

Maxing MT 29

Chapter 29

Who's the Real Monster?

After so many years.

Li Yueming finally bared his fangs again.

It was just one punch.

In an instant, Zhou Wuhai was sent flying more than ten meters away.

It landed on the ground, raising a cloud of dust.

Zhou Wuhai lay on the ground and coughed twice. After a while, he slowly got up from the bottom of the pit.

He looked at the calm Li Yueming not far away.

Zhou Wuhai sighed and said, "I have to say, as a Human, you are really special!"

Then.

Hair began to grow on Zhou Wuhai's body.

His entire body swelled up.

Its nearly two-meter-tall body transformed into a ten-meter-tall giant rat in less than a few seconds!

Seeing this, Li Yueming could not help but click his tongue in wonder. "As a mutated creature, you're quite special yourself!"

Ever since he found out that the Underground World was a prison.

Li Yueming had doubts about Zhou Wuhai's identity.

After all, the timing of Zhou Wuhai's appearance was too coincidental.

In the subsequent investigation.

Li Yueming could not find Zhou Wuhai's name in the 0911 shelter survivors' data.

As such...

Zhou Wuhai's identity was obvious.

However, at that time, Zhou Wuhai did not show any substantial threat.

Therefore.

In order to gain more time to develop,

Li Yueming did not expose the other party's identity.

And now.

It just so happened that Li Yueming needed a whetstone to test his actual combat strength.

The battle between the mutated creatures and the Star Moon Alliance was about to begin.

It was time to settle Zhou Wuhai's score.

After transforming into a giant rat,

Zhou Wuhai said proudly, "I'm one of the members of the royal family under the Rat King. Of course I'm special!"

In response.

Li Yueming just smiled.

He clenched his fist and said, "Actually, what I mean is that as a Rat, you seem to be especially fat!"

Zhou Wuhai: "..."

He looked at the undisguised mockery on the young man's face not far away.

Zhou Wuhai, who originally wanted to maintain his elegant posture as a high-level race, instantly flew into a rage.

As a noble royal family.

Being demoted to such a godforsaken place was enough to make him angry.

And now.

He was actually despised by a little bug?

Zhou Wuhai could not take it anymore.

The expansion of his body suddenly accelerated.

Zhou Wuhai raised his sharp claws and clawed at Li Yueming.

At this moment, he had already changed beyond recognition. He had turned into a mutated giant Rat with red eyes.

There were only a few places that still had kept the appearance of Humans!

It could switch forms between Human and Rat.

This meant that Zhou Wuhai's genes had been modified perfectly.

It was at least a high-level mutated creature.

It was an extremely difficult existence to deal with.

Swish!

The air-piercing sound was getting closer and closer to Li Yueming.

Zhou Wuhai's giant claw descended like a small mountain.

It could be imagined that if he was hit by this attack, Li Yueming would lose a layer of skin even if he did not die.

At the critical moment.

Li Yueming stepped back with his right leg and barely dodged the attack of the giant claw.

He circulated the Breathing Technique.

Li Yueming's entire body began to emit scorching heat.

After countless improvements,

The current Star Breathing Technique was vastly different from the original version.

Not only could he squeeze out more power,

It could also save more stamina.

Furthermore,

On the basis of the Breathing Technique, Li Yueming had also developed moves that were specifically used to kill and injure enemies.

Each of these moves was extremely lethal and perfectly matched the breathing technique.

The two complemented each other.

As a result, Li Yueming's combat strength was no longer the same as before.

After his body was adjusted to its optimal state.

Li Yueming exerted a little force.

The next moment.

He shot toward Zhou Wuhai like a cannonball.

Looking at Li Yueming's sudden terrifying speed,

Zhou Wuhai's pupils constricted. He finally put away the contempt in his heart and began to become serious.

The man and beast exchanged a few blows in the blink of an eye.

Li Yueming found an opportunity to punch Zhou Wuhai in the back.

Seeing that the situation was not good,

Zhou Wuhai took a deep breath.

The originally thick fur actually grew a layer of scales that looked like a shield!

The force of Li Yueming's fist was blocked by this layer of scale armor that suddenly grew out.

But even so...

The vibrations from the scales still made Zhou Wuhai feel pain.

Was this a physique that Humans could possess?

He looked at Li Yueming, who was like a ghost not far away.

Zhou Wuhai once again felt suspicious of his beast life.

He forcefully suppressed the strange feeling in his heart.

Zhou Wuhai sneered, “Don’t forget that I’ve also learned the breathing technique you developed!”

In fact.

Other than the fact that staying in the lifeless Underground World made him a little bored.

The most important reason why Zhou Wuhai had not taken any action was because he wanted to find out the secret Li Yueming was hiding.

But to his surprise...

In just a few years...

This bug that was originally nothing to be afraid of had actually grown to such an extent!

...

Zhou Wuhai nodded.

A strange smile suddenly appeared on Li Yueming’s face.

He said with a faint smile, “It seems that the information about you mutated creatures is not completely accurate!

Perhaps you have reached the same level of intelligence as Humans.

But when it comes to schemes and plots, you bunch of newly-enlightened beasts are still too inexperienced!”

Before Zhou Wuhai could figure out what they meant.

However, he realized that the originally thick scales on his body were rapidly turning red.

A few seconds later, it even began to melt!!!

Seeing this situation,

Li Yueming revealed his white teeth and explained kindly, “I’m sorry, I forgot to tell you. This breathing technique of mine can only be used by Humans. If other life forms rashly use it, their bodies might suffer varying degrees of damage!”

After saying that.

While Zhou Wuhai’s head was still buzzing.

Li Yueming instantly rushed in front of him and punched out fiercely, “Today, let me tell you what a real humanoid monster is! The first form of the Star Breathing Technique, Splitting Mountains and Parting Seas!”

The next second.

The muscles on Li Yueming’s entire arm began to move rhythmically.

He gathered all his strength and punched Zhou Wuhai’s abdomen!

There was a crisp crack and the sound of bones breaking.

Zhou Wuhai’s fur and muscles were trembling.

This punch.

Li Yueming had broken no less than five of his ribs!!!

He felt intense pain.

Zhou Wuhai raised his head and let out an ear-piercing screech.

At the same time, his body, which had already lost its control, subconsciously counterattacked.

In Li Yueming's opinion, an attack of this level was not a threat at all.

After easily dodging,

Li Yueming's sandbag-sized fist rained down again.

Zhou Wuhai roared in anger.

Such a huge commotion naturally attracted the attention of the Alliance.
