

Married at First Sight Chapter 4939-4960

Translation effect: Here's some of the names to substitute on the characters, so you don't get confused.

Zheng Hua – Holden

Feng Yue – Clarissa

Feng Family - Farrel family

Feng Ruo – Shiloh

Lan Ruoruo – Romina

Zhan Wei – Merissa

Chapter 4939

Zhan Yue: “Then there’s no other way. I was thinking that if Beibei was willing to stay with me, Grandma could stay with me for ten days or half a month, so that I could also fulfill my filial duty.”

Thinking about how my little niece is only a little over a year old, she really can't be separated from her parents.

Besides, his brother and sister-in-law might not feel comfortable letting their niece stay with him. He would hold Beibei and play with her occasionally, but the time they spent together was not long. Taking care of a child would be very troublesome and required a lot of care.

Beibei is still young, curious about everything and unaware of danger. If something were to happen to him, not only would his brother and sister-in-law feel bad, but he himself would be heartbroken.

"Grandma knows you are all very filial, and that's enough for me. Occasionally, Grandma will come to stay with you for one night and hear about your progress with Xiaoya."

Zhan Yue laughed: "If I didn't have someone I liked, Grandma probably wouldn't even come in through my door."

"That's right. What's so interesting about looking at you all every day? Your granddaughter-in-law is much prettier. Grandma just loves your granddaughter-in-law."

"....."

Zhan Yue knew his grandmother would say that.

Despite having so many granddaughters-in-law, the grandmother still prefers her granddaughters-in-law to her grandsons.

In her own words, having nine grandsons whom she raised single-handedly, she was already tired of seeing them and thought there was nothing more to see.

The granddaughter-in-law is someone else's, a new face, which is why the old man likes her.

Zhan Yue prepared breakfast and ate with the old lady.

The old lady taught him: “Occasionally, you can bring breakfast to Xiaoya so she can taste your cooking skills. This shows your love and also helps nourish her stomach.”

“Look, your sixth brother has won over your sixth sister-in-law’s heart through her stomach. Now she can’t live without him.”

Zhan Yue said, “Grandma, I know, but Xiaoya and I haven’t started dating yet. If I bring her breakfast now, and she senses my feelings, will she distance herself from me?”

“In her eyes, I am not from the same world as her, and she would feel that I am not good enough for her.”

Zhan Yue took this into consideration.

He had only known Zeng Xiaoya for a very short time.

It will take time, until she understands him better, before he can proceed gradually.

“That’s how Grandma taught you. You can use it whenever you want.”

“Start with the details, start with daily life. Once you’ve won her over, surprise her from time to time and create romance. This will help your relationship heat up faster.”

“You have so many brothers, you can learn from how they pursued their wives. Learn the good things, but don’t learn the bad things.”

“Human hearts are made of flesh and blood. As long as you do it well and are sincere, even the hardest heart will soften.”

Zhan Yue listened attentively to his grandmother’s teachings.

Although he has never been in a serious relationship, he did have a crush on a girl in his class when he was young and impetuous. However, he was only about ten years old at the time and did not have a deep understanding of love.

It’s just a normal reaction for teenagers; they like things quickly and they lose interest just as quickly.

He has also witnessed the dating process of many of his old classmates, so although he has no practical experience, he has a lot of observational experience.

When it comes to winning back his wife, Zhan Yue is confident that it won't be difficult for him.

What he needs is time.

The old lady stopped eating when she was about 70% full.

After she finished eating, she urged Zhan Yue: "Eighth Brother, hurry up, Bei Bei is about to wake up. Grandma needs to go see her and play with her for a while. She wakes up around eight o'clock every day."

"I'm with her every day. The first thing she does when she wakes up is look for me, her great-grandmother."

The little girl isn't very attached to her biological mother, Serenity, during the day, but if she sees Serenity going out, she'll cry and fuss and follow her.

Normally, she would stay with the old lady.

Both of Zhan's ancestors loved to play. Beibei liked to follow the old lady, firstly because the old lady spent the most time with her, and secondly because the old lady was like a child at her age, taking Beibei everywhere to play.

The old lady has a good palate; she lets Beibei try anything that's suitable for her, unlike Serenity and his wife who are so strict with her.

"Grandma, don't rush me, I'm almost finished eating."

Zhan Yue quickened his eating pace.

Married at First Sight Chapter 4940

While eating, she said to her grandmother, "Grandma, you're so old, but your teeth are still so good, and you eat so fast."

"The breakfast you prepared for Grandma is very soft and easy to digest, so of course she eats it quickly."

"Grandma is waiting for you outside, hurry up."

As the old lady spoke, she got up and walked out of the restaurant.

Zhan Yue finished his breakfast as quickly as possible, leaving the dishes for the housekeeper to clean up.

He picked up the cup of coffee he hadn't drunk a drop from and drank it as he walked out of the restaurant.

He finished his coffee in a minute, put the cup down, grabbed his car keys, and headed out.

The old lady was sitting in the yard.

Upon seeing him come out, the old man stood up and urged, "Hurry, hurry, Beibei will wake up soon."

As Zhan Yue went to get the car, he laughed and said, "Grandma, my breakfast hasn't even been digested yet. You used to teach us to sit for ten minutes or so after eating before doing anything else."

"You'll be sitting while you drive, so it won't affect your digestion."

Zhan Yue: "..."

After having great-grandchildren, the grandmother focused on her great-grandchildren.

A few minutes later, Zhan Yue drove the old lady out.

His home wasn't far from Zachary's home; it was only a ten-minute drive.

When they arrived at the elder brother's house, his brother and sister-in-law had already gone to work.

The room was still quiet.

He parked the car, and the housekeeper came over and opened the car door for the old lady.

"Is Beibei awake?"

The old lady asked with concern.

The butler replied, "The young lady is still sleeping. Madam, there's no need to rush. Please take your time."

She helped the old lady out of the car.

The old lady was relieved to hear that her great-granddaughter had not yet woken up.

She laughed, "I was worried that Beibei wouldn't see me when she woke up, so I kept urging Lao Ba to bring me back. Lao Ba even complained about me."

Zhan Yue said, "That's right. Grandma only has eyes for your great-grandchildren now. We grandchildren have become an eyesore and have to step aside."

He and the housekeeper tried to help the old lady into the house, but she didn't need their help.

He followed behind his grandmother, walking slowly.

"I don't even have time to get a drink of water. Beibei hasn't woken up yet. I'll just have a drink of water here with my older brother."

The old lady did not respond.

"Ah Yin and Tong Tong have both gone out?"

The butler replied, "Young Master went straight back to the company after dropping Bao Shao off at school this morning. Young Madam didn't leave until almost eight o'clock."

The old lady nodded.

After entering the house, she did not sit down but went straight upstairs.

Beibei usually sleeps with her parents. The old lady has a strong sense of boundaries. Even though it is her own grandson whom she raised herself, she will never step into her grandson's room without his permission after he gets married.

She went upstairs and stood at the door.

The door was ajar.

Serenity worried that if her daughter woke up and cried, no one would be able to hear her.

Moreover, the little one is too small to open the door by himself.

Before she left, she left the door slightly ajar so that Beibei could open it and go downstairs by herself after waking up.

Married at First Sight Chapter 4941

Of course, the nanny would go upstairs to check on Beibei every few days and would not easily let Beibei go downstairs by herself.

A few minutes later, the old lady heard a noise in the room; she heard Beibei calling for her mother.

“Beibei, are you awake? Mommy has gone to work, but Great-Grandma is here.”

Upon hearing the old lady’s voice, Beibei quickly came out, and the old lady promptly opened the door for her great-granddaughter.

The little girl was still wearing her pajamas and was a bit dazed when she woke up. When she saw the old lady, she reached out her hands and asked the old lady to hold her.

The old lady picked her up, and she wrapped her arms around the old lady’s neck, softly calling out, “Great-Grandma.”

“Great-Grandma’s here. Beibei, are you awake? Do you want to sleep a little longer?”

Beibei rested her head on the old lady’s shoulder, showing great dependence on her.

The old lady liked this feeling of being relied upon.

The little girl shook her head.

She had a lot of fun last night. After her mother gave her a bath when she got home, she fell asleep without even drinking any milk powder.

I've been sleeping ever since.

Mom has gone to work.

"Then, would Great-Grandma help Beibei change her clothes?"

"good."

The little girl responded in a childish voice.

The old lady carried her into the adjacent children's room, where Beibei had a small bed and her usual clothes.

"Should our Beibei wear a dress?"

"want."

The old lady sat the little girl on the bed and went to get a beautiful princess dress for her great-granddaughter. "Does Beibei like this dress that Great-Grandma got? I think Mom bought it, right?"

Beibei has so many dresses, but the old lady's memory isn't what it used to be, and she can't remember who bought them.

Not to mention her, even Serenity can't remember them all; there are just too many.

The Zhan family only has one daughter, Beibei. Serenity's friends all have sons. Everyone loves Beibei and buys her dresses, sometimes several or even a dozen at a time.

Serenity bought so many that she couldn't even remember who bought them.

She told everyone not to buy too many dresses for Beibei. Children grow up quickly, and if you buy too many, many new clothes will become too small before they are even worn.

Beibei had no idea who bought the dress.

However, since her great-grandmother said it was bought by her mother, then it must have been bought by her mother. She likes wearing the dresses her mother bought for her.

The old lady helped Beibei change her clothes, washed her face, and then led Beibei out of the room.

“Great-Grandma, I want to drink milk powder.”

Beibei took a few steps and then refused to walk any further; she wanted to drink milk powder.

