

## Maxing MT 301

Chapter 301: Suppressing everything, the mysterious super boss!\_1

This was Li Yueming's first battle in the real world after obtaining the perfect genetic body.

Golden flames erupted from his body.

It was the first golden talent he had obtained when he was injected with the gene awakening drug.

After fusing with the perfect gene serum.

This special talent had already been integrated into his perfect genetic body.

In other words.

Li Yueming could still use the talent of the Wilderness Martial Saint, and the effect was much better than before!

The current him was a super Martial Saint from the Wilderness!!!

Under the gaze of tens of thousands of people, Li Yueming flew into the sky and looked down at the battlefield.

He discovered that the attacks of the dark creatures were quite fierce.

Without hesitation, he dived over.

Even though he didn't have any weapons in his hands,

However, in the blink of an eye, a golden sword that was nearly a hundred meters long appeared in his hand.

Beneath his feet.

Many of the reincarnators in Linjiang City sensed the abnormality.

They all raised their heads and looked at the sky.

A huge golden sword nearly a hundred meters long slashed down from the sky.

It was just a single sword strike.

He directly killed dozens of dark creatures!

Seeing this situation, all the reincarnators were stunned.

It was just one sword.

It was able to unleash such powerful power.

Was this a super-giant from the fantasy or xianxia side?

However, just as they were in a daze.

The figure in the sky was already red with killing intent.

With a fierce swing of his sword, he actually wiped out hundreds of dark creatures in one strike!!!  
Among the dark creatures that were easily killed. More than half of them were Tier 4 dark beasts!!!  
Seeing this situation.

The group of reincarnators who were in the midst of an intense battle felt their entire bodies go numb.

“D \* mn, when did such a big shot appear in Linjiang City?”

“This terrifying attack power must be the strength of a Level 6 reincarnator in the fantasy world!”

“This is ridiculous. Who knows who that big shot in the sky is?”

“He seems to be wearing a mask. Are all the big shots so low-key these days?”

“This is so cool. With such a big shot helping us resist the Dark Tide, Linjiang might still be saved!”

Amidst everyone’s discussion.

Wu De and Wang Shuming also looked up.

At this moment, the figure in the sky was like a scorching sun.

It lit up a glimmer of hope for them in the darkness.

The fat Taoist priest Wu De’s expression was full of admiration and yearning. After killing a level 4 dark creature, he said to Wang Shuming, “My goodness, one slash and one slice. What kind of super big shot is this? If I, Fatty, can be such a hero one day, even if I die, it will be worth it!”

Obviously.

The fat Taoist priest looked forward to it.

Wang Shuming’s stiff mechanical face didn’t have much expression. After a while, he said, “Don’t you think this person is a little familiar?”

Hearing this.

The fat Taoist priest, Wu De, was stunned.

He looked up again.

At this moment, the figure in the sky had already charged down.

He landed right in the middle of the Dark Tide.

Surrounded by countless dark creatures.

That figure was still immune to all attacks, and all enemies avoided his kicks.

All the dark creatures that lived in vain could only be cut into two in front of the other party!

After staring at it for a long time.

Wu De finally came back to his senses and said with a similarly suspicious expression, “Strange, there seems to be a strange familiar feeling...Did the two of us newbies come into contact with this big shot?”

Wang Shuming didn't answer.

A pair of mechanical eyes stared at the battlefield not far away.

On the battlefield.

More and more dark creatures began to gather toward Li Yueming.

Seeing that Li Yueming was about to be drowned by the tide of dark creatures, many of the Linjiang City reincarnators were shocked.

“Oh no, is the big boss too impulsive?”

“The disgusting thing about dark creatures is not only their strength, but also their ubiquitous pollution...’

“Being surrounded, the big boss's rationality and control of his body will decrease, right?”

“No, we have to help the big boss!”

When the group of reincarnators saw this, they all felt that the situation was not good.

They all wanted to go down and help.

After all, when there were not many dark creatures, they might not be able to affect the reincarnators.

However, once there were many of them.

The omnipresent dark energy would erode the rationality of the reincarnators.

In the end, it would even unknowingly assimilate the reincarnators into a part of the darkness.

In other words.

No matter how strong Li Yueming was, he was still a powerful fighter.

However, once they were surrounded by dark creatures, they would still be in great danger!

However, even though Li Yueming had attracted a considerable amount of firepower for them,

However, the number and strength of the reincarnators guarding the city wall were inferior to the dark creatures.

Therefore, even if the defensive pressure was reduced, most reincarnators were still unable to leave the battlefield for the time being.

But at this moment.

Li Yueming, who was surrounded by countless monsters in the dark wave, suddenly exploded.

The golden sword exploded.

Li Yueming's low roar rang out, “Ten Directions Martial Force!”” As soon as he finished speaking.

Before the many reincarnators could prepare themselves mentally...

In the next second, an even more shocking fist intent suddenly bloomed!!!

Looking from above.

The dark creatures that surrounded Li Yueming and the entire ground around them shattered inch by inch..

Chapter 302: Suppressing everything, the mysterious super boss!\_2

The boundless power destroyed everything.

Thousands of dark creatures were turned into ashes by his punch.

There wasn't even a speck left!

Not far away.

This included a few Level 5 reincarnators.

Everyone opened their mouths wide, unable to close them for a long time.

Although many people didn't know how powerful Li Yueming was, the punch called 'Ten Realm Martial Saint' just now should be a top-notch secret technique produced in the Xianxia or fantasy world!

A top-notch big shot who mastered the Xianxia and fantasy worlds.

Was it really something that a small place like Linjiang could have?

For a moment.

It was unknown how many reincarnators had doubts about Li Yueming's identity.

After all, these big shots were usually the pillars of the provincial capital or the capital.

Why did he appear here?

After unleashing this shocking punch.

Li Yueming stood up and turned his head to look at the few Level 5 reincarnators who were ready to support him. He casually said, "You guys can go back. I can do it myself!"

Hearing this.

The few Level 5 reincarnators could not help but swallow their saliva.

Logically speaking, as a big shot in Linjiang City, each of them had their own reincarnator family.

