

EVERYTHING IS TOO EASY AFTER MAXING MY TALENTS

Chapter 13

Trash Ends in the Trash Can!

“Damn it, is there something wrong with my eyes?”

“So am I crazy or is the world crazy?”

“Who exactly is this kid? His combat strength is too terrifying. He can actually easily subdue the members of the Royal Court’s guards!”

“F*ck, this physique completely belongs to the humanoid T-rex.”

“He actually rushed in front of the three kings. This is so unbelievable!”

The sewer bosses’ jaws dropped.

Many of them even muttered unconsciously.

The scene before them was too shocking!

He was just a child in their eyes...

He had actually easily defeated three Royal Court guards.

And easily passed through the layers of defence and rushed to the stage where the three kings were.

And looking at him... Everything he did just now seemed as normal as eating and drinking.

Such an exaggerated scene.

It could be said to have shocked the bosses for an entire year.

At this moment, they couldn’t even care less about maintaining their pride.

On the stage, he looked at Li Yueming, who rushed to him in no time.

Zhou Shenhai's pupils constricted violently several times.

It was obvious that the emotions in his heart were hundreds of times stronger than what he showed on the surface.

However, as one of the current supreme rulers of the Underground World, Zhou Shenhai's mental fortitude was far beyond that of other bosses.

Even though he had already cursed 10,000 times in his heart.

However, he still maintained his composure on the outside.

He took two deep breaths, Zhou Shenhai stopped his lackeys who were surrounding him.

He said calmly, "Your strength is not bad. I'll give you a chance to speak."

Since Li Yueming revealed his astonishing combat strength, as one of the three kings, Zhou Shenhai finally took the young man in front of him seriously.

Li Yueming did not keep them in suspense.

He looked at Zhou Shenhai and Zhou Wuhai and Zhou Fenghai, who were not far behind him.

He said directly, "I want to cooperate with the three kings!"

Hearing this, Zhou Shenhai's eyes revealed some confusion.

He had thought that Li Yueming would threaten him.

He had also thought that Li Yueming bragged arrogantly to him.

But he never expected it, Li Yueming actually wanted to discuss a collaboration with them.

Zhou Shenhai looked around.

They were surrounded by underlings who were eyeing Li Yueming covetously and could not wait to tear him into pieces.

Under such a tense atmosphere, this young man actually wanted to discuss a collaboration with him?

Zhou Shenhai's interest was piqued. He asked, "No matter how good your skills are, you're just a servant. What right do you have to talk about cooperation with me?"

Li Yueming seemed to be prepared for this.

He glanced around.

Below the stage, Cao Xin, who thought that his head was about to fall to the ground, finally came back to his senses.

He quickly stood up and said, "Lord Shenhai, Li Yueming is the boss of the sewers in my area..."

Zhou Shenhai glanced at him.

There was a chill in his eyes.

No matter how stupid he was, now, he understood everything.

Previously, he was still puzzled, Cao Xin didn't look like someone with such skill and boldness.

He could actually do it in just two to three years.

They had quietly developed an organization that even they felt was a serious threat.

Now it seems, Cao Xin had probably already been taken over by this young man in front of him.

The reason why he was still known as the head of the sewer.

It was just a cover-up.

Unfortunately, they were the rulers of the Underground World.

He actually did not notice it after such a long time.

And so, Zhou Shenhai's gaze returned to Li Yueming, and he finally revealed a look of deep fear.

Li Yueming did not care about Zhou Shenhai's thoughts.

After revealing his identity, he continued, "I plan to promote the model of the Star Moon Alliance to the entire 0911 Underground World so that everyone can have clothes and food."

Hearing these words, Zhou Shenhai's first thought was that there was something wrong with his brain.

His second thought was that there was something wrong with Li Yueming's brain.

He could not help but laugh in anger. "Are you joking with me?"

Li Yueming took out a handful of earthworms from his pocket and said, "I used some books left behind before The Cataclysm to restore the large-scale cultivation method of earthworms. The cultivated dried earthworms can solve 80% of the food shortage of the refugees in the Underground World!"

