

Chapter 71 The Affair Between One Woman And the Other Three Women

Caroline couldn't wait to put her ears up to hear what they were talking about!

Originally, John's voice was so low that she couldn't hear anything, but she vaguely heard the word "madam".

What instructions did Richard's mother give? Caroline was curious.

"Hey, do you know it is rude to whisper like this in front of others? Besides, I'm still a patient!"

Caroline slammed her chopsticks on the table; she was very dissatisfied.

Richard waved his hand to John, who immediately retreated.

"What did he say to you?" Caroline asked Richard.

"Just something at work. Let's have breakfast now," Richard picked up his knife and continued to eat.

"Liar! I clearly heard John say something about Madam," Caroline was not stupid.

Richard's hands paused for a moment and gave Caroline broccoli, "Is it strange that the work is related to my mother?"

"I don't care!" Caroline slanted a glance at him and continued to eat.

After dinner, because her stomach was still painful, Caroline went straight back to the bedroom.

Richard did not come back.

Caroline was curious and decided to go downstairs to take a look. She sneaked out of the villa; seemingly because of the cloudy day, the wind was cooler at night.

But she was really curious, and she must know what was

going on.

She ran out and saw John walking towards another villa with a few bodyguards, and there were actually a few flamboyant women among the bodyguards!

"One, two, three...three!" Caroline gritted her teeth and cursed!

Of the three women, the one walking in the forefront wore a white dress with suspenders, and her buttocks twisted with style.

The one walking in the middle wore a pair of super short pants, and her buttocks were closed to be exposed!

The last one wore a pair of black wide-legged pants and a white bustier top!

"This bastard even asked those women to come to the island!" Caroline felt that for Richard and thought she was like a tool for lust!

She couldn't have sex with him so he immediately asked someone else to come.

Then what is she to him? Caroline was confused.

No! She couldn't just let him have his way!

Caroline huffed hard and rushed to John, blocking his way.

"Stop!" Caroline said in a loud voice.

John was startled to see Caroline and then greeted her, "Miss Caroline."

"John, where are you going?" Caroline asked.

"I..." John was hesitant.

Caroline walked to the back of John and looked at the three women who also looked at Caroline.

It turned out that on this island, there was already a woman! Those three women were surprised.

They knew the situation on this island before the three

women went to the island.

"Hey, what are you three doing here?" Caroline took the initiative to ask the three women.

The woman in a white dress snorted, "What are you doing here? We are the same, aren't we?"

"Oh? Really? I'm here to accompany my husband; are you here to accompany yours too?" Caroline spun around and looked at the three women.

John was in trouble; how did he run into Caroline? Richard told him that this matter could not be known to Caroline!

"Husband?" The woman with the largest breasts smiled, "No, we have no husbands. We are here to accompany Mr. Preston."

"Mr. Preston? Which one?" Caroline asked.

"The president of the Hints Group, Richard Preston," one of the women replied.

"Is that so? My husband's name is also Richard, and he is also the president of the Hints Group."

The three women looked at each other and then burst out laughing.

Caroline then asked, "What are you laughing at? What's so funny?!"

"She said her husband is Mr. Richard! How ridiculous is that!" one of the women sneered.

"Is she having a daydream?" another woman talked about Caroline.

"I think she was talking in her sleep!" the rest one said.

Caroline was so angry that she stomped her feet, "My husband is Richard! If you do not believe, you can go ask Richard!"

John hurriedly came forward and said, "Caroline, hurry up

and go back. Mr. Preston will be angry if he knows."

"What is he angry about? I'm the one who should be angry!" Caroline shouted angrily at John.

Caroline was not easy to deal with, so John immediately signaled the bodyguards next to him, and the two bodyguards immediately surrounded Caroline.

"Miss Caroline, please go back," the two bodyguards said.

"Do you want to force me to leave here?" Caroline asked.

"Miss Caroline, you have to leave here." One of the bodyguards carried Caroline up.

"Hey! Put me down! Put me down!" Caroline shouted.

Those three women laughed even harder.

"She is a crazy person, right? It's too funny to let a crazy person be on the island!"

John glared at those women angrily and warned, "You're about to meet Mr. Preston so don't talk nonsense!"

The women immediately stopped smiling and became disciplined.

Only then did John lead the three women to continue to walk forward.

Caroline was taken back to the villa by the bodyguards and was locked in her room.

Now Caroline was even angrier!

"Well done! This Bastard!" she said angrily, greeting her teeth.

John brought the three women to another villa, where Richard was already there.

The reason he came earlier today was that he wanted to go back earlier to be with Caroline.

John came late, so Richard was a little upset and said, "Why are you late?"

"Mr. Preston, I am sorry for the lateness," John bowed.

The woman wearing sexy shorts saw Richard, and she immediately wanted to show herself.

"Mr. Preston, we just ran into a crazy person who said her husband is you. How ridiculous! " The woman covered her mouth and laughed, pulling Richard's arm.

Richard pushed her away unhappily. The woman took several steps back and was frightened by the majestic appearance of Richard.

"I'm sorry, Mr. Preston!" the woman immediately apologized.

John immediately yelled, "How dare you! How dare you touch Mr. Preston!"

The three women immediately went silent and no one dared to speak again.

"What's going on?" Richard looked at John and asked.

John took a step forward and said in Richard's ear, "Miss Caroline suddenly appeared, and that's why I am late. I didn't have time to talk to them."

"What are you doing?!" Richard asked John.

"It is my fault," John lowered his head.

"Where is Caroline?" Richard asked.

"She was taken back to the villa by the bodyguards and was locked in her room, so she shouldn't appear again," John replied.

Richard's face showed anger, and took a glance at the three women, saying, "Tell them clearly that not a word is allowed to be said to others. If they say anything about Caroline, they are looking for death!"

After saying that, Richard walked out.
