Chapter 4917

“No, I want to sleep with the baby and go home with the baby.”

Shen Xiaojun tapped his son’s forehead lightly and said, “If your father hears this, he will definitely beat you up.”

“Dad doesn’t dare to beat me. If I tell grandpa and uncle, they will chase him and beat him.”

Shen Xiaojun: “...”

The little guy relies on the protection of his elders and is not afraid of his mother’s threats at all.

“Okay, you want to go home with the baby, it’s up to you, but don’t play too late, you have to go to school tomorrow.”

“Mom is going shopping with your Aunt Hai. Do you want to come along?”

“No, you guys are too picky when it comes to shopping. Let’s just play here and go back after you’re done shopping.”

Shen Xiaojun had no choice but to remind his son to be careful and not fall.

Keep an eye on Beibei.

She walked back to Serenity and sat down.

The other parents got up to look after their own children, leaving only two people on the flower-shaped chair.

“Let’s go upstairs and look around to see if there’s anything we want to buy.”

Shen Xiaojun suggested.

Serenity said, “There’s nothing much to see upstairs. It’s either food or clothes. There is a movie theater, but the three little ones are playing here, so I don’t feel comfortable going to the movies.”

“Take Beibei with you, and let’s go shopping upstairs. We won’t buy anything, but let those two kids play there. Someone will watch them.”

Serenity thought about it and agreed.

She got up and called her daughter out.

After giving her son a few more instructions and signaling the bodyguard to keep an eye on him, she took Beibei and her friend to the elevator to go shopping.

The Su family's invisible bodyguard met the Zhan family's bodyguard.

Everyone exchanged glances and pretended not to know each other.

Keep an eye on their little master and don't let them make any mistakes.

The two young ladies went upstairs, so I guess they won't stay around for too long.

There is really nothing to see upstairs. If you are not here to eat or buy clothes, there is nothing to see.

After walking around, I went downstairs.

Then, Serenity saw Zhan Yue and Zeng Xiaoya.

The two of them took the elevator upstairs. Zhan Yue was so focused on talking to Zeng Xiaoya that neither of them noticed Serenity who was taking the elevator downstairs across from them.

"Eighth Uncle."

Serenity didn't want to disturb Lao Ba and Dr. Zeng.

Who knew that Beibei, who was in her arms, would yell at Zhan Yue.

When Zhan Yue heard his niece's cry, he thought he had misheard.

How could Beibei be in the Wancheng Supermarket? There are so many people here, and the nanny would not bring Beibei here.

"Eighth Uncle."

Beibei yelled again.

Zhan Yue was sure that he had heard correctly, so he turned his head and saw Beibei, his sister-in-law and Sister Jun.

However, the distance between them, up and down, has already widened.

Serenity nodded and smiled at her brother-in-law.

Zhan Yue smiled back and waved to his little niece.

Beibei wanted to go talk to her eighth uncle, but Serenity wouldn't let her. She said softly, "Eighth uncle is busy. Beibei, be obedient and don't disturb him."

Uncle Eight is trying to woo Aunt Eight for her.

When Zeng Xiaoya turned her head, Serenity and Shen Xiaojun had already left with Beibei in their arms, and she did not see Serenity's face.

Ask Zhan Yue: "Who did you greet just now?"

"My sister-in-law, she came to the supermarket with her children."

Zhan Yue brought Zeng Xiaoya to see a movie.

Married at First Sight Chapter 4918

He bought two movie tickets, which happened to be the movie Zeng Xiaoya wanted to see but never had time to watch.

Zhan Yue said that it was his second aunt who gave him the movie tickets, and that his second uncle and second aunt originally wanted to watch the movie, but they both couldn't come at the last minute, so they gave him the movie tickets and asked her to come along.

Zeng Xiaoya didn't doubt this statement at all.

Because Second Aunt cooperated with Zhan Yue to lie and deceived Zeng Xiaoya that it was really her who bought the movie tickets.

"Your sister-in-law, is it Serenity?"

"Um."

"I heard that even after becoming the eldest young lady, she still maintained her lifestyle and was very down-to-earth. She helped your eldest brother become down-to-earth as well."

“Well, my sister-in-law formed her living habits over twenty years before she married my eldest brother. How could she possibly erase those twenty years of habits in just a few years?”

“I think this is great. When we were little, grandma would often take us everywhere and play with other children.”

Their family members protect them very well and don't allow the media to take photos of them from the front, but that doesn't mean they don't go out or socialize with others.

They are just like other children. They can do whatever they want and play whenever they want without any psychological pressure.

Anyway, they know that if the sky falls, grandma will hold them up.

Zeng Xiaoya now understands the Zhan family more and more.

She was curious, so if she asked Zhan Yue, he would tell her.

The two went to the cinema.

Zhan Yue bought some snacks, and the two of them checked their tickets and went to Studio No. 1 as instructed.

It's not very big inside and there's still a lot of space.

After sitting down, Zeng Xiaoya's cell phone rang.

She took out her cell phone and looked at the caller ID. It was Senior Lin calling.

Zhan Yue also saw it with his sharp eyes.

He didn't speak.

It's Zeng Xiaoya's freedom to answer the call or not.

Not to mention that he hasn't succeeded in pursuing his wife yet, even if he succeeds and Zeng Xiaoya marries him, he will give her enough freedom and independent space and will not restrict her.

He believed that once she became his wife, she would love only him for the rest of her life, just like he did.

Zeng Xiaoya hesitated for a moment, but still answered the call from Senior Lin.

“Senior Lin.”

“Doctor Zeng, it’s me, Yuehua.”

Yuehua’s voice came from the other end of the phone, but it was not Senior Lin.

“What’s up?”

Zeng Xiaoya asked indifferently.

“Doctor Zeng, I’m at the Supreme Bar. Our Doctor Lin got drunk here. Someone at the bar randomly called someone on his phone, and they happened to call me, asking me to go to the bar and pick him up.”

“I came to the bar, but Dr. Lin refused to let me take him back. He said he wanted you to pick him up. Dr. Zeng, Dr. Lin is so drunk he can’t even walk. Can you come pick him up?”

“You just need to come over here and I’ll take care of him.”

Zeng Xiaoya frowned and refused: “Senior Lin is drunk, please take care of him. Don’t worry about what he says, just take him back. I’m busy and can’t go to pick him up.”

If there is one, there will be two.

Whenever she went to pick up Senior Lin and take him home, Senior Lin would think that he still had a chance and would just keep pestering her and refuse to give up.

But she really didn’t love Senior Lin and couldn’t return his feelings.

If you don’t love him, don’t accept him. If you don’t want to accept him, don’t give him any hope.

You have to coldly and ruthlessly reject any of his requests, so that he will give up and accept the feelings of other women.

“But Dr. Lin won’t let you come pick him up. Dr. Zeng, please, come.”

Yuehua looked at the object of her affection with great heartache.

He was drunk, lying on the table, mumbling “Xiao Ya, Xiao Ya.”

He really loves Dr. Zeng.

It's a pity that Dr. Zeng doesn't love him. No matter what he does, Dr. Zeng doesn't love him.

Married at First Sight Chapter 4919

"Yuehua, he was drunk and confused. He probably didn't even know who sent him home."

"I don't have to go there, and I don't have time to go there."

"You take good care of him."

Zeng Xiaoya hung up the phone after she finished speaking.

The movie started.

Zhan Yue asked with concern: "What's wrong?"

"Senior Lin got drunk at the Supreme Bar. Someone at the bar called Yuehua, the nurse who had a crush on him. Yuehua then called me and asked me to pick up Senior Lin and take him home."

"He was drunk, probably because of my repeated rejections, but I really couldn't go pick him up."

"As long as I go, he will think that I love him and am soft-hearted. He thinks there is still a chance, and he will be even more unwilling to let go and give up. But I really can't give him anything in return. I don't love him."

Zhan Yue said: "You are right to do this. If you don't love him, don't give him hope. Since someone has gone to pick him up, there is no need to worry about him."

He would rather go on Zeng Xiaoya's behalf than let Zeng Xiaoya go to pick up Senior Lin and take him home.

Zeng Xiaoya sighed, "Putting aside the feelings, Senior Lin is a genuinely good person, very hardworking, and very outstanding."

“But he’s not my type, and I don’t want to think about relationships right now.”

Having been hurt in love once, she is very cautious about relationships.

“I heard from my second aunt that his family wasn’t very well off. The whole family supported him to become a university student. He is the most beloved member of his family. Friends and relatives always ask him for help when they have any problems.”

“You can’t blame him for this. No one can choose their own birth.”

“His family of origin is like that. It’s not something he could choose, and it’s not his fault. It’s just that he’s under too much pressure and has too many people to support. Most people would still look down on him.”

Zeng Xiaoya said softly, “I can’t accept it either. I feel like if I marry him I have to work with him to alleviate poverty. I just want to find someone I can talk to and support each other with, not someone I can help alleviate poverty with.”

“In fact, this situation was caused by Senior Lin’s indulgence. He always felt that he had made it big and wanted to help his relatives. That would also make his parents look good.”

“It’s okay for my brothers and sisters to help out when they are able, but he takes on too much. There’s no need for him to take on everything himself.”

“He’ll be very tired later.”

