

Martial 3801

Chapter 3801 – This King Is Also a Great Emperor

Zhan Wu Hen looked at Huang Wu Ji with pity, "I'm afraid that also includes you!"

He did not know what kind of Secret Technique Huang Wu Ji was using or why it could steal the World's Will from his body, but how could Zhan Wu Hen not see that there was a huge price to pay for using this Secret Technique, just like how there was a price to pay for keeping him trapped inside this place? That price was the reason why Huang Wu Ji had been unable to leave for all these years.

The severed palm stuck in Huang Wu Ji's chest was constantly absorbing his Vitality. It would not take long before his strength would plummet greatly. At that time, it would be hard to say whether he could even maintain his cultivation as a Demon Saint.

[I can't believe he willingly paid such a heavy price just to deprive me of the World's Will.] Zhan Wu Hen knew that the others would be in no better situation than himself. After being trapped for so many years, he no longer had any understanding of the current situation in the Star Boundary, but judging from Huang Wu Ji's behaviour, it would seem that things had reached a crucial point in the war.

Feeling extremely anxious, Zhan Wu Hen tried to break free of his shackles and escape from this place. Unfortunately, his will was strong but his strength was lacking. He couldn't help gnashing his teeth in frustration and glaring at Huang Wu Ji furiously.

"Stop wasting your energy. Although I regret not being able to kill you myself, this kind of ending isn't that bad either."

"With your strength?" Zhan Wu Hen's expression turned mocking, "Do you have the ability?"

Huang Wu Ji shook his head slowly, "It's too late for you to say anything now."

With that, he closed his eyes and said no more.

"Heh heh heh! Found one!"

At that moment, a burst of low laughter suddenly sounded in Zhan Wu Hen and Huang Wu Ji's ears. Then, the laughter stopped abruptly. Zhan Wu Hen had a strange look on his face, wondering if he had heard wrongly.

On the other hand, Huang Wu Ji's expression changed drastically, "Who!?"

Even though he was a Demon Saint, his expression at the moment was filled with fear and shock. That was because this inexplicable space was something the Lord Demon God himself had specially created in order to imprison the Great Emperors from the Star Boundary. Only he and Zhan Wu Hen had been stuck in this place for all these years, so how could a third person possibly find this place?

With a sound as if something was being torn apart, a crack appeared in the boundary walls of this inexplicable space. Two large hands emerged from the crack, forcibly pushing against both sides open. The boundary wall was torn apart like a fragile piece of fabric; the gap in the wall expanded rapidly.

Under Huang Wu Ji's incredulous gaze, a person stepped out of that gap. That person looked around the space with a bright smile and when he saw Zhan Wu Hen, he teasingly said, "You sure look awful!"

The corner of Zhan Wu Hen's brow twitched and he frowned at those words, "Hong Chen?"

Standing in front of him was an elderly man with a ruddy complexion and a child-like glint in his eye. Who else could this elderly man be but the Duan Hong Chen that he knew?

That person, however, grinned and declared, "That old fart has died at my hands!"

Zhan Wu Hen's expression grew grim, "Wu Kuang!?"

"Are you Wu Kuang?" Likewise, Huang Wu Ji's expression also changed when he heard those words. He had obviously heard of the terrifying existence who once eliminated four Great Emperors with his strength alone, so he couldn't help feeling scared.

Wu Kuang was behaving like a lunatic, rubbing his chin as he studied Zhan Wu Hen with a malicious look. Then, he turned to look at Huang Wu Ji with an insidious smile, "Let me think... Who should this King eat first? This King's Heaven Devouring Battle Law is starving!"

"You dare!?" Zhan Wu Hen shouted angrily.

Similarly, Huang Wu Ji had a bitter expression. Not only did he know about Wu Kuang, but he also knew about the Heaven Devouring Battle Law. That was the most terrifying Secret Art in the Star Boundary. The reason Wu Kuang became so famous was all thanks to this Secret Art.

Huang Wu Ji was stuck in this place with Zhan Wu Hen and could not move at will; therefore, he was practically powerless to resist Wu Kuang if a battle broke out. He simply could not understand one thing, how did this person appear at such a critical time!?

Huang Wu Ji was not the only person confused by this turn of events. Zhan Wu Hen was puzzled too.

After the battle on Dragon Island, Wu Kuang escaped from the Dragon Temple and fled to a Lower Star Field. There was no news from him after that incident. Zhan Wu Hen later learned from Yang Kai that Wu Kuang had entered the Ancestral Domain, but nobody knew what he was plotting.

If not for the fact that Wu Kuang was sharing a body with Duan Hong Chen, Zhan Wu Hen would have entered the Ancestral Domain to kill him. It was only out of concern for Duan Hong Chen that Zhan Wu Hen was somewhat cautious about taking action lest he hurt his friend in the process.

Now, it seemed they had been raising a wild tiger in their midst all these years.

At this moment, the aura emanating from Wu Kuang's body was extremely tyrannical. He had already reached the Great Emperor Realm, and although his strength was not comparable to what it was at his peak during the Great Emperor War, the gap was not large.

The Heaven Devouring Battle Law was powerful indeed. It had to be said that Duan Hong Chen had crippled his cultivation and had only been a Third-Order Dao Source Realm when he entered the Shattered Star Sea. Yet, it only took such a short time for Wu Kuang to recover completely from that incident.

“Stop causing trouble! Our top priority is to rescue them!” When Wu Kuang spoke again, his expression changed all of a sudden. This time, it became much more solemn and even the voice coming out of his mouth changed slightly.

Zhan Wu Hen’s eyes flashed and he broke out into a grin. This was the Duan Hong Chen that he knew. As for what Wu Kuang said just now about killing him, it was simply nonsense. It would seem that Duan Hong Chen and Wu Kuang had reached a balance between their two Souls and were co-existing with each other. It was simply an astounding sight to see.

“How did you find this place!?” Huang Wu Ji shouted through gritted teeth.

Duan Hong Chen glanced at him lightly, “This King is also a Great Emperor. Why wouldn’t I be able to find this place?”

If the Great Demon God wanted to use the power of the seven Great Emperors to suppress Yang Kai, then he would inevitably reveal some traces. This inexplicable space might be hidden from all others, but Duan Hong Chen would be able to trace the clues back to this place as long as the slightest flaw was exposed. Therefore, he would be able to quietly carry out what Yang Kai did not have the time to do. Moreover, even Mo Sheng failed to notice his movements as, at this time, Mo Sheng’s full attention was fixed on Yang Kai.

“Why are you still wasting time on words? Let’s kill him first,” Wu Kuang grinned.

Zhan Wu Hen replied, “You can’t kill him! If he dies, I will die too!”

The Secret Technique had closely linked his vitality with Huang Wu Ji’s vitality. If one suffered, all suffered.

Wu Kuang frowned at those words, “That’s none of my business!” The words had just left his mouth when he looked annoyed again, “I know! I know! Stop nagging! This King’s head hurts! I’ll save him!”

Zhan Wu Hen smiled slightly at the sight.

Stepping forward, Wu Kuang looked down at Huang Wu Ji condescendingly, “Junior, falling into the hands of this King is the greatest misfortune in your life!”

As the First Demon Saint of the Demon Realm, Huang Wu Ji did not remember how many years he had lived at this point, so it was his first time being called a ‘Junior’ in who knows how long, but he couldn’t even muster any rage. Instead, he involuntarily shuddered under Wu Kuang’s cold and indifferent gaze. It felt as though something extremely bad was about to happen to him.

Meanwhile, Wu Kuang cackled softly, reached out a hand, and slowly placed it over Huang Wu Ji’s head. Huang Wu Ji could only watch helplessly, unable to resist. Clearly, the Great Demon God had not anticipated that somebody would barge into this space one day when he first made his plans.

.....

At the same time that Wu Kuang suddenly appeared, a crimson red gate revealed itself completely on a certain mountain peak in the Ancient Wild Lands of the Eastern Territory where the Blood Gate was once located. That gate looked like it was formed completely from fresh blood and the frame of the gate was engraved with intricate runes and patterns.

Void Cracks crisscrossed each other around the Blood Gate and it looked like this part of the world was going to collapse at any moment. In addition, boundless Demon Qi kept pouring into the Blood Gate, so much so that the crimson gate was dyed in a layer of black.

It was just as Yang Kai had predicted previously. Zhang Ruo Xi's awakening was entirely due to his fight with Mo Sheng. The changes in the world had also affected the Blood Gate, so how could she be unaware of those changes when she was resting inside? Even whilst deep asleep, Zhang Ruo Xi had sensed the danger looming over her and had awoken as a result.

At this moment, two closed doors suddenly appeared on the crimson Blood Gate, accompanied by a flashing light. Then, the tightly closed doors slowly opened outward at an extremely slow speed. It would take quite a bit of time before those doors would fully open.

All the living creatures in the Star Boundary with a Divine Spirit Source sensed something the moment the door was revealed and they couldn't help turning to look towards the east. Something seemed to be calling out to their bloodline in that faraway place, giving them a sense of cordiality. If not for the fact that the Star Boundary's survival was on the line, they would definitely have gone to investigate that phenomenon at all costs.

"Yang Kai, a so-called Great Emperor is just a title, not a step on the Martial Dao. It is far from the final peak! If you defect to my side, this King can guide you to further heights!" Mo Sheng's roar resounded across the world.

"Then this King will have to thank you in advance!" Yang Kai gritted his teeth. Despite saying so, his expression was unmoved as he continued to urge the world's might wholeheartedly.

"Stubborn fool!" Mo Sheng coldly snorted, "Kill him!"

On the battlefield of the Pseudo-Great Emperors and Half-Saints, many of the Half-Saints who had defected to the Star Boundary suddenly turned away from their opponents as soon as those words left Mo Sheng's mouth and rushed towards Yang Kai instead.

These Half-Saints included the ones who served under Yu Ru Meng, Bei Li Mo, and Chang Tian who had defected to the Star Boundary long ago. There were also some that Yang Kai had captured and planted a Soul Imprint in their Knowledge Seas when he first started devouring the Demon Realm back then. They had contributed a lot in the war between the two worlds. Even Bai Zhuo and Bai Ya, who were on friendly terms with Yang Kai, were also among these Half-Saints.