His performance shouldn't be so bad.

However, at this moment, Li Yueming's power was too overwhelming.

Even if they knew that they were friends and not enemies.

The few Level 5 reincarnators did not dare to be impudent.

He dismissed a few reincarnators who wanted to get close to him.

Li Yueming's gaze once again landed on the dark creature not far away.

Ever since he became a reincarnator.

Most of his energy was spent on researching matters related to reincarnation.

Strictly speaking.

This was the first time he had unleashed his full strength without any scruples.

The strength he displayed was quite good.

But this was not enough.

Li Yueming wasn't satisfied with this small fight.

He wanted to wipe out this group of dark creatures and see if he could follow the clues to find the tier 6 reincarnator King hiding in the dark!

Hence, he decided to do it.

Li Yueming stood up.

He continued to charge in the direction of the dark creatures.

His combat strength was so powerful.

Lush desire to attack.

It was like a bulldozer harvesting leeks.

In the blink of an eye, a large area was wiped out.

He killed his way to the back.

Not only were the reincarnators on the city wall who had witnessed all of this afraid.

Even the dark creatures were somewhat afraid of the murderous aura on his body.

Subconsciously, she did not dare to get too close to him.

In the end.

Li Yueming had killed more than 50,000 dark creatures by himself.

He was like a god of death.

In the end, they killed the remaining tens of thousands of dark creatures and fled.

Of course.

It was definitely not the dark creatures who fled on their own accord.

Perhaps they wanted to, but their intelligence did not allow them to think about such complicated things.

The reason why he could do this.

It was obvious that the King of Dark Creatures was controlling everything behind the scenes.

Seeing this situation.

Li Yueming closed his eyes.

He used his perfect genetic body to evolve his spiritual perception.

A moment later.

He found the spiritual fluctuation that gave the order in a dark place.

In the next second.

Li Yueming was like a sharp blade.

He went straight to that place.

The golden foot stomped down.

Instantly.

A huge cloud of thick fog surged out of the darkness.

Just as it surged out.

The fog's first reaction was to run away.

However, Li Yueming was already prepared for this. How could he let it escape so easily?

He reached out and grabbed a corner of the thick fog.

Li Yueming directly lifted him up and then stomped down!

Such a violent action.

Not to mention the King of Dark Creatures itself.

Even the countless reincarnators not far away were stunned.

He felt that the worldview that he had built up for a long time had exploded with Li Yueming's actions today.

Wasn't the King of Dark Creatures famous for being sinister and cunning? How did this big shot pull him out of the shadows in such a short period of time?

Moreover, didn't reincarnators not be able to touch high-level dark energy? Would they be contaminated? How did this big shot catch him with his bare hands and kick him with his feet?

Being treated like this.

The existence in the fog was finally enraged.

He shook off Li Yueming's control.

It quickly condensed into a blurry figure and said, "Human... You deserve to die!"

Li Yueming twisted his fingers and his bones cracked. He laughed and said, "Come on, let's see who deserves to die!" After he finished speaking.

Li Yueming's fist was like a hot grenade.

In terms of combat power alone, Li Yueming would definitely crush this so-called tier 6 king of dark creatures.

However, Li Yueming's Reincarnation Mark had just reached Level 3.

He was still one step away from Level 4.

According to the rules, Li Yueming's attack was a higher-level attack.

The damage dealt to the King of Dark Creatures was about 40% less than normal.

Therefore, he had no choice.

Li Yueming's fist smashed down.

The King of Dark Creatures did not die on the spot.

But that was all.

With this punch, Li Yueming pulled his strength to the maximum.

It directly turned the King of Dark Creatures into a ball of black fog!!!

The King of Dark Creatures had finally regained its human form.

This punch almost scared the King of Dark Creatures. It originally wanted to resist in front of Li Yueming.

However, he never expected Li Yueming to be so terrifying.

Not only could his fist hit it directly in the fog, but it could also explode with power that was enough to make him lose his soul..

Chapter 303: Suppressing everything, the mysterious super boss !\_3

As a dark creature.

All kinds of abilities that were like talents could allow it to have the power to crush ordinary reincarnators.

However, in front of Li Yueming...

However, it was like trash at the bottom of the food chain.

Li Yueming was like the perfect predator.

Every single cell in its body seemed to have been created to kill and restrain it.

Seeing that the situation was not good.

It controlled all the dark creatures that were about to escape and turned their spears around again.

They wanted to use the human wave tactic to stall for time.

It would buy time for it to escape.

After all, there were many dark creatures, and the dark nodes were almost endless.

As long as it was not destroyed.

It wouldn't be long before they could make a comeback.

However, Li Yueming didn't seem surprised.

He continued to chase after it relentlessly. The numerous dark creatures around him could not even form an encirclement before they were smashed into pieces by him.

After a while.

Li Yueming once again caught up with the King of Dark Creatures.

He also gave her a fierce punch in the air.

This time, there were no more surprises.

The King of Dark Creatures was blasted into the air by his punch.

The black mist dissipated like dust.

Finally, he could no longer condense into the human form he had before.

After doing all this.

Li Yueming stayed where he was for a long time.

Originally, he had wanted to use his perfect genetic body to capture some of the energy that had dissipated.

However, after trying, Li Yueming was surprised to find that the so-called dark creatures were not formed by any energy combination that he knew.

He searched for a long time but did not find anything useful.

At this moment.

All the reincarnators in the sky above Linjiang City cheered.

Losing the command of the Tier 6 King of Dark Creatures.

The remaining dark creatures became headless ants, and their threat dropped sharply.

At this moment.

At least Linjiang City was saved.

They didn't need to escape from their homeland and wander to other cities.

And all of this.

It was all thanks to the mysterious big shot not far away.

Now, countless pairs of eyes were on Li Yueming.

It contained gratitude, longing, admiration, and shock...

There were all kinds of expressions!

As a representative figure among the Linjiang reincarnators.

Three Level 5 reincarnators from Linjiang's local families and the branch president of the Reincarnator Association formed a team of four and walked towards Li Yueming.

