

## Chapter 12 No Need to Get Up Today

The evil smile rippled across Richard's exquisite face.

"You are the consequence," he said.

Caroline's eyes turned wide. Although she didn't know much about things between men and women, she knew what Richard meant.

Richard's big hand went straight through her nightgown and was just about to caress her soft breast.

There was then a knock at the door.

Richard frowned, "Who is that?!"

This sound scared Caroline.

"Mr. Preston, you have to attend a board meeting today and it will start soon," John's voice came from outside the door.

Richard really forgot about this meeting!

Today's board meeting was already set when he was in England.

Caroline was secretly dancing in her heart. If he was going to the meeting, then he would not do something to her, right? However, she also felt a little disappointed.

"What are you so happy about? You think you can avoid me today, but can you avoid me tomorrow?" Richard said it when he nipped her ear.

Caroline immediately pushed him away, "Don't you have a meeting? Hurry up and go."

Richard did not continue. He has always been a workaholic, and when it comes to working, he is never sloppy, let alone it is a crucial time for his project.

He got up, got out of bed, went to the bathroom, and then went to his closet. By the time he came out again, he had changed into a straight suit.

The well-tailored suit set off his figure to perfection as Caroline sat on the bed and gazed at him.

When she thought he was just ready to "eat" her in bed, Caroline couldn't help but feel he was a beast in human clothing, well now, in his hand-made Italian suit.

Richard didn't spare her another look and walked straight towards the door.

"Hey!" Caroline shouted.

Richard stopped in his tracks, "Yes?"

"I've been here for many days and I'm bored. I want to go out," Caroline said slowly, not daring to anger him and she quietly waited for his reply.

Richard paused for a few seconds, opened the door, and walked out without saying anything!

"What the hell! I've never seen such an impolite man!" Caroline picked up a pillow and smashed it towards the door.

She lay down again. No matter how fancy the house was, she would be bored to death after a few days, not to mention that she couldn't stay at home quietly!

Her phone rang.

Caroline picked it up immediately. It was an unfamiliar number, so she did not answer. She just swiped the answer button but it called again.

"Who is that!" Caroline asked when she picked it up.

"Carol, why didn't you answer my call?" Leo's voice came from the phone.

"Huh? It's you, my dear nephew!" It's not a bad idea to take out on his nephew.

"What the fuck?! Don't call me like this!" Leo shouted.

"Be careful or I will tell your uncle and let him spank your ass. Quickly, call me auntie!" Caroline suddenly came to life.

"Jesus. My body has already suffered a lot, and please don't torture me mentally!" Leo said.

"Physically and mentally? You get fucked?" Caroline asked.

"Caroline! What are you saying?" Leo was furious.

"Okay, okay, I will stop." she said.

"My uncle is really angry this time and he even took away my phone. I sneaked out to use a phone in a diner. I am a big star! And I have to use the phone in a dingy diner? What if the paparazzi catch me?" Leo said.

"I'm no better," Caroline sighed and suddenly remembered something, saying, "Tell me, who is the Madam?"

"Madam?" Leo asked.

"Yes, his butler, John said something about a madam, who is it?" Caroline asked.