However, they seemed to become bewitched after hearing the order Mo Sheng gave, losing control over their bodies and minds.

"As I expected!" Yang Kai coldly snorted and with a flash of his thoughts, many of the Half-Saints rushing towards him stumbled and fell unconscious in mid-air.

The Great Demon God had mentioned that the entire Demon Race of the Demon Realm originated from him. It could even be said that they were born from his Demon Qi; therefore, it was no surprise that he had strong control over all Demons.

Being aware of this fact, how could Yang Kai not take precautions against something like this? He still remembered the second time the Demon Race invaded the Star Boundary. Tens of millions of Demons in the Western Territory had suddenly begun slaughtering each other after hearing a strange voice. Following their deaths, the Demon Qi in their bodies had dissipated to construct numerous Demon Lands that connected the two Great Worlds.

Looking back on that incident, it was obvious that the voice resounding in the heads of so many Demons was something that Mo Sheng had done. If he could make those Demons kill each other willingly, then he could also make the Half-Saints do his bidding!

The Half-Saints who fainted in mid-air were the ones with a Soul Imprint from Yang Kai in their Knowledge Seas. On the other hand, Bai Zhuo, Bai Ya, and the others were not affected by Yang Kai's influence. Dozens of Half-Saints lunged at Yang Kai, so even though he was in such a critical situation already, he had no choice but to pay attention to them.

Chapter 3805 – They Came After All

“They came after all...” As Yang Kai looked at the three figures walking out of the Void Crack, a worried look flashed across his eyes. It couldn't be helped. These three were Yu Ru Meng, Bei Li Mo, and Chang Tian!

Needless to say, Yu Ru Meng had long since become his woman and was also the first Demon Saint who helped him fight against the Demon Race. He received many benefits from her and thanks to her Primordial Yin, the strength of his Soul had soared to new heights.

On the other hand, Chang Tian had always been good to him. Back then, Chang Tian had wanted to make him the Young Master of Hundred Spirits Continent.

Although Bei Li Mo was forced to do his bidding because she was under his control, she had contributed a lot to the war between the two worlds over the years.

When Yang Kai first saw Huang Wu Ji and the others meekly obeying Mo Sheng's orders, he had a faint feeling that Yu Ru Meng and the others would also do something similar. Judging by the current situation, they had not been able to break free of the Great Demon God's control; moreover, they seem to be in a worse situation than Huang Wu Ji and the other Demon Saints. That was because the three of them currently looked like puppets that were being manipulated. The expressions on their faces were dazed and their eyes were vacant. It was as though their body and mind were not their own to control.

But, even if they were three puppets, they were still three Demon Saint-level puppets!

In addition to feeling worried, Yang Kai felt as though a large stone was pressing on his heart.

When the second war between the two worlds broke out, ten Demon Saints had broken through the World Barriers and used a Secret Technique to restrain the movements of the top ten Masters in the Star Boundary by trapping them in an inexplicable space. However, Xue Li, Fu Yu, and Huo Bo managed to escape those restraints not long after that. The opponents that these three escaped Demon Saints faced at the time were none other than Yu Ru Meng, Bei Li Mo, and Chang Tian!

It would seem that the reason Xue Li and the others could escape was that Yu Ru Meng and the others were also part of the Demon Race so there was no need for a Demon Saint to restrict their freedom. On the other hand, Zhan Wu Hen and the others needed Huang Wu Ji and the other Demon Saints to immobilize them at all times.

Seeing as Yang Kai had been clueless about the situation back then, he naturally worried about the safety of Yu Ru Meng and the others when he saw that Xue Li and the others had gotten away. He was worried that something might have happened to them. Yu Ru Meng and the others were not part of the Star Boundary's Great Emperors, so he did not have the means to sense their auras.

Although the current situation was decidedly bad, at least Yu Ru Meng and the others were not in danger. That was a great fortune amongst so many misfortunes!

"Despair, you little brat! Things never end well for the people who disobey this King!" Mo Sheng's voice rumbled like thunder. While he was speaking, the three figures who walked out of the Void Cracks rushed towards Yang Kai all at once.

Zhan Wu Hen and the others turned pale in shock at the sight. They knew that Yang Kai was in a state where he could not be disturbed right now, much less take on the attacks of three Demon Saint level Masters. If these three were to approach him right now, he would be powerless to fight back.

Although Zhan Wu Hen and the others wanted to help, Huang Wu Ji and the other Demon Saints were desperately holding them back and giving them no chance to. They could only watch helplessly as the three figures swiftly approached Yang Kai. Three incredible forces shrouded the spot where Yang Kai was standing while at the same time, three horrifying Divine Abilities blasted out before they even arrived.

"Wu Kuang!" Zhan Wu Hen roared.

At this moment, everybody else on the battlefield was occupied and the only person with attention to spare was Wu Kuang; therefore, they could only rely on him to protect Yang Kai right now.

Zhan Wu Hen never imagined that there would come a day when he would fight alongside Wu Kuang. After the Great Emperor War back then, he had always wanted to rip Wu Kuang into ten thousand pieces. Who could have thought there would come a day when he asked Wu Kuang for help? This situation could only be the Heavens mocking him.

It was fortunate that although Wu Kuang was evil, even he was aware that everything would be lost if the Star Boundary fell. If not for that, he would not have gone through so much effort to rescue the other seven Great Emperors earlier.

Wu Kuang's figure drifted over and stopped right in front of Yang Kai, spreading his arms open with a cackling laugh. His expression was maniacal. It was as though he had gone back tens of thousands of

years into the past, back to the high-spirited time when that great battle took place in the Shattered Star Sea.

The Heaven Devouring Great Emperor of that era was the brightest signboard in the Star Boundary. The Heaven Devouring Great Emperor of that era was feared by all living creatures. The Heaven Devouring Great Emperor of that era was an invincible existence!

“Heaven Devouring... Domain!”

An aura that devoured everything in the world spread out into the surroundings with Wu Kuang as the centre, creating a huge void around him. When the Divine Abilities of the three Demon Saints blasted into the range of this domain, they immediately weakened at a speed that was visible to the naked eye. It was almost as though something was extracting the power from these attacks.

Contrary to expectations, however, Wu Kuang grunted and coughed up a mouthful of blood. His body was simultaneously sent flying backward from the impact. Whilst he was sent flying, he cursed out loud, “Wu Kuang, you old dog! Don’t treat this old man’s body like it’s disposable!”

Duan Hong Chen, who saw what happened from his Knowledge Sea, was feeling extremely anxious. This body was his after all, so how could he bear to watch it getting injured?

“Jie jie jie...” Blood leaked out of Wu Kuang’s mouth, but he laughed like he was extremely happy, “Why don’t we just forget about the little brat’s life and take this opportunity to absorb more power?”

Duan Hong Chen was instantly rendered speechless. Yang Kai was the key to the Star Boundary’s survival. How could they just forget about him!?

Duan Hong Chen had not hesitated to destroy his own cultivation just to kill Wu Kuang back then; as a result, he fell from the Great Emperor Realm to the Dao Source Realm just so that he could charge into the Shattered Star Sea to look for clues. It showed just how much he was willing to sacrifice for the sake of the world and its inhabitants. His title was ‘Bustling World’ and the Dao he comprehended was the Dao of Bustling World. There was nobody else among the Great Emperors who cared about the common people as much as he did.

“Stop talking nonsense! Hurry up and bring out your trump card!” Duan Hong Chen anxiously yelled as he watched the three newly appeared Demon Saints rushing towards Yang Kai. He might not have feared the joint attack of the three Puppet Demon Saints if Wu Kuang had been at the peak of his power. Unfortunately, Wu Kuang only managed to recover somewhat by borrowing his body. It was incomparable to back when he was at his peak strength. Not to mention, he already suffered some injuries just now.

“Why are you panicking?” Wu Kuang responded with a snort, “That brat seems to have something up his sleeve too!”

He noticed that Yang Kai was not as panicked as he imagined. Rather, Yang Kai looked very calm.

As soon as those words came out, one of the women among the three figures groaned all of a sudden. In the next moment, her eyes rolled back and she fainted, falling straight out of the sky.

Even Wu Kuang, who had lived for tens of thousands of years and was incredibly knowledgeable, could not help feeling shocked by what he saw. He widened his eyes in astonishment as he muttered, "What just happened?"

The person who fainted and fell out of the sky all of a sudden was not an ordinary woman, she was one of the Demon Saints of the Demon Realm. How could a Demon Saint simply fall unconscious for no reason!? Yang Kai must have done something to her, but he had not seen any traces of Yang Kai making a move whatsoever!

The three Demon Saints had brazenly appeared without warning at the most critical moment, but one of them had been incapacitated almost immediately... A situation like this was simply unbelievable.

Just as Wu Kuang was puzzling over the situation, he heard the Great Demon God's furious howl ringing in his ears, "A Soul Imprint!? You planted a Soul Imprint in her Knowledge Sea!?"

Wu Kuang's expression immediately became animated as he turned to stare at Yang Kai in astonishment. [This brat is just too shocking!]

It had to be said that Yang Kai had only just become a Great Emperor and was a mere High-Rank Demon King not too long ago. Be that as it may, he had managed to plant a Soul Imprint in a Demon Saint's Knowledge Sea and took control of her freedom and life with nothing more than his pitiful previous strength.

[How did he do it?] Wu Kuang was a self-proclaimed genius that only appeared once in a million years; otherwise, he would not have successfully created such a Heaven-defying Secret Art as the Heaven Devouring Battle Law. Fighting those above his Realm was common on the journey of his growth and killing powerful enemies was a piece of cake for him. Nevertheless, he had never achieved a feat as shocking as Yang Kai's just now throughout his rampage in the Star Boundary.

A Demon Saint was equivalent to a Great Emperor in terms of cultivation, and Wu Kuang did not have anywhere near the power to plant a Soul Imprint in the Knowledge Sea of a Great Emperor when he was in the Third-Order Emperor. If he had done something like that, he would have suffered a fatal consequence. Therefore, he was amazed.