“When he really gets married and has a family, his wife may not be able to tolerate his relatives and friends like he does. He takes everything on himself, and even the best-tempered woman won’t be able to tolerate that over time.”

Zeng Xiaoya was very sober.

She knew that once she was with Senior Lin, the relatives of the Lin family would trouble her and use her connections to get her a job or get medical treatment through the back door.

She helped, but it only caused trouble for herself, and it was constant.

If she doesn’t help, the Lin family’s relatives will accuse her of being unkind and uncaring. Senior Lin will also blame her. He will not stand on her side and will only choose his relatives.

Because she saw through this, Zeng Xiaoya never considered Senior Lin.

“That’s right, you rejected him, and he will slowly let it go.”

Zeng Xiaoya was silent for a moment, then said, “I don’t know him. I have to go to work tomorrow, so I don’t have the energy to care about him.”

“He sees you as a love rival and brings you trouble. Mr. Zhan, I’m sorry. It’s all because of me that you’re being targeted by Senior Lin.”

Zhan Yue smiled and said, “It’s okay, I’m not afraid of him. If he glares at me, I won’t lose a piece of meat.”

“He sees me as a rival in love, but I consider it an honor because Dr. Zeng is a very good doctor and deserves it.”

Zeng Xiaoya smiled and said, “I’m not as good as you say.”

“Mr. Zhan, please don’t argue with him when he talks nonsense to you.”

Married at First Sight Chapter 4920

Zeng Xiaoya did not love Senior Lin and rejected his feelings, but the two had known each other for many years and were in a senior-junior relationship.

She didn’t want Senior Lin to be suppressed by the Zhan family because he regarded Zhan Yue as a love rival and became more disrespectful to him.

In the eyes of ordinary people, Senior Lin is very successful, but in front of the wealthy and powerful families, Senior Lin is still a small ant. It is easy for them to destroy Senior Lin’s career and discipline him.

Even though I know that the Zhan family has a good family tradition, the children raised there will not be unable to distinguish right from wrong and bully others by taking advantage of their power.

Zeng Xiaoya still pleaded for Senior Lin in advance.

Zhan Yue said, “Don’t worry, I won’t bully you. I’m very generous. Senior Lin is jealous of your kindness to me, so he treats me as a love rival and treats me rudely.”

Zeng Xiaoya smiled and said, “I also know that Mr. Zhan is a generous person. I was just being overly suspicious.”

“You’re quite nice to Senior Lin.”

“He’s a senior after all. He didn’t do anything wrong. He just fell in love with someone who didn’t love him.”

She just didn’t want to ruin a promising man who was supported by the entire family. For the Lin family, Senior Lin was their hope and their place to stay when they were sick and went to the city for treatment.

Senior Lin is a doctor, and almost all of his friends are doctors. For rural people, Senior Lin can help them a lot.

“Love is often like this: you like him, but he doesn’t like you. If you can be in love with each other, that’s even better. If not, it’s better to choose someone who loves you very much.”

“But I don’t recommend you choose Mr. Lin.”

“I know.”

“The movie has started. Let’s watch the movie instead of talking about him.”

Zeng Xiaoya didn’t want to discuss Senior Lin anymore.

Zhan Yue actually didn’t want to discuss his love rival, but when he discussed it, he could clearly see Zeng Xiaoya’s attitude towards Senior Lin. He felt relieved knowing that there was no possibility of the two of them being together.

Zhan Yue and Zeng Xiaoya were watching a movie over here. In the bar over there, Yuehua said helplessly to the boss: “Doctor Lin, Doctor Zeng said she is busy and asked me to take you home.”

“Or, let’s go back and I’ll take you home.”

Lin Jian was drunk, but still sober enough to know that Yuehua had called Zeng Xiaoya.

He didn't stop her. He really hoped that Zeng Xiaoya would come to the bar to pick him up.

She came, at least because she cared about him and was worried that something might happen to him.

He still has some hope.

However, Zeng Xiaoya refused and she would not come.

She was on vacation today. What was wrong with her? She just didn't love him, so she refused. Or maybe Yuehua was already by his side.

"Boss, go back. You're drunk. Go back and get some rest. You still have to see a doctor tomorrow."

Lin Jian lay on the table motionless.

After a while, he said, "Yuehua, can you give her another call and ask her what she's busy with? It's still early, so I can wait a little longer. She can come pick me up when she's free."

"She's not working today. She's on her day off. She's free."

Yuehua looked at him and felt sad.

Dr. Lin was jealous of others, and she was jealous of Dr. Zeng.

During the day, Dr. Lin went to see Dr. Zeng. When he came back, he was in a low mood. He closed the door before dark and went to the bar to drink.

He drank without eating. Drinking on an empty stomach makes one drunk easily.

Married at First Sight Chapter 4921

"Doctor Lin, you know that Doctor Zeng doesn't love you, so why bother?"

Yuehua said with a heartache: "Can't I take you home? Or are you afraid that I will eat you if I take you home?"

“Don’t worry, I will wait until the day you accept me. I won’t sleep with you when you’re drunk. I won’t do that.”

Senior Lin’s face turned a little red.

It seemed like Yuehua was right.

He knew that Yuehua loved him very much, just like he loved Zeng Xiaoya, and he also loved Zeng Xiaoya very much.

I feel that he and Zeng Xiaoya are a match made in heaven.

To be honest, he planned to pursue Zeng Xiaoya as soon as he met her, but she had a boyfriend at that time.

It would be difficult for him to openly interfere and become a mistress.

When Zeng Xiaoya’s boyfriend found someone else and no longer wanted her, they broke up and he was so happy.

Be happy secretly.

On the surface, she went to comfort Zeng Xiaoya, but scolded her boyfriend in front of Zeng Xiaoya.

Over the years, he has always been by her side, caring about her, and going to her house every day to show his presence. Everyone in her family knows him.

Even those who often went to see her second uncle knew him.

His Sima Zhao’s intentions were known to everyone.

However, when he confessed his feelings, she refused, again and again.

She said that if she didn’t love him, she didn’t love him, no matter how much he did, she would never love him.

Why?

Is he not good enough?

Or is he not good enough to her?

At a young age, he owns his own clinic, has bought a house and a car in the city, and has some savings. He has already defeated countless peers.

Many of my classmates are still working in big hospitals to gain experience. He achieved financial freedom and did not need help from his family to buy a house or a car. He became the most promising child in his family. Relatives all praised his parents for giving birth to such an outstanding son.

There is no need to worry about future retirement issues. He transfers a sum of living expenses to his family every month, which is something many people cannot earn in a month.

He is so outstanding, but Xiaoya still doesn't love him.

She must have fallen in love with the guy named Zhan. That guy is a parasite. Oh, he is a parasite who lives off his cousin and his wife. I have never seen such a shameless person.

Others rely on their parents, but the man surnamed Zhan relies on his brother and sister-in-law, and they are cousins.

What's the point of a man like this being handsome?

But many people only look at faces. When they see a handsome guy, they are so fascinated by him that they ignore his shortcomings.

"Yuehua, am I really ugly?"

Senior Lin touched his face and said, "I'm not as handsome as the guy surnamed Zhan. I don't know how the guy surnamed Zhan got such good looks. I doubt he had plastic surgery. How can a man be so handsome?"

"He's tall and has a surprisingly good temperament. Looking at him, I always feel that he has a successful career."

"But he said he doesn't have a job and just helps his cousin's wife collect rent. His cousin's wife is very rich, but she is his cousin. How can he afford to eat her?"

Yuehua listened to him complaining and then sat down.

“Doctor Lin, you can’t force relationships. If Dr. Zeng doesn’t like you, that’s her business. It has nothing to do with anyone else. Dr. Lin is very good, but Dr. Zeng doesn’t like you. You can’t force her, right?”

“Just like the two of us. I love you very much, but you rejected me. In fact, we are a perfect match. You are a doctor and I am a nurse. We are partners at work.”

“It’s wonderful to be a couple in life and still support each other.”

“Is it because I’m not pretty enough, or because I’m not good enough to you, or because my work ability is too poor that makes you look down on me?”

“And why?”

Senior Lin was speechless.

He didn’t dislike Yuehua, but he didn’t like her enough to marry her.

He thought Yuehua was a bit like Voldemort, always listening to her mother and spending the money she earned on her brothers.

Although he has made a lot of money, it is also earned through hard work, not by the wind. How can he let his future wife use it to subsidize her family?

Married at First Sight Chapter 4922

Senior Lin despises Yuehua’s original family, but ignores the fact that his own original family is the same as hers.

In Yuehua’s words, in fact, they are the two who are well-matched.

“It’s annoying.”

Senior Lin laughed at himself. He picked up the bottle, filled the glass with wine, and asked Yuehua, “Would you like a couple more drinks? I can still drink. How about we drink until we’re drunk?”

“Tomorrow, if you don’t have the energy to go to work, I’ll give you a day off.”

Yuehua said to him, "Doctor Lin, you are already drunk now. You won't come back until you are drunk."

"I can't drink. If I drink, we won't be able to go back. I need to drive."

After Lin Jian finished his glass of wine, Yuehua snatched his glass and said, "No more drinking, let's go back."

She stood up and stretched out her hand to pull Lin Jian.

Lin Jian struggled for a few times, but was still helped out by her.

