual, eat when he woke up, and play after eating. How free and easy it was.

Zhan Wei smiled. "You can go back on your word, but the consequences will be yours. If you don't help run the company, I'll have time to pursue my wife. From now on, we'll each manage half of the company. I won't work like a slave for you anymore."

"If Yangtai goes bankrupt, I can just go back to Wancheng to inherit the family business. My Zhan family is big and powerful, and we need to carry on the legacy."

Chang Xiao immediately put on a smile. "I don't regret it, I don't regret it. I'll just go to work at the company today and go back every Friday, so you can spend three days with Vice President Lan, including Friday and the weekend."

"Well, Vice President Lan is busy during the week, and if you don't go to work, you'll have nothing to do. So, you still have to take care of the company on weekdays."

Zhan Wei was just trying to scare him. He didn't really care about Yangtai. Yangtai's rise proved that even without the protection of his family, he could build his own business with his own abilities.

All day, Zhan Wei took Chang Xiao around the company's various departments, like a new employee, to familiarize him with the company's situation.

At 4:30 in the afternoon, he left work early.

Instead of going to the Lan Group to pick up Romina ( Lan Ruoruo ) right away, he went home first, changed his clothes, and shaved his chin in front of the mirror, even though he shaved frequently to keep his beard from growing too long. He

had to go out and accompany Romina ( Lan Ruoruo ) to a class reunion, and he wanted to be in the best spirits possible to bring honor to Romina ( Lan Ruoruo ).

After shaving, washing his face twice, and making a cup of coffee, he made sure he was in good spirits before heading out to the Lan Group to pick Romina ( Lan Ruoruo ) up from work.

When he arrived at the Lan Group, it wasn't time to get off work yet. Zhan Wei didn't wait at the company gate like he did last time. Instead, he went inside and waited for Romina ( Lan Ruoruo ) to get off work in the VIP room on the first floor.

Oh, and he even bought a bouquet of flowers.

Every time he came to wait for Romina ( Lan Ruoruo ) to get off work, he would buy a large bouquet of bright roses.

Romina ( Lan Ruoruo ) didn't know Zhan Wei was here, and he

didn't even send her a message. She was still in a meeting, and the team leader sent her a message, but she didn't have time to reply to the team leader.

Even when it was time to get off work, she was still in the meeting room, and the meeting lasted for more than ten minutes.

After the meeting, Romina ( Lan Ruoruo ) and her sister did not leave immediately. After everyone left, Lan Dongxiao said to his sister, "Romina ( Lan Ruoruo ), you may have to go on a business trip tomorrow. The branch office's affairs need you to go there to handle them well."

Romina ( Lan Ruoruo ) packed up the materials prepared before the meeting and said, "No problem. I'll ask my secretary to book a plane ticket for me later. I'll fly there early tomorrow morning."

Lan Dongxiao looked at her and asked, "Do you want to tell Zhan Wei? He has been coming here every day to wait for you to get off work recently."

If you don't tell him, he will come here every day and find nothing." "I'll tell him when we have dinner later. Our high school classmates are having a reunion tonight. Everyone saw the scandal between Zhan Wei and me and wanted to confirm whether Zhan Wei and I are a couple."

"My classmates care about me so much, so I brought Zhan Wei over to get together with everyone, so that everyone will be envious and jealous. They used to say behind my back that a strong woman like me can't get married."

“I want to use practical actions to tell them that it’s not that I can’t get married, but that I’m waiting for the best man to marry me.

## Married at First Sight Chapter 4717

Lan Dongxiao smiled and said, “You have never cared about these things, and you don’t care what others say about you. You rarely attended classmates’ gatherings in the past.”

“You care now? If you want to show off, just say so. But you and Zhan Wei are not really together yet. It’s still a scandal.”

“He has publicly pursued you, but you didn’t accept it.”

“Aren’t we lovers now? We were sworn enemies before, but now we are lovers. I have to give myself some time to adapt to the change in the relationship.”