Yang Kai never imagined that the Soul Imprint he planted in Bei Li Mo's Knowledge Sea would come into play at this moment. When he was still a High-Rank Demon King, he had not been able to control Bei Li Mo's life despite having placed that Soul Imprint. At most, he could only cause her some pain. It was also because of this that he managed to force Bei Li Mo to side with him.

However, he gained the power to kill Bei Li Mo on the spot now that he had the power of a Great Emperor. It was just that Bei Li Mo had not betrayed him out of her own volition, so he only knocked her unconscious. As for whether his actions would cause any damage or backlash to her... He could not afford to worry about that when time was so tight and their enemy was right in front of them.

The moment Bei Li Mo fainted, Yang Kai looked at the other graceful and extraordinarily charming figure, roaring furiously, "Ru Meng!"

His sorrowful voice reached the depths of Yu Ru Meng's Soul, causing a ripple to spread out over her shackled heart. Her movements paused for a moment and a momentary hint of struggle flashed through

her vacant eyes... But, that was all. She instinctively reacted after hearing Yang Kai's voice through the layers of fog clouding her mind. Even so, she was part of the Demon Race and it was impossible for her to break free of the Great Demon God's control.

Wu Kuang took up a defensive position in front of Yang Kai again. Without turning his head around, he said, "Little brat, if you have any more hidden cards to play, hurry up and bring them out right now. I'm afraid you won't get another chance later!"

Yang Kai's voice was filled with bitterness, "I don't have any other cards to play."

It was a stroke of luck that he managed to knock Bei Li Mo unconscious all thanks to the Soul Imprint he planted in her all those years back. Although he was connected to Yu Ru Meng via the Heart Seal Secret Technique, it was not comparable to a Soul Imprint. The Heart Seal Secret Technique was unable to produce much of an effect when her Yu Ru Meng was being controlled. She might be able to recover her consciousness if she received a huge shock, but the price of creating such a huge shock was not something he could afford to produce right now.

Wu Kuang grinned at those words, "Then, you can only leave it to this Old Master!"

After saying that, his expression suddenly turned vicious, "Foolish Juniors that don't know your place! Did you really think that this King would be helpless against you!? You were still babies when this King was dominating the universe!"

Spreading his arms wide open, the devouring power appeared once more, challenging two Demon Saints all by himself.

Yang Kai urgently yelled, "Don't hurt... Don't kill that woman!"

"Fuck off!" Wu Kuang ignored Yang Kai. In a life-or-death match, holding back in the face of his enemy was only being cruel to himself. It was the stupidest thing a person could do to himself.

There was a series of rumblings as he fended off the joint attacks of the two Demon Saints with his power alone. Surprisingly, he did not lose against their strength and the aftermath of their battle soon spread out, causing the world to collapse and bringing great destruction to their surroundings.

Chapter 3806 – Possession

Yang Kai gritted his teeth. Expecting Wu Kuang to hold back against Yu Ru Meng was unrealistic; besides, regardless of who won or who lost this battle, the result was not something he wanted to see. The only thing that could salvage the current situation was for him to destroy the Great Demon God's plans as soon as possible.

The moment that thought crossed his mind, he calmed his mind and looked forward before shouting furiously, "Mo Sheng, suffer death!"

World Force flooded out and suppressed the remaining Demon Qi. The darkness that shrouded the Star Boundary was swept away and light was brought back to the world!

Mo Sheng roared furiously. A pair of eyes stared out from the enormous mass of Demon Qi, showing an intense look of unwillingness and murderous intent. [Just a little bit more! Just a little bit more and my plans could have had a perfect conclusion, but a mere boy made me fall short right in front of my goal!]

Hundreds of thousands of years' worth of conspiring and forbearance were obliterated at the most critical moment by a young boy who lived for only a few hundred years at most. Therefore, the rage in Mo Sheng's heart would not be pacified easily.

As long as he was unable to borrow the power of the Great Emperors, he had no means to fight Yang Kai for the control over the World Force even if he was twice as resourceful. Moreover, Mo Sheng had placed his hopes in the last trump card in his possession only for Yang Kai to knock one of them unconscious right after they appeared. On the other hand, the other two were unable to break through Wu Kuang's defence within a short period of time.

[I can't let this drag on any longer! If this situation continues, I will only become more and more passive. Things will only worsen!] Having lived for so many years and travelled across so many universes, Mo Sheng was a decisive man. He could tell that he was unable to stop Yang Kai, so he came to a decision on the spot, "You will all pay for this!"

Following his furious howls, all the Demon Qi in the world churned violently as though it had turned into a living creature and poured into Mo Sheng's body all at once. A storm blew across the world as Demon Qi from all over the Star Boundary was swiftly gathering in one place.

Yang Kai's expression turned grim. He might not know why Mo Sheng was behaving in this manner, but it was clear the latter had no intention of dying quietly. It could be said that this was truly the most critical moment of the entire battle up until now, so how could he dare to show even the slightest negligence? He stared unblinking at what Mo Sheng was doing, refusing to miss anything at all!

At the same time, Yu Ru Meng, who had been fighting Wu Kuang, suddenly exerted her strength with no regard for her life. She fearlessly and recklessly began attacking Wu Kuang. Every single attack was lethal, but she left herself completely open to attack at the same time.

In response, Wu Kuang could only defend.

Taking this opportunity, Chang Tian withdrew from the battle and charged towards Zhan Wu Hen.

Yang Kai was stunned by the sight. Although he did not know the reason behind this behaviour, it was obvious that the Great Demon God was the one pulling the strings. He could not let the Great Demon God succeed, no matter what the Great Demon God was trying to do, so he shouted at the top of his lungs, "Stop him!"

But, who could stop Chang Tian? He was a Demon Dragon on par with a Demon Saint. If he really wanted to escape, even Yang Kai could not stop him, much less Wu Kuang who was being held up by Yu Ru Meng.

Therefore, Yang Kai could only watch as Chang Tian approached Zhan Wu Hen quickly, the ominous feeling in his heart growing stronger and stronger.

Hong...

Chang Tian barged into the battle, joined forces with Huang Wu Ji, and forcefully drove Zhan Wu Hen, who had been evenly matched with his opponent earlier, back. Taking this opportunity, Huang Wu Ji turned around and soared in the direction of the Great Demon God.

Zhan Wu Hen immediately tried to give chase, but Chang Tian recklessly blocked his path, leaving Iron Blood no choice but to meet him head on.

Meanwhile, Huang Wu Ji's speed increased after he obtained his freedom and under Yang Kai's gaze, the First Demon Saint of the Demon Realm plunged headfirst into the enormous body of the Great Demon God and disappeared out of sight.

A malicious laughter rang out across the world at that moment, "All of you will die!"

When those words sounded, the enormous amorphous body collapsed in on itself, shrinking and gathering towards its centre. The outline of another figure could faintly be seen, wrapped in a layer of boundless black Qi. That figure was none other than Huang Wu Ji, who had plunged into the Great Demon God just before!

Yang Kai's expression changed drastically at the sight. How could he still not understand what the Great Demon God was planning at this point? He had always found it strange that the Great Demon God revealed himself, but his body was completely formed from Demon Qi rather than a solid figure. How was he supposed to recover completely even if he devoured all of the Star Boundary's Auspicious Spirit Essence without a body?

Based on the current situation, using his Soul to take over a Master's body was undoubtedly an excellent method. This method was similar to possession, and since the entire Demon Race originated from him, it was only natural that there would be no potential dangers to this method. It could be said that, as long as he was willing, Mo Sheng could possess the body of any member of the Demon Race without fear of repercussions.

The moment Yang Kai understood the situation, he broke out into a cold sweat. It was fortunate that Great Demon God did not choose to possess Yu Ru Meng as he would have been at a loss for what to do otherwise. If he had to face her, he would have had to decide whether to kill or not to kill her. If he chose to kill her, she would definitely die. On the other hand, if he chose not to kill her, he would have no way to give the entire Star Boundary an appropriate explanation. Of course, Yu Ru Meng was a woman, so as long as Great Demon God was sane, he would not have chosen to possess her seeing as he was a man.

[Has he been forced into a corner? He previously fought me for the ownership of the last piece of pure land but encountered all sorts of hindrances in the process. Perhaps, he has no other choice but to change his plans, seeing as nothing can be done at this point?] Yang Kai did not know what would happen if the Great Demon God had devoured the last remaining pure land in the Star Boundary, but judging by the current situation, it was definitely an ending that the Star Boundary would never consider acceptable.

Even though Yang Kai was just guessing, he was fairly confident in his conclusion. Why else would Mo Sheng change his plans unless he was forced to do so?

There was no need for him to possess anybody in his original plan. As long as he could devour the power of the Star Boundary's Auspicious Spirit Essence completely, he could use it to recreate his physical body from his severed palm that was being protected by Huang Wu Ji. Although he would not return to his former peak, there would come a day in the future when he would fully recover if he took his time to slowly recuperate.

Unfortunately, Yang Kai had stubbornly held on to the last piece of pure land, causing Mo Sheng to fail to devour a crucial part of the Star Boundary's Auspicious Spirit Essence, forcing the latter to change his plans.

Compared to the entire Star Boundary, the area of the last piece of pure land in High Heaven Palace was almost insignificant and the remaining Auspicious Spirit Essence in that region was akin to a drop in the bucket. Nevertheless, a single missing drop meant an imperfection! A flaw in a piece of jade would dim the shine of a jewel. The consequences Mo Sheng would face from having an incomplete Auspicious Spirit Essence were far beyond what Yang Kai could imagine!

A furious roar reverberated across the sky and the surging rage swept out like a tidal wave. Anyone who felt that rage could distinctly sense the unwillingness of the Great Demon God.

The boundless Demon Qi gathered and poured into Huang Wu Ji's body, causing him to scream in agony. Clearly he was experiencing enormous pain and suffering.

Meanwhile, Yang Kai took a deep breath, took out a handful of Spirit Pills from his Space Ring, and stuffed them all into his mouth as he continued to stare ahead intently with a solemn expression.