I didn’t get to drink last night.

The old lady smiled and said, “Doesn’t Beibei want to eat porridge? Okay, Great-Grandma will make some formula for Beibei.”

She turned around and walked back.

Serenity knew that the old lady wouldn’t easily enter her and Zachary’s room, but the old lady wanted to take care of Bei Bei herself, so she prepared everything Bei Bei needed and ate in the children’s room.

This makes it easier for the old lady to take care of Beibei.

Steady footsteps could be heard outside.

“Grandma, is Beibei awake?”

Zhan Yue went upstairs.

Not seeing the old lady outside, Zhan Yue found his way here with ease. When he entered the room, the old lady had just prepared the milk powder.

“Beibei is awake.”

The old lady handed the baby bottle to her great-granddaughter and said to Zhan Yue, “What time is it? Why aren’t you at work yet? Even if you’re a high-ranking official, you can’t be late or leave early.”

“Get to work quickly.”

Zhan Yue said, “Since I’m already here, I should at least see my precious niece.”

Married at First Sight Chapter 4942

He walked up to the old man and the child, and picked up Beibei.

Beibei paused drinking her formula, called out “Uncle Ba” in her baby voice, and then resumed drinking her formula.

Zhan Yue kissed her little face. “Beibei, drink milk powder.”

Beibei took a few sips, then paused, and held the bottle to Zhan Yue’s lips, looking at him with her big, dark, bright eyes, as if asking if he wanted a couple of sips.

She was very generous and was willing to share her rations with Uncle Ba.

“Uncle Ba won’t drink, but Beibei will.”

Seeing that Uncle Ba wouldn’t drink it, Beibei started drinking her milk powder again.

She was hungry and her craving for milk came back, so she quickly finished the formula.

After finishing her drink, she handed the bottle to Zhan Yue, meaning she wanted him to clean it for her.

Zhan Yue put her down, took the baby bottle, and went into the bathroom to wash it.

He quickly finished washing the baby bottles and came out.

The old lady had already picked up Beibei and was preparing to go downstairs.

“Grandma, put Beibei down!”

Zhan Yue called out.

The old lady turned to look at him and asked, “What’s wrong?”

After putting the bottle back in its place, Zhan Yue walked over and said very seriously, “Grandma, put Beibei down first.”

The old lady looked at him suspiciously, but still put Beibei down.

The next moment, he picked up Beibei and quickly walked out of the children’s room. His laughing voice came back: “Grandma is too old, so she shouldn’t carry

Beibei downstairs. I'm young and strong, I have plenty of strength, let me carry Beibei."

"You brat, you're trying to steal Beibei from me!"

After realizing she had been tricked, the old lady chased after Zhan Yue, laughing and scolding him.

Anyway, the brat will be going to work soon, so let him have a hug and satisfy his urge to hold him.

Zhan Yue wanted to spend more time with his little niece, but under his grandmother's constant urging, he reluctantly put down his little darling and said to Bei Bei, "Bei Bei, your eighth uncle has to go to work. You stay home and play with your great-grandmother."

"If you miss Uncle Ba, go with Great-Grandma to stay with Uncle Ba for a few days. Uncle Ba's place is a lot of fun."

The old lady undermined him: "In terms of size, your place is not as big as your older brother's place. In terms of fun, your place is not as fun as your older brother's place. What's so fun about it? Beibei is not going there."

After becoming a father, Zachary cleared out a large area in his villa to create a small children's playground for his children to play in.

Since Zhan Yue is unmarried and childless, his home will not have a children's playground.

Zhan Yue: "...Grandma is deliberately undermining me. I'm angry. I'm going to work."

"Get out of here! You're already half an hour late. Hurry up and get back to the company, or your boss will dock your bonus."

Zhan Yue chuckled, and only after Bei Bei said "Goodbye, Eighth Uncle" did he leave with a smile.

After he left, the old lady took Beibei out for a walk.

After playing outside for a while, the little girl felt hungry and went back inside to eat porridge. Once the little girl was full, the old lady called the nanny to go out with her and Beibei.

"Beibei, where shall we go to play today?"

“Mom, I want to find my mom.”

“Beibei said in a crisp voice.”

The old lady smiled and said, “Okay, then let’s go to Mom’s company. But Mom is very busy, so let’s play at Mom’s company for a while and then go home.”

Beibei nodded understandingly.

She knew that both her parents had to go to work.

My brother has to go to school again.

Usually, her great-grandmother plays with her at home.

And my grandparents, uncles and aunts, but I haven’t seen them lately.

“Great-grandmother, where is grandma?”

The little girl remembered that she hadn’t seen her grandparents for a while, so she thought to ask them about it.

Married at First Sight Chapter 4943

The old lady replied, “Your grandparents and great-uncle have all gone to Yangcheng. Your seventh uncle is getting married.”

“marry?”

The little girl looked up, puzzled, and asked, “Why?”

The old lady laughed, “Getting married is like bringing home a seventh aunt for you. Didn’t you want a seventh aunt?”

“Aunt Lan, the Aunt Lan you like so much, is your seventh aunt.”

The little girl didn’t understand any of this, and even though the old lady explained it patiently, she still couldn’t understand.

The old lady picked her up and said, “Beibei, you don’t need to understand. Just know that there will be one more person in our family soon. Your grandparents will be back soon.”

“Do you miss your grandparents?”

Beibei nodded. “Yes.”

“Shall we sit down in that pavilion and then call your grandma, okay?”

The little girl nodded again.

The two ancestors walked to the pavilion and sat down. The old lady’s phone rang first.

Serenity sent a voice message to the old lady, asking if her daughter had gotten up and eaten anything.

After replying to Serenity, the old lady also asked Beibei to say a few words to her mother.

The little girl just kept calling out “Mommy” and saying she missed her mommy.

That’s all I’ll say.

It’s a big improvement compared to July, when I could only say two or three words.

While the old lady was taking a walk in the yard with her beloved great-granddaughter, Lin Jian woke up and felt like the sky had fallen. He Yuehua didn’t get up before him; she did it on purpose.

After sending the photos and messages to Zeng Xiaoya, He Yuehua waited for Zeng Xiaoya to come over, but Zeng Xiaoya did not come.

Zeng Xiaoya simply reminded her that if she used this method to cling to Lin Jian, she wouldn’t be happy after marriage.

Lin Jian would blame He Yuehua for not being able to marry Zeng Xiaoya, and would then treat He Yuehua badly.

But He Yuehua did not heed Zeng Xiaoya’s advice.

She felt this was a rare opportunity, her best chance.

So even though Zeng Xiaoya didn't come over, He Yuehua didn't get up. She wanted to wait for Lin Jian to wake up so he would know that they had slept together last night.

Although they didn't actually consummate their relationship, Lin Jian kissed her, touched her, and they slept in the same bed for one night. He felt he had to take responsibility for her.

When Dr. Lin woke up and saw He Yuehua lying next to her, she was so frightened that she lost all sleepiness and rolled onto the ground.

He pointed at He Yuehua, who was slowly sitting up, and stammered, "Yue, Yue, Hua, you, how did you get into my bed?"

He Yuehua blushed and said, "Dr. Lin, you brought me to your bed. Last night you mistook me for Dr. Zeng and kissed, touched, hugged and cuddled me. We almost slept together."

"I...I was drunk, I don't remember what I did..."

"We...we didn't do *that*, did we?"

Lin Jian tried hard to recall what happened last night.

He only remembered going to a bar to drink and getting drunk.

The people at the bar called He Yuehua and asked her to pick him up.

He Yuehua arrived at the bar quickly. She offered to take him home, but he refused. He wanted Zeng Xiaoya to pick him up and asked He Yuehua to call Zeng Xiaoya.

Zeng Xiaoya refused to go pick him up.

Married at First Sight Chapter 4944

Afterwards, he remembered that it was indeed He Yuehua who took him home, and the two of them talked a lot along the way.

They talked about their families of origin.

He Yuehua said that the two of them were on the same path and advised him not to be so fixated on Zeng Xiaoya.

He also said that if she married him, she would promise not to give all her money to her parents like she does now.

She said that once she gets married, she will prioritize her own family and will only give her parents a few hundred yuan during holidays.

They also advised him not to let his relatives and friends back home keep him under their thumb, and not to take on everything himself, adding that his parents were just too concerned with saving face and showing off.

He said he couldn't let go of Zeng Xiaoya. He had loved her for so many years and waited for her for so long. They had finally gotten to where they were today. He had even confessed his feelings and was pursuing her. How could he give up just because Zeng Xiaoya had rejected him a few times?

Some men pursue their wives relentlessly, enduring countless rejections without giving up. In the end, their persistence moves the woman, and they win her heart.

Dr. Lin hoped that his persistence would move Xiaoya and that he could marry her.

He truly loves Zeng Xiaoya. Of course, he also likes and is very satisfied with Zeng Xiaoya's family background, feeling that she is the perfect match for him.

But he has no recollection of what happened after that; he doesn't even know when he got home.

Oh, he seemed to have woken up in the middle of the night. He saw Xiaoya, who was very concerned about him and asked why he was drunk again.

He couldn't help but hug Xiaoya, unable to control his emotions, and kissed her. She responded passionately to him.

Could it be that the person he kissed, hugged, and touched last night wasn't Xiaoya, but He Yuehua?

"Dr. Lin, we didn't end up having sex."

“We’re all in the medical field, so we can’t lie about this,” He Yuehua said honestly.