However, due to Li Yueming's power.

They did not dare to get too close.

He only dared to bow to Li Yueming from afar.

Among them, the branch president of the Linjiang Reincarnator Association said respectfully, "I'm Shien, the branch president of Linjiang City's

Reincarnator Association. On behalf of the hundreds of millions of people in

Linjiang and more than 30,000 reincarnators, I thank you for your help!"

A scholarly looking man dressed in a scholar's robe stood out and said, "I am Mu Nantian, the clan leader of the local Mu clan. On behalf of Linjiang City's Mu clan, I thank senior for your help!"

The other two Level 5 reincarnators also walked forward and bowed.

Obviously, they treated Li Yueming as a super big shot among the reincarnators.

Li Yueming did not explain.

The reason why Li Yueming wore this mask was because he didn't want any trouble.

Therefore, he had no choice.

He didn't pay attention to the three's closeness. "No need to thank me. I was just passing by."

With that, he didn't stay and left the scene.

Only a group of reincarnators with admiration on their faces were left watching his stalwart back.

Look, what was a big shot?

He came lightly and left lightly.

In an instant, he had saved the lives of hundreds of millions of people!

However, he didn't even want to leave his name.

It was simply too awesome!

When would they be able to become such a super big shot?

Even Shien, Mu Nantian, and the others.

All of them revealed looks of yearning.

Probably only Wu De and Wang Shuming looked at the back thoughtfully.

This mysterious super boss...

Why did he feel more and more familiar?

It was really strange!

Chapter 304: Big Boss's True Identity Exposed, Public Dungeon Rankings!\_1

The storm in Linjiang City came very quickly.

The Reincarnators Association sent reincarnators out to clean up the dark boundary points. The King of Dark Creatures used this window of time to lead the dark creatures to attack Linjiang City.

The whole thing went out of control in less than a day.

However, this day felt like a century to many people.

Especially for the ordinary people in Linjiang City.

The news of the Dark Tide's arrival was no different from the doomsday declaration.

Linjiang City wasn't a big city, and it wasn't within the provincial capital's defensive perimeter.

It was a rather remote third-tier city.

Under normal circumstances, it was almost impossible for such a city to survive the Dark Tide.

After all, there were too many examples in the past.

When the dark tide broke out in remote cities like Linjiang, which had the same size and population, there were few cities where reincarnators could resist the attacks of dark creatures.

Basically, they would not be able to hold on for long before they were completely defeated.

In fact, many cities simply did not have the strength to fight back.

The most terrifying thing was that during the escape, 80 to 90 percent of the residents would be contaminated or killed by the dark creatures.

After all, the speed of the dark creatures' spread and the scale of their invasion were not something that ordinary people could compare to.

Normally speaking, there were only a few ordinary people who could successfully escape to other cities.

However, to the surprise of all the residents... This wave of darkness came very quickly, catching people off guard. However, it left even faster than it came, and it was even more unexpected!!!

Many residents were preparing to move, and most of them had not had the time to leave Linjiang City.

As a result, he heard the news of the Dark Wave being repelled halfway.

After repeatedly confirming that the news was not a rumor.

All the residents were stunned.

It could be said that at this moment, they truly felt what it meant to be in hell for a moment and heaven for a moment.

Under the arrangements of the Reincarnator Association, countless residents who were still in a daze began to return to their respective cities one after another.

On the way.

Many people who came to their senses later went around asking for information.

After all, everyone was curious about how the frontline managed to do it.

He actually managed to resist the dark wave.

Under such circumstances.

The news about the frontline battlefield had also spread smoothly throughout Linjiang City.

Countless residents were discussing in whispers.

“Have you heard? Our dark tide was repelled by one person!”

“I heard, I heard. I also heard that the mysterious reincarnator wore a mask. No one knows his true appearance!”

“Really? Are you spreading rumors?”

“It’s really not a rumor. The second wife of my second uncle’s aunt’s landlord retreated relatively late. She personally saw the masked reincarnator fly into the sky. That aura was simply awesome!”

“That’s right. My uncle’s dog also saw it. At that time...”

After confirming their own safety, the human nature of gossiping was completely exposed.

The reincarnator who saved Linjiang City wore a mask, and the mask meant that everything was unknown.

The unknown meant mystery.

Humans were extremely curious about unknown unknown.

Many people were chatting.

The topic changed to the true identity of the mysterious reincarnator.

Some people thought that the mysterious person was a low-key reincarnator who lived in Linjiang.

Some people thought that the mysterious man was sent by the provincial capital to support them.

Some people thought that the mysterious person might have come to Linjiang by chance during the parade.

All kinds of speculations spread like wildfire, and as time passed, they did not show any signs of extinguishing.

Instead, it became more and more enthusiastic.

Especially after someone posted Li Yueming’s video on Linjiang’s local internet forum.

It almost set off an explosive public opinion.

“Ah... I feel that this big shot is so handsome. It's a pity that I'm not a reincarnator. Otherwise, it would be great to marry this big shot!” “What are you thinking? Why would the big boss take a fancy to you?”

“Sigh, this mysterious reincarnator saved hundreds of millions of people in Linjiang, but we don't even know who he is. Isn't this a little inappropriate?”

“Don't mention it. Not to mention us commoners, I heard that even the reincarnator above doesn't know!”

“Stop bullshitting. I have the most say in this matter! At that time, my wife and I were separated from our son when we were escaping. It was the mysterious reincarnator who personally handed my son over to the staff of the Reincarnator Association. According to my son... That reincarnator big shot was a young man!”

“Really? Such an awesome reincarnator is a young man?”

The public opinion on the Internet had never stopped.

The real world was not much better. Even the entire Linjiang Reincarnators Association was in an uproar.

Almost all the reincarnators were discussing the mysterious big shot.

Based on the strength that this mysterious reincarnator had displayed, he should be at least Level 6 or even a super big shot above Level 6.

Logically speaking, big shots of this level were either in the provincial capital or in those super big cities.

Under normal circumstances, it would not appear in a small place like Linjiang.

There was nothing else.