The first battle against Great Demon God had ended, the one which centred on the struggle for ownership of the last piece of pure land in the Star Boundary. Although Yang Kai managed to defend that piece of pure land to the very end, it could not be said that he won the war. At most, he only gained a slight upper hand in this battle. Be that as it may, the Star Boundary had paid an extremely painful price just for the sake of this slight upper hand. How many the Star Boundary soldiers had died for this cause? How many Emperor Realm Masters had perished...

Even so, it was far from the end. The next battle was the true battle for the fate of the world. If they won, peace would return to the Star Boundary, but if they lost, they would all die and the World would be destroyed!

Despite facing a Master from the Outer Universe, Yang Kai's fighting spirit was at an all-time high. That was because he was no longer fighting alone! Rather, it could be said that, from the very beginning, he had never fought alone. He had always had the Star Boundary army by his side and the World at his back!

All of a sudden, Huang Wu Ji's screams stopped and were replaced by a low laugh. An enormous body rapidly swelled and expanded as far as the eye could see. Unlike the body that was completely formed from Demon Qi earlier, the Great Demon God now had a true physical form that he could call his own. The figure was almost a 1,000 metres tall and extremely horrifying, and following the surge of Demon Qi within that body, that figure continued to enlarge even further.

3,000 metres, 5,000 metres, 8,000 metres... Mo Sheng's head towered above the skies while his feet were still firmly planted on the ground, his enormous shadow seemingly blocking out all light in the world. It wasn't until his body reached a height of 10,000 metres that it finally stopped expanding.

At this moment, the terrifying Master that appeared in front of all the living creatures in the world no longer had the slightest resemblance to Huang Wu Ji's original appearance. The real Huang Wu Ji had been completely wiped out of existence.

Horns grew on his forehead, his enormous eyes were like two small suns that shone with a shocking light, air so hot blew from his nostrils that it seemed to burn space itself. When he raised his hand, the sky split apart, when he stepped on the ground, the earth shattered. Meanwhile, those disdain-filled eyes looked down on every other living creature in the world with scorn.

A terrifying pressure pressed down on the entire Star Boundary and even the Great Emperors felt their chests tightening as their vitality churned violently.

"Insignificant ants! Did you think you had won just because you protected this world!? Laughable! Today, this King will show you the true meaning of the word strength!" Great Demon God's voice boomed like thunder and a dense fog quickly covered the sky. The aura coming from him was not something any Great Emperor could hope to match.

At that moment, a wisp of purple Qi suddenly sped out from the east and appeared behind Great Demon God in the blink of an eye. That purple Qi dissipated to reveal a graceful figure that held a greatsword in one hand. With a solemn expression, she slid her finger down the length of her blade as she shouted, "Sever!"

When that word rang out, her sword slashed forward. The moment she launched her attack, an enormous illusory phantom of a woman appeared behind her. The woman was so beautiful that it was almost as if she was an immortal fairy. The phantom woman was also holding a sword in her hand that slashed down at Great Demon God without any mercy.

Everything happened so suddenly that even the Great Demon God could not react in time, much less Yang Kai. Having just possessed Huang Wu Ji and finally gaining a physical body, the Great Demon God had been in peak spirits, so much so that he had inadvertently let down his guard at the exact moment this sword slash struck.

In the end, the Great Demon God was still the Great Demon God and he managed to dodge sideways the moment he sensed danger, simultaneously striking out behind himself with his giant palm.

The shocking sword wave was intercepted and as a result, the graceful figure was thrown backward while coughing up blood.

Cilala...

The sound of a sharp weapon slicing through flesh sounded and blood splattered everywhere while the Great Demon God howled in pain. His figure staggered backwards, leaving huge craters in the ground with every step he took.

"Abominable descendant of Heavens Order!" He turned around and glared at the graceful figure, the rage in his eyes almost looking like real flames.

“Ruo Xi!” Yang Kai was delighted at first, then filled with shock. He was overjoyed that Zhang Ruo Xi had come out of retreat at this critical moment. A quick calculation indicated that it was not yet the time they had agreed on previously. She had asked him to delay the Great Demon God for half an hour; however, she had come out in advance... Judging by the current situation, it looked like she had deliberately spoken with such specificity to deceive Mo Sheng.

What shocked Yang Kai was that she was injured to the point of spitting blood as soon as she came out of retreat. He did not even know how badly injured she was.

Chapter 3807 – Fight to the Death

Although Zhang Ruo Xi was beaten to the point where she was sent flying and coughing up blood the moment she came out of retreat, the power of her attack was by no means insignificant.

The physical body of the Great Demon God had been formed mere moments ago; however, his left arm was chopped off at the shoulder and fell to the ground with a loud crash. The severed arm looked like a small hill lying horizontally across the ground and blood gushed out like a river. Meanwhile, the Great Demon God howled multiple times in agony.

A figure instantly sped in that direction at a high speed, his eyes filled with greed, almost like a starving wolf that had caught sight of a tempting delicacy. With a few leaps and bounds, he arrived in front of the severed arm that fell to the ground and stretched out his hand with a flourish. Following that, the severed arm vanished out of sight. Nobody knew where he had placed that severed arm.

Yang Kai was rushing towards Zhang Ruo Xi at the time, but while in his haste, he stole a glance in that direction and realised that the figure was none other than Wu Kuang. Thus, his expression involuntarily darkened.

On the other hand, Wu Kuang who had stolen the severed arm couldn't stop the joy from bubbling up within him. He laughed heartily, overflowing with self-satisfaction.

“Bastard!” Great Demon God roared. It was bad enough that his arm had been cut off in a moment of negligence as an injury like that was not considered light damage to him, but he would only need to pay a certain price to recover as long as he still had his severed arm. However, his severed arm had been taken away by somebody. How could he tolerate something like that? If his severed arm was taken away, that would mean that he would have to regrow the missing limb, and the price he had to pay for that would be far larger.

Roaring furiously, he opened his large hand and grabbed at Wu Kuang. It felt as though even the world itself was sealed when the large hand came slamming down. Wu Kuang's expression changed drastically and he immediately moved to dodge the attack.

Meanwhile, Yang Kai caught Zhang Ruo Xi who was sent flying earlier, and asked in concern, “Are you okay?”

Zhang Ruo Xi's complexion was slightly pale, but she was smiling so brightly that her eyes were narrowed into crescents. She pursed her lips and said, "Sir, I haven't seen you in so long!"

Yang Kai smiled in response, "En, it's been a while."

Several dozen years had passed since she entered the Blood Gate, so be it Yang Kai or Zhang Ruo Xi, it had been a long time for both of them. Nevertheless, there was no sense of unfamiliarity or distance between them despite not having seen each other in decades.

Even so, Zhang Ruo Xi was no longer the timid little girl she used to be. Now that she had inherited the power of Heavens Order, she was truly an inheritor now. The power behind her attack earlier fully demonstrated just how powerful she was now.

"Ruo Xi has long wanted to fight side by side with Sir, and now I finally have the opportunity to do so!" Even though there was a powerful enemy in front of them, and even though the World was on the verge of collapse, the smile on her face was as bright as ever.

Yang Kai nodded, "In that case, show me just how powerful you have become, Ruo Xi."

"Hey, you two! If you don't come and help me soon, this Old Master is going to die right in front of you!" Wu Kuang's exasperated voice called out from the side. He was frantically dodging the Great Demon God's attacks and nearly fell into a desperate situation on several occasions, but when he turned to look to the side, he saw that damned couple smiling and talking like they were exchanging sweet nothings with each other. The sight nearly made his nose crooked from the rage.

Yang Kai and Zhang Ruo Xi looked at each other and smiled. Then, Yang Kai turned and said, "Wu Kuang, hold on for a little longer! This King will join you soon!"

Wu Kuang's expression practically turned black upon hearing those words. He was cursing with all his might, but he did not dare to be careless and re-focused all his attention on dealing with the Great Demon God's attacks.

"Ruo Xi, help me!" Yang Kai turned back to look at the other figure in the sky, his expression becoming solemn.

Zhang Ruo Xi held the Heavens Order Sword and gave a serious nod in response.

"Now!" Space Principles fluctuated to wrap around Zhang Ruo Xi when Yang Kai's shout rang out. Then, they instantly appeared in front of Yu Ru Meng.

Yu Ru Meng had been fighting Wu Kuang before; however, Wu Kuang managed to escape her entanglement using some sort of unknown means. It would seem that his abilities were not as simple as they looked on the surface. After he escaped her rage, Yu Ru Meng had simply been standing there blank-eyed and motionless until this moment.

Her expression changed the moment Yang Kai and Zhang Ruo Xi appeared in front of her at the same time. An incomparably pure Spiritual Energy surged out from her Knowledge Sea and turned into an infinitely alluring Soul attack that blasted towards Yang Kai.

Being a Charm Demon, Yu Ru Meng excelled in Soul cultivation. If it had been any other Great Emperor, they would have been strongly affected by this attack. That held true even if Zhan Wu Hen had been standing in this spot instead.

Yang Kai was a special case however, all thanks to the power of Yu Ru Meng's Primordial Yin that allowed his own Soul cultivation surge back then. At the time, Yu Ru Meng also mentioned to him that no Charm Demon could ever affect him with a Charm Technique again. Even she was not an exception.

Therefore, Yang Kai ignored the Soul attack regardless of how powerful it was, remaining safe and sound aside from a slight shock to his head. Reaching out with both hands, he grabbed at her.

She was being controlled by the Great Demon God, so her body and mind were not under her control, even so countless years of fighting had instilled a natural combat instinct in her body, so she immediately retreated backward when he reached out towards her.

On the other hand, Zhang Ruo Xi appeared behind her at just the right moment. The Heavens Order Sword came out of its sheath and her sword came slashing down!

"Don't kill her!" Yang Kai shouted hurriedly. He had not had the time to explain his relationship with Yu Ru Meng to Zhang Ruo Xi, and he also had not expected her to be so ruthless in her attacks, which was why he shouted desperately.

Zhang Ruo Xi knit her brow at those words and the sword that came slashing down paused for a moment before she smoothly withdrew it.

Yu Ru Meng was being flanked from front and back. Moreover, the distance between them was so close that even a Demon Saint like her would have a hard time dodging. Something closed down over her shoulders at that moment. It turned out to be Yang Kai's two big hands clasping her on the shoulders.