“But you took advantage of me and wouldn’t let go of me. I was forced to share a bed with you for one night. If this gets out, my reputation will be ruined. How will I ever get married?”

“Dr. Lin, you have to take responsibility for me!” Dr. Lin’s face turned pale.

He didn’t want to take responsibility for He Yuehua; he didn’t want to marry her.

Although He Yuehua could help him a lot, her family background was far inferior to Zeng Xiaoya’s, so she was not of much help to him.

Moreover, he is already burdened with pressure from his hometown. Once he marries He Yuehua, He’s relatives and friends will definitely come to him first when they need medical treatment.

They’re all relatives, how could he possibly accept money from them?

Even if they accept it, they wouldn’t dare accept the full amount; at most, they’d just give a token amount.

To be honest, Dr. Lin was annoyed by the ties he felt towards his family back home after a while. Since his parents, siblings, and other relatives still lived there and needed to maintain contact with them, he couldn’t refuse them.

Marrying Zeng Xiaoya would help him share a lot of burdens.

Zeng Xiaoya can also help his relatives and friends arrange for them to receive treatment at better hospitals.

She has that kind of network.

Her grandparents and parents were all renowned doctors, highly respected, and held prominent positions in the medical field.

“Moon, Moonlight... I was drunk last night, I was out of my mind.”

“I don’t even know what I did. Besides, we didn’t end up having sex, did we? As long as you don’t say anything and I don’t say anything, who will know about last night?”

“It won’t get out, it won’t ruin your reputation, and it won’t make it impossible for you to get married.”

He Yuehua said, “When I brought you back, the community security guards saw me, and your neighbors saw me too. I didn’t leave after I came in. Even a fool would know what we did.”

“I don’t care, I haven’t done those things with any other man. Dr. Lin did it to me last night. I’m your woman, Dr. Lin, you have to take responsibility for me!”

“By the way, Dr. Zeng also knows that I stayed overnight at your house.”

Dr. Lin’s face appeared even paler.

Married at First Sight Chapter 4945

With a pale face, he asked He Yuehua, “How did Xiaoya know you stayed overnight at my place?”

Has she been here?

“Dr. Zeng didn’t come, but she called me last night to ask about your condition. I told her you were asleep, and she asked if I was still at your house. I said yes, and she didn’t say anything more. She just told me to take good care of you and then hung up.”

He Yuehua told a little lie.

“Dr. Zeng is so smart, how could he not have guessed that I would stay overnight at your house?”

Lin Jian got up from the ground and said, “Yuehua, you see, I was drunk last night and don’t know what I did. Besides, we didn’t actually have sex.”

“Even if someone knows you stayed at my place last night and what we did, no one else knows. I was so drunk, any normal person would know that we couldn’t possibly have done anything.”

“I’ll give you a raise, and I’ll give you some money as compensation, okay?”

He really didn’t want to be forced to marry He Yuehua just because he got drunk once.

He Yuehua looked at him quietly for a moment, then got out of bed and left.

But she didn’t leave his house like that. Instead, she went into the kitchen after leaving the room, made him a cup of honey water, put it on the dining table, and then went back into the kitchen to cook for him.

Dr. Lin didn’t come out immediately; he stood in the room for a while in a daze before making a move.

I took a shower and changed my clothes to try and clear my head.

When he came out of the bathroom, he picked up his phone and checked it, but he had not received any messages or calls from Zeng Xiaoya.

After thinking about it, he still called Zeng Xiaoya.

Zeng Xiaoya answered his call after a while, and immediately asked, “Senior Lin, are you alright? You were drunk last night, and Yuehua came to pick you up and take you home. She must have taken care of you all night, right?”

“I’m at work today, seeing patients at the outpatient department. There are many patients waiting to see me. If you don’t need anything else, I’ll hang up now.”
Lin Jian didn’t know what to say during the call, so he could only reply, “I don’t have anything to say, you go ahead and do your work. I’m hanging up now. I’ll pick you up after get off work tonight, and we can talk.”

Zeng Xiaoya knew that repeatedly refusing to communicate with him was not a solution, so she generously agreed to his request.

After hanging up the phone, Zeng Xiaoya continued to see patients.

Lin Jian stayed in the room for a while longer before going out.

He Yuehua had already prepared breakfast; at this time, they said it was fine to have lunch.

He walked into the restaurant, and He Yuehua brought out the breakfast she had prepared, giving him one portion and keeping one for herself.

While eating, He Yuehua kept a straight face, neither speaking nor looking at him.

Dr. Lin wanted to speak to He Yuehua several times, but didn't know what to say.

Xiaoya knew that He Yuehua did take care of him last night.

After getting drunk, he mistook He Yuehua for Xiaoya and did some inappropriate things to He Yuehua, which seems to be true.

But he did all of that when he was confused. He only thought it was Xiaoya, so he did it. He didn't mean to take advantage of Yuehua. He really didn't want to marry Yuehua like that.

But he did do something he shouldn't have done to Yuehua last night, and he's sorry to Yuehua.

They should be held responsible for Yuehua.

To be honest, he didn't dislike Yuehua; in fact, he somewhat enjoyed her affection.

But when it came to discussing marriage, he backed down, unwilling to marry a wife who was inferior to him in every way.

For a family like his, marrying a good wife would bring considerable support and improve the Lin family's social standing.

Married at First Sight Chapter 4946

When He Yuehua finished eating and was about to leave, Dr. Lin stopped her and transferred 50,000 yuan to her on his phone. This was several months' salary for He Yuehua.

"Yuehua, this is my compensation to you. I'm sorry, I was a bastard last night and took advantage of you."

When He Yuehua saw the transfer he sent her, she said with a blank face, "Dr. Lin, I'm not selling, so I won't accept this money."

After saying that, she left him behind and went back to the Lin family clinic.

Dr. Lin returned to his clinic, but after what happened last night, he was a little distracted at work. Fortunately, not many people came to his clinic today.

Zeng Xiaoya finally made it to evening and was about to get off work.

He let the two nurses go home, and he wanted to close the clinic early so he could go to the hospital to wait for Zeng Xiaoya to finish her shift.

After the two nurses left the clinic, Yuehua's colleague whispered to her, "I think Dr. Lin is acting strange today. She seems preoccupied. Could something be wrong at the clinic?"

"I hope not. I'm used to working here. It's free and I don't have to put up with any bad attitudes. I don't want to change jobs."

Although she was just a nurse at a small clinic, her income was higher than that of nurses at a hospital, her workload was not as heavy as her colleagues at the hospital, and she was free from being mistreated.

If something goes wrong at the Lin family clinic and she loses her job and needs to find a new one, she probably won't be able to find a boss as easy to talk to as Dr. Lin.

"There's nothing wrong with the clinic, don't overthink it. Dr. Lin just had a little disagreement with Dr. Zeng. He said he wanted to close up early and go to the hospital to pick Dr. Zeng up from get off work."

"Oh, I see. I was so scared. I thought something had gone wrong at the clinic."

"Dr. Zeng doesn't love Dr. Lin. She clearly sees our boss as a senior from school. It's just a friendly relationship, not romantic love. Although we've known each other for several years and have a good relationship, it doesn't mean it's love."

After a moment of silence, Yuehua said, "That's right, but Dr. Lin is just fixated on Dr. Zeng. Dr. Zeng is a good candidate, and Dr. Lin has admired her for so many years, so it's understandable that she's unwilling to let go."

Just like how she loved Lin Jian for so many years and was unwilling to let go. The nurse didn't say anything more.

A dozen minutes later, Dr. Lin arrived at the hospital and waited outside the consultation room where Zeng Xiaoya was seeing patients.

Zeng Xiaoya needs to work overtime and won't be able to leave until 8 PM.

Not long after, Zeng Xiaoya finished get off work. She took off her doctor's coat, put on her own clothes, and left the clinic with her small handbag.

Upon seeing Senior Lin, she greeted him as usual: "Senior Lin, you've arrived. I'm sorry to have kept you waiting."

"I just arrived too, I didn't have to wait too long."

The two walked out together.

Zeng Xiaoya rode an electric scooter, while Lin Jian drove over.

"Xiaoya, don't ride your bike, I'll take you."

"No need, I have to go to work tomorrow, it's inconvenient without an electric scooter, and there's a lot of traffic during the morning rush hour, so I don't usually drive."

She only drives to work when it rains.

"Where would you like to go to talk? Tell me the name of the place, and I'll ride my bike there myself."

After thinking for a moment, Lin Jian said, "Let's go to that coffee shop near our two houses. It's a nice place, and quiet."

"good."

Zeng Xiaoya had no objections. She put on her helmet, got on her electric scooter, and left first.

Lin Jian watched her ride away on her electric scooter, his heart filled with bitterness.

Married at First Sight Chapter 4947

A dozen minutes later.

Zeng Xiaoya parked her car in front of the coffee shop Lin Jian had mentioned.

She took off her helmet and car keys, and was about to go into the store with her handbag when she caught a familiar figure out of the corner of her eye—it was Zhan Yue.

Zhan Yue was also riding an electric scooter. There were some things he had bought on the footrests. She couldn't see what they were, but they were in red plastic bags. They were probably for the renovation.

“Xiaoya!”

Zhan Yue looked quite surprised. He parked his electric scooter near the roadside. His scooter was very new and didn't have a white license plate yet, so it must have been a new scooter he bought today.

It also takes some time to register a new car.

“Zhan Yue, you're off work? Going shopping?”

Zeng Xiaoya responded to him with a smile, thinking to herself, “Aren't those big CEOs supposed to be very busy, always leaving early and returning late, socializing until the wee hours of the morning before they can go home?”

