

## Chapter 225

A loud growl reverberated throughout the entire hall as soon as Victor finished his sentence.

The sound of the dominant growl sent shivers down the spines of every guest. They struggled to keep from giving in or dropping to their knees as they trembled.

They turned to their two rival Alphas, who were glaring at each other.

It was Alpha Bryan who growled at Alpha Victor.

He pushed Mila's hand and stepped toward Victor with a pair of red eyes. His wolf almost took over, but he caged him inside.

His gaze was a warning for Victor to let out another word.

Victor, on the other hand, calmed himself and smirked at Bryan. "What caused Alpha Bryan to growl? Is there any problem, Alpha?"

Victor mocked him with his tone. Bryan was no longer able to remain calm.

"I allowed you to stay in my pack just for this party. A leaf on a tree can't even move here without my permission, and you planned to get a girlfriend here?"

Victor sneered at him. "I like this woman, and I will have her no matter what. You can't do anything about it. There are no rules preventing me from getting a girlfriend here. Oh yeah! Until the woman disagrees with me."

"I will kill yo—"

"Alpha Bryan."

Sophia interrupted Bryan as she spoke out in a cold tone. Bryan slowly shifted his gaze to her.

Sophia looked into his eyes and said,

"You have no right to speak to my boyfriend like that. I like him and he likes me. We are made for each other."

Bryan gritted his teeth as he muttered,

"What did you just say?"

The atmosphere became heated. Sara and Nolan were confused about whether to go to Sophia or not.

"I think I should be with her at this time," Sara said as she began to walk towards Sophia.

But Nolan grabbed her hand to stop her. "Sara, let Alpha handle this."

Sara was shocked as she turned to Nolan. "I know Alpha Bryan is our leader, but we are on Alpha Victor's side in this situation. He is Sophia's boyfriend."

Nolan shook his head. "It's not possible."

"But why?"

"Please. Don't argue at this moment. He is not good for her. I don't know why Sophia can't see this."

Sara was puzzled. She had also warned Sophia about it. But since she was Sophia's best friend, she should be with her in every situation.

Meanwhile,

Sophia stared into Bryan's engaged eyes. She could not help but feel at ease in her heart. She was pleased to see his reaction. This man hurt her a lot. She wanted to hurt him now.

'What did you think? I can't get a man? You are in high authority, and no one can overtake you?' she thought.

She took a deep breath and replied, "I said we like each other. I do not see a problem with it."

Abraham dashed toward them, standing between Sophia and Bryan.

He grabbed Sophia's hand and asked, "Sophia, what's wrong with you? Do you even know what you are saying?"

He did not know what he would do at this moment. He also heard Sophia's words to Bryan when her voice reached the other guests. It was unbelievable to him that his sister had a relationship with Alpha Victor.

"Brother, I am not going to listen to you today. You should accept that Victor and I are together."

Abraham glared at her, but a hand grabbed his wrist and yanked it away from Sophia's hand.

"Don't touch her. Just because you are his brother, you can't decide everything for her. She is not a kid anymore," Victor said, pushing Abraham's hand.

When another Alpha pushed their Gamma, the pack fighters surrounding the hallway all straightened up.

All of the pack fighters looked up to Abraham as their main warrior. He had a reputation and respect.

Sophia was completely taken aback. She did not expect Victor to do so. It was disrespectful to her brother. But at this moment, she could not say anything.

"Dare to touch my gamma again, I will bury you right here," Bryan warned.

Bryan's father and his officials were all looking at him. They were shocked at Bryan's self-control. They wondered if there was anyone else in his position who could tolerate such disrespect without taking action against it.

"Then tell your gamma not to disturb my woman," Victor replied.

He held Sophia closely and muttered, "I'm not here to fight. Otherwise, I would have never left my officials in my pack. You want to marry my sister, so go for it. But if you come my way, I will banish the whole Laurant family from my pack. Then I will see how they plan a happy wedding or trade my half pack against my will."

All the members of the Moon Valley Pack lowered their heads when they heard their Alpha's statement. They were bound to follow him.

Alpha Lucas and his family could not let out a single word against it.

Mila cast a glance at the guests. She noticed how they were watching two Alphas fight over a woman.

She made an effort to find a solution to the problem. She spoke up with a shaky tone.

"Brother, you are just interested in her. Let's not stretch the matter. Bryan is just concerned for her because she is his gamma's sister."

Victor glared at Mila. "Is this really the reason?"

He turned to Sophia and asked, "Don't you believe me? Your Alpha is concerned for you. What are your thoughts about it?"

Sophia looked at Bryan and told Victor, "He is my head Alpha. What can I say about it? I am grateful that he is concerned about me. But I believe he should focus on his personal life and fiancée rather than others. I am mateless and ready to be in love with you."

Bryan froze on her words. In a matter of seconds, his fierce look vanished from his face, as if there was a layer of ice that concealed his feelings completely.

Victor looked impressed by her words. He nodded his head at her.

He then turned around with her to face his pack members.

"I don't care about Alpha Lucas's daughter's wedding. I came here to make my own declaration."

Everyone looked at him carefully, preparing themselves to hear his announcement.

His gaze darted around the hall before he spoke out loud.

"I, Alpha Victor Laurant, will give you your Luna in one month. She, Sophia Berge, will be the Luna of the Moon Valley Pack. She is an omega and a mateless wolf. I'm sure you don't have any issues with it. If you do, you know your Alpha can solve any problem by simply moving his hand."