Before he even stepped out the door, he felt nauseous, nauseous, and wanted to vomit.

Unable to bear it any longer, he immediately covered his mouth, turned around and ran to the bathroom.

He had been to this bar several times and was familiar with it.

Lin Jian was vomiting violently in the bathroom, his morning sickness was even worse than other people's.

After finally stopping vomiting, he washed his face and felt much more sober.

Looking at myself in the mirror, I don't have any of my usual high spirits.

"Xiaoya, am I really that bad? Why don't you like me? I work so hard for you..."

"What's so good about the guy named Zhan? He bought the house above yours for other reasons. He's clearly in love with you, and you're treating him like a patient."

Zhan Yue regarded him as a love rival, and he could feel the hostility.

He also regarded Zhan Yue as his love rival, and whenever he saw Zhan Yue, he wanted to scratch his handsome face.

What does a man do when he looks so good?Stealing someone else's sweetheart?

"Boss, are you okay?"

Yuehua's worried voice came from outside.

Lin Jian suddenly felt very cheap.

The person he loves doesn't love him, but he still sticks to her happily.

But he doesn't love those who love him, and he ignores other people's concern.

God is playing tricks on him.

After washing his face with cold water several times, Lin Jian walked out of the bathroom.

"I vomited it all. I washed my face with cold water and I feel much better now."

Yuehua felt heartbroken when she saw him vomiting until tears came out.

Take out a tissue and wipe his mouth.

"Boss, drink less alcohol in the future. We medical students all know that drinking is harmful to the body."

"What's the point of getting drunk for Dr. Zeng? She won't even come to pick you up."

Lin Jian remained silent.

Yuehua considerately helped him out.

After leaving the bar and getting in the car, he sat in the passenger seat and let Yuehua drive. She hadn't drunk any alcohol.

Fortunately, she can drive.

She learned to drive after she started working at his clinic. After passing the test, she bought a used car for transportation. She said that it is easy for a novice driver to have problems on the road, and a used car is an old car, so it would not be so painful if it had some bumps and bruises.

She plans to buy a new car in the future.

But almost all of her money is used to support her family. When will she be able to save enough to buy a new car?

She was afraid that once she saved enough money, her mother would call her and she would transfer the money to her mother.

Married at First Sight Chapter 4923

Senior Lin leaned against the car door, looking at Yuehua's profile.

She is not as good-looking as Zeng Xiaoya, and does not have that kind of good fortune, but she is not ugly either. In terms of appearance, the two of them are quite a match.

"Yuehua, live for yourself from now on. Save your salary. You are not a child anymore. If you don't have some money when you get married, your married life will be very difficult."

"It's reasonable for you to support your parents, but your brothers are not your responsibility. Don't worry about them."

Yuehua glanced at him, then looked at his car intently without saying a word.

Senior Lin was still chattering on about profound principles.

"How much do you earn a month? You work so hard, but you're reluctant to spend more. As soon as your mother calls, you immediately transfer your salary to her. If it's not enough, you have to borrow from me or my colleagues."

"I'm telling you, when your family asks for money, you can give them a few hundred yuan. If they ask for more, just say you don't have that much. You need to know how to cry poor. Don't you have to pay for rent? Don't you have to pay for food?"

"You should spend your hard-earned money on yourself first, and save any extra. If your family really needs help, you can give some of it to help them."

"Don't just give to your family. If your mother keeps asking for more and more, and you satisfy her, she'll think you're living a carefree life and earning a lot of money."

“You said you spent the money you transferred to your mother on her, which is understandable. After all, she is your biological mother. But most of the time, you spend it on your brothers. They are not your obligation, and you live a hard life.”

“Look at how many years you’ve had these clothes. You’ve been wearing them since you started working at my clinic. You’ve still been wearing them for so many years, and you can’t even get two new clothes a year.” Look at Ye Qi. She spends all her salary on herself. She lives a very carefree life.”

Yuehua was silent for a moment before saying, “She comes from a well-off family. Her parents are supporting her and have bought her a house and a car. She comes out to work purely to kill time. How can she compare?”

“Boss, please stop criticizing me. I know what I’m doing. Before marriage, I’ll use the money I earn to support my family, but after marriage, I won’t be helping my family like I am now.”

“I’ve also told my parents that once I get married, I’ll only give them a few hundred yuan during festivals. I won’t be giving them as much as I do now. I’ll have my own family, so of course I’ll put my own family first.”

“Their property was left to my brother, so of course it’s my brother who will take care of him in his old age. My married daughter can just go back and visit occasionally and buy some small gifts. The property was given to my son, so it’s his responsibility to take care of him in his old age.”

This is the case in Yuehua’s hometown. Every household arranges it this way. All the property is given to the son, and retirement support is also the son’s responsibility. Daughters will not be asked to provide for them. Daughters can do whatever they want and give whatever they want.

“Boss, when your family needs help, can you not help?”

“You can’t do that either. When you persuade others, you can talk a lot of big truths, but you ignore yourself. In fact, boss, you help your family and relatives more. I think Dr. Zeng still doesn’t accept your feelings.”

Yuehua paused and continued, “I just feel that your family of origin will be a burden. You have a high income, but you have too many relatives to help. Look at your relatives, they call you whenever they have a headache or fever.”

“They come to Wancheng for medical treatment and ask you to arrange for them to see a doctor. If they need medicine, they get it from your clinic. Most

importantly, they don't bring any money with them, so you pay for their food, accommodation, and medical expenses."

"If they need to be hospitalized, we, the people you work for, will need to help deliver meals to them."

Married at First Sight Chapter 4924

"Boss, are you tired? Do you feel annoyed? I think you must feel annoyed because you can't stand me helping my family."

"It's just that you're not good at resisting. You keep giving in and backing down. It's also because of your vanity. You want everyone to know how capable and talented you are, so that your parents can show off back home."

"I'm not afraid of the boss getting angry. We're the same kind of people and are suitable for each other. Dr. Zeng's family is well-off, and everyone in her family is successful. She doesn't need to subsidize anyone like we do."

"She absolutely cannot tolerate our behavior. She can tolerate it once or twice, but not countless times."

"The so-called being well-matched is not just talk; it's really important."

"I know the boss likes Dr. Zeng sincerely, but you also have selfish motives. You thought that if you marry Dr. Zeng, you could ask Dr. Zeng to arrange for your relatives back home to see a doctor or be hospitalized in the future."

"You can find better and more advanced doctors to treat your relatives and friends, so as to show off your ability and give your parents more capital to brag about your achievements."

"You said my brother is not my obligation. I know that is not my obligation. The money is given to my parents, so it belongs to my parents. I don't care who they give it to."

“Similarly, are your brothers and sisters your obligation? Don’t even mention that your entire family is supporting you alone. Do your brothers and sisters have no money to study, or don’t want to study, or can’t continue their studies?”

“How much have they paid for your education? Haven’t you given enough back over the years? I know all the living expenses you give to your parents and your siblings every month.”

“You can say that you use one-third of your clinic’s monthly income to subsidize them. It’s also thanks to you that you’ve been visiting Dr. Zeng’s home for two years and learned a lot from him that your clinic’s income is increasing.”

“So, Boss, stop thinking about Dr. Zeng. Let it go. She’s not right for you, and you’re not right for her.”

“Relationships shouldn’t be forced. As the saying goes, a forced melon won’t be sweet. You two have different values and unequal family backgrounds. Even if you really stay together, you’ll end up getting divorced sooner or later.”

“Besides, you don’t even have a chance to force it. Do you dare to force Dr. Zeng? The Zeng family will make it impossible for you to survive in the medical field.”

Senior Lin was silent.

Yuehua tilted her head to look at him twice, and seeing the pain on his expression, she stopped talking.

She and he are the same kind of people.

She didn’t abandon him, Voldemort, and he didn’t dislike her being Voldemort.

Since he can’t stand her Voldemort-like behavior, then he shouldn’t behave like Voldemort. It’s okay for him to do it himself, but not for others to do it.

She is indeed Voldemort now, but that is before she gets married. Once she gets married, she will no longer help her original family like she does now.

Parents are aware of this, too.

Maybe they know that once their daughter gets married, they will no longer give money to the family, so her parents are keeping a close eye on her income every day, wishing to squeeze her dry before she gets married.

Yuehua admitted that her family background was not good, but what could she do? She did not have the right to choose her birthplace.

Married at First Sight Chapter 4925

The car became quiet.

Soon the sound of Lin Jian snoring was heard, he fell asleep.

It is easy to fall asleep when you are drunk.

Yuehua turned up the air conditioning in the car, fearing that he would catch a cold while sleeping.

I don't know if he listened to what the two of them said just now?

Yuehua hopes that Lin Jian can let go of his feelings for Zeng Xiaoya, as Zeng Xiaoya will never accept him.

Zeng Xiaoya now has a Mr. Zhan by her side. Although she has never met Mr. Zhan, she learned from Lin Jian that Mr. Zhan is very handsome. Lin Jian doesn't know what his family conditions are like.

However, all the shops on Wansheng Street belong to Mr. Zhan's cousin's wife.

Lin Jian always said that Mr. Zhan was a useless person who relied on his parents, brother and wife to support him. He just relied on his good looks to cheat on girls.