"Ru Meng!" Yang Kai stared straight into her eyes and her expression twitched at the sound of his voice as she struggled slightly, showing a slight reaction to his shout.

Taking advantage of this situation, Yang Kai's Divine Sense surged madly and wrapped around her. He wanted to place her into the Small Sealed World. Everything would be fine as long as he could put her inside and isolate her from the outside world.

The struggle lasted for only a single moment, but in the next moment, Yu Ru Meng raised her palm and slammed it against his chest with great force.

Hong hong hong...

Those slender palms contained a Heaven-destroying and Earth-shattering power in them, and a deafening explosion rang out every time her hand came into contact with his chest. Following that, shockwaves visible to the naked eyes spread out and shook the World around them itself.

Yu Ru Meng might not be proficient in melee combat due to her being a Charm Demon, but she was still a Demon Saint. Yang Kai felt as though he had been struck by lightning when her palm strikes landed. Blood trickled out of his nose and his mouth and several of his rib bones were also broken from the impact. Even so, he stubbornly refused to let go of her, his Divine Sense continuing to pour out like a tide.

When it came to placing a living creature into the Small Sealed World, the more the target resisted, the greater the energy consumption required. Hence, it was an extremely difficult task to forcibly place a Demon Saint into the Small Sealed World. Yang Kai might have the strength of a Great Emperor, but it was still impossible to successfully force Yu Ru Meng inside the Small Sealed World unless she cooperated.

Just as they were locked in a stalemate, a tender fist came from behind and struck Yu Ru Meng on the back of the head without any mercy. There was such a loud sound that Yang Kai wondered whether Yu Ru Meng's head would be smashed in by the punch.

Fortunately, Yu Ru Meng did not have her head broken. It could be seen that Zhang Ruo Xi had taken great care not to go overboard with this attack. However, Yu Ru Meng was clearly in a bad state after taking that punch. The blow left her feeling dizzy and her palms that were aiming at Yang Kai became limp and she lost all strength in her body.

With a whoosh, Yu Ru Meng instantly vanished out of sight. She had been placed into the Small Sealed World by Yang Kai.

"Sir, are you alright!?" Zhang Ruo Xi anxiously came over to support Yang Kai.

Yang Kai coughed a few times, clutching at his chest. He slowly shook his head, concurrently immersing his mind into the Small Sealed World to check out the situation there. Yu Ru Meng was fine. Zhang Ruo Xi's punch might have been heavy, but it had only given Yu Ru Meng a slight concussion at most.

After entering the Small Sealed World, the Great Demon God's control over Yu Ru Meng seemed to weaken rapidly under the isolating effects of the Small Sealed World's World Barrier. At this moment, the expression on Yu Ru Meng's face was very strange. It was a sign that she was about to wake up from her sleep. Nevertheless, Yang Kai did not dare to let her out again even if she managed to break free of the Great Demon God's control. Mo Sheng's ability to influence the Demon Race was too strong and it would only bring more trouble to let Yu Ru Meng out again at this time.

There was no time for Yang Kai to wait until Yu Ru Meng woke up to explain the circumstances to her, however, as Wu Kuang's voice was becoming more and more desperate, "Hurry!"

He was exhausted from facing the wrath of the Great Demon God with his power alone. If Yang Kai did not come over to provide support soon, he would be dead in less than a stick of incense.

"It's time to end all of this." Yang Kai took a light breath and reached out into the Void. There was a Dragon Roar, then the Azure Dragon Spear appeared in the palm of his hand.

The spear was simple-looking, but it instantly attracted Zhang Ruo Xi's attention. With her current level of knowledge and insight, she could sense just how extraordinary this spear was at a glance. Moreover, this treasure did not seem like something that originated from the Star Boundary.

With the spear in hand, Yang Kai's fighting intent soared.

"Sir, take good care of yourself! There will be a pleasant surprise later!" Zhang Ruo Xi said before a sword light flowed out and she flew over to slash at the Great Demon God from a distance.

[A pleasant surprise?] Yang Kai was confused, but before he could question her further about what she meant, she had already rushed off. Therefore, he suppressed the doubts in his heart. His expression became stern, and all that remained in his sight was the 10,000-metre-tall Great Demon God in front of him.

With a stoic expression and a dragon spear in hand, Yang Kai thrust out. A Dragon Roar resounded across the sky when he launched his attack. He was in his normal state when he first launched his attack; however, he had already transformed into his more than 1,000 metre-long Half-Dragon Form by the time he arrived in front of the Great Demon God. Likewise, the Azure Dragon Spear in his hand swelled accordingly and pierced towards Great Demon God's heart.

The power of his attack made the world pale. World Force gathered on the Azure Dragon Spear, and combined with the blessing of the World's Will, forget a 1,000-metre-tall mountain, this attack would be able to smash a million-metre-tall mountain to bits!

The Great Demon God did not dare to underestimate the power of this strike, so he pivoted and reached out a palm wrapped in a strange power to intercept Yang Kai.

Amidst the loud commotion, Yang Kai's body trembled from the impact and his eyes widened in surprise, "World Force!?"

His more than 1,000 metre-long Half-Dragon Body was sent flying backward. It took a lot of effort for him to stabilize his body once more while on the other side, Zhang Ruo Xi had also been forced to retreat. Wu Kuang had long since escaped when the other two arrived. He had tried to attack with a few Divine Abilities, but to no avail.

Even with the combined power of these three, they were unable to hurt the Great Demon God in the slightest. Clearly, if Mo Sheng had not been careless back then, in addition to being taken by surprise by Zhang Ruo Xi's sudden arrival, he would not have gotten his arm chopped off so easily.

At this moment, his severed arm had begun to re-grow, but the most obvious price of that regeneration was that his 10,000-metre-tall body had been shortened by 2,000 metres. It would seem that the sacrifice he had to make was not small.

The Great Demon God was extremely strong, and Yang Kai had long been mentally prepared for such a reality. If the Great Demon God was not powerful, then Flowing Time Great Emperor would not have lost his life in the past. It had to be said that the Flowing Time Great Emperor of that era was an invincible existence in the Star Boundary. Not to mention, the Great Demon God of that era was still heavily wounded.

Chapter 3808 – Open Heaven Realm

The Great Demon God had killed Flowing Time Great Emperor, who was at the peak of his strength, with a wounded body. Although his physical body had been destroyed in the process, the gap between them was clear at a glance. Mo Sheng was much stronger than Flowing Time Great Emperor.

Yang Kai had always known that the Great Demon God was strong, but he never imagined it would be to this extent. He and Wu Kuang were both Great Emperors, while Zhang Ruo Xi was not a Great Emperor but her current strength was not inferior to that of one.

In other words, Great Demon God was able to come out unscathed from the combined attacks of three Great Emperors.

The battle this time was different from the previous one. The previous battle was fought over the ownership of the last piece of pure land left in the Star Boundary. It was a battle purely based on their control over the World Force. Whomever had stronger control over the World would have a greater advantage. It had nothing to do with their actual strength. Furthermore, Yang Kai had a unique advantage in a battle like that because he had the Star Boundary's World's Will in his possession.

It was for that reason that he had not yet realised the horror of Great Demon God. Only at this moment did he truly understand just how powerful Mo Sheng was. In addition, the burst of World Force just now also confused him greatly. Logically speaking, only those who bore the World's Will could mobilise World Force.

How was Great Demon God able to use World Force then? Moreover, Great Demon God's World Force was very unfamiliar to Yang Kai. It did not seem to be the power of the Star Boundary at all.

Seeming to notice Yang Kai's confusion, Zhang Ruo Xi explained, "The Martial Dao can be roughly divided into the Inner Universe and Outer Universe phases. In the Inner Universe, the Emperor Realm is the peak. To go beyond the Emperor Realm, one must break free of the shackles of the Inner Universe and ascend above their World, allowing your body itself to become a World of its own. He is currently in the Open Heaven Realm, so he can mobilise the World Force even without borrowing the strength of a world."

"Open Heaven Realm?" Yang Kai widened his eyes. It was just like how he had ascended from a Lower Star Field and first heard about the Dao Source Realm in the past. He was incredibly shocked and curious... There was also a trace of excitement in him.

[Is this the path after becoming a Great Emperor?] Mo Sheng had mentioned something similar in the past, that a so-called Great Emperor was simply a title and not a Realm. Now that he was also a Great Emperor, Yang Kai could relate to Mo Sheng's statement.

It was precisely because a Great Emperor was able to mobilise their World's World Force that they were given the title of a Great Emperor. In essence, they had not exceeded the limits of the Emperor Realm, they were simply more powerful than ordinary Emperor Realm Masters. It was only by relying on the world itself that a Great Emperor was a Great Emperor. A Great Emperor was simply a title in name only without their world.

According to Zhang Ruo Xi, after the Emperor Realm, he would need to break free of the shackles of the world, transcend beyond it, and form a world of his own in his body...

He could not help recalling the feeling he experienced when he swallowed the World Source Liquid in the Profound Heavens Temple. When the World Source Liquid erupted in his abdomen, Yang Kai had experienced a strange feeling that felt as though the Heavens and the Earth were being split apart.

[Is that what it feels like?] Yang Kai did not doubt Zhang Ruo Xi's words as she had the inheritance from Heavens Order. Like Great Demon God, Heavens Order was a Master from the Outer Universe; hence, she would not be unfamiliar with the Martial Dao of the Outer Universe.

[In that case, it's not surprising that Great Demon God can mobilise World Force.] Yang Kai had wondered if something had gone wrong earlier, but now it would seem that what Great Demon God utilised was not the Star Boundary's might, but his own. He had long since gotten rid of the shackles of the world, so his body had formed a world of its own.

"What Realm are you in right now?" Yang Kai turned and looked at Zhang Ruo Xi curiously.

Zhang Ruo Xi slowly shook her head, "Still within the Inner Universe!"

Her strength had increased greatly as a result of her cultivating in retreat for a time; however, it had taken her several dozen years to do so. Even with the inheritance she received, it was impossible for her to advance beyond the level of Great Demon God in such a short period of time. She might be as strong as a Great Emperor at the moment, but she had yet to reach the Open Heaven Realm.

