

## Chapter 137 Warmness in the Cave

"Are you sure you were pushed?" Richard started to frown.

"Yes. I am sure about this. While I was using my phone alone, a strange man came to me in the crew's uniform, saying the director and the assistant directors were busy so they asked me to take a look at the shooting site. I thought since I had nothing to do, why not do them a favor? But in the end, I was pushed down the cliff by him," said Caroline.

"Do you still remember his appearance?" Richard asked.

Caroline thought carefully for a while and then shook her head, saying, "That man was wearing a cap and I didn't see his face clearly. I thought that he was one of the staff members so I didn't pay much attention to him.

Richard sighed and comforted her, "That's okay. After we get out of here, I will investigate."

Caroline was so cold that she even shivered. Richard hurriedly took off his suit jacket and put it on Caroline's body.

"Do you feel better?" he asked.

Caroline nodded. With his suit jacket and his hug, she didn't feel cold anymore.

She stretched out her arm around Richard's neck and kissed his cheek gently, saying, "I love you, Richard Preston."

In the face of the sudden kiss and her confession, Richard felt hot on his cheek.

He was actually shy.

"When will they find us?" Caroline leaned on Richard's chest.

"It is hard to say. I just tore a piece of my shirt and hung it on a brunch. If they pass by, they will see it. But unfortunately, they left in the opposite direction. I don't know when they would come."

"I am alright, Richard. You don't have to worry about me," said Caroline.

With him, she was not afraid anymore.

"If they couldn't find us tonight. Tomorrow morning, I will take you back," Richard promised.

"I believe in you," Caroline's heart was sweet now.

In her man's arms, Caroline felt extremely warm.

"Richard, I have been wondering why you like me. Did you fall in love

with me at first sight when we met in the hub?" Sometimes, Caroline was a woman who liked to speak her mind.

Richard was surprised when he heard this question. He asked himself, "Why did I like her? Did I fall in love with her at first sight?"

Sometimes, he would ask himself these questions.

Though Richard didn't say anything, Caroline was not angry at all. After these days, she knew him better than before by those video calls.

He was not a man who liked to say pretty words and it was impossible for him to say love.

"I want to sleep," Caroline said slowly.

"Then sleep," he said gently.

In Richard's warm hug, Caroline fell into a sweet dream.

Richard leaned on the wall of the cave and moved a bit to make himself comfortable.

The moonlight walked into the cave and then on Caroline's face, making her look more beautiful.

Richard parted her hair in front of her face so that he could see her face more clearly.

Her face was small and looked cute.

Her long eyelashes were fluttering; her nose was straight; and her mouth was slightly open, as if it was an angel that had fallen to the mortal world.

Richard unconsciously smiled.

In such a posture, in such an environment, she was surprisingly able to sleep so sweetly.

He stretched out his hand and rubbed his thumb over Caroline's face several times in satisfaction.

The long night became short because of the snuggling of two people.

In the morning, the cold air in the mountains was heavy and Richard couldn't help but sneeze and his body shivered.

Caroline was awakened and opened her eyes in a daze. The sky turned fish-belly white.

She rubbed her eyes and asked, "Is it dawn, Richard?"

"Yes, I am sorry for waking you up," said Richard.

Caroline realized that she was still in Richard's arms, so she immediately moved her body off his body, asking in surprise, "Did you

hold me all night?"

Richard felt his body immediately relaxed.

When Caroline slept sweetly, he couldn't bear to wake her up so he held on like this all night.

Now his body was numb all over!

"Richard, what's wrong?" Caroline saw his expression and opened her eyes wide.

"I am alright," Richard hung his head but still had a painful expression on his face.

"Did you get hurt?" Caroline held one hand on Richard's thigh.

"Don't move!" Richard immediately stopped her, and said, "It is just numb."

Caroline covered her mouth and laughed. It turned out that during the whole night, he was being pressed numb by her so Caroline added, "You should move and will get better. Why don't you wake me up when you feel uncomfortable?"

It took a while before Richard got better. When he just moved, he heard the crisp sound of his spine 'crunching'.

He rubbed his neck, finally getting better.