It is said that Zeng Xiaoya would be deceived by Mr. Zhan's handsome face.

He also complained that he went to the Zeng family clinic every day, but couldn't coax Aunt Zeng. As soon as Aunt Zeng saw Mr. Zhan, she obviously sided with Mr. Zhan.

It's because their female compatriots are obsessed with looks and are tolerant of handsome guys.

Returning to the residential complex where Lin Jian lived, Yuehua drove Lin Jian's car, which allowed her to drive directly into the complex.

She was a nurse at the Lin Family Clinic, where she had worked for several years. She admired the boss and knew him very well.

She drove directly into the garage, found the parking space that Lin Jian had bought when he bought the house, parked the car, and then pushed Lin Jian and called out, "Doctor Lin, we're at your residence. Wake up."

Lin Jian was sleeping soundly and didn't wake up even though she pushed him.

Yuehua had no choice but to get out of the car first, walked around the car body to the passenger seat, opened the door, leaned in and struggled to help Dr. Lin out of the car.

After getting off the car, Lin Jian woke up for a moment, and soon leaned his head on Yuehua's shoulder again, allowing her to support him as he walked towards the elevator.

Almost all of his body weight was on Yuehua, making it very difficult for her to support him. It took a lot of effort for her to help him to the elevator.

Fortunately, Lin Jian's house is only a few meters away from the elevator.

The key to Lin Jian's house was strung together with his car keys. Yuehua used the key to open the door. When she turned around, she saw her doctor Lin lying on the ground in a deep sleep.

Yuehua bent down helplessly to help him up, but failed. She gave up and waited until she entered the house before grabbing Dr. Lin's legs and dragging him into the house.

She didn't close the door until she reached the sofa.

Even so, Dr. Lin did not wake up.

Yuehua, feeling a little tired, returned to the sofa and sat down. Looking at Dr. Lin lying on the ground and still sleeping soundly, she felt both amused and distressed, and more of a sense of sadness.

The reason he was in such a mess was because of Dr. Zeng.

But Dr. Zeng had no romantic feelings for him.

It has been so long and Dr. Zeng hasn't even called. Anyone who has some feelings for him would call to ask if he has returned home.

But Dr. Zeng didn't call.

But he didn't give up.

She said that they were the same kind of people, but he looked down on her in his heart. He was under so much pressure, and no girl from a slightly better family would marry him.

It was good that He Yuehua did not dislike him.

After sitting for a few minutes, Yuehua stood up and poured herself a glass of warm water. Then she helped Dr. Lin up and back to his room.

She came here several times, but never entered Dr. Lin's room.

Married at First Sight Chapter 4926

The master bedroom is the largest in the suite.

Dr. Lin's room was decorated simply and elegantly. As soon as He Yuehua entered the room, she saw the walls covered with photos of Zeng Xiaoya. Those photos were enlarged and pasted on the wall.

There are photos of Zeng Xiaoya when she was young and some are recent. Without asking, you know that it was Dr. Lin who secretly took photos of Zeng Xiaoya, posted them secretly, and posted them in his room.

Looking at the wall full of Zeng Xiaoya's photos, Yuehua was in a low mood and was greatly shocked. She barely helped Dr. Lin to the bed, but she had no strength to support herself. As soon as her hands loosened, Lin Jian fell onto the bed.

"Do you really love Dr. Zeng that much? You actually took so many pictures of her secretly and posted them on the wall of your room."

Yuehua muttered to herself sourly.

There was also a group photo on the bedside table. There were many people in the photo, probably all of them were alumni from the same school. Lin Jian was quite close to Zeng Xiaoya, with only one person between them.

This photo was framed and placed on the bedside table, which showed how much Lin Jian valued this photo.

Perhaps it was the most recent photo of him with Zeng Xiaoya, so he took it seriously.

In addition to this alumni photo, there is also a photo album.

He Yuehua sat down on the edge of the bed, picked up the photo album and opened it. Without exception, they were all photos he had secretly taken of Zeng Xiaoya and then posted online.

It was only when I flipped to the end of the album that I saw a few photos related to the clinic. I could see her and another colleague, but they were mainly photographed inside the clinic, and they were included in the photos.

This is incomparable to the walls full of photos of Zeng Xiaoya.

After reading this photo album, Yuehua's sourness was pushed to the highest point.

She couldn't help but pinch Dr. Lin's face and said, "I've loved you for so many years, waiting for you to give up on Dr. Zeng, waiting for you to discover my goodness, waiting for you to understand that Dr. Zeng is not suitable for you, and only I am the best for you."

"You, on the other hand, hold Dr. Zeng at the top of your heart, and her photos are all over the room."

"You got drunk for her, but she didn't even call you to show her concern."
"I'm the one who sent you home. How am I inferior to Dr. Zeng?"

Family background?

Well, her family background is indeed not as good as Dr. Zeng's.

Dr. Zeng comes from a medical family. All his family members are doctors and they also run clinics. He has a good family background and good connections in the medical community.

Even after being pinched on the face by He Yuehua, Dr. Lin did not wake up. She was so angry that she lowered her head and bit him on the face.

The bite woke Dr. Lin up, but he was still groggy. He opened his eyes and saw a woman standing by his bed, murmuring Zeng Xiaoya's name.

He raised his hands and hugged He Yuehua, and she climbed on him passively.

"Xiaoya...I love you..."

Doctor Lin was still murmuring words of love to Zeng Xiaoya.

He Yuehua had a flash of thought and covered his mouth without caring about anything else.

He was drunk and mistook her for Dr. Zeng, and she wanted to make things a fait accompli with him.

That way, Dr. Lin would only be responsible for her, and she could also become the boss lady of the Lin family clinic from a nurse.

After getting married, she will definitely not bear the various expenses of the family anymore, and her life will get better and better.

Thinking of this, He Yuehua actually went to pull Dr. Lin's clothes.

Unfortunately, Dr. Lin was very drunk. After hugging and kissing her, he fell asleep again. No matter how she pushed him, pinched him, or touched him, he did not react.

A man who is really drunk cannot have sex after drinking.

Married at First Sight Chapter 4927

He Yuehua studied medicine, so she understands it.

This has also been verified at this moment.

Finally, she had no choice but to give up, but she did not leave. She slept in the same bed with Dr. Lin in her clothes. She would wait and see how Dr. Lin would treat her tomorrow.

Zeng Xiaoya didn't know about these things. She knew that He Yuehua was with Senior Lin and would take good care of him and send him home.

She and Zhan Yue finished watching a movie and it was already ten o'clock when they came out of the cinema.

Zhan Yue suggested going out for a midnight snack, but she declined.

"I only eat midnight snacks when I work the night shift. I don't eat midnight snacks on other days because I'm afraid of gaining weight."

Zhan Yue smiled: "Actually, I rarely eat midnight snacks. When I'm entertaining people, I just have a couple of drinks and don't eat too much."

"Doctor Zeng, you are very self-disciplined in your life, right?"

Zeng Xiaoya was still savoring the movie, and as she walked, she said, "It's okay. After all, I'm a medical student, and I know that a good or bad lifestyle has an impact on a person's health."

She has a very regular lifestyle and pays attention to her diet.

I rarely eat out, not because I'm worried about hygiene, but because I feel that food outside is often high in oil and salt.

Of course, she has the conditions to do so, as her workplace is very close to her home.

"I'm usually busy with work and haven't paid much attention to my health. When I'm busy, I work day and night. Doctor Zeng, it's great to know you. We'll be neighbors upstairs and downstairs from now on, so you have to remind me to take care of my health."

"I don't want to age prematurely."

Zeng Xiaoya looked at him and smiled, "Mr. Zhan is in very good condition, much better than when you were admitted to the hospital."

“That’s because I rested in the hospital for a long time.”

“If you have any questions about health, you can ask me.”

“Then I won’t be polite to Dr. Zeng anymore.”

Zeng Xiaoya said, “We will be neighbors from now on. Please call me by my name, Mr. Zhan, instead of Doctor Zeng.”

“Then let’s call each other by our first names from now on. I will definitely ask Dr. Zeng for help with any health-related issues. Oh, I can’t change my mind for the time being.”

The two chatted as they walked, and soon took the elevator down to the first floor.

There are far fewer children playing downstairs than at around seven o’clock, and most of them have been taken home by their parents.

Zhan Yue looked around and didn’t see his nephews and nieces. He knew that his sister-in-law had already taken them home.

“Actually, if you have any questions, ask Dr. Cheng. You’ll get more and better help. Her medical skills are better than ours. Even my grandparents at home give Dr. Cheng a thumbs up when they mention her. They admire her very much.”

Zeng Xiaoya’s grandparents are famous traditional Chinese medicine practitioners and leaders in the medical field. They admire Dr. Cheng, a younger generation. This shows the status of Cheng Lingling in the hearts of these medical students.

Zhan Yue said, “Our family has close ties with the Jun family, but Dr. Cheng is very busy, so it’s not good to trouble her with even the smallest matters.”

“I would only bother Dr. Cheng to come and see me if my grandma was feeling unwell.”

“How dare we bother Dr. Cheng so easily?”

Zeng Xiaoya thought about it and it made sense.

There is really no need to bother Dr. Cheng with small matters.

Married at First Sight Chapter 4928

“Your family should have a family doctor, right?”