"Aren't we in a bad situation then?" He grinned. While his words sounded grim, there was no hint of fear in his expression. Rather, he seemed eager instead. Fighting beyond his Realm was all too familiar to Yang Kai, so he couldn't help looking forward to this battle as a Great Emperor.

Zhang Ruo Xi shook her head, "It's not certain. His strength has decreased sharply. He is not at his peak, so who lives and who dies will depend on their respective abilities."

"I was thinking so too!" As soon as the last word came out of his mouth, Yang Kai had already aimed his spear at Great Demon God. A black ball flashed and disappeared at the tip of the huge spear before a world collapsing aura burst forth.

Zhang Ruo Xi slashed down with her sword at the same time, her movements elegant and clean, almost as though she was an ethereal being.

Be that as it may, the power behind this attack made Mo Sheng pale slightly. He revealed a pained expression as if he had received some sort of invisible attack when the sword came slashing down and his body froze for a moment as a result.

The Azure Dragon Spear arrived in front of him at that exact moment, and he was unable to parry in time, allowing the spear to strike him hard in the shoulder. When the World Forces collided, the flesh around Mo Sheng's shoulder splattered everywhere. Large chunks of meat went flying and his enormous body staggered backward by several steps, drawing a roar from his lips.

"So that's how it is..." Loud laughter rang out as Wu Kuang flew forward, his eyes blazing fanatically, "Open Heaven Realm, was it? It seems this King was not going down the wrong path!"

While speaking, an illusory scenery suddenly appeared behind him. The scenery depicted a beautiful garden with small bridges, flowing water, standing rockery, as well as a small pond. The pond water was

extremely clear and there were several koi fish swimming around. Beside the pond was a small pavilion with a checkerboard laying atop a stone table with the black and white pieces vying against each other. Next to the pavilion were several colourful peach blossom trees that rendered the scenery even more beautiful. However, a horrifying aura was coming from that illusory scenery, the aura of an entire Universe World.

When Yang Kai met Wu Kuang for the first time, he learned that the latter was devouring various Star Fields. Wu Kuang had even tried to target Heng Luo Star Field. Yang Kai had been to that garden before, so he knew about some of the mysteries behind it.

The small garden was a fusion of countless Star Fields, and the checkerboard placed on the stone table was a vast Starry Sky while each chess piece on the board was a Cultivation Star.

The last time Yang Kai went to this garden, there had only been very few peach blossoms blooming. Looking at it now, there were many additions to the garden that he had never seen before. It would seem that Wu Kuang had been making huge improvements to his garden over the years.

Yang Kai had the faint feeling that the Heng Luo Star Field had met its end. It had most likely been devoured by Wu Kuang. He used to think that Wu Kuang's approach was crazy and unreasonable; however, it would seem that Wu Kuang was simply the pioneer of the entire Star Boundary.

In order to enter the Outer Universe, a person had to break free from the shackles of the World. What was the difference between Wu Kuang's actions and splitting Heaven and Earth apart? Moreover, he could even gain a deeper understanding of the Martial Dao through his actions.

Looking at it from this point of view, it was not a fluke that he became a Great Emperor and dominated the Star Boundary. His talents and intelligence were extremely rare. Otherwise, he could not have created something like the Heaven Devouring Battle Law in the first place. With just his own intelligence, he also managed to figure out a way forward at a time when everyone else was left scratching their heads regarding their future.

Thus, Yang Kai couldn't help but sigh in amazement. He finally understood why Duan Hong Chen had been letting Wu Kuang do whatever he wanted without stopping him.

Although Bustling World Great Emperor was concerned about the lives of ordinary people in the world, it was impossible to remain indifferent in the face of the temptation of advancing further and deeper along the Martial Dao.

Besides, Wu Kuang's method of devouring and merging the Star Fields this time around was different from what he had done in the past. He used to rely on the Heaven Devouring Battle Law, which annihilated all the vitality everywhere he went. In contrast, this time he used the Ancestral Domain as a core to merge those countless Star Fields together. This method did not harm the roots of the Star Fields. In fact, it would probably bring unexpected benefits to the Lower Star Fields.

The garden scenery emerging from his back was the best proof. The garden scenery had turned into a universe of its own. Although it was not comparable to Universe Worlds like the Star Boundary and the Demon Realm, it was much better than any of the Lower Star Fields were previously. As long as he had this universe at hand, Wu Kuang would have the power of a Great Emperor. More importantly, his strength would not diminish in the slightest even without the Star Boundary.

Laughing wildly, he raised his hand and the koi fish leisurely swimming around in the pond suddenly leaped out of the water and transformed into many ferocious giant beasts. They opened their huge bloody jaws to reveal a mouthful of gleaming serrated fangs as they viciously attacked Great Demon God.

“That old dog knows how to hide his cards!” Yang Kai secretly gritted his teeth at the sight. When Wu Kuang fought Great Demon God alone just now, he acted as though he was extremely hard-pressed and could fall dead at any time. But, it would now seem that he was simply hiding his true strength all along. It wasn’t until this moment that he revealed the true extent of his power.

The bodies of the giant beasts exuded a terrifying World Force and arrived in front of Great Demon God in the blink of an eye.

Great Demon God responded with a fist, and one of the giant beasts exploded, but the remaining giant beasts bit him at different locations on his body. Pieces of his flesh were torn off the bone, but those giant beasts did not stop there. They immediately turned around and fled back, turning back into fish and falling into the pond once more.

Meanwhile, Wu Kuang looked as intoxicated as though he had eaten a scrumptious delicacy. Even the aura around his body seemed to increase slightly.

Despite being on the same side, Yang Kai couldn’t help feeling a chill running through his heart at the sight before taking advantage of Great Demon God’s distraction. The Azure Dragon Spear turned into a spear shadow that covered the sky, stabbing out towards Mo Sheng.

At the same time, Zhang Ruo Xi released a storm of sword waves that lashed against Great Demon God’s body, leaving deep and horrifying scars.

“An ant dares to wound this King!?” Great Demon God was furious. He waved his hands in the air, smashing the spear shadows and the sword waves in the sky to pieces. With a muffled cry, both Yang Kai and Zhang Ruo Xi were thrown backward together. Wu Kuang, who had been quietly sneaking up on Great Demon God, was also slapped aside by one of the flailing hands and screamed as he crashed into the ground, creating a huge crater from the impact of his fall. Meanwhile, Yang Kai and Zhang Ruo Xi both coughed up blood...

Among the three Great Emperors, Wu Kuang was the only one who got away lightly from the aggressive onslaught of Great Demon God.

The gap in their cultivation Realm was like a huge chasm that left a bitter taste in Yang Kai’s mouth. Still, he picked up his spear, stabilised his body, and locked his aura onto Great Demon God.

“He’s here!” Zhang Ruo Xi suddenly sent a transmission, “Stop him for a moment!”

Yang Kai did not know who she was referring to when she said ‘He’s here!’; however, seeing as she had rushed forward once more, he could only grit his teeth and follow closely after her.

There were two loud explosions as the huge figure of Great Demon God exuded a boundless hostility. The attacks that Yang Kai and Zhang Ruo Xi put all their might into only lasted for less than a breath when they felt an overwhelming force coming towards them. Thus, they were forced to retreat as space collapsed at the spot where they had been standing before.

At this moment, a terrifying aura descended from the sky...

Chapter 3809 – Tai Yue

The majestic power was mighty and the strength of the aura was no less than a Great Emperor's.

Yang Kai looked up into the sky in surprise, only to see a small black spot was falling like a meteor, moving at an extremely high speed.

A warm feeling blossomed in his heart as it felt as though he was extremely familiar with the 'meteor' that was falling out of the sky. Raising a brow, Yang Kai immediately realised who was coming and couldn't help looking pleasantly surprised.

The black spot rapidly enlarged as it fell, soon transforming into a thousand-metre-tall creature that slammed directly in the direction of Great Demon God. The incredibly fierce and unparalleled momentum gave off the feeling that being hit by that falling object would surely bring about unbearable consequences.

Clearly aware of the presence, Great Demon God looked up into the sky with a livid expression. He raised his hand to block the incoming object and roared, "Insignificant ants..."

Hong...

Before he could finish his sentence, the enormous creature had already smashed down to the ground. An overwhelmingly powerful force sent the 8,000-metre-tall body of Great Demon God tumbling backward through the air. Countless cracks appeared in the ground, forming deep abyss-like ravines as though a huge earthquake had taken place. The entire Northern Territory shook from the impact.

Hou...

A deafening roar rang out. The enormous creature that came falling from the sky threw his head back and let out a loud cry, releasing the excitement in his heart. He thumped his chest with fists as large as small hills. The thumping sounded like the pounding of war drums, creating waves of sound that exploded across the surroundings.

"Xiao Xiao..." Yang Kai looked dazed, staring blankly at the 1,000-metre-tall figure. If not for the instinctive feeling in his heart, he would not have dared to believe that they were the same person. Who else could this behemoth be but Xiao Xiao, who entered the Blood Gate together with Zhang Ruo Xi back then?

Compared to back then, Xiao Xiao had gotten much stronger. It was a completely Earth-shaking transformation. Moreover, Yang Kai could sense an extremely pure and ancient Divine Spirit aura coming from Xiao Xiao. That aura felt as though it had stepped out of history and crossed through an endless span of time.

Yang Kai abruptly recalled that the Stone Spirit Clan that Xiao Xiao came from were descendants of the Ancient Divine Spirit Tai Yue. The reason Zhang Ruo Xi had taken Xiao Xiao into the Blood Gate with her was for him to inherit Tai Yue's Source inside the Heavens Order Palace.

Several dozen years had passed. Zhang Ruo Xi had been woken from her deep sleep and came out of retreat to kill her enemies, so how could Xiao Xiao remain inside? It was just that his speed could not compare to hers, so she arrived first.

At this moment, Xiao Xiao had completely exceeded the limits of a Stone Spirit and had become a true Ancient Divine Spirit. He was Tai Yue!

This was the pleasant surprise Zhang Ruo Xi mentioned earlier.

Yang Kai laughed happily. This was definitely a huge and pleasant surprise, one he was very satisfied with.