Zhan Yue seemed to have it even easier than her, and even got off work earlier.

She didn't voice these questions.

“Yes, I got off work at 5:30 pm. Master Tang called me in the afternoon and asked me to buy some things for him to use tomorrow. After I ate, I came out to buy some things.”

“It's not very convenient to always drive around, so I bought a new electric scooter.”

“Yes, I have an electric scooter. It's very convenient for getting around the city. How much is your electric scooter?”

Zeng Xiaoya glanced at his newly bought electric scooter and asked.

“Three thousand eight is quite expensive. There are some that cost over two thousand, but I don't think they're easy to ride.”

Zeng Xiaoya laughed and said, “What’s three thousand eight hundred in your eyes? The car you usually drive costs several million.”

“I won’t drive a car that costs more than a few hundred thousand, even if it’s only worth a few million. I prefer to keep a low profile.”

“Xiaoya, are you here for coffee? It’s so late, won’t drinking coffee affect your sleep?”

Zhan Yue glanced around the coffee shop and then asked Zeng Xiaoya, “How’s the coffee here? Is it good?”

Zeng Xiaoya said, “I usually brew my own tea and drink coffee only occasionally. I really can’t tell the difference between different coffees, or whether they taste good or not.”

In her mouth, she felt that coffee tasted exactly like that.

She still prefers to drink tea that she brews herself, and sometimes she also makes a cup of flower tea.

“I don’t drink coffee at this hour, but they also have juice, so I’ll just have a glass of juice. I met up with Senior Lin here; he said he wanted to have a good talk with me.”

Zhan Yue thought to himself, “What’s the point of talking to Dr. Lin? No matter how many times we talk, Xiaoya doesn’t love Dr. Lin. If Dr. Lin is smart, he should just give up his feelings for Xiaoya.”

Dr. Lin had made his presence felt in front of the Zeng family for so long. By taking the initiative to let go of Xiaoya’s feelings, he avoided making things too ugly and the two families were still able to maintain contact. Dr. Lin was still able to exchange medical knowledge with Uncle Zeng.

He would only mutter a few complaints to himself, but he didn’t show it on his face, maintaining his gentle and refined image.

Of the nine young masters of the Zhan family, only the eldest young master, Zachary, is a cold and serious person. After getting married, he became much gentler in front of his family, especially in front of his beloved wife, Serenity, and was no longer the same as before.

The other eight young masters were relatively much more gentle.

Married at First Sight Chapter 4948

“Oh, where’s Dr. Lin? Hasn’t he arrived yet?”

“He’ll be here soon, Zhan Yue. You go ahead and do your work. I’ll go inside and find a more secluded spot.”

Zhan Yue really wanted to go in, but reason told him it wasn’t wise to act rashly, so he said, “Okay, I’ll get back to work.”

He rode away on his electric scooter.

After he left, Zeng Xiaoya entered the coffee shop. She had just chosen a seat when Lin Jian arrived.

Lin Jian walked in and saw Zeng Xiaoya sitting in the corner. He walked over to Zeng Xiaoya and said, “Xiaoya, you can ride your electric bike faster than I can drive a car.”

“It’s more convenient for me to ride an electric bike, and I get there before you. You can’t drive as fast as my electric bike if you get stuck in traffic.”

The waiter came over and asked the two of them what they would like to drink.

Lin Jian ordered a coffee, while Zeng Xiaoya opted for a juice instead.

“Senior Lin, it’s already late, and you’re still drinking coffee. Won’t it affect your sleep? I’m quite sensitive to coffee; half a cup can keep me awake all day. I’m used to drinking tea, so it doesn’t have as much of an effect on me.”

“I’m fine, I just slept too long last night.”

Lin Jian looked at Zeng Xiaoya, seemingly thinking for a while, before tentatively asking, “You knew about He Yuehua taking care of me last night?”

Zeng Xiaoya then realized that he had asked her to talk in order to test whether He Yuehua had really done something with him.

Did He Yuehua really use this to force him to take responsibility?

In that case, even if they did get married, their marriage wouldn't be happy. However, this was He Yuehua's choice. Zeng Xiaoya had warned her that if she still insisted on doing so, she would have to bear the consequences herself.

She paused for a moment, then said, "I know. Miss He called me last night and contacted me again today. She took care of you all night, and she worked hard. You should thank her properly."

"Don't go out drinking anymore, Senior Lin. You are an outstanding person, much better than your peers. Don't give up on yourself because of me. I only have the feelings of a senior and junior for you."

"We've known each other for so many years, and you've always been good to me. If I were going to fall in love with you, I would have done so long ago, and I wouldn't have had to wait until now."

"He Yuehua has been so good to you, waiting for you for so many years. Even when you were pursuing me, she still cared about you silently. I think you could consider giving her a try."

Lin Jian remained silent.

After a long pause, he said softly, "I know she's good to me, but... Xiaoya, do you really not like me? Is it because of that guy surnamed Zhan?"

"He's better looking than me and looks like a rich young master, but he's actually a useless person who lives off his brother and sister-in-law. Don't be fooled by his appearance."

"This kind of man is a playboy. He's so good-looking, he must have attracted a lot of unwanted attention outside. You won't be happy with him."

"Like your first boyfriend... I don't want you to suffer heartbreak again. I am absolutely sincere towards you. Don't worry, as long as we are together, I will maintain proper boundaries with my relatives back home."

"Try not to let them bother you."

Zeng Xiaoya said, "Senior Lin, our affairs have nothing to do with Zhan Yue. Don't jump to conclusions about Zhan Yue."

“It’s not your relatives from your hometown that made me back down. If I truly loved you, I wouldn’t be afraid even if you had many relatives like that. The main reason is that I don’t love you. I only see you as a senior from school.”

“It really has nothing to do with Zhan Yue. My relationship with Zhan Yue isn’t what you imagine; we’re just neighbors living upstairs and downstairs. I introduced him to a renovation contractor, and occasionally he asks me for help on where to buy better materials.”

Married at First Sight Chapter 4949

“That’s all. If you have to say there’s a relationship, it’s just that we’re neighbors, or ordinary friends.”

Dr. Lin chuckled.

“Xiaoya, I’m a man, and men understand men. Zhan Yue’s gaze towards you is strange; he’s definitely after you.”

“He bought a house upstairs from you, and I suspect it’s all so that we can be neighbors, taking advantage of our proximity.”

The houses in Wansheng Garden are not cheap, but Zhan Yue bought one with ease. I heard that he paid in full and it was a large flat.

It’s unclear whether Zhan Yue used his own money or asked his brother and sister-in-law for it. His cousin’s wife owns shops on Wansheng Street, and the rent she receives each month is enough to buy an apartment in Wansheng Garden.

“Senior Lin, you’re overthinking it. Zhan Yue isn’t what you’re saying.”

“Senior Lin, let’s not involve other people in our affairs. I’m telling you the truth, and I hope you’ll think it over carefully.”

“My second uncle considers Lin a student, and I don’t want you to be afraid to discuss medical issues with him because of matters of the heart.”

Putting aside Lin's feelings for her, Zeng Xiaoya greatly admired his attitude towards his studies.

Dr. Lin moved his lips as if to say something, but in the end he said nothing.

The waiter brought over the coffee and juice for the two of them, and then he asked Zeng Xiaoya, "Would you like to order some snacks?"

"No need. Eating sweets at night can easily lead to weight gain, and you'd have to run on the treadmill for a long time."

She doesn't have time to go for a run in the evening; there are too many people around, and it's not a good time to run at night.

If she has time to exercise, she will run on the treadmill in her small home gym for a while.

"Senior Lin, you really should consider He Yuehua. When you can't have mutual love, choose the one who loves you. Because she loves you, she will treat you well, care about you, and be concerned about you wholeheartedly."

"If I don't love you, and we're forced to stay together, I won't care about you, I won't be nice to you, and I'll be very cold to you. That kind of marriage is probably not what you want, right?"

"Besides, I would never marry someone I don't love. I would rather stay single than force myself to settle."

Dr. Lin's face turned a little pale.

Zeng Xiaoya's repeated rejections were like a knife, stabbing him hard in the heart, causing him immense pain.

But she had to face the cruel reality: she didn't love him, she just didn't love him.

No matter what he does, she doesn't see it, and she's not moved.

"Xiaoya, let me think about it carefully."

Dr. Lin said bitterly.

He was in a state of great turmoil.

She didn't want to fall out with the Zeng family, nor did she want to give up easily, and she was even less willing to reluctantly accept He Yuehua.

In He Yuehua's words, he was just too persistent, which caused him pain.

Zeng Xiaoya picked up the glass of juice she had ordered, drank half of it, put the glass down, picked up her handbag containing her phone, stood up, and said to Lin Jian, "Senior Lin, I've done all I can. Think it over carefully."

"I'm going home first. I usually get home a long time ago, but I haven't gone back yet because I'm afraid my second uncle and aunt will worry."

"Okay, I'll take you."

"No need. It's on the same street, so close, it's less than a three-minute walk. Senior Lin should also go back and rest early. If you did anything to Miss He, you should take responsibility. Senior Lin has always been a responsible man."

After saying that, Zeng Xiaoya turned and left to pay the bill. This time, she paid.

Lin Jian wanted to stop her, but Zeng Xiaoya had already paid the bill, so he had to give up, sit back down, and slowly savor the coffee he had ordered. He hadn't added sugar, so the coffee tasted bitter.

Married at First Sight Chapter 4950

Just like his mood at this moment.