She heard that wealthy families all have family doctors, and minor illnesses are treated by family doctors without having to go to the hospital.

If these rich people have to go to the hospital, it means big problems.

“Yes, I do, but I trust your medical skills more.”

Zeng Xiaoya smiled and said, “You think too highly of me. A young doctor like me actually hasn’t gained the trust of many patients. When I’m on day shift, patients often make appointments with me because other doctors’ appointments are already full.”

“They had no choice but to call me because they were in a hurry.”

But it’s better now. She has the real talent. She was born in the medical world and has heard and seen it since she was a child. Even before she graduated, she has had a lot of experience in seeing patients.

Sometimes when my second uncle is not in the clinic and there are patients coming to see a doctor, she is the one who treats the patients at home.

So those patients who had made an appointment with her, after being examined by her, found that she was careful in her diagnosis and used the right medicine, and the patients’ conditions improved, so they gradually began to trust her as a young doctor.

Now more and more patients are registering with her.

“It’s just temporary. I believe that in another six months, more and more patients will trust you.”

Zhan Yue was very confident in Zeng Xiaoya’s medical skills.

She is a young doctor, but she has studied medicine since she was a child and has more experience than other doctors.

His trust made Zeng Xiaoya turn her head to look at him twice.

The two walked out of the supermarket. It was still very lively outside, with lights and wine everywhere. Many people's nightlife had just begun.

Zeng Xiaoya had to go to work tomorrow, and Zhan Yue also had to go to work. The two of them didn't stay outside any longer and went straight home. Zhan Yue first sent Zeng Xiaoya home, and only left after watching her get out of the car and enter the Zeng family's gate.

The clinic had closed a long time ago. My second uncle was old, and he only ran the business until nine in the evening before closing.

But the couple had not gone to bed yet. Zhan Yue brought Zeng Xiaoya back, and they could see her from upstairs.

Uncle Zeng watched Zhan Yue drive away and said to his wife, "Doctor Lin has been trying to please us for two years and has been incredibly kind to Xiaoya, yet Xiaoya has never even gone out for a meal with him, let alone a movie."

"How long have we known Zhan Yue? Xiaoya went out to see a movie with him. Could it be that our Xiaoya also goes by looks?"

Second Aunt said, "What's wrong with looking at your face? I look at your face too. If you weren't good-looking when you were young, I wouldn't have married you."

Uncle Zeng: "..."

"Besides, what's wrong with Zhan Yue? He's much better than Dr. Lin. Love doesn't depend on who comes first. It all depends on whether you're suitable for each other and whether there's chemistry."

"Xiaoya and Zhanyue get along well and sparks fly. It's all about them appreciating each other."

"Doctor Lin is not bad, but he is not suitable for our Xiaoya. You men are rough and don't think too much. If you ask me, Xiaoya and Zhan Yue are a match made in heaven."

"Zhan Yue is not without ability. I've asked around and I know Zhan Yue is very capable at work. In addition to helping manage the Zhan family's business, he also has his own industry."

“The children of the Zhan family all have their own businesses. Alas, the outstanding children are always from other families. Our children... well, they are also very outstanding.”

Thinking about her own children, Second Aunt could not go against her conscience and put down her own children, because the children of their Zeng family were also very outstanding, just in different fields.

Uncle Zeng said, “Xiaoya is a doctor. It’s actually quite good to marry a doctor. You can discuss medical issues and make progress together.”

Aunt Zeng rolled her eyes at her husband and said, “If we want to discuss medical issues, we have so many doctors in our family, and they can’t help? If doctors marry doctors, everyone will be busy, and who will take care of the family?”

Married at First Sight Chapter 4929

“None of your sisters married doctors, and they married people in different professions.”

“As long as Xiaoya likes him, any profession is fine for her niece’s husband.”

Second Aunt Zeng continued, “I’m optimistic about Zhan Yue. Stop helping Doctor Lin behind the scenes. Our niece doesn’t love him!”

Second Uncle said, “I didn’t help Doctor Lin either. It’s just that he has some talent in this area. He asked me for advice, and I gave him some pointers. After two years together, we’ve become somewhat of a teacher-student relationship.”

“Xiaoya doesn’t like him, and I can’t help it. I’d say it was her ex-boyfriend who climbed up the social ladder. He hurt her so much that she still doesn’t dare to start a new relationship.” ”

Well, as long as she likes him, that’s good. If she truly loves Zhan Yue, that’s fine too. It’s better than being single forever.”

Second Uncle Zeng still felt sorry for his niece, worried that she’d been hurt by her previous relationship and afraid to marry.

Zeng Xiaoya had indeed not been alone with a young man in the past few years.

Zhan Yue was cunning, using the method of boiling a frog in warm water.

Actually, Doctor Lin did the same, but he couldn't cook Xiaoya, the frog.

Fate is a strange thing.

Some people can be together for years and still not spark, while others are in love at first sight.

"At the moment, it doesn't look like she's in love with Zhan Yue, but Zhan Yue is a gentle, good-looking, and refined man who easily draws attention."

"Zhan Yue also bought a house in Wansheng Garden and oversaw the renovations himself. He consults Xiaoya whenever he has questions, using these daily trivialities to gradually integrate himself into Xiaoya's life."

"He hasn't even confessed his feelings yet, for fear of scaring Xiaoya,"

Second Aunt Zeng observed carefully.

"But the look in his eyes when he looked at Xiaoya couldn't be fake. He might have fallen in love with our Xiaoya at first sight. His injuries weren't serious at the time, so he didn't need to be hospitalized for so long, but he stayed in for so long before being discharged. Maybe it was all for Xiaoya."

Uncle Zeng said, "He definitely did it for Xiaoya. Let's see. This is Xiaoya's life event. It depends on whether she likes it or not. No matter who she likes, as long as the man's conditions are acceptable, we'll agree."

"My eldest brother and sister-in-law also said that they value the man's family background more. The man's character is the most important, but family background is also very important."

"Zhan Yue is very good in this regard. Although the Zhan family is the most wealthy family in Wancheng, they are famous for their virtuous family traditions. The daughters of wealthy families dream of marrying into the Zhan family."

As he spoke, Uncle Zeng felt that Zhan Yue was the best match for his niece.

Looking across Wancheng, there were really few young talents who could surpass Zhan Yue.

Second Aunt turned and walked out.

“Where are you going?”

“To ask Xiaoya if the movie is good,”

Second Aunt threw back.

Second Uncle Zeng muttered, “You’re not going to see it, so what’s the point of asking? You asked me to buy the tickets, but you let Zhan Yue go.”

“Didn’t I give you back the money for the tickets?”

Second Aunt had already opened the door and walked out.

She had put in a lot of effort to coax Xiaoya and Zhan Yue to go to the movies.

After all, she helped Zhan Yue in every way she could.

Married at First Sight Chapter 4930

Zeng Xiaoya went upstairs and returned to her room. Before the door was closed, her second aunt knocked on the door. She looked over and saw that it was her second aunt and asked, “Isn’t she asleep yet?”

“How can I sleep if you haven’t come back yet? Your parents are not at home. Your second uncle and aunt are your parents. Your second uncle and aunt can’t sleep while you are out.”

Second aunt walked in with a smile, sat down next to Zeng Xiaoya, and asked, “Is the movie good?”

“It was good.”

“Did you come back after watching the movie?”

“Yeah, it was ten o’clock when we came out of the cinema. I have to go to work tomorrow, and Zhan Yue also has to go to work, so I came back. I rest early so that I can be in good spirits for work tomorrow.”

“Zhan Yue suggested going out for a midnight snack, but I said I usually don’t have midnight snacks if I don’t work the night shift, and I politely declined his suggestion.”

Second aunt nodded, knowing that her niece was very careful to take care of herself.

“Zhan Yue sent you back, right? Why didn’t you ask him to come in for a glass of water?”

“It’s so late, why not ask him? It’ll be late even if he gets home and takes a shower. Big bosses like them have a heavier workload and are busier, so they need to rest well.”

Zeng Xiaoya put down her phone. “Senior Lin asked his employee to call me. He was drunk and asked me to pick him up from the bar, but I refused.”

“Second Aunt, Senior Lin and I have known each other for many years. I have no ill will towards him, nor do I hate him, and I don’t want to hurt him, but I just can’t muster any love for him, so I can only reject him.”

“Since you’ve rejected him, you’re not giving him any hope, Second Aunt, am I doing the right thing?”

Zeng Xiaoya still felt that she had hurt Senior Lin.

But there was nothing she could do.

If she didn’t reject him to the end, Senior Lin would only keep pursuing her, which would waste Senior Lin’s youth.

Second Aunt said, “You’re doing the right thing. You’ve done nothing wrong. If you refuse, just refuse. Dr. Lin will gradually give up. He can’t hang on to you forever. His family won’t agree.”

Lin Jian often heard his parents urge him to get married.

He might have told them he had someone he liked. His parents even came to the Zeng family clinic, probably to see Xiaoya. Xiaoya hadn’t been transferred back to the hospital in Wancheng at the time, so they didn’t see her.

However, seeing that the Zeng family had a multi-story building and a clinic, and hearing that Xiaoya also had an apartment in Wansheng Garden, they were clearly

very satisfied with the Zeng family's conditions. After that, Lin Jian never mentioned the pressure from his family again.