Romina ( Lan Ruoruo ) felt that she and Zhan Wei were in love now.

“I didn’t reject his advances, did I?”

Lan Dongxiao smiled. “Yes, yes, we all hope you and Zhan Wei can get married soon.”

After a pause, he added, “But, big brother never dreamed you and Zhan Wei would develop the relationship you have today.”

“You two used to hate each other so much, like cross-eyed roosters. Even I, the president of the Lan Group, didn’t hate Zhan Wei that much. You used to hate him so much just by mentioning him.”

Romina ( Lan Ruoruo ) put away the documents on her desk and said, “I didn’t expect it either. No wonder Grandpa arranged several blind dates for me, but I didn’t like them. It turns out I’ve had Zhan Wei in my heart for a long time.”

Lan Dongxiao said, “As the saying goes, enemies will always meet. You two are enemies. Haha, now that Zhan Wei is my brother-in-law, I can rest easy. I don’t have to worry about Yang Tai, my powerful rival, setting a big trap for me.”

He is the successor to the Lan Group and the head of the family. The future of the Lan Group depends on him, and the pressure is enormous.

With too many powerful rivals, he has to bear a lot.

Looking at the younger generation of Yangcheng's business community, apart from Zhan Wei, no one is Lan Dongxiao's rival.

The successors of the other major families are not as good as his brother and sister.

Ever since Zhan Wei made his mark in Yangcheng's business community, Lan Dongxiao has wanted to pry over Yangtai's talents and bring Zhan Wei to work for him. Unfortunately, Tang Xiao got there first and gave half of Yangtai's shares to Zhan Wei.

Now he knows that Zhan Wei is not an ordinary worker, but the son of a multi-billionaire family. If he doesn't make it outside, he will return home to inherit the family business.

Zhan Wei is the son of the Zhan family, and he has heard a lot about the Zhan family's legend. It would not be shameful for him to lose to Zhan Wei.

Romina ( Lan Ruoruo ) blushed, "Brother, he and I haven't even started dating yet."

"You're the same as grandpa. We haven't even gotten together yet, but grandpa treats him like his grandson-in-law. You too, you've already called him brother-in-law so soon."

Lan Dongxiao laughed heartily, "Big brother really can't wait to marry you to him and call him brother-in-law."

"I don't know when Mom and Dad will be back. They went to Wancheng. What they heard, saw, and felt is the most real, much more real than the rumors we heard."

Romina ( Lan Ruoruo ) said, "Brother, I'm leaving."

She was going to attend her class reunion, too lazy to listen to her big brother's nagging here.

Romina ( Lan Ruoruo ) took the information and walked out of the meeting room before calling the class monitor.

## Married at First Sight Chapter 4718

The squad leader was worried she might change her mind at the last minute, and only when she got a firm answer would she be there, and the squad leader would be relieved.

She had brought her husband with her tonight. He was a professional elite, and he was thinking of changing jobs. If she could reconcile with Romina ( Lan Ruoruo ) and have her husband join the Lan Group, the family wouldn't have to worry.

At least, with her husband's stable job, their family would have something to look forward to, and they wouldn't have to worry about defaulting on their mortgage.

Everyone asked the squad leader to organize tonight's party, most hoping to curry favor with Romina ( Lan Ruoruo ), and Zhan Wei, a powerful figure.

After graduation, no matter how successful they were, they were either professional elites or small business owners.

Even after years of hard work, they couldn't match Romina ( Lan Ruoruo )'s inheritance. Having a family to support them was a different story.

They had never imagined that Romina ( Lan Ruoruo ) was not only a good student, but also had a good family background.

Romina ( Lan Ruoruo ) returned to her office, put away the documents, and called Zhan Wei. When Zhan Wei answered, she asked, "Zhan Wei, are you off work yet?"

"I left early and have been waiting in your company's VIP room on the first floor for over ten minutes."