It was simply impossible for a small place to nurture such a high-level reincarnator..

Chapter 305: Big Boss's True Identity Exposed, Public Dungeon Rankings!\_2

It was already quite powerful to have a few Level 5 reincarnators.

The probability of a Level 6 reincarnator appearing was even smaller.

But now, such a big boss had appeared in Linjiang City without anyone being mentally prepared.

He even helped them settle the disaster that they thought would be irreversible.

It was hard not to be excited.

According to the investigation of the Reincarnator Association.

The only thing he could accurately know was the mysterious reincarnator who helped Linjiang survive the dark wave.

He would not be older than 30 years old.

In fact, it was very likely that he was only a youth in his twenties!

This was quite terrifying.

The Reincarnator Association could not help but be surprised.

After all, a young Level 6 reincarnator meant that his potential was immeasurable!

The relevant news even attracted the attention of the provincial capital.

Under the instructions of the provincial city's Reincarnator Association.

The entire Linjiang and the few cities around Linjiang were secretly searching for traces of the mysterious reincarnator.

At the same time.

In the Linjiang Reincarnator Association.

Wu De and Wang Shuming had just walked out of the Reincarnator Association.

Just now, the president of the Linjiang Reincarnator Association, Mu Nantian, and the others had asked them if they had any impression of the mysterious reincarnator.

Regarding this.

Wu De and Wang Shuming looked at each other.

They all tacitly didn't say anything.

But now.

After he came out of the Reincarnator Association.

The two of them could see a hint of bewilderment in each other's eyes.

Obviously.

Even though Li Yueming had put on a mask and changed his clothes.

However, as the two of them who had only interacted with him for half a day not long ago, they still felt an inexplicable familiarity.

Moreover, when he heard that the mysterious person's identity was relatively young.

The strange feeling in their hearts became even stronger.

After confirming that there were no ears on the wall.

The sloppy Taoist priest, Wu De, muttered in a low voice, "Old Wang... Do you understand what I mean?"

Wang Shuming's mechanical eyes were also filled with uncertainty.

He looked around.

After confirming that no other life forms were eavesdropping, he said, "You're trying to say that the mysterious big shot feels familiar, right?"

Wu De nodded and whispered like a thief, "Who do you think he looks like?"

Wang Shuming didn't speak.

However, it was obvious.

Some things didn't need to be put on the table at all. It was the best tacit understanding to stop at a certain point.

"Don't you know divination?" Wang Shuming asked. Let's see?"

Hearing this.

Wu De was shocked.

Wang Shuming, who always said he believed in science, was forced to take the initiative to ask him for a divination.

Clearly, it was not easy.

"Let's not talk about who's who." Wu De said angrily, "Others don't know about my little ability, but don't you?"

However, even though he said that.

However, Wu De still very professionally took out the guy he used to eat in the Xianxia world.

He shook it.

However, just as he was about to do a divination...

Unexpectedly, the entire bamboo tube fell to the ground. Countless bamboo slips and jade slips fell to the ground.

Wu De was stunned.

He finally came back to his senses and said, "This, this, this..."

As he spoke.

He lowered his head and began to search through the bamboo slips and jade slips.

After rummaging for a long time, he finally took out a jade slip and said, "I haven't even started calculating yet. How did this thing shatter?"

The sloppy fatty stood up and said with lingering fear, "The identity of this mysterious big shot can't be counted! If it wasn't for the jade slip taking the hit for me, I would be in trouble now!"

The height of the fall was less than one meter. Under normal circumstances, even if the jade piece would shatter, it should at most fall two or three pieces.

However, looking at the jade pieces in Fatty's hand that had been evenly shattered into more than ten pieces.

Even Wang Shuming, who believed in science, felt a strange feeling.

Fatty put away the jade and bamboo slips. After thinking for a moment, he said, "This kind of thing can't be counted as divination. Let's just go to that kid's city to take a look... If it was really him, then he really defied the heavens!" Wang Shuming nodded.

He didn't want to believe that the mysterious reincarnator was Li Yueming.

However, that familiar feeling did not lie to anyone.

If it was really Li Yueming.

Wang Shuming couldn't even imagine what kind of reincarnation score the other party had obtained to be able to become such a powerful existence from a newbie reincarnator in just over three months.

Star-Moon City.

Li Yueming was cultivating the secret manual he bought from Wang Linlin.

After obtaining the two super talents of Infinite Deduction and Perfect Genetic Body, he was able to obtain a complete set of genes.

Li Yueming's cheat had been activated to a certain extent.

From the perspective of the effect of the talent and the degree of its power.

The talent of infinite deduction and perfect genetic body was enough for Li Yueming to stand at the top of countless reincarnators.

was a universal talent.

There was no need to mention infinite deduction.

This was the golden talent that Li Yueming had obtained during his first reincarnation.

It was also the reason why Li Yueming was able to maintain his strength.

Through infinite deduction.

Not only could Li Yueming speed up the learning of personal strength cultivation techniques, but he could also speed up the progress of various scientific research.

Even the Star Moon Art that he had settled down in was something that Li Yueming had come up with through countless deductions and countless failures..

Chapter 306: Big Boss's True Identity Exposed, Public Dungeon Rankings!\_3

No matter which world.

This talent could bring Li Yueming extreme enjoyment.

As for the perfect genetic body...

Its effects were also endless, and the most important thing was that this talent could be used together with infinite deduction.

Li Yueming could sense the limits of his genes and body in advance through infinite deduction.

Then, he would undergo selective evolution.

This way, the risk of losing control and going berserk could be minimized.

With the unlimited genetic body, Li Yueming could also make his body structure more suitable for the operation of the Star Moon Art.

If Li Yueming used the Star Moon Art in the past, he could obtain 100% of the effect.

Now, through the evolution of the unlimited genetic body and the modification of some of the body's structures, the body's structure had changed. Li Yueming could already obtain a 150% bonus by using the Star-moon Art!

In short.

After obtaining these two talents.

The increase in Li Yueming's strength and potential far exceeded 1+1.

It reached 1+2 or even 1+3!