Right when the Star Boundary's survival was at its most critical, the Great Emperors returned, Zhang Ruo Xi came out of retreat, and Xiao Xiao made such a grand entrance...

All of Yang Kai's worries were resolved with their appearance. What was there to regret even if he died in battle today? To be able to fight alongside the people that he cared about had filled his body and mind with great happiness.

The Dragon and the Phoenix were highly respected in ancient times when the Divine Spirits dominated the universe. Be that as it may, it was not as if the other Divine Spirits were inferior to the Dragons and Phoenixes. According to ancient rankings, many Divine Spirits were no less powerful than the Dragon and Phoenix Clan. Legend even claimed that the Divine Spirit Great Peng saw Dragons as food and were the mortal enemies of the Dragon Clan. As for the Tai Yue, they were extremely high-ranking Divine Spirits in ancient times.

Inside the Heavens Order Palace within the Blood Gate, Xiao Xiao had received help from Zhang Ruo Xi, the descendent of Heavens Order, to perfectly integrate into his body the Source of his ancestors, bringing honour and glory to them.

At this moment, Tai Yue Xiao Xiao was not inferior to the two Dragon Clan Elders or the Great Emperor in terms of strength! If not for that, he could not have dealt such a huge blow to Great Demon God the moment he arrived on the scene.

Great Demon God's huge figure tumbled over backward, and everywhere he passed, mountains collapsed and rivers stopped flowing. It wasn't until a distance of ten thousand kilometres that he came to a stop and immediately got back to his feet. He was in a wretched condition. Hence, his fury was beyond description.

Without giving Great Demon God any chance of respite, Zhang Ruo Xi and Wu Kuang were already following up with another attack. One came slashing down with a sword rain that covered the sky while the other relied on the power of the Universe World behind him. He waved his large hand and the peach blossoms on the trees scattered their petals in the wind. Each petal was a sharp blade, slicing into Great Demon God's enormous body.

Each attack contained a Heaven-destroying and Earth-shattering force, and none were to be taken lightly. Blood gushed out of Great Demon God's body as he howled in agony.

Even so, it was not over yet. Tai Yue Xiao Xiao came bounding in this direction once more. Taking advantage of Great Demon God's momentary distraction, he rushed forward in a few steps and his hill-like fists punched out like a raging storm.

Mo Sheng did not dare to ignore these attacks and hurriedly defended himself.

The two giant behemoths fought each other in a deadly melee. Such a thrilling and mesmerising scene made everybody watch in anticipation. The sounds of their swinging fists rumbled throughout the world like deafening thunder.

Three breaths later, Xiao Xiao was sent flying with several huge fist-shaped depressions sunken into his chest and a hint of pain on his angular face. Even with Wu Kuang and Zhang Ruo Xi distracting Great Demon God, Xiao Xiao was still somewhat not Great Demon God's opponent. It was easy to imagine the gap in strength between them.

Nevertheless, Yang Kai's group currently had the qualification to fight Great Demon God on equal terms. At present, that was the qualification that the Star Boundary lacked. They were not afraid of being unable to win, they were afraid that the gap between them was so wide that they didn't even have the qualification to struggle.

Yang Kai had already charged forward and his more than 1,000-metre-long Half-Dragon Body loomed, though it was still dwarfed by Great Demon God. Fortunately, the destructive power of the Azure Dragon Spear was what Great Demon God feared the most.

The invincible spear was supplemented by World Force that Yang Kai could now mobilise and the Martial Truth that he gained through his insights on the ancient battlefield. Even Great Demon God would suffer greatly if he received damage from this spear.

Spear shadows seemed to cover the entire sky, bringing with them a Divine Light as blood splattered everywhere and several bloody holes appeared on Great Demon God's body.

"Miserable!" Great Demon God roared furiously, sweeping his hand in Yang Kai's direction. The movements of his hand seemed slow, but were actually incomparably fast. The attack was simple, but it gave off an overwhelming pressure that simply could not be avoided.

"Sir, watch out!" Zhang Ruo Xi turned pale as the illusory phantom of a giant woman appeared behind her back once more. That woman raised her sword and swung down at Great Demon God's shoulder.

On the other hand, Wu Kuang laughed maniacally, ignoring Yang Kai's life-and-death situation as he pushed his Heaven Devouring Battle Law madly. The koi fish kept leaping out of the Universe World behind him, turning into ferocious beasts, and taking bites out of Great Demon God's flesh before returning to the pond.

Although the attacks of these two people were not ineffective, it was difficult to make a difference in the overall situation in short order, so Great Demon God ignored them both and focused his glare at Yang Kai with eyes filled with murderous intent.

Yang Kai's complexion turned pale as he withdrew his spear and raised it to defend himself.

Just as the giant palm was about to reach him, the ground suddenly began to shake with shock waves that sounded like a beating drum. Yang Kai glanced out of the corner of his eye and his facial muscles couldn't help twitching at the sight.

Xiao Xiao, who was sent flying just now, was charging in this direction from not far away. It was just that he was holding a huge mountain high above his head with an aggressive air. Needless to say, it was an actual mountain. Who could say where he had picked it up from? He was striding over, leaving a deep footprint behind with every step he took.

It only took a few strides before Xiao Xiao arrived in front of Great Demon God. Then, he smashed the huge mountain in his hands down on Mo Sheng's head. Great Demon God had no choice but to raise a hand in defence, using a palm strike to smash the huge falling mountain to pieces, sending rubble everywhere.

Meanwhile, Xiao Xiao borrowed the rubble as cover to charge forward. With one arm, he firmly restrained one of Great Demon God's arms. Thus, the two behemoths became locked in a melee once more.

After suffering a small loss just now, Xiao Xiao had gotten a bit smarter. He probably realised that he was not Great Demon God's opponent in a one-on-one battle, so without giving Great Demon God a chance to retaliate, he immediately clenched his other hand into a fist and slammed it viciously into Mo Sheng's forehead after restraining the other party's arm.

There was a huge noise and Great Demon God's head tilted to the side, a slight fracture appearing above his brow. However, his other hand had also formed a fist that struck Xiao Xiao in the chest.

Xiao Xiao immediately showed a pained expression, but he stubbornly did not release his grip. Without waiting for Great Demon God to pull back, he used his other hand to grab Great Demon God's wrist.

The two behemoths grappled against each other, falling to the ground and causing a cloud of dust to rise.

"Now!" Zhang Ruo Xi's eyes brightened. Sliding her finger down the length of the Heavens Order Sword, coating it in fresh blood. The greatsword hummed violently as countless flowing sword lights appeared behind her. She pointed her finger again and those sword lights became sharp attacks that blasted in the direction of Great Demon God.

Not to be left behind, Yang Kai held the Azure Dragon Spear with a solemn expression and poured all the strength in his body into it as he sent out a continuous stream of thrusts. Each stab was capable of severely injuring a Great Emperor or a Demon Saint, but was only capable of leaving several bloody holes in Great Demon God's body.

A river of blood gushed out from Great Demon God's figure as he was in an unprecedented state of disgrace. He had not been this dishevelled even in his two previous fights against top Masters in life-or-death battles.

Now that his movements were being restrained by Tai Yue Xiao Xiao, he was powerless against the attacks of Yang Kai and the two others. He was no different from being a fish on a chopping block at this moment. Furthermore, who among these three who were attacking him could be underestimated?

The Azure Dragon Spear in Yang Kai's possession combined with the Martial Truth attached to the blade had given Mo Sheng a lot of trouble.

In addition, Zhang Ruo Xi was the descendant of his old enemy. The experience she obtained from the inheritance left behind by her ancestor had given her the knowledge on the kinds of attacks that would cause the greatest damage to him.

Lastly, Wu Kuang was proficient in the Heaven Devouring Battle Law, which was continuously devouring his vitality and strength at all times!

Mo Sheng had always been confident of his victory and looked down on all the living creatures of this world from above. He had thought nothing of the living creatures in the Star Boundary or Demon Realm. Even when his plans had been destroyed, he had felt only a sense of rage, not fear.

Even if his plans had been destroyed, he could simply search for another Universe World. It would only take some time for him to devour that Universe World's Auspicious Spirit Essence and there would come a day when he recovered completely.

However, he could not suppress the faint unease that was budding in the depths of his heart now. These four ants that he had scorned might actually have the power to slowly eat away at his strength and eventually cause his demise!

The Earth-shaking sounds continued as this battlefield was the key to the Star Boundary's survival. Yang Kai and the others were giving their all in this fight without holding back whatsoever; therefore, the other Masters engaged in smaller battles could not help but divide some of their attention to keep an eye on this ongoing struggle.

Chapter 3810 – Chaotic Situation

Seeing that Great Demon God was being suppressed by the joint efforts of the four Masters, the rest of the Great Emperors from the Star Boundary couldn't help feeling overjoyed. On the other hand, the Demon Saints from the Demon Realm became ashen-faced.

Using their Divine Senses, it became clear that Great Demon God's overwhelming aura was weakening at a subtle speed. Great Demon God tried multiple times to break free from Tai Yue's grasp; however, Xiao Xiao did not show any signs of loosening his grip regardless of how Great Demon God attacked him or how much damage Mo Sheng caused to him. His behaviour seemed to indicate that he would drag Great Demon God down with him even if he died in the process.

The Demon Saints and the Great Demon God were shocked!

Great Demon God falling into a disadvantage on the main battlefield left many of the Demon Saints feeling very uneasy. It even caused a change in the battle between the Great Emperors and the Demon Saints. The stalemate in the evenly-matched battle finally broke and the Great Emperors slowly gained the upper hand.

The emergence of the Divine Spirit Tai Yue, Xiao Xiao, was like the last straw that broke the camel's back, resulting in an unexpected chain of events. For both the survivors from the Star Boundary and the Star Boundary itself, it was truly a pleasant surprise. If the situation continued to develop in this direction, Yang Kai and the others would have a high chance of actually killing Great Demon God.

"Ashes to ashes, dust to dust! My subjects, return to me!" Great Demon God's shout resounded across the world suddenly, conveying a peculiar power.