"I'll go see if there's any way out," Richard said.

Caroline nodded.

Richard stood at the edge of the cave and looked upwards. It was not an easy thing to leave here.

The mountain was steep so it was relatively easy to come down, but it was hard to go up. He alone might be able to climb up, but with Caroline who was sprained, it was impossible to go up.

Richard went back into the cave.

"What do you think? Can we leave here?" Caroline asked.

"The hill is steep. If I'm alone, I should be able to get up there," he said.

"Are you going up to find someone?" Caroline instantly panicked, "Don't leave me. I'm scared."

"I won't leave you behind," Richard comforted Caroline.

Caroline's stomach rumbled.

Caroline, with embarrassment, spat out her tongue towards Richard, "I'm hungry."

Richard knew that it had been more than ten hours since she fell down. It was understandable that she wanted to have something to eat.

Tom realized that Richard wasn't there last night when everyone finished their work.

Everyone was tired after searching the mountain but they did not find Caroline. Many people said, Caroline was not in the mountain.

Richard was not there, so not so many people listened to Tom, so in the early morning, everyone went back.

Early in the morning, Tom woke everyone up and said he was willing to pay a high price if they were willing to find Caroline again.

Tom knew Richard's direction, so he gathered everyone together and went over in that direction.

"Mr. Preston! Mr. Mr. Preston!"

At this moment, Richard and Caroline were sitting in the cave chatting.

Caroline turned on her gossip mode and asked Richard many questions and he answered them all.

During their chat, Caroline forgot all about her hunger.

"Richard, are you good at studying?"

"Kind of," He was an A-student and there was no doubt about it.

"Then I'll ask you a question about physiology. Can you answer it?" she said.

"Go ahead," he said.

"What organ of the human body, in a state of excitement, will expand and become larger?"

After Caroline asked, she herself covered her mouth in embarrassment and laughed.

Richard glanced at Caroline, and the expression on his face looked somewhat disdainful.

"Come on! Say it! Tell me the answer!" she urged him to say.

## Chapter 138 Backfire

Richard snorted coldly and gave Caroline a 'you-are-boring' look.

Caroline shook Richard's arm and said, "Say it! It is quite an easy question for you, right? If you can't answer this, how can you call yourself an A-student?"

Richard shook his head and asked, "Do you really want me to answer this?"

"Yes!" Caroline covered her mouth with a bad smile. She was waiting for Richard's answer!

"Well, my answer is pupil," he said seriously.

Caroline's smile froze on her face and asked, "How did you know?!"

Most people hearing this question would probably think of that 'answer'.

Caroline had wanted to laugh at Richard, but she hadn't expected that he would know the answer!

"Not only do I know the answer is pupil, but I also know that the pupil can be enlarged to seven times its usual size. Next time if you ask this question to someone else, you can add this, to make you more knowledgeable," Richard said.

Richard used his fingers to knock Caroline's head.

Caroline rubbed her head with 'unhappy' written on her face.

"You know what I want you to say!" she protested.

"Then tell me what you were thinking?" he asked.

"I don't want to talk with you now!" she pretended to be unhappy.

"It's yourself who has nasty ideas!" Richard continued to knock Caroline's head.

"I am not nasty," she said, "I am dirty."

"So are you waiting for my dirty words?" Richard said, holding her in his arms, and his mouth came close to her ear.

"No!" Caroline immediately retorted.

Richard did not give up and said, "I know you want me to say that!"

"Anyway, there are only two of us in the cave now, so why don't we..."

Caroline immediately covered her ears, "Stop! How strange it is to do this in a cave? Besides, my feet still hurt. At the very least we should go home and talk about it."

It's said that men are easily turned on in the morning. She had no

Petty was startled by Coco's overzealous behavior and nodded her head, "Yes."

Although Petty knew that Coco hated Caroline, but, she didn't expect Coco to kill Caroline.

"How did she be saved?" Coco sat on the ground, soulless.

"Coco, it's a good thing that she has been rescued, otherwise, how much of a commotion would the crew make? Then the drama can't keep going on, which might affect you..." Petty said.