"Are you done? No rush, go ahead and do your thing. I'll wait a little longer,"

Zhan Wei said considerately.

Romina ( Lan Ruoruo ) said a little embarrassedly, "I was in a meeting, and it got delayed for over ten minutes."

"I'm getting ready to leave,"

Zhan Wei said understandingly, "I'll wait for you on the first floor."

"See you later,"

Romina ( Lan Ruoruo ) hung up.

She didn't rush downstairs, but instead went into the small lounge in her office. She looked at herself in the bathroom mirror for a moment, realizing she looked a little tired.

She fetched her makeup, removed it, washed her face, and then reapplied it to mask her fatigue.

There was a closet in the lounge, filled with dresses, women's suits, and loungewear.

Romina ( Lan Ruoruo ) had initially considered changing into a dress, but after trying it on, she decided to hang it back in the closet. In the end, she opted for loungewear, which felt much more comfortable.

She changed in the bathroom and looked in the mirror again, feeling satisfied.

She left the room satisfied.

She hadn't previously cared so much about her appearance; her good looks and elegant demeanor easily overwhelmed anyone.

This time, however, she was concerned about her image, perhaps because she and Zhan Wei were transitioning into a romantic relationship.

When she wore a business suit, she looked too professional, which could have intimidated others.

As for a dress, there was no need for a class reunion; casual clothes would be more natural and appropriate.

It was just a gathering of classmates and friends, so a natural look was best.

Almost everyone in the Lan Group had gone off work. When Romina ( Lan Ruoruo ) went down to the first floor, there were no one around and it had become quiet.

She was wearing high heels, which made noises when she walked.

Zhan Wei heard the familiar sound of high heels and hurried out of the VIP room with a bouquet of flowers, and gently closed the door of the VIP room.

There were workers working overtime at the Lan Group at night, so there was no need to lock the door, just close it.

When Romina ( Lan Ruoruo ) was about to reach the VIP room on the first floor, she saw Zhan Wei coming out with a bouquet of flowers. He smiled when he saw her, and that smile was as warm as a spring breeze, sweeping away her tiredness in an instant.

When there was no tit-for-tat, she found that he was a very graceful person, and his smile was very healing. No wonder so many strong women liked him.

## Married at First Sight Chapter 4719

Romina ( Lan Ruoruo ) was somewhat relieved that Zhan Wei liked her.

If he had liked someone else, she would probably have been envious and jealous.

“Romina ( Lan Ruoruo ), it’s time to get off work,” Zhan Wei said with a smile.

His voice was warm and pleasant.

Romina ( Lan Ruoruo ) smiled naturally and walked up to him, “I’m off work. I’m sorry to have kept you waiting.”

“It’s okay. I’m happy to wait as long as it takes.”

He handed the bouquet of flowers he bought to Romina ( Lan Ruoruo ). When Romina ( Lan Ruoruo ) took the bouquet, he looked at her and said, “You look good like this, and it’s very natural.”

“I was too lazy to go home. It takes a lot of time to go back and forth, so I changed in the lounge. I have more than a dozen sets of clothes in the lounge for emergencies.”

“Have you changed clothes?”

Romina ( Lan Ruoruo ) was sharp-eyed and saw that he had changed clothes. She reached out and touched his chin, “You’ve shaved too.

You often shave off your beard as soon as it appears.” “Zhan Wei, what would you look like with a beard? Would it cover up your handsomeness?”

Zhan Wei also touched his chin and said, “None of us brothers have long beards. We usually shave clean to look more handsome.”

“If I had a beard, I’m afraid Beibei wouldn’t want me to hug me.”

“Romina ( Lan Ruoruo ), do you want me to grow a beard? I can grow a beard, for you.”

Romina ( Lan Ruoruo ) smiled, “Then if you grow a beard, you may look more mature. Mainly, it can cover up your handsomeness. I’m afraid you have too many admirers.”

“I’m not afraid of them challenging me, but I’m busy and I really don’t have time to deal with them.”