That's why.

This time, Li Yueming was digesting and practicing the five cultivation techniques that Wang Linlin had sold him.

The speed was many times faster than last time.

It had only been three days since he had killed the Tier 6 King of Dark Creatures.

However, Li Yueming had already extracted the essence of the first martial arts manual that Wang Linlin had given him.

As long as you join the Star and Moon Arts,

In the future, she would become a part of his untold plan.

Li Yueming had just finished refining the essence of the secret manual and was about to get up to take a short rest.

Outside the door.

Zhao Shiya carefully walked in. When she saw that Li Yueming had woken up from his meditation, she respectfully said, "Lord Lord, Lord Wu De and Lord

Wang Shuming came to visit yesterday and have been waiting for a long time..." During these few days.

Li Yueming was basically cultivating in seclusion in the City Lord's Mansion.

If it wasn't for the fact that Wu De and Wang Shuming were both experienced reincarnators in Linjiang and had enough face.

Zhao Shiya wouldn't take advantage of Li Yueming's waking up time to come here to make an announcement.

After hearing Zhao Shiya's words.

Li Yueming had already guessed what the two brothers were here for.

It was none other than the fact that he had revealed some clues when he killed the Tier 6 King of Dark Creatures last time.

It only aroused their suspicions.

This was nothing to Li Yueming.

After all, it was just a guess.

Before there was any conclusive evidence.

Nothing could be concluded with absolute certainty.

As long as he didn't admit it, no one could do anything to him.

Of course.

The most important thing was that with Li Yueming's current strength, as long as he didn't die on his own.

Probably no one in Linjiang could do anything to him.

Hence, he decided to do it.

Li Yueming stood up, looked at Zhao Shiya, and asked casually, "I know. You didn't treat me impolitely, did you?"

Hearing this, Zhao Shiya was shocked.

He hurriedly shook his head and said, "The two of you are both experienced reincarnators. I dare not be rude!"

"Not bad!" Nodding, Li Yueming waved his hand and said, "Bring me to the living room and get the kitchen to cook some food!" Zhao Shiya bowed and accepted the order.

However, just as she was about to go down and explain.

Li Yueming stopped her again and revealed a mysterious smile. "Remember to make me a sumptuous meal!"

.0..

About ten minutes later.

Wu De and Wang Shuming came to the new living room in Star-Moon City.

He looked at Li Yueming, who seemed to be fine.

Wu De and Wang Shuming couldn't help but look suspicious.

The two sat down.

Li Yue Ming opened his mouth and said, "I didn't expect the two seniors to have the time to come to this junior's Star-Moon City as guests. This junior is truly honored!"

Fat Wu De did not say anything.

Beside him, Wang Shuming spoke first, “When the Dark Wave came last time, we separated outside the city. You seemed to have only returned for a short period of time!”

Obviously.

Before he came to look for Li Yueming.

Wu De and Wang Shuming had already privately calculated Li Yueming’s itinerary on the day of the dark tide.

This included Li Yueming tricking Mu Youyou into going home.

Li Yueming’s public announcement after he returned to Linjiang City.

Although they did not find any direct evidence.

However, he also found a few suspicious points.

As an old straight man.

Wang Shuming didn’t know how to beat around the bush.

Therefore, he didn’t even bother with small talk and went straight to the point.

Seeing this situation, Wu De quickly tried to smooth things over by the side, “Hahaha, Old Wang’s bad temper is really asking for a beating. If it wasn’t for the guild leader taking care of him, I don’t know how many people would have put a gunnysack on him and beaten him up!”

Li Yueming didn’t feel much dislike towards this.

After all, even though a straightforward person’s words were not pleasant to hear, such people often disdained to stab others in the back.

The truly disgusting ones were the ones who acted like they were sweet talkers on the surface, but turned around and stabbed them. Those were the truly disgusting villains.

Therefore, not only was Li Yueming not angry, he even smiled.

“Haha, don’t tell me you think I’m the hero who saved Linjiang City?” Wang Shuming didn’t say anything.

A pair of red mechanical eyes stared at Li Yueming for a long time.

Obviously, she wanted to see some clues from his face.

Li Yueming looked young.

However, he was more or less an old fox who had experienced three reincarnation worlds.

Naturally, it was impossible for him to reveal any flaws on his face.

Wang Shuming found that he couldn’t get any useful information from Li Yueming’s face..

Chapter 307: Big Boss’s True Identity Exposed, Public Dungeon Rankings! \_4

Therefore, he gave up on observing and nodded. “To be honest, the two of us can’t believe it’s really you!”

Li Yueming smiled and said indifferently, “Right? After all, I’m just a newbie!” The atmosphere between the two sides eased up.

Since there was no way to find a decisive whole body, and Li Yueming was unwilling to admit it. There was no point in dwelling on this question.

Moreover, there were some things.

Knowing too much was not a good thing.

At this moment.

The various spiritual food that Li Yueming had arranged was also served by the maidservants.

Wu De glanced at the incomparably sumptuous dishes on the table and said, “D \* mn, your new life... You’re living a little extravagantly!”

Wang Shuming also nodded.

As experienced reincarnators, Wu De and Wang Shuming had long left the category of newcomers.

However, even they probably could not meet this standard when entertaining VIPs.

After all, many of the ingredients that Li Yueming took out were quite precious vegetables and fruits.

The price was rather staggering.

No wonder Wu De was so amazed.

“I’m not paying my respects!” Li Yueming said happily.”

Hearing this.

Wang Shuming’s eyes flashed.

He glanced at Li Yueming, but this time, he didn’t say anything.

Even Wu De, who had a very long reflex, suddenly came to his senses after eating two bowls of spiritual rice.

He looked at Li Yueming with surprise and disbelief.

Regarding this.

Li Yueming didn’t explain anything. However, everything was in silence.

After the meal.

Wu De and Wang Shuming were both silent.

After a moment, Wu De said, “Uh, let’s not talk about the mysterious reincarnator anymore!” According to the hint of the Reincarnation Mark, the public reincarnation dungeon seems to be opened next month. Does little friend Li have the intention to go to the public reincarnation dungeon and show off?”