The words Zeng Xiaoya said before leaving told him that Xiaoya had guessed what he and He Yuehua had done last night, and she might have also learned some things from He Yuehua.

He touched He Yuehua, and although he didn't cross the final line of defense, he hugged, kissed, and touched her, taking full advantage of her.

Xiaoya is very particular about relationships; if he has been with other women, she will absolutely never accept him again.

Why does he need to drink?

If he doesn't drink, he won't mistake Yuehua for Xiaoya.

Lin Jian was filled with regret.

Zeng Xiaoya rode her electric scooter home.

The main entrance to the Zeng family clinic was mostly closed, with only the two middle doors left open. Light was shining through from inside, so Uncle should still be on the first floor.

There was a new electric scooter parked at the entrance. It looked familiar to her; it seemed to be the one Zhan Yue had just ridden.

Sure enough, she heard Zhan Yue's voice coming from inside.

He was saying something that made her second uncle and aunt laugh, and they seemed to be having a lot of fun.

Zeng Xiaoya did not bring her electric scooter into the house. Usually, her electric scooter is locked at the entrance of the clinic, where there are surveillance cameras, so no one usually comes to steal her scooter.

After locking the padlock, she went inside, dangling her handbag.

As soon as I went in, I asked, "What are you talking about? You seem to be having a great time. I could hear your laughter from outside."

"Zhan Yue was telling a joke that made us laugh so hard that tears came to my eyes."

My aunt answered with a smile, and even raised her hand to wipe the corner of her eye, as if she was really laughing so hard that she cried.

"What joke is it? Tell me about it so I can have a laugh too."

Zeng Xiaoya walked over and sat down at her second uncle's tea table. Her second uncle asked her if she wanted some tea, but she shook her head and said no.

"I'll have Zhan Yue tell you when he has time. He said he ran into you on the street, but you were already home from get off work."

The second aunt asked her niece.

"Yeah, I came back after get off work at eight o'clock. I had an appointment with Senior Lin, so I didn't go home right away."

Hearing her say that, her second uncle and aunt exchanged a glance, and then her aunt's smile faded as she asked with concern, "Xiaoya, have you and your senior Lin decided to give it a try?"

"Second Aunt, what are you thinking? I only see him as a senior, as an older brother. There are no romantic feelings between us. He said he wanted to talk to me in person, so we did."

"I've told him countless times what I should and shouldn't have said, but I don't know if he'll listen this time."

Zeng Xiaoya sighed, "I really don't want to hurt Senior Lin."

Auntie said, "We know you don't want to hurt him, but as long as you're still single, he won't give up and will continue to pursue you. He probably thinks he hasn't been pursuing you for very long."

"So if you don't accept him, but he persists, maybe you'll eventually agree to be with him."

"Xiaoya, it's time for you to start dating again. You're not young anymore. When we were your age, we already had two kids. Unlike you, who are almost thirty and still single."

Zeng Xiaoya laughed and said, "Times are progressing, how can we impose the ideas of one generation on the heads of future generations?"

"It's not that I don't want to fall in love again, it's just that I haven't met the right person yet. Where am I supposed to find a boyfriend so that Senior Lin can give up on me?"

It's not like buying groceries; you can just go to the market and buy them.

Married at First Sight Chapter 4951

The second uncle glanced at the second aunt, then looked at Zhan Yue. The second aunt looked directly at Zhan Yue and said to her niece, "Dr. Lin must have misunderstood your relationship with Zhan Yue. Does he think that you don't accept him because of Zhan Yue?"

“Because Zhan Yue is better looking than him, has a better family background, is more capable, and earns more money than him. He can’t compete with him, so he blames Zhan Yue for the mistake of not loving him.”

Zeng Xiaoya looked at Zhan Yue, chuckled awkwardly, and said apologetically, “Zhan Yue, I’m sorry, I caused you to be misunderstood by Senior Lin.”

“I have explained it clearly, but Senior Lin does not believe me.”

“Xiaoya, since Dr. Lin misunderstands you and Zhan Yue, why don’t you two just pretend to be a couple and fool Dr. Lin so that he will give up completely and start a new relationship and stop bothering you.”

“We don’t need to become enemies. Of course, if he cares about you being with Zhan Yue and wants to cut off all ties with us, we’ll have no choice but to cooperate and stop associating with him.”

Both businesses run clinics, and as competitors, they are naturally wary of each other; strictly speaking, they are rivals.

But the Zeng family was kind-hearted. Even though Dr. Lin often came to ask questions, Uncle Zeng would give serious guidance, instruction, and share his experience.

When Dr. Lin encountered Zeng Xiaoya’s grandparents at home, the two elderly traditional Chinese medicine doctors would offer guidance when Dr. Lin came to consult them.

It can be said that the Zeng family is very kind. They did not think that just because Dr. Lin’s clinic was not far from their home, they were all studying medicine and that studying medicine was for the purpose of treating and saving lives.

When young doctors lack experience and need to ask for advice, it shows that they are eager to learn. Of course, the older generation should offer guidance to help them improve their medical skills. When doctors’ medical skills improve, they can benefit the public.

This was their original intention in studying medicine: to heal the sick and save lives.

Zeng Xiaoya: “.....”

Zhan Yue: “...”

Who would have thought he’d be playing a couple with Xiaoya?

He’s the type to turn a fake relationship into a real one.

“Second Aunt, this is a private matter between me and Senior Lin. It’s not appropriate to involve Zhan Yue. Zhan Yue will also be dating and getting married in the future. If his future wife knew that he had helped me like this, it would be very bad.”

The other party will definitely mind.

Zeng Xiaoya didn’t want to do that either.

Zhan Yue immediately said, “Xiaoya, I’m currently single. Even if we get married in the future, that’s a matter for the future. Everyone has a past, and I believe my future wife is a magnanimous person who won’t hold a grudge about what happened before I met her.”

“My second aunt is right. Dr. Lin has misunderstood our relationship. We usually act like a normal couple, going shopping, eating out, and watching movies together.”

“Dr. Lin will assume that you are with me, and he will give up on you.”

Zeng Xiaoya said, “Zhan Yue, if that’s the case, and Senior Lin really sees you as a rival in love, what if he does something to you? Wouldn’t that implicate you?”

Although Lin Xuechang wouldn’t be the kind of person to hurt others for love, Zeng Xiaoya still reminded Zhan Yue.

“Second Aunt, I think Senior Lin will gradually let it go.”

“I don’t need to go to the point where Zhan Yue has to pretend to be my boyfriend.”

Zeng Xiaoya realized that He Yuehua and Senior Lin had already slept together. Although they hadn’t actually had sex, they had shared a bed for one night, and Senior Lin was now in a state of turmoil.

Once he’s thought it through, he’ll let go of his feelings for her.

He Yuehua wouldn't let go of this opportunity to get Lin Xuechang to marry her.

Zeng Xiaoya rejected Zhan Yue's suggestion to pretend to be her boyfriend, and there was another reason she didn't mention.

As Zeng Xiaoya grew increasingly familiar with Zhan Yue, such a handsome man, she genuinely fell in love with him during their pretense of being a couple.

If Zhan Yue also likes her, and they are mutually in love, then it's fine, and everyone will be happy.

I'm afraid she'll fall in love, but he won't. That would only cause her pain, so why would she suffer?

It took her several years to truly let go of her last heartbreak and be able to face it with equanimity.

Married at First Sight Chapter 4952

Only she knows how painful and difficult that period was.

She didn't want to suffer heartbreak again.

The Zhan family is a wealthy family worth hundreds of billions. Even though everyone says that the Zhan family has a good family tradition and that the elders are very open-minded, Zeng Xiaoya doesn't dare to think about it.

I always felt that she and Zhan Yue were from two different worlds.

She studied medicine, and he ran a business. They were from different circles, had different social circles, and talked about different things.

When you're deeply in love, you can be carefree and overcome anything. But after marriage, when reality sets in, you'll realize that the two of you are simply not compatible because you have nothing in common to talk about.

He didn't understand the medicine she was talking about.

She didn't understand the business he was talking about.

Given his status and position, he will inevitably have to attend various social events and banquets in high society. She doesn't have that much time to accompany him to these events, nor does she like those kinds of occasions.

Zeng Xiaoxiao had attended banquets before, although they weren't the high-end, large-scale banquets that Zhan Yue would attend. The occasions and the nature of the banquets were similar.

She doesn't like those kinds of occasions.

In her spare time, she prefers to read a few more medical books or grow some medicinal herbs.

She grows some herbs in flowerpots on the roof of her house.

Her grandparents were traditional Chinese medicine practitioners. Although Zeng Xiaoya did not choose to study traditional Chinese medicine, she had heard about it since she was a child. Her grandparents also taught her, so she was quite good at it. She had no problem growing herbs and identifying various medicines.

"Xiaoya, if you need someone to pretend to be your boyfriend in the future, just come to me. I'm not afraid of trouble, and I'll definitely play the role of your boyfriend well. If you feel bad about it, you can give me some compensation."

"I'm doing this for money, so you'll feel better about it."

Zhan Yue, being understanding, secretly hoped that Zeng Xiaoya would let him pretend to be her boyfriend, and that he would definitely take the role for real. If she needed him to pretend to be her boyfriend, he was confident that he could make Zeng Xiaoya fall in love with him during the acting period.

Zeng Xiaoya laughed and said, "Forget it. I only have that little salary, not even enough for myself, how can I afford to pay you? Hiring you to act would cost at least tens of thousands a day."

The eighth young master of a billionaire family is already extremely wealthy.