Therefore, it is best to have no rivals in love.

Zhan Wei is popular, and it is often because of his demeanor and handsomeness that are so charming that people can’t help but fall in love with him.

Especially when he puts on a white suit, he looks like the prince charming in a fairy tale, and people can't take their eyes off him.

Zhan Wei held her hand, "Has anyone come to see you? Who bothers you? Tell me and I will help you deal with it."

"No, my status and position in Yangcheng is still feared by people. There are really not many girls who dare to come to me for trouble."

Romina ( Lan Ruoruo ) did not pull her hand back, and let Zhan Wei hold her hand. The two of them held hands tightly, and he took her outside.

"Zhan Wei, I have to go on a business trip early tomorrow morning."

Romina ( Lan Ruoruo ) suddenly said to Zhan Wei, "I may be gone for a few days. You don't have to come to my Lan family these days. Oh, if you want to cooperate, you can find my eldest brother."

Zhan Wei asked with concern, "Where are you going on a business trip?"

"Wangcheng, our branch in Wangcheng has some problems, and I need to go there."

Zhan Wei knew Wangcheng, and he said, "The local emperor of Wangcheng is surnamed Lan, and the head of the family, Lan Zheng, is Sister Qing's biological brother. Is your family related to the Lan family in Wangcheng?"

Romina ( Lan Ruoruo ) smiled and said, "Five hundred years ago, we were one family. Now, we just have the same surname."

"Our branch in Wangcheng dare not involve the same industries as the Wangcheng Lan family, for fear of conflict. Although we are not from the same family, we all have the surname Lan. The headquarters of the Wangcheng Lan family is also the Lan Group."

People who know that there is also a Lan Group in Yangcheng generally distinguish between the Lan of Wangcheng and the Lan of Yangcheng.

Fortunately, the two companies were involved in very few of the same industries. I heard that Wangcheng's Lan Group was also going to change its name and was in the process of changing it.

"Do you know Lan Zheng, the head of the Lan family?"

## Married at First Sight Chapter 4720

“To be honest, the car and house I bought in Yangcheng were all bought with the money I earned in Yangcheng, and I didn’t touch any of my previous private property.”

Chang Xiaodu is worth hundreds of millions of yuan. Although he didn’t have shares at the beginning, his income was not low. Later, when he got shares, his wealth skyrocketed, and he has become a rising star in the business world of Yangcheng.

Buying a villa worth tens of millions and a luxury car is no problem.

He believes that the money he earned through his own ability should be enjoyed well, spent however he wants, and spent it with confidence.

Grandma has always taught them that when doing business, they must be honest and make clear profits. No matter how much they spend, they must spend it with peace of mind and without guilt.

The brothers all remember this.

“I know that, apart from your status as the seventh young master of the Zhan family, you are also able to buy a house and a car. I was deliberately mocking you. After all, we had a fierce rivalry in the past. Whenever we met, I would scold you for no reason.”

Zhan Wei smiled. “I also want to thank you. If it weren’t for your Lan family seeing Yang Tai as a strong rival and arousing my fighting spirit, perhaps Yang Tai wouldn’t be in the situation he is today.”

“Then you must thank me very much.”

“I promise to repay you with my body and my whole life, how about it?”

Romina ( Lan Ruoruo ) tilted her head to look at him twice and smiled. “This thank-you gift is too heavy. I dare not accept it yet. Think about it.”

They both laughed.

After the car drove out of the Lan Group, Zhan Wei asked her, “I want to accompany you on a business trip to Wangcheng tomorrow, is that okay?”

“Can you leave? You are so busy with work. Now you accompany me to the class reunion, you must have a lot of work piled up. You may have to work overtime until late tomorrow to finish your work.”

She knew he had a heavy workload.

“Yangtai is very stable now. Even if I leave for a few days, it’ll be fine. Besides, I can arrange work remotely.”

“Also, I brought Chang Xiao back to work. He’s the founder, but he’s been a hands-off boss for so long. I’m jealous of his leisure time.”