As he spoke, he rubbed his hands.

“With your strength, you can probably compete for the public dungeon reincarnator ranking!”

The public dungeon reincarnator ranking list was also one of the benefits given by the Reincarnation Mark.

After entering the public instance dungeon.

When every reincarnator returned to the reincarnation space, the mark score would be recorded.

The recorded score would be recorded in the reincarnator ranking list.

The top ten reincarnators on the leaderboard would receive additional rewards from the Reincarnation Mark.

Entering the top five would also give them quite generous rewards.

As for taking a step further, he was ranked first in the rankings.

That was the position that countless senior reincarnators fought for by breaking their heads.

As for the reason...

It was very simple.

This was because someone had obtained a god-tier weapon from a certain dungeon!!!

That's why.

That was why so many reincarnators would flock to the public reincarnation instance dungeon.

It was because this was a business that had no capital and no profit.

Hearing this, Li Yueming thought for a moment before replying, ““Yes... For the time being, I'm not sure if I'll enter the public reincarnation instance dungeon. However, if a reincarnation sequence that I'm interested in appears, I might give it a try!”

Hearing this.

Wu De immediately became excited.

He ran to Li Yueming's side and said eagerly, ““Hehe, if you meet me in the instance dungeon, I'll ask Little Friend Li to help me!”

Obviously, Li Yueming did not admit that he was the mysterious reincarnator who saved Linjiang City.

However, from the wealth he had just revealed, it was equivalent to tacit consent.

The so-called 'simple food and tea, not a sign of respect'

In other words, he was telling them not to care about things that they shouldn't care about and not to ask about things that they shouldn't ask.

As for things that were not conducive to unity, that was even more difficult to say!

Therefore, he had no choice.

The two of them understood what Li Yueming meant.

After all, they were all friends.

And now.

Wu De, this shameless fatty, even went up to Li Yueming to show his loyalty. His every move was just short of hugging Li Yueming's thigh and shouting, "Boss, please help me..." At the side.

Wang Shuming raised his eyebrows.

It was obvious that he felt a deep disdain for Wu De's shameless behavior.

It was as if he was ashamed to be associated with this person!

However, after thinking about it, he felt a little depressed.

From the various signs, Li Yueming seemed to be a big shot in the aspect of personal power.

As a cyberpunk player in urban technology.

Even if he wanted to hug Li Yue-ming's thigh, he couldn't...

After all, he couldn't expect a big shot who cultivated Qi-Jin to teach him how to ascend mechanically, right?

Hence, he decided to do it.

He could only get up unhappily." I'm done eating. You guys can continue chatting. If there's nothing else, I'll go back first!"' She saw his depressed and unhappy expression.

Wu De almost burst out laughing.

"Goodbye, take care!"

Chapter 308: The Female Grand Ascension Ranked in the Immortal Class, the Father-in-law Reincarnation Dungeon (1)

Wang Shuming felt very depressed.

Although he was very unhappy with Fatty's shameless appearance.

But how should he put it?

The feeling of hugging someone's thigh was really fragrant!

Actually, if it was possible.

He also rushed up to hug Li Yueming's thigh.

After all, although Li Yueming was only a newcomer who had just become a reincarnator for less than three months.

However, there was no doubt that he was an extremely heaven-defying super thigh!!!

Let's not talk about anything else.

How many new reincarnators could be found in the world like Li Yueming, who could defeat a level-6 King of Dark Creatures in three months?

Even the elites of the large-scale reincarnator forces in the Imperial Capital, the Demon Capital, and the Demon Capital.

He would fill up all the resources that could be given in the early stages.

The high-level reincarnators of the family were always there to guide them, and they had cultivation techniques and secret manuals.

He probably couldn't do such a ridiculous thing.

In three months, even if he did not stop reincarnating.

On average, it was completed once every ten days.

Every time, he would receive an A+ grade or even an S grade score.

In three months, he would probably only be able to raise his Rebirth Mark to Level 4 at most.

Its strength was at most comparable to a tier 5 dark creature.

However, for someone like Li Yueming.

As a commoner without any family background, he was a commoner.

Moreover, he was a pure rookie who had no reincarnation experience.

In just three months, his combat strength had actually reached a level that was comparable to a Tier 6 King of Dark Creatures.

Wang Shuming believed that no one in the world could do it.

If this were to spread, the entire world of reincarnators would probably be in an earthquake.

One could imagine what kind of thick legs Li Yueming had.

Right now, this thigh was still in the low-key stage and had not completely soared.

He had already displayed such terrifying strength.

Wang Shuming couldn't imagine if Li Yueming could grow up in a few more years.

What kind of towering tree would he become?

That's why.

Wang Shuming felt even more depressed.

Because he knew that such a future super big shot was right in front of him.

However, the power systems of the two were different.

Li Yueming was a big shot in the aspect of personal strength, but it was completely unrelated to the mechanical ascension that he focused on. It was the type that was completely unrelated.

He couldn't possibly expect a big shot who cultivated the Inner and Outer Heavenly Cycle to train his body to teach him how to ascend mechanically, right?

Therefore, he had no choice.

Wang Shuming could only watch as the damn fat man buzzed nonstop.

.0.

Wang Shuming left with a depressed expression.

Wu De stayed behind to chat with Li Yueming alone for a while.

After making an appointment to enter the personal power side world of the public reincarnation dungeon with Li Yueming next time.

Fatty also left happily.

Soon, Li Yueming was the only one left in the spacious living room.

He wasn't worried that Wang Shuming and Wu De would reveal his true identity.

Not to mention that this would not benefit them at all.

Even Li Yueming's anger was not something the two of them could withstand.

He slowly finished the last bit of food.

Li Yueming waved his hand.

Soon, a few maids tiptoed in and cleaned up the plates on the dining table.

Most of these maids were around the age of 18 or 19.

They were all carefully selected by Zhao Shiya from hundreds of thousands of people.

She was specifically there to help Li Yueming with his daily chores.