She paused and then continued, "Everyone knows that you and Caroline don't get along. If she died, then she will be the first to be investigated."

"What nonsense?!" Coco yelled towards Petty, "How could it have anything to do with me? I was working at the time!"

Petty was once again startled by Coco's tone, "I am sorry, Coco. I just..."

Coco glared fiercely at Petty and asked, "How is she?"

"Caroline was injured. She and Richard were rescued together. It was said that Richard went to look for Caroline but fell into a cave together. Coco, is Richard Caroline's boyfriend?"

"Richard?" Coco asked with confusion.

Didn't they already break up? Hasn't Richard already dumped Caroline?

How could he still show up?

Coco thought she was not considerate enough!

"How do I know?" Coco yelled in anger.

Petty didn't dare to speak anymore, "Coco, I am leaving."

"Bye," said Coco.

Petty nodded and prepared to turn around and leave.

"Wait a minute!" Coco stopped Petty.

"Coco, is there anything I can do for you?" Petty asked.

Coco regained her normal expression and said threateningly, "Petty, this matter has nothing to do with me at all. I was working at the time. I am sure you are clear about this. So you know what to say if someone asks you about Caroline.

Petty nodded.

Petty nodded.

"Now you can leave. Always keep me informed of Caroline's news," Coco said.

Petty nodded again and left.

Petty felt very strange about Coco's reaction. How could Coco be so excited?

-----

Coco could finally remove her disguise!

After she picked up her cell phone and dialed a number, the call was quickly connected.

"How did you do your job? Didn't I tell you to find a dangerous place? Now she has been rescued, unharmed!" Coco said in a furious voice.

The people on the other end of the phone were at first silent for a while, and then said, "Ms. Coco, I indeed found a steep place, but you didn't say Caroline must fall to death!"

"Now I'm telling you. Immediately go hide, otherwise, I can't protect you!" Coco warned.

"Miss Coco, we are now tied to the same rope. If something happens, you can't escape either."

Coco clenched her fists, with her nails sinking into her palm, "What do you want?!"

## Chapter 139 Buy Her An Apartment

In the hospital

The doctor carefully examined Caroline's foot. No bones were injured but the sprain was still very serious. After such a long time, it was impossible to recover at the time being.

The scratches on her body were all small. After being disinfected and medicated, they will be fine.

Caroline was lying on the bed in the VIP ward, feeling the whole world was the smell of medicine, especially her feet.

Looking at the feet that were wrapped like a big dumpling, Caroline sighed.

"What's wrong?" Richard was looking at his cell phone and asked when he heard Caroline's sigh.

"When will my foot be recovered?" Caroline asked.

"There's no need to rush. I'll make the decision in terms of the drama. Resting is your priority but if you want to go to the set, I'll send an assistant to you, with a wheelchair."

"That's what I'm talking about! It's so inconvenient to move around without a wheelchair!"

Caroline, with her chin on her hands, felt annoyed with her feet!

For her, who liked to move around, this is undoubtedly the biggest devastation!

Richard walked to the bed and sat down, saying, "This is a lesson for you. In the future, let's see if you'll still go with a stranger."

Caroline spat out her tongue, "That means I'm kind-hearted and pure. I didn't know that person was a bad man. Hey, did you do an investigation yet?"

"I sent someone to investigate. The man is not a staff member but stole the uniform."

"It is not easy to make a clear investigation," she said.

"It is not hard. Now we know which staff member's uniform was stolen so we now investigate all the cameras to catch the man who hurt you," Richard comforted her.

Caroline nodded and bit her lips, "Actually, there's no need to investigate. I am quite sure who wants to hurt me. The person who hates me on this set is no one else but her."

"You mean Coco?" Richard asked.

"Yes. I didn't expect her to kill me!" Caroline shouted in anger.

"But there's no evidence to prove it's her. It might take some time," Richard said.

Caroline reached out her hand to circle Richard's neck and kissed him, "Thank you, Husband."

Richard pursed his lips and smiled, "This is what a husband should do. One kiss is not enough."

"Then what do you want?" Caroline asked.

Richard pressed one hand on the back of Caroline's head and kissed her lips.