“Let him run the company for a few days, and Yangtai won’t go bankrupt.”

Romina ( Lan Ruoruo ) smiled. “I was saying I saw your unscrupulous boss so early this morning. It turns out you brought him back.”

“That’s not the case. He just came here to eat melons. Just like your old classmates, he wants to eat our melons.”

Romina ( Lan Ruoruo ) was stunned for a moment, then laughed. “I think your unscrupulous boss regrets it so much. He came here to eat melons so early in the morning, and then you caught him and made him come back to work.”

“He really has a leisure time. We are all jealous of his good fortune.”

No boss can be as leisurely as Chang Xiao. He doesn’t have to worry about anything. Even if the sky falls, there is a tall man like Zhan Wei to support him.

“He regrets it. I threatened and warned him, and he honestly came back to work.”

He needs time to pursue his wife.

He only wanted Chang Xiao to come back to work occasionally, what else did he want?

He didn’t want Chang Xiao to be like him, working like a slave every day.

After being threatened and warned by him, Chang Xiao had to come back no matter how reluctant he was.

## Married at First Sight Chapter 4721

The two chatted along the way, and it felt like they arrived at the Yangcheng Hotel quickly.

After parking the car, they got out. Romina ( Lan Ruoruo ) initially carried the bouquet Zhan Wei had given her, but after a few steps, she changed her mind and said to Zhan Wei, “I won’t show off. Put the bouquet back in the car.”

She felt that showing off affection would lead to a quick end.

Zhan Wei allowed her to do so, unlocking the car again and letting her put the bouquet back on the passenger seat.

A few minutes later, the two arrived at the door of the private room the squad leader had mentioned.

A waiter emerged, seeing the two, and immediately greeted them respectfully.

Romina ( Lan Ruoruo ) smiled back, acknowledging the waiter's greeting.

"Let's go in,"

Romina ( Lan Ruoruo ) said as she pushed open the door to the private room and said, "I'm sorry to have kept you waiting. I'm late."

Zhan Wei followed her in.

Inside the private room, all of Romina ( Lan Ruoruo )'s former classmates who had agreed to come had arrived, and there were still two empty seats, reserved for Romina ( Lan Ruoruo ) and Zhan Wei.

Seeing Romina ( Lan Ruoruo ) enter, everyone stood up, their faces filled with enthusiasm.

The monitor smiled and said, "Romina ( Lan Ruoruo ), everyone knows that you are very busy. You can come and get together with all of us, which is a face for us old classmates."

This is the truth. A busy person like Romina ( Lan Ruoruo ) really doesn't attend class reunions normally.

Tonight, Romina ( Lan Ruoruo ) also wanted to make her relationship with Zhan Wei public.

Although the problems between her and Zhan Wei still exist, both of them are working hard to solve them.

Since the man has feelings and the girl is willing, then let's be together.

Romina ( Lan Ruoruo ) didn't say this to Zhan Wei explicitly. Well, Zhan Wei has only been pursuing her publicly for a few days, so he must show some more. He pursues her to let him know that it is not easy to pursue a wife, and he should cherish the people around him in the future. After greeting her old classmates, Romina ( Lan Ruoruo ) introduced Zhan Wei to everyone.

Everyone scrutinized Zhan Wei. They knew he was one of the owners of Yangtai and Romina ( Lan Ruoruo )'s business rival, but rumors had recently circulated that Zhan Wei was pursuing Romina ( Lan Ruoruo ).

Some believed Zhan Wei was using a beauty tactic, perhaps because Yangtai was simply no match for the Lan Group.

After all, the Lan Group, the product of generations of the Lan family, boasted a rich history and deep financial resources, far surpassing Yangtai's. Although Yangtai had become a rising star in Yangcheng's business world in a few years, it still couldn't match the Lan Group.

There were also rumors that the Lan Group was interested in acquiring Yangtai, and the two companies were in talks about the acquisition.