Every one of them had a clean family background and were beautiful. Be it their figure or their looks, they were extremely outstanding.

Li Yueming admired it for a moment.

But that was all.

It was not that he had never been an emperor in the reincarnation world. He had also seen many women who were ten times or a hundred times more stunning than this.

How should he describe it?

Perhaps women were like daffodils after a spring rain.

From afar, it looked hazy and charming, like a pearl that had fallen from the sky.

Always able to bring appreciation of the people, a kind of seven points full, three points blank intoxicated.

However, once they got too close, the flowers would lose their haziness and become no different from ordinary wildflowers.

If he was not careful and broke it...

That would be an act that would spoil the scenery.

There are too many beautiful women in the world.

However, there were only a few women who could really see each other and get together.

Li Yueming had gone through three worlds.

Ye Nanyuan was the only one who had truly reached the end of her life.

Sun Ruodu could only be considered half of it.

Therefore, he had no choice.

In Li Yueming's opinion.

Most women should be treated like flowers.

There was no need to touch it, just admire it.

This was enough.

The maids cleaned up the dining table and left.

Zhao Shiya quickly walked in and whispered, "City Lord, do you have any other instructions?"

At this moment.

Her voice and expression were as calm as possible.

But in reality.

Zhao Shiya's heart was surging.

She had been waiting for Li Yueming's instructions outside the door.

Although he didn't listen, he didn't dare to listen to the conversation between Li Yueming and the others.

However, she could see Wu De and Wang Shuming's expressions very clearly.

As a disciple of Linjiang's Zhao family.

Although Zhao Shiya did not become an official reincarnator...

However, he had heard of Wu De and Wang Shuming from his elders.

Therefore, he knew that Wu De and Wang Shuming were both well-known veteran reincarnators in Linjiang.

The Reincarnation Mark's level should be approaching Level 5 quickly..

Chapter 309: The 3,000-Ranked Female Immortal Class, Father-in-law Reincarnation Instance Dungeon (2)

But now, she saw with her own eyes that these two Level 4 experienced reincarnators were quite enthusiastic in front of Li Yueming.

That feeling...It was as if he had lowered his status and was deliberately pandering to Li Yueming.

This undoubtedly made her feel extremely shocked!!!

It had to be known that Li Yueming had only become a reincarnator for less than three months. Now, these two famous Level 4 reincarnators in Linjiang were actually so reserved and respectful in front of him...

Could it be that the City Lord's reputation and strength had already spread out so quickly?

She had always thought that she was the only one who knew how powerful Li Yueming was!

Thinking of this...

Zhao Shiya was excited but also a little disappointed.

He saw her face flush for no reason.

"What's wrong with you?" Li Yue Ming asked curiously. Why is your heart beating so fast?"

Only then did Zhao Shiya react.

He hurriedly shook his head and threw all the messy thoughts out of his mind.

He regained his composure and said, "I'm fine. City Lord, if you have anything to say, just say it!"

Li Yueming glanced at her and after confirming that she was fine, he said, "From today onwards, I will continue to enter seclusion. If any reincarnators come to visit, you can directly ask them to come back in a month!"

Zhao Shiya was stunned when she heard that." After explaining to Zhao Shiya.

Li Yueming went to Star-Moon City to patrol.

A few days ago, a dark tide broke out.

As a result, the entire Star-Moon City was in a state of panic.

He finally settled down a little in the past few days.

The ordinary people started working overtime to build the city again.

But this time.

They had obviously become much more serious when building the city.

Only after experiencing the storm could ordinary people feel the current situation more deeply.

Dark creatures were terrifying.

He wanted to survive their attacks.

Other than following a powerful city lord, the only thing he could do was to build a city that was as solid and reliable as possible.

He confirmed that the city was operating normally.

There were no problems for the time being.

Li Yueming then returned to the City Lord's Mansion and began a new round of seclusion.

In the past few days of seclusion, he had just extracted the essence of a secret manual.

Before he could even absorb it into the Star and Moon Arts and completely transform it into his own strength, he was interrupted by Wang Shuming and

w u we.

This was also the reason why Li Yueming secretly warned the two of them.

After all, his energy and time were limited.

He didn't have the time to pretend to be polite to the group of people outside, so he deliberately wore a mask to hide his identity.

In the next month.

Li Yueming began to refine and extract the secret manuals that he had traded.

He separated the essence from the dregs.

He continued to infuse the essence into his original Starmoon Art.

The effect of this was obvious.

In the past, the Star Moon Art could increase Li Yueming's combat strength by 150%.

Then, after continuous modification and refinement.

The power provided by the Star-moon Art to Li Yueming had also increased by 50%!

Among them, the most remarkable was the refining speed and condensing efficiency of inner Qi.

After combining so many martial arts cultivation techniques.

Li Yueming realized that many top martial arts techniques might have different forms of expression on the 'shape'.

For example, some martial arts techniques focused on physical training.

There were also some martial arts techniques that emphasized qi qi.

However, in reality, after understanding it well enough, one would realize that whether it was body training or sample qi.

The core 'God' in it was actually the same.

As long as he could understand God well.

There was actually no fundamental difference between martial arts techniques and secret manuals.

And now.

Li Yueming's Star-moon Art had analyzed and integrated so many top-notch martial arts techniques.

The efficiency of refining and condensing his physique and inner Qi had already reached a threshold.

In short.

It was also Qi Refinement.

Li Yueming's qi was more refined through the Star Moon Judgement.

It was many times faster than other cultivation techniques.

Not only that, but the amount of 'qi' cultivated was the same as other cultivation techniques.

However, Li Yueming's attack power might be dozens of times stronger than the native world in the reincarnation world!

This was the power of the Star Moon Art in condensing inner Qi. But to condense to this extent, the

The growth of the Star Moon Art had finally reached a bottleneck.

Li Yueming had referred to nearly ten martial arts manuals and cultivation techniques.

Each of them was a top-notch martial arts technique and secret manual.

After fusing them all into one.

Currently, martial arts cultivation methods and secret manuals were no longer able to provide nutrients for the growth of the Star-moon Art.

