

Chapter 48 A dog in the manger

Richard frowned.

"The location is at the Moon Island Restaurant, and the woman is Alice, the eldest Miss of the L Group," John spoke slowly.

"Call the madam and tell her that I'm busy these days and I'll talk about it with her later," Richard lightly opened his thin lips, and his tone was very unpleasant.

"Madam said on the phone that things are all set, so I'm afraid it's not too good to push it off."

Richard put aside the newspaper in his hand with great displeasure.

John slightly lowered his body, "Mr. Preston, even if this time you can avoid this woman, but after that, you can not avoid. You know madam likes Miss Alice, so your date is bound to be sooner or later."

"Ha? A blind date?" Caroline's high-pitched voice suddenly came from behind.

Richard and John looked over towards Caroline together.

Caroline held an ice cream and walked over, "Richard, you're going on a blind date? I can't imagine a person like you will go on a blind date. This is something rare."

John leaned toward Caroline, and his attitude is very respectful, "Miss Caroline, in a rich family, a blind date is inevitable. With the status of the young master, there is little time to contact women, in addition, the future young lady's identity status of the family must be matched, so...it is natural to..."

Richard raised his hand very unhappily; John saw this and hurriedly closed his mouth.

Caroline took a spoon and scooped a mouthful of ice

cream into her mouth, "Go on. Why not let him keep talking!"

"There is nothing to say," Richard's eyes were bitterly cold.

Caroline swallowed the ice cream in her mouth, "I think it's a good thing! Richard, you should know you are twenty-seven this year. Marrying at 25 is even a late marriage, so it's time for you to pass on the family name."

When saying that, Caroline scooped a spoonful of ice cream into her mouth while saying, "Your family has such a large industry, and if there is no heir, how miserable would it be? Do you know how many people keep an eye on your family's fortune? It is the same as the ancient emperor without an heir, and the foundation is not stable."

Richard smiled evilly; when was Caroline so didactic?

"Keep talking," he said.

"So you should marry someone and have children earlier. That's your way!" Caroline licked the ice cream at the corner of her mouth and then said, "So we should hurry up to divorce. Or it is inappropriate for you to go on the blind date!"

Richard let out a light hum, "That's her aim!"

"Do you think I'm right? John, you are older and know more than us, so you say if I am right or not."

John stood to the side and smiled awkwardly; he already saw Richard's displeased look.

Caroline sat next to Richard and patted his shoulder, "Hey! When will you have a divorce with me? I'm a good person to talk to. As for your family property, I don't want a single penny!"

Richard looked at Caroline and smiled evilly, "Caroline, hasn't it been a week?"

"What are you saying?" Caroline was confused.

"The doctor asked me not to have sex with you within a

week. A week has passed, so..." Richard raised his eyebrows and did not continue.

Caroline was scared and took several steps back, "I didn't say anything!"

After saying that, she went upstairs with her ice cream in her hands.

Richard glanced in the direction she left; he turned to John and said, "Tell madam that I will be there tomorrow."

"Yes."

Caroline held the ice cream and went straight back into the bedroom. These days, Richard had not been sleeping in the bedroom and rarely came, so the bedroom became the safest place, she felt.

Sitting on the bed eating ice cream in big bites, Caroline found her phone ringing.

Surprisingly, it was a message from Wendell!

Caroline hurriedly picked up her phone.

"Caroline, I can't leave with you at the wedding. This involves the issue of the face of my family, so I thought about it and decided to talk to you."

"What do you want to talk about?" Caroline immediately replied to his message.

"Talk about us. I found out in the past two days that Coco is not quite right. She seems to want to abort the child and immediately go to work."

Seeing the message sent by Wendell, Caroline could feel how distressed Wendell was at the other end of the phone.

"Aborting her baby? How can she be so heartless?"

"I think it's too unbelievable. I found out by accident that she contacted a good obstetrician and gynecologist. Caroline, is it possible that Coco is lying to me?"

"You are a fool! I know that!" Caroline is furious because she had told him that Coco was not a good girl, but he did not believe

"So what should I do now?" he asked.

Caroline was silent for a while and then said, "Do you have time tomorrow night? If you have time, Let's meet."

"Where?"

"I can't decide now. I'll send you the address later."

"Okay."

Caroline sighed; although she had no hope for Wendell, after all, they have years of affection, so letting him see the true colors of Coco was also considered good news!

But if she wanted to go out to see Wendell, she would take some effort!

In the evening, Richard was in his study, not knowing whether he was busy with company matters or reading a book.

There was a sultry voice coming from the doorway.

"Richard, can I come in?" A sound of "Ding" came and the door opened.

Caroline gently opened the door and poked her head in, "Are you busy?"

Richard didn't even raise his head, "What's up?"

Caroline is carrying her assorted sago dew, "I made something and do you want to eat it?"

Richard put away the book he was holding and smiled at Caroline, "You need me to help you?"

"Hey!" Caroline carried the crystal bowl and walked to him, placing the bowl in front of Richard.

Richard lowered his eyes to take a look; the color was bright and looked very appetizing. He has to admit that her skills were indeed good.

"Taste it! It's delicious!"

"What do you want me to do?" he asked.

Caroline rubbed her hands together, "Tomorrow, you're going on a blind date, right?"

Richard's eyes swept towards Caroline, and he wondered what she was thinking now.

"Can I go on a blind date with you?"

"You?"

"Although my identity is a bit awkward, after all, I am now your legal wife. Going to see you on a blind date is a bit strange, but I am a person who is bursting with curiosity, so I want to see what kind of woman you will meet."

"Do you really want to go with me?" he asked.

Caroline nodded like chickens pecking rice.