Zhan Wei's true identity was unknown, and many felt he wasn't worthy of Romina ( Lan Ruoruo ). Although he was the owner of Yangtai, he had come from a working-class background. Given his current wealth, the gap between him and Romina ( Lan Ruoruo ) was significant.

Zhan Wei was simply more handsome than the average man.

Ordinary workers had only heard of Zhan Wei and had never seen him in person.

Naturally, none of Romina ( Lan Ruoruo )'s old high school classmates had ever seen Zhan Wei in person.

They were all gathered here tonight, hoping to catch up with Romina ( Lan Ruoruo ), since it was rare for Romina ( Lan Ruoruo ) to take the time to get together, and also to meet Zhan Wei in person to see if he was as handsome as the rumors said.

Zhan Wei nodded politely and said, "Good evening, everyone."

His voice was gentle and pleasant.

The moment the women in the room saw Zhan Wei, their eyes were glued to him, unable to move away.

They were filled with envy and hatred for Romina ( Lan Ruoruo ).

Regardless of Zhan Wei's talent, his tall and handsome appearance alone was enough to captivate them.

If they weren't married yet, and if Zhan Wei liked them, they would die of laughter in their dreams.

# Married at First Sight Chapter 4722

Unfortunately, they didn't even have the right to dream.

A man as outstanding as Zhan Wei would only be attracted to Romina ( Lan Ruoruo ), who was just as outstanding.

“Mr. Zhan is truly as handsome as the rumors say, a rare talent!”

Everyone showered Zhan Wei with praise.

Married female classmates, who had come with their husbands, looked at Zhan Wei, who considerately pulled out a chair for Romina ( Lan Ruoruo ) to sit down first, and then looked at their husbands, suddenly feeling that their husbands were inferior.

Not only the female classmates, but also the male classmates, looked at Zhan Wei with envy and jealousy.

They were all men, and Zhan Wei was simply superior to them.

Many men who became bosses gradually gained weight, but Zhan Wei hadn't. He maintained a perfectly healthy figure, like a hanger-on, and his suits looked much better than theirs. His

extraordinary demeanor, his speech and manners, his every move, exuded an air of nobility.

Yes, they naturally thought of nobility.

Zhan Wei was definitely not an ordinary wage earner; he must come from a well-off family.

This was the conclusion everyone had drawn.

It's hard for an ordinary family to raise someone like Zhan Wei, whose every move exudes nobility.

“Thank you all for the compliments, but I'm not as good as you say,”

Zhan Wei said modestly.

Romina ( Lan Ruoruo ) tilted her head to look at him and said to her old classmates, “You haven’t experienced his ability to infuriate people to death.”

Everyone laughed.

They knew that the two had originally been sworn business rivals.  
At this point, it is unclear whether they are in love or not.

Even if some of the people present are not married, they have been in love and have experience. They can see that Zhan Wei is sincere to Romina ( Lan Ruoruo ).

Zhan Wei’s care and consideration for Romina ( Lan Ruoruo ) are open and aboveboard, and they express it naturally, not pretended.

The look in his eyes when he looks at Romina ( Lan Ruoruo ) is so gentle that water can drip out. When he speaks to everyone, he is polite and distant, but when he speaks to Romina ( Lan Ruoruo ), he is gentle and doting.

This kind of doting cannot be faked.

Everyone talked and laughed. Romina ( Lan Ruoruo ) was a classmate of theirs, and they could still chat about high school.

Zhan Wei ran out of things to talk about, so he silently picked up some food for Romina ( Lan Ruoruo ).

After an unknown amount of time, Zhan Wei apologized to everyone, saying, “Excuse me, I need to go to the restroom.”

After Zhan Wei left, an old classmate asked Romina ( Lan Ruoruo ), “Romina ( Lan Ruoruo ), is it true that your Lan Group wants to acquire Yangtai? Is President Zhan just using his beauty to lure you, or does he have other intentions?”