Lin Jian was a rational and clear-headed man. He wouldn't waste too much time on Xiaoya. He

waited because he was young, but now he was older. He would only spend another six months on Xiaoya. If he couldn't win her over within that time, he would probably let her go.

The young nurse named Yuehua at the Lin family clinic was keeping a close eye on him. Who knew they could really end up together?

"He Yuehua called me tonight. She seemed very concerned about Senior Lin. She was obsessed with him. In fact, they are a good match."

"Never mind their business. I've already rejected him. Senior Lin will eventually give up. If he doesn't give up, I'll find myself a boyfriend, or a familiar friend who knows me well and has good character to cooperate with me in acting."

"Let him pretend to be my boyfriend, so Senior Lin will completely give up."

Zeng Xiaoya didn't love Lin Jian, but she didn't want to hurt him.

She still hoped that Lin Jian could find his own happiness.

Second Aunt smiled and said, "You can ask Zhan Yue to act with you. I see that Doctor Lin looks at Zhan Yue as if he is a rival in love. No matter your attitude towards Zhan Yue, if you ask him to pretend to be your boyfriend, Doctor Lin will definitely believe it."

Zeng Xiaoya: "...Second Aunt, Zhan Yue and I are not very familiar with each other, so I dare not ask him for help.

Married at First Sight Chapter 4931

"He usually asks me for advice on decoration and asks me to take him to buy some materials. We are just ordinary people. How can I ask him for this favor?"

"How do you know if he is willing if you don't try? Anyway, he doesn't have a girlfriend and he is not afraid of being misunderstood."

“Besides, in the eyes of outsiders, you two may have been regarded as a couple for a long time. Even your eldest brother thought Zhan Yue was your suitor when he came back and saw Zhan Yue last time.”

“We have discussed whether you and Zhan Yue are suitable for each other.”

Zeng Xiaoya said instinctively: “Of course not. He is the young master of the Zhan family. Our family conditions are good, but compared with his family, I still can’t afford it.”

“I haven’t thought about marrying into a wealthy family. The hardship and suffering of marrying into a wealthy family are not something that everyone can endure.”

Second Aunt smiled and said, “What if Zhan Yue likes you and really wants to marry you? Will you not accept his feelings? Our family is not as rich as the Zhan family, but it is not bad either. I think if Zhan Yue likes you, his family elders must be able to accept it.”

“Besides, people outside say the Zhan family elders are very open-minded. As long as the child likes it, the elders won’t interfere. Look at the Zhan family’s eldest young mistress. What status did she have when she married into the Zhan family?”

“She’s firmly secured her position as the Zhan family’s eldest young mistress. Now she has a son and a daughter, and her husband is deeply in love with her. She’s a winner in life for us women.”

“When she married the Zhan family’s eldest young master, no one knew she was a descendant of the Jiangcheng Feng family. Even though she was chosen by the old lady, she couldn’t predict the future.”

“No matter how much she’s been embellished later, her conditions were far inferior to yours when she married into the Zhan family.”

When Serenity married Zachary, it was truly Cinderella marrying the prince. The real gap between the couple was enormous.

Back then, not only was she unaware of her Feng family descent, she didn’t even know her aunt was Madam Shang. It was only after she married Zachary that she slowly learned that Madam Shang was her aunt. Even her

conditions back then were acceptable to the Zhan family. Zeng Xiaoya's conditions are far better now than Serenity's back then. Second Aunt doesn't think her children are inferior to others.

Zeng Xiaoya looked at her aunt and asked, "Second Aunt, why are you telling me all this tonight? Did Zhan Yue and I go out to see a movie? I didn't want to waste the movie tickets, and it happened to be the movie I wanted to see."

"We're no longer doctor-patients. We're just ordinary friends. We won't be boyfriend and girlfriend. He's the young master of the Zhan family, and he has high standards. I'm not a stunning beauty that could make him fall in love at first sight."

She thought her second aunt was saying all this because she and Zhan Yue had gone out to see a movie.

She really didn't think much of it. She

simply didn't want the movie tickets to go to waste.

Second Aunt Zeng smiled and said, "Second Aunt just thinks you two can get along well and talk to each other. If it's possible, then give it a try. Since you don't have such an idea, just think that Second Aunt is talking too much."

"Xiao Ya, although you are not a stunning beauty, you are also very good-looking. The type that is pleasing to the eye. This round face makes you look blessed and comfortable, not bad at all."

Zeng Xiaoya said with a smile, "I think Second Aunt is anxious to marry me off. I'm not in a hurry. If I meet a good man who is suitable for me and treats me sincerely, I will marry him. You can put your hearts back in your stomachs."

"I have been hurt in love once, but I still believe in love and fate. I usually say that I don't want to get married, but if I really meet the right one, I am still willing to believe in love again."

"There are disgusting people, but there are still good men. I don't believe that I won't meet a good man in the future. You can't let me always meet unfaithful men, right?"

Zeng Xiaoya knew that the elders in the family were a little worried about her. She just had a stable job now, and she didn't want to be distracted by love.

The most important thing is that she hasn't met a man who makes her want to believe in love again.

She can't really say whether Zhan Yue is a good person or not. After all, they haven't known each other for long. They're both busy and don't spend much time together. The time they do spend together is usually about renovations.

His behavior suggests he has good character, but whether he's right for her is still unknown.

Married at First Sight Chapter 4932

Zhan Yue's identity also prevented Zeng Xiaoya from having wild thoughts and dreams that were unrealistic.

Second Aunt Zeng knew that it was not the right time yet, and even Zhan Yue himself did not dare to confess his feelings, so she took over Xiaoya's words: "You invested too deeply in that relationship, but that was the result. When we just broke up, you were distraught, distracted, unable to eat or sleep."

"You secretly took medicine to regulate your sleep without

telling us. We were all very distressed, and we were really worried that because of a heartbreak, you would not dare to pursue happiness again." "Xiaoya, you are right. There are many unfaithful men, but there are still many good men."

"The unfaithful man left you, which means that you two are not destined to be together. He does not belong to you."

"You will find someone better than him and live a happy life. If one day, you meet again and he sees your happiness, let him regret it."

Zeng Xiaoya said calmly: "I don't care about him. Whether I live a good or bad life has nothing to do with him. Whether he regrets it or not is his own choice."

"Aunt, go back to bed. It's late. I need to rest early as well. I have to go to work tomorrow."

After Zeng Xiaoya's first love boyfriend got married, the two of them ran into each other outside. He looked at her with a bit of guilt.

She greeted him calmly and left without any extra words.

He didn't feel guilty, that was his business.

Through other people's gossip, Zeng Xiaoya also knew that his life after marriage was not really satisfactory. After all, he was climbing up the social ladder.

The hardship of climbing up the social ladder is not so easy to bear, and not everyone can endure it.

He chose to give up her and climb up the social ladder, so he had to endure the hardship of climbing up the social ladder.

As the saying goes, "Eat salty fish, and you'll be thirsty."

"Okay, you should get some rest too. Second Aunt is going back to rest."

Second Aunt Zeng stood up and went back to her room.

Her husband was waiting for her at the door.

Second Uncle really wanted to talk to his niece, but she had already gone back to her room. Even though they were uncle and niece, he wouldn't enter her room casually now that the child was older, so he waited for his wife at the door.

"How's everything?"

Second Uncle asked concernedly when he saw his wife return.

"What can we do? The matter hasn't even been decided yet. I'm just chatting with Xiaoya and hinting at it indirectly."

Second Uncle Zeng followed her back to the room and closed the door. He said, "If you ask me, it's better to find someone in the same industry, someone who is well-matched. Xiaolin, as long as he can handle it, is actually not bad."

"The main thing is that Xiaolin loves Xiaoya very much and has waited for several years."

"Don't mention him. That's his original family. He can't cut off his relationship with him. The most important thing is that your niece doesn't love him."

“If she doesn’t love him, she doesn’t love him. There’s no reason. As uncle and aunt, we just watch and don’t interfere so much.”

Second Uncle curled his lips and muttered softly, “I didn’t interfere, but it felt like you did. You were helping Zhan Yue.

Married at First Sight Chapter 4933

Second Aunt glared at her husband. “How did I help Zhan Yue? Where did you see me doing that?”

“Okay, okay, you didn’t. Don’t look like you’re going to kill me. Go to bed. You have to get up early tomorrow.”

Their clinic opened at seven in the morning, and they were up at six, taking a stroll around the neighborhood before returning for breakfast and starting their workday.

“Even if I helped Zhan Yue, it was for Xiaoya’s sake. Zhan Yue is just brilliant, he deserves our Xiaoya,”

Second Uncle said. “Look, you admit it yourself. You’re favoring Zhan Yue, and you told me not to favor Lin Jian.”

“Okay, okay, Zhan Yue deserves our Xiaoya. Go to bed.”

Second Uncle refused to argue with his wife over such a trivial matter.

Although he favored Lin Jian, his wife’s words were true: Xiaoya and Zhan Yue seemed a better match. At least

the Zhan family wouldn’t drag Zhan Yue down.

The Lin family, on the other hand, would.

Finally, the old couple found peace.