Zhan Yue probably wouldn't even consider a daily wage of tens of thousands of yuan.

They handle hundreds of millions of business transactions every day, and at the very least, tens of millions.

Zhan Yue smiled and said nothing more.

I knew this wouldn't work.

However, she did not ask him to pretend to be her boyfriend; he could voluntarily act as her boyfriend to help her get rid of Dr. Lin, her rival in love.

He liked her from the start and wanted to pursue her.

It's just that there's a reason she can accept it.

"Second Uncle, Second Aunt, you two chat with Zhan Yue, I'm going upstairs. I'm very busy today, I'm exhausted, I want to rest early."

Auntie nodded and said, "Then you should go and rest, and stop playing on your phone."

As Zeng Xiaoya walked upstairs, she said, "I know, I'm not a child, I have self-control."

She is not addicted to playing on her phone.

For her, a mobile phone is just a communication tool; when someone sends her a message, she replies, and that's it.

I rarely watch videos, because I feel that watching videos easily leads to a sense of lethargy.

Married at First Sight Chapter 4953

Zhan Yue's gaze followed Zeng Xiaoya until she was out of sight, then he looked away.

Uncle Zeng and his wife pretended not to see it.

The three chatted for a while longer before Zhan Yue took his leave.

"I think Zhan Yue is sincere towards our Xiao Ya, why doesn't he confess?"

The second aunt said rather anxiously.

She wished she could confess her feelings to Xiaoya on Zhan Yue's behalf.

Uncle said, "They haven't known each other for very long. Zhan Yue is probably thinking that Xiao Ya doesn't know him well enough. If he confesses now, he'll end up like Dr. Lin."

"That kid is shrewd. He creates all sorts of coincidences every day. No matter where Xiaoya goes, she will always run into him. He keeps such a close eye on her and gradually integrates himself into her life."

"Like boiling a frog in lukewarm water, Xiaoya will fall in love with him."

Uncle continued, "Based on your analysis, Zhan Yue is indeed more suitable for Xiao Ya. Our family can afford to associate with the Zhan family."

The Zeng family is not bad either, and Xiaoya is a good match for Zhan Yue.

"I'll talk to Xiaoya about it."

The second uncle pulled his wife back, saying, "Why are you in such a hurry? Let Zhan Yue pursue Xiao Ya himself. Whether Xiao Ya accepts him or not is his business. It's not like we're the ones getting married. Why are you in such a rush?"

"He has fallen in love with Xiaoya. Do you think our niece's husband can be someone else? It must be that boy."

He had heard that once the men of the Zhan family fell in love, they would do everything they could to win over their wives, and once married, they would remain faithful to their marriage and family for life. Such a family tradition was truly rare.

Alas, what a pity for Dr. Lin.

However, if Xiaoya were his biological daughter, he wouldn't be willing to let her marry Dr. Lin; it would cause too much trouble.

Although Xiaoya is not his biological daughter, she is his biological niece. He watched her grow up and treated her like his own daughter. He truly hopes that his niece can marry into a good family.

What's important is the young man himself, but his family background is also very important.

Zhan Yue's family background was better than Dr. Lin's. It wasn't just that Zhan Yue's family was rich, but that everyone in the Zhan family was capable and didn't need to rely on anyone else.

Dr. Lin was then taken advantage of by most people.

Auntie laughed and said, “So you approve of Zhan Yue now? I thought you would always want to help Dr. Lin.”

“I won’t help anyone; they can each rely on their own abilities.”

The second uncle said, “My niece has no trouble getting married, why should I help them pursue her? It’s already good enough that I haven’t kicked them out.”

Even though parents hope their children will get married and start their own families, they still feel reluctant to let them go on their wedding day.

Let nature take its course.

Zhan Yue didn’t know what his second uncle and aunt said after he left, but he rode his electric scooter home.

He was forced to stop by a car that kept honking its horn. He stopped the car and looked at the person in it. The person rolled down the window and saw it was Dr. Lin, his rival in love.

“Mr. Zhan, is this a convenient time?”

Dr. Lin peeked out and asked Zhan Yue.

“Is there something you need, Dr. Lin?”

“I’d like to talk to you.”

Zhan Yue pursed his lips and said, “It’s not very convenient, but Dr. Lin wants to talk to me, and I’ll make time for her. Dr. Lin, where would you like to talk?”

Lin Jian said, “There’s a small park up ahead. Let’s park there, sit down at the park entrance, and chat.”

Dr. Lin is very stingy with his love rival, and he’s reluctant to ask her to go out for drinks.

Zhan Yue said, “Let’s go to the park to chat? People who don’t know us might think we’re gay.”

“Is Dr. Lin reluctant to buy me a drink? Can’t you take me to a bubble tea shop or coffee shop? If Dr. Lin is stingy, let’s split the bill.”

Lin Jian was stingy with his love rival, and Zhan Yue wasn't generous either.

Married at First Sight Chapter 4954

He certainly wouldn't treat a rival, a man who's trying to steal his future wife, with kindness.

After thinking for a moment, Dr. Lin said, "There's a milk tea shop up ahead. Let's go there, sit down, and chat."

"Alright, Dr. Lin, lead the way."

"Where's your car? Don't you usually drive around showing off in a luxury car?"

Dr. Lin asked sarcastically, "Why are you riding an electric scooter tonight? It's not registered yet, is it new?"

Zhan Yue said, "The luxury car I usually drive belongs to my sister-in-law. I'm borrowing hers to drive and have some fun with luxury cars."

"Dr. Lin, don't you think it's much more convenient to ride an electric scooter in the city? There's nothing shameful about riding an electric scooter, as long as it's convenient for getting around. They're all just means of transportation."

His rival is unaware of his true identity.

They looked down on him, thinking he was just a freeloader who sponged off his brother and sister-in-law.

Zhan Yue simply lied, claiming that the luxury car he usually drove was borrowed from his sister-in-law, so that his rival would think he was really useless.

Dr. Lin stopped talking, rolled up the car window, and drove off in a flash.

"What's so great about driving a car?"

Zhan Yue muttered to himself.

What will his love rival's expression be when he finds out his true identity?

Zhan Yue didn't intend to tell him.

Anyway, Xiaoya doesn't love Dr. Lin. Once he successfully wins her back, he won't have any further contact with Dr. Lin. He doesn't need to let Dr. Lin know his identity, at least he won't tell her on his own initiative.

Once he and Xiaoya hold their wedding and she finds out his true identity, it will be none of his business anymore.

Zhan Yue followed on his electric scooter.

His car was certainly not as fast as the other car's.
Lin Jian would slow down from time to time so that Zhan Yue could always see his car and avoid losing track of it.

In just two or three minutes, we arrived at the milk tea shop that Lin Jian had mentioned.

The milk tea shop was average, neither too big nor too small, and perhaps because it was late at night, there weren't many customers inside.

The two of them went in, and the shop assistants all watched them.

The two calmly found a table and sat down. Lin Jian casually ordered a milk tea, while Zhan Yue only asked for a cup of warm water.

"What, you can't bear to spend the money on a cup of milk tea? I only asked for a free cup of warm water."

Lin Jian mocked him.

Zhan Yue patted his face and said, "I need to maintain a good figure and keep my good looks."

"It's so late, why are you still drinking milk tea? It's too high in sugar and bad for your health. You're a medical student, don't you know that?"

Lin Jian was speechless.

"What would you like to talk to me about, Dr. Lin?"

Zhan Yue accepted the glass of warm water from the waiter and thanked him.

The milk tea Lin Jian ordered wasn't delivered that quickly.

“You like Xiaoya, don’t you?”

Lin Jian cut to the chase and asked directly.

Zhan Yue didn’t hide anything. He said, “Dr. Zeng is an outstanding girl. I fell in love with her at first sight. What, is that not allowed? You’re allowed to like her, but I’m not allowed to like her?”

“I knew you liked Xiaoya. Xiaoya kept rejecting me because of you, right? You’re just a little prettier than me and have a sweeter tongue, so you know how to sweet-talk people, don’t you?”

“You’re a freeloader who lives off your brother and sister-in-law; you’re not good enough for Xiaoya. If Mr. Zhan truly loves Xiaoya, he would want her to be happy. Mr. Zhan doesn’t even have a stable job; what can he offer Xiaoya for happiness?”

Married at First Sight Chapter 4955

“We can’t keep sponging off your brother and sister-in-law, can we?”

“I’m different. Xiaoya and I have known each other for a long time and are kindred spirits. I’m successful in my career, young and promising, and I love Xiaoya very much. If Xiaoya marries me, she will definitely be very happy.”

Zhan Yue said coolly, “Dr. Lin is successful in his career and young and promising, but unfortunately Xiaoya doesn’t love you. She just doesn’t love you.”

“Love cannot be forced. Love is love, and not loving is not loving. I advise Dr. Lin to be sensible and let go of his feelings for Xiaoya as soon as possible, and stop bothering her.”

“I heard that Dr. Lin also has a woman who loves you very much. Dr. Lin, you should cherish the person in front of you. Xiaoya does not belong to you, and never will. I advise you to give up on that idea.”

Lin Jian’s face darkened.

He met Xiaoya first, but now he has Yuehua by his side. The worst part is that he slept with Yuehua last night. Even if nothing happened in the end, the fact remains that they slept together for one night.

He Yuehua is pressing him to take responsibility.

Xiaoya also knew about this, which was what made Lin Jian uneasy.

“Xiaoya doesn’t belong to me, so does she belong to you, Zhan Yue? How will you support Xiaoya? You don’t even have a proper job.”