“Although we rarely get together, we all live in Yangcheng. You and President Zhan are sworn business rivals, and everyone in Yangcheng knows that.”

They knew this, of course.

But they’d only heard it from the company’s leaders or their colleagues.

“Yeah, Romina ( Lan Ruoruo ), you better be careful. Don’t let him scheme against you.”

Everyone warned Romina ( Lan Ruoruo ) not to let Zhan Wei scheme against you.

“Just three months ago, you were both cross-eyed, ready to fight to the death. And now, suddenly, there’s word he’s pursuing you. You two act like a couple, but Zhan Wei, you know, is more than just a person.”

“Maybe he’s just too cunning for us to see.”

## Married at First Sight Chapter 4723

The female classmates’ words tinged with dissension.

Romina ( Lan Ruoruo )’s family background was enough to evoke envy in their minds. They had been in the same class for three years, some even sharing a dorm with her, and it seemed Romina ( Lan Ruoruo )’s life was no different from theirs.

Who would have thought Romina ( Lan Ruoruo ) was the eldest daughter of the Yangcheng Lan family?

Her family was incredibly wealthy, and despite her wealth, she remained so diligent.

Everyone present remembered Romina ( Lan Ruoruo ) as the most diligent student in school, consistently ranking first in her grade. The school leaders and teachers held her in high regard.

Later, Romina ( Lan Ruoruo ) did not disappoint the school, achieving excellent results on the Gaokao (National College Entrance Examination), easily earning admission to a top-tier university.

Putting aside Romina ( Lan Ruoruo )’s family background, her academic performance alone was enough to inspire envy and resentment. They hadn’t been able to catch up, even if they had tried their best. While

many classmates would take extra classes back then, Romina ( Lan Ruoruo ) never did.

It was clear that Romina ( Lan Ruoruo ) was born to study. After graduation, she started as a junior employee at the Lan Group and worked her way up through her abilities to her current position as Vice President.

She is someone who convinces everyone, and she didn’t force herself into the position of vice president simply by virtue of her status as the eldest daughter of the Lan family.

The class monitor looked at Romina ( Lan Ruoruo )’s expression, thought for a moment, and then spoke, “Romina ( Lan Ruoruo ), don’t blame the classmates for being too talkative. Everyone is just worried that you’ll be plotted against.”

“Boss Zhan is very cunning. I’ve noticed that his consideration and concern for you all come from the heart. It doesn’t look like he’s pretending, but you two have been at loggerheads for so many years.”

“He suddenly treats you well, says he likes you, and openly pursues you, which makes people suspect he’s using his beauty trap on you.”

“I also heard that you attended a banquet one time and Zhan Wei drove away your male companion.”

“Is there something wrong with Yangtai, or is your Lan Group really going to acquire Yangtai, and he doesn’t want to be acquired, so he’s using his beauty trap on you to make you fall in love with him so he can’t bear to acquire Yangtai.”

Romina ( Lan Ruoruo ) listened to everyone’s so-called well-intentioned reminders, smiled, and said, “After all, I’ve been in the business world for so many years and have seen many ups and downs. I still have a good eye for people.”

“If Zhan Wei wanted to use his beauty on me, he should have done it years ago.

There was no need to wait until now.” “Yangtai was at a disadvantage before, so it was easier to acquire it. He never gave up. Now that Yangtai is growing stronger, it would cost our Lan family a lot of money to acquire it.”

“So, for now, our Lan family has no plans to acquire Yangtai.”

And they can’t.

Zhan Wei won’t let the Lan Group acquire Yangtai unless he sells off the right amount of Yangtai’s shares, and Yangtai is no longer his business. Then they will acquire Yangtai.

As long as Zhan Wei is around, they can’t acquire Yangtai.

“I appreciate your kindness, classmates. Don’t worry, Zhan Wei isn’t that kind of person. He’s open and honest. When he’s against me, he really is against me, and when he loves me,

he really loves me.” “I can tell whether he’s sincere or not.”