As he spoke, he took out a handful of dried earthworms and stuffed them into his mouth.

Then, he continued, "Not only is the dried earthworm rich in protein, but it can also replenish all kinds of minerals needed in the human body! With it, we can liberate more labor, and the probability of ordinary refugees contracting all kinds of strange diseases will be greatly reduced! Once the time is right, we can even return to the Surface World to build a new home..."

He said a lot in one breath.

It was not an exaggeration to say that he had given his all.

However, be it Zhou Shenhai or the group of bosses below the stage, They looked at him strangely, as if he was watching a comical clown putting on a show that no one cared about.

Before he could finish, Zhou Shenhai interrupted, “Kid, do you know what you’re saying?”

Li Yueming looked serious and nodded. “Of course!”

Zhou Shenhai was so angry that he laughed again.

For a moment, he didn’t even know what to make of it.

He could not help but say, “Brat, I’ll give you another chance. You can ask me for a position as the head of a sewer line. Perhaps if I’m in a good mood, I’ll consider it!”

Li Yueming smiled. “I don’t want the position. I just want to cooperate with you and build the Underground World together!”

Splat!

Before Zhou Shenhai could speak...

Behind him, one of the three kings, Zhou Wuhai, whose body build rivals a humanoid t-rex, suddenly stood up.

There was a hint of mockery on his incomparably fierce face. “Kid, you seem to be very arrogant?”

Beside him, the scrawny Zhou Fenghai could not help but laugh. “I thought I met a ruthless person today. I didn’t expect to be fooled by a childish clown for so long!”

Below the stage, the group of bosses also had scoffing expressions on their faces.

Together to make this Underground World better?

Hehehe...

If the slaves rose up, what should they do?

This kind of thing shouldn't have existed from the beginning!

The third brother, Zhou Fenghai, raised his ears.

His tiny eyes revealed a greedy light as he said, "Kid, give up on your unrealistic fantasies! Hand over the method to cultivate earthworms on a large scale. If we're in a good mood, we might even leave your corpse intact!"

As soon as he finished speaking, a phenomenon occurred!

Boom!

A loud bang sounded.

Zhou Shenhai, who was originally held hostage by Li Yueming, suddenly stomped his feet.

Dust suddenly rose from the platform made of stones and templates.

Zhou Shenhai took this opportunity to retreat back.

The surrounding guards, who were already prepared for this, swarmed forward and guarded him in a few breaths.

Everything happened too quickly.

Everyone felt their vision blur.

Then, a cloud of dust rose from the high platform.

When the dust slowly fell to the ground.

There was no longer any suspense on the stage.

—-but at some point, sharp handmade spears had appeared in the gaps between the wooden boards under Li Yueming's feet.

The spears formed a circle and trapped Li Yueming in the center.

Around him.

The Royal Court guards who came out in full force also held weapons.

They only needed to receive an order.

Li Yueming, who was surrounded, would turn into a pile of minced meat.

Apparently.

The three kings had dominated the Underground World for so many years without falling.

Of course, they lived up to their reputation.

The entire platform was already prepared for assassination at the beginning of the design.

Every time the three kings hosted here,

At least 30 members of the Royal Court's guards would be hiding under the high platform.

As long as an assassin rushed onto the platform.

They could raise sand and dust under the platform at any time to create chaos.

Stabbing out with his spear and piercing the assassin's intestines.

It was precisely because of this

Only then could Zhou Shenhai maintain his confidence in front of Li Yueming.

At this moment.

He got rid of Li Yueming's threat.

Zhou Shenhai also removed his mask of politeness.

He said fiercely, “Who do you think you are? Do you think you’re worthy of negotiating with me?”

He looked at the incomparably cold metal spears in front of him and the covetous gazes of the guards.

Li Yueming could not help but sigh. He spread his hands helplessly and said, “I’ve always advocated killing people with kindness. I don’t want my hands to be stained with blood. However, if you insist on forcing me, don’t blame me for being impolite...”

“Rotten and smelly trash. Only by sweeping it into the trash can will it not emit a stench!”