He wanted to continue to become stronger.

Li Yueming had to get a higher-level cultivation technique to support the Star and Moon Art to complete a higher level transformation!

After confirming that there was no way to continue cultivating.

Li Yueming finally woke up from his seclusion.

He slowly opened his eyes.

He let out a breath of turbid air in his chest.

Li Yueming stood up.

Outside the door, Zhao Shiya heard the commotion and walked in. She quickly reported the situation this month to Li Yueming.

While Li Yueming was in seclusion.

Basically, nothing worth mentioning happened.

Wu De had come to look for him once. It seemed that he wanted to give him some local specialties from his hometown.

He heard that he had gone into seclusion and left behind some local specialties before returning.

As for the development of Star-Moon City, over one-third of the residents had moved into new houses in the past month, becoming the first batch of residents of Star-Moon City..

Chapter 310: The 3,000-Ranked Female Immortal Class, Father-in-law Reincarnation Instance Dungeon (3)

The remaining two-thirds of the residents had also completed the basic construction of their houses.

It was estimated that they would all be able to move into new houses in another month or two.

After sending Zhao Shiya away.

Li Yueming opened the Reincarnation Seal.

The public reincarnation dungeon that Wu De had mentioned last month had indeed appeared on the Reincarnation Mark.

There were seven more days until the official opening.

After looking at the time, Li Yueming had already made up his mind. As long as the public dungeon this time was a Xianxia or fantasy world.

He went in to see if he could get some treasures for free.

After all, the public reincarnation dungeon did not require additional reincarnation authority, nor did it need to provide other messy things.

Other than the intense competition.

There was almost no harm to the reincarnators. It was purely a waste of money.

He casually fiddled with the mark of reincarnation a few times.

Li Yueming immediately opened the reincarnator forum to see if there was anything worth paying attention to in the forum and Group chats.

First, he opened the reincarnator public forum.

There had always been a mix of good and bad people here, ranging from world planning and legal articles to entertainment gossip and gossip.

There were all kinds of posts.

Many of the posts were very popular.

Of course, even in the reincarnators 'world.

Gossip and gossip posts were still the most popular.

The first thing Li Yueming saw when he entered the forum was a rather shiny title: Me and MV Fairv Girlfriends

With a curious mind, I want to be a real person.

Li Yueming clicked on it without thinking.

Lawless (OP):"Brothers, do I have the physique of a scumbag? The coordinates of the Xianxia World. I was f \* cking dumped by the fairy again...Fairy complained that I was too poor to buy the latest voice transmission magic tool, so she ran away with a disciple from a neighboring family and made me a cuckold!"

Walking in the Rain (reply):"Hehe, this brother upstairs... If I remember correctly, this is the twelfth time you've been cuckolded, right?"

The Alluring Eyes of the Great World (reply): "No, no. This brother is the famous green-haired turtle in our reincarnator forum. People give him the nickname 'Green Hat Young Langjun'!"

Life is Short (reply): "What do you know? If he wanted to live a decent life, he had to be a little green!"

Soft Rice Really Smells Good (reply): “Brother, listen to my advice. Young people don’t know how good a rich woman is. They mistake young girls for treasures!” Look at me, I found a three-thousand-year-old fairy and became the sect master in one step!”

“Men should spend more time and money to dress up. Is it shameful to live off a woman in the Xianxia world? No, it was not shameful at all! How many brothers envy the reincarnators of our Xianxia world? What were they envious of? Aren’t they just envious that as long as we can achieve something, one reincarnation can be comparable to ten or a hundred of their gains?” “Listen to Big Brother’s advice. Don’t look for those bullsh \* t fairies!”

“Hurry up and think of a way to get a special title that increases your charm value. Then, get a few sets of clothes and magic treasures that increase your charm value.’

“Big Brother will give you a jingle. This is the foundation of our Soft Rice Sect. Listen well! ”

” When a woman is older, she will carry gold bricks. When a woman is older, she will give away the country at thirty. When a woman is older, she will refine immortal pills at thirty. When a woman is older, she will rank among the immortals at thirty. When a woman is older, she will feed the Queen Mother at thirty. When a woman is older, she will stand in front of the Buddha’s door at thirty thousand. When a woman is older, you will have the final say in the

Immortal World. When a woman is older, you will have the final say in the Six Worlds!”

Lawless (OP):”After some guidance from Brother Soft Rice, I’ve finally been enlightened! From now on, he would no longer be the female fairies ‘bootlicker. From today onwards...I want to suck up to a rich woman, prprprpr!”

Looking down from the first floor.

Li Yueming almost laughed out loud.

It had to be said that there were many top-grade reincarnators.

Especially in the Xianxia World, the number of top-grade items was much higher than in other reincarnation worlds.

However, there was nothing he could do.

The Xianxia World was publicly recognized as the most difficult reincarnation world.

It was also one of the worlds where reincarnators had the most accidents.

Among them were old monsters who had lived for tens of thousands, hundreds of thousands, or even hundreds of thousands of years. Each of them had the power to seize the stars and chase the sun.

The universe was nothing in front of them.

In this world, most reincarnators kept a low profile.

He had no choice but to keep a low profile!

Some of the big shots were really existences that could cover the sky with one hand.

If he accidentally offended them, he might not even be able to keep his Reincarnation Mark.

Under such circumstances.

Many Xianxia reincarnators could not walk the path of proving the Dao with strength.

It wasn't surprising that he would develop other messy tricks.

And now.

This guy with the ID 'Soft Rice Smells Good' had indeed found a shortcut in life.

By purchasing various items that increased his charm value and adding a title that increased his charm value, he directly stepped into the fast lane of finding a rich woman.

At the beginning, he had worked 3,000 years less than the other reincarnators!

In terms of IQ.

He was definitely in a tight grip!

The fun post was very interesting.

However, this was not what Li Yueming wanted to see.

As he continued to scan, the title of the second most popular post was: "Are there any private alliances in this public reincarnation? Come in and give me a secret signal!"

Seeing this post, Li Yueming's eyes flashed.

What he was looking for was content related to public reincarnation!