Chapter 49 Take wife to a blind date

Richard stared at Caroline. Frankly speaking, he did not know what she had in mind.

Richard seemed a little hesitant, so Caroline immediately said, "Don't worry, I won't get in your way. I'll just take a look from afar."

Caroline scratched her head, and she was working hard to think of a way, "Actually, I kind of want to go out for a walk, but you won't let me go out, so I want to follow you."

Richard's deep eyes seemed to be able to see through Caroline.

Caroline hurriedly shifted her eyes elsewhere, "I heard from John that you guys are on a blind date at the Moon Island Restaurant, and the desserts there are the best, so I think..."

"Okay, you can go with me," Richard said.

"Really? You are so kind! Tomorrow I can eat delicious food, and then I will not bother you!"

Caroline jumped and then left the study.

Although he didn't know what she had in mind, looking at her excited face, Richard was satisfied.

However, taking wife on a blind date was indeed a bit strange.

The next day, Richard fulfilled his promise and took Caroline to the Moon Island Restaurant.

The moon island restaurant was a beautiful place; it has colorful neon lights flashing and changing in various patterns and colors.

At night, when the lights were on, it was very beautiful.

Moon Island Restaurant is built on the edge of the famous Moon Lake in Chicago. The entire top floor of the restaurant is set up with glass, so people can enjoy the view of the whole

city.

Of course, the price of the penthouse was the highest.

Richard booked the top floor; he didn't like to be surrounded by people.

At the entrance of the penthouse, there were bodyguards to guard and will not let anyone in.

Alice has not yet arrived, and Caroline stood on the top floor to look down.

The night sky was dotted with stars; the lake surface was sparkling; overlooking the entire city, Caroline felt like she was in the fairy tale world.

If there is something to eat, it would be better!

A cup of Moon Island summer dessert was brought to Caroline who said, "Ah, it looks delicious."

Caroline picked up the spoon and began to eat; while eating, she enjoyed the beautiful scenery in front of her. It was very comfortable to blow in the breeze!

Richard walked over and his big palm wrapped around Caroline's waist. Caroline trembled.

"Do you like it?"

Caroline smiled at Richard, "Yes, I like it."

"Then I'll buy this place for you."

Caroline almost choked herself with a mouthful of dessert, "Buy...it for me?"

"Don't you like it?"

"But I don't have any use for it."

It's nonsense for her to get a building. If he employed the chef of the restaurant, she can accept it.

Richard didn't say anything more, but gently took Caroline's waist and shifted his gaze.

John quietly came up, "Young master, Miss Alice's car has

arrived."

Caroline hurriedly flashed to the side, and Richard's hand fell.

"She is coming,so I'll leave. Have a good time," said Caroline.

Richard raised his chin, and John immediately understood and walked forward, "Miss Caroline, please follow me."

John led Caroline to a private room downstairs; some desserts were already prepared on the table in the room.

"Miss Caroline, these are the most famous desserts in Moon Island. You can taste them at your leisure, and then he will take you away when Mr. Preston is finished."

"Okay, you go and do your thing, John."

"There are bodyguards guarding the entrance; if you have any need, you can just speak to them directly. I'll go serve the young master."

Caroline nodded and thought, "Is he clearly telling her not to mess around and that bodyguards were watching her?"

Do a few bodyguards want to keep an eye on her?

Just as John just left, Caroline walked out of the private room.

The bodyguards stopped her,"Miss Caroline, what do you want?"

"I'm going to the restroom."

"There is a restroom in the private room."

"How do you guys do things to book me a private room with a broken bathroom?" Caroline said in an exasperated voice.

"It's broken?" The bodyguards looked at each other, "Then I'll go check it out."

"Quickly!"

A bodyguard walked into the bathroom and found the toilet in the bathroom really broken.

"Miss Caroline, I am very sorry. There is a public restroom this floor, and we will take you there."

"Then why don't you hurry up? Do you want to suffocate me!" Caroline's attitude was so bad

The bouncer had no choice but to take Caroline to the public restroom on this floor.

In a high-end restaurant like this, there would be a person in charge of cleaning each restroom.

Caroline borrowed the cleaning jacket to put on her, then took a broom and slipped away without being noticed by the bodyguards.

She went straight into the elevator and pressed the sixth floor.

That's right; she and Wendell agreed to meet in room 601.

Caroline hurriedly went to the private room; She did not know how long Richard's blind date was. If he looked unpleasant, and instantly ended the blind date, then she would be dead.

605,

604...

Caroline looked for the private room one by one, and finally 601!

She violently pushed the door and ran in, "Wendell, I'm coming!"

Her hands on her knees, breathing heavily, and when she came back to her senses, she suddenly found something going wrong.

When she looked up, she saw Coco! How could it be her?

Coco smiled contemptuously, "Who do you think it is?"

Wendell? Don't be silly!"

Only then did Caroline realize that she had been tricked!

"I used Wendell's cell phone to chat with you, and you didn't even notice it.."

Coco was very proud that she knew Caroline well. Caroline has no advantages, but was too righteous. Even if Wendell was impossible to be with her, if he ask her for help, Caroline would definitely come.

Caroline crossed her waist, wanting to go up and tear her, "What did you ask me out for?"

"There is something very important."

"What's that?"

There was a table in the private room; some dishes were ordered on the table. Coco stood up and walked around the table in a small half circle, "Sit down, talk while you eat."

"Sorry, I never chat with the bitch." Caroline turned her head and she didn't want to pay attention to this woman.

Coco is not angry, "Are you afraid that I will poison you?"

"You?" Caroline laughed.

"In fact, the person who should be afraid now is me. I slept with your fiancé and now I have a bady in my body," Coco touched her stomach and raised her eyes to look at Caroline.