Yang Kai felt his eyes burning all of a sudden, as though his eyes were being stabbed by hot knives. The agony pierced right through his heart while at the same time, a powerful force came from the shadows and his eyes showed signs of leaving his body. That wasn't all. Both the Demon Eye of Annihilation and the Black Purgatory Eye activated all by themselves without his control. His left eye was golden while his right eye was pitch black.

It startled Yang Kai so much that the momentum of his vicious attacks paused for a moment. He hurriedly fled to the rear, putting some distance between him and Great Demon God while concurrently gathering his power in his eyes to suppress them.

Both the Demon Eye of Annihilation and the Black Purgatory Eye originated from Great Demon God. Back when Great Demon God fought the Flowing Time Great Emperor, his physical body had been destroyed but both his eyes that contained his innate Divine Abilities had been lost. Over the years, both eyes had gained sentience and went through a series of fateful encounters.

Strictly speaking, Great Demon God in Tong Xuan Realm and the One-Eyed Great Demon that once invaded the Star Boundary were both Soul Clones of Great Demon God. It was just that these two Soul Clones were not intentionally refined by Great Demon God and were instead born by chance, so their actions were completely unrelated to the main body. Regardless of the circumstances, both eyes had a constant and unbreakable connection with Great Demon God.

It was only thanks to the fact that Yang Kai was now a Great Emperor with the protection of the World that he remained safe. Otherwise, Great Demon God could have stolen both his eyes with a single thought and rendered two of his greatest Divine Abilities useless as a result.

It was precisely because of these concerns that Yang Kai had not tried to use the Demon Eye of Annihilation or the Black Purgatory Eye when battling Great Demon God. He was afraid he might give Great Demon God an opportunity to take advantage of the situation. Who could have expected that Great Demon God could still exert some influence on him even though he had not used those eyes?

[What is he trying to do?] Yang Kai was extremely vigilant towards the movements of his enemy; thus, he stared at Great Demon God unblinking. The only thing that gave him a small sense of comfort was that nothing was wrong with his eyes even though the burning sensation had not gone away. However, he soon understood what Great Demon God was attempting.

The moment those words rang out, all the Demon Saints who were locked in a fierce struggle against the Great Emperors suddenly abandoned their opponents, turned around, and headed straight for Great Demon God, completely ignoring all the attacks that shot in their direction from behind them.

An ominous feeling bloomed in Yang Kai's heart as he roared, "Stop them! Don't let them approach!"

There was no need for him to warn the Great Emperors. The moment their opponents turned around and fled, they gave chase. Principle Strength surged and countless attacks blasted out. All the Demon Saints were wounded so badly that they constantly coughed up blood, but even so, they turned a blind eye to the condition of their bodies.

A Dragon roar shook the sky as the Great Elder and Second Elder of the Dragon Clan pursued their enemies. In front of them, Xue Li, Fu Yu, and Huo Bo each fled in three different directions; thus, the two Elders did not know who to chase.

In a matter of breaths, the Red Demon, Huo Bo, who was the furthest ahead had already come within ten thousand metres of Great Demon God, his crimson-red eyes filled with a fanatical look. Like him, the other Demon Saints had the same look in their eyes. There were no exceptions. All of them seemed almost insane.

Yang Kai had a sense of foreboding and stretching out his Dragon Claw, he made a grabbing motion at the area around Huo Bo from a distance as he shouted, "Solidify!"

Space Principles harmonized with World Force under his control was something even a Demon Saint like Huo Bo could not escape, causing the latter's forward rush to abruptly come to a halt. The change from extreme motion to complete stillness was very abrupt.

"Bind!" Yang Kai squeezed his hand tightly and space began to condense. A Heaven-destroying and Earth-shattering force compressed towards the place where Huo Bo was located.

Huo Bo coughed up boiling blood as he began glowing with a scorching light, "Explode!"

His round body, that looked like a winter melon, suddenly began to swell rapidly. The surface of his skin turned red like he was being burned by flames and an Earth-shattering explosion blasted out. A wide stretch of space around him collapsed due to the impact.

The self-destruction of a Red Demon was their Innate Divine Ability, so there was no preparation time required or any way to suppress it. It was something that could be done with just a single thought. The self-destruction of most Red Demons would bring about devastating results, so what more need be said about a Demon Saint like Huo Bo? It was just that he was different from all other Red Demons. Ordinary Red Demons would die without leaving a corpse behind after self-destructing, but Huo Bo could come out unscathed.

Yang Kai staggered backward. Although they had a distance of thousands of metres between them, the terrifying shockwave from Huo Bo's self-destruction still managed to push him back by several giant steps.

The moment the glaring light disappeared, Huo Bo's short and round body was reformed and he immediately continued charging forward, though his momentum had been reduced considerably.

Although self-destruction did not kill him the way it did for other Red Demons, it would seem that his actions still cost him quite a lot.

There was nobody else to stop him after that. Tai Yue Xiao Xiao was suppressing Great Demon God with all his might and could not get away while Wu Kuang was greedily devouring Great Demon God's essence and Zhang Ruo Xi was continuously slashing out with sword lights. None of them could afford to be distracted as they were afraid that Great Demon God would escape the moment they moved away.

In the blink of an eye, Huo Bo had already arrived in front of Great Demon God. There was a hideous smile on his face as he formed a set of seals with his hands before a single word came out of his mouth. Even though that word was uttered lightly, it gave everybody chills down their backs.

“Explosion!”

There was a deafening bang and several figures were sent flying, causing the stalemate to be broken in an instant.

A thousand-metre-long enormous figure tumbled endlessly. It wasn't until he had been pushed back by several thousand kilometres that he finally managed to stabilise himself once more. Xiao Xiao was enraged! It wasn't easy for him to finally restrain the movements of Great Demon God, but Huo Bo's self-destruction had wasted all of his efforts. How could he not be enraged?

Zhang Ruo Xi's hair was a dishevelled mess and she was drenched in sweat as blood trickled out of the corner of her mouth.

The Universe World behind Wu Kuang was turbulent. The peach blossoms on his peach blossom trees had scattered all over the ground. Waves rippled across the surface of the pond. Furthermore, his complexion alternated between flushed and pale. It was clear that he had suffered greatly from the attack just now.

Xiu xiu xiu... Numerous figures rushed over from various directions. They plunged into Great Demon God's body, one after another, as though they were jumping head first into a lake. Ripples spread out across Great Demon God's body as the Demon Saints that plunged into his body vanished out of sight just like that.

Red Demon Huo Bo, Blood Demon Xue Li, Feather Demon Fu Yu, Stone Demon Mo Kan, Bone Demon Ge Meng, Sand Demon You Qiu, Shadow Demon Wu Hua, Corpse Demon Zu Liao, and Flame Demon Chi Yan... Each and every one of them had been a Demon Saint in the Demon Realm for countless years, but at this moment, their auras disappeared from the world as if they never existed in the first place.

Seeing that even Chang Tian was going to rush over, Yang Kai's expression turned grim. At this point, how could he not know what Great Demon God's intentions were? He might not know what kind of changes the sacrifice of Demon Saints would bring to Mo Sheng, but Yang Kai could tell that it was not a good thing for the Star Boundary even if he used his foot to think about it.

Zhan Wu Hen was chasing close behind Chang Tian, proving his worth as the Great Emperor with the highest combat ability in the Star Boundary. The rest of the Demon Saints had all fled, but Iron Blood managed to forcefully delay Chang Tian halfway. Although he could not stop Chang Tian completely, it was not a problem to tie him down for a dozen breaths or so.

Yang Kai shifted his body and instantly arrived in front of Chang Tian.

When a high-pitched Dragon Roar rang out, a huge golden Dragon Head suddenly appeared in the air behind Yang Kai and a pair of majestic Dragon Eyes stared down at Chang Tian solemnly. As Dragon Pressure filled the air, the aura around Chang Tian's body froze for a moment.

Chang Tian was part of the Dragon Clan, it was just that he was a Demon Dragon of the Demon Realm. Even so, he would still be affected by the power of the Golden Divine Dragon Source as long as he was part of the Dragon Clan.

The Dragon Clan was a very unique Race. Their individual strength was extremely powerful, and even a newly-born member would have advantages that most other living creatures could never hope to rival. However, all Dragon Clan members were deeply affected by Bloodlines and Source Strength. A superior Source would have very obvious suppressing force on a lower Source.

When Yang Kai first met Zhu Qing, she was already an Eighth-Order Red Dragon and most Third-Order Emperor Realm Masters would not be a match for her. Moreover, Yang Kai was only in the First-Order Emperor Realm at the time, so in terms of raw strength, he was vastly inferior to her.

But contrary to common sense, the reality was that Zhu Qing was unable to touch him at all and in the end, she lost more than she gained by trying to take advantage of the situation. The reason for that was the suppression caused by the power of his Dragon Source. She could not bring out her strength under the influence of the Golden Divine Dragon's Source Strength.

That was the case for Zhu Qing back then, and the same went for Chang Tian right now!

If Yang Kai had not been hindered by the previous situation, he would have taken care of Chang Tian first. It was just that he could not afford to be distracted in his fight against Great Demon God. Now that the situation was a chaotic mess, there was no need to worry about such things anymore.

Chang Tian was wholeheartedly trying to flee towards Great Demon God and had no intention of fighting Zhan Wu Hen; hence, his momentum decreased sharply upon being suppressed by the Golden Divine Dragon Source.

At that moment, Zhan Wu Hen attacked mercilessly, using his great fists to fill the sky while aiming straight for Chang Tian.

There was a series of rumbling sounds, after which Chang Tian coughed up blood mid-air. The sound of bones breaking could be heard coming from his body as he could not withstand receiving such serious impacts.

On the opposite side, Yang Kai's Divine Sense surged, turning into a sharp attack that penetrated the defences of Chang Tian's Knowledge Sea.

In response, Chang Tian's complexion turned pale and his figure swayed slightly in a daze. He looked like he was going to collapse at any moment.

Yang Kai reached out to grab Chang Tian and with a flash of his thoughts, he placed the latter into the Small Sealed World.

Success!

Even though both his and Zhan Wu Hen's attacks had gravely injured Chang Tian, they could not afford to worry about such things at a time like this. If they chose not to injure him, then their only other option would be to kill him.