Richard wished to kiss Caroline forever until the end of the world.

Leo didn't know Caroline was pushed down the mountain until after she was rescued by Richard.

He had deliberately avoided Caroline in the past few days, and when he came back, he took his own private car and as he returned to the hotel, he collapsed and went to sleep, not realizing what had happened.

When everyone was talking about Caroline's matter, he rushed to the hospital.

Standing at the door, seeing the two people kissing passionately, Leo felt his heart pierced.

He silently sighed and turned around to leave the room.

When he walked out of the hospital, he happened to Gina. He nodded his head towards Gina and left directly. Gina didn't say anything when she saw Leo.

The crew knew Richard had saved Caroline, and they knew about the special relationship between Richard and Caroline.

The day after Caroline was rescued, the crew began filming.

"Richard is Caroline's boyfriend! Then the Heart of the Ocean she received that day must be real!"

"I think so. Caroline is so lucky to have such a rich and powerful boyfriend."

.....

Everyone was discussing about Caroline and Richard.

Leo was reading the script without any expression on his face.

Gina was silently observing Leo.

Coco's very nervous when she heard this and she was now worried that what she did to Caroline would be exposed.

Richard sent a few screenwriters to Caroline to discuss the next plots in the hospital, and after they finished, Richard picked up Caroline and took her back to Z City.

#### Sun Dance Apartment

It was a high-grade apartment in Z City located in the center area. Every inch of land can be called gold, and the price of the apartment was as high as ten thousand dollars per square meter.

The car stopped in front of the apartment. Caroline saw this upscale building through the window and looked at Richard in confusion.

"Why didn't you take me to your place?"

The corners of Richard's eyes had a dark glow, like stars hidden in the clouds in the night sky.

"That place is too remote and it's not convenient for you to go out. I bought you an apartment over here, and it's convenient for you to do anything. The environment here is good."

Caroline nodded her head, "Thank you so much."

Anyway, his place is too big and it's really inconvenient to have servants with her.

"Let's go! I'll take you to take a look," Richard first got out of the car, then held Caroline's hand and let her get out of the car.

Looking at the thick gauze on Caroline's feet, Richard directly bent down and half squatted.

The surrounding bodyguards sucked in a breath of cold air in fear when they saw Richard bending his knees in front of a woman! He actually carried her on his back!

Caroline joyfully got on Richard's back, and he carried her all the way up the stairs.

Mary was already waiting at the door and was startled when she saw Richard carrying Caroline over on his back.

She bent over and greeted them, "Mr. Preston, Ms. Fowler."

"Marry!"

When they arrived, Richard put Caroline down. The apartment had two floors: downstairs was the living room, kitchen, and restroom while upstairs was the bedroom and the study. The decoration is quite popular nowadays.

Caroline loved it.

Richard brought Caroline up the stairs and walked into the bedroom.

Caroline sat on the bed and looked at the bedroom's decorations with a happy heart. It felt as if she was sleeping in an underwater world.

"Do you like it?" Richard asked her.

Caroline nodded her head vigorously, "I like it! Will you come to accompany me in the future?"

"I'll come over when I'm free," Richard sat on Caroline's side and added, "I'm a bit busy lately, so I might not come over frequently. If you need anything, you can go tell Marry."

Caroline and Richard chatted for a while and then Richard had to leave because of work.

Caroline stayed in the apartment for the next few days. Richard was indeed very busy and rarely came over. It was inconvenient for her to go out because of her injury. She could only write novels at home.

Within a few days, the first stage of filming for *The President is a Big Devil* was over.

Because the shooting mode was filming while broadcasting, for the time being, the actors' work should come to an end.

On the last day of shooting, Wendell picked Coco up and brought her home, but her face had been very long the whole time.

Wendell thought that Coco was still angry with him about her birthday gift some time ago.

"Coco, I didn't make a good preparation for your birthday, so today, how about going to the Moon Island for a big meal today?" Wendell suggested.

Coco shook her head and said, "No, I'm a bit tired."

"Wait, I have something for you!"

Wendell mysteriously went back into the bedroom.