Who said I don’t have a formal job?

Zhan Yue retorted, “Who told you I don’t have a job?”

Lin Jian was speechless. No one had told him that Zhan Yue was unemployed; it was just his own guess.

Because Zhan Yue is too free, even more free than him, who runs his own clinic and is his own boss.

If Zhan Yue had a job, which company would allow him to be so free, letting him go out and buy this and that on weekdays?

“All you’re doing is collecting rent for your sister-in-law, is that even a job?”

Remembering that Zhan Yue had said he would help his sister-in-law collect rent, Lin Jian used this to attack Zhan Yue.

Zhan Yue chuckled, “Don’t you know that rent collection is lucrative? If I help my sister-in-law collect rent as part of my job, it’s not shameful at all. On the contrary, it will make a lot of people envious and jealous.”

“Many people envy and resent landlords in Dongguan. I don’t want to collect all the rent in one day. I collect from a few houses each day, and finish by the end of the month. That’s better. Otherwise, what am I supposed to do for the remaining 29 days if I finish in one day?”

Lin Jian’s face was as black as charcoal.

He worked hard for so many years to escape poverty, and finally managed to buy a house and a car in Dongguan, and also saved some money.

Zhan Yue, on the other hand, easily collects rent, and the rent he receives in a month may be more than he earns in a year.

“Anyway, I have a job and an income. Even if I’m just helping my sister-in-law collect rent, she won’t let me work for free. She’ll pay me a salary. Didn’t you see me buying houses in Wansheng Garden like they were cabbages?”

“I paid in full, so I don’t have to pay a mortgage every month. Now I’m renovating, and the materials I use are both environmentally friendly and of good quality. It just costs a little more, but it doesn’t matter, I can afford it anyway.”

“I travel in luxury cars, and I don’t think my job of collecting rent for my sister-in-law is shameful. If Xiaoya marries me, I can make her live like a queen or princess.”

“I’ll take care of everything, so she can just be carefree.”

“Dr. Lin, you say you love Xiaoya very much. If Xiaoya marries you, can you ensure she lives a carefree life? Can you give her a life like a queen or princess?”

Married at First Sight Chapter 4956

Zhan Yue’s question left Dr. Lin speechless. He continued, “I’m afraid that if you marry Xiaoya, your relatives back home will need to be hospitalized or go to higher-level hospitals for treatment. You’ll have to ask Xiaoya to arrange it for your relatives unconditionally.”

“It’s true that you like Xiaoya, but it’s also true that you value Xiaoya’s family background. You should say that you are more satisfied with Xiaoya’s family background. Her background and her family’s connections can help you a lot.”

“Is this why you’ve never accepted that young nurse who admires you, but instead keep pursuing Xiaoya relentlessly?”

Dr. Lin’s expression changed, and he denied it, saying, “I never thought of using Xiaoya for anything. If my relatives back home need help, we’re all relatives. Xiaoya can help if she wants to, and I won’t force her to help if she doesn’t want to.”

“I like Xiaoya as a person, not her family background.”

Zhan Yue chuckled, “If Xiaoya had the same family background as your little nurse, would you like her and pester her relentlessly?”

After a moment of silence, Dr. Lin said, “What if? There are no ifs.”

“So, you still value Xiaoya’s family background more.”

Dr. Lin retorted, “It’s as if you don’t value Xiaoya’s background. She comes from a family of doctors, and everyone envies her family’s connections in the medical field and wants to get in touch with her.”

Everyone gets sick, and when you get sick you need to see a doctor. If you have the opportunity to make friends with doctors, I don’t think anyone would miss it.

“I don’t care whether Xiaoya’s family background is good or not, as long as she has good character.”

Zhan Yue said, “Although my family can’t be called rich, we can still make a living. We have doctor friends, so we don’t need to rely on Xiaoya’s medical connections.”

“I simply like Xiaoya as a person; it was love at first sight.”

The Zhan family knows quite a few doctors, including two who are considered legendary doctors.

Dr. Lin sneered twice and said sarcastically, “You’re just bragging. Bragging can fool those infatuated women. They’re captivated by your face and believe what you say unconditionally.”

“But Xiaoya isn’t a lovesick fool; she’s not love-struck. You can’t fool her with your bragging. Zhan, I advise you to give up on that idea; Xiaoya will never fall in love with you.”

“Then let’s have a fair competition and see who wins the heart of the beauty in the end.”

Zhan Yue was too lazy to continue the verbal battle. He said, “If Dr. Lin can win Xiaoya’s heart and get her to marry you, then I will let go and offer my sincerest blessings. If Xiaoya chooses me, Dr. Lin should stay away from Xiaoya from now on.”

“That’s right. Can you still pursue Xiaoya now? You don’t have to take responsibility for your little nurse.”

Dr. Lin: “...What nonsense are you talking about?”

“What responsibility? She and I are just boss and worker. She likes me, that’s her business. I never promised her anything.”

Xiaoya wouldn’t tell Zhan Yue about that matter, so Dr. Lin assumed that Zhan Yue mistakenly thought he had made some promise to Yuehua.

He vehemently denied it.

Little did he know that Zhan Yue knew everything about his rival in love.

After Zhan Yue finished his glass of warm water and put it down, he picked up the keys to his electric scooter. “It’s late, so I won’t continue talking to Dr. Lin.”

He took a couple of steps and then turned back, bending down to say to Dr. Lin, “Last night, you were drunk and had Miss He call Xiaoya. She happened to be watching a movie with me and overheard the conversation.”

Dr. Lin: “....._l

Married at First Sight Chapter 4957

“Dr. Lin, you probably haven’t seen a movie with Xiaoya, have you? I saw a movie with her and we even went shopping together.”

After showing off, Zhan Yue straightened up, turned around, and left.

Dr. Lin watched his retreating figure, her teeth itching with jealousy.

He had known Xiaoya for so many years, but he had never gone to the movies with her, nor had he ever gone shopping with her alone. He had only gone shopping with Xiaoya a few times with a group of people.

It’s a fact that Xiaoya doesn’t love him.

In Xiaoya’s words, if she loved him, she would have fallen in love with him long ago, instead of waiting until now.

Does Xiaoya really like Zhan Yue?

Aside from being good-looking and having some money, what makes Zhan so worthy of Xiaoya's love?

A man like Zhan Yue might end up like Xiao Ya's first boyfriend.

Although Lin Jian was complaining in his heart, he had to face the reality that Xiao Ya's attitude towards Zhan Yue was very good, unlike towards him. She used to be polite and courteous, but now she was distant and indifferent.

After he confessed his feelings, Xiaoya never accepted the flowers he sent.

Did he lose?

No, he hasn't lost. As long as Xiaoya hasn't married, he still has a chance, and he hasn't lost yet.

Dr. Lin asked the staff at the milk tea shop to pack the milk tea for him. After paying, he took the milk tea out, returned to his car, put the milk tea on the passenger seat, and drove home.

When he got back to the building where he lived, he saw that the lights in his apartment seemed to be on.

He thought he was seeing things or had read the wrong floor.

He stopped and looked up carefully, confirming that it was indeed his home. He hasn't gone home yet, so why are the lights on at his house? He's never given his house key to anyone other than his parents and family, even though He Yuehua often comes over to help him with chores.

But he never gave He Yuehua the key; He Yuehua always came over when he was at home.

Could it be that his parents have arrived?

Thinking of this, Lin Jian quickened his pace and walked into the building, pressed the elevator button, and quickly took the elevator up to his floor.

He unlocked the door with his key and went inside, where he heard his parents and He Yuehua laughing and talking.

It really was his parents who came. Why didn't they tell him?

What's He Yuehua doing here? Could it be that her parents invited her?

“Dad, Mom, what brings you here? You didn’t even call to tell me you were coming so I could have picked you up at the high-speed rail station.”

Lin Jian said to his parents as he changed his shoes.

Lin’s father said, “You haven’t been back for a long time, and your mother and I have been thinking about you. It just so happens that your mother also needs to come to the city for a check-up and to get two months’ worth of medicine, so we called a ride-Liberty car to come over.”

“Taking a ride-Liberty service is much more convenient. It can take us directly here without you having to pick us up at the high-speed rail station. We would have to take a taxi to get to the high-speed rail station, which is not very convenient.”

The fare for ride-Liberty services is much more expensive than a high-speed rail ticket.

“Your mother and I went to your clinic, but you weren’t there. Yuehua was, so she helped us get our things and brought them here.”

When Lin Jian’s family and relatives came to visit, they would often ask He Yuehua to help take care of them, such as buying groceries and cooking. He Yuehua had done these things before.

Many people in the Lin family thought Lin Jian and He Yuehua were a couple. Although they were not very satisfied with He Yuehua’s family background, they thought that one was a doctor and the other was a nurse, and they were a good match.

If Lin Jian couldn’t find anyone better, his parents would accept it and wanted their son to marry He Yuehua.

Married at First Sight Chapter 4958

He Yuehua said with a smile, “That’s what I should do.”

She stood up to greet Lin Jian and asked with concern, “Dr. Lin, why are you back so late? How did your chat with Dr. Zeng go?”

“Are you hungry? Would you like me to make you some late-night snacks?”

“Need not.”

Dr. Lin said indifferently, "There's nothing else. You can go back now."

"Oh, this milk tea is on you."

He handed the milk tea he had packed back to He Yuehua.

He Yuehua knew that the milk tea he had packed was definitely not for her, but she still accepted it happily, saying, "It's the flavor I like. Thank you, Dr. Lin."