Zhan Yue returned to his home and sent a message to Zeng Xiaoya, telling her he’d arrived safely.

Zeng Xiaoya simply replied with a “hmm” emoji.

Even with just one emoji, it cheered Zhan Yue up, making him feel like she hadn't rested yet, just waiting for him to text her to let her know he was safe.

Zhan Bashao happily went into the house.

Within two minutes, his low cry was heard from the room: “Grandma, why are you here with me? You didn't turn on the light and scared me.”

He entered the room, turned on the light, and found the old lady lying on the sofa.

The old lady was obviously waiting for him to come back. She

must have been tired from waiting and fell asleep for a while. When Zhan Yue came back and turned on the light, the old lady's alertness made her wake up instantly. As she got older, the old lady also had a light sleep and would wake up at the slightest movement.

“What's with that expression on your face? You look like you've seen a ghost. Grandma hasn't turned into a ghost yet. In ten or eight years, when Grandma dies, it will be appropriate for you to change your expression to her when you see her.”

The old lady slowly sat up from the sofa.

Zhan Yue said, “Grandma, please stop saying ‘die, die, die,’ okay? I'm here with the lights off, and I didn't see your car parked outside, so how would I know you were inside?”

“I was startled to see you sprawled on the sofa,”

he said, walking over and sitting down next to the old lady. “Grandma, if you're tired, why don't you go back to your room and sleep? You're lying on the sofa. If you catch a cold, everyone will blame me.”

He hadn't caused Grandma to catch a cold, but since she caught it in his house, everyone would blame him.

His house would be the cause of her cold.

The old lady said, “I turned off the air conditioning. It's okay, she won't catch a cold. It's scorching hot in this weather.”

But even after falling asleep, she was still worried about catching a cold, so she turned it off.

If she did catch a cold, not only would she be miserable, but her children and grandchildren would also be worried.

Married at First Sight Chapter 4934

The old lady just doesn't want to make her children and grandchildren worry.

"I came here in the evening when your sister-in-law was free to take care of the baby. I came all night, but you didn't come back for a long time, so I had no choice but to wait."

"Grandma, do you have something to ask me? Just call me if you have anything. There's no need to wait here."

"Grandma should go back to her room to rest in the future. Don't sleep on the sofa. I have reserved a room for her. Everything in the room is cleaned every day. She can stay here anytime she comes." The

brothers would reserve a room for their grandmother in their small homes. No matter whether she comes to stay or not, the room would be kept clean and she could stay there anytime no matter when she comes.

"Got it. I'll go back to my room and sleep later. Eighth Brother, tell grandma the truth. Do you like Dr. Zeng?"

Zhan Yue: "..."

"You bought the house in Wansheng Garden so you could get the upper hand, right?"

"I knew grandma would see it and think that. Okay, I admit, I like Zeng Xiaoya, but she doesn't love me yet. Fortunately, she doesn't hate me either."

He touched his face. "Maybe it's because of my face. Handsome guys always get a little favor from the ladies."

Everyone likes beautiful people and things, and Zeng Xiaoya is no exception.

"Grandma, what do you think of Xiaoya? I fell in love with her at first sight. She's so comfortable to look at, and she makes me feel comfortable too."

“When I’m with her, I can’t help but let go of the pressure from work and become calm.”

The old lady said to him, “What kind of pressure do you feel at work? You don’t have to shoulder the heavy burden.”

“Grandma, my seven older brothers are all so outstanding. I’m under a lot of pressure. Just ask Old Nine. How much pressure did Old Nine feel when he was studying? He wasn’t talking about the teachers or the school, but the eight older brothers.”

“I have to work very hard and pay a lot to catch up with my brothers. Sometimes I may not be able to catch up with my brothers even if I try my best.”

The old lady smiled and said, “Your brothers don’t ask you to catch up. You and Laojiu are the two youngest. You can take it easy and just support yourselves. Even the companies and industries entrusted to you are very promising.”

“Among the few of you, only your eldest brother is under a lot of pressure. However, he has been in power for so many years, and now he has no pressure in handling official business.” “

Xiaoya is a very good child. Grandma likes her very much. She looks very festive and blessed. You can tell at a glance that she is destined to be rich and powerful.”

The old lady patted Zhan Yue on the shoulder: “Grandma knew that your vision would not be too bad. I brought you up, so my vision is naturally first-class.”

“You should do your best. As long as Xiaoya doesn’t hate you, you have a chance. Even if she hates you, you have to find a way to make her like you instead of hating you.”

Zhan Yue laughed, “Of course, I was raised by my grandma, and my vision is as good as my grandma’s. The wife I choose for myself will not be bad. Maybe she can’t compare with my sisters-in-law, but in my eyes, Xiaoya is the best.”

“Xiaoya is already very good. Why do you compare her with your sisters-in-law? Everyone has advantages and disadvantages. Your sisters-in-law are good at business, but can they treat patients?” ”

Xiaoya can treat a disease. Grandma has a brief understanding. Her whole family is a doctor. Now the cousins are either medical students or planning to study medicine.”

“The family has a clean and upright style. They treat patients like family and friends. As long as you find them for treatment, they will do their best and fulfill the responsibilities of a doctor.”

“This family is great, more noble than ours. Ours is just a little bit of money.”

The old lady praised Zeng Xiaoya and the Zeng family. Zhan Yue was very happy. He said, “I think so too. She has her advantages and is good in all aspects. I won’t compare her with my sisters-in-law because I’m afraid that you elders will compare her with my sisters-in-law.”

“Don’t worry, as long as you can pass this test of grandma, you don’t have to worry about your parents.”

Married at First Sight Chapter 4935

“Grandma, this hurdle is not difficult to overcome. Grandma said that as long as the girl has a clean family background and good character,

it will be fine.” “Our family is already very wealthy. We don’t require you to arrange a marriage. As long as you like each other, it’s fine. Grandma also believes in your vision. A child I raised personally can’t be that bad.”

The old lady said lovingly: “Come on, Eighth Brother, grandma is getting older and older. Now it’s like she is racing against time with Yama. One day to live is a day. Grandma’s biggest wish is to see all nine of you brothers get married and have families.”

“What your grandpa didn’t see, grandma saw for him. I will be sorry to him if I go to see him in the future.”

Zhan Yue put his arm around grandma’s shoulders, “Grandma, grandpa must hope that you can see for him that we are all parents. You are worthy of my grandpa, and it is my grandpa who is sorry for you. He left you and us so early.”

The old lady still felt very uncomfortable when she mentioned the old man who had passed away for many years.

“Your grandfather was reluctant to leave, but God was cruel, taking him away. His illness... health is the most important thing. Good health is better than anything else.”

The Zhan family was so wealthy, yet even when Grandpa fell ill, they were helpless. No amount of money could prolong his life, not truly cure the illness.

They had hired the best doctors and used the best medicine, but it only helped him live a few more years. By the time Zachary was able to support the Zhan Group, he couldn't hold on. Ultimately, he

didn't live to see his grandson get married and have a family.

When he passed away, he was filled with reluctance and worry.

“Grandma, Grandpa will be watching over us from heaven. If we live well, Grandpa will rest in peace.”

The old lady nodded. “Let's not talk about him anymore. That heartless man left us behind. We must live well, let him see that even without him, we can still live well.”

Zhan Yue knew the deep bond between his grandparents. All those years after Grandpa's passing, Grandma felt pain whenever he mentioned him, sometimes even shedding tears.

“Grandma, when will my seventh brother get married?”

Zhan Yue changed the subject to something that would cheer people up.

“By the end of the year, maybe? We haven't even prepared the betrothal gifts yet, so it would be great if we could get married by the end of the year.”

“They'll get the marriage certificate first and then have the wedding. With your parents helping out, grandma won't have to worry. He's given grandma a big surprise. I was worried about him for the first half of the year, but I didn't expect he'd bring me such great news in just one summer vacation.”

The old lady looked at Zhan Yue and smiled even brighter. “Now that you have a goal, I'm even happier. As for the ninth child, there's no need to rush. He's still very lively, like a child who hasn't grown up.”

As the youngest child, Zhan Yan has the luxury of being a child. Even if the sky falls, it can't crush him. He has eight older brothers to support him.

“Grandma always feels sorry for you three because I’m old and can’t do the heavy lifting. I didn’t help you pick good wives. Your brothers’ wives were all chosen by Grandma.”

Zhan Yue said, “It’s okay. We can choose our own wives just as well.”

He actually preferred to choose someone he liked. While Grandma’s picks wouldn’t be bad, he was afraid it would be like Fourth Brother’s, who didn’t initially love Fourth Sister-in-Law, only to find out she was the Red Fox and fall in love with her.

“Grandma, it’s late. You should go back to your room and get some rest. I need to go upstairs and take a shower. I have to go to work tomorrow.” “Grandma,

are you having breakfast at my place tomorrow? I’ll get up early and make it for you.”

The old lady nodded. “After breakfast, I’ll go to your eldest brother’s. Your brother and sister-in-law are at work, so I have to look after Beibei.”

In fact, she didn’t need to care for the children. Beibei had several nannies.

Her brothers only had one or two nannies, while Beibei had twice as many.

Married at First Sight Chapter 4936

But the old lady doted on her great-granddaughter, and would do so as long as she could.