“You don’t have to say he’s cunning. You’ve all been through it, and you can tell whether his feelings are genuine or not better than I can.”

Everyone was stunned for a moment, then laughed and echoed Romina ( Lan Ruoruo )'s point.

The class monitor quickly changed the subject, no longer discussing Zhan Wei.

When Zhan Wei came out of the bathroom, Romina ( Lan Ruoruo ) didn't stay any longer, telling the students that she had something else to do and had to leave. She'd treated everyone to tonight's meal at the Yangcheng Hotel.

No one dared to try to stop him and stood up to see him off.

## Married at First Sight Chapter 4724

The squad leader's husband shamelessly asked Zhan Wei for his business card, and Zhan Wei didn't refuse, handing him one. But

what good would getting his business card do?

To join Yangtai, one had to undergo an assessment; failing the assessment meant they couldn't get in.

Zhan Wei had come from the Zhan Group, where even ordinary employees would be considered elites in a smaller company. He understood the importance of talent.

Once he had the final say at Yangtai, he told the HR manager that even ordinary employees must undergo a rigorous assessment; no one should just try to get in and just sit around.

Even if they did get in, if they didn't pass the assessment or the probation period, they wouldn't be able to stay.

After leaving the hotel, Romina ( Lan Ruoruo )'s face fell, and she sullenly got into the car.

Zhan Wei didn't rush to drive. Instead, he leaned forward, his handsome face in front of hers, his dark eyes fixed on her pretty face. "What's wrong? What did they say to you when I went to the bathroom?"

"Did they make excessive demands?"

Romina ( Lan Ruoruo ) looked at his handsome face so close, unable to resist touching it.

“Zhan Wei, you are so beautiful.”

Zhan Wei chuckled, “You are also very beautiful. In my eyes, you are the most beautiful woman in the world.”

“You are flattering me too much. I have seen your cousin’s wife. Let alone anyone else, your cousin’s wife’s beauty beats 99.9% of people.”

“I know my own weight.”

She is quite pretty, but she doesn’t dare to accept such a high title as the most beautiful woman.

“Beauty is in the eyes of the beholder. In my eyes, you are the most beautiful. I’m afraid I’m ugly and not worthy of you.”

Romina ( Lan Ruoruo ) burst into laughter. “If you were ugly, there would be no handsome men in this world.”

“Your teasing makes me feel much better. They said you were using your beauty to lure me and suspected that you were not sincere to me. They said that my Lan Group was going to acquire your Yangtai, and you didn’t want the company to be acquired, so you used your beauty to lure me.”

Zhan Wei couldn’t help but lean over and kiss her gently on the cheek.

Romina ( Lan Ruoruo ) didn’t push him away. When he kissed her on the face, she even closed her eyes, looking very enjoyable.

“Romina ( Lan Ruoruo ), if I wanted to use my beauty trick on you, I would have done it years ago, and would not have waited until now. Besides, your Lan family didn’t acquire my Yangtai.”

“Other people don’t know the real situation between us, and they make random guesses and nonsense. Just listen to them, don’t take them to heart. It’s not worth it to affect your mood because of those words.”

He touched Romina ( Lan Ruoruo )’s face gently, “I, Zhan Wei, disdain to use my beauty trick. If I really fight with you, I may not lose.”

“When I love someone, it is true love, and I will never be false.”

“I dare to toy with girls’ feelings. You don’t have to deal with me. If my grandmother knows, she will be the first to deal with me. My parents will also deal with me, and then my brothers and sisters-in-law will not let me go.”

Romina ( Lan Ruoruo ) laughed when she heard it, “You are so powerful! If you really play with girls’ feelings, won’t you become the public enemy of the whole family?”

“Yes, if I dare to do that, I will become the public enemy of the whole family.”

“Romina ( Lan Ruoruo ), believe me, I am sincere to you. We have been fighting for several years, but I really like you.”

“No one said that sworn enemies can’t become lovers.