She turned around, walked back to the sofa, put down the cup of milk tea, and then poured Lin Jian a glass of warm water.

Lin Jian walked over and saw an exquisite fruit platter on the coffee table, with several kinds of fruit cut into it. He knew without asking that He Yuehua had prepared it for his parents.

She often came over to help him tidy up the house and do some housework, so she was very familiar with his home and his parents.

When he wasn't around, she acted like the lady of the house.

This annoyed Lin Jian, but he couldn't say anything.

They were afraid that He Yuehua would tell her parents about what happened last night.

"Uncle, Aunt, Dr. Lin is back, so I'll head back now."

He Yuehua knew that Dr. Lin was in a bad mood, so she didn't stay any longer.

After saying a few words to Mr. and Mrs. Lin, he picked up the cup of milk tea, smiled, and said goodbye.

Lin's parents got up and saw her off for a couple of steps. Lin's mother smiled and said to her, "Yuehua, come over for dinner tomorrow."

"Auntie, you have to go to the hospital for a check-up tomorrow, so it's inconvenient for you. If you don't mind, I'll go buy groceries and cook a meal so that Uncle and Auntie can have a hot meal when they come back from the hospital."

“Don’t be so formal. I’m just worried the clinic will be busy. Let’s talk about it tomorrow.”

Mr. Lin was worried that after He Yuehua left, the other nurse would be too busy, and that the other nurse was not as meticulous and quick as He Yuehua.

Sometimes there is only one nurse, He Yuehua, but she can handle any number of patients.

Although He Yuehua’s family background was so-so, Lin’s father still liked the girl very much and hoped that his son could be with He Yuehua.

After He Yuehua left, the two elders stopped smiling and sat back down on the sofa.

“Ah Jian, did you go see that Dr. Zeng again?”

Lin’s mother asked, “You said you’ve loved her for so many years and waited for so many years, but she hasn’t responded to you. I’m afraid she doesn’t even look at our family. You shouldn’t keep trying to win her over.”

“Although her family is well-off, if she looks down on you, she will definitely look down on us too. Mom won’t like a daughter-in-law like that. If we let her into the family, there will be no shortage of arguments.”

Lin’s father also said, “It’s been so many years and there’s still no result. You shouldn’t keep pursuing this. You’re not young anymore. Get married and have a few kids soon so your mother and I can hold our grandchildren.”

Lin Jian had previously said that he had someone he liked, but he hadn’t succeeded in pursuing her yet and needed time. His parents both supported him.

They believed their son was outstanding, and few girls could resist his pursuit. They were also satisfied with Zeng Xiaoya’s family background and were confident that they could get married within a year.

Who knew that several years would pass and the son would still be stuck in the same place, while getting older and older.

In the village, people as old as A-Jian are already fathers, some even fathers of two children, while A-Jian is still single.

Those people were jealous of Ah Jian's excellence, and behind his back they often said things like, "What's the use of being able to make money? He won't be able to get a wife and will be a bachelor forever."

Married at First Sight Chapter 4959

Ah Jian's excellence has made them speak more loudly in the village, so they can't let Ah Jian remain a bachelor for the rest of his life.

If A-Jian can really marry that junior, Lin's parents will naturally be happy. Their daughter-in-law's family is wealthy and she is a doctor, which will make them even more prestigious in the village.

But if the son can't find a wife, then choose He Yuehua. Although she's not a doctor, she's a nurse and understands medical principles.

Moreover, He Yuehua is very caring and a great worker, much better than the Dr. Zeng they secretly visited.

That Dr. Zeng looks like a pampered young lady who has never lifted a finger. Marrying a woman like that might be fine in the city, but if she went back to the village, she probably wouldn't be able to do farm work well.

It was only because they coveted the Zeng family's social standing that they so eagerly hoped their son could marry Dr. Zeng.

It seems there's no hope now.

If there were any hope, they would have gotten married long ago, instead of waiting until now.

Fortunately, Yuehua waited for Ajian in the same spot.

"Dad, don't interfere in my love life. I know what I'm doing."

Lin Jian said somewhat irritably, "If there's still no result this year, I'll give up, and then I'll marry whoever you want me to marry."

If he can't marry the woman he likes, it doesn't matter who he marries.

Lin's father said, "Alright then, let's do it this year. If there's still no result this year, then don't keep bothering me. I think Yuehua is quite good."

"Dad, He Yuehua is a Voldemort. She spends almost all of her monthly salary on her family. If I marry her, she will drag me into helping her family."

"We've known this girl for a few years and we know her fairly well. She's like this now, but she won't be like this after she gets married. She also said that once she gets married, she will save all her income and spend it on her own little family."

"Once you two are really married, you'll be husband and wife, a family. You'll manage the money, and she'll work at your clinic, where you'll pay her salary. After you're married, you don't have to pay her a salary anymore; just give her a few hundred yuan a month for spending money."

"Then she wouldn't be able to help her family. She's family-oriented, quick to act, and very good to me and your mother. I think she's a good person."

"Voldemort isn't scary. As long as you can protect your money, have a thick skin, and be ruthless enough, you can't get money from her family to help them, no matter what her family's affairs are. It still depends on your abilities."

Lin's mother also said earnestly, "Ah Jian, your father is right. So many years have passed and you and Dr. Zeng have not reached a conclusion. Just choose He Yuehua. This girl is decisive. She said that she will give the salary she earns back home to repay her parents for raising her."

"Once I get married and have my own family, I can just give my parents some money during holidays. It won't be like this anymore."

"Aren't all the girls in our village like this? Before marriage, they give almost all the money they earn back to their parents' home. After marriage, who among them would still give money back to their parents' home?"

Lin Jian said, "Mom, let's talk about it later. Mom, have you made an appointment for your checkup tomorrow?"

"Not yet. Can you make an appointment for Mom? If the check-up is fine, she can go back to your clinic to get two months' worth of medicine to take home. She won't get medicine from the hospital anymore; the medicine there is expensive."

Her son owns a clinic, and if it weren't for the fact that his clinic doesn't have the equipment for examinations, she wouldn't have to go to the hospital and spend money.

Lin's mother has had diabetes for many years and needs to inject insulin and take medication every day to control it. These medications were all prepared by Lin Jian for his mother.

Lin Jian immediately took out his phone to register his mother for an appointment. He said, "There are no appointments available for tomorrow morning. Let's register for the morning after tomorrow. Mom and Dad can rest here with me tomorrow."

"They're all booked up so quickly? Are all the doctors out of appointments?"

Lin Jian hummed in agreement. "That's how it is at big hospitals. There are appointments available in the afternoon, but Mom is going for a follow-up appointment, so she needs to fast. Morning appointments are much easier; she can eat right after the checkup. If she gets an afternoon appointment, Mom will have to go hungry all morning."

Married at First Sight Chapter 4960

"Don't be too nervous, it's the same to register for an appointment the day after tomorrow morning."

Lin's mother said "Oh," and then said, "If you can marry Dr. Zeng, you can ask her to help me get an appointment. Son, if you can't bear to part with her, then try harder. It's much more convenient to have connections at the hospital in a big city."

"You can first have sex with her until it becomes a fait accompli, then get her pregnant. Once she's heavily pregnant, she'll marry you."

Lin's mother gave her son some advice.

Lin Jian said with a long face, “Mom, Xiaoya has never even gone out alone with me. How can I possibly have sex with her?”

“She goes to work every day, and when she’s off work, she helps out at her family clinic. She doesn’t go anywhere else. I don’t have that kind of opportunity at all.”

We can’t force Xiaoya, can we?

If he dares to force himself on Xiaoya, he’s finished; the Zeng family won’t let him off the hook.

Moreover, if he did that, Xiaoya would hate him. Given her personality, she would definitely call the police to arrest him rather than submit to him.

He had worked so hard to get to where he is today, and he didn’t want to ruin his future because of this, nor did he want to offend the Zeng family.

He still has a long way to go in the medical field.

“A very handsome man has appeared in Xiaoya’s life. He’s from a well-off family and knows how to sweet-talk people. Xiaoya has been charmed by him and treats him very well, but she’s as cold as ice to me.”

“Sigh, I just had a chat with my rival before I came back. That annoying Zhan Yue is so irritating. He’s so arrogant because his brother and sister-in-law are rich.”

He needs to find out who Zhan Yue’s brother and sister-in-law are, what kind of business they do, and how they have so much money. So many shops on Wansheng Street belong to Zhan Yue’s sister-in-law. From the moment Lin Jian learned of Zhan Yue, he knew absolutely nothing about this rival in love.

Zhan Yue seemed to know a lot about his situation.

It is said that knowing yourself and your enemy is the key to victory in every battle. He knew nothing about his rival in love, so how could he possibly defeat her?

Lin Jian has found the reason why he lost to Zhan Yue in their competition.

He simply doesn’t understand Zhan Yue.

Tomorrow I’ll ask the shop tenants on Wansheng Street what kind of business Zhan Yue’s sister-in-law does.

“You have a love rival?”

Lin Jian nodded. “Still a formidable opponent.”

Lin’s mother said, “Is your rival from the city? If his family is wealthy, he would be a good match for the Zeng family. That Dr. Zeng might actually choose him.”

“Why don’t you stay with Yuehua, Jian? Your parents are already very happy with your abilities now.”

She worried that her son would be heartbroken and lose interest in running the clinic because he couldn’t win against his love rival.

In short, she was afraid that love would ruin her most outstanding son.

Having painstakingly raised such an outstanding son with the combined efforts of the whole family, Lin’s mother would not allow anyone to ruin him.