Little Beibei also loved being with her great-grandmother, believing her to be the best for her.

“Okay, then I’ll get up early tomorrow to make breakfast for Grandma, and then take her to Big Brother’s.”

It was a rare occasion for Grandma to stay the night with him, so Zhan Yue definitely had to cook breakfast for her himself.

The grandmother and granddaughter didn’t chat any more. Zhan Yue sent Grandma back to her room before going upstairs. They

were silent all night.

The next morning, Zeng Xiaoya was woken by a message from He Yuehua.

She grabbed her phone and saw it was a text message, not a WeChat message. She initially ignored it, as she didn't receive many messages; everyone contacted her by phone or WeChat.

But seeing several messages, she clicked on them anyway. She realized they were from He Yuehua.

They hadn't added each other on WeChat, so He Yuehua must have gotten Zeng Xiaoya's phone number from Lin Jian.

Zeng Xiaoya didn't know He Yuehua's phone number either, and only after she introduced herself in the message did she realize it belonged to her.

He Yuehua sent several MMS messages containing photos of Senior Lin soundly asleep, as well as photos of He Yuehua and Senior Lin sleeping together.

He Yuehua told Zeng Xiaoya that she had picked up Senior Lin from the bar last night, sent him home, and stayed at his house. They slept in the same bed, but nothing happened.

Senior Lin mistook her for Zeng Xiaoya and kissed her. She had intended to use this opportunity to make things permanent, but Senior Lin got drunk and fell asleep halfway through the trip, so the two of them never really got things done.

She told Zeng Xiaoya this not to brag, but to encourage her to come over if she had time and see her and Senior Lin sleeping together. That way, Senior Lin would feel guilty and unworthy of Zeng Xiaoya, and would stop pestering her.

Zeng Xiaoya read He Yuehua's message and found it amusing. While the idea might work, she wasn't going over.

She didn't care who Senior Lin slept with.

If she didn't care, why would she go over and catch him in an affair?

Still, Zeng Xiaoya replied: "Take good care of him. When he wakes up, remember to hold him accountable. Although you haven't truly committed the act, you slept together."

You can hold him accountable. You can tell me you sent me the message and I know about your relationship.” ”

I don't love Senior Lin, and I don't really care who he slept with. But if you do this, even if you two end up together, you might suffer in the future.

He might resent you, thinking you're shameless and hurting him.” ”

Miss He, you need to think it over carefully.

If you insist on doing this, I wish you all the best.”

After Zeng Xiaoya sent these messages, she ignored them, put down her phone, and got up.

Her alarm was only a few minutes away from ringing.

She had essentially gotten up a few minutes early and gone for her morning run a few minutes earlier.

Married at First Sight Chapter 4937

When Zeng Xiaoya came downstairs, she saw her aunt preparing breakfast in the kitchen. She even went in to greet her.

“Going for a morning run?”

the aunt asked, smiling. “You guys can really stick with it. I just can't. I'm getting fatter and fatter.”

Zeng Xiaoya glanced at the aunt's waist and said, “Aunen is just a little bit overweight. If you control your diet and exercise more, you can lose weight.”

“We're used to morning runs, Auntie. I'll go out for a half-hour run and then come back for breakfast.”

“Go ahead. I've just started preparing breakfast. It's perfect for you when you get back from your run. Doctor Zeng and the others just went out for their morning exercises, too.”

Zeng Xiaoya said as she walked out. “My second uncle and second aunt just went to the park for a couple of laps, square-danced with some people, and then came back. We’re not on the same path.”

She was just running, not square-dancing.

The aunt smiled.

That’s how old people’s exercise venues are.

While Zeng Xiaoya was out for her morning run, she unexpectedly ran into Zhan Yue again.

“Xiaoya, good morning.”

Zeng Xiaoya looked at him in sportswear as he walked out of Wansheng Garden and said to him, “Your house is still under renovation, how did you get out of Wansheng Garden?”

“Do you live here?”

“No, Master Tang asked me to come over and take a look. He said he wanted to ask my opinion on a certain place. He starts work very early, and I haven’t exercised yet, so I simply brought my sportswear with me.”

“After I took a look, I changed into my sportswear and ran two laps around here, then went back to make breakfast for my grandma.”

Zeng Xiaoya said, “I see. Master Tang starts work very early. The weather is hot, and it’s cooler to start work early.”

“Then let’s go together. Are you still going back to make breakfast for your grandma? Don’t you have a nanny at home?”

Her family already had a nanny to cook for her. The Zhan family was so wealthy, it was impossible for them not to have one.

“Yes, but when my grandma comes, I usually cook for her myself.” ”

Normally, my grandma lives over at the old house. This time she came to the city, she stayed at my eldest brother and his wife’s house to help look after my little niece. She came to my place last night, and I agreed with Grandma that I’d make her breakfast this morning.”

Zeng Xiaoya smiled. “Grandma Zhan is a happy old lady. She’s surrounded by the love and care of you young people.”

The two of them went running together.

Zhan Yue smiled back. “I think my grandma is a very happy old lady, too. We all hope to be as happy as her when we’re old.”

“Yes, your family has a good tradition, passed down from generation to generation. From generation to generation, the legacy of good family traditions will only grow stronger.”

The Zhan family is a truly prestigious family. Everyone is well-mannered. Such a legacy can’t be accumulated without generations of wealth.

The two ran for half an hour before returning.

Zhan Yue also walked Zeng Xiaoya back to the door of the clinic.

“You have to go back to make breakfast for your grandma, so I won’t invite you in for breakfast.”

Zeng Xiaoya wanted to invite Zhan Yue in to have breakfast together, but considering that he had to go back to prepare breakfast for the old lady, she gave up the idea.

Zhan Yue felt regretful, but he didn’t show it on his face. He smiled and said, “Next time, when I have time, I will treat you to breakfast. You have helped me a lot, and I haven’t repaid you yet.”

“It’s a small matter, you’re welcome.

Married at First Sight Chapter 4938

Zeng Xiaoya knew the help he was referring to was with the renovations.

She figured Zhan Yue had been her patient and was now their upstairs neighbor; he trusted her and asked for her help, so she had to help if she could.

“That won’t do. You’ve helped me so much, and if I don’t treat you to a few meals, I’ll feel like I owe you a lot.”

Zeng Xiaoya said jokingly, “When your house is finished, you should treat Master Tang and his team to a meal, and you can bring me along too. You don’t have to treat me separately.”

When they hired someone to do the renovations, they usually treated the decorators to a meal on the first day. You could also treat them once or twice during the work, and then treat them to another meal on the day of completion.

Zeng Xiaoya had done just that.

Zhan Yue nodded, “Of course. Xiaoya, come in and have breakfast. I have to go to work soon. I’ll go back and make breakfast for Grandma.”

The old lady should be up by now; she practiced Tai Chi every day.

Zeng Xiaoya nodded, waved goodbye, and walked back into the clinic.

Zhan Yue watched her go in before leaving.

More than ten minutes later, he had returned to his home, changed his clothes, and prepared breakfast for the old lady in the kitchen.

When the old lady came back to the house after practicing Tai Chi, she could already smell the fragrance.

She walked into the kitchen and saw her grandson wearing an apron. She asked, “Didn’t you go to Wansheng Street early? Why are you back so soon?”

“I just went there to accompany Xiaoya for a morning run. After the run, I came back to make breakfast for grandma. I promised grandma that I would cook for you today.”

You can’t just ignore grandma when you have someone you like.

The old lady said happily, “It’s worth it that grandma loves you so much. With you babies, grandma is so happy.”

“Don’t do this next time. You should get my granddaughter-in-law back for me first. That’s the important thing.”

“If you don’t come back, you can still invite Xiaoya to have breakfast.”

Zhan Yue said: “She usually doesn’t eat out. She has an aunt at home who cooks specifically for her. I heard that the aunt’s cooking is quite delicious and she is used to it.”

“I told you a long time ago that I would come back to make breakfast for grandma, but Xiaoya didn’t invite me in to share breakfast. Although it’s a bit regrettable, there is a long way to go and there are plenty of time and opportunities.”

“When she heard me say that I would come back to make breakfast for you, she praised me for being filial and said that grandma is the happiest old person.”

The old lady smiled: “It’s not bad for you to establish your personality and show your good character first.”

“Grandma, this is my personality. I don’t even need to deliberately establish one. Grandma is also the happiest old person.”

The old lady smiled, “That’s right, grandma is the happiest old person. I didn’t have a great-granddaughter before, and I always felt that I had regrets in my life. Now that I have Beibei, my wish has come true and I have no regrets.”

“Grandma, go back to the room to wash your face and change clothes.”

“Go, grandma. You can have dinner when you come out. I’ll send grandma to my eldest brother later. Otherwise, grandma will stay with me for a few more days?”

“I’ll go get Beibei from my eldest brother’s place and let her stay with me for a few days,”

the old lady said. “She’s fine during the day, but not at night. She won’t let her mother see her at night and will cry.”

All children are like that; they love to stay with their mothers at night. With

so many people taking care of her, Beibei doesn’t cling to her mother much during the day, but at night, when she can’t see Serenity, she cries.

So, when she’s staying with the old lady at the old house, no matter how late it is, Serenity and her husband will always go back home to spend the night.

It’s all for their daughter.
